TAKE YOUR DAD ALONG-

Father's Day is almost here once again ... the day set aside each year to "put Dad on a pedestal," and let the whole world know what a great guy he is. In addition to treating him like a king on his big day, most of us present Dad with appropriate gifts that let him know he's one of our extra special

Dad, of course, will like all the attention showered upon him, and will be more convinced than ever that his family is one that can't be beat. But, why not make Father's Day this year the start of a new idea? Make it the beginning of Dad's Year. This doesn't mean that you need to shower Dad with gifts through the year; it simply means that you should do everything possible to let him know he's tops on your list of outstanding men of the world.

You, of course, will agree that this is a splendid suggestion, but you may wonder how best it can be put to work. You'll have little difficulty if you keep this slogan in mind: "TAKE YOUR DAD ALONG!" It's a slogan that, if followed, will bring you closer to him than ever before, and will show you what a great pal he really is.

The next time you go fishing or if you are planning to see a ball game, ASK YOUR DAD TO GO ALONG. Regular talks with him will show you that you can learn a lot from his experiences. He'll have plenty of good advice for you if he sees you want it. And, above all, he will appreciate your interest more than you'll ever know.

## The Brainstorm that became a barn!

THE BARN you see being built here was actually born 10 years ago. It was born the day its owner started to save for it in safe, sure U.S. Savings Bonds. And that same good idea will pay for his children's education, and make his dreams of retirement come true.

You probably have dreams, too . . . maybe to remodel the house, to buy the "forty" across the road or to get some of those new, modern farm machines. And Savings Bonds, the crop that never fails, will make your

dreams come true, too . . . at a profit of \$4 back for every \$3 you invest.

Dean W. I. Myers of Cornell University, says: "A financial reserve in U. S. Savings Bonds is just as important a part of a well-managed farm or ranch business

as is land, livestock and machinery. Farm and ranch people need to have their financial reserves in this safe, readily available form.

You can haul more loads . . . more miles . . . for less . . . with Chevrolet Trucks

Take time out to talk to some Chevrolet truck users. You'll find it revealing. You'll discover that Chevrolet trucks pay their way by hauling more loads-more milesfor less! And you'll find that this extra measure of value is even more apparent in the new Chevrolet models. Definitely, they're America's first-choice trucks. Heavy-duty units feature a brand-new 105-h.p. Valve-in-Head engine with the power to pull heavy loads and conquer steep grades. They offer new Power-Jet carburetion for smoother, quicker operation. They bring you the fast, safe shifting of Chevrolet's 4-speed Synchro-Mesh transmission. But whatever your
