Interest in July 22 Primary Increases As Date Nears

Candidates, particularly those with opponents, were mighty busy "politicizing" this week and, from all indications, will be even busier next week. With the election only a little more than a week away, some Coke Countians have already voted absentee ballots.

County Democratic officials were readying the ballot boxes for the 14 voting precincts in the county this week. Election judges in the precincts are as follows: Robert Lee, Lem Cowley; Bronte, D. K. Glenn, Fort Chadbourne, W. D. (Pete) McDonald; Edith, Ralph Garvin; Walnut, C. G. Munn; Juniper, Homer Cornelius; Silver, R. B. Allen; Lo-

meta, Eugene Brooks; Hayrick, J. W. Labenske; Wildcat, Tom Schooler; Olga, R. V. Copeland; Divide, A. M. Counts; Tennyson, E. D. Little; Sango, Horton Devoll.

Thirteen candidates are seeking the nine county offices of county judge, county and district clerk, sheriff and

ATTEND CLEVELAND MEET

Rev. and Mrs. Vernon Price will leave Tuesday for Cleveland, Ohio, to attend a meeting of the Baptist World Alliance.

This meeting will be attended by Baptists from all over the world. The meeting is scheduled to start on July 22. The Prices will leave their children with his parents at Sherman. They are also planning on visiting relatives while away.

Marriage Licenses

The following couples have been issued marriage licenses on the date indicated by County Clerk Willis Smith:

William David Smith and Miss Jimmie Lou Jones, July 10.
Billy Joe Blair and Miss Eula Fay Smith, July 8.

SCS District Adds Two Cooperators

The Board of Supervisors of the Coke County Soil Conservation District held their regular meeting Friday, July 7. C. N. Webb, chairman of the board of supervisors, has announced.

J. A. Percifull and Ed Hickman became district cooperators with the District when the supervisors approved their individual soil and water conservation plans. The plans were developed to treat each acre according to its needs. Contour farming, seeding of cover crops, protecting crop stubble, range improvement, and terrace construction are some of the practices that were included in the plans. Personnel of the Soil Conservation Service assisted the landowners with the development of the plans, Webb said.

Cooperators with the Coke County Soil Conservation district are planning to tie down their soil by seeding fall cover crops consisting of rye and vetch, Madrid sweet clover, and Dixie Wonder winter peas. To date, 1,539 acres have been planned for seeding this fall.

NEW CHEVROLETS DELIVERED

Caperton Chevrolet company this week delivered a new pickup to Raymond Dunn of Wingate and a four-door sedan to A. L. Watley of Bronte.

B. D. Snead and C. R. Smith left the first of the week on a fishing trip to Devils River.

Work Begins on Oak Creek Reservoir Northeast of Bronte

E. L. Jones to Be Revival Preacher

The Kickapoo Baptist Church has announced a revival meeting which began last night at 8:00 o'clock. The guest preacher is Rev. E. L. Jones of Lamesa. Bro. Jones is well known around Bronte as he has delivered numerous sermons from the Baptist pulpit at Kickapoo on past occasions.

REV. E. L. JONES

The song leader for the revival meeting will be J. D. Thompson from Oton.

Worship services will be held each evening at 8 o'clock, and morning services are scheduled to begin each day at 10 o'clock. Services will continue daily until July 23rd.

Good attendance is foreseen for this meeting and all who possibly can are urged to be present for the services.

Commissioners Sit As Equalization Board First of This Week

The Commissioner's Court of Coke County sat as an equalization board Monday & Tuesday for oil and utilities properties in the county. Commissioner Otis Smith of precinct 2, said that the group checked all tax inventories and did not raise any personal taxes except in cases where additional property was rendered by the owner.

The commissioners also approved the discharge of five employees of the Coke County Memorial hospital, due to the lack of illnesses this time of year.

Bill Brunson of Beaumont arrived in Bronte Monday for a two weeks' visit with his parents, Mr. and Mrs. D. C. Brunson, and other relatives.

Work was begun this week by Harry Campbell, Fort Worth contractor, on the Oak Creek dam project, northeast of Bronte. The first of the heavy equipment was moved in Monday and, according to reports, some bulldozing of timber around the dam site has begun. It was also reported that work had begun on the core trench for the dam.

Campbell was awarded the contract to build the dam by the City of Sweetwater on June 28. His bid on the project was \$300,653.28 for the

dam proper. This bid covers only the construction of the dam itself and does not include the work of leveling the land or digging the necessary channels.

The contract with Campbell calls for completion of the dam within 180 working days. The entire project is expected to be completed within twelve months, officials of Sweetwater say.

Supplemental contracts, such as building oil well mounds, re-locating and raising the railroad and filling

in a gap at the project site, also went to Campbell. The supplemental contracts are not included in the construction contract price which Sweetwater accepted.

The proposed dam is located on the Odom estate, about ten miles from Bronte. It is located in the newly-discovered Fort Chadbourne oil field and much controversy has surrounded the project from the start because of the skyrocketing prices of the land which is to be inundated.

Officials of the City of Bronte expect to be able to obtain a water supply from the big lake when it is completed. Officials of Sweetwater made a deal with the Upper Colorado River Authority giving Bronte access to one-tenth of the water in the lake when it is finished.

The UCRA, headed by L. T. Youngblood of Bronte, proposes to assist the city financially in laying a pipeline from the lake site to the city limits.

According to tests which have been run on the water which flows down Oak Creek, it is one of the best sources of water supply to be found anywhere in West Texas. Bronte officials are hoping that the city can obtain an abundant water supply from the lake. They say that lack of water has always been a hindrance to the growth of the city and that they feel it will make appreciable growth when this water is acquired.

AREA RECEIVES SOME MOISTURE; CROP PROSPECTS LOOK BETTER

Farmers and ranchers of the Bronte area were feeling some better this week after receiving good showers in various parts of the territory. Old man weather has been serving local people plenty of hot dry weather until the rains this week.

The soaring temperatures and lack of moisture have been showing their effect on crops in this section. Cotton is looking good most everywhere, but feed crops were beginning to show the lack of water.

Monday night a good shower fell around Maverick and Norton and a sprinkle fell at Bronte. Wednesday a shower fell at Bronte and up to two inches was reported in the outlying district.

Aubrey Denman, who lives toward Hayrick, said that he received almost an inch. Tige Richards, who lives north of town, reported getting 1.7 of an inch. It was reported that about two inches fell southwest of

town, toward the Albert Rawlings ranch. The rain was also heavier west of Bronte than it was in town.

Farmers say that if they had one more good rain (four or five inches) they would have a good crop practically cinched for this season.

Weather prophets in West Texas are scarce, but some old timers of Bronte say they believe a good rain will fall in this area before many days.

B. F. Bridges & Son To Show 10 Rams At San Angelo Sale

B. F. Bridges and Son of Bronte will exhibit 10 Rambouillet rams at San Angelo's fourteenth annual Rambouillet Ram Show and Sale which will get underway at the fairgrounds in San Angelo July 25 and 26. More than 350 entries have been entered.

Under the sponsorship of the San Angelo Chamber of Commerce and the American Rambouillet Sheep Breeders Association, the show and sale has 23 consignors representing Texas, Utah and New York.

In the show division, which will be held Tuesday, July 25, \$350 in premiums will be offered in five classes of judging. Classes are champion ram, two-tooth ram, four-tooth ram, pen of five two-tooth rams, and pen of 10 two-tooth rams. L. D. White, Rambouillet breeder from Ft. Stockton, will be the judge for the show.

Sheep entered in the show must be offered for sale through the auction ring. Walter Britten of College Station will be the auctioneer for the sale which will be held Wednesday, July 26.

Members of the show and sale committee are: John Williams, chairman, Eldorado; Louis Bridges, Bronte; Ellis Owens, Sheffield; Miles Pierce, Alpine; Leo Richardson, Iraan; Pat Rose, Jr., Del Rio; R. O. Sheffield and Jack B. Taylor, San Angelo; and L. D. White, Ft. Stockton.

H. R. Coleman Gives Up To Sheriff Paul Good

Sheriff Paul Good said Wednesday that H. R. Coleman, 29, who has been living at Bronte for some time, gave himself up at the sheriff's office Monday. Coleman is wanted at Dumas and Snyder, Good said.

He is charged with giving a worthless check at Dumas in the purchase of a car. At Snyder, he allegedly forged a check in another car trade.

Baptist Intermediates Have Picnic at Ballinger

The Baptist Young People and Intermediates were entertained with a picnic in the Ballinger Park Monday at 7 p.m. The group then went to a show.

Those present were Bill Scott, Jo Nell Phillips, Rickie Hester, Randall McCutchen, Mary Crowmover, Rita McCutchen, Bill Hipp, Jr. Hipp, Norris Crowmover, LaJean Word, Juanetta Coalson, Gypsy Blaylock, Mary Gray, Jimmie Gray, Weldon Phillips, Harline Scott of Lamesa, Curtis Barron, Jean Timmons, Charles Timmons, Carlene Richmond and the sponsors, Mrs. Gertrude Gray and Mrs. B. G. Timmons. The group was served refreshments of Cokes, sandwiches, cookies, and potato chips.

Mr. and Mrs. F. S. Higginbotham returned recently from a trip to San Antonio.

WHD COUNCIL HAS MEETING

Seven clubs were represented at the regular meeting of the Home Demonstration Council on July 8 in the agent's office.

Mrs. John Coalson called the meeting to order and Mrs. Tom Rives, Jr. was in charge of the opening exercise and the opening prayer.

Reports were given of the 4-H Round-up held in June at A & M College. Those giving reports were: Zona Mae King and Melba Rives, 4-H girls who attended, and Gladys Waldrop, leader. All reported a very interesting and educational trip.

Mrs. C. E. Arrott, chairman of the WHD Camp Craft Committee, reported plans of this group for the annual encampment. Members voted to change the date of the camp from August 15-16 to July 25-26, to be held at Christoval. The change was made because of Mrs. Barron's leaving on August 1.

Mrs. Barron gave some valuable information on leadership training, and also a word of appreciation to clubs of Coke County for their cooperation during her time spent here.

Plans for the annual girls' 4-H camp were reported and the camp will be at Sango on July 13-14. Recreation was given by the Silver club.

Mrs. Coalson adjourned the meeting and turned the meeting over to Gladys Waldrop, the County WHD chairman.

Delegates were elected to attend the State Home Demonstration meeting to be held in Big Spring on August 23, 24, and 25. Delegates were Mrs. A. D. Fields, Mrs. J. W. Latham and Gladys Waldrop. Alternates were Mrs. Tom Rives, Jr., Mrs. Merle Jameson, and Mrs. Ben Brooks. The newly elected Coke County chairman is Mrs. A. D. Fields.

BRONTE WMS MEETS FOR BIBLE STUDY

By Mrs. Aubrey Denman

The Bronte W.M.S. met for Bible Study and a business meeting at the church Monday, July 10. The meeting opened with a song. It was followed with the scripture reading, which was taken from the Old Testament. The lesson theme was "Stewardship", given by Mrs. Frank Keeney. The group sang another song, "Till Live for Him". Mrs. C. R. Richmond led in the closing prayer.

The next meeting will be a missionary program on Africa. It will be on the fourth Monday of this month.

The W.M.S. would like for a mothers with babies (infants to three years of age) to know that the nursery is open every Sunday morning during the Sunday School hour from 10 to 11 and also during the preaching hour from 11 until 12 noon.

ENTERPRISE WILL PUBLISH "POLITICS" ISSUE NEXT WEEK

The Enterprise will carry messages from candidates for public office next week. The paper next week will be the last one published before the Primary Election on July 22.

Candidates who wish to publicize themselves are urged to get copy in for their advertisements in as early as possible, preferably on Monday or Tuesday.

tax assessor-collector, county treasurer, county attorney and the four commissioners' jobs.

A complete ballot, listing all candidates in all races, will be carried in next week's Enterprise. As usual, the Enterprise will post election results on a bulletin board in front of the newspaper office on election night, July 22.

W. A. REEVES NEW PASTOR AT KICKAPOO

Rev. W. A. Reeves from Avalon, Texas has accepted the position as pastor of the Kickapoo Baptist church near Bronte. Reeves was welcomed here last Sunday when he conducted his first services here. He will move to Bronte next Tuesday as a permanent resident.

The Kickapoo church has been without a pastor for some time and all members are very glad to have Bro. Reeves assume active leadership in their church work.

A new parsonage will be erected soon for his use, members of the church have announced. Plans have been made and the structure should be available for the new pastor's occupancy in the near future.

LARGE DAM UNDER CONSTRUCTION ON RAWLINGS RANCH

A large dam is being built on the ranch of Edward Rawlings, about seven miles northwest of Bronte.

The work is being done by the same contractor who built the dam for the UCRA at Robert Lee.

It was reported that the lake created by the structure will be quite large with a maximum depth of 40 feet.

Union 1-B McCutchen Flows 168 Barrels in 3,950-Foot Test

Oil developments in the Bronte area looked good this week, after the discovery of a new field between Bronte and Robert Lee. Speculation was running high in town this week on the location of a reported wildcat northeast of town.

A 24-hour test of the Union Oil Co. No. 1-B Mrs. Daisy McCutchen gave the well at a daily potential of 168 barrels of oil. This well is located in the Bronte School District, seven miles west of town. Production is from a perforated section from 3,950 to 3,965 feet in the Cisco sand. No formation water was found on the test which was run after the well had been treated with 500 gallons of mud acid.

The 1-B McCutchen was drilled to a total depth of 6,685 feet, to the Ellenburger. On a test of this section sulphur water was found, after which the hole was plugged back to the producing section. Location is in the C SW NW 44S-1A-H&T-C survey, one mile east of Union No. 1 McCutchen, which was plugged and abandoned.

In the Bronte Field, Humble No. 2-B J. L. Brunson was drilling at 1,500 feet Wednesday afternoon. Location is 1,216 feet south of the same operator's No. 1-B Brunson, a producer.

Humble No. 7 R. E. Hickman was being swabbed early this week and apparently will make a good producer. It was acidized with 500 gallons. Production is from 4,311 to 4,344 feet, the total depth.

Talk around Bronte this week was centered on a prospective wildcat, northeast of town. Location of the test had not been announced Wednesday afternoon. There was also some talk that Hickok & Reynolds were moving a rig back in to the Bronte Field for more tests. No confirmation of these reports was obtained.

Southern Minerals No. 1 R. H. Herring, wildcat southeast of Tennyson was drilling this week at 5,065 feet. A drillstem test from 4,716 to 4,738 feet yielded 3,200 feet of salt water.

Deep Rock No. 1 L. E. Cowley, wildcat five miles southeast of Robert Lee, was drilling at 4,720 feet in lime and shale.

In the Fort Chadbourne Field, northeast of Bronte, Humble No. 1 Charles C. Cave has been finished for a daily potential of 180.78 barrels of 44.1 gravity oil. It flowed through

a quarter-inch choke from a section from 5,426 to 5,470 feet which had been treated with 1,000 gallons of acid. The No. 1 Cave is a northwest extension to the Fort Chadbourne Field.

Humble No. 1 Wylie-State was scheduled to test this week after recovering porous lime on a core from 5,424-64 feet it is one and three-quarters miles west of the field discovery, Humble No. 1 Odom.

Humble No. 8 Mrs. Sallie Odom has been completed and rated a daily flow of 422.16 barrels of 45.8 gravity oil. Gas-oil ratio was 1,123-1.

Richard King, Jr., No. 1 Tad Richards was swabbing and flowing four and one-half barrels of oil hourly early this week. It is an east offset to Hiawatha and Plymouth No. 1 Richards.

Lester & Duffield and Pair & Piper and others No. 1-B Tad Richards has been staked. It is projected to 5,500 feet. The same operator has staked No. 4 S. L. McNay, in the northeast part of the Fort Chadbourne Field.

Humble No. 1 Odom-State, located in the Coke County part of the Fort Chadbourne Field, will be 133 feet from the north and 796 feet from the east lines of J. Hendry survey 2.

CHOOSE the college that knows what you want and need in higher education and will help you get it. That's San Angelo College. The College is the beauty spot of your own area—a center for cultural, educational, recreational and religious activities, as well as a nerve center for trade and commerce. You will find it to your advantage to have your freshman and sophomore college years near home in the college that pleases your parents too.

This 11½-million dollar, coeducational, public, Area College is fully accredited. This means that credits earned at San Angelo College are recognized at the leading colleges and universities. The curricula include fine arts, pre-professional and terminal courses. The entire plant is new and the 60-acre campus is most attractively landscaped. Twenty-two years of successful, effective, economical, higher education. Small classes. Personal attention. Write for catalogue and for reservation blanks in the College's new directories. we're planting a rich crop for you

Our crop is telephone service. It's a big and important crop for every modern farmer. Through our rural expansion program, we're planting this crop far and wide—installing new telephones, adding more lines. When our planting is finished, we know that every farmer will reap a harvest of greater usefulness from his telephone.

for Mileage You'll Brag About!

There'll be a smile in every mile . . . when you OIL-PLATE your engine with new Conoco Super Motor Oil!

Proved by 50,000-Mile Road Test! In a 50,000-mile road test, engines lubricated with Conoco Super Motor Oil showed an amazing economy of operation. Average gasoline mileage for the last 5,000 miles of the test-run was actually 99.77% as good as for the first 5,000. This means that new Conoco Super Motor Oil — with proper crankcase drains and regular care — can keep new-car gasoline mileage . . . new-car power and performance . . . year after year!
