### THE ETHICS OF SAVING

The wisdom of ages we have for our guide,  
 Showing how men have lived and how they have died.  
 From Solomon's Proverbs to the wisdom of now,  
 We are taught the ethics of saving and how,  
 But it makes little difference by whom they are taught,  
 These lessons by many are all put to naught.  
 Saving is simple, it has no complex plan;

**FARM AND RANCH NEWS . . .**

The Board of Supervisors of the Coke County Soil Conservation District has purchased a wheatsland type tractor and an elevating grader to make terracing equipment available to district cooperators and land owners and operators. The equipment will be operated on a fee basis to maintain, repair, replace and pay an operator of the equipment. The equipment was purchased with funds made available to Soil Conservation Districts by the 51st Texas Legislature, W. C. Shamblin, Secretary of the Coke County Soil Conservation District, said.

The Board of Supervisors decided to purchase this equipment because the needed terracing equipment was not available to land owners and operators. If any private contractor could have or would have rendered this service to land owners, the supervisors would not have purchased the equipment, Shamblin explained.

The purchase orders have been issued by the Texas Board of Control and delivery of equipment will be made soon.

District cooperators and land owners and operators interested in having terraces built should contact the member of the Board of Supervisors in their zone, Shamblin explained. The Board of Supervisors include Guy Denman, Saneo; Bryan Yarbrough, Robert Lee; Ernest Burns, Edith; W. C. Shamblin, Blackwell; and C. N. Webb, Tennyson. Land owners and operators are also encouraged to contact personnel in either of the offices of the Soil Conservation Service or Production and Marketing

Administration in Robert Lee, Shamblin pointed out.

Seeding of range grasses moved ahead at a rapid rate last week. About 140 acres were seeded to various mixtures of Side Oats Grama, Blue Grama, King Ranch Bluestem, Indian Grass and Sand Lovegrass, A. V. Sheppard, Work Unit Conservationist, with Soil Conservation Service at Robert Lee, said. District cooperators seeding range grasses last week include Austin Sandusky—25 acres, A. M. Wynne—12 acres, N. J. Taylor—8 acres, Tyler & Jones—43 acres, and H. L. Bloodworth—50 acres, Sheppard said.

A ranch pond was staked last week on Collins Sayner's ranch at Tennyson. The ranch pond was designed to give better distribution of livestock water, to prevent trampling by livestock and permit more grass to grow and reduce soil erosion. The pond was designed by the personnel of the Soil Conservation Service.

## Sale Saturday at the Black Gold Angus Farm

A large number of out-of-state, as well as local, men are expected to be present Saturday, April 6, for the sale at the Marvin Simpson ranch, three miles northwest of Robert Lee. The Keilor Ranch of Austin and

the Black Gold Angus farm, belonging to the Simpsons, are offering some 80 head of the animals for sale. Both ranches are known as tops in the registered cattle business.

The sale will begin at 1 p.m. in the new pavilion on the Simpson ranch. Breeders from a dozen states and newsmen from cattle publications and daily newspapers are expected to be present.

## What Does the Bible Say?

**DOES FAITH ALONE SAVE?** If faith alone will save, then devils will be saved. "Thou believest that there is one God, thou doest well, the devils also believe and tremble." James 2:19. Faith alone is vain. "But wilt thou know, o vain man, that faith without works is dead?" James 2:20. Faith without works is dead. "Even so faith, if it hath not works is dead, being alone." James 2:17, James 2:26. The Bible nowhere says we are justified by faith only. "Therefore being justified by faith we have peace with God through our Lord Jesus Christ—Romans 5:1. The words "only" and "alone" are absent. "Ye see then how that by works a man is justified, and not by faith only." James 2:24.

## Mother of Two Praises Hadacol

HADACOL Supplies Deficient Systems With Vitamins B<sub>1</sub>, B<sub>2</sub>, Niacin and Iron

Mrs. Elmer Hise, 3225 2nd Ave., Council Bluffs, Iowa, is a good mother, and like all good mothers she keeps a careful watch for the welfare of her two young children. And when little four-year-old Lucille Hise wasn't feeling as her mother knew she should do something about it, Mrs. Hise gave Lucille HADACOL because she had heard how much it was helping children who had poor appetites and stomach distress caused by deficiencies of Vitamins B<sub>1</sub>, B<sub>2</sub>, Iron and Niacin. It helped her so much that now Mrs. Hise gives HADACOL to both of her children.

Here is what Mrs. Hise says: "My daughter has taken two bottles of HADACOL and she has been eating more than before and also sleeps better. I think HADACOL is the best thing for children who do not have an appetite. My daughter is four years old. Before taking HADACOL, my daughter complained of her stomach hurting her, and I got her a bottle of HADACOL and she says her stomach doesn't bother her any more. I think HADACOL is wonderful. I am also giving HADACOL to my three year-old daughter."

**HADACOL Is So Effective**  
An important thing about HADACOL is that you get Vitamins B<sub>1</sub>, B<sub>2</sub>, Niacin and Iron in liquid form, which means that they are quickly absorbed and dispatched to the blood stream, ready to go right to work. HADACOL helps build up the hemoglobin content of the blood (when Iron is needed) to carry these precious Vitamins and Minerals to every part of your body.

## ARE YOU GUILTY —

Of Doing Things Like THESE?

—Spend three hours bargain hunting to save 25c?

—Waste a day's travel in time and expense in order to catch some 'out of town' bargain which may not be a bargain at all?

—Drive miles to buy an item for a few cents less than you can get it your local store?

Most of us are guilty on one or more counts and we thereby exhibit an excellent example of false economy. In most cases we spend twice as much in actual cash, time and shoe leather as the few pennies we are supposedly "saving."

If you want to hunt values, the place to do it is in the COLUMNS OF THE ENTERPRISE. Follow the advertisements regularly. The merchants of Bronte can supply you with every want and through their advertising you can take advantage of REAL SAVINGS!
