No. 30

## McCutchen Field Is Extended 1 Location

Indications this week were that the McCutchen Field between Bronte and Robert Lee has an extension in Aurora Gasoline Co. No. 1 Daisy McCutchen.

The test cemented 51-2 inch casing Wednesday at 3,970 feet, the bottom of the hole, and were preparing Thursday to perforate. On a drillstem test which lasted 83 minutes, from 3,945-67 feet the well showed gas to the surface in 10 minutes, mud in 18 minutes and it flowed to the pits in 23 minutes. After being connected with a water tank, the well flowed 35 barrels of oil in one hour.

A report was received this week that the daily allowable on Humble No. 1 W. J. Gideon, in the Bronte field, was 26.08 barrels of 45.7 gravity oil plus 37.5 per cent water.

## Gospel Meeting Begins August 3

Leon Sharp, local minister of the Church of Christ has announced that a Gospel meeting will begin at that church next Friday, August 3, with Harrison M. Matthews of San Angelo doing the preaching.

Services will be held each evening at 8:15 p. m. and morning services will be held Monday through Friday at 9:30 a. m. The meeting will continue through Sunday, August 12.

Sharp said that everyone is invited to attend all services and that the slogan for the meeting will be: "Ye shall know the truth and the truth shall make you free."

## Dale Luckett Hurt In Fall From Horse

Dale Luckett, son of Mr. and Mrs. C. D. Luckett, is hospitalized this week as a result of a fall from a horse early Wednesday morning.

Dale and some of his friends were riding in the East part of town when the accident occurred. When he fell, he drove a small stick into his chin which went along the side of his face almost to his ear.

The boy was rushed to the local hospital where the splinter was removed and his condition was reported "good" Thursday morning.

## Showers Bring Cooler Weather; Little Moisture

Scattered showers over the area Tuesday and Wednesday brought a welcome and temporary relief from which have been hanging on since July 1, but did little to relieve the drought conditions in most places, her Wednesday.

Bronte barely received a sprinkle during an afternoon of threatening weather here Wednesday.

Faring some better were Orient, reporting .55 inch and Edith, receiving more than an inch of moisture. In inch fell at Ballinger while Robert Lee received .34 inch.

During the past week, the temperature has climbed to the warm side of 100 degrees every day, climbing to 105 degrees last Thursday for the hottest day on record this year.

**BRONTE BOY ENROLLS AT HSU**  
Dee Thurman McCleskey of Bronte registered last week for the second term of the summer semester at Hardin-Simmons University in Abilene.

Enrollment for the session totals 847. Registrar Alton B. Lee has announced. Second term classes began July 10 and will end with summer commencement exercises on August 20.

McCleskey is the son of Mrs. J. W. McCleskey. He is a freshman at the University.

Mr. and Mrs. O. T. Allison and Christine spent the weekend visiting with Mrs. Joe Ellis in McMahan. They also visited in Galveston before returning to Bronte.

## CITY TO BE SPRAYED SATURDAY NIGHT, WEATHER PERMITTING

The entire city of Bronte is scheduled for a dousing with a DDT solution Saturday night, weather permitting. The announcement was made by Mayor H. O. Whitt Thursday. The Mayor said that they had intended to do the spraying Wednesday night but that the heavy, cloudy weather made them decide to put it off. Even a light shower, immediately after spraying, would lessen the benefits of the spray. In case of bad weather Saturday night, Whitt said they would try again Sunday night.

Every street in town will be sprayed with the fogging machine, hired from a contractor in Miles. The machine will send a 300 foot fog with a 97 percent kill of insects.

Contributions to the project were still coming in but the goal of \$400

had not been reached. An estimated \$400 is required to fog the city twice during the summer months. Something over \$300 had been collected.

The solution to be used is harmless to human beings and pets and everyone is urged to leave their windows and doors open on Saturday night until the spraying is done in order that the insect-killing fog can penetrate the houses.

Local citizens who have not yet contributed to the fund are asked to do so, since everyone will benefit equally from the project.

Contributions may be made to Mr. J. E. Mitchell, Mayor Whitt or any of the City officials.

Bronte was fogged twice last summer with a DDT solution. The measures are designed to kill insects, as well as keep down diseases.

## VACATION BIBLE SCHOOL SUCCESSFUL

The Vacation Bible school, now in progress at the Bronte Church of Christ, is termed as being highly successful by the minister, Leon Sharp.

Opening enrollment was 53 for classes on Monday and the average enrollment through Wednesday was 60. Sharp said that interest in all classes is very good and all indications show that interest will continue to grow. The school will end with a picnic for the students Saturday at noon in the park.

## Willis Smith, Ex-Co. Clerk Dies Thursday

Funeral services for Robbie Willis Smith, 48, will be held at the Robert Lee Baptist church at 6 p. m. today, (Friday). Rev. Fred D. Blake of Brownwood will conduct the services, assisted by Elders Wells of Abilene and McDaniels of San Angelo.

Interment will be in the Robert Lee cemetery under the direction of Cliff Funeral home.

Smith, former Coke county clerk, died at 9:10 a. m. yesterday morning in the Coke County Memorial hospital, following a long illness. He had been critically ill in the Shannon hospital in San Angelo for several weeks and was moved to the Robert Lee hospital on July 11. He had been in a coma since Wednesday. His death came as a result of an incurable kidney ailment.

He was born April 19, 1903, in Houston County, Texas, a son of Mr. and Mrs. Edd Smith. He came to Coke County in 1923 and was first employed as bookkeeper at the Home Motor Co. in Bronte. He married Lois Mae Johnson of Bronte, daughter of Mr. and Mrs. J. R. Johnson. The couple was married on August 10, 1925.

He was elected County and District clerk in 1932 and served until January, 1951, a total of 18 years.

He was active in county and civic affairs and had been an officer and director of the Robert Lee State Bank. He was also engaged in farming and ranching.

He is survived by his wife and two sons, Willis Wayne and James Boyce; both of Robert Lee; a sister, Mrs. G. Frazier of Houston; two brothers, Archie Smith of Houston and Albert Smith of Crockett; and one granddaughter, Robbie Jane Smith.

Mr. and Mrs. Francis Pruitt and daughters, Diane and Janice Dell, were here visiting relatives. They returned to San Antonio Wednesday where he is stationed at Fort Sam Houston.

Mr. and Mrs. L. H. Lammers left Tuesday for Abilene where he has accepted a foreman's position in the construction of a new Banner milk plant for O. D. Dillingham. They have rented out most of their house but reserved enough of it so they can come back and spend their weekends here. The job with Dillingham is expected to last about a year.

### H A JOLLY TO ASSUME DUTIES AS COACH; SCHEDULE ANNOUNCED

Pictured above is H. A. (Houston) Jolly who will be head football coach of Bronte high school this fall. Jolly was formerly Junior High Coach at Lakesview and also assistant high school mentor for the same school.

A 1942 graduate of Robert Lee high school, Jolly also graduated from Howard Payne College at Brownwood and has been working on his Masters degree at Hardin-Simmons University at Abilene. Jolly is married and the couple have no children. They plan to move to Bronte in the near future.

In a statement made Tuesday, Jolly said that the Longhorns would have their first taste of football for the 1951 season when September arrives. Football equipment will be issued to members of the squad on Saturday, Sept. 1 and the first workout is scheduled for Monday, September 3. Jack Price will assist Jolly with his coaching duties and will be the grade school principal, as he was last year.

The Longhorns' 1951 football schedule was announced as follows with two open dates remaining to be filled:

- Sept. 14—open
- Sept. 21—Robert Lee—there
- Sept. 25—open
- Oct. 5—Coahoma—here
- Oct. 12—Trent—there
- Oct. 19—Hobbs—there
- Oct. 26—Lorraine—there
- Nov. 2—Ira—there
- Nov. 9—Hernleigh—here
- Nov. 16—Robert Lee—here

Coach Jolly expects to fill one or both of the open dates with home games. He made no comment on the prospects for the season.

It is the general opinion of Bronte football fans that Bronte should make a good showing this year with two capable coaches and ten members of last year's starting team back for the '51 season. Bronte will have Bobby Lasowell and John Rusk who have lettered three years and versatile halfback Marlin McCutchen, who led Bronte's passing attack last year. Several newcomers to the squad should help strengthen the Longhorns also.

Coach Jolly said this week that he will attend a school for high school coaches which will be held next week in San Antonio. He also added that all football players and their fathers will have a barbecue sometime during the latter part of August. "The time and details of this get-together have not been planned," he said.

Mr. and Mrs. Francis Pruitt and daughters, Diane and Janice Dell, were here visiting relatives. They returned to San Antonio Wednesday where he is stationed at Fort Sam Houston.

## TEXANS TO FIGHT COMMUNISM

Texas Crusade for Freedom Chairman Lieut. General Preston A. Weathered, left, points out spot in Europe where Radio Free Europe stations are making great strides in refuting Soviet lies and propaganda to L. D. Whiteley, Texas Jaycee president. The Texas Junior Chamber of Commerce adopted the 1951 Crusade for Freedom, a gigantic drive by Americans to halt Communism everywhere, as a statewide project.

Prospects for a water supply in Bronte were looking brighter this week after the Upper Colorado River Authority decided to meet some time about the middle of August with Bronte City officials to discuss the proposed pipeline from the city limits to the Oak Creek reservoir.

Estimated cost of the pipeline is \$210,000, it was brought out at the meeting this week. Attorney Carl Bunge was instructed to obtain estimates from bond men on the necessary UCRA revenue bond to finance the project. Vice-chairman Frank Cannon was appointed to join with the engineers of the agency in checking the availability of pipe for the project.

Chairman L. T. Youngblood is scheduled to outline the proposed project and financing of it to the city officials at their August meeting.

A letter from Mayor H. O. Whitt told UCRA officials that the City of Bronte would be able to repay the P' ver Authority at the rate of \$700 per month. This would liquidate the \$210,000 cost in 25 years.

Other business discussed by the UCRA at the meeting last Monday night at San Angelo, concerned water for San Angelo and the rebate of tax money to the state.

## Pre-School Children to Be Vaccinated Friday

The Bronte PTA recently made the announcement that the annual summer round-up for pre-school children will be held Friday, August 3. All children entering school for the first time can receive free vaccinations for small pox, diphtheria, whooping cough or tetanus.

Parents are urged to take advantage of this service by bringing their children to the Karen-Gayl hospital next Friday morning, August 3, at 10 a. m. for the examinations and vaccinations.

This round-up is made possible by the local PTA, who furnish the vaccine, and Dr. John B. Harris, who will donate his services.

## RED CROSS SEEKS SPECIAL DONATIONS

An appeal is being made through the Local chapters of the American Red Cross for special donations from all over the country for disaster relief operations in the Kansas-Missouri flood.

Coke county chairman H. A. Springer this week received a letter from Red Cross National headquarters calling on all American citizens for generous donations, or a sum of at least \$5,000,000, to aid the flood-stricken areas in Kansas, Missouri, Oklahoma and Illinois.

At the present time, the letter said, 68 Red Cross chapters are actively engaged in the disaster operation taking care of 45,880 families already affected. Information received this week by Chairman Springer said that 17,551 persons are in Red Cross shelters at the present time and some 42,686 persons are being fed by the Red Cross. It is estimated that over 17,000 families will register for Red Cross assistance.

Springer urged Bronte and Coke county citizens to give generously, as they have done in the past. He said the money will be sent directly to the Midwestern Area office for the disaster fund. Contributions may be left with Springer, Frank Keeney or at the First National Bank.

## Two Teachers Needed In Bronte School Faculty

Supt. J. L. Carroll said this week that two teachers were yet to be hired to fill vacancies in the Bronte faculty. Carroll said that a remedial teacher will be secured to work with the first four grades and that a teacher must be hired for the fourth grade to replace Mrs. George Anderson, who recently resigned to move to San Angelo.

"One application is now on file," Carroll said, "and others are expected soon." All other positions in the Bronte Faculty have been filled.

Jimmie Lee of Rankin is spending the week with Mr. and Mrs. T. H. Blue and family.

### Wild Game Film To Be Shown At Court House

A motion picture account of wild game in Africa will be shown in the district court room in Robert Lee tonight at 8 p. m.

The films will be shown by John C. Moore, who went to Africa last January on a wild game hunt. Besides his trophies, Moore brought back a complete color account of his hunt.

In the picture, thousands of wild animals and fowl are shown in their native habitat, in the gorgeous colors of their land. Along with the picture Moore gives a lecture from his first hand knowledge, in which he describes the land, climate, and people of that area. It was emphasized that the picture shows wild life in its natural state, rather than set up on a movie location.

The picture is being brought to Robert Lee through the efforts of the county agent and is sponsored by the Coke County Game Management Association. There will be no admission nor collection.

County agent Travis B. Hicks said that everyone is welcome to attend tonight, July 27, at 8 p. m. in the Court House at Robert Lee.

### BARBECUE IN PARK

Members of the Men's Bible Class of the Bronte Baptist church and their families gathered in the City Park for a barbecue supper.

Joe Carter, president of the class, estimated 75 persons were present for the occasion. Barbecued beef with all the trimmings including beans, stew, ice cream, coffee and iced tea were served to the group.

L. T. Youngblood is the teacher of the class.

Mr. and Mrs. Bob Evans and children, Mary and Darrell, of Dallas were guests Wednesday in the home of Mr. and Mrs. Bob Knierim.

Bill said that each member of the class will be notified by mail as to what they will need to bring. The get-together will begin at 6 p. m.

### LETTERS TO THE EDITOR

Editor of The Bronte Enterprise, Bronte, Texas.

Dear Sir:

I would like to subscribe to your newspaper for one year. I do not know the rates so am enclosing \$1.00 in this letter to pay as far as it will. If you will be kind enough to advise how much difference there will be, I will mail same to you.

I used to live at Fort Chadbourne which I have heard is no more. I also married a Bronte girl, Viola McCutchen.

We now live in Frederick, Oklahoma, the largest cotton producing county in our state with between 175,000 and 200,000 acres planted in cotton this year. The crop is looking very good. There is some insect infestation but most farmers have plenty of spray and the machinery to spray with. Our alfalfa crop is being harvested with an average of 2 1/2 bushel per acre which is considered a fair yield.

Good farming land here is worth from \$100.00 to \$300.00 per acre. 'Tis a beautiful country with a v. r. hot temperature. The reading has ranged from 100 to 108 degrees for the past 17 consecutive days.

Very Truly Yours,

### J. T. HENRY TO RECEIVE SERVICE AWARD IN LUBBOCK

J. T. Henry, who has taught vocational agriculture in the Bronte High School for the past 13 years, will be awarded a bronze lapel pin for meritorious service in his 15 years as a vocational agriculture teacher, H. E. Owen, Lubbock, President of the Vocational Agriculture Teachers Association of Texas, has announced.

Henry will receive the pin in Lubbock on August 1st at a Tri-Area meeting of the association. This will be the 14th year that the association has presented awards to its teachers of long time service.

According to Lewis B. Taylor, Executive Secretary of the organization, there are 846 teachers of vocational agriculture in Texas. Of his number, 582 have taught less than 10 years, 167 have taught 10 to 14 years, 68 have had 15 to 19 years experience, 16 have served 20 to 24 years and 12 have taught more than 25 years.

Teachers with at least 10 years service will receive certificates at the meeting. Bronze, silver and gold lapel pins will be presented respectively to teachers with 15, 20 and 25 years of service.

### BOY SCOUT NEWS

The Boy Scouts met Friday evening of last week in front of the school house at 7:00 p. m.

Present were Harold McCutchen, Explorer Scout, Richard Wayne Rees, and Jimmy Royce Brunson, Tenderfoot Scouts.

The program consisted of work on advancement. Richard Wayne Rees completed requirements to become a Tenderfoot Scout and was awarded his badge.

Next meeting will be Friday evening, July 27, at 7 p. m. in front of the school house. Leon Sharp, who is working with the Scouts this summer, said if enough of the boys are present, an afternoon hike will be discussed.

## Defense is your job, too!

Searching our coastal waters for unidentified submarines, this Navy blimp pilot is constantly on the alert to protect American shores. His blimp carries the most effective airborne detection gear in the world, enabling him to pinpoint and track a target even when it is submerged. And he is doing a vitally important job in defense of America.

Defense is your job, too. And one of the best ways for you to do your part is by keeping yourself and your country economically strong. Buy U. S. Defense Bonds now and regularly. Go to the pay office where you work and sign up for the Payroll Savings Plan or join the Bond-A-Month Plan where you bank. But don't put it off—do it today!

### The U. S. Defense Bonds you buy give you personal financial independence

Remember that when you're buying Defense Bonds you're building a personal reserve of cash savings. Money that will some day buy you a house or educate your children, or support you when you retire. Remember, too, that if you don't save regularly, you generally don't save at all. So go to your company's pay office—now—and sign up to buy Defense Bonds through the Payroll Savings Plan.

Don't forget that bonds are now a better buy than ever. Because now every Series E Bond you own automatically goes on earning interest every year for 20 years from date of purchase instead of 10 as before! This means that the bond you bought for \$18.75 can return you not \$25—but as much as \$33.33—if you just hold it the extra ten years! A \$37.50 bond pays \$66.66. And so on. For your security, and your country's, too, buy U. S. Defense Bonds now!

"I got the story on

# 50,000 Miles-NoWear

and changed to New Conoco Super Motor Oil"

says Carl W. Smith  
Chrysler-Plymouth Dealer  
Miles City, Montana

"Cars coming to my shop after using Conoco Super are cleaner and show less wear than anything I have seen in my 27 years of garage work," Mr. Smith says.

### "50,000 Miles-NoWear!" Proved Here:

After a punishing 50,000-mile road test, with proper drains and regular care, engines lubricated with new Conoco Super Motor Oil showed no wear of any consequence: in fact, an average of less than one one-thousandth inch on cylinders and crankshafts. AND gasoline mileage for the last 5,000 miles was actually 99.77% as good as for the first 5,000!

### TRAVELING SALESMAN

"My car is my most treasured," admits R. C. Eberhart, Travelingman, Flagler, Colo. "I average 2,800 miles a month. Since changing to new Conoco Super, my operating cost has been reduced and the performance is much smoother."

### DELIVERY FLEET

"Repair work has been cut 50% since I started using Conoco Super in all our delivery vehicles," writes George Lang, Laundry Partner, Muskogee, Okla. "One has run over 30,000 miles on Conoco Super, without any mechanical work."

## Parents' Problems

By DONALD M. MAYNARD

### "Special" Pals

My only child, a nine-year-old girl, has recently begun paying a great deal of attention to another girl in their class. Should I teach my daughter that it's best to be "good friends" with several girls and not to have "one special pal"?

I am not sure that I would teach her that she should not have a special pal. It is more or less inevitable that some children should be especially attracted to each other and thus become special friends. These special friends mean a lot, especially to a child who is somewhat shy or timid, or who just isn't the "gregarious type." To be sure, when a child has "a special friend" she runs the chance of having her feelings hurt, as your child has, when the friend turns her attention elsewhere, but this is one of the heartaches that children must learn to handle.

Although I would not suggest, therefore, that you give your daughter the impression that she should not have a special friend, I certainly would suggest that you encourage her to have many good friends so that when the one special friend falls by the wayside, she will not have the feeling of suddenly becoming friendless, which is so devastating and which creates such a feeling of insecurity.

You can help the situation considerably by providing situations in your own home in which several of your daughter's friends will be present frequently, rather than just the one friend.

There is no reason, furthermore, why you should not help her see that we change our special friends from time to time and that when this is done, one of the special friends is likely to be somewhat hurt.

### "The Same Old Stuff"

I have taught my nine-year-old daughter to be fair and take turns with her fellow playmates. But now she has come to me with tears in her eyes. Some of the other children just don't seem to want to play fair. I tell her to be patient with those children. Yesterday she became annoyed with me for "telling her the same old stuff" all over again. She said "Mother, that stuff just doesn't work with --, but you wouldn't understand." What can I do to help her?

When your daughter accuses you of "telling her the same old stuff" all over again, it suggests that you may tend to

It's serious business, but don't be stuffy, Dr. Maynard says in his booklet, *Your Child Today*. It's free to readers of this newspaper. Mail a postcard to Donald M. Maynard, 810 Broadway, Nashville 2, Tennessee, for a copy.

be a bit too "preachery" and to "moralize" more than you should with her.

Incidentally, it is exceedingly easy for those of us who want to help our children to do this. Now that you have urged her to be patient with children

who do not play fair, skip that bit of advice, except very rarely, in the future. After all, perhaps she shouldn't always be patient with those who won't play fair; too much patience by your daughter may give them the impression they can "get away" with such tactics.

When your daughter comes to you disturbed because of the behavior of her playmates, help her realize that although most children do play fair, it seems there always are some who don't and that when they don't, there isn't much we can do about it, except to continue to play fair ourselves. Guard even then against giving her a long lecture on the importance of playing fair.

Children frequently handle situations like this better when there is no adult interference.

### The Habit of Swearing

We have three sons. The oldest is eleven years old and somehow he has formed the habit of swearing. He does not hear it in his own home but from adult relatives and from the neighborhood children. I have tried everything short of washing his mouth with soap, to no avail. What do I do? He says he is sorry that it just slipped out; and he promises not to do it again. But in a little while he slips again. Do you have any idea of a way we could break him of this habit?

I am sure you realize that if your son continues to hear his relatives swear, some of whom may even be his favorite relatives, and is also thrown constantly with children who swear, it is going to be exceedingly difficult for him to overcome this unfortunate and undesirable habit.

A child of eleven is considerably influenced by his playmates. Fortunately, he also is considerably influenced by his home environment and it is because of this that you need not despair. Your son will not be able to forget the example of you and your husband, even though other influences for the time being have developed in him the habit of swearing.

Inasmuch as your son seems to be genuinely sorry when he swears, I would suggest that you guard against scolding him unduly for so doing. Too much scolding may make him want to swear! Assume that he regrets the habit and is eager to overcome it. Sit down with him and have a "man to man" talk as to what may be done to help him stop the habit. (Incidentally, your husband may be able to do this better than you can.)

Let him give suggestions as to what he thinks may help him. For example, he may be willing to impose upon himself some penalty, such as denying himself a privilege, when he breaks over and swears. I doubt whether washing his mouth with soap would be of much value, but he might let you experiment with that method to see if it is of any value.

Let me urge you to be patient with your son. Habits are not overcome in a day. Let him know that you have confidence in his ability to lick this habit. He'll be grateful for your sympathy and understanding.

PRICE CLINIC  
IS HELD HERE

A representative of the Fort Worth OPS, holding a price clinic for local merchants here Wednesday, has announced several changes in price regulations which may affect some of the Bronte businesses.

Clarence Hunter, who conducted the price clinic, said supplementary regulations 39 and 40 to the General Ceiling price regulation have made possible rate adjustments for contract motor carriers and local pick-up, delivery and transfer services in instances where operation costs have

increased. The OPS field worker said that details of the provision for rate increases could be obtained from the Fort Worth District OPS.

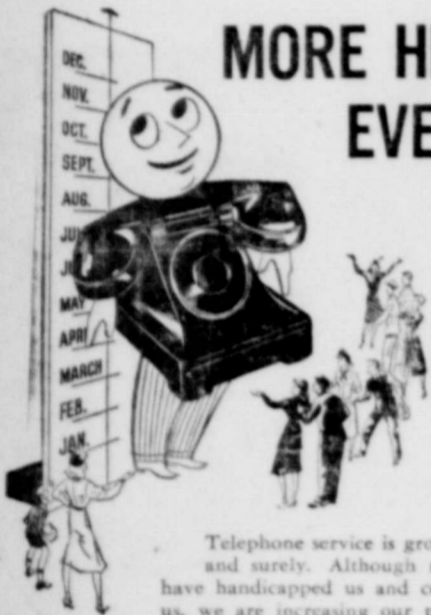

Hunter also announced that another price clinic will be held here on August 22 at 1 p. m. at the City Hall.
