## Bronte Longhorns Down Lohn 13 to 6; Will Take on Ira Tonight

The Bronte Longhorns, though ed to defeat the Lohn Eagles 13-outplayed on first downs, de- feated the Lohn Eagles 13-6 here last Friday night.

The first Bronte score was set up after J. O. Bagwell, Bronte linebacker, intercepted a pass on the fifty and returned it to the

30 yard line. Waldrop then hit Scott with a pass on the 5 yard line. A couple of plays later Arbie Phillips went over from the 2. Bagwell kicked the extra point and Bronte was ahead 7-0. There was no more scoring during the first half and so the score at the end of the first half was Bronte 7, Lohn 0.

Early in the third quarter, the Longhorns scored their final touchdown. After Ensor had run an intercepted pass back to the 12, Waldrop carried around the right end for the score. The placement by Bagwell was missed and Bronte led 13-0.

Lohn's only score came in the fourth quarter. It came on a pass play from Moore to Horne, which covered 15 yards. Bagwell blocked the try for conversion and Bronte was still ahead 13-6. One of the more thrilling plays of the game came about on the opening kickoff when Waldrop took the ball on his own 8 and returned it to Lohn's 35. It was a return of some 67 yards.

The Bronte line was almost airtight when the Eagles were inside the Longhorn 10 yard line. The Longhorns held the Eagles three times within the 10.

Statistics showed the Eagles gained 9 first downs and the Longhorns 5.

### PLAY IRA TONIGHT

After another week of hard workouts, the Longhorns hope to show improved strength over the Ira eleven here tonight.

The Bulldogs will invade the local field tonight at 8 p. m. All fans are urged to be on hand for the kickoff. The Longhorns are heavy favorites tonight, as the Bulldogs took a 4-0 loss last week from the Robert Lee Steers. The Bulldogs are practically new to conference play, last year having been their first year to play football.

Officials for tonight's game will be James Clay, John Covington and Buddy Mayo, all approved by the San Angelo Officials Association.

Starting lineup, positions and weights of the Bulldogs are as follows: Maupin, RE, 150; Roddy, RT, 160; Bryant, RG, 145; Clinkenbeard, C, 130; Gray, LG, 135; Taylor, LT, 160; Sumrall, LE, 140; Gray, FB, 125; Rosser, RH, 135; Mengwasser, LH, 130 and Woosley, QB, 140.

## Farm Bureau Helps Save Farmer Gas Tax Refund

Driving by a farm near Bronte the other day, C. E. Arrott, president of the Coke County Farm Bureau, saw three tractors operating, a sight not unusual in this county. "It put me to calculating," Arrott said.

According to the 1950 census, there were 386 farm tractors in Coke County. Every legislative session in the past 12 years, at least, the Farm Bureau has waged a fight in Austin to save the tractor gas refund money for the farmers. Figuring conservatively, if the farmers had to pay this four-cent road tax on gasoline burned in tractors not used on the highways, it would cost them about \$40.00 per tractor per year. With 386 tractors in the county, this would mean that the Farm Bureau (which is primarily the only organization that puts up a scrap on this issue) saves Coke County farmers \$16,442.00 every year.

"That's a goodly sum," Arrott said, "that can well be used in meeting other farm operation expenses." He summed up the situation this way:

"Farm Bureau dues in this county are \$7.50 a year. Say an operator has only one tractor. He can pay his Farm Bureau dues and have \$2.00 left on what the Farm Bureau saves him on this one issue."

### JP BUSY

The Justice of the Peace here has been busy the past month taking in fines and hearing cases. Nineteen cases were brought before C. E. Bruton, local justice. He said that most of them were truck violations, such as overloads, too high and too low, not enough clearance lights, etc.

This area of West Texas received varying amounts of rain the first of this week. Bronte's part of the precipitation measured about a half inch.

Farmers and ranchmen were happy about the additional moisture, saying it would help winter pasture they planted after the rain several days ago. Much of this small grain is up and growing rapidly since the additional moisture was received and cooler weather arrived.

Dawson county received up to 6 inches, the highest measure in West Texas, with parts of Mitchell county receiving as much as 4 inches. Blackwell received 2 1/2 inch and Robert Lee got a half inch.

Only .10 was reported just across the county line in Runnels County. Apparently the rain got lighter as it went further east.

Some of the farmers of this area reported that they are getting up a good stand of cotton, the seed having been died out last spring before they sprouted. It makes fair grazing, they say, along with weeds which are coming up everywhere.

Boys exhibiting this year are: Butch Arnold, Silver; Jerry Hurley, Robert Lee; Bobby Hester, Bronte; Sammy Joe Duncan, Edith; Aubrey Don Denman, Bronte; Richard Spencer, Bronte; Wayne Blair, Edith and John Petty, Robert Lee.

In connection with the Sears Swine Program, County Agent T. B. Hicks will judge the Coleman Sears' area show on Saturday, Sept. 27, with Wilson Bryan, 4-H leader, go' g to San Angelo with the Coke County boys. The County Agent also judged the Sweetwater Sears show last Saturday.

### WRITES FROM GERMANY

Gerald Ivey, son of Mr. and Mrs. Buck Ivey of Robert Lee, writes his grandmother, Mrs. Mary Phillips, of Bronte, that he may be home from a tour of duty in Germany in 50 or 60 days. Gerald lived in Bronte as a child and is well known here. He also told his grandmother that he has been riding a bicycle over there in an effort to see the country since they don't have many cars to motor in. He says now he can go as far as 40 or 50 miles a day without getting very tired. He said the bicycles are equipped with gear shifts to make it easier to ride up hills. He writes hoping Coke county is getting some rain, saying they have rains there almost every day.

### ATTEND MEETING

Service; County Clerk Weldon Fikes and Commissioner-Elect Howard Brock attended a meeting of the judges and commissioners of this representative district at Paint Rock last Saturday. # LET'S TALK LIVESTOCK

BY **TED GOULDY**

Fort Worth — Virtually all classes of cattle, calves, sheep and lambs are now selling substantially below prices in effect the week before the Korean fighting broke out—a situation that makes livestock producers wonder what all the shouting about inflation on the farm and ranch is about.

And, here's a tip for radio and cartoonists—don't make jokes about high priced meats! You'll lose your farm and ranch friends for life—because it ain't funny to them at today's livestock prices.

Korean fighting began June 25, 1950. Let's compare today's prices of livestock with the week preceding the outbreak of fighting: Monday they brought \$20 and \$20.25 at Fort Worth, same as on June 22, 1950.

But, cows sold from \$13 to \$22.50 before Korea, and today it's \$9 to \$18. Bulls then drew \$16 to \$22.50, and today sell at \$12 to \$20. Slaughter calves ranged from \$15 to \$30 before Korea and today from \$12 to \$28.50. Slaughter steers and yearlings sold then at \$16 to \$31 and similar cattle today sell at \$12 to \$31.50.

Stocker calves were reported at \$18 to \$31 June 22, 1950, and today similar kinds get \$16 to \$28. Stocker yearlings then brought \$20 to \$29, and today sell from \$15 to \$26. Stocker cows at \$18 to \$25 then, now bring \$14 to \$23.50.

Slaughter lambs at \$16 to \$27 then, currently selling at \$8 to \$24. Yearling wethers at \$15 to \$22 then, now bring \$8 to \$18. Slaughter ewes pre Korea got \$9 to \$11, and now \$5.25 to \$7.25. Feeder lambs at \$15 to \$23 then now sell at \$12 to \$18. Feeder yearlings then drew \$15 to \$21, and now \$10 to \$14.

Just a year ago this week steers and yearlings sold at Fort Worth from \$23 to \$38, \$8 to \$10 above current prices. Cows a year ago this week cashed from \$15 to \$28, bulls from \$28.50 down. Fat calves topped at \$34.50 a year ago this week and stocker calves at \$40 and higher. Six dollars and \$12, respectively, higher than today's levels at Fort Worth. Lambs topped at \$31.50 a year ago, \$7 to \$8 above today. Yearlings brought \$27 against \$18 and down this week. Feeder yearlings drew \$25 and down, and now bringing \$14 and year ago compare with \$18 and down today.

Nope, jokes about high priced meat just ain't funny to the folks that produce livestock for a living!

Fort Worth—Heavy runs of all kinds of livestock were reported over the nation Monday and prices were highly uneven. At Fort Worth cows lost 50 cents or more of last week's advances in the opening session. Bulls were steady to strong. Fed cattle ruled steady, but grassy steers and yearlings were weaker. High quality and lightweight stockers were around steady but the lesser qualified kinds eased.

Choice fat calves were firm, and fat calves generally held steady. Very good demand for stocker cows was uncovered, some good young cows \$22 to \$23.50, several loads at the latter prices.

Hogs advanced 25 cents, topping at \$20 and \$20.25. Sows were steady at \$15 to \$17.

Lambs were 50 cents or more lower. Ewes opened 25 to 50 cents higher and closed weak. Fresh shorn sheep and lambs were discounted \$1 to \$2 under those in the wool.

Good and choice slaughter steers and yearlings sold for \$24 to \$31.50, and common and medium sorts sold for \$15 to \$24, with cutter steers and yearlings from \$12 to \$15.

Fat cows sold for \$14.50 to \$18, and canners and cutters drew \$10 to \$14.50. Bulls sold from \$12 to \$20. Fat calves of good and choice kinds sold for \$22 to \$28.50, while common and

medium kinds drew \$15 to \$20. Culls sold at \$12 to \$15.

Good and choice stocker calves moved out at \$22 to \$28 and common to medium sorts sold from \$16 to \$20. Stocker and feeder yearling steers of good and choice kinds sold from \$22 to \$26, while plainer sorts sold from \$15 to \$20. Stocker heifers sold from \$23.50 down. Stocker cows sold from \$14 to \$23.50.

Good and choice slaughter lambs sold from \$22 to \$25, medium and good kinds sold for \$18 to \$22, and cull lambs, yearlings and two's sold from \$8 to \$10. Slaughter ewes sold for \$5.50 to \$7.25, and stocker ewes sold at \$8 to \$9. Old wethers sold from \$10 downward. Two year olds sold from \$15 down. Old bucks sold at \$6 to \$7.

Stocker and feeder lambs sold from \$12 to \$18 and stocker yearlings cashed at \$10 to \$12.

### Personality Riddle

This five feet and two inch linesman hails as one of the best players Bronte can boast. This individual decided during the summer to become a cowboy along with the rest of his buddies. Now you can see him with close "cropped" hair, tan cowboy boots and a ten-gallon hat (soon he hopes.) Our mystery man is at times mysterious with his coded messages sent via the wall. Who knows? He may make the district team this year. It has been rumored that his closest friends call him hon. He must be quite popular among the students, for he was elected president of his class. Need I say more? (Ans. to last week's riddle is Jane Powell.)

### Baseball's "Mighty Atom"

"Come back after you grow up," the major league scouts told Bobby Shantz. "You're too small for major league baseball." Pint size Bbby hasn't grown any bigger, but today he's the pitching ace of the Philadelphia Athletics and one of baseball's greatest stars.

### Diri

Surprise! Billy Jack stayed home one night last week.

Dean has a sore knee, but it doesn't affect his love life. Billy Paul looked awfully sleepy today in class. He undoubtedly was in Ballinger last night.

Says Mrs. Homer Phillips: My garden was a little jewel this summer—14 carrots.

Jo Ann Gentry. You don't mind my singing do you?

James Luttrell: Not at all. I work in a sawmill!

Beauford J.: Get ready to die. I'm going to shoot you!

Arbie P.: Why?

Beauford: I've always said I would shoot anyone who looked like me!

Arbie: Do I look like you?

Beauford: Yes!

Arbie: Then go ahead and shoot!

Obviously Mr. Gaddy doesn't like singing, or else Mr. Jolley can't sing.

Mrs. Fancher has been quoted as saying she just loves that new Coke machine. She doesn't have to crank it.

Wonder why the girls are losing out in Bronte? I hear a senior boy is keeping an eye on the Ballinger girls.

An English student: Mr. Daniel, why haven't you married?

Mr. Daniel: I am looking for the perfect woman.

## IN OUR TOWN...

Even An Amateur Can  
Do A Good Job—

It's safe to say that most men like to try their hand at cooking once in awhile. While most of 'em are amateurs they have a good time. Whether he's planning on hamburgers, a steak, or a full course dinner, the "self made chef" has little difficulty in finding the "makins" when he shops in Our Town. The merchants here will take care of him and might even throw in a little advice about cooking—at no extra charge, of course. Yes, there's all 'round good living here in Our Town—it's a great place in which to live, trade and do business.

# TEXAS-BORN IKE

...a man of integrity

**He is the Choice of Texas Democrats for President!**

Texas Democrats for Eisenhower!  
That is the rallying cry of Texans who believe in the traditions and time-honored principles of the Democratic Party—but NOT in the policies and practices of Trumanism.

We are the Texas Democrats who have studied the candidates and platforms of the two major parties and are ready to announce: "We like Ike!"

We are the Texas Democrats who feel that best interests of our party, our state and our nation would NOT be served by another four years of Trumanism.

We are the Texas Democrats who stand ready to carry out the mandate of the State Democratic Convention which on September 9, 1952, resolved: "It is the recommendation of the Convention that every Democrat in Texas vote and work for the election of Dwight D. Eisenhower for President and Richard Nixon for Vice President."

If you, as a Democrat, feel as we do—join us! Be a Texan—not a Trumanite... Vote Ike!

I am a Texas Democrat for Eisenhower, and I want to work in my community to elect him. Please send me further information.

### Farm Group Helps Road Program

One of Texas Farm Bureau Federation's major objectives for a number of years has been "to get the farmers of Texas out of the mud."

Coke County farmers should lend wholehearted support to the organization's program, C. E. Arrott, president of the Coke County Farm Bureau, said, because the task grows harder and the need greater each year. The 1950 census showed that 143 of Coke county's farm families lived on dirt roads a mile or more from a paved road, it was revealed by Arrott.

Viewing the situation on a wider scope, Arrott said there are 120,000 miles of dirt roads in the State of Texas, 66,000 of which are school bus routes.

A road program is one of the

jobs which Farm Bureau will be working until a plan is adopted that will build adequate roads for school buses and for farmers to get their products to market, Arrott said.

Farm Bureau sponsored the Sewell Bill in the last session of the legislature, which proposed a tax of one cent per thousand cubic feet on natural gas, the major portion of which is shipped out of the state. A token tax was levied on natural gas, but sponsors of the bill failed to get any portion of the funds earmarked for building roads. The greatest opposition the Farm Bureau has yet encountered on its road fight is looming in the next session, Arrott declared.

Marion McCutchen and Jack Neal Vaughn were home for the weekend. They are attending the Junior College at Ranger.
