PERSONALITY RIDDLE

The Bronte School considers itself very lucky indeed to have

such a competent individual to assist us here. This individual has light brown hair, large brown eyes, and wears rimless glasses. This mystery personality is one of the most pleasant individuals on our campus. Her talents must be many, because

her duties are varied.

On first arriving at school, this person usually greets an individual and he feels at home. Quiet and efficient, with a winsome smile and an efficient manner, she is indeed an asset to any school or community. This person is married. Who is she? (Ans. for last week—Rita McCutchen)

(Teacher's Revenge)
By Lula Jo Holcombe

How you sit and think and think
O'er the lessons I have taught—
Whether this verb will "act" or
"link"
Or if past tense of "catch" or
"caught".
A predicate adjective runs you
crazy.

And when your mind becomes
too hazy,
You run to me to ask a question!
It almost gives me indigestion!
I've explained and preached and
fussed,
Diagrammer for you warned,
discussed,
And when test time comes for
you,
You simply don't know what to

do!
It's lots of fun to sit and rest,
And watch you students take a
test
Writing all you know on "cases"
While I just sit and watch your
faces.
I know its hard to keep your chin
But where do you think I come
in?
You answer questions only once,
While I teach 30 days! (Such a
dunce)
A teacher is to spend his hours,
Teaching a thing that finally
sours,
And causes students to cut ca-
pers—
After all—I have to grade your
papers.

NEWS NOTES

OCT-12-18 THIS IS OIL PROGRESS WEEK

Progress 1952

Texans have a natural interest in the oil industry, which is so important in our State, and in the progress made since Oil Progress Week was last observed. Here are a few quick facts:

New Wells—During the twelve months ending August 31, 1952, the Texas oil industry drilled 17,000 new wells, at a cost of over \$700 million. Most of the heavy expense of drilling these new wells was paid from earnings plowed back into the development of the State's oil resources.

Transportation—The total mileage of Texas' trunk pipe lines for oil and finished products is over 29,000. This low-cost transportation system is a major factor in the maintenance of the low prices you pay for petroleum products.

HUMBLE TEXAS OPERATIONS	
Twelve Months Ending August 31, 1952	
Wells Drilled	891
Average Production, in barrels daily	330,100
Employees in Texas, August 31	17,775
Baytown Refinery: Average crude runs to stills, barrels daily	249,310
Humble Pipe Line Co. operates 5,895 miles of trunk lines for oil and finished products, which had transported a daily average of 722,600 barrels in the year ending August 31.	

Production—Production has reached a record level. Texas currently is producing about 46 per cent of all the crude oil produced in the U. S. In the year ending August 31, Texas production totaled about 1,015 million barrels. There are now 133,800 producing oil wells in Texas.

Reserves—Proved oil reserves in Texas of 18 billion barrels represented 57 per cent of the U. S. total at the beginning of 1952. During 1951, the last year for which figures are available, proved reserves increased two billion barrels. These are *developed* oil reserves and the figure is important: developed reserves supply our needs currently and provide reserve capacity that is immediately available when we need it.

Refining—The Texas refineries will have a big year. They now employ, in round numbers, 46,000 Texans, and process about 28% of all the oil refined in the U. S. The daily refining capacity of all Texas refineries exceeds 2,000,000 barrels. A program to expand and improve these facilities has been general throughout the industry.

Taxes—The Texas oil industry continues to be the largest tax-payer in the State. Through the year ending August 31, gross production taxes alone on Texas oil and natural gas amounted to more than \$137 million; in addition, the industry pays large amounts in other taxes.

In brief, the Texas oil industry during the past year continued to do its part in meeting the demand for oil. It has expanded pipelines to provide low-cost transportation. It has improved facilities for making more and better petroleum products for your use. Today, two gallons of gasoline do work that required three gallons in 1925; and the gasoline costs no more than it did then.

MCMURRY COLLEGE HOMECOMING IS THIS WEEKEND

Approximately 1,500 students and alumni of McMurry College are expected to attend homecoming festivities on the Abilene campus, Oct. 17 and 18.

The McMurry-Abilene Christian College football game, generally known as the "Army-Navy Game of Abilene," will climax the two days of festivities on the Reservation.

For the second year in order to carry out McMurry's Indian Theme, a teepee Indian Village will be erected on the campus. One large wigwam, surrounded by 15 smaller ones sponsored by individual organizations, will center the village and serve as homecoming headquarters.

Homecoming actually gets underway the morning of Oct. 18 as the majority of 'he exes' coffees, luncheons and meetings are set for Saturday. During the afternoon, the exes will hold a general assembly where they will hear the 55-piece Indian band. A parade at 4 p. m., a faculty reception at 5 p. m. and dinner at 6 p. m. will conclude the afternoon's activities. The football game at 8 p. m. in Fair Park will round the homecoming festivities for '52.

State Fair Closes This Weekend

Last chance to see the sparkling 1952 edition of America's largest annual exposition the great State Fair of Texas in Dallas, or another opportunity to view the fair for those who've already been once, will be this weekend. Final day of the fair is Sunday, Oct. 19.

There'll be plenty going on as the fair whirrs to a close in a blaze of activities. Saturday, Oct. 18, is Ft. Worth

Day at the fair featuring a big-time professional football game in the Cotton Bowl at night between the Dallas Texans and the Green Bay Packers. The Koshares will present a free performance at 4 p. m., and a four-hour program of western music will be put on by radio and TV stars in the Bandshell at 8 p. m. Sunday, Oct. 19, a solemn religious festival in the Cotton Bowl at 8 p. m. will bring the fair to a close on an impressive spiritual note. Dr. Daniel A. Poling will speak; mixed choirs will sing. Admission to the fairgrounds will be free after 6 p. m. on Sunday.

FELLOWSHIP CLASS

The Fellowship class had a party in the Methodist church Monday night. A short business meeting was held to elect new officers for the coming year. D. K. Glenn was elected president of the class; George Thomas, vice president; Mrs. J. T. Henry, Secretary; Mrs. Bonnie McAulay and Mrs. Clifford Clark, "reasurer."

Refreshments of pie and coffee were served and the group played 42. Mrs. A. S. Whatley is teacher of the class.

ARK & DOVE CLUB HAS FIRST MEETING

The first fall meeting of the Ark and Dove Catholic Study club was held October 3 in the home of Mrs. Frank Dickey in Robert Lee.

Father Fidelis, presiding over the group, noted the current observance of the 500th anniversary of the printing of the first book, the Catholic Bible, printed in 1452 by John Gutenberg. He was the Catholic inventor of the printing press, in Mainz, Germany.

In observance of Catholic Bible week, Bible history was discussed and renewed devotion to the Holy Scriptures was expressed.

Light refreshments were served to Father Fidelis and Mmes. Frank Percifull, A. V. Hughes, F. S. Dickey, R. A. Stroud, A. M. Neel and Jack Price of Bronte and James Burnett of San Angelo.

All interested ladies in the vicinity are invited to contact Mrs. Price in Bronte for information concerning future meetings of the study group.

Last week the meeting was in the A. V. Hughes home in Robert Lee and will meet Friday at 2:30 in the home of Mrs. Jack Price in Bronte.

Miss Hawkins Is Club Speaker

The home of Mrs. Edna Butler was the meeting place for the Progressive Club. Topic for the evening was on citizenship and Miss Eudora Hawkins of Abilene showed a film and gave an interesting discussion of "The Price of Freedom."

Several guests were present including Miss Hawkins, Mmes. Marvin Simpson, Bruce Clift, Cortez Russell and Robert Read of Robert Lee, and Mmes. Otis Smith, D. K. Glenn, E. C. Rawlings, A. J.
