HOME COMPLEXION  
TREATMENT**

**Merle Norman Powder Base**

Comes in five shades — Light, Medium, Midtone, Brunette and Dark — It is 100 per cent water proof (Pretty swimming), 75 per cent sun and wind proof, therefore it is a simple protection for your face.

It is medicated and good for cuts and burns. It does not bleach the skin nor will it remove freckles which are already formed, but it will prevent freckles from becoming pigmented, and hence, they are less apparent...

MERLE NORMAN POWDER BASE is thin enough to be easily applied, thick enough to hide blemishes and hold your powder on for hours...

Skin exposed to the many forms of dust, wind, vapors, and other elements, have among other effects, a very dehydrating or drying reaction with the skin, and therefore, in addition to a protective agent, the skin is also very much in need of an emollient to soften and smooth it, and to keep it supple and pliant.

MERLE NORMAN POWDER BASE contains emollient oils which function as such without making the skin feel or appear oily.

Put a small amount of MERLE NORMAN POWDER BASE on your finger tips. Use long strokes upward toward the hair line, downward strokes on neck, until base is thin and smooth. Now you are ready to apply eye shadow. Don't say "No," girls, for you will love it, and you can read the free directions here next week.

**Ark and Dove Study  
Clubs Meets in Robt. Lee**

The Ark and Dove Catholic Study Club met last Friday in the home of Mrs. Frank Percifull, Jr. in Robert Lee. The study of a "Bible History" was continued with the text centering around the Ten Commandments given to Moses by God.

Father Fidelis announced the change in schedule of the Holy Sacrifice of the Mass at St. Isidore's Church. As a result of the new privilege granted by the Pope for the celebration of evening masses, the new time will be 7:30 p. m. on Fridays at St. Isidore's. Confessions will be heard before Mass and those who wish to receive Holy Communion in the evening Mass are permitted to take a meal up to three hours before Mass or the Communion. Water may be taken any time, due to another new privilege.

After Friday's meeting, Cokes and cookies were served to Father Fidelis, and Mrs. J. C. Dickey, Frank Dickey, Sr., A. V. Hughes, R. A. Stroud, A. M. Neel and Jack Price.

There will be no meeting of the Ark and Dove this week but the group will meet with Mrs. R. A. Stroud in Robert Lee next week. The meetings are open to all Catholics or interested non-Catholics in this vicinity.

**THINK IT OVER**

Russia spends 8 per cent of its national income to indoctrinate its children in communism, but we spend only 3 per cent to teach the priceless heritage of democracy.

**ASSEMBLY PROGRAM**

The Wallace Chime Ringers presented a program in the high school gym last Monday morning. The couple played many different kinds of music. They had four large percussion instruments weighing over a ton. The instruments were the Triple Octave Chimes, Swiss Bells, Vibratone and Marimba.

The Chimes were a rare and valuable set of 100 chimes. The set of 50 Swiss bells are imported and played by hand. The vibratone is an instrument of superb tonal qualities. The Marimba is a four octave instrument, organ like in tone.

Mr. and Mrs. Wallace are both very talented people and the performance was enjoyed very much.

**LONGHORN CHATTER**

There's never a dull moment around dear old BHS. The news hounds, including both of the new ones, have been on the "loose" this week.

Don M. sure does seem to like cherry lollipops. We are just wondering why? Looks like this chap has forsaken his coon hounds and found something else to do at night.

Note to the Freshman lassies and anybody else who is interested: "We mind everybody's business." This little note must be from the Freshman boys!

Patsy M., the Ava Gardner of BHS, certainly got her eyes full the other evening spying on Jo and Dean at play practice.

Billy Jack seems to like Tech very well. What did you see down there that was so interesting?

The law specifically requires County Clerks to approve Notary bonds and individuals should not send money or requests for commissions direct to the Secretary of State. All Notary matters can only be received by the Secretary of State after the County Clerk acts thereon.

Any person who has not heretofore been a Notary Public should apply to his County Clerk between May 1, 1953 and May 23, 1953, if he desires to have this application given prompt attention in the State Department, as the rush of reappointing all old Notaries may slow up the ordinary process of making new appointments and issuing commissions.

Secretary of State Carney said, "Each person applying for a commission as a Notary Public must be at least 21 years of age and a resident of the County for which he is appointed; exact names and permanent addresses should be given to the County Clerk in applying for a commission, as location of the Notary may be necessary long after he has notarized a particular instrument."

(The above information is being published at the request of Weldon Fikes, Clerk of Coke County.)
