BRONTE, TEXAS, AUGUST 7, 1953

No. 32

First Wilberns Oil Found North of Here

Announcement was made this week that Coke County has the first discovery of oil in the Wilberns dolomite of the Cambrian in West Texas, and so far as has been determined, in the world.

It has been announced in the press that a well in the White Flat section of Nolan County had the first such production, but Humble has reported that its No.

3 Butner in the North Bronte field was completed in that formation last Feb. 24.

When No. 3 Butner was completed, Humble geologists called the section Ellenburger dolomite, but the company's paleontologists have determined that the samples were from the Wilberns section of the Cambrian.

Humble No. 3 Butner was potential for 300,82 barrels of 52 gravity oil. It also showed production in the Hickory sand of the Cambrian. Salt water developed in this formation, however, and operator plugged back and perforated between 5,541-53 feet where the well was completed. It is the lone producer in the North Bronte 5500 Field.

Alma Dahmann And Glenn Erwin Married July 26

Miss Alma Dahmann and Glenn W. Erwin were married July 26 at the Manse of the First Presbyterian Church (USA) in a double ring ceremony. Rev. Alvin O. Rue, pastor of the church, performed the ceremony.

Mrs. Erwin, who has been employed here by the West Texas Utilities Co., is the daughter of Mr. and Mrs. Fred Dahmann of Ballinger and the bridegroom is the son of Mr. and Mrs. Finis Erwin of May.

For her wedding dress, Mrs. Erwin chose a tailored ensemble of light blue linen with tan and white accessories.

Mrs. Erwin is a graduate of Ballinger High School. Mr. Erwin graduated from Cross Plains High School. He is employed by the West Texas Utilities Co. at Ballinger.

The couple went to New Mexico on their wedding trip and are now at home in Ballinger.

WHD Musical Post Office Was Success

The Musical Post Office sponsored by the WHD Council July 23 at Robert Lee was a fine success. Packages sold at a miniature post office built at the entrance of the auditorium, for 25 cent a package. They were from various cities in Texas and other states. Cakes, cookies and candy were also auctioned at intermission.

A talent show was enjoyed by the crowd. Chester Derriek and Ed Garvin were the Masters of Ceremony. Talent was brought from Green Mountain, Bronte, Norton, Ballinger and Tennyson. Eddy Garvin, George Powers, Sammy Duncan, Nell and Betty Lois Burson, Jean and June Moore, Richard Beck, Barbara Singleton, Stanley Phillips, Clifford Holser, James Houston, Bert and Homer Cornelius, Chester Derriek, Robert Brown, Ola Sue Brown and Russell Brown appeared on the program. James Houston furnished the P. A. system.

Proceeds went to the Coke Co. HD Council for furthering their work in the county.

COUNTY AGENT'S COLUMN

GRAIN CUBES VS. COTTON SEED CAKE AND GRAIN

Since grain cubes made from cottonseed meal and grain have been made available to farmers and ranchers, there have been many inquiries as to the relative cost. Without any criticism of grain cubes or of those who make them, we would like to call a few facts to the attention of the farmer-ranchman.

Under the present drought program, cottonseed cake, wheat, corn or oats are within the \$35 per ton range. Grain cubes are being priced at \$48 to \$51. This represents approximately a \$15 spread on a ton of feed. Here are a few things to think about. First, cattle and sheep must have roughage or hay of some kind regardless of how much concentrates are fed. If this \$15 should be spent for good grade alfalfa hay some of this roughage would be met and the rancher would have more than a ton of good feed. In addition to more pounds of feed, the vitamin A requirements for normal body maintenance and health would be supplied. For mineral requirement

it is a good plan to have salt and bone meal mixture available free choice all the time.

OATS FOR SEED
Some inquiries are coming in regarding seed oats for planting this fall. If these seed oats and barley could be purchased now, the price would likely be less than it will be if we wait until the day before we want to plant. If farmers and ranchers will notify the County Agent as to your needs for fall planting seed, the needs will be passed on to the feed and seed dealer who will be glad to supply these needs at the lowest price possible.

The Hay Situation
We have letters from hay dealers in El Paso irrigation area who want to sell hay. Also we have a letter from a grower of grass hay in Louisiana who wants to sell at his farm. Predominantly carpet grass, second cutting at \$15 per ton F. O. B. loading station.

Farmers and ranchers may contact County Agent's Office for listings on hay. Hay should be purchased early before the seasonal rise sets in.

TWO BRONTE SCHOOL TEACHERS TURN IN THEIR RESIGNATIONS

High School Principal W. N. Gaddy and Band Director Vershel Smith this week turned in their resignations to Matthew Caperton, secretary of the local school board.

H. M. Daniel, high school English teacher, also resigned recently, going into the army. The vacancy created by his resignation has been filled by the election of Vetal Flores.

Caperton said that the school is advertising for teachers to fill the vacancies left by Gaddy and Smith. He said he didn't think there would be much trouble in filling the vacancies since the Bronte schools pay teachers more than the average over the state. He added, however, that qualified band directors are a little hard to find.

Gaddy started teaching here in 1948 and served that year as high school principal coach and natural sciences teacher. Since his first year, he has been serving as principal and science teacher.

Smith, in addition to serving as band director, has been a teacher in the grade school and has been sponsor of the Chalk Dust column carried by The Enterprise during school sessions, and the school annual.

Smith's home is at Ballinger, while Gaddy has made his home on his farm east of here. It was reported that Gaddy will move to Grand Falls. Smith's plans have not been made known here.

W. N. GADDY

VERSHEL SMITH

BAPTIST REVIVAL NOW UNDERWAY

With increasing attendance and interest in the Revival meetings now being held at the Baptist Church "the remaining days of this great revival will be observed, expecting great things from God," according to the local pastor, Rev. M. R. Rogers.

In the Friday night services Evangelist R. Q. Harvey, from Waco, will preach on the subject "The Greatest Question in Life." Services begin at 8 p. m. under the stars next to the church, weather permitting. Following preaching, Dr. Harvey will show the 4th colored 16 mm film reel on Scotland, England and France, which includes the scene of the site where Adolf Hitler committed suicide, and scenes behind the Iron Curtain in Russian Occupied Sector of Germany.

Bronte citizens are enthusiastic in their praise of appreciation of Dr. Harvey's splendid films.

Saturday morning there will be no morning service, but in the 8 p. m. service, Evangelist Harvey will preach on the subject "God's First Question To Man."

The evangelist will speak on "Voices Calling the Lost" in the Sunday morning worship service at 10:45 a. m. In the 9:45 a. m. Sunday School hour a new attendance goal of 261 has been set, the number of enrollment in the Sunday School. This will be "High Attendance Day" in every department and class.

In the Sunday night closing service at 7 p. m. Dr. Harvey will introduce four guests from four foreign lands, dressed in their native clothing, and speaking concerning their habits of living. At 7:30 p. m. a Baptismal Service will be conducted by the pastor. And at 8 p. m. Evangelist Harvey will preach on the subject "Why I Belong to the Church?"

"Baptist members and others are recognizing this as one of the greatest soul stirring Revivals ever held in Bronte. We have come to know that Dr. Harvey is a man of God, having given his life unreservedly to preaching God's word and winning the lost to a saving knowledge of Saviour and Lord," stated Rev. Rogers.

Mrs. Monroe Alexander, Billie, Eddie and J. L. will leave tomorrow for Collinsville, Illinois where they will visit their daughter and sister, Mrs. Richard Webster, and Mr. Webster. They will be gone a week.

H. M. DANIEL

1951 Seniors Have Annual Reunion

The Senior Class of 1951 had their annual class reunion Saturday night, July 25, at the Ballinger City Park. The room mothers of the class served a picnic supper.

Present were: Dean Beaver, Gypsy Blaylock, Herman Baker, Peggy Black and son, Don Daniels, Doyle Adair, Gerald Sandusky, Charles Blue, Woodrow Howell, Bill Hipp and Sue Copeland.

Also Mr. and Mrs. J. T. Henry and Linda, Mr. and Mrs. T. E. Blaylock and Sonnie, Mr. and Mrs. W. Hipp, Mr. and Mrs. John Coalson and James, Mr. and Mrs. Donald Huffaker, Mr. and Mrs. Pat Beaver, Mrs. J. I. Adair and Mr. and Mrs. W. M. Culp.

Class members who were unable to attend were Mrs. Juanetta Coalson Hipp of Hobbs, New Mexico, Vance Winn of San Angelo, Mary Brown of Norton, Kansas, Neal Woods, somewhere in the Air Force and Joe Whalen, stationed in Alabama with the Air Force. The class has two members already in the armed forces and Don Daniel will leave August 17 for duty with the services.

PUBLIC NOTICE

Notice is hereby given that there will be a public budget hearing for the City of Bronte at the City Hall, Bronte, Texas at 8 p. m. on Monday August 24, 1953.

H. O. Whitt, Mayor
City of Bronte

L. P. Ray of San Angelo was a business visitor in Bronte Wednesday.

Government Ready on Drouth Relief Loans

Financial aid to drought stricken farmers and ranchmen of Texas was promised immediately by State Director L. J. Capleman from his office in Dallas upon being informed today by Secretary of Agriculture Ezra Taft Benson that details of Public Law 38, Section Two, the new special livestock loan, are complete and that lending procedure has been announced.

Funds are available from a revolving fund containing up to

\$150,000,000 and the purposes for which loan funds may be used include a long list of essential ranch operating purposes such as feed, grazing lease charges, crop land rentals for production of feed, purchase, hire and repair of farm machinery, building or repair of fences, transportation of cattle to and from grazing lands; payment of one year's operating interest on debts secured by liens on chattels or real estate, payment of one year's taxes on real and personal property, purchase

of livestock for replacement or restocking, but not expansion of normal operations; for water supplies, living expenses, normal maintenance of farm and ranch buildings and other operating expenses, but not to refinance secured or unsecured debts nor to establish a man in livestock operation.

Interest rate on Special Livestock Loans for ranchmen is 5 per cent and repayment must be scheduled within three years, because of the difference in the type of loan. Present FHA county committee will certify Special Livestock until such time as the Secretary of Agriculture may set up special committees.

Mr. Capleman has instructed county FHA Supervisors to give priority to Crop Disaster and special Livestock Loans and to call into session county loan committees as often as necessary to pass on the applications and expedite the loan making procedure. He emphasized that money is available for the purpose of obtaining seed and other necessary supplies to start a new crop and to carry farmers and ranchers through this emergency and take care of their normal needs.

The Farmers Home Administration is ready to receive applications and process loans immediately. The entire state is already a designated disaster area and loans can be processed without delay to purchase feed and to meet crop production needs in any county.

Paul C. Shillenburg is County Supervisor for Nolan and Coke counties and is in the office each Thursday in Robert Lee. The office is located in the Agricultural Building.

SEVENTH PAY DISCOVERED IN NORTH BRONTE-RAWLINGS AREA

An upper Canyon strike marks the seventh pay from which production is being taken in the North Bronte Field. Humble 4 M. A. Rawlings has been completed for a daily flowing potential of 278.31 barrels of 45.4 gravity oil. Production is from perforations between 4,146-60 feet.

The well produces equally from this section and a section from 4,510-79 feet. It had a daily potential from the lower section of 168.44 barrels of 44.5 gravity oil.

Besides the upper Canyon, production has been found in the area in the Canyon, Palo Pinto, Goens, Gardner, Ellenburger and Cambrian.

Plymouth Oil Co. has staked a wildcat five miles southwest of Bronte. Plymouth No. 1 R. E. Hickman will be 660 feet from the northeast and southeast lines of 9660-S. A. Maverick survey. It will be drilled to 6,500 feet with rotary.

The wildcat is 5/8 mile north-

west of production in the newly opened Wendkirk field.

Humble has completed its No. 6 Butner in the north Bronte field. The well flowed 19.03 barrels of 44.1 gravity oil from a section between 4,481-4,551. It is the third producer in the North Bronte 4500 Field.

In the Fort Chadbourne Field Stanolind No. 19 Edna Wylie has bottomed at 5,572 feet and plugged back to 5,562 feet. Perforations will be made from 5,534-466 feet.

Bronte All-Stars Split Two Games With RC Cola

The Bronte All-Stars will engage the Reliable Dry Goods softball team from Colorado City on the local diamond Saturday night. There will be a double header, with the Teen age all-stars also engaging a Colorado City team, beginning at 7:30 p. m.

Last Saturday night, the local All-Stars engaged RC Cola of San Angelo in a double header. Bronte won the first game 3-2 but lost the second game 4-3. Jodie Hedges was the winning pitcher in the first game and Bobby Choates the loser. J. W. Caudie was Bronte's leading hitter with a double and a triple. His triple came in the bottom of the 7th and he then scored the winning run on a single by Marion McCutchen.

The second game was another thriller. RC took an early lead and going into the bottom of the seventh was leading 4-2. Bronte scored 1 run and had the bases loaded when J. W. Caudie struck out for the final out. Elton Cates was the winning pitcher and Billy Thomas the loser.

Former Bronte Pastor Keeps Date Made a Year Ago

The Rev. V. D. Price, former pastor of the First Baptist church in Bronte, kept a promise this week that he made a year ago. The minister promised to return to his former home at Nunely in Fannin County to conduct a revival meeting shortly after he was stricken with polio a little more than 12 months ago. He was scheduled to hold the meeting last year, but infarctile paralysis interferred.

Rev. Price is now pastor of the Sunnyside Baptist church in Dennison. He was absent from his pulpit for several months after being stricken with polio. His first sermon after having the disease was preached from his bed. A short while later he was able to be wheeled to the pulpit in a chair. Then he graduated to crutches, and only recently began getting around with the use of braces and a cane.

The story related above was taken from a news item in Sunday's Dallas News.

Ribbons Awarded 4-H Bread Show Winners

The 4-H girls of Coke County participated in a bread show, Saturday, July 25.

Breads shown included muffins and biscuits. Ribbons awarded in the biscuit division went to:

Joyce King, blue; Dannel Dixon, red; Betty Bennett, white.

In the muffin division, ribbons were awarded to:

Marjorie Gladys Rives, blue; June Moore, red and Annie Gartman, white.

Others entering the show included Alta Faye Eubanks, Jean Moore and Shirley Rogers.

Exhibits were displayed by Joyce King, Danell Dixon and the Starlight 4-H Club.

Judges for the show were Mmes. Frank Bryan, Royce Fancher and W. T. Roach.

Humble Wins Softball Flag

In a play off for first place last Thursday night, the Humble Oilers defeated the High School 4-3. It was a thrilling game down to the final out.

The High School was ahead 2-0 going into the top half of the 6th inning. One of these runs came in on a tremendous home-run by Jimmy Gray. In the 6th, the High School fell apart and Humble scored all of their runs.

J. L. Alexander led off with a single and went to 3rd on 2 errors by the High School. He scored on a single by Bobby Lasswell. Marlon McCutchen followed with an infield hit and after Caudie fanned Delbert Coalson drove in both runners with a single to center. He scored on the same play when the High School made two more errors. The High School scored 1 more run but it was not enough.

Billy Thomas, the leading pitcher of the league, was the winner and Lyndon Waldrop the losing pitcher. Waldrop struck out 15 men and Thomas 9.

TENNYSON THIRD
In the playoff for third place,

Tennyson defeated Robert Lee 10-2. It was no game from the start as Tennyson scored in almost every inning. Jodie Hedges the Tennyson pitcher, allowed 5 hits and struck out 15 men. Wayne Arrott was the leading hitter for Tennyson with a triple and two singles in three trips to the plate. Nolan Bahlman was the losing pitcher.

FRIDAY NIGHT GAMES

The Pee Wee and Junior leagues played their all-star games Friday night. In the Pee Wee league, a team composed of Gulf and Bronte Tractor players, defeated a team composed of Cumbe and Mackey and Texaco players, 20-7. It was one of the wildest games seen here this year. Bennie Corley was the winning pitcher.

In the Junior League, Red & White and Capertons combined to beat the Lions and Bronte Pharmacy 10-2. Tommy Taylor, the winning pitcher, allowed only 3 hits. Billy Charles Wrinkle hit a 3 run home run for the winners. The winners were helped by 7 errors by the losers.

PRICE the "low-priced" cars, add a few dollars more, and there you are. Because that's all the money it takes to buy this great new 1953 Buick SPECIAL. That's all it takes to boss its high-compression Fireball 8 Engine—now stepped up to the highest horsepower in Buick SPECIAL history. That's all it takes to enjoy its still finer Million Dollar Ride—its full six-passenger roominess — its light-as-a-flyrod handling ease. But if you're surprised at this news, we can't blame you a bit. Most people are—when they learn that you can get Buick styling, Buick structure, Buick room and power and comfort and steadiness, all for just a few dollars more than the cost of the so-called "low-priced three." Add another happy surprise. In this Buick you get a long list of "extras"

Move right in for less than you think
at no extra cost—things like direction signals, dual map lights, twin sunshades, lighter, trip-mileage indicator, automatic glove-box light, oil-bath air cleaner, full-flow oil filter, bumper guards front and rear — things most other cars of similar price charge as extras.
So there you are—definitely able to move right into this big, broad, robust-powered Buick for a price you'd expect to pay for a lesser car.
Why not drop in on us to see and drive this honey of a buy? The rest we'll leave up to you.

Come in and ask us about the low delivered price on this new **1953 Buick SPECIAL** 2-Door 6-Passenger Sedan

Baptism Requires:

1. A penitent believer as a subject.

Acts 8:12—"But when they believed Philip preaching good tidings concerning the kingdom of God and the name of Jesus Christ, they were baptized, both men and women."
Acts 2:38—"And Peter said unto them, Repent ye, and be baptized every one of you in the name of Jesus Christ unto the remission of your sins; and ye shall receive the gift of the Holy Spirit."

2. Baptism before Salvation.

Mark 16:16—"He that believeth and is baptized shall be saved; but he that disbelieveth shall be condemned."

3. DEATH, BURIAL, RESURRECTION.

Rom. 6:3-5—"Or are ye ignorant that all we who were baptized into Christ Jesus were baptized into his death? We were buried therefore with him through baptism into death: That like as Christ was raised from the dead through the glory of the Father, so we also might walk in newness of life. For if we have become united with him in the likeness of his death, we shall be also in the likeness of his resurrection."

I'd been planning to buy a higher-priced car until I found out all Chevrolet offered—and how much I could save!

You get more power on less gas
That's because Chevrolet's two great valve-in-head engines are high-compression engines. In Powerglide* models, you get the most powerful engine in Chevrolet's field — the new 115-h.p. "Blue-Flame." Gear-shift models offer the advanced 108-h.p. "Thrifty-King" engine.

And it's the lowest-priced line
A demonstration will show you that Chevrolet offers just about everything you could want. Yet it's the lowest-priced line in the low-price field.
*Combination of Powerglide automatic transmission and 115-h.p. "Blue-Flame" engine optional on "Two-Ten" and Bel Air models at extra cost.

You get greater getaway with the new Powerglide*
A lot finer performance on a lot less gas. That's what you get with the new Powerglide automatic transmission. There's no more advanced automatic transmission at any price.

You're "sitting pretty" behind the wheel
Take this Bel Air model. First thing you'll notice is the quality of the interior. Rich-looking appointments. Roomy seats with foam rubber cushions. Turn the key to start the engine and you're ready to go.

piece windshield. The panoramic rear window and big side windows provide a clear view in all directions.
Biggest brakes for smoother, easier stops
An easy nudge on the pedal brings smooth, positive response—right now! Chevrolet's improved brakes are the largest in the low-price field.

It's heavier for better roadability
You're in for a pleasant surprise at the smooth, steady, big-car ride of this new Chevrolet. One reason is that, model for model, Chevrolet will weigh up to 200 pounds more than the other low-priced cars.

Let us demonstrate all the advantages of buying a Chevrolet now!

MORE PEOPLE BUY CHEVROLETS THAN ANY OTHER CAR!

Cool Looking

with an

Electric Range

You, too, can make your kitchen a cooler, happier place to work... when you switch to Electric Cooking. The new high-speed units, which heat almost instantly, let you select the exact temperature you want and send that heat directly into the utensil, not into the room. And the oven — insulated on all sides — can be used for hours without raising the kitchen temperature as much as 1 degree. Yes, for cool, comfortable cooking, women everywhere are switching to Electric Cooking.

There's a Modern Electric Range to fit your needs!

SEE YOUR DEALER TODAY

P-4-5-1 Did you know that with an electric range you can enjoy all the advantages of an electric hot-water heater on a low off-peak rate of 1c per kilowatt?

LET'S TALK LIVESTOCK

BY **TED GOULDY**

FORT WORTH — The headline of the week pertaining to farming and ranching appeared in the Groesbeck Journal, to our notion. It certainly covers the situation in many, many sections of the Cotton Belt. It reads: "Everything But Atomic Bomb Being Used to Save Cotton"

The collapse of hog prices all over the country in past weeks has been a graphic example of

Dr. Rubie Rosson

OPTOMETRIST

WINTERS

the manner in which the consumer controls the price of meats. Pork supplies are currently 15 percent above a year ago. On the basis of short supplies, prices rocketed into sharply higher levels met consumer resistance, and dropped by 25 percent in the month of July.

Earlier prediction that hogs might hit \$30 before Summer was over seems to have gone by the boards for good. Folks won't pay those kind of pork prices.

The American Meat Institute says the wholesale meat price index is now 16 percent below the August 1, 1952 level.

At Fort Worth Monday hog prices tumbled again, by 75c-\$1 per hundred. Heavier and lighter weights were \$1 to \$2 off and sows shared the biggest drop. Top hogs drew \$23.00-23.25; lighter and heavier weights sold for \$20-\$22. Sows drew \$17-\$20.

Cows and bulls were strong to 50 cents higher at Fort Worth Monday. Steers and yearlings were slow and weak. Killing calves were steady to weak. Stockers and feeders ruled 50 cents or more lower. Good fed steers and yearlings \$18-\$20; choice to \$22-\$30. Plain and medium grassers \$10-\$17. Fat cows \$9.50-12.50; canners and cutters \$6.00-\$9.50. Bulls \$8.00-13.00.

Good and choice fat calves \$16-19; common and medium \$12-15; culls \$8-11. Stocker steer calves \$13-19.50; steer yearlings \$18.50 down. Stocker cows \$10-16.

Slaughter sheep and lambs were steady at Fort Worth Monday. Stockers and feeders were dull, weak to lower. Good and choice fat lambs \$20-22 and common and medium offerings drew \$12-19, culls \$8-12. Feeder lambs \$12-\$19, culls \$8-12. Feeder lambs drew \$13-15.

Slaughter ewes sold from \$4 to \$6; some solid mouthed stocker ewes \$7-10. Old wethers drew \$6-10. Slaughter yearlings \$12-17. Two-year-olds \$10-12.

HERE'S BLACKWELL

By Mrs. Charles Ragsdale

Mr. and Mrs. Walter Sanders have as their guests her nieces, Kay and Sue Coleman, of Big Spring.

Bud Caruthers is ill in the Bronte hospital.

Mrs. Pat Massey and children of Elida, N. Mex., are visiting her parents, Mr. and Mrs. B. N. Walls.

PREDICTS HIGH LEVEL ECONOMY

AMERICAN business faces its greatest responsibility in history to maintain a high level of production that will provide full employment and an ever-rising standard of living for the American people, according to James J. Nance, president, Packard Motor Car company. The nation has successfully achieved a dual economy — high production of both defense and civilian goods — as a result of the past 13 years of war and defense preparation. He said international developments need not materially alter this basic situation.

Addressing the recent convention of the Advertising Federation of America, Nance, one of the nation's leading industrialists, called for "dynamic distribution" as the link between production and the public, and the only assurance the nation has to sustain the present balanced economy.

Nance last month was named "business statesman of the year" for his accomplishments in returning Packard, once the foremost producer of fine cars, to the luxury car field with its line of Packard cars and custom limousines, and in expanding his company's operations to keep pace with changing marketing conditions.

The public is best served by a market in which employment and income are high so that people have buying power and at the same time production is also high and unrestrained by shortages.

JAMES J. NANCE
 President
 Packard Motor Car Company
 Detroit

he said. Such a market can be kept in balance only by actual demand creation.

The automobile executive said he was convinced that the share of business revenue devoted to advertising, promotion, merchandising and marketing research will have to be increased.
