Oil Activity in Bronte Area Appears to Be on the Increase

Shamrock Oil & Gas Corp. has filed application to drill a 4,500 foot rotary wildcat, its No. 3 H. G. Wendland, about five miles southwest of Bronte.

Operations on the prospector will begin immediately.

Location, on a 4,340.08-acre tract is 330 feet from the northwest and southwest lines of 454-F. Merkel, certificate 401, abstract 517.

The prospector is 3/8-mile southeast of production in the newly designated two well Wendkirk (Cisco) field.

The Wendkirk (Cisco) field has gained its second producer and a

one location northeast extension with the completion of Kewanee Oil Co. 1-A Wendland for a daily pumping potential of 38.28 barrels of 40.5 gravity oil, plus 25 per cent water. Gas-oil ratio was too small to measure.

Production was through perforations between 3,645-54 feet in 5 1/2-inch casing cemented at 3,695 feet. Top of the pay was picked at 3,648 feet on elevation of 1,775 feet. Pay section was acidized with 250 gallons of mud acid.

OIL PROGRESS EDITION TO BE OUT OCT 16

It seems like a long time off to be mentioning it, but The Enterprise will publish an Oil Progress Edition Oct. 16. The paper will feature stories and ads concerning the oil business and what it means to the Bronte area.

The publisher is hoping this paper will be a little bigger than the run-of-the-mill of editions. Consequently, if you have some information for a story for this edition, or if your firm wishes to run an ad in it, please see us just as soon as you can conveniently do so.

The week this paper is to be published in is Oil Progress Week and is being observed all over the nation. Inasmuch as Bronte owes so much to this great industry and the people connected with it, we believe it fitting to dedicate one issue a year to them.

How about helping us make it an outstanding paper?

Town Is Sprayed Again Tuesday

Mayor H. O. Whitt said that the new spraying machine was tried out again Tuesday night, but that he doubted if much good was done, due to the fact that the unit had to travel too fast. This was necessary because the city did not have enough spray on hand to cover the town as was done when it was sprayed last week.

Everyone apparently is well pleased with the new spraying machine, which is owned jointly by Bronte and Robert Lee. Each of the two towns paid one-fourth of the cost of the machine and Coke County paid half of the cost, making it cost the cities a little more than \$500 each.

Folks here in Bronte say there seem to be quite a few less flies than before the spraying. Mosquitoes, they say, are still on a rampage, however.

CALIFORNIA MAN REMEMBERS BRONTE FLOOD IN 1886 AND 1902

(Editor's note: The following letter was received from C. E. Fairley of Bakersfield, California. He describes the flood which engulfed this area in 1886. Not too many people who live here now remember this flood and we are printing the entire letter as it came from Mr. Fairley.)

My father, D. T. Fairley was assessor of Coke County and on this early morning donned his slicker, saddled Dolly, a gaited animal who could do all the gaiting, and started for old Hayrick, the county seat at the foot of Hayrick Mountain. It was a misty morning and early began to rain and soon came down in torrents.

So my father started for our home near where Bronte is now located, going around the head of West Kickapoo. He reached our home about 2 p.m., secured a team and wagon and started for the school house, which was situated on the Middle Kickapoo, with about 16 school children. All the Kickapoos were out of their banks and water was flowing between all the streams. He returned with the children to our home. With our neighbors, Jack

Location is in 455-F. Merkel survey, six miles southwest of Bronte.

Kewanee Oil Co. has filed application to drill a 5,000-foot rotary wildcat, its 1-B Wend, 900 feet southeast of production in the Wendkirk field.

Operations on the test will begin when permit is approved. Ground elevation is 1,809 feet.

Location is on a 98.32 acre tract and is 330 feet from the northwest and 971.4 feet from the northeast line of 1-Thos. Hennessey survey.

Cobb & S&W 1 Kiker, bottomed at 4,007 feet, preparing to drill deeper.

HUMBLE PROJECT
Humble Oil & Refining Co. has filed application to drill its 85 Sallie Odom 3/8 mile north of production on the northwest side of the Fort Chadbourne Field of Coke County, six miles southeast of Blackwell.

Rotary drilling to 5,700 feet will begin when permit is approved. Location, on a 4,701.67 acre tract, is 9,570 feet from the south and 7,558 feet from the east lines of 302-F. Sosa survey.

Stanford I Smith, pumped 15 barrels of new oil and 78 barrels of water in 24 hours through perforations between 5,552-58 feet and 5,563-70 feet. The project was preparing to take potential.

Plymouth 1 Hickman, bottomed at 6,124 feet in dolomite, plugged back to 3,690 feet in the Cisco sand. Operator reperfected between 3,647 1/2-48 1/2 feet, swabbed natural, no show. Operator washed the above perforations with 250 gallons of mud acid. The project was swabbing at the hourly rate of 25 barrels of salt water cut with .5 per cent oil.

Mr. Gunn was born in Cusseta, Alabama on Sept. 20, 1863 to Leonardas and Angelica Gunn, the former Miss Angelica Lockhart of Opalica, Georgia, a former school teacher in that area.

Upon the death of his father in 1865, his mother and her four children, 3 boys and one girl, moved to Grandview, Texas where his mother was later married to Mr. Elm Jones, who farmed extensively.

In 1887, Mr. Gunn was married to Miss Mary Sidney Clark and the couple had 7 children, 2 girls and 5 boys, of which only Mr. Bishop Gunn and Mrs. Clark survive. Mrs. Gunn passed away at Sweetwater in 1915.

Mr. Gunn fell on July 2 and broke his right arm and has not been in good health since that time.

He has 17 grandchildren and 16 great grandchildren. He is the only known survivor of his own family except a number of nephews and nieces, of whom he has lost track.

The Bronte Lions Club will not meet next Tuesday at noon, due to the fact that it is a fifth Tuesday. The club meets only four times a month.

Further details will be given about the school in next weeks issue of The Enterprise.

George B. Gunn Honored On 90th Birthday at Dinner

Mrs. John B. Clark of Tennyson was hostess Sunday, September 20, for a birthday dinner for her father, George B. Gunn, who was 90 years old. The family, a number of grand children and friends were present for the occasion.

Mr. Gunn was born in Cusseta, Alabama on Sept. 20, 1863 to Leonardas and Angelica Gunn, the former Miss Angelica Lockhart of Opalica, Georgia, a former school teacher in that area.

Upon the death of his father in 1865, his mother and her four children, 3 boys and one girl, moved to Grandview, Texas where his mother was later married to Mr. Elm Jones, who farmed extensively.

Bronte Takes Robert Lee Team; Score 28-6

By BILLY ALEXANDER

Coach Elbert Yoes' Bronte Longhorns journeyed to Robert Lee last Friday night and came back with a victory after stomping the Steers by a score of 28-6. This was the highest score between the two teams since Nov. 27, 1947, when the Longhorns defeated the Steers by a score of 32-0.

The Longhorns drew blood in

the first period and from then on their lead was never threatened. First Longhorn score came after Beuford James recovered a fumble by Lynn Davidson on a Longhorn fourth down punt. The local boys then took over on the 26 yard line. It took only one play for Longhorn pay dirt. The result was a 26 yard pass play from Stephenson to Johnny Smith. Stephenson then kicked

the extra point, to, make the score 7-0.

The Longhorns and Steers then played scoreless ball for the remainder of the first half.

Bronte then clinched the game in the third quarter by scoring 15 points. Next Longhorn score came after they took advantage of a Steer fumble. Best recovered the dropped ball on the Steer 26 yard line to start the drive. From there Stephenson carried for 4 and again for 8. Phillips then took over for 5 and Stephenson carried once more for 8 to the 1 yard marker. Stephenson again carried for the score and then kicked the conversion to make the score stand at 14-0.

The Bronte boys made 2 points when Arbie Phillips fumbled and Lynn Davidson recovered behind the goal line. Score 16-0. Robert Lee then kicked to Bronte. Noel Scott took the kick and went to the Robert Lee 26. From there the Longhorns drove all the way on four running plays and a pass. Kenneth Scott then ambled over from the 10 yard line for pay dirt. The try for extra point was no good, leaving the score 22-0 at the end of the third period.

The next Longhorn score came after Best recovered a fumble on the Bronte 49 yard line. From there, Donnie Braswell, a reserve back, paved the way to pay dirt and Eddie Braswell ended the drive by going over from the 2 yard marker. The try for extra point was no good.

Robert Lee's only score came on the kickoff on what was perhaps the most spectacular play of the game. The ball went to Frederick Ashworth who handed off to Sammie Duncan. Duncan raced 80 yards for the touchdown. The try for point was missed.

The Longhorns had 19 first downs to Robert Lee's 4. The Longhorns completed 5 of 11 passes for 85 yards, while Robert Lee completed 2 out of 3 for 44 yards.

Bronte goes to Ozona tonight to take on the team there. The Longhorns will be in good condition and ready to take the tough Ozonans. Let's all turn out and go to Ozona. Support those Longhorns.

Miss Lou Ella Stewart and Charles Westbrook Married at Mereta Church

The wedding of Miss Lou Ella Stewart and Audren Charles Westbrook, both former students of Bronte High School, took place Saturday, September 12, in the Baptist Church at Mareta.

The bride is the daughter of Mr. and Mrs. H. L. Stewart of San Angelo and the bridegroom is the son of Mr. and Mrs. A. C. Westbrook of Tennyson.

The double ring ceremony was read by an uncle of the bride, Rev. Leroy Stuckey, before an altar decorated with candlebras and baskets of stock and gladioli.

Given in marriage by her father, the bride wore a gown of lace and satin. The lace-covered bodice extended into a high, standing collar. The ballerina length skirt was of satin. Her headdress was of illusion and seed pearls. She carried white rosebuds and stephanotis on a white Bible.

Maid of honor was Miss Patsy Hasty, who was dressed in iridescent green taffeta with a halo headdress and she carried pink carnations. Bridesmaid was Miss Peggy Jenkins, whose dress was of blue iridescent taffeta and who carried pink carnations.

Best man was Chesley D. Pierce of Slaton. Lee A. Stewart of Post, brother of the bride,

was groomsmen. Ushers were Stanley G. Westbrook of Tennyson, brother of the bridegroom, and Edward E. Lehman, cousin of the bridegroom.

(Miss Eddy Marie Gryer of Miles, cousin of the bridegroom, played prenuptial music. Miss Betty Mills sang "Because" and "I Love You Truly.")

Following the ceremony, a reception was held in the church annex. The lace laid table was centered with a miniature bridal couple surrounded with bridal wreath and rosebuds.

Mrs. Frank Miller of Snyder, sister of the bridegroom, and Miss Grace I. Green of Tennyson assisted with serving. Miss Bernice Lee Howell of Lubbock registered guests.

The couple left for a wedding trip and they will live at Fort Dix, N. J., where he is stationed in the army. For traveling the bride wore a green faille suit with black accessories.

Both Mr. and Mrs. Westbrook attended the Bronte and San Angelo schools. She was employed by the San Angelo Telephone Co. before her marriage. He was a telegraph operator before entering the service.

Out-of-town guests included M. and Mrs. Huby Clark of Balingier, Mr. and Mrs. Barney Westbrook of Lehman, Mr. and Mrs. Wesley Brashear and family and Mr. and Mrs. Pete Conner of Sweetwater, Miss Bernice Lee Howell of Lubbock and Mr. and Mrs. Edd Hoecher of Midland.

League Rule Takes 5 Players from Football Team

Supt. J. L. Carroll this week urged parents to take more interest in the school work of their children and asked their cooperation in seeing that students study at home, particularly if they are not passing their work.

A number of students were reported failing in some of their work, among whom were five members of the Bronte Longhorn football squad. According to Interscholastic League rules, these boys will be ineligible to compete in any Interscholastic League competition for seven days. Thus the boys will be ineligible to play against Ozona Friday night.

The rules provide that they may re-enter competition at the end of the seven days, providing the work is made up.

Exact wording of the rule is found in Article 8, Section 3 of the Interscholastic League rules and reads as follows:

"No one student shall take part in any league contest, in the league, who, at the time of the contest, is not passing, since the term, in one or more half credit beginning of the semester or term, in at least 1 or 3 half unit credit courses (for which the contestant has no credit), to the date 7 days prior to the contest."

Supt. Carroll said, "It is regrettable that we have to declare some students ineligible for these contests. However we feel that everyone wants our students to do a high grade of work and the administration hopes that the parents and students will cooperate in such a way that it will not be necessary to enforce this rule again."

Meeting Tuesday For Organizing Legion Auxiliary

A. E. Bell, Jr., commander of the George Scott Post of the American Legion here at Bronte, announced this week that there will be a meeting Tuesday night to organize an Auxiliary unit of the local post.

Bell said that all Legionnaires and their wives are urged to be present. The meeting will be held at 7:30 p.m. at the Legion Hall.

Mrs. Fred White of San Angelo, president of the State of Texas Auxiliary, will be present to discuss the matter and to assist in setting up the organization.

Boost your car's power as much as 15% with New Conoco Super Gasoline with TCP The Greatest Gasoline Development in 31 Years

Restores "new car" power! Increases spark-plug life up to 150%! Gives you extra gas mileage, too!

Today it is possible to put new power in your car—just by driving into a Conoco station and filling up with new Conoco Super Gasoline. For Conoco Super with TCP is a new kind of motor fuel—truly the greatest advance in gasoline since the introduction of tetraethyl lead in 1922. New Conoco Super can actually increase the power of the average car as much as 15%. That's because TCP overcomes the greatest cause of power loss affecting most cars on the road today. Conoco Super with TCP is brought to you by special arrangement with Shell Oil Company. TCP is Shell's trademark for the remarkable additive originally developed for aviation fuel.

Combustion deposits drastically reduce power When you drive your car, deposits constantly build up on spark plugs and in the combustion chambers. These deposits can "cheat" you of power in two ways. First, they short-circuit spark plugs—causing them to mis-fire. Second, deposits in the combustion chambers cause fuel to ignite before it should. This is called pre-ignition or "wild ping." The combined effect of mis-firing and pre-ignition is loss of power and wasted gas.

How Conoco Super Gasoline with TCP works Now Conoco Super with TCP—a cresyl compound—dramatically overcomes loss of power and fuel caused by combustion deposits. TCP actually neutralizes harmful deposits on spark plugs and in combustion chambers. With new Conoco Super your plugs spark as they should. Your fuel ignites as it should. You get and keep "new car" performance. TCP helps your car—whether new or old Whether your car is old or new, you can enjoy the benefits of TCP. If you have a new car, with a high-compression engine, it will keep on delivering its built-in power as long as you use Conoco Super

Gasoline. If your car is an older one, Conoco Super will restore much of the power you have lost. Conoco Super with TCP is at your Conoco dealer's today. Don't wait another day to start using this new kind of gasoline—the greatest development in 31 years!

See what Conoco Super with TCP can do for your car— Start the "TWO-TANK TEST" today! 1. When your gasoline tank is one-quarter full or less, fill it with Conoco Super with TCP. Now, there will still be some ordinary gasoline mixed in with your Conoco Super, so... 2. Make sure your next tankful is Conoco Super, too. So rapidly does Conoco Super work that with this second tankful, chances are you'll feel as if your engine has had a tune-up. You'll feel a boost in power. Try it today. We're sure you'll stay with Conoco Super.

COUNTY AGENT COLUMN

For one reason or another we have heard that old story over and over that "you can't make poultry pay in Coke County." Some say it is "too dry." Others say "feed is too high" or "the blue bugs will get the birds." Then, once in a while, we hear someone come right out and say that you've got to be at home every day to tend a flock of poultry.

Whatever the excuse may be it can be overcome by observing a few rules of good management.

Get the best birds that can be found. Whether the farmer is growing turkeys, fryers, or laying hens he cannot afford to compromise with quality.

Feed the best rations that can be obtained. This does not necessarily mean to feed the most expensive feed. Farmers can produce much of their own feeds, depending on what type of poultry raising is being done. A fall out patch near the house is just the thing for laying hens. Any kind of green feed grown on the farm is good for turkeys.

Practice good sanitation and keep parasites down. If this is neglected the farmer-poultryman is sure to fail, but with modern insecticides or "pesticides" it is not a hard job to keep poultry free of pests.

4-H club boys have demonstrated year after year that turkeys will make a profit if the above stated rules are followed. They have accurate records to prove their point. We have a few farmers who have year after year, even during the drought, made a profit from a farm flock of hens. If a farmer wants just enough eggs for home use and to help pay the feed bill, we suggest about 30 good hens. If he wants to market enough eggs to show a profit for time and effort, we suggest not less than 300 hens.

The droughts will always be of farm products seem to be passing into history. Perhaps we far with West Texas. The war prices mers had better begin thinking about making a living now.

We are still getting listings of hay and grain located in Texas. Also one rancher writes in saying he has some good Ram-

bouillet bucks for sale. Come by the county agent's office to see about these things.

Bulls ruled steady. Slaughter calves edged downward again by 50 cents per hundred, instances off more.

Stocker trade showed moderate activity on the Monday trade at Fort Worth with higher grades generally steady with last week's close. Numerous loads of feeder cattle sold in the \$13 to \$16 bracket, good kinds of steers and yearlings numerous at \$15 to \$15.75. Stocker calves sold from \$10 to \$16.50. Heifer calves and yearlings usually sold from \$1 to \$3 under their steer mates.

Fat steers and yearlings eligible to sell above \$20 were very scarce at Fort Worth Monday, a few from \$20 to \$22, and high choice or prime kinds were quotable to \$23 to \$25. Common and medium grassy kinds sold for \$10 to \$15.50 and cutter grades cashed at \$8 to \$9.

Fat cows cleared at \$9 to \$12, and canners and cutters drew \$6 to \$9.50. Several loads and smaller lots of high yielding cutters in the \$8.75 to \$9.50 field. Bulls drew mostly \$8 to \$12, with some individuals upwards to \$12.50 to \$13.

Good and choice slaughter calves sold for \$12.50 to \$16, with a few choice heavies \$16.50. Common and medium butcher kinds sold from \$9 to \$12, with culs from \$7 to \$9.

Good and choice stocker steer calves drew \$13 to \$16.50 and heifer calves sold from \$14 downward. Stocker and feeder steers and yearlings sold from \$10 to \$16. Stocker cows drew \$8 to \$12.

Slaughter lambs were weak to 50 cents lower, and other classes of sheep and lambs sold about on a level with the previous week at Fort Worth.

Good and choice fed lambs topped at \$17 to \$18.50, two decks of choice fat lambs at the higher figure. Cull, common and medium slaughter lambs sold from \$10 to \$16. Stocker and feeder lambs bulked at \$11 to \$14.

Fat yearling wethers sold from \$12 to \$13, while old wethers drew \$7.50 down. Feeder year-

Butcher hogs sold steady to 25 cents lower at Fort Worth Monday. Top hogs sold for \$25.50 to \$25.75. Sows were steady to easier at \$20 to \$24. Pigs drew \$20 down. Underweight butchers drew \$21 to \$25.25.

It is now estimated that 65 to 75 per cent of the Flint Hills cattle have moved out of Kansas. Increasing interest is reported at Midwestern markets in fleshy steers suitable for quick-turn feeding.

The better demand for fleshy feeders at Fort Worth has been a reflection of this condition, a good many large and small bunches of feeder steers and yearlings in the \$14 to \$16 field Monday of this type.

Warning — To Those Driving Cars: — You have been warned and given plenty of time about your car lights. The law requires that you must have two lights in front and a tail light on the rear of your car. The law also requires that you must have a horn if you are to be in the clear in case of accident happening when you pass another car.

This is the last warning. You will be made to pay the legal penalty if you are caught without proper lights. Don't blame anybody but yourself if you are caught. Listen for the police whistle. T. F. Sims, City Marshal—Walker Good, Constable.

Ark and Dove Discussion Club Has First Meeting

The first fall session of the Ark and Dove Discussion Club met last Friday afternoon in the home of Mrs. John Walker in Bronte.

The meeting opened with a prayer led by Father Fidelis, moderator, followed by the continuation of the study of Bible History. The current topic of discussion of the afternoon was the S. D. S. Crusade for Modesty, an organization formed to enlist the aid of people everywhere who desire a return to Christian Modesty in dress. The crusade is based on the fact that designers and manufacturers will produce only the kind of dress for which there is demand, the key idea is to supply a demand for the supply, thus the name S. D. S. Slogan for the crusade is "Show Him you care by what you wear." Crusade pamphlets are available from members of the Ark and Dove.

After the meeting refreshments of lemonade and cookies were served to Father Fidelis and his niece, Lorraine, of Illinois, and Mmes. Frank Dickey, Sr., A. V. Hughes, R. A. Stroud and Frank Perciful, Jr., of Robert Lee, A. M. Neel and Jack Price of Bronte and a guest, Mrs. D. McCrohan of San Angelo.

Friday's meeting will be at 2:30 p. m. in the home of Mrs. Frank Dickey, Sr. in Robert Lee. All Catholic and interested non-Catholic ladies in the vicinity are cordially invited.

LET'S TALK LIVESTOCK

BY TED GOULDY

Fort Worth—The largest run of cattle and calves of the season arrived at the 12 major livestock centers of the nation Monday. Over 158,000 cattle, and 20,000 calves were reported around the circuit.

While somewhat lower prices were reported at most points, the break in prices was cushioned by the ability of the markets to absorb a heavy beef supply. Low

grade slaughter cattle and calves were getting help from increased government purchases, and indications that foreign relief funds would be used to buy millions of pounds of canned beef was a favorable straw in the wind.

At Fort Worth steers and yearlings ruled steady to 50 cents off. Cows were fully 50 cents lower, some interests bidding additionally lower on fat cows.

HUMBLE TO AIR ONLY 3 GAMES THIS WEEKEND

With only two of Texas' Southwest Conference teams scheduled for play this weekend, listeners to the Humble Company's state-wide broadcasts this Saturday can hear accounts of both inter-sectional games: the afternoon football battle between Texas and Villanova at Austin; and the night gridiron fight between Texas A&M and the University of Houston at College Station.

A third Humble broadcast will bring to listeners of West Texas stations a running account of the Texas Tech-Texas Western game, also scheduled for night play.

Beginning at 1:50 Saturday afternoon Kern, Tips and Alec Chesser will describe the play-by-play and halftime activities of the Texas-Villanova game from Memorial Stadium in Austin. This broadcast will be carried by stations KRLD, Dallas; KABC, San Antonio; KWFT, Wichita Falls; KTBC, Austin; and KRBC, Abilene.

At 8 this Saturday night, announcers Ves Box and Bob Walker team up behind the Humble microphones to present an accurate description of the Texas A&M-University of Houston fray over stations WFAA-WBAP-820, Dallas-Ft. Worth; WOAI, San Antonio; and KFDX, Wichita Falls.

Airtime for the Texas Tech-Texas Western game will be 8 p.m. MST (9 p.m. CST). John Ferguson and Eddie Barker will announce the action to listeners of stations KEPO, El Paso; KCRS, Midland; KBST, Big Spring; KGNC, Amarillo; KFYO, Lubbock; and KXOX, Sweetwater.

Mr. and Mrs. W. A. Hickman and Shirley will return soon to Midland, South Dakota where they have ranching interests. They plan to stay about a month.

Every 3 days a new diesel joins the Santa Fe fleet!

A 10-year record of "building new" on the Santa Fe

Christened with California champagne, Santa Fe's first multiple-unit diesel locomotive rolled out of Chicago on Tuesday, May 12, 1936.

It powered the first Super Chief. 39 1/4 hours later it rolled into Los Angeles—and the new age in railroading was born.

There were 3600 "horses" in that one. Five years later, the first multiple-unit freight diesel rolled on Santa Fe rails.

There were 5400 "horses" in that one. Today, there is more than 2,100,000 diesel horsepower on the Santa Fe—1524 mighty diesel units.

From 1943 through 1952, a total of 1261 diesel units were placed in service. Better than one every 3 days for a 10-year record!

And still they come! 222 in 1953! Every diesel added, every mile of heavier rail, makes America's New Railroad a little more completely new. Why, enough new rail has been laid on the Santa Fe in the last seven years alone to reach from Chicago to Los Angeles!

All new—but always the old pride that all this building new costs you, the taxpayer, not one tax penny.
