## Bronte Falls to Tough Team From Hermleigh; Rest Tonight

The Bronte Longhorns fell to defeat at the hands of a tough Hermleigh eleven last Friday night by a score of 27-20.

The Cardinals tallied very quickly after receiving the opening kickoff. Charles Rinehart, the Cardinal fullback, went over from about the 10 yard line for the score. Rinehart also ran the extra point to make the score 7-0. Their next score came after they capitalized on a Longhorn fumble very shortly after

## AD-LIB-BEN

We received that little book, "U. S. Income Tax and Form 1040 for 1954", the other day. A quick glance at some of the tables showed that the printer wasn't bothered with resetting them with smaller numbers. We had hoped, in fact we'd heard it on the radio, he'd have to set the whole darn thing over.

A girl regards a man not as a problem but as a solution.

In his talk at the Lions meeting Tuesday, Special Representative Tom Kirkham told about the Lions Club at Anton, located up the other side of Lubbock. He said practically every farmer in the community each year donates a bale of cotton to the club. This gives the club an abundance of revenue to carry on worthwhile projects for the good of everybody in the community. We believe a similar offering from the farmers and ranchers, as well as the businessmen, in this locality would reap great benefits. Of course, the Lions couldn't do much with the cotton which has been raised here the last few years, but there are lots of sheep in Coke County.

An honest radio announcer was heard to say: "Due to conditions beyond our control, we will present the recorded music originally scheduled for this time."

Had one of our printer friends and his wife out from Dallas last weekend. We've always envied the big city printers just a little with union wages, short hours, exciting places to go, big football games and other things. However after a long talk I found out the thing he'd like most is, you guessed it, a weekly newspaper! I guess that old business about the grass being greener just over the fence is pretty well right.

And he couldn't say he didn't know what he was getting into for we learned the printing trade together many years ago in a weekly shop at Sudan.

Most of the stuff you read in this column is copied; we're ambitious enough to hope the rest will be.

## OBSERVE ARMISTICE

Only special Armistice Day service here was held in the form of a breakfast at the Legion Hall for members of the George Scott Legion Post.

Bill McKown and A. E. Bell, Jr. prepared and served the bacon, eggs, toast, jelly, coffee to a large number of Legionnaires who gathered at 7 a. m.

## Bronte's First Frost Monday

Bronte residents have awakened most mornings this week to a world covered with white. First heavy frost of the season was recorded Monday morning, Nov. 9, and varying degrees of frost have covered things each morning this week.

There has been some question as to whether or not this was a "killing" frost. Gardens and flowers have turned black and some vegetation is still green. The frost is expected to help a lot in the cotton harvest.

A report has been circulating that Bronte had a 29 degree low Monday morning.

## Tom Kirkham Is Lions Speaker

Tom Kirkham of Weatherford, a representative of Lions International brought the program at the meeting of the Bronte Lions Club Tuesday at noon.

A large crowd of members and two guests were present. The club voted to postpone an entertainment which is being planned to raise money for Lions Club projects. Announcement will be carried in this paper at a later date concerning the program.

Kirkham told the Lions of things other clubs are doing as service to the communities in which they live. He also brought out graphically, with the use of a large map, the tremendous scope of Lions in Texas.

Lion President J. E. Fuller expressed his appreciation for the large number present and said he hoped even more Lions and guests would be present next week. The club meets at the Club Cafe at 12 noon.

## Board to Discuss Building Program

At a meeting of the Bronte School trustees Monday night, it was decided to have a meeting in the near future with representatives of bond companies present. Purpose of the meeting is to discuss who will give the local school district the best deal on purchase of bonds, should voters in this district approve a bond issue to build a new elementary school.

Supt. J. L. Carroll said Wednesday that the bond market is good right now and that now

would be a good time to sell bonds for such a project. It is felt that action now could save the school district up to \$20,000, since the interest on bonds is on the increase, and will no doubt get higher all the time.

The school board expects to make a deal with the company which offers the best deal when they meet to discuss the matter.

The agreement will be valid only in the event that voters do vote a bond issue. By making the agreement now, board members believe, they can save considerable money for the taxpayers.

At the time the last bond issue was defeated, the school could have sold the bonds at a rate of only 2 and 3/4 percent. Such a rate can not be had now, Carroll said, and the board does not expect it. However, he said, a good rate is expected from some of the companies.

Carroll said that he would like to urge all the committees who have been studying the various needs of the Bronte School district to get their reports in just as soon as possible, as the information obtained might be useful to the board in its deliberations concerning a possible new building.

## Better Be Careful—Today's Friday, 13th

Better watch those ladders, black cats, etc., today. For even if you look out for such hoodoos as these, you may have a hard time getting through the day — or today's Friday, the 13th.

Most folks don't put much truck in such superstitions, but what's the use taking a chance? Maybe you'd best just stay in bed all day.

## Funeral Held For Mother Of Mrs. Bragewitz

Mrs. Albert Bragewitz recently attended funeral services for her mother, Mrs. J. H. Manos, who passed away in a Gatesville Hospital on October 26. Mrs. Manos died of a heart ailment. Funeral services were held on October 27 in Evant, Texas.

Mrs. Manos was well known here by many, having been a frequent guest in the Bragewitz home.

## FIRECRACKERS ARE FIRE MENACE

"Kids around here are getting a little careless with their firecracker shooting," Mayor H. O. Whitt said Wednesday. The mayor said that he has had several complaints about youngsters shooting firecrackers in the fire zone of Bronte and throwing them in residents' yards.

Whitt said he didn't believe most people around here would object to the young people having a little fun with firecrackers, but that carelessness in their use is likely to lead to injury to somebody or to a fire.

Bronte has a city ordinance against shooting firecrackers in the city limits. Whitt said he would be compelled to enforce this ordinance if a little more care is not exercised.

## Democrats Meet Next Friday

Col. J. M. Piner of San Angelo has asked The Enterprise to announce a Democratic campaign meeting to be held in San Angelo at the Court House on Friday, November 20. The meeting will begin at 8 p. m. and will be for the purpose of perfecting the organization, electing delegates to the Texas Advisory Committee and to arrange for a Democratic dinner early in December.

Piner said the Democratic National Committee has promised to furnish a nationally known Democrat for the principal address at the dinner. He said he hoped a large delegation from Bronte and Coke County will be present for the meeting Friday night of next week.

Mr. and Mrs. Cecil Kemp were in Dallas Sunday and Monday where he underwent a medical checkup.

\$4,263.00 STEER — The Grand Champion Steer, "Triumph's Best," of the State Fair of Texas was purchased by Paul Ray, Vice-President and General Manager of Burrus Feed Mills representing Texo feeds, for \$3,288.00 from 4-H Club Member H. A. Fitzhugh, Jr., of San Antonio. Mr. Ray then presented for Texo

Feeds, the Grand Champion to General Robert J. Smith, Texas Chairman of the March of Dimes campaign. At the MOD auction, the Steer was purchased by H. P. Zachary of San Antonio for \$975.00. The \$975.00 was given to the March of Dimes and the Steer was presented to the State Orphans Home at Corsicana, Texas by

Mr. Zachary. Those in the picture above, left to right, are Mr. Ray, H. A. Fitzhugh, Jr., General Smith and James Chaffin, 14, of Dallas, a 1952 polio victim who accepted the steer for the March of Dimes. Young Fitzhugh is the grandson of Mr. and Mrs. F. S. Higginbotham of Bronte.

## Health Dept. Finds 115 Cases Rabies in Month

AUSTIN, TEXAS — Positive evidence of rabies infection was discovered in 115 animal heads autopsied by State Health Department laboratories in Austin during the past month, the Department announced today.

By species, positive heads included 104 dogs, 4 cats, 3 skunks, 2 cows and 2 calves.

Heads from 27 counties made up last month's tabulation. Harris County was high with 73 submissions. Other counties were Austin, Brazoria, Caldwell, Collin, Comal, Fort Bend, Guadalupe, Harrison, Houston, Leon, Liberty, Matagorda, Red River, Rusk, Tarrant, Travis, Washington and Wood with one submission each.

Brazos, Cameron, Maverick, and Webb Counties submitted 2 heads each, and Bexar and Jefferson turned in 3 apiece. Waller County submitted 4, while Dallas had 6.

The tabulation was made in a regular monthly rabies report, a departmental public service which shows rabies incidence throughout the state. It lists the species involved and gives the date and county of occurrence.

Meanwhile, state laboratory officials are still surveying insect-eating bats for rabies infection. A total of 105 of the flying mammals have been checked so far with negative results in each instance. The study began two months ago after the department became suspicious that bats heretofore thought to be entirely beneficial might be harboring the deadly rabies virus.

## Highlights and Sidelights from Your State Capitol

Austin, Texas — Liberals and conservatives apparently agreed on one thing: Texas is in no danger of becoming a republican state.

Governor Allan Shivers told reporters that "Texas is an overwhelmingly Democratic State and, in my opinion, will be that way for a long time to come."

Shivers, of course, is bitterly opposed to the liberal Democrats who stuck with Adlai Stevenson last year. The Governor led the Texas Democrats in the successful Eisenhower campaign.

Liberal Texas Democrats viewed recent elections around the country as a "trend back to the party fold."

A typical comment was that of Congressman Homer Thornberry, who said that while he didn't consider the Democratic victories a reflection on the president, he did see "a trend away from the Republicans and a feeling that they are not performing on their promises."

One point of contention between the liberals and the conservatives is the matter of states' rights.

Shivers established his viewpoint on the subject at a session of southern governors in Hot Springs, Va.

"We have allowed ourselves to be bribed with our own money," the governor said, adding: "The matching dollar with strings attached has carried the federal government into nearly every phase of state activity."

Prospective candidates for the governorship of Texas still are waiting for Shivers to make up his mind. Their places hinge on his decision. It presents a peculiar case of the political fortunes

of many men hinging on the decision of one. He refuses to be counted in or out of the picture.

Many who might run wonder whether they would be respected more for making up their own minds, rather than waiting for the governor to decide for them.

At the Virginia meeting, Shivers was asked whether he might run for the U. S. Senate against Lyndon Johnson.

Shivers responded that he hadn't any idea of running for anything right now, but "don't construe that as saying that I would not be a candidate for the Senate."

Mayor Roy Hofheinz of Houston was one of the many who sat waiting for Shivers.

He told reporters that he does not intend to run for governor if Shivers is a candidate for reelection.

Did that mean that he would run for governor if Shivers is not a candidate?

Mayor Hofheinz did not say.

Another man who had thoughts of politics in his mind

was Congressman Lloyd M. Bentsen Jr. Here is a newspaper's comment on the occasion of his visit to Austin to address the junior chamber of commerce:

"Bentsen's plans for next year have provided one of the state's best political guessing games. To date he has had nothing definite to say."

Our guess is that Bentsen will not say until he hears what Shivers is going to do.

Should Texas optometrists be permitted to advertise?

The question is going to be fought out in the courts.

Reason: The State board of Examiners in Optometry has ordered a new "standard of practice," banning advertising other than a professional card not to exceed two by four inches in size.

During the last session of the Legislature, the Texas Optometric Association tried to push through a bill granting the state board authority to enforce this same code of ethics primarily designed to stop price advertising.

## The Bronte Enterprise

Legislature refused to pass the bill. So the board adopts it anyway.

Legislature creates board. Board thumbs nose at legislature. Sort of like David whipping Goliath, isn't it?

Question to be decided now is: Is the Board more powerful than the legislature?

Meanwhile the public will watch with interest for if the rule is allowed to stand the price of eye-glasses will skyrocket as it has in other states where such non-advertising laws exist.

Associate Justice Will Wilson of the Texas Supreme Court, writing in the Texas Legion News, praised the veterans land program and suggested that it be extended to include city and town real estate.

"If the veteran did not wish to use his loan for a home," wrote Wilson, "he should be given the opportunity to make a

November 13, 1953

conservative investment in well-secured rental property, such as an apartment or a small building."

Under the present veterans land program, former service men can purchase farm or ranch land by making a modest down payment with the rest payable on a long-term basis at low interest.

The "stamp of newness"—and another new Santa Fe freight car is ready to roll

# 21 miles of new freight cars added by Santa Fe last year!

Remember when you used to count freight cars as a kid?

How would you like to count and stencil the "stamp of newness" on 21 miles of them?

That's what Santa Fe did last year—added 21 miles of new cars to its great fleet of modern freight cars.

And so it goes—year after year after year—until today there are 84,898 freight cars serving shippers on the Santa Fe.

With this building new program, Santa Fe is meeting the ever-growing need for moving vast tons of

wheat, livestock, perishable foods, minerals and merchandise to the markets of America.

And many of these cars are new and special types to serve shippers in new and better ways—like the "MTC 3150" mechanical refrigerator car that works like your home freezer.

It costs Santa Fe millions of dollars—earned dollars—to acquire this great fleet and maintain its own "steel highway."

But it doesn't add a penny to the taxes you pay.

**PROGRESS THAT PAYS ITS OWN WAY**

# LET'S TALK LIVESTOCK

BY

**TED GOULDY**

FORT WORTH — Kill those grubs in your cattle and calves backs and it makes the stock worth from 50 cents to \$1.50 per hundred MORE!

While this column is primarily a market report, we feel that a few lines about cattle grubs (or wolves, or ox warbles) can be the best advice we can pass along to you.

There are a number of good remedies on the market which your veterinarian supply house can sell you. Or, your County Agent can give you a formula for home mixing. (Some companies put it up in aerosol bomb-type containers.)

The grubs damage the hides, but worst of all they damage the loin, the highest priced part of the animal. These grubs can be eliminated at small cost by starting ten days or two weeks before selling time.

Don't forget, the buyers take off from 50 cents to \$1.50 per hundred depending on the amount of infestation. This can mean as much as \$4 to \$6 per head on a 400 lb. calf.

Cattle runs were much lighter over the nation Monday. While some buyers came out Monday with lower bids, they soon changed their tune and prices were steady to strong on cattle and calves. Cows were strong to 50 cents higher. Some stockers were unevenly higher, with light stock calves to \$20 again.

Good and choice fed steers and yearlings drew \$17 to \$23, two loads of 1238-lb. steers from Oklahoma County, Okla., as \$23. Late last week a load of 1005-lb. club steers topped at \$26.50 at Fort Worth, the highest prices of the year here.

Common and medium grassy steers and yearlings bulked at \$10 to \$15.50 and some rannahans sold for \$8 to \$10.

Good and choice fat calves cleared at \$13.50 to \$18.25 and some heavies of 600 to 750 pounds drew \$8 to \$20. Some of these big choice creeped calves that weigh around 700 lbs. are really calves for age, but due to weights sell at yearling beef prices. An example was the \$21.50 heavy calves of better than 700 pounds sold at Fort Worth recently that were shipped by Judge F. W. Fischer of Dallas, and which came from his Cooke County feedlots. These calves sold for \$21.50 and were really yearling weights, but shy a year old.

Fat cows drew \$9.50 to \$12, some heiferish kinds to \$12.50 and above. Canners and cutters drew \$7 to \$9.50, and some higher. A few cows sell under \$7, but they usually are emaciated or have a blemish which may result in their condemnation. Bulls drew \$8 to \$12.50.

Lambs were uneven. Fat lambs were 50 cents to \$1.50 under last week and feeders were active and strong to higher. Top lambs drew \$19, and feeders sold from \$17 down. Breeder ewes drew \$6 to \$10, and slaughter ewes sold from \$5 to \$6.50. Old bucks \$3. Yearling wethers \$10 \$15.

## Delmir Sheppard New President Of Wild Life Group

Annual meeting of the Coke County Game Management Association was held Tuesday evening at the Delmir Sheppard ranch 10 miles southwest of Edith. About 80 persons were on hand to enjoy the barbecue supper and a pleasant get together.

The splendid feed was furnished by Delmir Sheppard, Raymond Schooler and Frank McCabe, assisted by their neighbors, Will Millican, W. E. Burns, Mark Chumley and Crowley Harmon.

At a business session Mr. Sheppard was named president of the group for the coming year. Other new officers are W. E. Burns, vice president, and Finnell Smith, secretary. Vernon Haggerton, who has moved to Oklahoma, was the retiring president, while County Clerk Weldon Fikes served as secretary the past year.

Grady Hill, district director of the Texas Wild Life Association, and Luke Proctor of the State Fish Hatchery in San Angelo, were the speakers. The group enjoyed a musical program given by Chester Derrick, Cornelius Brothers and Ed Garvin.

It was voted to accept an invitation from Gerald Allen to hold next year's meeting at the Allen Ranch at Hayrick.

### Today's Sermon

By Leon Sharp

Many folks, who are otherwise good, are just "so busy" with the cares of this life they simply do not have time to prepare for the next life. They try to "salve their consciences" by saying, "Well, I don't do any harm." Neither does a fence post! But all the good it does is what someone else props up or hangs on it. If an employee came on pay day and demanded his pay on the basis "at he had done you no harm—would you pay him? Certainly

## PRIZE TURKEYS BRING \$1.02 LB.

Tommy Latham of Tennyson received \$1.02 per pound for his toms exhibited at the Coke County 4-H Turkey Show held at Robert Lee recently.

Each buying one of the prize birds were Arnold Ball, butane dealer, Caperton Motor Co. of Bronte and Wojtek Bros., owners of the Alamo and Texas Theatres.

The grand champion pen of hens shown by Dee Arrott of Tennyson brought an even one dollar a pound. The buyers were the First National Bank, Bronte, County Judge Jeff Dean and Ivey Motor Co. of Robert Lee.

David Key of Robert Lee and Modern Way Grocery of San Angelo bought Latham's reserve champion hens at 55 cents a pound. The reserve toms owned by Peggy Corley of Tennyson went to Modern Way at 61 cents a pound.

All other turkeys in the show brought prices 5 cents a pound above the current market figure, making 36 cents on toms and 41 cents for hens.

McDonald Lumber Company of Robert Lee purchased eight young toms and Genie Baker took six. Modern Way was the biggest buyer with a total of 31 hens.

Eighty-seven turkeys were exhibited in this year's show and the quality was considered outstanding. Persons buying turkeys were privileged to have them dressed for one dollar each, and if requested they were delivered back to the Robert Lee locker plant.

Others who bought turkeys at the show were Jeff Dean, Bronte Enterprise, Vaughan Chevrolet Co. (3), Walker Hardware, B. C. Goodwin, Fern Havins, Weldon Filkes, Boone Richardson, Foy Askins and the Robert Lee Observer.

# Improved again!

Now the **BEST** gasoline in Texas is even **BETTER!**

## No. 1 in Texas

by a wider margin than ever

A few weeks after the Japanese surrender in World War II, the Humble Company introduced a vastly improved Esso Extra gasoline to Texas motorists.

At that time, the Company promised a policy of continuous improvement: Humble told motorists that Esso Extra would never take second place in quality.

That promise has been kept. Improvement of Esso Extra has been continuous. Statewide, Esso Extra has consistently led other Texas gasolines in quality. Statewide, Esso Extra has been No. 1 in quality every year.

And now, because Texas motorists driving modern automobiles have learned that Esso Extra gives them extra performance, Esso Extra is also No. 1 in sales.

The improvement in the quality of Esso Extra announced by this advertisement is substantial — it is a major improvement. It places Esso Extra far ahead of other gasolines in the qualities that are reflected by performance in your car.

Today, Esso Extra gasoline is No. 1 in Texas by a wider margin than ever before.

**Esso Extra** gasoline, statewide, has consistently led all other Texas gasolines in quality; now, new improvements have widened the margin between Esso Extra and the rest: *Humble Esso Extra has no equal throughout the state of Texas.*

Tests prove **Esso Extra's** superior quality!

There are three qualities of a gasoline that are brought out in the performance of your car. In all these three qualities, Esso Extra leads.

Extensive and continuous laboratory testing of Esso Extra and other gasolines proves Esso Extra's superior qualities, and these laboratory tests have been confirmed by road testing in specially equipped automobiles.

**Esso Extra leads in anti-knock performance:** In today's automobile engines, with their high compression ratios, anti-knock performance is the most noticeable quality of a good gasoline. *There is no substitute for this quality.* Only a gasoline with a high octane rating — that is, high anti-knock performance — burns so evenly and completely that it transfers all the usable energy from the gasoline to the pistons. When your car's engine pings or knocks, you're losing power. Esso Extra has the highest anti-knock performance in Texas.

**Esso Extra leads in power:** High anti-knock performance assures more power. Since Esso Extra has the highest anti-knock performance in Texas, it gives you more power than any other Texas gasoline. This

conclusion has been verified by special laboratory testing equipment which actually measures the power delivered by a gasoline burning in an automobile engine. Road tests by both Humble technicians and independent research facilities have confirmed the laboratory tests. Your car will develop extra power when you use Esso Extra.

**Esso Extra leads in quick starting:** In comparative tests with other gasolines, Esso Extra's quick starting characteristics were rated "Excellent," while those of other popular gasolines ranked from "poor" to merely "adequate." When you use Esso Extra your engine starts at almost the instant you press the starter button. But quick starting is more than a convenience. *It saves gasoline, and it prevents gasoline dilution of the crankcase oil.* If you use your car mostly for town driving, you will specially appreciate Esso Extra's quick starting qualities.

**And for good measure, Esso Extra contains a patented solvent oil:** This oil is not a lubricant. Its purpose is to dissolve the gummy substances that collect carbon on top of pistons and under valves, and thus help to prevent carbon deposits in the upper parts of the engine.

See for yourself — test **Esso Extra** in your own car

**HUMBLE**  
**Esso Extra**  
**GASOLINE**

HUMBLE OIL & REFINING CO.

Esso Extra will give you the same results obtained by researchers when you test it in your car. Its quality is so superior that you will notice at once that Esso Extra gives you extra quick starting, extra anti-knock performance, extra power.

You'll discover that you enjoy your car more, that it runs better, that you're getting — at last — the performance you expect from a modern automobile. No other gasoline can duplicate Esso Extra's performance in your car, because no other gasoline matches Esso Extra's quality.

Fill up with improved Esso Extra gasoline at any Humble sign — it's the same extra performance gasoline at every Humble sign.

## EIGHTH GRADE CHATTER

School has barely begun and puppy love is already blooming in the 8th grade. Queen Aletha has been seen with a lowly freshman, Gene Walker.

It seems another freshman has been playing Romeo to another certain 8th grade girl. We won't mention any names but her initials are P. A. M. It looks as if Roy Max and Don are fixing to lose their girl.

Robert L., how come you switched all of your trade to the Smith's Dry Goods Store? Isn't it funny how Aubrey Don blues every time a certain girl's name is mentioned in class.

We hear that a sophomore has Joan's heart aflame.

It looks like the Freshman boys are taking over the eighth grade lasses. Missie, who lit that torch you're carrying around?

Loyce, when are you going to choose between those two juniors.

Maybe Joyce better get a guy who stays on this side of Oak Creek all the time. You eligible guys better beware.

Jerry P., did you always eat at the cafe before you saw the cute girl at Grimes'?

Even with all this going on not one person was absent the first six weeks of school. Maybe we have set a record.

We are sorry to lose Trilly McAdams from our class.

## SEVENTH GRADE NOTES

Bronte Junior High team got beat by the Winters team Saturday by a score of 49-0.

Mrs. Holcombe is stepping us up in English.

Mrs. Young is now having us do Thanksgiving posters.

Mr. Price makes history more interesting every day.

Morris Overstreet, Roy Max Hester and Jimmy Tomlinson are playing their position in football as halfback, quarterback and RE very well.

Guess what Linda S. and Robert L. are thinking. I know!

## Bronte Band Performs At Half Time Of Game

Half time activities at the Hermleigh-Bronte football game were furnished by the Bronte band and pep squad. The band made their appearance from the east end of the field with a round counter march on the field. The pep squad formed a circle, to resemble a record, while the band members, on the inside, formed the center of the record. Cheerleaders and majorettes, pretending to be in a drug store after a football game, put a nickel in large cardboard juke box. The band played "You, You, You" and "Pittsburg, Pa.", with the record turning.

## Conference Basketball Schedule

Conference schedules for both boys and girls basketball teams has been announced for the coming season.

Conference play will open on January 8 with Robert Lee teams playing here and Miles teams playing at Norton.

Others on the conference schedule include:

January 15: Bronte at Miles; Norton at Robert Lee.  
January 24: Bronte at Norton; Robert Lee at Miles.  
January 29: Bronte at Robert Lee; Norton at Miles.  
February 5: Miles at Bronte; Robert Lee at Norton.  
February 12: Norton at Bronte and Miles at Robert Lee.

In the event that any of the scheduled games conflict with a tournament, the games will be called on Tuesday instead of Friday.

Two presidents have received the Nobel prize. They were Theodore Roosevelt in 1906, and Woodrow Wilson in 1919.
