Vol. 36

BRONTE, TEXAS, JANUARY 22, 1954

No. 4

**MAN MADE RAIN** — The pictures above show some scenes taken at the Taylor Emerson farm southeast of Bronte. The place farmed by Joe Rose, local oil field contractor, has 90 acres under irrigation and Rose hopes to be able to water more land soon.

At the top left is Emerson standing beside the biggest of the eight lakes on the place. Upper right shows the sprinklers showering water over the land. The two bottom pictures show some of the workers standing by a section of the pipe and sprinklers.

## Joe Rose Beats Drouth with Irrigation; Watering 90 Acres

Joe Rose, local oil field work contractor, is doing something about the lack of rain in this section of West Texas. He has 90 acres of land under irrigation

### AD-LIB-BEN

Tad Richards was in Saturday and wanted to report the fine rain he received out at his place last week. Tad said he only lacked .99 getting a full inch and that the "really nice part of it was that it fell over a period of 48 hours and really did a lot of good, with very little "run off."

After sundown it is colder on a desert than in a forest. Sand loses heat while the trees hold it. We're glad we weren't on a desert Wednesday night. In spite of modern weather forecasting, that wind that hit us didn't look like a cold wave or an arctic air mass to us. It looked just like an old time blue Texas norther.

Bad news travels by the shortest route.

Santa Claus was kind enough to bring the editor's family one of the more modern gadgets, a television set. We have been wondering just what effect this will have on the younger generation. Our two little ones watch it for hours at a time, never moving — the little one watching it upside down by lying on the couch with her feet and legs up the back and her head hanging floorward. The 6-year-old does things the hard way. She does it the hard way. She puts a pillow on the floor head on the pillow, back to the set and views the whole show from between pajama clad legs. Do you suppose they'll grow up to be doughnuts or something?

The highway department boys ought to have some sort of commendation this week. When The Enterprise editor came to work about 6 a. m. Thursday the gang was already busy scraping the ice off the streets and highways.

southeast of Bronte. The land belongs to Taylor Emerson and Rose has it rented from him.

Emerson built the dams necessary to provide the water for the project and Rose installed the portable irrigation system. Rose was contractor on the job and did the earth moving necessary to build the dams.

Altogether there are eight dams on the 517-acre place. They back up about 400 acre feet of water, enough to cover the entire farm to a depth of about eight inches.

Rose, at the present time, has two 40-acre fields and one 10-acre field under irrigation. Three hundred and twelve head of sheep and 12 cows were grazing on one of the 40-acre tracts the day The Enterprise editor was a visitor out there. It looked as though there was plenty of grazing to last them for some time, too. The 10-acre tract is sowed with rye and vetch.

Rose and Emerson said they have enough water to irrigate 200 acres of land. They are planning on conserving additional water by constructing more dams.

### LAKE STOCKED WITH FISH

The big dam was completed about a year ago. Cost of the project was around \$4,500. Emerson said he has about 4,000 fish in the biggest of the lakes, and he hopes to have a "mighty good fishing hole before too long."

The farm is covered with roads making it possible to go to any part of the place in a car. The abundance of water and the pretty green fields are quite a contrast to most places in West Texas now.

Rose and Emerson both said they believe that catching water and saving it for later use is the only answer to farming in West Texas.

### BAPTIST REVIVAL STARTS FEB. 14

Rev. Maynard R. Rogers, pastor of the First Baptist Church, announced this week that the church will hold a revival meeting Feb. 14-26.

## Brisk Weather Nips Bronte

Bronte folks had to rub their eyes a second time when they woke up Thursday morning. The ground was white. Enough sleet fell during the night to cover the ground, making it slippery and hard to travel, either by foot or auto.

A wind driven cold front blew into the area Wednesday, shortly after noon. Temperatures during the morning were in the seventies but temperatures began tumbling rapidly and dropped to 14 degrees during the night. The temperature was 16 degrees at 8 a. m. By noon Thursday the sleet was melting some, but the weather was still cold and skies were cloudy. Farmers and ranchers were hoping for additional moisture.

A Highway Department crew was on the job here in town by 6 a. m. Thursday scraping ice from the Main Street of town.

Forecasters said the cold weather would continue into the weekend.

Miss Mary Pruitt who lives northeast of town, was injured in a fall on the ice early Thursday. She was walking from her house to the mail box when she slipped and fell. She was brought in to the local hospital about 10:30 a. m. where she is being treated for a broken hip.

## BASKETBALL TOURNAMENT UNDERWAY

Annual basketball tourney at the Bronte school got underway yesterday afternoon and will continue today and Saturday.

First game today will be at 6 p. m. between Blackwell and Sterling City girls. At 7 p. m. Robert Lee and Christoval girls will play, followed by the Robert Lee and Christoval boys game at 8 p. m. Blackwell and Sterling City boys will meet at 9 o'clock to end today's session.

Final play will begin Saturday at 8 a. m. and the consolation finals will begin at 6:15 p. m.

Lunches will be served Saturday at the local gym. The public is invited to eat at the concession stand for 75 cents per lunch.

Admission for all sessions is 20 and 40 cents, except for the final games when the admission will be 25 and 50 cents.

A total of sixteen teams are entered in the tournament.

### BRONTE-MILES

Bronte boys and girls basketball teams motored to Miles last Friday night for two conference games. Bronte won both games by a score of 33-30 for the girls and 55-30 for the boys teams.

## BISHOP TO SEEK RE-ELECTION AS REPRESENTATIVE

In a letter from A. J. Bishop this week he said that he will run again for State Representative from District 77. Bishop, who stock farms at Winters, is now serving his first term as legislator from this district.

He stated that an official announcement of his candidacy will be made later.

## Programs Planned For March of Dimes

The March of Dimes campaign has been gaining momentum this week. However, the main part of the fund raising drive is still ahead. Perhaps the main attraction will be Friday night of next week when TV stars Chester Derrick Richard Beck and Gob Franklin, all of Coke County, will be joined by at least three musicians from San Angelo in presenting a program at the local school.

The program will be free and the public is invited to attend. Everyone in this area knows the musicians and will want to hear this program, as well as help in the Dimes Drive. Make plans to attend the program Friday night, Jan. 29.

### ANNUAL RICHARDS DANCE

Next on the list of activities will be the annual Dimes Dance at Tad Richards barn on Saturday night, Jan. 30. This fund raising event has become an annual and popular affair with people coming from far and near to attend.

## L. T. Youngblood To Head UCRA Another Year

L. T. YOUNGBLOOD

L. T. Youngblood, Bronte banker, was renamed chairman of the Upper Colorado River Authority at a meeting Tuesday afternoon at Sterling City. Mr. Youngblood has been head of the river authority for several years and has been instrumental in effecting the various projects which the group has backed.

Besides financing the Bronte pipeline to Oak Creek and the water purification plant here, the UCRA has financed the lake and filter plant at Robert Lee and sponsored the building of the big dam on the Concho River near San Angelo.

Porter Henderson of San Angelo was elected vice chairman of the UCRA and Gerald C. Allen of Robert Lee was renamed secretary-treasurer.

Among the other business discussed at the Sterling City meeting was a proposed dam on the Middle Concho River at San Angelo. The proposed site is downstream from Lake Nasworthy. The lake if built according to proposed specifications would hold about 225,000 acre feet of water and would cost about \$6,500,000.

At a program last Friday at Tennyson, \$108 was raised for the drive. It was staged by the same group of musicians who are coming to Bronte next week.

The Mothers March on Polio will be conducted earlier next Friday night, Jan. 29. At that time the entire town will be canvassed and everyone who will contribute are asked to have a porch light so that workers may come for the contribution.

Members of the Bronte Lions Club will canvas the business district and will also pass the hat at the local theatre.

Ernest Ivey, drive chairman for the East side of Coke County, said he is well pleased with the way plans are shaping up. He said that with the various events which are scheduled he believes this section will go over the top in their contributions.

He emphasized the need of liberal giving in this campaign, because of the added expense of intense research. More than the usual expense is anticipated during the next year because of the experiments which are underway in developing a vaccine for the prevention of polio.

"Of course" Ivey added, "the same amount of expense in care of those stricken with polio will have to be carried in addition to this. Coke Countians have always been particularly generous in this cause and I want to urge the folks around here to give liberally again this year."

## City Politics Warming Up

More interest was shown in the forthcoming city election this week when another name was added for the office of mayor and another for alderman. Ernest Ivey's name has been placed on the ballot for the mayor's post, and the name of Ben Oglesby, publisher of The Enterprise, was filed for a'derman. Ivey, local motel owner, previously announced for alderman but withdrew from that race.

Arnold Ball, butane dealer, announced for mayor last week. Already on the ticket for alderman were Joe George Wilkins, Charlie Boecking and Jess Percifull.

More than a month remains before the deadline for filing for the offices. Any resident of the city who wishes to plac his name on the ballot for either of the jobs should see the city secretary at the City Hall.

Three alderman places are to be filled this year, in addition to the mayor's office.

J. B. Mackey, J. P. McGuire and Wilkins are the outgoing aldermen.

## New Tax Exemptions

Riley Glenn Waldrop, the son of Mr. and Mrs. Glenn Waldrop of Edith, was born at 10:40 a. m. Thursday, January 14, in the local hospital. He weighed 7 pounds and 14 ounces. He has three brothers.

Ever look at your house this way?

Your electric company does!

**1940** — This was your house, measured by the amount of electric service you used before World War II.

**1949** — You used almost 50% more electric service. So your house seemed to us to be half again larger.

**TODAY** — You use a lot more electric service — nearly twice as much as in 1940. And all the time you were finding new ways to use electricity for better living, its price was coming down.

**1960** — You'll use about three times the electric service you used in 1940. And we already are investing millions of dollars to have it ready for you.

This means that the West Texas Utilities Company and the other electric light and power companies of America are planning and building well ahead for the nation's growing electric future. Their \$10 billion expansion program is the largest

in all industrial history. America's 800 business-managed electric companies prove daily that they can meet the country's electric needs. In view of this, you have the right to ask whether any federal government electric power projects—paid for with your tax money—are really necessary.

### PROCLAMATION

The Texas Public School System was established January 31, 1854. By that act the pioneers of Texas "entrusted the education of their children and ours to the only safe repository we know, the people themselves," and by that same act of 100 years ago the founding fathers of public education in Texas expressed the hope that Texas would some day "show the world that we will not only be the Empire State in point of territory, but also in the number and excellence of our institutions of learning."

Our schools of today have achieved in large measure the goal expressed by a group of citizens in a mass meeting at the state capitol on that momentous day, January 31, 1854. "Our schools of today not only are worthy of notice in themselves, but they are the embodiment of the vision of the pioneers who founded the Lone Star State. We must continue to keep faith with those early Texans who were determined even at great sacrifice to give the best possible education to every child. Our public schools touch the lives of more Texas citizens than does any other public institution. What we are as a people depends in great measure upon the quality of education we provide for our children."

I, H. O. Whitt, your Mayor, in keeping with the traditions and achievements of this great state, do hereby proclaim that the week beginning Monday, January 24th, and ending Sunday, January 31st, be considered by the citizens of Bronte as "Preparation Week" for the 100th Anniversary of the Texas Public School System, and I further proclaim that the week beginning Monday, March 1st, and ending Saturday, March 6th, be considered by the citizens of Bronte as "Public Schools Visitation Week."

I, therefore, urge that during "Preparation Week" and "Public Schools Visitation Week" the schools, the churches, the civic clubs, the governmental and non-governmental agencies, and the citizens in this community use every activity and opportunity to acquaint themselves more fully with the full impact of public education on the development of this state and our present economic, social and moral security. I further urge that each individual take this occasion to rededicate his thoughts and efforts to the task of developing the human resources of this community.

Let us, therefore, as we use these weeks to prepare our hearts and minds for this Centennial Year, pay tribute to the great men and women of Texas education, both living and dead. Let us, as we remember the struggles our forefathers have made to keep our schools moving forward, resolve to meet the great challenges of public education today with courage, understanding and constructive efforts.

H. O. WHITT

### Reorganization of Soil Conservation Service in Effect; State Office Moved

FORT WORTH — Effective Jan. 18, the U. S. Soil Conservation Service becomes active under its recent reorganization, H. N. Smith announced recently.

Smith, who has been acting Regional Director for the four-state region of Arkansas, Louisiana, Oklahoma and Texas, with headquarters in Fort Worth, will assume his new title as State Conservationist for Texas, and will report directly to the Administrator of SCS in Washington.

"The same action will be taken by the men who have been appointed State Conservationists for the other states in the nation," Smith said. The title "Regional Director" will be discontinued. Smith's headquarters as Texas State Conservationist will be at Temple.

"During the transition period when the physical transfer of personnel and property from the old regional offices to the new state offices is being carried to completion, James W. Hammett, who has been Assistant Regional Director, will be in charge of the office in Fort Worth," Smith said.

Much of the time of the personnel remaining there, until their transfer to other positions

in the states, will be spent in giving training to personnel in administrative duties to be carried on in the state offices after the Fort Worth office is closed later in the fiscal year.

Also effective on January 18, is the activation of seven Engineering and Watershed Planning Units strategically located in geographic sections of the country. These units will assist the State Conservationists with engineering phases of aid to soil conservation districts and with planning, design and construction activities in watersheds where flood prevention programs are proposed or underway. One of these units will be located in Fort Worth.

Personnel in these units will be on the staff of the Administrator of the Soil Conservation Service in Washington, D. C. The Fort Worth Unit will assist Texas, Oklahoma and Louisiana. Howard O. Matson will be in charge of this unit.

Located too in Fort Worth will be a Field Cartographic Unit, one of seven such units in nation. These units are part of the Washington, D. C., staff located in the field to meet the needs in the states for aerial photographic maps and other types of cartographic reproduction. The Fort

Worth Cartographic Unit will also serve Texas, Oklahoma, Arkansas and Louisiana. H. L. Dean will head this unit.

"Functions of the SCS in carrying out the national program of soil and water conservation through soil conservation districts are not changed in any way," Smith said. This action transfers greater responsibility to the state SCS offices and gives these office additional technical and administrative personnel. In practically every instance the same personnel now directly serving soil conservation districts will continue in their jobs.

# NOTICE To Taxpayers

Please remember that your State and County Taxes become delinquent if not paid before February 1.

Property owners are advised that a penalty is attached on all taxes not paid before that date. If you can take care of your taxes this month it will save additional expense.

## Poll Tax Deadline

Please also bear in mind that Poll Taxes must be paid before February 1—you can't buy a Poll Tax Receipt after that date.

This is an important election year, and if you want to vote you must pay a Poll Tax if you are between the ages of 21 and 60.

**CPL. BUTNER GIVEN KOREA DECORATION**

**CORPORAL BUTNER**

TAEGU, KOREA — Cpl. Johnnie J. Butner of Wichita Falls, was recently awarded the Republic of Korea Presidential Unit Citation as a member of the Army's Korean Communication Zone headquarters.

In awarding the decoration, President Syngman Rhee cited headquarters for "supporting all friendly forces in Korea" and contributing to "comprehensive economic aid and relief programs for the Republic of Korea."

Corporal Butner, son of Bob F. Butner, Bronte, is a war crimes investigator in the zone's judge advocate section. He has been in Korea since last February.

The corporal graduated from Wichita Falls Senior High School in 1950 and worked at Sheppard Air Force Base before entering the Army in August 1951.

The Art Craft club met last week in the home of Mrs. E. L. Caperton with 2 guests and 13 members present. Guests were Mrs. B. J. Reeves and Mrs. Ruth Coleman.

Cake, sandwiches, Cokes and coffee were served. Members present included Meses. Leonard Keeney, Chas. Keeney, Fewell Sims, Taylor Emerson, W. J. Gideon, J. D. Leonard, Floyd Modgling, Barney Modgling, Robert Knierim and the hostess.

Mrs. Taylor Emerson will be hostess to the group on Feb. 10.

**Only 683 Have Paid Poll Tax**

Up to Wednesday afternoon only 683 persons had paid their poll tax, making them eligible to participate in various elections to be held this year.

Paul Good, sheriff and tax assessor-collector, said that the poll taxes were not coming in as rapidly as usual for a year when regular elections are to be held.

In 1952, 1,444 persons paid the tax and were qualified to vote. However, last year, an "off" year, only about 600 persons paid their poll tax.

This year elections will be held to fill offices from precinct jobs to U. S. Senator. City elections are to be held here, also, as well as balloting on school trustees.

E. L. and Matthew Caperton attended a business meeting in San Angelo last Tuesday.

**Oil News**

Dudley T. Daugherty, Beeville, 1 R. Whiteside Estate, Coke County wildcat in 293-1A-H&TC, eight miles west of Blackwell logged gas and recovered clean oil on a drillstem test in the Marble Falls.

Gas surfaced in four minutes on the one-hour test between 6,600-6,630 feet. Recovery was 400 feet of oil and 800 feet of gas, mud, oil and salt water emulsion. Flow pressure was 485-585 pounds; 20-minute, shut-in pressure 2,445 pounds.

Operator was continuing to test.

Cosden Petroleum Corp. of Big Spring and Murray Petroleum Co. of San Angelo have filed application to drill a 5,000-foot rotary wildcat four miles west-southwest of Bronte and 1 3/4 miles northeast of production in the Wendkirk Field. It will be the No. 1 M. E. Lasswell.

Location is 2,229 feet from the north and 330 feet from the west lines of Stanton Fields Survey 1.

The prospector is two miles west of the Bronte multipay field.

It is also 1 7/8 miles southwest of McGarr et al 1 Fletcher, wildcat failure abandoned April 1, 1949 at 6,230 feet, elevation unreported. The following tops were picked: Palo Pinto, 4,645 feet; Ellenburger, 5,900 feet.

Miami 1 Robbins was drilling this week at 6,220 feet.

## MISS GRACE GREEN AND DOUGLAS DITMORE WED RECENTLY AT TENNYSON CHURCH

MR. AND MRS. DITMORE

Miss Grace Green became the bride of Douglas Ditmore in a double ring ceremony read in the Tennyson Baptist church recently. The bride is the daughter of Mr. and Mrs. W. T. Green and the bridegroom is the son of Mr. and Mrs. Claude Ditmore, all of Tennyson. The bride was given in marriage by her father, Rev. L. P. Smith performer the ceremony.

The bride's dress was of aqua blue taffeta trimmed in white lace. She had navy accessories and wore a white hat trimmed in seed pearls and beads. Her corsage was red carnations.

## Baptist Announcements

"Know Your Denomination Day" observance at First Baptist Church Sunday morning and the evening services will have a display interest center by which Baptists will better know their own church with its various organizations and know their District Association State Convention and The Southern Baptist Convention. Among other items of interest a copy of the new book by Dr. W. W. Barnes, "The Southern Baptist Convention: 1845-1953" will be displayed. It will undoubtedly be the most influential book to appear within Southern Baptist circles.

Sunday School begins at 10 a. m. with a class for every age, as there is in the evening Training Unions, beginning at 6:30 p. m.

In the 11 o'clock morning worship service the pastor, Rev. Maynard R. Rogers, will bring as his subject: "How to Maintain A Victorious Christian Life." A solo will be sung by Miss Carolyn Kemp.

In the 7:30 evening service, his subject will be "The Sin Unto Death" (1 John 5:16).

More information is leaking out about the "Colored Caper Cutters." Seems that Rudy's Combo will play and get this—Dr. Harris and Dr. Stephens will have a big spot on the show. Want to hear more?

Well, there is Richard Beck, Stanley Phillips, Carolyn Kemp, the Snoddy boys from Robert Lee, Gob Franklin and to top it all a concert by the Bronte Band and Sissie and Gene Sherrod with their folk dances.

These are just the specialties. The negroes will have a sure fire part that would tickle anybody's funnybone. There are 22 end men with Gene Sherrod as interlocutor.

Besides there is a dancing chorus of 22 girls — and oh, yes! But wait until next week. We'll tell more — Plan to see "Colored Caper Cutters."

**DECLAMATION**

Much interest is being shown in declamation. There are 32 entries in grade school and at almost any time during afternoon you may hear a declaimer blast forth.

Entries in the subjunior division are Danny Tomlinson, Eddie Glenn Dana Eubanks, Nelda Pate Linda Gaston, Nona Rippetoe, Gwen Kirkland, Patsy Woods, Barbara Rosser, Laura McGuire and Monette Lewallen.

Entries in the junior division include Don Bagwell, Robert L. Moore, James Tidwell, Ronnie Cole, Jerry McShan, S. J. Rose, D. W. Sims, Jimmy Tomlinson, Woodie Carroll, Johnny Scott, Alonzo Robbins, Danny Scott, Joan Webb, Jean and June Moore, Yvonne McCutchen, Tommie Ruth Phillips, Carolyn Glenn, Deenie Allen and Elizabeth James.

The first elimination contests will take place in the auditorium on Jan. 28, at 9 a. m. when three top speakers will be chosen from each division and trained further until finals in March when one speaker will be selected to re-

present our school in San Angelo.

The public is invited to the contests.

## School Planning Committees To Meet Monday

A meeting of chairmen of various committees which make up the school planning group will be held Monday at 7 p. m. in the school study hall, Supt. J. L. Carroll announced Wednesday. H. O. Whitt is general chairman of the entire group.

Chairmen who are asked to be present are as follows:

J. A. Stephenson, chairman of the school facilities committee; D. K. Glenn, projected census and enrollment; H. A. Springer, census and enrollment; J. E. Fuller, curriculum; L. T. Youngblood projected needs; and C. E. Bruton, finance.

Purpose of the meeting is to consolidate the findings of the various committees and to report to members of the Bronte School board. Board members are to be present at the meeting.

Carroll urged that all chairmen be present, as the meeting is of great importance.
