19-B CHAMPS — Pictured is the Bronte girls' volleyball team that won district honors when they captured the Water Valley volleyball meet last Friday and Saturday. The girls are: top row — Ginger Clark, Jo Walton, Faye

Brice, Mary Gray, Wanda Tomlinson, Linda Lasswell. Second row — Manager Ruby Overstreet, Rickie Hester, Pat Tounget, Iris Brice, Jo Rusk, Jane Powell, Flora Brown, Mrs J. L. Carroll, Coach.

Bottom row — Barbara Singleton, Rita McCutchen, Wanda Snead. Not pictured, La-Jean Word. The girls have played 11 games this season and have not been defeated.

Soaking Rains Fall Over Entire Section

Bronte, along with the rest of West Texas, has received wonderful rains the past few days. Unofficially, most of the rain gauges around here read a total of about four inches.

Rain started falling Sunday night and continued intermittently until Monday morning. About three inches was recorded here Monday morning. Another inch fell in showers Tuesday afternoon and night, bringing the amount to four inches.

OAK CREEK LAKE UP

Bronte residents were doubly happy about the rain because it put five feet of water in Oak Creek Lake, the city's water supply source.

Otis Smith, city water superintendent, said that the lake is about three feet higher now than it has ever been. He estimated that the lake now has a two year supply in it for both Bronte and Sweetwater. Water now stands 21 feet deep over Bronte's intake pipe, Smith added.

Farmers and ranchers had no way of estimating the value of the rain to them. It came too late to be of much help to small grains, but an abundance of weeds is expected in a few days. The parched pastures of Coke County didn't soak up the water as they should have, but ranchers expect them to take on a different look within a few days.

SOME RAIN DAMAGE

Quite a lot of damage was caused by the rain north of here in Scurry County when a dam on Bull Creek was washed out. Dozens of oil wells were flooded and many storage tanks floated away.

A rig drilling a test ten miles north of Bronte, near the Oak Creek Lake, was endangered by high water, but with the help of a large number of workers, serious damage was averted. The rig belongs to the Frank Frawley Drilling Co. and the test is being drilled for Sunray Oil Co. Joe Rose, local oil field construction contractor directed the operations of saving the rig from the flood waters.

Meanwhile, citizens of Robert Lee have been worried over the safety of their Mountain Creek reservoir, since flood waters this week have again caused heavy damage to the spillway.

UCRA Chairman L. T. Youngblood has called a special meeting in Robert Lee Saturday for the purpose of inspecting the damage and planning some method of preventing further damage to the dam. Heavy rains last August washed out part of the spillway and damaged the concrete baffles. More than \$4,000 was spent in repairing the damage.

Weather forecasters say that the possibilities for thunder showers will remain good for the next few days. Wednesday afternoon, however, the sun was shining and it looked as though farmers would be cranking up their tractors within a few days.

AD-LIB-BEN

Death is never a pleasant thought. But some deaths are more peaceful than others. And, as death must come to everyone, the ambition of the medical world is to make it is painless and delayed as possible. There should be no reason for persons dying before the age of 100 or for any horrible deaths other than by accidents. Medical science has almost progressed to this stage.

And still, the number 2 killer in America today is a disease which can strike anyone from the cradle to advanced age with its greatest toll among the middle-aged groups.

Let anyone feel that cancer is a remote threat to his or her life, this is a reminder that America's No. 2 killer will strike an estimated one in every five Americans at some time during their lives. Of every seven deaths last year, one was caused by cancer — the slayer that took a fatality toll in the United States in 1953 estimated at 225,000 persons.

The Cancer Crusade is now underway in Coke County. How about it?

Credit where credit is due: Charlie Boecking, Bronte's new water commissioner, certainly deserves a pat on the back. We haven't seen so much water in a long time as since Charlie took office.

Strangers are friends you haven't met yet.

Sunday is Easter. Undoubtedly, our local churches will be crowded on that day. This occasion usually brings the biggest crowd of the year. Going to church only on Easter Sunday is certainly not a desirable situation, but it is better than never going at all. Why not go to the church of your choice Sunday?

Cancer Crusade Now Underway In Coke County

For the first time Coke County this year is taking part in the American Cancer Society's Crusade. Officials of the county chapter met in Bronte Monday night and outlined plans.

Purpose of the Crusade is to bring information on cancer to everyone and also raise funds to carry on the Society's wonderful work. The American Cancer Society strikes back at the disease in three main ways; through research in more than a score of fields, by public and professional education and by service to cancer patients.

Any final answer about the cause and complete means of control of cancer will come from scientific research, to which the American Cancer Society has devoted more than 29 million dollars since 1942. Some 1,800 scientists, including many in Texas, are at work on the problem and their work already has made cancer cures possible that were not possible ten years ago.

The Society's program is carried on entirely through voluntary contributions. Sixty per cent of the money contributed to the Cancer Crusade stays in Texas to carry on a year-around program of education and service. Coke County's quota is \$400.

CANVASS HERE

A. J. Kirkpatrick of Robert Lee is county chairman for the Crusade in the county. Mrs. J. B. Mackey is vice chairman and in charge of the program on the east side. E. F. Glenn is county treasurer and Rev. M. R. Rogers is east side committeeman.

A canvass is being made in an effort to enroll as many persons as possible in the Crusade. Anyone who is missed and who will make a donation is asked to leave their contribution with Mrs. Mackey at Cumbie and Mackey Dry Goods or leave it at The Enterprise office.

IDEAL CAFE IS BURGLARIZED

The Ideal Cafe and Barbecue on north Highway 277 was broken into Saturday night. Sam Spruell said that the burglars took \$34 from the cigarette vending machine and an undetermined amount from the nickelodeon.

Spruell said that their cook was particularly unhappy about the break-in as the thieves helped themselves to some home made pies which had just been taken out of the oven a short while before. "They didn't bother to cut them," he said, "just helped themselves with spoons."

Some damage was done to the Gulf Service Station next door when the burglars attempted to break in. Two Stamford men are being held in connection with the affair.

Sunrise Services To Be Held From Mount Margaret

By Mrs. John Gaston

Sunrise services will be held again this year on Easter Sunday from the top of Mt. Margaret in Tennyson. All who plan to attend are asked to meet at the school building at 5 a. m.

Rev. M. R. Rogers of Bronte will conduct the mountaintop services. Later breakfast will be served at the school building. Everyone who attends is asked to bring some bacon and eggs.

Rev. A. A. Foster of San Angelo will speak at the school house for the benefit of those who do not wish to climb the mountain and will also deliver a message after breakfast.

These Easter services are an annual affair and people of all faiths are invited to attend.

Committee Makes Interesting Report on Local School Finances

The discussion this week concerning the Programming of the Bronte Schools will concern the financial structure as determined by a study of the Finance Committee, C. E. Bruton, Chairman.

This committee held many meetings and did much valuable work covering various sources of revenue involved in the operation of a school system. For the year 1952-53, the last full school year, a total expenditure of \$135,207.32 was required to operate the school. These funds are provided thru taxation, per capita and State and County aid funds. The total tax rolls for the year 1952 was \$67,341.57. Of this amount, \$66,376.96 was collected. Per capita apportionment provided \$26,028.55 and State Aid on Instructional Services another \$19,402.00. Bus Transportation reimbursement was \$10,677.00. Vocational Aid \$914.13. Other miscellaneous cash items, such as delinquent tax collections, short

time loans, bond sales, insurance adjustments etc. brought the total cash receipts up to approximately \$142,892.03.

TAX VALUATIONS

From a study of the property valuations, it was developed that the average tax valuation on acreage in the district was \$5.72 per acre. On town residences \$1775.00. The tax rate for the Bronte Schools is \$1.00 per \$100.00 valuation, the only school district in this area that has less than a \$1.50 tax rate.

The financial condition of the school is excellent. At the time of this survey the bonded indebtedness of the entire district was \$20,500.00 and warrants outstanding totaled \$6,683.30. The school's financial statement show a total of \$21,231.62 cash in the bank.

Bonds are due annually. The 1922 issue expiring in 1962, the 1950 issue in 1965 and the Oak Creek issue in 1964.

Jesse Parker Is Board President For Another Year

Members of the Bronte Board of Trustees met for their regular meeting Monday night with the new school trustees, Osmo Black, Marvin Corley and J. B. Mackey, in attendance.

Jesse Parker was re-elected as president of the group, Mug Stephenson was elected vice-president and J. B. Mackey named secretary.

Committees were not named but will be announced later.

Supt. J. L. Carroll showed the new trustees through the school plant and explained school procedures to them.

The group listened to a report from a Sweetwater architect.

They also began work on a system to assemble a systematic arrangement of school policies.

Monroe McCutchen Announces for JP Of Precinct No. 2

Monroe McCutchen, who has resided in this community for more than 60 years, announced this week that he is a candidate for Justice of the Peace for Precinct 2.

Mr. McCutchen said that he would like to solicit the vote of everyone in this precinct and that if he is elected, he will carry out the duties of the office to the very best of his ability.

"I will not be able to see and contact everyone who lives in this precinct, but if the people here want to vote for me, I will really appreciate it," he said. "Most of the folks around here know me and know that I will treat them right if I am elected as their justice of the peace."

Mr. McCutchen's candidacy is subject to action of the voters in the Democratic Primary.

New strength and stamina! Lower upkeep costs!

New Chevrolet Trucks...

do more work per day... more work per dollar!

You save hours on the road. Thanks to new high-compression power, you can maintain faster schedules without driving at higher maximum speeds. Increased acceleration and hill-climbing ability let you save time where it counts.

You save time on deliveries. With new truck Hydra-Matic transmission, you save time at every delivery stop. And you can forget about clutching and shifting for good! It's optional at extra cost on 1/2-, 3/4- and 1-ton Chevrolet trucks.

You save extra trips. That's because of the extra load space you

get in the new Advance-Design bodies. New pick-up bodies are deeper, new stake and platform bodies are wider and longer. Also, they're set lower for easier loading.

You save with lower upkeep, too. Extra chassis strength saves you money on maintenance. There are heavier axle shafts in two-ton models... bigger clutches in light- and heavy-duty models... stronger frames in all models.

You save on operating costs. New power saves you money every mile! The "Thriftmaster 235" engine, the "Loadmaster 235" and

the "Jobmaster 261" (optional on 2-ton models at extra cost) deliver increased operating economy.

And your savings start the day you buy. In fact, they start with the low price you pay and continue over the miles. Chevrolet is America's lowest-priced line of trucks. It's also the truck that has a traditionally higher trade-in value.

Come in and see all the wonderful new things you get in America's number one truck. We'll be glad to give you all the money-saving facts.

New Jobs for Texans

Texas industries have been providing new jobs for Texans at the rate of about 70,000 a year. That's about 200 new jobs every day.

All kinds of jobs . . . in offices, on construction work, in manufacturing plants, in the development of the natural resources of the State. Jobs for riggers, for secretaries, for engineers, for truck drivers, for accountants, for lawyers, for crane operators, for decorators, for sailors . . . all kinds of jobs.

And the reason why these new jobs have been, and continue to be available is this: Texas industry is expanding, and *industry makes jobs*.

On the average, each new job created in Texas requires the investment of \$12,000 capital*. *Thus, Texas industry invests over three-quarters of a billion dollars each year in new plants and in plant expansion to create 70,000 new Texas jobs.*

Much of this annual investment in new jobs for

Texans is made by the oil industry itself and industries which depend on oil and natural gas for fuel and raw materials. Every year a wider variety of industries put to profitable use a larger number of the resources of the State, and call on a broader assortment of available Texas skills.

Forecasters predict an even greater industrial development in Texas, and an even larger number of new jobs, as more industries recognize the advantages that Texas offers: good markets, raw and manufactured resources, trustworthy and dependable people, efficient and abundant fuel, a mild climate, and a good state government . . . In that list of advantages, the Texas oil industry provides raw materials for processing, and the world's finest industrial fuel—natural gas.

*In the oil industry, the required investment for each new job is over \$50,000.

Progressive Business And Civic-Minded People of San Angelo And Vicinity

This department has been worked up largely as a reflection of public opinion. No person has written of themselves or their business. All articles have been compiled by a representative of The Bronte Enterprise as he saw conditions. These people are all leaders in their various lines of endeavor and the cooperation of those citizens in San Angelo who helped make this department possible is sincerely appreciated.

Mr. and Mrs. James W. Hall

Every progressive and successful business man and woman in San Angelo contributes in some manner to the growth and progress of the city. And two people who are always willing to do their part in both business and civic activities are Mr. and Mrs. James W. Hall of The Sewing Machine Mart and The Kirby Vacuum Cleaner Company, who are well known and have many friends and customers throughout this entire district.

The prominent part that The Sewing Machine Mart and The Kirby Vacuum Co. is playing in the business and civic life of San Angelo and the surrounding country mirrors the progressiveness and ability of such people as they. Furthermore, the Hall's have at all times been steadfast in their devotion to the city, and the surrounding country, and on many occasions have lent their support to the successful promotion of meritorious civic projects. San Angelo and this district are fortunate to have such people as Mr. and Mrs. Jim Hall in positions of responsibility and service and this newspaper feels that it is merely reflecting public opinion in paying this brief tribute to two of the city's more progressive business people.

Aileen Trimble And Clancy Baldrige

To serve the public honestly, efficiently and cheerfully, is the basic foundation many progressive business men and women of San Angelo have found to be the shortest route to success. In making this statement the personalities we have in mind are Aileen B. Trimble and Clancy Baldrige of The Trimble Travel Service. The popularity and patronage enjoyed by their many services accentuates the ideals of courtesy which they have consistently applied in the management of the business.

The conduct of such a business and the people who operate them have done much to make San Angelo the business center for many miles around. And it is fitting that we give credit where credit is due to such people as Miss Trimble and Miss Baldrige for their part in the onward progress of the city.

Clancy Baldrige and Aileen Trimble have earned their success by the method in which they have served the public and accepted both business and civic responsibilities and we trust they will continue to prosper.

Roy B. McGuire

Recognized as one of the more progressive business men of San Angelo, Roy B. McGuire of The San Angelo Pest Control Company, performs a real service for the people of his city and his contributions to civic betterment are too well known to require repetition in these columns. His personal success has been achieved, in a large measure, because he never misses an opportunity to further the service his company renders to the public. A policy which has and continues to

build up good will for The San Angelo Pest Control Co., through out this entire district.

Mr. McGuire is deserving of praise and this small tribute is but a just recognition for the many services which he has performed in the way of both business and civic activities. Also his reputation for the successful conduct of his business affairs is no greater than his reputation for the honest practices which characterize his every transaction.

We congratulate Roy McGuire on his splendid record and trust he shall continue to serve the people of San Angelo and vicinity.

Loraine Johnson

A city grows and prospers by reason of the public-spirited men and women who take an active interest in its development. San Angelo has its share of these civic-minded people, and one who is deserving of recognition is friendly, likeable Mrs. Loraine Johnson of The Town & Country Decorators Inc., one of the city's leading interior decorators.

She has a natural ability for her chosen profession which has been enhanced by her many years of experience in the interior decorating business, which, coupled with a sense of obligation to the public and a sincere desire to be of service, have been major factors in maintaining The Town & Country Decorators in the business life of the city. She has not only in her business activities, but also in her attention to civic duty, assumed an active part in community affairs.

Mrs. Johnson has always been ready and willing to contribute her time and energy to the promotion of any project promising to benefit the community as a whole. She has often sacrificed personal interests to be of assistance to the city, and her efforts are deserving of commendation and support.

We congratulate Loraine Johnson on her past success, and predict that the future will bring her still greater success.

Henry and Ella Straach

It is no coincidence that more frequently than not the people who take a progressive part in the business and civic life of their city are the same ones who are pre-eminently successful in conducting their own private affairs. In connection with the foregoing statement we wish to mention and pay tribute to Mr. and Mrs. Henry Straach of Henry's Flowers and Greenhouses.

The Straach's have proven very ably that they are florists of more than average ability, for it is largely due to their progressive methods coupled with their sound and practical ideas that their flower shop and greenhouse services hold their high position in the public's opinion in this area. They have made their business a profession with the result that they are today two of the more popular floriculturists and horticulturists in San Angelo, giving to

their patrons an excellence of artistic service seldom equalled.

It is also true that Henry and Ella Straach do their share toward community improvement and have given freely of their time and energy to the promotion of those enterprises which have benefited the city at large. We are glad to voice our praise of two people who are successful in their own business and who also have time to give to community development.

Howard W. Green

There are many men in their chosen fields who have gained recognition for the progressive manner in which they have conducted their business and accepted their civic responsibilities but who will not permit much to be said of their achievements.

But in reviewing a group of such citizens we should include Howard W. Green, well known and reliable geological engineer of this area, for he is a man who always done his work effectively even though it has been accomplished in an unobtrusive manner.

Mr. Green, busy as he is, always manages somehow or other, to do his bit in any movement calculated to benefit the community as a whole. His modesty, however, will not permit him to say the things about himself which are said by his friends, who would also tell you that his professional conduct is a credit to his high sense of honor.

We do not hesitate to recommend Howard Green to our readers as a citizen who continues at all times to work to the advantage of the oil producers this entire district.

Charles Rose and Homer Jordan Jr.

In critical times such as these, it takes business men of more than average ability to carry on their operations successfully. In making this statement the men we have in mind are two of San Angelo's more progressive furniture dealers, Charles A. Rose and Homer Jordan Jr., of The Charles Furniture Company, who have a wide circle of personal friends and customers scattered throughout this entire district—many of whom reside in our own community.

Their contagious optimism and freely expressed belief in the assured future prosperity of the people of San Angelo and its metropolitan trading area are characteristics which are to be appreciated in progressive business men. They have always taken an interest in community affairs and have shown a willingness to shoulder their share of the civic load.

It is men like Homer Jordan Jr., and Charles Rose who, because of the successful conduct of their business and private affairs and their willingness to contribute to the public good, who are wholly deserving of a few words of commendation. It is a pleasure to pay them this brief tribute.

Deupree Brown

It is a well-known fact that a man's true character must come through in his work; whether in business or professional activities or in public life. So when a man conducts himself in such a manner as to cause the public to recognize in him certain qualities, over and above the average, he is deserving of a few words of praise. Such a personality is Deupree Brown, well known and insured livestock hauling contractor of this area, and a leader in the business and civic life of San Angelo.

In addition to being one of the city's more progressive livestock hauling contractors, Mr. Brown was never one to shirk his civic duties. More than that, he enters cheerfully and with enthusiasm and optimism into those civic affairs in which he has time to take part. And seldom does he fail to find time to do his share.

Deupree Brown deserves his share of credit for being one of those progressive citizens of San Angelo who has contributed so substantially to the onward progress of his city. It is a pleasure to include him in this group.

Mr. and Mrs. Mike Hail

Mr. and Mrs. Mike Hail are two of the more successful drive in operators of San Angelo who, by maintaining a constant standard of service and high quality foods, has made Mike's Drive Inn one of the more popular eating places in the community. We are glad to give them credit for their well-earned success in a field which is so highly competitive.

It is also a pleasure to give them credit for taking part in community affairs and lending their assistance to various activities and public projects. When to take a part in such matters they always do so without ostentation, but in a quiet manner which lends dignity to their cheerful acceptance of their share of the civic load. It is a pleasure to be associated in the promotion of community activities with such people as Mr. and Mrs. Hail.

This review of progressive and civic-minded people of San Angelo would not be complete were we to fail to include Mr. and Mrs. Mike Hail. Theirs is the kind of success which deserves recognition and we wish them both many more years of the same.

Cecil A. Lawson

Cecil A. Lawson of The Modern Motors, and The Modern Motors Body Shop, has a well earned reputation for progressiveness because he has consistently forged ahead in his business, never letting up in his efforts to make the service he renders to the public more valuable. This invariable policy has made Modern Motors and Modern Motors Body Shop, outstanding in their field, a fact that is well known to all the people in the San Angelo area.

But Mr. Lawson has accomplished much more than just making a success of his business and private affairs, and we take this opportunity to pay tribute to him for devoting what time he could spare to the general welfare, not only to his own city, but this entire district as well.

It is such men as he, who are both successful in business and appreciative of their civic obligations that are deserving of recognition. We take pleasure in publicly giving Cecil Lawson the credit for his accomplishments which his friends and associates have so long accorded him.

Philip W. Beckley

In making this review of progressive San Angelo business men it is appropriate that we include some of those men who have taken an active part in the exploration and development of the petroleum resources of the state. In doing so, we would be censured if we failed to include Philip W. Beckley of The Surface Geological Company, which is now located at 2002 South Lincoln.

Mr. Beckley is that solid type of citizen whose fairness and friendliness and sincere desire to be of service are accountable for a large measure of his success. As time goes on, his personal interests have become more closely interwoven with the business and civic affairs of the city. As a result he has, quite naturally, become accepted as a man who can be called upon and who will cheerfully do his part to further the development of those community activities to which he is best fitted to lend assistance.

Philip Beckley has, by the conduct of his business and his attention to civic affairs, earned the friendship and good will of his fellow citizens. He is to be complimented for his activities and we only express the desire of his many friends and associates in wishing him continued success.

Ruth and Leon Lederman

Mr. and Mrs. Leon Lederman of The Lederman Real Estate Agency, specializing in all types of commercial properties, are two of those progressive type of citizens upon whom the community depends a great deal for leadership in business and other matters. They are also civic minded and have, in the past, and no doubt will continue in the future to give more of their time and energy for the welfare of others than themselves.

They are the kind of people who make friends and friendships once formed by them are never broken by an unfriendly act on their part, and they spare no efforts in order that their services to the surrounding area shall be more dependable.

The Lederman's have never been known to inject themselves into a situation for the mere purpose of gaining publicity. However, they proceed in a calm and unobtrusive manner, and accomplish their objectives with a quiet dignity. We do not hesitate to recommend Ruth and Leon Lederman to our friends as good examples of the more progressive type of business people who are aiding in the growth and development of San Angelo and the surrounding country.

Clarence Knight and Harold Susen

The progress of any community hinges to a great extent upon the activities of the more progressive men in the world of business. This is as true in this locality as in any other sector and local leaders are to be congratulated for their part in the general advancement of this section of the state. And two of the more progressive lumbermen of San Angelo who should thus be congratulated are Clarence E. Knight and Harold A. Susen of The Knight & Susen Lumber Company, who are widely known and universally liked.

Few men have such a thorough knowledge of every phase of the lumber game. And to say that Mr. Knight and Mr. Susen know the business from A to Z, is in no way an overstatement. The honesty which has always char-

acterized their every transaction has gained for them the respect and confidence of the many men and firms with whom they do business.

The successful careers of Harold Susen and Clarence Knight illustrate the merits of integrity, ability grounded in experience and coupled with the added asset of pleasing and sincere personalities. We wish them both many more years of continued success.

A. T. Bryant

It is not always the kind of business which determines its importance to the community. But, more or less, the methods used in its management. The services rendered to the public. And the way in which it meets both business and civic obligations.

The cheerfulness of the entire personnel of The Bryant Cleaners & Dyers, in their contacts with the public. And the ready acceptance of all business and civic obligations by A. T. Bryant proves conclusively that he is a man who is well-versed in the principles of successful business management.

As most people know, this firm is a leader in the dry cleaning and dyeing business. This is partly so because of their long experience but also because of a never ending policy of keeping abreast of the times in their particular field.

It is a pleasure to compliment A. T. Bryant for the successful management of The Bryant Cleaners & Dyers, and also for his many contributions to those civic projects aiding in the growth and progress of San Angelo and the adjacent territory.

Bill Dyer

A restaurant operator of San Angelo who has based his success upon the belief that the public will appreciate good food, well prepared and appetizingly served, is Bill Dyer of Bill's Chicken Hutt, whose many friends and customers, by their daily patronage to his popular eating place, attest to the soundness of his policy.

It is not only because of the successful management of his business that Mr. Dyer has come to be recognized as an asset to the community; but it is also because of his policy of "looking ahead" and endeavoring to sponsor or take part in those community activities which will, in some manner, benefit the city of San Angelo and the people as a whole. He is another of those men who has shown his appreciation for his success by a willingness to contribute his time and efforts to the promotion of city projects.

It is men like Bill Dyer whom we are privileged to include in this review and to publicly give him due credit for his success in business and civic affairs.

John P. Sorrels

Progressiveness, coupled with ability, always a praise-worthy feature in the passing scene of any community's daily life, is to be duly appreciated. In full realization of this and in recognition of the splendid personality which gives impetus to the personal success in his case, many residents and business people of San Angelo and our own community, regard John P. Sorrels of The Sorrels Reproduction Company, as a true asset to his city and this district.

Mr. Sorrels is keeping his

company at the forefront at all times, both in business and civic activities and has maintained a position of leadership in the blue print business. Capable and energetic in the management of the business he has come to be recognized as one of the city's more progressive business men.

What John Sorrels has accomplished in the past, both in business and civic activities, is the best indication of what may be expected of him in the future. He has our admiration and best wishes for continued success.

Mr. and Mrs. Casey Putman

Mr. and Mrs. Casey Putman of The Casa Loma Hotel have won the universal respect and good will of the people of San Angelo and the surrounding country for the progressive manner in which they have kept the hotel in the forefront of the business and civic life of this entire district. Also for the efficient and friendly willingness they have displayed in accepting their share of responsibility in aiding civic projects.

The Putman's are not the kind of people who make themselves conspicuous by the manner in which they conduct themselves either in business or other matters. Yet, their quiet reserve and air of confidence mark them as people of sound judgment, whose opinions and advice are sought after and listened to with respect.

We compliment Mr. and Mrs. Putman for the successful management of The Casa Loma Hotel, also for their constructive advice and help on those civic affairs in which they have found time to interest themselves. They are two San Angelo citizens of whom many are proud to call friend.

Dale Van Huss

The true value of a citizen is not gauged by his personal success, but rather by the manner in which he shares that success by his contributions to the community in which he lives. A city grows and flourishes according to the number of public spirited men and women who compose its population.

Dale Van Huss, well known and reliable cement contractor, with offices now located at 2210 Forest Park, is one of those men who has given much toward the development of San Angelo and vicinity. He has turned his personal success in the business field to the advantage of the people as a whole and has accomplished much toward making his city a better place in which to live.

Mr. Van Huss' thorough knowledge of the every phase of the cement contracting business has raised him to a position of leadership in his field of activities and gained for him recognition as one of the city's more progressive business men. We compliment Dale Van Huss in this San Angelo review and wish to offer him this small evidence of public esteem.

S. S. Kistler

The men in a community who work for the best interests of the community usually are leaders in whatever they attempt. This is especially true of real estate men because they are generally among the first to be called on to help with all worthy civic projects. Such a man is S. S. Kistler, one of the city's better known and more progressive realtors. He stands at all times prepared to assist his city and is ever ready to take off his coat,

if necessary, and work for its best interests.

It is men like Mr. Kistler, who had the vision to realize the possibilities of San Angelo and the surrounding territory and have given of their time and energy to make this vision come true, who have won the respect and good will of their fellow citizens.

We take pleasure in paying this brief tribute to S. S. Kistler for being a farsighted business man who is firmly established in the forefront of the business and civic life of his city.

Buddy Rogers

Buddy Rogers of Buddy's Garage, is one of those progressive business men who has always done his bit to maintain the prestige of the city of San Angelo as the leading metropolis of this section of the state. He has always worked for the development of the city and his many services are worthy of sincere appreciation.

His well earned success as a business man is easily understood, knowing as the people do, his widespread reputation for honesty which characterizes all of his business dealings. And it is a combination of technical knowledge, mechanical skill, and business ability which has elevated Mr. Roger to the position of leadership in the automotive repair and maintenance business.

He is completely aware of his civic responsibilities and is wide awake to the many opportunities for service, and always ready and willing to lend his support to any project which promises to benefit the community as a whole.

We compliment Buddy Rogers on his accomplishments, and wish for him continued success.

Jay B. Adkins

It is fitting in this review of progressive San Angelo business men that we acquaint our readers with the man to be credited with having maintained The A & W Welding & Mfg. Company, in the enviable position it holds in the business and civic life of this area. That personality is Jay B. Adkins, whose genius for organization and for converting new ideas into actual deeds has played a vital part in the distinctive reputation which the company now enjoys throughout this entire district.

Mr. Adkins has found time, in addition to his business interests, to give thought and energy to community projects. He is a citizen whose talents have been steadfastly devoted to the best interests of the city. He has been successful in his own business and in the promotion of the general welfare of the community.

We are glad to pay this brief tribute to him and to say that this district owes much to the many benefits which Jay Adkins and The A & W Welding & Mfg. Company, have rendered to the people of this entire area.

E. J. Caudle

It isn't the size or volume of a man's business which determines its value to the community in which he makes his living. But rather by the manner in which it is conducted. Which, to a greater or lesser degree, reflects the personality and character of the individual. The value of one of Bronte's native sons, E. J. Caudle's business to his city is a reflection of his progressiveness and a determination to render the utmost in service relative to efficient exterminating and pest control, a policy which has caused The Angelo Building

Maintenance Co., to be so well thought of and so widely patronized by the people of San Angelo and the surrounding area.

That same progressiveness and ability which has made him so successful in his own business has also fitted Mr. Caudle to be of assistance on community projects and public drives. And he takes pleasure in helping, in one way or another, whenever he can on such projects. Furthermore, he does so cheerfully and with a friendly spirit of cooperation that is always more than welcome.

It is a pleasure to include E. J. Caudle in this San Angelo review and to wish him further success in his field of endeavor.

J. F. Carroll

San Angelo owes much to those progressive citizens who have taken an active part in the growth and progress of the city and who have helped to make it the business center for this part of the state and who also have contributed, in some manner, to the exploration and development of the petroleum resources of the state. In mentioning some of these men it is only fair to include J. F. Carroll of The Val-Carroll Oil Company.

He deserves a great deal of credit for his success in both business and civic activities.

Mr. Carroll is wholly deserving of our sincere praise and these few words of commendation are but a just recognition for the many activities he has conducted on behalf of the general welfare of the community. The honest and successful conduct of his business affairs is but a reflection of his character. We trust that J. F. Carroll will continue to serve San Angelo and vicinity for many years.

Barney and Louie Ashley

Due to the efforts of a group of wide awake business and professional men, the city of San Angelo has attained a dominant position in the commercial life of this section of the state. And two of the men who have justly earned credit for being progressive members of that group are Barney and Louie Ashley of The Angelo Metal Works.

It is because of the successful operation of such a business as theirs that the city of San Angelo has earned the reputation of being one of the more progressive communities in West Texas.

The Ashley's have been conspicuously successful in spite of the fact that they have repeatedly neglected their own private affairs to devote a part of their time and efforts to the successful promotion of civic projects.

It is considered a privilege to include Louie and Barney Ashley in this San Angelo review and to publicly give them credit for their success in business and for their many contributions to the general welfare of the city.

B. G. Brown

Recognized as an authority on all building contracting problems B. G. Brown, leading and reliable construction expert, has turned his knowledge to the advantage of the people of San Angelo and vicinity. More than that, Mr. Brown is a man who has always been vitally interested in the civic betterment and progress of the city and has backed up his interest by lending assistance in one form or another, to the successful promotion of many things which have benefitted the community as a whole. San Angelo owes much to such men for their part in making the city the business center for this area.

He has always been alert to the many opportunities for service, and more than ready to recognize and accept his share of civic responsibility.

Because of these things, B. G. Brown has become accepted as a progressive business man who is an asset to both the business and civic life of the city.

And we trust he will continue to serve the people of San Angelo and the surrounding area in his present capacity for many years.

Clyde Shelby

One of the more progressive business men of San Angelo, and a man who deserves the respect and good will of a great many residents of the city is capable, friendly Clyde Shelby of The Tile Shop, whose wide knowledge and long experience in the tile contracting business has raised him into a position of prominence in his line.

It is because of this that The Tile Shop, has earned a reputation for reliability—second to none.

Mr. Shelby is also civic-minded and has always been ready to contribute his time and energy to any plan which promises to benefit this entire district. And the people of San Angelo may regard with particular satisfaction the many services which he has performed for the community in the interest of progress and civic betterment.

We urge our readers to look to Clyde Shelby as a progressive business man of whom we may well be proud. His devotion to the city has been constant and his achievements well merited. We wish for him further success.

Baptist Announcements

Bronte First Baptist Church invites the public to join it and Tennyson people in the sunrise Easter services atop Mount Margaret. Details for the service will be found in another story in this paper. Rev. Maynard Rogers and Rev. W. E. Chandler, pastor of the Tennyson Baptist Church will bring appropriate messages. "Christ, the living Lord" will be the Sunday School lesson for Sunday morning at 10 a. m. The entire family in invited, with

classes for every age.

Morning worship begins at 11 a. m. Mrs. E. L. Yoes will sing as a solo, "Wonderful Saviour" by Frances W. Johnston and Cornelius Keur. Title of the pastor's message is: "Taught In The Sepulchre."

Easter evening services will begin at 7 p. m. with the Training Union inviting all who will come. The desired enrollment of 100 was reached last Sunday under the leadership of Youth Week.

Evening preaching services at 8 p. m. will bring the pastor, Rev. Maynard R. Rogers, preaching on the subject "If's of the Resurrection!"

BRONTE TAKES VOLLEYBALL CHAMPIONSHIP

An overtime thriller in the boys high school division climaxed the Water Valley Volleyball tourney last weekend as Bronte walked off with three of the four 19-B championships.

Bronte and Water Valley's boys were tied at the end of regular playing time, but Bronte forged ahead in the three-minute overtime to win 36-34.

Previously the boys had defeated Mertzon.

Playing for Bronte senior boys were Harold McCutchen, Dean Scott, Tom Taylor, Arbie Phillips, Bill Tounget, Kenneth Scott and Bill Maxwell. They are coached by Elbert Yoes.

In the senior girls class, Bronte defeated the Water Valley girls 24-12, after beating Christoval 44-15 and Barnhart 59-19. They will enter the regional playoff on April 24.

Bronte's third title was in the grade school girls division. They defeated Mertzon 60-17 and previously defeated Wall.

Farm Bureau Meet Set for Tonight

All farm families are reminded of the farm bureau meeting tonight, April 16, at the school house.

Leon Lane, Regional Field representative of the Texas Farm Bureau from this region, will deliver the principal address.

Each family will bring two covered dishes and supper will be

the first item on the program. It will be followed by a musical program and Lane's address.

A spokesman said that everyone in the county interested in the future of agriculture is invited to attend.

Mr. and Mrs. W. E. Stewart and son of El Paso have been visitors in the home of her parents, Mr. and Mrs. A. S. Whately. Billy, the little grandson, remained with his grandparents

Sam Connally Candidate For Congressman

SAM CONNALLY

Sam Connally of San Saba, officially announced this week that he will be a candidate for U. S. Representative from the 21st Congressional District of Texas, and spelled out some of the issues on which he will base his campaign.

Heading the list is his proposal to work for an increase in the income tax exemption, which he says is essential to bolster the drouth-stricken economy in this congressional district. Connally's stand on this issue is in direct opposition to action taken by the incumbent Congressman from this district, who voted against a similar proposal and was instrumental in having it defeated.

"I strongly favor raising the income tax exemption from \$600 to \$700 per year," Connally said. "Drouth-hit taxpayers must have some relief. The fellows who need it most and who would be

helped most are the little fellows, not the big corporations. My father always told me that the big fellow can take care of himself, and that we need able representation to take care of the little man."

Another proposal voiced by Connally is to work for a comprehensive water conservation program with less federal control and greater participation and control on the state and local levels. This he sees as one of the most vital problems facing Texas today.

Connally said his decision to be a candidate for Congress was prompted "by my desire to serve the people and because I feel that I can offer representation in Congress that will more truly reflect the thinking and wishes of the people in this district."

"As long as I am your Congressman I will stay on the job," he declared, "and will not let Washington social or political life become so engrossing as to lose sight of the fact that I am a representative of all the people of my district."

Now serving his third consecutive term as district attorney of the seven-county 33rd Judicial District is a 38-year-old Air Force veteran of World War II. He is married and has a 6-year-old daughter, Terry, named after former U. S. Senator Tom T. Connally, a distant relative.

A native of Rosebud, Connally grew up in Brownwood and received his public school education there. He received his B. A. degree from Daniel Baker College, Brownwood, later attending George Washington University and National University in Washington, D. C., where he received the LL.B. degree. Connally was admitted to the bar in 1940 and practiced in the Brownwood law firm of Wilkin-

son, Johnson & Griffin before entering military service in World War II.

Volunteering into the Air Force as a private in 1942, he subsequently was assigned to Aviation Cadet Communications School at Yale University where he was commissioned a second lieutenant in the Air Force in 1943. He served in New Guinea, the Philippines and finally in Japan. Upon being separated from the military service in 1946 as a captain, he returned to law practice in Brownwood. He was serving as president of the Brownwood Junior Chamber of Commerce when he moved to San Saba several months later. He was elected district attorney in 1948.

Connally is a member of the board of trustees of the First Methodist Church in San Saba, a member of the Chamber of Commerce and the Masonic Lodge, and is a member and past commander of the Wiley B. Murray Post of the American Legion.

\$6 Million Stock Issue Sold by Utilities Firm

Abilene—West Texas Utilities Co. has accepted the bid from Harriman, Ripley & Co. and associates of New York for the underwriting of its 60,000 share (\$6 million) issue of new preferred stock, \$100 par, Price Campbell, WTU president, said last Friday night.

Campbell said the Harriman, Ripley group, lowest of five bidders, named an offering price of \$105 a share for stock with a \$4.40 dividend, less an underwriting compensation of \$2.25 per share.

A total of 47,370 shares of the new senior equity issue will be offered on an exchange basis to holders of the utility's \$6 no par

preferred stock. The other 12,630 shares will be put on the public market by the underwriters, also at \$105 a share.

WTU will call for retirement on May 24 of any shares of the present \$6 unexchanged at the close of the offering period on April 19. The redemption price for this stock is \$110 a share and the holders making the exchange will receive a cash adjustment.

The underwriters agreement was signed by Campbell in Chicago Thursday.

Campbell reported that of the 47,370 shares offered on an exchange basis to holders of the utility's \$6 par preferred stock that 62 per cent of the stock was in Texas and that 65 per cent of the holders were also in Texas.

"We are going to try to keep this stock in Texas," he said.

C. E. Bruton Out For 2nd Term As Justice of Peace

C. E. BRUTON

C. E. Bruton, local White Auto Store owner, announced this week that he is seeking re-election as justice of the peace for precinct 2.

Bruton made the following

statement to voters of this precinct:

"I am seeking my second term as your justice of the peace. My record in the office is open for your inspection and if you think I have done a good job as a law enforcement official. I will sincerely appreciate your vote and support in the coming Democratic Primary. I am acquainted with the job and also with the highway patrolmen and other officers who work in this area. My place of business is convenient for them and for anybody who wants to see me on business.

"If you see fit to re-elect me to this job for another two years I will continue to serve you to the very best of my ability."

C. E. Bruton.

SCHOOL REPORT —
Continued from page 1

QUICK ACTION DESIRABLE
A further study of the valuation of this district shows that the Oil Companies are paying \$8.00 in taxes to \$2.00 for the average property owner. This fact reveals the importance of quick action in accomplishing any further developments that are necessary.

This committee found that if it should become necessary to erect new buildings to take care of the present and future needs of the school that a bond issue of \$250,000.00 would require an amount of \$22,549.00 annually for a period of 15 years, based on a valuation of \$7,189,590 (the 1953 valuation) and a tax rate of 35 cents on 90 percent collections. A \$300,000.000 issue would require \$26,800.00 annually and a 42 cent tax rate on 90 percent collection, same valuation. Above figures would also take care of the present bonded indebtedness of the district. Tax collections have been running about 98 percent of the tax roll and delinquent payments are sufficient to bring the totals up to a total tax collection equal to 100 percent of the current tax roll.

BUILDING REPORT NEXT
The Committee reports for next week will complete the survey and the discussion for that time will be the finding of the buildings committee as to whether or not new buildings are recommended, type, cost etc.

SIX COMPLAINTS FILED WITH JP
Six complaints were filed Tuesday in the office of Justice of the Peace C. E. Bruon. The charges were made when water was being hauled with trucks from the Oak Creek Lake without a permit.

Five other complaints were turned in during the month of April. They consisted of various trucking violations such as overlength, over width and overweight, without proper permits.

J. A. Stephenson To Head Lions
J. A. Stephenson was elected as new president of the Bronte Lions club at their regular noon luncheon this week. He will succeed Rev. J. E. Fuller as head of the group.

Other officers elected include J. B. Mackey, first vice president; Cecil Kemp, second vice president; A. B. Lammers, third Vice president; Rev. M. R. Rogers, Lion Tamer and Bob Wilson, Tail Twister.

New directors are B. E. Modgling and C. E. Arrott. Holdover directors are L. T. Youngblood and H. A. Springer.

The group meets each Tuesday noon at the Club Cafe.

Brooks Browning of Abilene, former Bronte resident, was in town Tuesday afternoon on business. Mr. Browning is in the grocery business in Abilene.
