Red Cross Drive Has Netted \$539 to Date in Coke County

Coke County's Red Cross drive was still lagging this week, with the quota only about half filled. Thursday morning a total of \$539-

Unseasonable Cold Bears Down Here

Old man weather took a nose dive at the nation last weekend, changing the green color of things to an ugly brown.

A report in our paper last week said a light cold spell was scheduled. The weather man admitted he had "goofed" on the forecast. The unseasonably low temperatures, in the low 20s' all weekend, made a complete kill of all fruit trees and gardens.

The temperatures came back to around normal by the middle of the week and spring weather seems in prospect.

AD-LIB-BEN

We suppose you get tired of reading in the Enterprise that you should trade at home, but if you keep reading it, you're likely to see more of the same. We feel very strongly about this matter and can't imagine why there are not more here who do and especially is it hard for us to understand local merchants who go out of Bronte to trade for things they could get here.

We believe that most all citizens of Bronte want to see it grow into a thriving and beautiful little city — a good place to live and raise a family. But then on the other hand there are many who do not realize that when they go out of town to buy their groceries, dry goods, drugs, automobiles, etc., they are sucking one more little drop from the life blood of this or any other small town.

We hope that all of you will read an article which we are reprinting in this issue of The Enterprise entitled "Buying Husbands and Sons Out of Business," which states the exact situation more graphically than I could ever do.

The Womanless Wedding was lots of fun and I was certainly surprised to see how pretty some of the girls were. Incidentally yours truly retired from his brief stage career last Monday night. From now on I'm going to devote full time to this newspaper and printing business.

Incidentally the sophomores took in \$188.75, which goes to show that folks will still pay out money for a good laugh!

Sorry to disappoint my recipe fans again this week. I wrote Li'l Abner Yoakum for his Turnip Upside Down Cake recipe, but so far no answer. I guess you'll just have to struggle along with whatever ordinary old cake recipes you can find elsewhere in this issue.

Fellow I know recently purchased a used car and says he knows now how hard it is to drive a bargain. Apologies to Capertons. He didn't buy it there.

Saw a sign on a fence the other day: "No hunting or fishing. Survivors will be prosecuted."

60 was reported for the entire county. The quota is \$985.00.

A spokesman for the Coke County Chapter urged that everyone who has not contributed to the Red Cross do so just as soon as possible. Actually the time during which the drive is held ends April 1, but the time is being extended in order to give more time to meet the quota.

Workers are badly needed, Claude Word, chairman of the drive, said. He said he would welcome anybody who will work on the Red Cross campaign.

With \$445 yet to raise, Mr. Word stressed that he needs all the assistance he can get in bringing the annual drive to a successful conclusion.

"Your help with your time or money for this good cause will be greatly appreciated," he said.

Easter Services To Be Held Atop Mt. Margaret

The top of Mount Margaret will be the scene of an Easter Sunrise Service again this year. Rev. Douglas Crow, pastor of Norton Baptist Church will deliver the message.

The climb to the top of Mt. Margaret will begin at the Tennyson School House at the base at about 5:30 a. m. Sunrise is expected at 6:20 Easter morning.

For those who cannot make the climb, another service will be held at the same hour at the school house. Rev. W. E. Chandler, pastor of Tennyson Baptist Church, announced this week that everybody is welcome. An increasing number have come to these Sunrise services each year.

Breakfast is served after the services in the Tennyson School House by Tennyson folks.

Those who may want to assist with the food may bring eggs and bacon, but everyone, regardless, is welcome to stay for breakfast. Members of First Baptist Church, together with their pastor, Maynard R. Rogers, expect to participate in the Sunrise Service. Rev. Rogers delivered the message atop Mt. Margaret last year.

Dwain Pruitt Not Hurt in Auto Wreck

Dwain Pruitt walked away from a completely wrecked automobile Wednesday afternoon with little more than a bruise. He was on his way to Robert Lee to buy his license tags when he had a blow-out which turned his car over three times. The accident occurred about a mile west of town on the Robert Lee highway.

After the tire blew out the car started turning over and took down several fence posts adjacent to the highway.

FARM BUREAU TO MEET APRIL 5TH

New tax laws concerning social security taxes for farmers and ranchers will be explained by Holley E. Rees, representative of the Social Security Administration in San Angelo, at a meeting of the Coke County Farm Bureau next Tuesday, April 5, in Robert Lee. The meeting will be held at the court house and the public is invited to attend.

Gunshot Victim Buried Here

Funeral services for Mrs. Robert Armor 19, of Abilene were conducted last Saturday at 2:30 p. m. at the Laughter-North Memorial Chapel in Abilene. Burial was in the Fairview cemetery here later that afternoon.

Mrs. Armors' death resulted from a bullet wound she suffered outside a night club, Ed Odoms' Place near Breckenridge. Mrs. Armor died at 4:30 p. m. Friday in Stephens Memorial Hospital at Breckenridge.

A charge of murder without malice has been filed against Charlie Price, owner of the club. Price told investigating officers that Mrs. Armor was shot by an old .32 revolver which he was holding. He said the gun fired accidentally. The shooting followed an argument between Price and Robert Armor, 21, the husband, outside the club, officers quoted Price as saying. After the argument Price went inside the club and got the gun. He then went back to where the Armors and two friends were sitting in a pickup truck.

Officers said Armor was sitting next to the right hand door of the pickup with his wife next to him when the shot was fired. Price was standing at the right side of the truck.

According to physicians the bullet entered the right side of her chest, went through the lung and struck the spine.

The shooting occurred at about 10:30 p. m. last Thursday.

Mrs. Armor was born Feb. 21, 1936 at Norton and moved from Ballinger to Abilene with her parents in 1945. She attended school in Abilene and was a member of the Corinth Baptist Church. She was married June 12, 1954.

She is survived by her husband, her parents, Mr. and Mrs. N. M. Brunson, three sisters, Mrs. Frank Kropp, Bobby Joe and Iwanda, her twin sister, all of Abilene; two brothers, Charles and Johnny Lee Brunson, both of Abilene and her grandparents, Mr. and Mrs. R. L. Brunson, also of Abilene.

Home of Sisters for Whom Bronte Is Named Being Made Into A Shrine

(Editor's Note: Following is an article submitted to us concerning the Bronte sisters, for whom our town was named. The story originated in Yorkshire, England, but is from an article in the Chicago Daily Tribune.)

HAWORTH, Yorkshire, England, March 13 J.—Here on the edge of a windswept, snow covered moor, newsreel and television cameramen are marking the 100th anniversary of the death of Charlotte Bronte.

Back in the 1870's, people were flocking to Stratford, birthplace of William Shakespeare, and turning it into what Stratford now is—the chief destination of literary pilgrims in Britain.

A New Shrine

Stratford is flourishing as never before but, up in Yorkshire 138 miles north of Stratford, a new place of pilgrimage is beginning to flower — the bleak bare country where Charlotte, Emily and Anne Bronte, together with their brother Branwell, lived out their short lives.

Here the atmosphere isn't so

Two Elections to Be Held Next Few Days

Two important elections are coming up for local voters within the next week.

Two new trustees will be elected in tomorrow's election, which will be held in the city hall, with D. K. Glenn as election judge. Terms of Dr. John R. Harris and Jesse Parker are expiring and neither is up for re-election. Two new names are on the ballot for the posts, T. F. Sims, Jr. and Jacob Bruce Morrow. All persons in the school district who have paid their poll tax are eligible to vote in this election.

City Election Contested

Tuesday, April 5, at the city hall will be the election for two city councilman jobs. Leonard Fletcher's and H. A. Springer's terms are expiring.

Springer is seeking re-election and four other men are also seeking the posts. They are Bob Wilson, A. B. Lammers, Joe Rose and J. P. McGuire.

Eligible voters in this election are those who live in the city limits and who have paid their poll tax.

Bronte Finds Rough Going At Sonora Meet

The Bronte High Track team found the going rough at the newly formed Sutton County Relays held at Sonora last weekend.

Although posting their best times and distances of the year, thus getting several boys in the finals, they were able only to win a third place in High Jump by Denzie Braswell and a fourth in discuss by C. Wrinkle with a toss of 120 feet.

Phillips in the hurdle ran 16.8 the highs and 22.4 in the lows. Millikin ran 56.7 in the 440 and the sprint relay team composed of K. Scott, Braswell, Gentry and Phillips ran their best time of the year for a 48.5 but failed to place among the top four teams.

Several races at the meet were the best times in the state for that weekend. Fourteen South and West Texas high school track teams were represented at the meet dedicating the new clay track built by the Sutton County schools.

RABBIT DRIVE

SET FOR TUESDAY

An all-day rabbit drive will be held at Juniper next Tuesday, April 5. Beginning at 9 a. m. the first drive will start about the river and will continue toward Tennyson.

All men in this area are invited to go out to Juniper and take their guns. The women are urged to bring covered dishes and lunch will be served at noon at the Juniper school house.

Shells will be sold at the hunt.

SCHOOL TO DISMISS FOR EASTER HOLIDAY

Bronte school students will get a holiday next Friday before Easter. The local school will dismiss at 4 p. m. Thursday, April 7 and classes will be resumed the following Monday.

Organization Completed for Softball League

The Independent Softball League was formed and rules and schedules made at a meeting this week. Four men's teams from Bronte, Tennyson, Norton and Ft. Chadbourne, will comprise the "Runcoke" Softball League.

The schedule is as follows: April 14 — Norton vs. Bronte and Ft. Chad. vs. Tennyson.

April 19 — Tennyson vs. Norton and Ft. Chad. vs. Bronte.

April 21 — Tennyson vs. Bronte and the second game to be filled later.

April 26 — Ft. Chad vs. Norton and Bronte vs. Tennyson.

April 28 — Bronte vs. Ft. Chad. and Runcoke All Stars vs. Sweetwater Color Klub.

May 3 — Norton vs. Bronte; Ft. Chad. vs. Tennyson.

Team managers are Tennyson, Marvin Corley; Bronte, J. Lee Ensor; Norton, Renfro; Ft. Chadbourne, Joe Scott.

Rules call for all players to sign up with their team and rosters to be kept of them. There will be 18 players on each roster until May 3 and only 15 after that date.

All games will be played on Tuesday and Thursday nights except when it is necessary to change due to a conflict. Games will be played at 7:30 and 8:45 p. m.

There will be no admission charge except when visiting team comes to play the all stars. Then a small charge will be made to cover expense of return game.

The season will open April 14 and close July 31.

Two baseball leagues are also being formed for summer. They are a Pee Wee League, underdirection of Oscar Dorsey and a teen-age league under direction of Coach Garland Black.

3 times in 1954 deadly hurricanes from out of the tropics struck inland in the eastern part of the United States. "Carol" was the name of the first. Then came "Edna" and "Hazel." "Hazel" went so far inland that many towns experienced a hurricane for the first time in the memory of man! Disaster strikes like lightning—and just as unpredictably. It happens so often that your Red Cross must answer an average of 6 disaster calls every week—year after year.

In time of trouble, only people can help people. And that is what your Red Cross is—people helping people. You are not alone when you need help or when you give help. That is the Red Cross way when blood or first aid saves a life; when disaster victims need relief; when a serviceman or his family need a helping hand. So wear your Red Cross button proudly. THIS WEEK'S SERMON

BY Rev. Clyde W. Coleman

Some Christians do not think it necessary to be in attendance at the Lord's House. Jesus expects and wants all his people to take part in, and help spread His Gospel through the work of the Church. To the Church he said, "Go and teach all nations, baptizing them—Teaching them to observe all things whatsoever I have commanded you." Mt. 28: 19-20. Three things Jesus said do: Preach, baptize and teach. To the individual Christians he said, "Ye have not chosen me, but I have chosen you, and ordained you, that ye should GO AND BRING FORTH FRUIT." Jno. 15: 16a.

The Church is the medium through which Christ has ordained the perpetuation and spread of His Gospel on the earth in this dispensation. There is a cycle and order of activity on the part of each loyal Church which will insure this if faithfully performed and carried out. There are three things essential in the activity of the Church: (1) Fellowship, (2) Christian education, and (3) Evangelism. Let us consider these three in the order mentioned.

First, there is Fellowship. No Church can be missionary without fellowship. No organization will continue to exist long unless there is a common ground for fellowship. Christians have common ground for fellowship. Fellowship is the association or meeting together of individuals. That is why the Word says, "Not forsaking the assembling of ourselves together, as the manner of some is, but exhorting one another; and so much the more as ye see the day approaching." Why assemble together? To have fellowship with one another. And why have fellowship with one another? To strengthen each other in the Lord's service. The first Church at Jerusalem "Continued steadfastly in the apostles' doctrine and FELLOWSHIP, and in BREAKING OF BREAD, and in PRAYERS. And fear came upon every soul; and many wonders and signs were done by the apostles. And all that BELIEVED WERE TOGETHER, and HAD ALL THINGS IN COMMON: and sold their possessions and goods, and

parted them to all men, as every man had need. And they CONTINUING DAILY WITH ONE ACCORD IN THE TEMPLE, and breaking bread from house to house, did eat their meat with GLADNESS AND SINGLENESS OF HEART." Acts 2: 42-46.

In fellowship, Christians can share each other's joys, each other's burdens, and be strengthened. Preaching had its place in this fellowship: Because such fellowship existed, Peter preached that great sermon recorded in Acts 2, and about 3,000 souls were saved that day. When there is good fellowship in the church, the sincere pastor, after having spent much time in prayer and preparation of his message, can give a church of such fellowship a spiritual food, the nourishment of which will enable the Christians to go in the strength thereof and be strong soldiers for the Lord. (Note Acts 20: 28)

The next thing we mentioned is Christian Education. By this we mean what Christ said, "Teaching them to observe all things whatsoever I have commanded you." When a church is in good fellowship and unity — and not until it is — it can teach the new converts the way of Christian living. The very act of Christian fellowship teaches and demonstrates the joys of Christian service. The false teacher or wayward Christian in the Church can and does teach falsehoods and leads astray young Christians. Any church which fails to teach will soon fail to preach.

The last thing is Evangelism. The Church that is of one accord, in unity and in fellowship, and is teaching the doctrines of Jesus, will likewise be preaching the Gospel to all within its sphere of influence. When all the church goes out to spread the Gospel, souls will be saved. They in turn may be baptized, received into the fellowship of the church, taught God's Word and become missionaries themselves. Thus the cycle of fellowship Christian education, and evangelism goes on and on. The church is not an organization to "belong" to and not contribute to its welfare. If all who "belong" would work together, worship together, and serve together, then no temptation would be too great to overcome, no burden too heavy to bear, and the joys would be great

Buying Husbands, Sons Out of Business

Editor's Note: The following article was written by Edward Wimmer, vice-president of the National Federation of Independent Business. It concerns a problem which is with Bronte and every smaller community today and for that reason, we are printing it in its entirety.)

In considering ways and means to pursue proper economic and political objectives, it might be well to examine the position of the small American community, said to be the "bulwark of Americanism." When our small towns were established they were built around a "Main Street" where individuals of every trade and talent staked their "claims." A general store, a restaurant, a harness shop, a blacksmith, shoe repair, carpenter shop, and similar individual enterprises. Soon there was a bank, maybe a few small manufacturing plants, and, of course a lumber yard. These early "independents" made Main Street, U. S. ., a highway of opportunity, and hotels were built and patronized by salesmen with their sample trunks; Boys grew up in these communities and increased the number of "father and son" signs; and there were none who looked to the federal government for relief, loans, social security, free medicine, subsidized housing or subsidized crops.

Self-reliance, self determination, individual enterprise and initiative were on the march, and although troublesome times visited the people of these pioneer communities, they continued to push forward, opening the way to the Edisons, Fords, Wright Brothers and all the rest who were to light up this U. S. A.; put it on wheels and travel its skies. Poor farm boys and newsboys rose from rags to riches. From the ashes of its great fire, Chicago was fast becoming the railroad center of the world, and the furnaces of Pittsburgh, Detroit and other growing industrial centers were roaring their challenge to the venturesome of the lands across the seas.

Then came the mail order catalogue, and the farmers and townspeople alike made the postoffice the busiest place in town, and hardware dealers, farm machinery dealers, dry goods stores, the local bank and every other enterprise began to feel the loss of purchasing power that built up their towns. The purchasing power that was their life blood.

After a few years, when the streets were lighted, church and schools built and communication and transportation facilities established, the chain store came into being, invading first the larger cities and county seats. With this invasion came wider use of the automobile, and on week-ends the farmers and folks from smaller communities would travel to the nearest place where they could shop in these chains, leaving the community where their homes were built and where they were raising their families, to the economic dry rot of non-support.

Soon the father and son signs began to disappear from Main Street, U. S. A., and boys and girls who might have become accountable, responsible citizens in their own home town, made their way to the big industrial centers to become cogs in the wheels of the great combines being built up in steel, aluminum, oil, motor cars, textiles, food manufacturing, bank-

ing, insurance and every other field. Today, you see the wife of an insurance man coming out of the de-personalized chain super market, loaded with groceries paid for out of commissions earned on policies sold to neighboring independent dealers. You will see the banker's wife pushing her cart around the same store that never uses her husband's bank for anything but making change or overnight deposits. Keep watching and out will come the mother of the local florist who delivers more flowers to the funeral of one little merchant than are delivered to the funerals of ten chain store managers who never get their roots in the community, and have little if any contact with suppliers, salesmen or anyone else with whom the chain does its distant buying. Right behind them will be the wives and mothers of bread salesmen, doctors, printers, auto dealers, grocers, wholesalers and all the rest whose jobs, freedom and hopes of the future are all wrapped up in the future of the independent stores they are passing by.

ing, insurance and every other field.

In other words, the women of America are engaged in a mad rush to buy their husbands out of business, their children out of opportunities to become important, accountable citizens in their community and buy their country out of its freedom. To awaken them to the folly of their bargain mania is a need as great as any we now face, and failure to meet this need will nullify any worthwhile effort in any other direction.

A. C. Westbrook and his crew of railroad maintenance men are in Bronte this week. Mr. Westbrook said that they do not have a great deal of work to do here and that they will move on to Maryneal from here.

Mr. and Mrs. J. H. Phillips spent the weekend at their ranch in Junction.

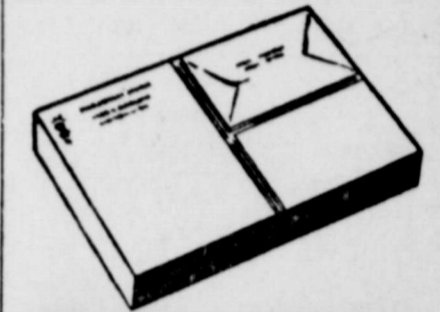

Mrs. Vernon Lammers is here this week from Corpus Christi for a visit with Coke County relatives and friends.

"The Great and Glorious Transformation" (John 20:1) will be the subject of Maynard R. Rogers, pastor of First Baptist Church, next Sunday. A cordial welcome awaits all. Go to the church of your choice, but let all the family go to Church Sunday. Sunday School at 10 a. m. has a class for every age.

Training Union will begin Sunday night at 7 p. m., rather than 6:30, and the Evening Worship service is at 8 p. m. The pastor's message will be "The Day Salvation Came." A brief report of the Bronte religious census will be given in this service. The census is elsewhere announced.

BAPTISTS TO TAKE RELIGIOUS CENSUS

The First Baptist church is planning a religious census to be taken next Sunday afternoon. Twenty-five teams of two persons each will meet at the church at 1 p. m. for the census and will take different parts of town. It is hoped they can finish by 4 p. m.

It has been two years since the last religious census was taken here. The Baptist church is sponsoring the census as a prelude to their spring revival which will be from April 25 through May 6. Dr. W. Myrddin Lewis from the Ward-side Baptist Church in Birmingham, England will conduct the revival.

MAJORETTES ELECTED

Majorettes for the year 1955-56 were elected at a recent band meeting. Jeanette McDaniel was chosen as drum major. Patricia McCutchen is head majorette with Aletha Murtishaw and Wanda Kirkland as the two remaining majorettes.

are records saying 66,000 persons have been buried here. The erect slabs stand up like a dark gray army ever at attention.

With their talent it is no wonder that Charlotte wrote "Jane Eyre" and Emily wrote "Wuthering Heights." Their own story is the saddest of all.

Settled in 1820

The Rev. Patrick Bronte brought his family to Haworth in 1820. The mother, five girls and one boy were a pleasant sight to the community when they first took their places in the church. Within 35 years, Rev. Mr. Bronte was left here alone except for his curate, whom Charlotte married less than a year before she died at 38.

Charlotte and Emily are the cameramen's chief interest as they record the miniature books in which the Brontes made and wrote in so carefully as children.

The visitors haunt the interior of their house, the favorites spots on the moors including the old wreck of a house which was the model for "Wuthering Heights," the Black Bull pub of which the talented Branwell was too fond. Their cameras also record the concern of the good people of Haworth in keeping alive the tradition of what is now called "The Bronte Country."

LEGUMES DO THE JOB

A three year series of tests with chisel and pan-breaker at the Texas Research Foundation indicate that farmers are wasting time, labor and expense when they use such deep tillage as a means of breaking up the hardpan beneath the topsoil, Dr. N. Derby Laws, the Foundation's Senior Soil Scientist, says.

"The chiseling test ranging downward to 18 inches at the Foundation's Renner Station have produced no appreciable increases in the yields of cotton or corn," Dr. Laws revealed.

"Actually, the best piece of chiseling and panbreaking equipment a farmer can buy is a sack of legume seed for a sod crop." Dr. Laws described the hardpan as a type of tile sub-floor formed under the top soil by weight of mechanized equipment crossing and re-crossing a field during seedbed preparation and cultivation of the crop. "Breaking up this hardpan is desirable so that air, water and plant roots can penetrate into the subsoil," he explained.

"Because of the nature of the soil in this tile-like hardpan, deep tillage equipment merely splits the hardpan into irregular flag-stone-shaped pieces which due to expansion properties of the soil, just back together with the next rain."

Many of our clay soils crack anyway during bad weather, he continued. Often, the dry-weather cracks extend 42 inches deep,

much farther than chisels and pan-breakers extend. He said, "the Rennerf Experiments followed three major treatments on separate blocks of land; tillage in fall, tillage in the fall with fertilizer; and tillage in the spring with fertilizer."

"I determined the moisture content of each experimental tract in January, February and July," he recalled.

"The results indicated no significant difference in the moisture content of the various plots at any depth, regardless of the method or season of tillage."

"The various tillage practices had very little or no effect on corn or cotton yields. Neither was there any difference in response to fertilizer due to the method of tillage. The average yields of three years for the fertilized corn plots were significantly higher check plots, regardless of tillage treatment."

"Crop rotations that include sods with deep rooted legumes are much more effective than deep tillage as a means of improving the physical properties of the soils," he advised.

"These sod-crops, he concluded cause an indiscriminate hardpan cracking pattern which is much more desirable than the patterns caused by row crops or chisel and pan-breaker tillage."

Mr. and Mrs. E. P. Hallmark of Ontario, Calif., arrived here on Wednesday for a visit with his sister, Mrs. T. E. Tidwell, and family.

what's what by whatley

Weather seems to have been the topic of conversation lately. I guess there won't be any pickle peaches or plum jam on the cupboard shelves this fall as old man winter has seen to that. But, we will all go on living just the same.

A letter was received here at the Enterprise office last week for "Mrs Oglesby." A friend in Sherman wrote and told her she was ready to ship her husband to her as she had read her chain letter in "What's What." I guess this friend has forgotten how old she is. If you recall, a FEW times I have written about my two little grandsons. It's going to look like Libby married at a very early age. I want this friend to read my column more often and I believe she will decide that she (Libby) isn't the author.

Another thing I found out here at The Enterprise last week is that we have a radio in the back. The bosses had kept it a dark secret from me. All these months that I have worked here and I could have been listening to my favorite stories. In fact, I could get in the "ole easy chair", prop my feet on a good comfortable box and write all the locals of the town and listen to the radio.

Of course, in doing so I might get a line of "Stella Dallas" or "John's Other Wife" mixed in with them. But I truly think all of my readers would look over that in order for me to enjoy all the soap box operas.

After the womanless wedding Monday night, you found out what a hidden talent the boss had. So, instead of listening to the radio, I guess we can save the electricity and let him sing!

We took a little trip to Strawn over the weekend and spent the night with my brother and the husbands sister. How could that be? Well, we all got mixed up in the same families. My sister-in-law had made this delicious cake and I knew you would love to have the recipe. It is called "Buttermilk Cake." The texture is so fine and light. This is how it reads:

Buttermilk Cake

2 cups sugar
1 cup Crisco or any good shortening.
1 cup buttermilk
3 cups flour
½ teasp. salt added to the flour
½ teasp. soda added to the milk
4 eggs
1 teasp. lemon extract
1 teasp. orange extract.

Method: Cream sugar and shortening. Add eggs one at a time. Add ½ of milk and soda mixture and part of flour. Beat one minute. Add remainder of milk and flour and beat 2 minutes. Bake in stem pan 1 hour at 350 degrees.
This cake has an unusual flavor.

Mr. and Mrs. Hollis Stevens and his parents, Mr. and Mrs. Ed Stevens of Wingate, made a trip to Seymour last Friday to attend the funeral for Martin Cockroft, who was an uncle of Mrs. Stevens.

Saturday visitors in the B. G. Timmons home were Mr. and Mrs. W. H. Scott of Lamesa and Mr. and Mrs. N. J. Ravensburg of San Angelo.

The Rev. and Mrs. H. M. Box of Jacksonville announce the engagement and approaching marriage of their daughter, Anita, to the Rev. Harold Small, Jr., son of Mr. and Mrs. Harold Small of Fairfield. The wedding will take place in the Jacksonville College chapel, Thursday evening, April 7, at 8 o'clock. Both young people are students of Jacksonville College. Miss Box is the granddaughter of Mrs. G. A. Best of Bronte. She well known here as her parents are former Bronte residents.

Diversity Club Meets With Mrs. Bob Coleman

The regular meeting of the Diversity Study Club was held Thursday night in San Angelo at the Massie Club House with Mrs. Bob Coleman as hostess. Program for the evening was on health.

Mrs. Elizabeth Beavers of San Angelo, field representative of the Cancer Research program, showed the group three very informative movies. In connection, Dr. Tom Hunter, a San Angelo surgeon, also made a brief talk on Cancer. Arrangements for the program were made by Mrs. J. B. Mackey.

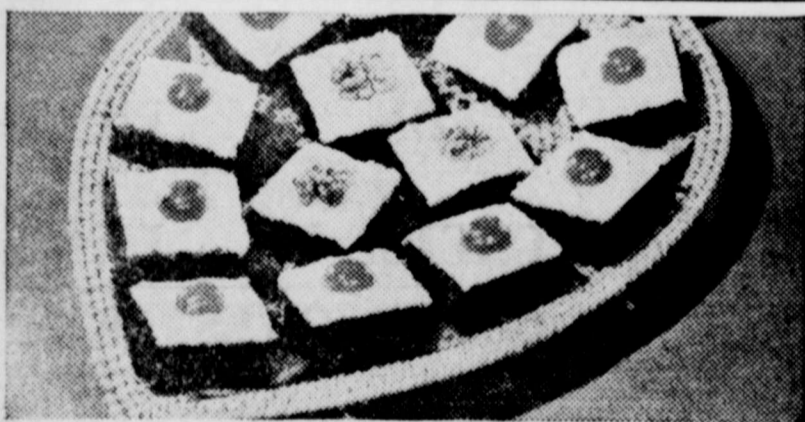

Filled angel cake, nuts, mints, coffee and tea were served from

a tea table with Mrs. T. A. Modgling of North Dakota presiding at the silver service and Mrs. Cumbie Ivey, Jr. of San Angelo assisting with the serving of the cake.

Others who attended the affair were Mmes. Vetal Flores, Robert Forman, D. K. Glenn, Cecil Kemp, R. C. Lasswell, O. R. McQueen, Collins Sayner, Otis Smith, T. F. Sims, Jr., H. A. Springer, Geo. Thomas, A. S. Whatley, Mackey, all of Bronte and Mrs. Cumbie Ivey, Sr., of Robert Lee.

Miss Roberta Herron of San Angelo returned to her home last Friday after spending several weeks here with her parents, Mr. and Mrs. R. H. Herron. She was recovering from surgery.

Tempting Treat or Company Dessert

Delectable fudge squares—quick, easy, and so good!

These Southern Fudge Squares will win applause from youngsters, the men folk and fussy aunts alike. Made thick or thin, they're equally delicious—vary the topping to suit your fancy!

SOUTHERN FUDGE SQUARES

½ cup shortening	1 square unsweetened chocolate, melted
½ cup sugar	1 cup sifted all-purpose flour
½ cup KARO Syrup, Blue Label	½ teaspoon salt
1 egg, beaten	1 teaspoon baking soda
1 teaspoon vanilla	¾ cup sour milk

Cream shortening, gradually add sugar and beat until light and fluffy. Add KARO, beat well. Add egg, vanilla and melted chocolate. Add sifted dry ingredients alternately with sour milk, stirring just until smooth after each addition. Pour into well-greased oblong pan (12 x 7 x 2 inches) or 2 8-inch square pans. Bake in moderate oven (375° F.) about 25 minutes. When cool, spread with your favorite chocolate butter-cream or fudge frosting and cut into 2-inch squares. Makes about 18 squares.

Note: For thick cake-like squares, bake in 8-inch square cake pan in moderate oven (350° F.) about 45 minutes.

WELDON BRIGHT, popular radio star of KGNC says, "My wife has always used light Karo for cooking... and on the table..."

it's Karo for me, the best-tasting waffle syrup of 'em all"

Yes, indeed... biscuits go like hot cakes when you pour on plenty of delicious Karo waffle syrup. There's nothing like it for good eating. Satisfyin' flavor. So rich it stands right up on top of biscuits (keeps 'em light and fluffy). Keep Karo on your table morning, noon and night... it tops anything!

Ask your grocer for Karo waffle syrup, in pints and quarts
