Supt. Wolfenbarger Resigns to Accept Position in Arizona

O. K. WOLFENBARGER

AD-LIB-BEN

That deal Wednesday afternoon was something to see and most everybody we've talked with say it is the worst sand storm they ever saw. That's not the way it is with us, however. Having grown up on a farm near Sudan, we saw some sand storms just as bad as that one Wednesday back in the dust bowl days of the thirties. The wind didn't always blow as hard as it did here, but some times those dusters lasted 48 hours. Of course, it wasn't pitch dark all that time, just about the first hour or two.

We know we suffered \$10 to \$15 damage down at our house Wednesday, not counting the roof etc. And the damage will have to be paid off pretty quick. The kid's slide in the back yard blew down on top of the little one's tricycle, smashing it beyond repair. She's visiting out of town this week, but figure we'll be forced to buy a new tricycle early next week.

We hate to see Supt. and Mrs. O. K. Wolfenbarger leave Bronte. Seems like our school has run very smoothly under his administration this past year and they have also been an asset to the community along civic and church lines, too.

Small Fry Dept.: Mrs. Pete Nutter was telling us the other day about her son-in-law and daughter, Mr. and Mrs. E. H. Ivey of Robert Lee, who were talking between themselves, (they thought) about now smart and cute their baby daughter is. Roy Gene, their little son, was evidently eavesdropping. He came riding in on his tricycle saying: Get out of the way. Here comes old big-ugly!"

We hear that some workers are demanding more pay because of the increased cost brought about by additional coffee breaks which they demanded previously.

RETURN FROM TRIP

Mr. and Mrs. John Keeney, Mrs. Mary Walker, Buddy and Gene went to Lometa last weekend to visit the Keeney's daughter, Mrs. J. A. Culpepper. With Mr. and Mrs. Culpepper, they went on to Seguin Sunday to attend a Johnson family reunion, relatives of Mrs. Keeney. While away they also visited in San Marcos and Austin.

Supt. O. K. Wolfenbarger turned in his resignation to the board of trustees at a meeting Monday night. Mr. Wolfenbarger has accepted a position as principal of Sunnyside Elementary School in Tucson, Arizona.

The Superintendent was elected to head the Bronte Schools last July after the resignation of J. L. Carroll. His contract had recently been renewed by Bronte trustees. He came here from San Angelo, where he had been a teacher.

Mr. Wolfenbarger said, when he announced that he was leaving, that he had a difficult time making the decision to go back to Arizona, where he had previously taught. He said that his and his wife's health were the primary considerations in deciding to return to the western state. He also said that another consideration was the fact that he is not eligible for retirement in Texas and that in Arizona he is eligible to take advantage of their retirement benefits upon reaching the age of 65.

Much progress has been made in the Bronte School system the past year under his administration. The new school building is coming along nicely, he reported, and will be practically completed this summer. Changes and improvement in courses offered by the school also have been made, and further curriculum expansion will be effected during next year's school term.

Since Mr. Wolfenbarger does not have to report to his new position until September 1, he said that he would remain here as long as the school board desire his services during the summer.

During their year in Bronte Mr. and Mrs. Wolfenbarger have been active in both civic and church activities as well as school work.

No announcement has been made by the school board as to plans for naming a successor to Mr. Wolfenbarger.

Rain Received Here Saturday

Bronte received another nice rain Saturday afternoon when between 1 and 1½ inches fell during a thunderstorm. Quite a lot of hail also fell, but mostly it was small and little damage resulted from it.

Rain was heavier south and east with the Tennyson area getting a ½ inch rain in a few minutes time. Larger hail fell there and crop damage was reported as well as battered roofs and broken windows.

The Brookshire community received 1 to 2 inches with small hail. Creeks in the area all were up.

Comparatively little rain was received north and west of town.

New Tax Exemptions

Mr. and Mrs. Johnny Estes are parents of a daughter born last Saturday, June 4, at 7:40 a. m. in the Bronte Hospital. The little girl weighed 8 pounds and has been named Darla Joan.

Billie Wayne Hipp was one of the graduates at Commencement exercises held recently at Texas Technological College in Lubbock. Hipp received a B. S. Degree in Agriculture. His major was agronomy and he was a member of the Agronomy Club while in Tech. Hipp was also commissioned as a Second Lieutenant in the infantry. At present his orders are to report for duty July 1, 1956. Mr. and Mrs. Hipp plan to stay on in Lubbock until that time.

His parents, Mr. and Mrs. W. Hipp of Bronte, and his brother and wife, Mr. and Mrs. W. Hipp, Jr., Hobbs, New Mexico, attended the graduation exercises.

Last Rites Held At Graford for W. G. Moon, 79

W. G. Moon, 79, of Graford died Friday at 11:30 p. m. at his home following a two-weeks illness. He was the father of Mrs. A. S. Whatley of Bronte, who is column writer and society editor for The Enterprise.

Funeral services were conducted at the Methodist Church in Graford Sunday at 3 p. m. and interment was in the Graford cemetery with Masons in charge of services.

The Rev. Jack Moore, pastor of the church, and the Rev. Guy Birdwell, pastor of the Strawn Methodist church, officiated with Baum-Carlack directing arrangements.

Mr. Moon was born February 12, 1876 in Fulton County, Missouri, and had been a resident of Palo Pinto County for 50 years. He was a retired farmer, member of the Methodist Church and Masonic Lodge. He and the former Cora Sheffield were married in Ennis on November 3, 1895 and she survives him.

Other survivors are two daughters, Mrs. Whatley and Mrs. Frank Bond of Cisco; three sons, Earl Moon of Strawn, Clarence Moon of Jal, New Mexico and Arthur Moon of Odessa; a brother, Marvin T. Moon of Blytheville, Ark.; two sisters, Mrs. Myrtle Beckes of Wasco, California and Mrs. Lillie Southerland of Burbank, Calif.; 10 grandchildren and 12 great grandchildren.

SPORTSMEN'S BARBECUE

Area sportsmen are reminded of the free barbecue tomorrow, Saturday, June 11, at 7:30 p. m. The affair will be held at the house of Lakekeeper Walter Stapp. Purpose of the meeting is to draw up rules and regulations in regard to boating and fishing on the Lake. Everyone interested is invited to attend.

Sandstorm Damages Property at Bronte

Dirty darkness backed up by 70-mile-an-hour winds engulfed Bronte and all of this section of the state Wednesday afternoon. The storm hit here shortly after 5 p. m.

Residents of Bronte noticed a cloud building up in the north about 4 o'clock, but not until a few minutes before it hit did they see the dirt which accompanied it.

Considerable damage was done here to roofs, TV antennas and small buildings. Deputy Sheriff Frank Keese said Thursday that no injuries had been reported to him.

A shower followed the big blow and enough rain fell to settle the dust.

The awning over the second floor on the building of Mrs. D. M. West was blown off and most of it apparently landed on the Home Motor Co. doing considerable damage to the roof. R. W. Rees said that he estimated damage to the Home Motor structure at \$500.

Practically every house in town with a composition shingle roof had part of the shingles blown loose. Sheet iron roofs also were torn loose in many places, and pieces of the tin were scattered over a wide area.

TV antennas also sustained heavy damage with more than a dozen being broken off. Possibly 30 or 40 more were bent. The light poles at the Bronte football field were also bent to a precarious angle toward the south.

The chimney at the residence of Mr. and Mrs. W. W. Millikin was blown down and landed on the roof of the house. Mrs. Millikin said three rafters in the house were broken by the weight of the falling bricks. The chimney at the F. S. Higginbotham home north of town was likewise blown down, it was reported.

Your reporter, in driving around Wednesday afternoon, saw dozens of trees damaged, many of them being uprooted. The west end of the bus house near the school buildings was blown off, as was part of the garage belonging to Joe Davis.

Old timers said Thursday morning that it was the worst dust storm they ever saw here. From all reports, residents of this area were lucky however. In the sections north and east of here twisters were reported, and heavy rain and hail caused much loss.

E. F. Glenn, local insurance agent, said Thursday that he had received several notices of damage. However, he said that he believed that most of the claims would not run more than the \$50 deductible loss which the owner must bear.

High School Has Enrollment Gain During 1954-55

Bronte High School had a net gain of six pupils during the 1954-55 school year, according to figures released this week by Principal Gariand Black.

The school had an enrollment of 87 when the teaching term started last September. During the year 10 new pupils registered, making the total number of students who were registered 97.

However four students dropped out during the year, making the total of 93 registered when school was out.

Black said that the average daily attendance for the high school the past school year was 88.05. This is an unusually high attendance figure, he said, adding that school officials are extremely proud of it.

Set Rambouillet Ram Sale June 18

The 19th Annual San Angelo Registered Rambouillet Ram Sale will be held June 16 through 18 at the San Angelo Fairgrounds. Twenty-four registered breeders have consigned 291 head of top quality rams to this sale sponsored by the American Rambouillet Sheep Breeders Association.

All rams must be in the barns by Thursday, at 8:00 a. m., when a committee of five breeders will begin the difficult task of selecting the stud rams from the best two rams of each consignor. This committee will also pass on the A-R-C pens of three, which are sold with the buyer privileged to take all or any part of the pen at the winning bid. The quality of the rams will determine the number of studs and A-B-C pens selected; however, the rules limit these pens to not over 10. Lot branding, sale order, and other routine work will be completed Thursday so that the consignors will be free all day Friday to talk sheep, and show their rams to interested sheepmen.

The sale proper gets under way promptly at 10:00 a. m., Saturday, June 18, in the sheep barn at the San Angelo Fairgrounds with Lem Jones of Junction on the auctioneer's stand.

The sale is managed by a thirteen man committee of leading Texas Rambouillet breeders, whose chairman this year is R. O. Sheffield of San Angelo.

TRY A WANT AD

I will both lay me down in peace, and sleep; for Thou, Lord, only makest me dwell in safety.— (Psalm IV, 8.)

There is the troubled sleep of exhaustion; the fitful sleep bedeviled by dreams of uneasy conscience. Then there is the peaceful sleep, which alone will refresh and strengthen us to face the tasks of the day. That kind of sleep comes only when we are at peace with God, because we love and obey Him.

Fifty Years In Coke

MRS. BEN MURPHEY

FIVE GENERATIONS—Seated in the picture is 81-year-old Mrs. Lizzie Gunnels of Robert Lee, holding the youngest member of the group, young Eddy Capps of Phoenix, Arizona. Others pictured left to right are

Mrs. Ben Murphey, 62 Tennyson, Mrs. R. T. Kinney, Phoenix, Arizona and Mrs. Gene Capps, also of Phoenix.

By Mrs. John Gaston

Editor's Note: Mrs. Gaston is going to write a series of articles for The Enterprise. They may not appear each week but will be printed from time to time, as she has time to prepare them.)

Most people who read The Enterprise will remember Mrs. Ben Murphey, of Tennyson, a native Coke Countian. Born Debbie Gunnels on June 2, 1894 at Valley View, near Robert Lee, she is the daughter of Mrs. Lizzie Gunnels and the late Mr. W. R. Gunnels.

Mrs. Murphey has lived in Coke County, except for a short while when she moved with her family to Colorado City for a year, to Taylor County for about two years, and almost a year at Miles.

On July 27, 1913, she was united in marriage to Ben Franklin Murphey, in her parents home on Indian Creek. To them were born seven daughters, six of whom are living. They are: Mrs. Eula Kinney, Phoenix, Arizona; Mrs. Geneva Clark, Lomita, California; Mrs. Effie Corley, Tennyson; Mrs. Muriel Smiley, Dimmitt, Texas; Mrs. Fannit Johnson, Marcelline, Missouri; and Mrs. Dorothy Sharp of Big Spring.

Mr. and Mrs. Murphey were living on Indian Creek when their first daughter, Eula, was born. Her younger brother, Ben Gunnels, who was about sixteen years old then, rode horse back to Robert Lee for

Dr. Turney. After racing the long distance of seven miles, he arrived in Robert Lee only to find that Dr. Turney was out of town. He then rode 12 miles to Bronte to summon Dr. J. D. Leonard. Little Ben rode ahead of Dr. Leonard all the way back to Indian Creek, to open the gates for him. Dr. Leonard, with his stylish horse and buggy, never once slowed down until he had reached the Murphey home.

Mrs. Murphey recalls that where all the oil activity is now in Coke County, once men were grubbing and trying to prepare the land for farming. Her only train ride was from Miles to Ranger, in 1918, during the big oil boom there. The Murpheys stayed there about eight months and Mrs. Murphey cooked for the oil men, and together they saved up the whole sum of two hundred dollars. Then they were ready to return home. Coming back to Miles on the train, Mr.

Murphey was robbed of the two hundred dollars.

Mrs. Murphey's mother, Mrs. Lizzie Gunnels, is 81 years old and resides in Robert Lee. Recently the family got together for a reunion, where the five generations pictured above were represented. They are Mrs. Gunnels, Mrs. Murphey, her daughter, Mrs. R. T. Kinney and her daughter, Mrs. Gene Capps and her young son, Eddy of Phoenix, Arizona.

Mrs. Murphey is an active member in the Baptist church at Tennyson, and the nicest compliment that can be paid her, or anyone else, is that she never says anything bad about anyone, but instead, always sees the good in people.

To the children of the community, she is known as "Grandma Murphey", and truly so, because she always has a bag of candy or gum handy for them.

She has one sister, Mrs. J. D. Elkins, Robert Lee and four brothers, John Gunnels, Graham Valley, Ben Gunnels, Roswell, New Mexico; Wyatt Gunnels, Robert Lee and Evans Gunnels of McCamey. She also has 17 grandchildren and one great grandchild.

Mr. and Mrs. Tolbert Adair and family of Houston arrived last Saturday for a vacation visit with his parents, Mr. and Mrs. J. I. Adair.

Grant and Eisenhower are the only two West Point graduates to be elected president of the U. S.

COMMISSIONERS COURT

Coke County Commissioner's Court held its regular session here Monday, when most of the day was

spent with the court acting as a Board of Equalization. Oil company representatives were on hand to discuss the matter of 1955 tax assessments. Harry Pickett, assessment evaluation engineer employed by the county, reported the county would gain about 4 million dollars this year because of further oil development. He estimated the county total assessed valuation will be in excess of 29 million.

Chevrolet's special hill-flatteners!

162 H.P. V8

180 H.P. V8

See that fine fat mountain yonder?

You can iron it out, flat as a flounder . . . and easy as whistling!

Just point one of Chevrolet's special hill-flatteners at it (either the 162-h.p. "Turbo-Fire V8" or the 180-h.p. "Super Turbo-Fire"*) . . . and pull the trigger!

Barr-r-r-r-o-o-o-OOM!

Mister, you got you a flat mountain!

. . . At least it *feels* flat. For these Chevrolet V8's gobble up the toughest grades you can ladle out. They love to climb, because that's just about the only time the throttle ever comes near the floorboard.

And that's a pity. For here are engines that sing as sweetly as a dynamo . . . built to pour out a torrent of pure, vibrationless power. Big-bore V8's with the shortest stroke in the industry, designed to gulp huge breaths of fresh air and transmute it into blazing acceleration.

So most of the time they loaf. Even at the speed limit they just dream along, light and easy as a zephyr, purring out an effortless fraction of their strength.

. . . Until an emergency screams "NOW!" . . . until your foot bangs down and that V8 explodes into action!

An engineer can run his eye over the specifications of these V8's and instantly understand why they are so hyper-efficient . . . how friction is held so low they need just *four* quarts of oil instead of the usual five or more . . . how big valves and short manifolds let them "breathe" deeply for maximum power . . . how the 12-volt electrical systems (exclusive in Chevrolet's field) provide *twice* the punch for cold-weather starts and faultless high-speed firing.

But you don't have to be an engineer to know that these are the sweetest running V8's you ever piloted. Just come in, slip behind the wheel, point the nose at the nearest hill, and feather the throttle open. *These* V8's can do their own talking . . . and nobody argues with them!

*Optional at extra cost.

DONNA JEAN JAMESON AND JOE R. ASH
MARRIED IN GARDEN CEREMONY AT SILVER

MRS. JOE RUSSELL ASH

A twilight wedding ceremony was performed Friday to unite Miss Donna Jean Jameson and Joe Russell Ash, son of Mr. and Mrs. Joe H. Ash of Bronte.

Rites were performed in the garden of the bride's parents, Mr. and Mrs. Jahew Jameson at Silver, by the Rev. C. B. Underwood, pastor of Chinagrove Baptist Church.

The vows were read with a natural background of garden flowers, centered with a white archway to form an altar. Organ music was furnished by Mrs. C. B. Underwood.

Given in marriage by her father, the bride wore a gown of antique taffeta with an empire bodice featuring a shirred section which extended over the shoulders to form brief sleeves. A narrow fold finished the deep round neckline. The bouffant waltz-length skirt was of graduated tiers and narrow folds.

Her waist-length veil of imported illusion was attached to a Venus shell of tubing and pearls. She carried a cascading bouquet of white carnations, glamelias and lilies of the valley.

The bride's attendants were her sister, Mrs. Clifford Wilson of Midland, who was matron of honor and her cousin, Miss Charlotte Wayne McCabe of Silver, who was bridesmaid. Their dresses were identical and fashioned of blue mist antique taffeta with waltz-length skirts. They carried colonial noseboys of white Marconi daisies.

Claude Ray Ash of Abilene served his brother as best man. Joe Nelton Thorp of Burns, Tennessee, was a groomsmen. Ushers were Ben Cross of Quitaque and Jim Hereford of Silver.

Following the ceremony, a reception was given in the home of the bride's parents. Members of the house party included Miss LaVonne Broadwell of Midland, Mrs. Gerald Brasuel of Silver, Mrs. Joe N. Thorp and Mrs. Maur-

ice Duncan.

Following a wedding trip to Louisiana, the couple will be at home in San Angelo. Mrs. Ash chose a suit of white lace over gray taffeta for traveling. Her accessories were gray and white and she wore a corsage of white glamelias.

She is also a graduate of Texas Technological College at Lubbock where she was a member of Phi Upsilon Omicron, home economics fraternity, and the Home Economics Club.

VOWS READ AT MAVERICK CHURCH UNITE JO ANN RUSK, GLENN HURT IN MARRIAGE

Before an altar decorated with baskets of white gladioli, Rev. N. T. Gault, pastor of the Maverick Baptist Church, read the marriage vows which united Miss Jo Ann Rusk and Glenn Hurt in marriage. The ceremony was performed at 8 p. m. Saturday, June 4, at the Maverick Baptist church.

The bride is the daughter of Mr. and Mrs. A. E. Rusk of Bronte and the bridegroom is the son of Mr. and Mrs. A. J. Hurt of Maverick.

Miss Oleta Hurt, sister of the groom, sang the bride's selection, "Always" and "Because." She was accompanied by Miss Mary Ann Harris, who also played traditional wedding music.

The bride, given in marriage by her father, wore a white street-length dress of pique. The bodice featured a scooped neckline with embroidered flowers set with rhine stones. The princess styled bodice flared into a full gored skirt. She wore a lace hat trimmed with rhinestones and carried a bride's Bible covered with white camellias and blue daisies. She wore white accessories.

For her role as maid of honor, Miss Frances Ann Carlton, friend of the bride, wore a street-length dress of evening blue organdy, fashioned with a scooped neckline, princess lines and full gored skirt attached to the bodice in petal points. She wore a blue net head-dress and carried a nosegay of pink carnations and daisies. Her accessories were white.

for this wide-open beauty

It's the new kind of hardtop—
The 4-Door Riviera!

THERE seems to be some confusion about what a hardtop really is, and we'd like to set the matter straight.

A hardtop is a car that looks like a Convertible with the top up—but has a solid steel roof overhead—and *no center posts in the side window areas.*

Up until just recently, it could be built in volume only with two doors—not more—because it would take wholly new structural principles to hinge another set of doors without floor-to-roof center posts.

But Buick came up with those new structural principles and is now building—in volume—hardtops with *four* doors.

You see one pictured here. It's the 4-Door Riviera. And it's taking the country by storm . . .

Because here, at long last, is an automobile with the sleek and sporty styling of a true hardtop—but with separate doors for rear-seat passengers, plus the added room of a full-size Buick Sedan.

On top of that, this beauty is *all* Buick—with the buoyant ride of Buick's all-coil springing—the walloping might of Buick's record-high V8 power—the whip-quick

getaway and sizable gas savings of Buick's spectacular Variable Pitch Dynaflo.*

And it's available in Buick's two lowest-priced Series—the budget-tagged 188-hp SPECIAL, and the high-performance 236-hp CENTURY, illustrated here.

Come visit us for a first-hand meeting with the 4-Door Riviera—and see how quickly and how easily the last word in automobiles can be yours.

*Dynaflo Drive is standard on Roadmaster, optional at extra cost on other Series.

Plan Volunteer Aid For Patients At TB Hospital

Forty-eight percent of the patients at McKnight Tuberculosis Hospital are leaving before recovery. These people, bearing a dangerously contagious disease, are returning to their homes in their community to endanger every man, woman and child with whom they come in contact.

To raise the morale, provide recreation and training facilities, and offer personalized comfort and attention to insure that patients remain hospitalized until cure is affected, the McKnight Area Volunteer Council is being organized.

Tuberculosis patients of 166 counties of Central and West Texas, are being served by McKnight Sanatorium near San Angelo. Captain Rod Eddy, USMC, newly appointed chairman of the council, stresses, "Since the health of every person may be jeopardized by patients who return to their homes against medical advice, activities of the new council concern each individual and organization of the entire McKnight area."

The Volunteer group, formed at the hospital this week, includes districts known as the McKnight Area Volunteer Councils of Amarillo, Lubbock, Midland-Odessa, El Paso, Wichita Falls, Dallas-Fort Worth, Waco, Austin, Del Rio-Eagle Pass, Abilene, and San

Angelo. Other districts may be set up by division as required by future activity. District chairmen and vice chairmen will be appointed this month. They will communicate with all interested persons in their areas.

The first goal of the council, discouraging the infected patients from returning to society prematurely, may be accomplished through the acquirement of fiction, non-fiction and technical books, equipment to be used by bed-patients in weaving, ceramics, painting, jewelry-making, leather-work, and other activities.

The second goal of the council, to provide vocational rehabilitation, is planned to train patients, unable to return to former occupations, for new means of future support. Statistics show eighty-five percent of patients retrained during treatment for work they are physically able to perform, remain self-supporting members of society. Eighty-five percent of those who are not retrained become, perhaps with their families, dependent on public care.

The Volunteer workers plan to accomplish both goals by acquiring facilities not customarily provided through limited hospital funds, according to Captain Eddy.

Mrs. C. E. Arrott, Mrs. Ina Hudgens and Edward Hudgens went to Christoval Sunday to attend a reunion of former Christoval residents.

Methodist Youth Plan Amateur Hour June 13

The Youth Fellowship of the First Methodist Church will sponsor a benefit program, an Amateur Hour, on the lawn of the church next Monday night, June 13. The festivities begin at 8 o'clock. The varied talents of the young people, and some adults, will be much in evidence. It promises to be quite varied, and to say the least rather unusual.

There will be cakes and pies for sale on the ground. Purpose of the program is to raise some money to help on the expenses of four young people who will go to the Youth Assembly at Mt. Wesley, Kerrville, in a few days.

Mr. and Mrs. Foy Moore went to Vernon Friday and Saturday to visit his mother, Mrs. Abbie Moore. The elder Mrs. Moore returned with them for a visit.
