## AD-LIB-BEN

You may notice that this week's paper is a little short on news. The reason is that our star reporter, Mrs. A. S. Whatley, is basking on a sunny beach in Florida. It certainly must be nice to work FOR a newspaper, so you can afford such excursions as she is on.

Incidentally, she sent back a picture of herself made on the beach in her bathing suit. We'd like for all her friends to come by and see it as we didn't have time to get a cut made to run in this week's Enterprise.

From the looks of the picture we'd say the Florida sunshine has bleached her hair considerably, as well as "filled out" some spots which we hadn't noticed before. It's sure a nice picture.

We had an interesting visit Saturday with Mr. and Mrs. R. F. Bronte of Beaumont. They were on their way home and decided to come through the town that bears their name. Mr. Bronte said that he is a descendant of the Bronte family, for whom the town was named. They had never been here before.

### WOLFENBARGERS HONORED

Mr. and Mrs. O. K. Wolfenbarger were honored at a farewell party Wednesday night at the Methodist church. A covered dish supper was served and the group enjoyed a "sing song" and visiting. The W. S. C. S. presented the Wolfenbargers with a gold framed picture.

Mr. and Mrs. Wolfenbarger are leaving soon to make their home

## Maverick Children Bitten by Mad Cat

A Maverick child and a child visiting there from Fort Worth are taking rabies shots after having been bitten and scratched by a cat.

Jim Gault, son of Mr. and Mrs. N. T. Gault of Maverick, was scratched by the cat and Marsha Houghton, who was visiting the Gaults, was bitten by the animal.

Mr. Gault said that they did not think much about the cat scratching and biting the children until a neighbor reported that it had wandered to her house and died.

Upon learning this Gault sent the animal's head to the state health department in Austin, where it was pronounced rabid.

Mr. Gault said that he wanted the incident mentioned in the paper so that other residents of this area can watch out for more rabid animals.

## NEW WATERWORKS SYSTEM AT BLACKWELL IN OPERATION SOON

By Mrs. Charles Ragsdale  
Blackwell should have its new city water works in operation in about two weeks, according to the mayor, Tom Carlisle.

Some 2500 feet of pipe is being laid to connect with the Sweetwater-Oak Creek Lake mains near Blackwell and to provide a network of pipe in town.

There will be a six inch main to the connection and four-inch mains in town with two inch supply lines.

Cage Bros. Construction Co. of San Antonio was the low bidder Monday when bids were opened on construction of six bridges in precinct 2 of Coke County. Their bid was for \$49,295.97.

Three of the proposed bridges will be in the Olga community while the other three will be north of Bronte on Kickapoo Creeks.

Money for the construction was provided last year when voters polled overwhelmingly in favor of a \$160,000 precinct bond issue. Approximately half of the money was designated for paving streets in the city of Bronte and the other half was set aside for road and bridge improvement in the rural areas of the precinct.

The new bridges will be of concrete construction, and will be a great improvement over present structures which have been found to be inadequate, particularly for movement of oil field equipment.

Commissioner Howard Brock said that five bids were received. The next low bid was from Pelphrey Construction Co., with a bid of \$51,915.81.

## Summer Roundup For Pre-School Children Aug. 11

Annual Roundup for all children who will enter the first grade at the Bronte Schools this September will be held Thursday, Aug. 11 at the John Harris Clinic. The annual event is sponsored by Bronte Parent-Teacher Association. Hours for the Roundup are 10 a. m. until 4 p. m.

All the pre-first-graders will be given a physical checkup and any shots and vaccinations they may need.

Bronte PTA pays for the medicine which is used in the Roundup and Dr. Harris and his personnel furnish their service free of charge.

Certain vaccinations are required by state law before a child can enter school, and this program is carried out each year in an effort to see that all children have the necessary shots, as well as to determine if any physical defects are present which may endanger the child's health and interfere with his school work.

School authorities urged that all children who will start to school this year to be at the local clinic some time during the hours stated above.

## You can sit this pretty for less than you think

**This Big Buick SPECIAL 2-Door, 6-Passenger Sedan delivers locally at a small-car price**

*(Come in and check it!)*

We'll mince no words.

You can buy a Buick SPECIAL like the one shown here if you can buy *any* new car.

You can boss this big and brawny Buick Sedan for just about the price of the smaller cars—even for *less* than some models of the three most well-known smaller cars. The price tag we'll show you proves that.

But you can't get anywhere else for the money what you get in this Buick, or any other new Buick—and that's something you really ought to look into.

For Buick sales are soaring to all-time best-seller highs this year *just because more and more people are discovering how much more automobile their dollars buy in a Buick than the same dollars buy elsewhere.*

They find Buick a bigger package of sheer automobile for the money—bigger in power thrill, in stretch-out comfort, in ride steadiness, in structural solidity.

They find Buick size and styling an added prestige—Buick roadability and handling ease an added pleasure—Buick brawn and precision an added reassurance.

And they find Buick performance a thrill without peer—for where else can you get the whip-quick response and bettered gas mileage of Variable Pitch Dynaflo<sup>†</sup>?

Maybe you'd better drop in and see how much real automobile and fun and deep-down satisfaction your money buys in Buick.

Whether you want the low-priced SPECIAL, the high-powered CENTURY, the extra-roomy SUPER, or the custom-built ROADMASTER—you'll find the price more than right and the trade-in deal terrific. Can you make it today?

<sup>†</sup>Variable Pitch Dynaflo is the only Dynaflo Buick builds today. It is standard on ROADMASTER, optional at modest extra cost on other Series.

**what's what**  
by whatley

I bet that you are all quite surprised to know that at this writing that I am down in sunny Florida. I am almost as surprised as you because it was such a jumped up affair. But when some one comes along and begs you to go, well, do like we did, just go. We are having a most wonderful time and I'll tell you all the wonderful things that I have seen when I get back. This is something new to us to have a vacation with none of the family but the husband and I along. The little 10-year-old is still in El Paso and we expect him to be a little peeved when he finds out that he has missed this trip. But this has been lots of fun not having anyone to look after but ourselves.

I have been awfully busy as Mr. Oglesby asked me to bring him back a gallon of fresh orange juice. The nearest thing to an orange tree that I have seen so far has been extracted juice in the cafes. Mrs. O. ordered a 90 pound fish but I am leaving that strictly up to the husband to fulfill that order. Incidentally, he is trying.

The trip down has been divine and just wish all my readers could see the lovely sights that I'm seeing. The sand is white as cotton and so pretty.

I'm sending back a snapshot of myself in bathing in the gulf. I feel certain that I'll be selected by some movie scout to take the place of Marilyn Monroe.

I'll tell you everything when I get back

This morning, (Tuesday, in Pensacola) we came across the

long tall bridge over the bay to the Gulf of Mexico. We drove on and toured the old Fort Pickens which was huge in size and very historical and interesting. Incidentally, I have got to come home and read up on my history to refresh my memory on what I have seen. We also saw the big naval Base, which is the largest in the world of its kind.

I left a recipe to be run this week and I know that you will like it, that is, if you don't have to watch calories and if you don't have a strawberry allergy.

This is called.

**Strawberry Supreme Pie**

This pie is good in a baked pie shell or the graham cracker type.

1 small box of frozen strawberries.

10 marshmallows.

3/4 cup plus 2 tablespoons of canned milk or cream. Place the canned milk in the freezing tray to chill. Place the frozen strawberries and marshmallows over a fire until the marshmallows are melted. Then add 2 tablespoons of lemon juice to the chilled milk and whip until very stiff and then fold in the berry mixture.

Place in pie shell and set in the

refrigerator to chill. This is so simple, can be made in a short time and you can eat it immediately if you desire.

**LONE STAR LADIES**

The Lone Star Ladies had their monthly meeting in the city park Tuesday of this week. The women carried basket lunches and visited for two or three hours.

Present were Mmes. F. D. Ford, Johnny Green and baby, Bill Miller and boys, Joe Scott and children, Rube Collins and Andy Andrews.

Mrs. Rube Collins and Mrs. Bill Miller were San Angelo visitors Monday.

Mr. and Mrs. Pete McDonald and Mr. and Mrs. Royce Fancher returned Tuesday from a nine day trip into nine southern states. They visited Arkansas, Tennessee, Kentucky, Indiana, Georgia, Mississippi, Louisiana and Alabama. One of the highlights of their trip was a visit to the famous Churchill Downs in Kentucky.
