OIL PROGRESS . . .

Scenes like the two above were undreamed of in Bronte a few years ago, before the discovery of oil in Coke County. The above pictures show the latest development in Bronte brought on by the oil industry. The top pictures shows a driver for Texas Consolidated Transport Co. and loader Milton Pierce of San Angelo, right, as they close valves on a big transport truck and storage tanks at the railway station here, after transferring a load of butane moved here from Silver. The lower photo shows James Rogers of Bronte, left, and Pierce check a dewpoint (determine the amount of water) in a carload of butane. Both are employees of Texas Natural Gasoline Corporation. The gas which is being shipped from Bronte is being produced at the big plant of the company at Silver. —Standard-Times Photo

Longhorns to Meet Hermleigh Tonight

The Bronte Longhorns will go against Hermleigh's Cardinals in their first district tilt on the local gridiron tonight at 8 o'clock. This will also be Hermleigh's first district contest. In non-conference games, Bronte has hung up a 2-2 record while the Cardinals hold a 2-3 record.

Bronte had an open date last week and should be in tip top condition for one of their toughest opponents of the season, Hermleigh, the district favorites and defending district co-champions, are supposed to have a rugged team. Hermleigh will be out for revenge as the Longhorns defeated them on their home field last year by a score of 19-18.

Of the tilt Abilene Reporter sportswriters said "The District 6-B championship may be decided Friday night at Bronte when the Longhorns entertain the defending co-champion Hermleigh Cardinals."

Bronte currently heads the District 6-B standings with Hermleigh second. Loraine heads the pack in district play with their win over Trent last week. In a non-conference game Robert Lee fell at the hands of the Eldorado Eagles. Hermleigh was off also last week along with Bronte.

New Feed Store Opening Friday

J. W. Teague is announcing in this issue of The Enterprise that he will have the formal opening of his new feed store today (Friday.) Teague is inviting everybody in this area to come by and visit the new firm. He will have free gifts for all visitors, as well as giving away some valuable door prizes.

Teague is handling a complete line of Red Chain feeds and the firm will be known as Red Chain Feed Store. He said this week that Red Chain manufactures a complete line of feeds for all kinds of livestock, poultry and small animals.

Mr. and Mrs. Teague and their two children, who formerly lived at Crane, are now residing on the W. A. Halameek ranch near Tennyson. They plan to move into Bronte as soon as they can obtain a house.

The Red Chain Feed Store is located on Bronte's Main Street in the Bridges building. An ad on another page of this paper tells more about the services which the new firm will render to farmers and ranchmen of this area.

COMMUNITY BENEFIT

There will be a community benefit program Saturday night, Oct. 15, at 7:30 p. m. in the school auditorium. A variety program of music, songs, comedy acts etc has been arranged.

Cakes and pies will be sold at Auction and everyone is invited to attend for an evening of varied entertainment. Admission is 25 and 50 cents.

Joe Rose Expands Operations; Starts Pole Line Company

Joe Rose of Bronte has been expanding his operations the past few weeks. In addition to spreading out with his Joe Rose Construction Co., Rose has started a new firm, Jax Construction Co., which specializes in pole line construction.

Joe Rose Constructoia Co., which moved to Bronte from Snyder a couple of years ago, now has branch yards in Sweetwater and Abilene. This firm does all kinds of dirt work, concrete work, painting and general roustabout jobs.

Jax Construction Co., with headquarters in Abilene, has a branch office at Vernon and another in the process of being set up in Corpus Christi.

Riley Jackson is in charge of operations in Abilene, while F. I. Parker is superintendent at Vernon, and B. R. Farley is setting up the new yard at Corpus Christi. Rose supervises work here and at Sweetwater.

Rose said the firms employ an average of 35 men, sometimes using as many as 50.

General supervision of the firms will continue to be from the office in Bronte, Rose said. His office and yard here are located on north Highway 277, where a large stock of trucks, bulldozers and other heavy equipment can be seen most any time.

AD-LIB-BEN

It seems that nowadays almost every organization and cause has a "week" of its own. Right now it's Oil Progress Week, which runs from October 9 through 15. This seems an appropriate time for us to recall the revolution which petroleum brought into our lives. The word "progress" is well used. America's competitive oil businesses — there are more than 42,000 of them — are even now changing our way of life. The American petroleum industry, which produces about half the world's oil, not only is basic to our national economy and defense, but has introduced us to a host of products which have enriched our standard of living.

Our homes are oil-heated, our cars are petroleum-powered, and we feel the benefits of petroleum on our farms and in countless large and small pursuits of our daily lives. Take the Summer we just

NOTICE

The Bronte HD Club will have its regular meeting Wednesday, Oct. 19, in the home of Mrs. Wor-nock Hipp.

Services Held at Tennyson For R. H. Baker, 68

Funeral services for R. H. (Rufus) Baker were held at 3 p. m. Tuesday from the Tennyson Baptist Church. The Rev. W. E. Chandler officiated.

Interment followed in the Bronte cemetery under direction of Johnson's Funeral Home of San Angelo.

Mr. Baker, 68, retired farmer and widely known amateur fortune teller, died at 11:20 p. m. Sunday in a San Angelo hospital.

A resident of Tennyson since 1901, Mr. Baker was born Aug. 8, 1887.

Survivors include his wife; a brother, W. D. Baker of Portersville, Calif.; a niece and a nephew.

69 BALES HAVE BEEN GINNED

Despite dry weather in Coke County this year, 69 bales of this year's cotton crop had been ginned at the local gin up to Wednesday of this week. Cotton has come from Blackwell, Maverick and the Bronte territory.

Halloween Carnival Set for Saturday, Oct. 29

Annual Halloween Carnival will be held Saturday night, Oct. 29, in the high school building. Plans are being made and committee chairman will be announced soon.

Decision to have the carnival was made at last Tuesday's meeting of the local Parent Teachers Association. The group decided the carnival would be an all-out effort to raise money and the only money raising project for the organization this year.

At the regular Tuesday night meeting Mrs. A. S. Whatley spoke

on "The Home: The Basis of a Democratic Nation."

In the business session, the organization voted to landscape the school grounds, particularly around the new building, as a project for the year. This is to consist of the planting of grass and shrubs.

At the close of the meeting, a social hour was held in the form of a Silver Tea was held in the honor of Texas Congress birthday. Mrs. Royce Fancher and her home economics girls were

in charge of refreshments.

The sixth grade room, sponsored by Mrs. Lum Lasswell, was presented a tank of tropical fish as an achievement award for getting every mother and father in the room as members of the local P. T. A. The runner-up room was the second grade, sponsored by Mrs. George Thomas. This room was presented with a dish garden.

Several new patrons of the school were present and were welcomed to the PTA and to the community.

what's what by whatley

This cool weather mixed with the rain we had has certainly made everyone feel better. It takes me all day to thaw out after freezing all night. I had to get the "old wool socks" out of moth balls after spending one sleepless night with cold feet. If you don't think it helps to warm you up, just hunt up a pair that some of your athletic children have thrown aside. The only thing that worries me is that I am about to wear these out that I have on hand and it will be quite a spell before the little small fry will be big enough to wear a man's size. I might speak to the coaches and see if they can get the stretchy kind and then he can wear them to play football in the day time and I can wear them at night. That way, if I have insomnia, the odor might put me out.

Has my face been red after reading what a mistake that was made in the write-up of my daughters wedding. I tried my best to lay it onto the rest of the office force but after checking carefully, I found out that it could not have been anyone but ME. It was just another one of my little mistakes. It seems in making a correction that I put the right line in the wrong place. If you don't know the newspaper business, I can tell you that it is very easily done. We are not the only people that make mistakes though. I read this very amusing story that came out in a paper not long ago and it was a mixup of a wedding story and a

story about an auction sale.

"A country editor, who was also his own typesetter and make-up man, was in a big rush to get his paper out when he tripped and spilled some lines of type. Quickly and angrily he picked up the type, and thinking it all belonged to one story slapped it together. But it really was two stories, and the following appeared in his paper:

"William Smith and Lucy Anderson were disposed at public auction at my barn one mile east, a beautiful cluster of roses on her shoulder and two white calves before a background of farm implements too numerous to mention, in the presence of 70 guests including two milk cows, 6 mules and 1 buggy. The Rev. Jackson tied the nuptial knot with 200 feet of grass rope and the bridal couple left on a gang plow for an extended trip, with terms to suit the purchaser. They will be at home to their friends with one good baby buggy and a few kitchen utensils to responsible parties and some 200 chickens.

I have something different to bring to you this week in the recipe line. It is a recipe of Mrs. Hollis Stevens and she says it is unusually good for cold nights and can be prepared for a hurry-up meal. This is called:

Bunsteads

1/4 pound American cheese - 1 cup cubed).
3 hard cooked eggs, chopped
1 7-ounce can tuna, flaked
2 tablespoons chopped green pepper.
2 tablespoons chopped onion.
2 tablespoons chopped stuffed

olives.

2 tablespoons chopped sweet pickle.
1/2 cup mayonaise or salad dressing.

6 Coney buns

Combine ingredients except the buns. Mix lightly. Split buns and fill. Place buns in box in which they were packed or wrap in aluminum foil. Place in slow oven (250 degrees) about 30 minutes, until filling is heated and cheese melts. Serve hot. Fills 6 large buns generously.

Mrs. Bon Spoons and Johnnie of Priddy came last Friday and spent the weekend with her parents, Mr. and Mrs. C. E. Brunton. She carried her little daughter, Linda, home after she had spent a week here. Coming over Sunday were their daughter and husband, Mr. and Mrs. E. O. Nicholas of San Angelo.

SHIRLEY TOMLINSON AND MR. DUNCAN MARRIED SEPT. 16

Mr. and Mrs. Donnie Duncan are at home in Big Spring after their recent marriage in the Baptist Temple in Big Spring on Sep. 16.

Mrs. Duncan is the former Wanda Tomlinson, daughter of Mr. and Mrs. W. B. Tomlinson of San Angelo and former residents of Bronte. The bride was attending Bronte High School at the time of her marriage. Mr. Duncan is the son of Mr. and Mrs. Bert Duncan of Robert Lee. He is a former student of Robert Lee Schools.

For her wedding the bride wore a brown dress with white lace trim, a lace hat with brown accessories.

A shower honoring Mrs. Duncan was held Saturday, Oct. 8, in the home of Mrs. O. L. Pitman from 3 until 5 p. m.

Hostesses were Mrs. Pittman, Mrs. Claud Beaver, Mrs. George Wrinkle, Mrs. Garland Spencer, Mrs. Dwain Pruitt, Patsy Pittman, Wanda Snead, Mary Ann Gray, Jo Rolind and Linda Lasswell.

A color scheme of pink and burgandy were carried out. A burgandy table centerpiece contained pink tapers and streamers with the inscription "Wanda and Donnie." Favors were miniature knives forks and spoons tied with pink and burgandy ribbon. Small hearts were attached to the ribbon with

the inscription "Wanda and Donnie" and their wedding date "9-16-55".

Mrs. LeDrew Arrott served the punch and Mary Ann Gray served cake squares. About 25 guests were present.

Humble HD Club Elects New Officers

Mrs. Luther McCutchen is new president of the Humble HD club which met last Thursday morning in the Recreation Hall. Mrs. C. E. Arrott met with the group and helped them with their organization.

Other new officers are Mrs. James Wells, vice president; Mrs. Bill Clark, secretary; Mrs. Foy Moore, reporter; Mrs. Richard Beck, Council delegate and Mrs. Jim Rasco, Council alternate.

Cookies, coffee and cold drinks were served by Mrs. D. Faulk and Mrs. Moore to Mmes. Beck McCutchen Clark, Frank Merrell, Wells and Arrott.

O. Faries and son, J. B., left this week for Azle where they plan to spend the winter with relatives.

BIG SAN ANGELO OIL SHOW IS UNDERWAY THIS WEEKEND

The 1955 edition of the San Angelo Oil Show unreeled itself Thursday.

Billed as the most unique oil show ever attempted in West Texas, the show is expected to draw over 200,000 through its gates during the three days it is in progress.

The show is different, C. C. Pope, Oil Show president, explains, because it is beamed primarily toward the general public. With a "Partners in Progress" theme, the show is designed to cement the relationship between the landowner and the oil industry. It is the first time a show of this type has been attempted in West Texas, Pope said.

Since the show's purpose is to inform the general public about the oil industry, a large array of educational exhibits will be on display at the Oil Show grounds each day of the show. The exhibits, according to Pope, range from an actual fire fighting display to a huge aerial map of the Southwest. Mammoth derricks will be lifted and lowered for the crowd daily.

The show kicked off with a parade Thursday at 11.00 a. m. Floats, mounted units, and bands will march through San Angelo's downtown section to vie for trophies and cash awards.

Highlighting Friday's activities is a "Fashions in Oil" style show at 1:00 p. m. at the Petroleum Club. The show is free, but by reservation only through the chamber of commerce. Garments made of celanese and other oil products will be modeled by 12 girls, followed by Delores Robert's demonstration of the "Magic Suitcase" filled with products for the lady made from petroleum chemicals.

The Oil Show concludes Saturday night with a 6:00 p. m. barbecue at which a 1955 convertible will be given away free.

Other activities of the show include free continuous entertainment from the giant Oil Show stage. Headlining the entertainment will be concerts by the all-girl U. S. Air Force WAF band. Sixteen rides will be available for persons of all ages.

Sally Zippert, nationally-known caricaturist, is another free feature of the show. Free movies will be shown throughout the show from the Oil Show Theatre.

The San Angelo Oil Show jam-

boree, with such Western and Hill billy stars as Sonny James, the Belew Twins, Charline Arthur, and LeFawn Paul, will take place at the Oil Show grounds at 8:15 p. m. daily.

"We're planning the biggest oil show in West Texas this year," Pope said, "and we want to invite everyone to bring the family and come to San Angelo for this event."

Spending the weekend here in the home of Mr. and Mrs. Charlie Keeney were her brother and wife, Mr. and Mrs. Irvin Lowry of Putnam. Their Sunday guests were their son, Mr. and Mrs. Gene Keeney and children of San Angelo, another brother of Mrs. Keeney, Robert Lowry and his wife of San Angelo and their sister and husband, Mr. and Mrs. Vetal Flores.

Mr. and Mrs. H. O. Whitt spent the weekend in Goldthwaite visiting his mother, Mrs. Emma Whitt.

HATS OFF TO COKE COUNTY'S OILMEN

This week we are glad to join oilmen everywhere in observing Oil Progress Week. We think it's a good time to take our hats off to America's oilmen for their continuous, faithful service to all of us.

As part of a service-conscious, competitive industry, they are proving daily that your progress and Oil Progress go hand in hand. Today you can actually

measure that progress by improved gasolines that power your car, more efficient fuels for home heating and hundreds of other oil products that make living more comfortable every day.

We'd like to point out that by serving you and the nation so well, America's oilmen have actually made every week of the year Oil Progress Week.

It is gratifying to us to see so many oil people driving new Chevrolet automobiles and trucks.

**J. T. HENRY IN
20TH YEAR AT
BRONTE SCHOOL**

J. T. HENRY

J. T. Henry, Bronte vocational agriculture teacher, will take 20 boys to the Dallas Fair this weekend. Saturday is rural youth day at the Fair. T. G. Gleghorn will drive the school bus.

During the summer months, Henry did a complete interior re-finish on his vocational agriculture building. Materials were furnished by the school, with Henry doing the work. He also gave the outside framework and windows a trim to match the rest of the buildings.

Henry and his vocational ag boys are now in the process of redoing the work shop. They are rewiring and installing new lights and fixtures, as well as making new outlets for power tools.

Henry has 11 boys enrolled in the sophomore agriculture class and 12 in the Junior class.

Henry has taught in the Bronte school system for 19 years, this being the only school in which he has ever taught. He graduated from Sterling City high school and received his BA degree from Texas Tech. He received his Master's degree from Sul Ross in Alpine. Henry came to Bronte in 1937 and with the exception of 1941-45, when he was in service, has been here since that time. His wife also teaches in the Bronte School system. They have one daughter, Linda.

Mr. and Mrs. Ralph Scott of Waco were through here Sunday visiting relatives. They were enroute to Colorado on a hunting trip. They will be met there later this week by Joe Edward Scott and Leroy Sott of Denver City.

Universal Mills is proud to announce the appointment of their newest RED CHAIN DEALER in your community. This means that you now have an authorized RED CHAIN DEALER who will stock the complete line of RED CHAIN Feeds for Poultry and Livestock. If you will discuss your feeding problems with your new RED CHAIN Dealer, he will be pleased to give you all assistance possible, so feel free to call on him at any time and learn more about the RED CHAIN Feeding and Management Program . . . a Feeding plan to help you make more money with your Livestock and Poultry. Meet your new RED CHAIN Dealer today.

Your new RED CHAIN Dealer will be pleased to show you why the RED CHAIN Feeding and Management Program pays dividends to Poultry and Livestock Raisers because growing popularity of RED CHAIN FEEDS is conclusive evidence of their

ability to do the feeding job for feeders of all kinds using a wide variety of feeding methods. This is only possible because each specified RED CHAIN Feed is formulated to provide adequate balanced nutrition for the purpose intended and fed as directed. The RED CHAIN policy is to provide not only adequate levels of protein, vitamins, and minerals in all feeds, but to see that extra quantities are supplied wherever feeding value will be increased. These extra margins of nutrition mean extra margins of profit to the feeder.

Therefore we recommend that you meet your new RED CHAIN Dealer and learn more about the economy and efficiency of the RED CHAIN Feeding and Management Programs for Poultry and Livestock . . . they are TIME-TESTED and PROVED.

COKE COUNTY OIL DOLLARS—**BIG** AND **BUSY**

Coke County's Progress and Oil Progress Go Hand In Hand

Every resident of Coke County is benefitting directly or indirectly from oil. This year oil properties will pay 80 per cent of the county taxes, and oil has been responsible for Coke County's assessed valuation of 4 1-2 million dollars in 1946 jumping to nearly 30 million dollars in 1955.

Oil development is continuing in Coke County—the end is not in sight by any means.

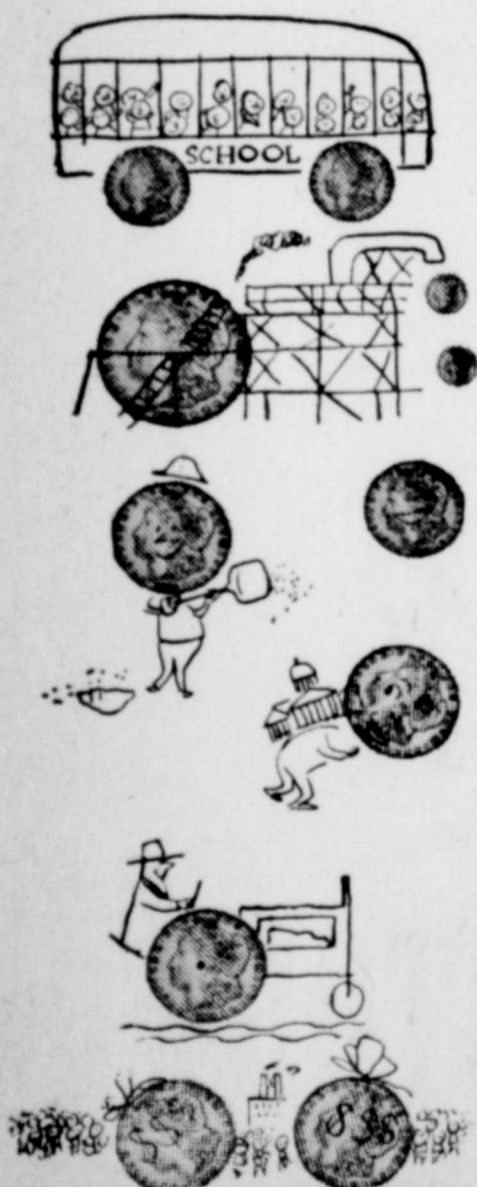

Taxes from oil properties are making it possible for Coke County to have better schools, better roads and numerous worth while improvements will result for the good of all.

Of great importance has been the employment which the oil industry has furnished to hundreds of our citizens at good wages.

We congratulate the oil operators and royalty owners and everyone connected with this highly important business in observance of OIL PROGRESS WEEK, October 9-15.

Dixie Radine Cavin and Freddie Brown United In Marriage Oct. 1

Dixie Radine Cavin, daughter of Mr. and Mrs. Bob W. Cavin, and Freddie Brown were united in marriage on Saturday, October 1, at 5:30 p. m. The single ring ceremony was read in Wilmeth with Rev. Earl Gaines, pastor of Wilmeth Baptist Church, officiating at the church parsonage.

The bridegroom is the son of Mr. and Mrs. F. L. Brown of Bronte. Both are former students of Bronte High School.

The bride wore an imported embossed dress of beige faille with British tan accessories. Her corsage was white gardenias.

Relatives and close friends attended the ceremony.

Mr. and Mrs. Brown left immediately for Barslow, California, to make their home. He is stationed in the Marine Corps there.

BAND MOTHER'S OFFICERS

Mrs. J. B. Luttrell, Jr. is president of the Band Mothers Club. The group was organized at a meeting following PTA Tuesday night.

Other new officers are Mrs. R. W. Rees, vice president; Mrs. A. M. Neel, secretary; Mrs. John Coalson, treasurer and Mrs. D. K. Glenn, reporter.

MCCUTCHEM-FARIES VOWS

Mr. and Mrs. Harold McCutchen are at home in San Angelo after their recent marriage in Old Mexico. Mrs. McCutchen is the former Joyce Faries, daughter of Mr. and Mrs. Bill Faries of Coleman. She is a former student of Bronte High School and was attending high school in Coleman at the time of their marriage.

The bridegroom is the son of Mr. and Mrs. Luther McCutchen of Bronte. He is a 1955 graduate of Bronte High School and is attending San Angelo College. He will continue his studies and will work for Pool Well Servicing Co.

Mr. and Mrs. Albert Rawlings spent several days this week in Abilene with their son-in-law and daughter, Mr. and Mrs. Randal Meador and girls.

LOCAL NEWS

Mr. and Mrs. George Wrinkle spent last Friday night in Moran with their daughter and husband, Mr. and Mrs. John Paul Riley. Saturday morning, the group all went to Wichita Falls for the weekend where they visited the Wrinkle's son and wife, Mr. and Mrs. Dwain Wrinkle, and also their daughter and family, Mr. and Mrs. Leo Hollan.

Charle Boecking and Jacob Morrow left Wednesday for a week's hunting trip in Southwestern Colorado.

Mrs. Pete McDonald was to return home Thursday after being hospitalized several days in San Angelo where she underwent medical treatments and examinations.

Donna and Randy Sheppard of Colorado City spent several days this week with their grandparents, Mr. and Mrs. Otis Smith.

SC District News

D. K. Glenn, a cooperater of the Coke County Soil Conservation District and landowner and operator in the Bronte area, was elected to the Board of Supervisors for Zone 2 of the Coke County SCD, Monday night, October 3, in a meeting held at Bronte City Hall.

Glenn, who has always been active in conservation and agriculture work, will serve a 5-year term. The duties of administration of the affairs of the district and in the development of the agricultural program for the district, will be among a few which Glenn now assumes.

A. V. Sheppard, Work Unit Conservationist of the Robert Lee Work Unit followed Webb by giving a brief talk and showing color slides which were taken over the Coke District during 1955.

The position filled by Glenn was previously held by W. C. Shamblin of Blackwell. Mr. Shamblin has been an active member and co-operator of the Coke County SCD since it was formed. He served as a member of the Board of Supervisors for ten years and attended eight out of ten conventions of the State Association of Soil Conservation District Supervisors which were held in various parts of the state.

We're Proud

TO BE PART OF THE GREAT OIL INDUSTRY

During this Oil Progress Week, when we think of what the Oil Industry means to this town and area, we can't help but be proud of the small part we've had in it.

SCHOOL NEWS

John Brice, Baptist missionary in Brazil, had charge of an assembly program Tuesday. He spoke on his 33 years of experience as a missionary there.

All classes in school were taking examinations this week, finishing the first six weeks of the fall term.

Rev. W. C. Craig, who underwent major surgery Tuesday in San Angelo, was reported doing well the middle of the week.

Methodist Church Notes

Along with many other churches over the land, the local Methodist Church will celebrate Laymen's Day at the morning church hour next Sunday, Oct. 16. One of the laymen will lead the service and two others will have part in the worship hour. Mr. Jack H. Morrison of San Angelo and prominent member of St. Luke's Methodist Church, will bring the Special Message.

In the absence of the pastor, Rev. W. C. Craig, one of our ministers, Rev. B. B. Edmiaston, of Bronte, will preach at the night hour, 7:30. The congregation has heard this man several times before and always enjoy his services. Full attendance by the members is urged for both these church hours next Sunday. Visitors are cordially invited.

Announcing plans for Sunday, Oct. 23, Rev. Craig said that Rev. Hmer Weimer, SAC student, will preach in the morning and the local WSCS will be in charge of the night services, with a special service honoring the 15th anniversary of the WSCS and the local charter members of that society.

Research Paces Oil's Progress

There are three reasons why America's petroleum industry has been able to supply the ever-increasing demand for energy called for by our mechanized way of life: 1, it has fearlessly invested its capital in the hazardous search for oil and gas; 2, it has steadily expanded its facilities; and 3, it has conducted endless research to find better, more efficient ways to make the oil products America needs.

Research! That's the key to the petroleum industry's progress. And the Humble Company assures itself a place of leadership in this field with two great research laboratories.

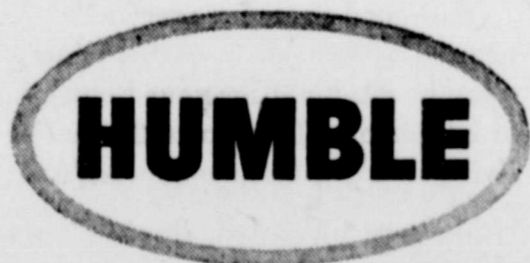

In the Humble Research Center in Houston scientists and engineers study all phases of finding, producing, and conserving oil and gas.

In the Research Laboratory at Humble's Baytown, Texas, Refinery, highly skilled technicians seek to develop new and better petroleum products, to improve those we already have, and to develop methods for making these products more efficiently.

Just as America's progress depends on oil, so oil's progress depends on research.

struggled through. It may have been hot, but it was a lot more pleasant for many of us than it might have been, thanks to new synthetic fibers developed through petrochemistry. From cosmetics to sausage-skins, literally thousands of everyday products are petroleum based. The industry's scientists say they can develop 500,000 compounds from petroleum and they hope to boost that total to a million in the foreseeable future. Plastics, insecticides, synthetic rubber — a seemingly endless list of magic compounds — have contributed to our health, well-being and comfort.

Only a highly competitive, progressive, and free industry can produce such wonders — or even have the incentive to do so. The tremendous contributions that America's oil has made to our civilization during less than a century of the industry's existence are stirring testimony to the vitality and vision characteristic of a free people.

Oil men and 163 million Americans whom they serve have good reason to be proud during this year's Oil Progress Week.

Oil Well? Maybe!

- The search for oil is one of the world's riskiest businesses! For every successful oil well drilled in new territory eight prove to be costly dry holes. That's why it's always great news for everybody when an oil producing company like ours brings in a successful oil well.
- Yes—good news for *everybody!* You see, every new oil well means more gasoline for your car, more heating fuel for your home and more of the hundreds of oil products that make today's living so much more comfortable.

Football Star to Be Speaker at Youth Rally

Runnels Baptist Association Youth Rally will be held at the First Baptist Church, Ballinger, on Monday, Oct. 17, at 7:30 p. m. "It will not be held on the usual date" Saturday, Oct. 8" states Rev. M. R. Rogers, local pastor. "The change in date is necessary for program arrangements."

A group of athletes from Howard Payne College, serving with the organization 'Jackets for Jesus, will have charge of the Youth Rally. Randall Purvis, a basketball star at Howard Payne College, will have charge of the music and will thrill the hearts of all who hear him sing, according to Rev. Rogers.

Lewis Holt will be speaker of the evening. He was All-Service End for three years while in the U. S. Navy. Last year he was selected as all conference full-back as he played for Howard Payne. He is touted by some as future prospect for Little All American. Of him Rev. Rogers said "his testimony will stir the hearts of youth as he tells in his own way how Jesus came into his heart and the change was made in his life. Lewis Holt is a man's man on the football field or off."

Every football player of this area is extended a special invitation by the Youth Rally to hear the testimony of Lewis Holt on Monday, Oct. 17, 7:30 p. m. at First Baptist Church, Ballinger.

TRY A WANT AD

LETTERS TO THE EDITOR

Dear Sir:

There appeared in last week's Enterprise an ad about a "Sitting Center" in a city near your town. Since I am not acquainted with "Sitting Centers" will you kindly answer some questions I have to ask.

What is an "Uranium Sitting Center?" Does one sit in, under, or above, or on the Uranium in the

hope of hatching an A bomb or something? Does one have to wear any sort of garb or garment while sitting in a "Sitting Center?" Is there any particular benefit or virtue in ones being able to say he has sat in a "Sitting Center?" Is said sitting center to relieve some mental or physical ailment? And, do you think Dr. John would recommend that any of his patients try sitting in a Sitting Center?

Another thing: The Ad says they use Comanche dirt. Does the Comanche dirt derive its name

from some county or city in our state. Perhaps it has something to do with the name of a tribe of Indians that used to raid through that part of our state. If it is connected in any way with Indians why not call it Apache Dirt. A tribe of Apaches used to do a lot of dirt in the southwest part of our country, and, seems to me, the dirt should be called "Apache Dirt."

In our town there are four sitting centers. These centers are well whittled benches. There is one in

The Bronte Enterprise

front of the barber shop, one in front of the pool hall, one on each side of the place where a fellow buys peanuts and one in front of one of our drug stores. I have observed that our sitting centers are always well patronized. I do not know that they are in any way associated with Uranium which was recently discovered just outside the city limits.

A prompt reply to my letter answering the above questions will

be much appreciated by,

Yours truly,
A Reader

Most **Modern** Truck Features of All! New Chevrolet **Task-Force** Trucks

New concealed Safety-Step! New High-Level ventilation!
New panoramic windshield! You get the most modern features in today's most modern trucks!

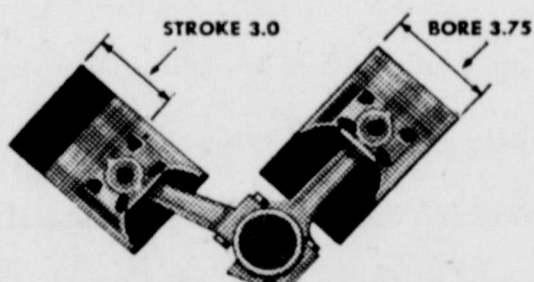

All through these new Chevrolet Task-Force trucks—in cabs, chassis, engines and bodies—you'll find reasons why they're the most modern moneysavers on the road. They're loaded with far-ahead features that mean lower hauling costs today and higher trade-in value tomorrow. Come on in and look 'em over.

Anything less is an old-fashioned truck!

Most Modern Power...V8 or 6

Shortest stroke V8's in any leading truck! (Standard in the new L.C.F. models, available in all others, except Forward Control, as an extra-cost option.) Most advanced truck sixes! All engines are sparked by a modern 12-volt electrical system.

The stroke is shorter than the bore in Chevrolet's modern truck V8's! That's oversquare design.

Most Modern Styling

New Chevrolet trucks are the *only* Work-Styled trucks, with a fresh, functional appearance that's tailored to the job! Two distinctly different styling treatments are offered—one for light- and medium-duty models, another for heavy-duty models.
