THE FIRST THANKSGIVING

Longhorns Slaughter Steers in Final Tilt

By Billy Alexander

Getting a fast start against their rivals, the Robert Lee Steers, the Longhorns continued their massacre and slaughtered the Steers by a score of 38-6. By taking the win, the Longhorns ended the season with a 6-4 record and wound up in a three way tie with Robert Lee and Hermleigh for the top spot in district play. Each team ended with a 3-1 conference record. Going into the game, the Steers were on top and were picked to defeat Bronte. After the first half, there wasn't much doubt as to how the game would end. Even though the Steers were defeated, they were selected to represent Dis-

trict 6-B in Bi-District against Rankin of District 5-B.

The Longhorns won the toss and elected to receive. Taking the kickoff on their own 34, the Longhorns racked up their first touchdown 3 plays after the start of the game. On the opening play, Wrinkle went to the 36 on a 2 yard plunge. Gentry then went on to the 43 on a 6 yard gallop around end and then the sparks flew. On the next play, Joe Ramirez, Bob Webb, and Bob Hester took the whole side of the Steer line out of action and Gentry outran the Secondary to go 57 yards to paydirt. The try for extra point was missed and the Longhorns led 6-0.

With Robert Lee taking the kickoff on their own 27, they advanced to the Longhorn 22. At this point, Joe Ramirez broke through and recovered a Steer fumble on the 23. From this point, Bronte went the distance in 9 plays. In four plays, Smith and Wrinkle carried to the 35. Gentry then went 6 to the 41. The big play of the series then erupted as Smith hit Bill Tounget with a pass on the Steer 40. Taking the ball on a dead run, Tounget raced to the 6 before being brought down from behind. Scott then went over from there. Again the extra point was missed and left the score 12-0 at the end of the first period.

The Longhorns continued on their merry way in the second quarter as they scored two more touchdowns before intermission. The first one came after Tommy Latham pounced on a Steer miscue on the Longhorn 31. Seven plays later, the Longhorns had added six more points to their 12-0 lead. Gentry got the drive started as he raced through a hole big enough to drive a truck through and went 29 yards. Smith went for 11 more and Tounget and Gentry added 7

AD-LIB-BEN

The first crop had been bountiful in the new strange land; the perils of its wilderness, while still present, were no longer unknown. So the Pilgrims offered prayers of thanksgiving on the days of the feast — girded spiritually and materially against all dangers.

Today, we can all take a lesson from their example, for hasn't each of us some time during the past year overcome some "wilderness" in his life? Haven't we all harvested at least one bountiful crop, materially, spiritually or some other way?

Surely, there is no one living in this community who can say, "I have nothing to be thankful for." The mere fact that you live in this state and nation is enough.

Congratulations to Mayor Ernest Ivey on winning such a lovely piece of lingerie at the opening of Judy's Dress shop Friday. We can think of no one we would rather see have it.

what's what by whatley

I have been a widow two days this week as the head of the house took off for Possum Kingdom to go deer hunting and to do some fishing. He thought if his sight was bad and he couldn't see a deer, then the next best thing would be to try his luck fishing. I'll let you know next week what his catch was.

Tomorrow is Thanksgiving and I wonder how many of us will actually take time out and think of the many things we have to be thankful for. It's sad that we have taken the true meaning from this holiday and Christmas. The most important thing is that we have a traditional turkey dinner and maybe attend a football game. Let's really put the true meaning into it this year. We will have the opportunity to attend a combined community Thanksgiving service tonight.

Our town just keeps on growing. Within a period of two months, we have had two new businesses go in on Main Street. If we keep on, San Angelo will just be a suburb of Bronte.

Judy's Dress Shop certainly has made a wonderful improvement in the looks on Main Street and we welcome her and hope she has a prosperous business.

I told you last week that I went to Roscoe to give a book review. It was all done up in grand style and the cookies they served were very pretty and festive. Of course I'm recipe conscious but really I had thought these came from the bakery. When I inquired, I found the hostesses had made them as I got the recipe and have already trier them and I am passing it on to you. This time of year, we enjoy cookies more especially during the holiday season. My suggestion is that you double the recipe as it is small and there certainly are so good that you will

FAMILY GATHERING

Here from Reno, Nevada last week were Mr. and Mrs. C. E. Keeney, who were visiting his parents, Mr. and Mrs. J. L. Keeney. Other guests in the Keeney home were James Keeney of Alice and Mr. and Mrs. Jimmy Irwin of Rotan, a daughter of Mr. and Mrs. Keeney. It was the first time the group had been together in 10 years.

While the group was here they helped their parents celebrate their 46th wedding anniversary. Other guests who called were Mr. and Mrs. Barrett Mackey, Mr. and Mrs. J. D. Luttredd, Howard Brock and Miss Sarah Thomas. Films were shown of trips made by different members of the family to Alaska, Nevada, Wyoming and Old Mexico. Mr. and Mrs. Keeney received many nice gifts.

want to make a "bunch".

Thumb Press Cookies

Mix together:
1 egg yolk
¼ cup brown sugar
½ cup shortening (½ of this should be butter)
Add to this mixture:
1 cup sifted flour
¼ tsp. salt
Make out into 1 inch balls.
Crush 1 cup nuts until meal like or you may use corn flakes.
Beat 1 egg until stiff.
Dip each ball into egg white and roll in crumbs.
Place on greased cookie sheet.
Cook 5 minutes at 375 degrees.
Remove from stove and press your thumb in the center of each, making a well. Return to the stove and cook 8 minutes longer.
When cool, fill this sunken place with colored powdered sugar icing, jelly or candied fruit.

I have a post script this time. Several asked me about the recipe that was sent to me that I mentioned last week. This happened to have been sent in by a man and was on Romance. I just felt you wouldn't be interested.

Sheriff Points To Dec. 1st As Safe Driving Day

Sheriff Paul Good yesterday voiced the hope that "Coke County motorists and pedestrians make sure they're alive to enjoy December 25 by keeping alert December 1."

The Sheriff was directing attention to the County's observance of Safe Driving Day on December 1.

Sponsored nationwide by the President's Committee for Traffic Safety, S-D is the attempt to awaken every driver in Coke County and the U. S. to his opportunity and obligation to reduce traffic accidents through his own active caution and vigilance. The problem is as close to the driver and pedestrian as his two hands on the steering wheel or his two legs that carry him across the street.

"We know it can be done if each driver and pedestrian in Coke County admits and acts on his own responsibility. The challenge to everyone concerned is just this: not a single traffic accident for the 24 hours of December 1. And if a motorist can break a bad driving habit for one day, he can do it every day... just by paying year-around attention to correct driving procedures."

Concerning good driving habits, Sheriff Good suggested that every car owner become a defensive driver. "The defensive driver knows himself and his car to be ever exposed to 'enemies' like thoughtless motorists and pedestrians and unsafe traffic conditions. He makes allowances for these highway hotheads and street-corner sleepwalkers. In short, he escapes accidents by anticipating and outsmarting them."

The Sheriff suggested that Coke County drivers maintain a reasonable speed always within legal limits, obey all traffic regulations and try a little driving courtesy as a starter on S-D Day and every day. Pass only with plenty of room; never on hills or curves.

"Signaling to turn or stop isn't old fashioned," Sheriff Good continues, "It's smart... so is extra

alertness at intersections. Since darkness brings danger, slow down at sundown; keep far enough behind the car ahead to stop without the aid of its back bumper. And stay in line... don't weave."

Concerning pedestrians he said, "Stepping onto the road from between parked cars is as deathly a stunt as walking at night down the roadway without light-colored clothing or some discernible white object."

Last December 15, the first S-D Day, saw a reduced number of deaths, injuries and accidents, as against the National figure for that day in 1953. This year, score-keeping of fatalities in Coke County and across the country starts November 21, ten days before S-D Day, and will continue ten days afterwards. Published reports of the results will let the motorists know, state by state, county by county, how others behaved in preventing driving injuries and deaths just before and after S-D Day.

"Traffic accidents, nearly 10 million, brought death to more farm people last year than any other man-made killer," continued Sheriff Good. "At the present rate, one million people in cities and towns like Robert Lee and Bronte throughout the country will be killed in just 25 more years!"

Heart Disease Is Number One Killer in Texas

AUSTIN, November 17 — Heart disease is the number one killer in Texas and last year there were 20,191 deaths from diseases of the heart, said Dr. Henry A. Holle, Commissioner of Health.

What kind of heart have you? The periodic check-up with your physician will tell you. The tuberculosis survey in the state conducted by the Texas State Department of Health has brought to light many non-tuberculosis abnormalities, some of these have been heart conditions.

Three frequent types of heart trouble are: coronary heart disease, hypertensive heart disease, and rheumatic heart disease.

Coronary heart disease is the chief killer and is a disease of the arteries which supply the heart muscle itself with blood. A majority of persons survive the first attack, and with good medical care rest and common sense precautions, may even live a normal life span.

Another major cause of heart trouble is high blood pressure or hypertension. This is the most common heart disease of middle age. There is a great deal that is not known about this disease, but we do know that it is most common in people who are overweight, and that it is associated with long, continuous nervous strain, high tension and constant worry. Medical treatment of high blood pressure is fairly successful in many cases.

Rheumatic heart disease, the most common type of early life, occurs as the result of one or more attacks by the streptococcus germ. It is a public health problem for which more can be done in light of recent knowledge. Prophylactic use of penicillin when streptococcal infections are present will prevent heart involvement.

Syphilitic heart disease can be prevented by early and adequate care of the patient with syphilis. This problem has been simplified by the use of penicillin.

Research in the medical sciences is constantly improving the outlook for the cardiac patient, yet each individual must assume the responsibility for obtaining the benefits of this knowledge from his physician for himself and his family.

Most Explosive Scandal Since "Pa" Ferguson

The Texas land scandal might be the first multi-million dollar theft in history to be conceived as a piece of legislation that required the approval of the people, Craig Thompson observes in the current (November 12) issue of The Saturday Evening Post.

"And in this swindle," the nationally-known reporter continues, "the only victims are the taxpayers, including those whose votes made it possible."

Thompson's article, "Those Texas Scandals," says the case undoubtedly would set a precedent if Representative John J. Bell is convicted and faced with the question of whether he worked to get the law passed in order to set up this swindle.

The observation is made that the question may never be satisfactor-

ily answered, but the fact that it can be raised is seen as evidence that the land scandals stand unique among big swindles.

In the Post article, Thompson tells that Bell has testified that the land program was conceived and written by James Bascom Giles, commissioner of Texas' General Land Office, who was sentenced to prison for theft and bribery.

Bell, it is related, worked for the program's adoption, by referendum, as a constitutional amendment. Then, as a state senator, he sponsored the law necessary to make the amendment operative.

"But now that he is under indictment for sharing the profits of those who turned this veterans' benefit into unparalleled larceny," Thompson comments, "his motive has become suspect."

The magazine's comprehensive report on the land fraud tells the parts played by Roland K. Towery, the Cuero newsman who won

the Pulitzer prize, and Wiley L. Cheatham, DeWitt County Attorney and the whole incident is referred to as the most explosive scandal in Texas since the impeachment of James E. (Pa) Ferguson, in 1917.

Thompson reports that fixing the precise amount stolen will take a long time. However, the topmost estimate at the time of writing was \$10,102,001.

LETTERS TO THE EDITOR

The people of Bronte have something of which to be proud. The ball game Friday night is what I would like to mention. The Longhorns played a clean game from the kickoff until the end signal. I went to the dressing room after the game and was thrilled when one of the team members called all the boys to prayer, and a heart thriller prayer was offered. A prayer of thanksgiving, a prayer for the young man who was injured from Robert Lee, and also for the coaches of Bronte School. This is the first time in my ministry that I have seen such a football squad.

I believe we owe the coach three cheers for his leadership in that he has led his team in good sportsmanship, also in religious matters. Parents of these boys should be very thankful for the leadership they have in their schooling. I write these lines to let he residents know what they have in the sports field of our school.

LONGHORNS SLAUGHTER—

Continued from Page 1 more respectively. Bill Wrinkle wrapped up the drive by going 19 yards to score. Scott ran the extra point to give the Longhorns a 19-0 advantage.

With the hard charging line from Bronte doing their stuff, the Steers were forced to punt. Taking the kick on the Bronte 39, in 3 plays the Longhorns were leading by a score of 25-0. On the first play, the Longhorns tried a pass that fell incomplete. Again it was the big line that opened the hole for Gentry. This time, he went to the seven on a 59 yard gallop. Smith then hit the double stripe for the score. Scott ran the extra point to tally the score 26-0 at the end of the first half.

The second half opened with the Steers taking the kickoff on the Longhorn 46. They then drove to the 17 where the Longhorns put up a stout defense and pushed the Steers back to the 29. Taking over from there, the Longhorns drove to their fifth score in 9 plays. Gentry netted 8 while Smith carried for 13. Smith hit Tounget for 13 more to place the ball on the 32 in Steer territory. Scott tore out around end and went 32 yards to score. The try for extra point was missed to put the Longhorns out front by 32 points. The third stanza ended with neither team doing any serious damage.

The Steers racked up their only score early in the final period. The score was set up by an interception by Roland McArthur. Taking the ball on the 40, he carried it back to the 27 before being stopped. A running play netted three yards placing the ball on the 24. On the next play, Robbie Don Godwin went through the center to paydirt. The play netted 24 yards. The conversion try was missed on a running attempt. The

score: Bronte 32, Robert Lee 6. Receiving the kickoff on their 42, the Longhorns went 58 yards in 11 tries. Going on the ground all the way, the line would open holes for the backs to pick up short yardage on power plays. Gentry carried for 9, and Wrinkle and Simth combined to go 12 yards to the Steer 32. Wrinkle went 12 more to the 22 and a fifteen yard penalty placed the ball on the 7. Scott carried for 3 and Tounget went 2 to put the ball on the 2. Smith went over from there and the extra point try was missed to wrap up the scoring for the Longhorns. On the last play of the ball game, Martin Lee raced 36 yards before being brought down from behind just as the final whistle blew. Final score: Bronte 38, Champs 6.

Playing in their final game of their high school career were Pinkey Gentry, Leslie Caperton, Noel Scott, Johnny Smith, Martin Lee, Don Glenn, Bill Tounget, Bobby Webb, and Bobby Brock. All of these were standouts for the Longhorns this year.
