11 Days Left to Subscribe for Enterprise at Bargain Rates

Only 11 more days remain in this month, during which you can subscribe to The Bronte Enterprise for only \$1.50 if you live in Coke or adjoining counties. If you live out of this area, you may subscribe for only \$2 per year.

Subscription rates to The Enterprise will be increased from the regular \$2-local and \$2.50-away prices on Aug. 1. At that time the price will be \$2.50 in Coke and adjoining counties and \$3 elsewhere. Newsstand prices will also be increased to ten cents per copy.

AD-LIB-BEN

We're real happy this week to have back at The Enterprise office Mrs. Charlie Phillips, former employee of this ulcer producing institution. Erma Ruth has been good enough to come out from her home in San Angelo and help us out while Mrs. Whatley is on vacation. We're hoping she will be just as kind to us again next week. Her coffee is just as strong as Whatley's, so we're getting along fine with her.

Heard at the trial Saturday: We're going to have to vote a bond issue and build us a court room over here. Our addition: Yes, and with an air conditioned press box.

From the report of the equalization board, which is written about in a story on this page, we made a big mistake by voting down the tax rate increase last week. Something's going to have to be done about it if we are to continue operating a school such as we now have. And we feel that everyone would hate to see the quality of instruction lowered.

Oil company tax men have been critical of the tax valuation inequality in the district for some time, and apparently are determined to do something about it.

Our office has been besided by candidates the past week. They're most all interested in advertising in The Enterprise, and we're glad to have them. Just one more week and the races will be about over. Then we have something else to look forward to—the national Democratic and Republican conventions. We understand that both will be televised nationally and that should be both educational and entertaining. We've always received a big bang out of just listening to them on the radio, but to see the action as well as hear the hot air should be something to remember. Maybe we ought to close up shop and sit in front of our TVs during these two big deals. The Republican convention should be pretty well cut and died, but anything is likely to happen at the Democratic parley. Quite a few politicians are after the Democratic nomination—and we'll likely hear something like this quite a few times:

"Ladies and gentlemen, I give you that great statesman and patriot from Kalamazoo, and the next president of the United States, Senator Blah Blah Blah."

It should be a fine show.

marked up for a good while at the bargain rates during July, we will accept either one or two-year subscriptions for the next 11 days. No subscriptions for more than two years will be accepted.

You may take advantage of the bargain prices for new, renewal or extension subscriptions.

You are invited to come by The Enterprise office or drop your subscription check or money in the mail. If you live in one of the communities which has an Enterprise representative, you are invited to subscribe through her. At Blackwell, see Mrs. Charles Ragsdale; those who live at Tenynson may see Mrs. John Gaston or Mrs. W. T. Green; and Brookshire residents may see Mrs. Herbert Holland.

The management of The Enterprise regrets that an increase in price has become necessary. The increase during the past few years in costs of paper, materials, labor and other items far exceeds the percentage of increase which we are asking. We only hope to offset a portion of the increased costs.

Rash of Twins at Bronte Hospital

The Bronte Hospital has been operating for nine years and until last week only two sets of twins had been born in the local institution.

But that's just half the story. Last week two sets of twins were born only two days apart.

The first pair were twin boys born to Mr. and Mrs. Jose Menchacca on Wednesday, July 11. The couple are employed by Vernon Glenn. The little boys were born at 7:20 p.m. and weighed four pounds, 15 ounces and an even five pounds. They have been named Jose Antonio and Jorge Louis.

The other twins are the son and daughter of Mr. and Mrs. A. R. Bagwell of Robert Lee. They were born Friday, July 13, at 9:30 a.m. The little girl was the larger of the two, weighing five pounds, 14 ounces. Her brother tipped the scales at five pounds, 12 ounces. The Bagwell twins have been named Karen Alyne and Carl Allen.

Robert Lee Man Found Guilty at 'Horse' Trial

Arnold Samuelson of Robert Lee was found guilty of interfering with the duties of the Robert Lee poundkeeper in a trial here Saturday at the city hall, and was assessed the maximum penalty, a fine of \$100. More specifically, Samuelson was found guilty of taking his horse, Bozo, from the Robert Lee pound while the poundkeeper was gone to the picture show.

Immediately after the verdict, Samuelson announced that he would appeal the case to county court.

Samuelson acted as his own attorney in the case, which was prosecuted by County Attorney Frank C. Dickey, Jr., and presided over by C. E. Bruton, precinct 2 justice of the peace.

Samuelson based his defense on malicious prosecution, contending that he was brought to Bronte against his will and away from his

Rev. Jones is well known here. This will be the eighth time he has been in Bronte for a revival meeting at the local church. Noah Pruitt, Jr., will lead the singing.

Rev. R. W. Blackmon, pastor of the church, has issued a cordial invitation to everyone in this entire area to come and hear Rev. Jones.

Services will be held at 10 o'clock each morning, prayer services will be at 7:30 each evening and preaching services will begin at 8 o'clock.

Bronte to Host Men's Tournament

The American Softball Assn. Men's District 6 tournament will start in Bronte next Thursday, July 26. It will continue Friday and Saturday, July 27 and 28.

Any team is eligible for the double elimination tourney and entry fee is \$20, half of that amount for the tourney and the other half going into the state tourney pot.

The winner and runnerup of the meet will play in the state meet in Brownwood, Aug. 8-11. I. C. Oden is directing the tournament here next weekend.

Equalization Board Given Straight Dope On Tax Problems

Something is going to have to be done about the school tax situation in Bronte School District, according to members of the equalization board which met last Thursday with representatives from most oil companies operating in the district.

The board, composed of Sid Evans, chairman, W. H. Maxwell, Jr., secretary, and D. K. Glenn, reported that oil company representatives "laid the cards on the table" in regard to Bronte voters' action last week, which defeated the proposed increase in tax rate.

Mr. Glenn said that Reuben T. Conner, tax man for Humble Oil & Refining Co., told the board that valuations on oil properties would be lowered \$600,000 in this district this year. Another \$600,000 decrease is in prospect next year. This will result in a decrease of \$6,000 each year in revenue to the school district.

However, the oil men offered to raise their valuations ten per cent

above what they are now paying, if residents of the district would vote the 25-cent tax rate increase. Such a move on their part would amount to approximately \$75,000, and would be in effect only one year. Purpose of the offer, the board said, was to help the school get off to a good start in retiring bonds and to cushion the effect of the valuation decrease.

Mr. Conner is reported to have told the equalization board that taxpayers of this school district can take their choice of three alternatives in doing something about the tax situation:

1. They can vote the \$1.25 tax rate which was defeated last week.
2. They can have all property valuations in the district increased approximately 50 per cent and leave the rate at \$1.00.
3. They can try to borrow money to operate the school, and retire their bonded indebtedness.

Cause for the big decrease in valuation of oil property has been brought about by decrease of production in the Fort Chadbourne and Rawlings fields. Wells in these have not been producing as many days per month as the allowable calls for, and are failing sharply, it was reported.

"Dust or Destiny" to Be Topic of Youth Film

Another Youth for Christ program will be held tonight at the First Baptist Church. In addition to the regular program of singing and other activities by the young people, a moving picture, "Dust or Destiny," will be shown.

Rev. Douglas Brown, pastor of the church, said the picture is the most outstanding of the entire series, and he invited all young people in the community and surrounding area to attend.

LITTLE LEAGUERS SWIM

Members of Bronte's Little League baseball team enjoyed a swimming party and picnic at the Ballinger park Tuesday night. After their picnic, they went to see Roswell and Ballinger play baseball.

Fourteen boys and sponsors, Mr. and Mrs. I. C. Oden, Mr. and Mrs. T. F. Sims, Jr. and Ernest Ivey attended.

Rev. W. C. Craig Resigns As Pastor Of Local Church

According to plans made within the past few days by the District Superintendents, Rev. W. C. Craig is being transferred to Bloomington, near Victoria, where he will serve as pastor of the Methodist Church.

Bloomington is in the Corpus Christi Methodist district. Rev. Val L. Sherman is superintendent of the district and Rev. L. Eugene Harris is superintendent of this district.

Rev. and Mrs. Craig will leave today, July 20, to take up their new duties. Rev. Craig has been pastor here for the past two years and was recently appointed to serve a third year.

D. K. Glenn, who is on the pastoral relations committee for the church said Wednesday that his committee has met with Rev. Harris and discussed selection of a new pastor, but that no definite decision had been reached at that time. He said the superintendent had several prospects in mind for the Bronte pastor.

Mr. Glenn also said that so far as he knew, no church services would be held this coming Sunday.

Rev. Craig said that he had enjoyed working with the local Methodist church and issued the following statement for publication:

"Mrs. Craig and I want to express appreciation for all the good things that have come to us during our stay in Bronte. To all of our church folks first, and then to all the church people, and to the entire community, we say, 'Thanks for everything.' Truly Bronte has been very friendly; and that has made our work easier, as well as pleasant. Best wishes for everybody is our earnest wish."

Hello readers—here I am approximately 180 miles from Bronte riding the waves of Possum Kingdom Lake several times a day. I am getting plenty of the so called "fresh air" but I might add that it's "hot air." I know that you are not envying me one bit while you sit comfortably under your air-conditioner. We make it to the cabin quite often to park in the cool. Even though this is quite different from our every day way of life, we are enjoying it. I hope by next week I can send you back

Glenna Tubb and Ray Arnold Johnson Married At Home of Bride's Grandmother in Blackwell

By Mrs. Charles Ragsdale

Miss Glenna Charlene Tubb became the bride of Ray Arnold Johnson in a ceremony at Blackwell Saturday, July 14. Miss Tubb

a recipe for frying fish.

When I left Bronte, I felt a little guilty as we were just snowed under at the printin' office, with a magazine to put out and all the new subscriptions coming in, along with getting out the Friday paper. So I want to ask if you will cooperate and call the office and tell them if you had any company or went any place. This not only will help them, but will make a better paper.

I told Mr. O. before I left that I would not be a bit newsy this week as I have other things to do while I am gone besides thinking up a column. But I did read something recently that I felt you would enjoy and I think it's worth passing on. It's about the good old American dollar that we all like so well.

It said that there are two kinds of money and they are the soft and hard kind. The hard money being the kind you have to get and the soft money is the kind you have on hand to pay bills. It also told of a woman who wrote a very worried letter outlining her income and expenses and asking for advice on how to make \$350 a month take care of \$410 worth of bills. This writer said that he had had lots of experience doing this but he had never figured it out.

He pointed out that the only advice he could give about money is to quit using the stuff. He says, be a man, get out of the habit. Money has caused more quarrels, more heartaches, more broken homes than alcohol and women put together and many a young man has ruined his life by drifting into the money habit and finding his supply cut off.

You can take this for what it's worth. I still find myself liking the so called "stuff." And many times it come in quite handy.

I left a very good recipe to be run this week and I know that many of you have it, but it is very good, and it doesn't have quite the calories for these hot months that many pies have.

Texas Cream Pie

1 pkg. Knox unflavored gelatin
4 tbsp. cold water
2 cups sweet milk
½ cup sugar
2 tbsp. flour
3 eggs, separated
Cook milk in double boiler or over very low flame for 15 minutes. Mix flour and sugar, then add milk.

Beat egg yolks and add to this mixture and cook 2 minutes.

Add gelatin that has been soaked in the cold water. Set aside to cool.

When it begins to congeal, add the stiffly beaten egg whites to which ½ cup sugar and 1 tsp. vanilla has been added.

Pour into baked pie shell.

This may be topped with whipped cream, strawberries or served plain.

is the daughter of Mr. and Mrs. Melvin Tubb and Mr. Johnson is a son of Mr. and Mrs. O. A. Johnson. Both families live at Blackwell. The ceremony was performed in the home of the bride's grandmother, Mrs. Jettie Tubb, by the Rev. Douglas Gossett, pastor of the Methodist Church at Blackwell.

The bride, who was given in marriage by her father, wore a white faille suit with a boat neck. She wore a lapel watch which was worn by her grandmother at her wedding 50 years ago. She carried a gardenia on a white Bible. Her costume had a shoulder length veil.

Miss Gale Lewallen of Odessa, the maid of honor, wore a navy blue linen sheath dress, with a nosegay of blue carnations.

Troy Johnson of Sweetwater, a brother of the bridegroom, served as best man.

The home was decorated with a wrought iron arch of greenery and daisies. Traditional wedding music was played.

A reception was held in the home following the ceremony.

The couple are at home in Lubbock where Mr. Johnson is employed by Western Windmill Co.

Both Mr. and Mrs. Johnson are graduates of Blackwell High School and she attended Draughon's business school.

Mrs. Boyd Honoree at Post-Nuptial Gift Tea

By Mrs. Charles Ragsdale

A post-nuptial gift tea in the Baptist Church parlor honored Mrs. Ernest Boyd on Saturday afternoon, July 7. Mrs. Boyd was Miss Patsy Roland, daughter of Mr. and Mrs. B. R. Roland, before her recent marriage.

The tea table was laid with a white linen cloth, centered with a miniature bride and groom playing "Here Comes the Bride," and everyone sang the words as the bride entered.

Miss Billie Nell McRorey wrote and dedicated a song to the honoree. Mrs. Arnold McRorey and Mrs. Bill McRorey had charge of games.

Mrs. W. C. Shamblin told a story of a "Model T Honeymoon." Refreshments were served to 26 guests.

Miss Tubb Honored With Bridal Shower

By Mrs. Charles Ragsdale

A blue and white pre-nuptial gift tea in the Methodist Church parlor honored Miss Glenna Tubb last Thursday afternoon, July 12. Miss Tubb and Ray Johnson of Lubbock were married July 14.

The tea table was laid with a hand made crocheted cloth over blue linen. In the center was a blue epergne holding an arrangement of white daisies. Appointments were in silver and crystal.

Mrs. Ernest Eidson, aunt of the bride, ladled punch and Mrs. Josie Hipp, another aunt, served.

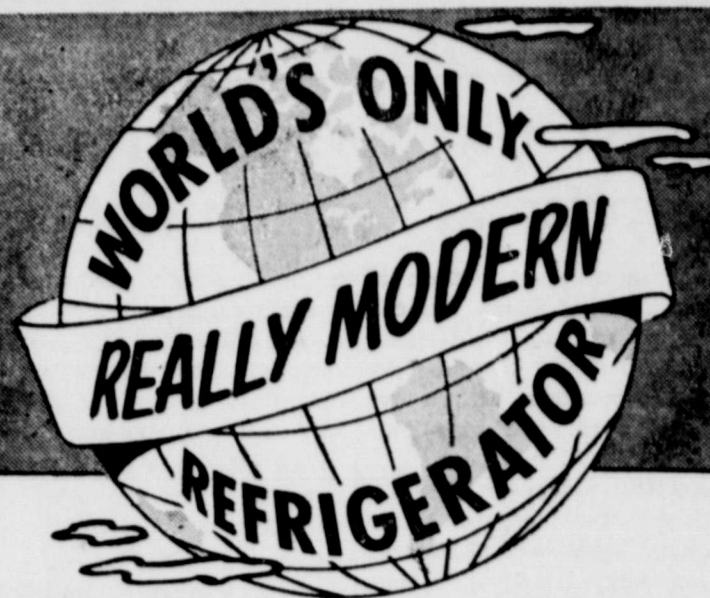

Rita McCarley, Betty Sweet, Karen King and Bonnie Sounders sang "What Will Be Will Be" and "The End of the Rainbow," accompanied by Mrs. B. R. McCarley.

Mrs. L. W. Sweet told the story of the bride and presented her with the pot of gold, which was full of gifts.

Thirty-two guests registered in the bride's book. Hostesses were Mmes. L. W. Sweet, B. R. McCar-

ley, J. B. Buckner, J. Roy Sanderson, R. V. Copeland, T. A. Carlisle, Marvin Lewallen, R. Q. Spence, Earl Cook, P. G. Dabney and Douglas Gossett.

A. J. BISHOP

A. J. Bishops Asks For Re-election as Representative

I am asking you, the residents of the 77th Legislative District, once more for the privilege of serving as your State Representative. I do this on the basis of having served you to the best of my ability in the past.

During the last two sessions I have tried sincerely to work for legislation that would benefit this district, West Texas, and the State, and to carry out all the duties of my office competently and fairly.

Most of you know me, but in order that those who do not know something of my background, here is a brief sketch:

I was born and reared in Runnels County and have lived here

all my life except for the two years during World War II when I was an infantryman in Europe, serving with the 42nd Division, and during the time I was in college. Upon receiving my discharge after the close of the war, I entered Texas Tech at Lubbock and received my degree in agriculture from there in 1950.

I have been farming actively since that time. This first hand knowledge has been valuable to me, I feel, in understanding the district's needs.

I am grateful for the support you have given me in the past and feel I am even better qualified now because of my experience in Austin. I will appreciate your checking my qualifications and record and your support in the July 28 election.

Rudder Lends Prestige to State Land Office Job

Earl Rudder, who has served as Land Commissioner since Jan-5, 1955, is seeking his first elective term in that office. Rudder's platform stresses two points: (1) Under his administration public confidence in the Veterans' Land Program has been restored; (2) The General Land Office is now operating under new and unprecedented efficiency.

Rudder took office shortly after veterans' land scandals first rocked the state.

He is a veteran himself—one of the country's greatest heroes of World War II. As a Ranger commander, Rudder on D-Day per-

sonally led his troop up the 100-foot-high cliffs of Normandy to destroy a German coastal battery. He was shot twice but accomplished his mission.

General Omar N. Bradley, commander of U. S. Ground Forces in Europe, recently wrote in his memoirs that the D-Day assignment he gave Rudder was the most difficult he had ever given any soldier in his entire military career.

Rudder was decorated for bravery in action seven times by three governments—the United States, France and Belgium.

Rudder, the only veteran in the race for Land Commissioner, has been commended for his work in the Land Office by the American Legion and the VFW.

The Bronte Enterprise

July 20, 1956

When Rudder became Commissioner, Land Office books and accounts were in many cases inconsistent. Rudder immediately requested a thorough audit of the Land Office, by the State Auditor, and further requested that a continuing audit be maintained. On the basis of audits already completed, the State has profited substantially in collections on overdue accounts, etc. And, Rudder says, as future audits are completed they will serve as guides for further businesslike operation of one of the State's most important agencies.

Rudder was born at Eden, in

West Texas. He attended John Tarleton and Texas A&M. He is 46 years old, married and the father of five children.

Explorer Scouts Attend Camp at Goodfellow Field

Explorer Scouts S. J. Rose, Bobby Hester, James Andrews and Richard Rees returned last Saturday from a six-day Explorer Scout encampment at Goodfellow Air Force Base at San Angelo.

The boys got a real taste of Air Force life while at the base. They toured all the installations and attended many classes which student officers and other personnel might attend. Such things as survival, communications, weather observation, instrument reading, altitude chamber, link trainers, base operations, parachute loft and the control tower were studied.

Highlight of the week came when the boys got to fly. They were taken up in either B-25 or C-47 airplanes.

All the boys commended the food served at the big base, and said that in spite of all the marching, military life wasn't so bad after all.

All the boys at the encampment said that they wouldn't miss next year's get together for anything. It will be held at the new Abilene Air Force Base, near Abilene.

Charles M. Henner Makes Statement In Race for State Representative

I am Dr. CHARLES MASON HENNER of Santa Anna, Coleman County, Texas, born and raised on the farm and ranch, the son of an old two pistol, rifle toting sheriff and a country school teacher. To a little boy, the marshal said, "Son, fear nothing but God." And a kindly school ma'am added, "Life to be most useful must be a constant learning and sharing." Now, at the age of 34, through five universities and colleges, and nearly four degrees later these abiding principles remain steadfast in a changing world.

DR. CHARLES MASON HENNER

Life is a constant challenge, shifting from one problem to another before the last one is fully solved or settled. Each of us sharing in the priceless privilege of a democracy and the heritage of free America must pay a price. It is our duty to bear our fair share of the burden of maintaining and improving this land of ours through civic responsibility and public office though at a certain inescapable cost to us in time, effort and money. Now as a busy physician and surgeon I am willing to lay aside my medical career and its many responsibilities to become for the time being a public servant. This is why I am seeking the two years office of Representative for the 77th District of Texas, representing the four counties of Coke, Coleman, Concho and Runnels, and why I am asking for your vote and influence in this forthcoming election.

I stand for prosperity and progress through planning and leadership. We are entering the greatest era of progress and prosperity America and the world has ever seen. We must prepare ourselves and our communities to take full advantage of all the opportunities it presents. Millions of people in other sections of the state and America have already begun to benefit from the new age. They are receiving higher wages, more leisure time off the job, paid vacations, health benefits, insurance compensation, retirement and pensions. They live in better homes, have better schools, teachers, job training, recreational facilities, more opportunity and more security. I ask the fair question, "How about us?"

The answer to this dynamic question is that to get these blessings many of our people, friends and relatives have had to leave this part of the country, not because our district in this wonderful state of ours is less valuable than the others, but because we have not used the resources at our

disposal to bring industries, scientific advances, progress and prosperity to our people and our land. We have stood by while more aggressive communities and leaders have corralled these forces and harnessed them to work for them.

In looking about us to the scores of cities that have added thousands of people, hundreds of industries, and pay rolls since 1950, in each instance with few exceptions, these towns and cities have no more water, no better climate, no greater resources and certainly no finer people than we have. In carefully analyzing these achievements, it is evident that their new prosperity, security, and opportunity is based upon the simple principles of planning and working together under skillful, competent and consecrated leaders to the end that all might share the blessings of a bountiful life in the place where they call Home.

We must all pull together for this common end. Our shoulders must be solidly put to the wheels of our pressing problems which are not single or few but multiple and complicated. Our skills, ingenuities and abilities must be harnessed to the task. As we work wholeheartedly together, the work of our hands, minds and efforts will bring us the much needed, longed for and hoped for prosperity, peace and progress. Instead of the slow mournful strains of hardship, lack of opportunity, and a vanishing people will come the militant tunes of a people of hope, courage, fortitude, faith and progress characteristic of our mighty ancestors who conquered this vast land and hung the colors of this mighty state on the ramparts of the world.

FIRST BAPTIST CHURCH

The problem today is not that we have too little, but that we do not give of what we have. Jesus said of the poor widow who gave two mites, "She has given more than all the rest." It is the faith of a mustard seed that moves mountains. It is the mustard seed that grows into a large tree in which the birds make their nest. Such is the Kingdom of God. "How Big Is 'Little'," is the sermon topic Sunday morning.

Sunday evening the pastor will begin a series of evangelistic services in the Ray Baptist Church. Topic that evening will be "The Church." — Douglas G. Brown, pastor.

GASOLINE

has the **HIGHEST OCTANE RATING** in Texas... *highest by far!*

Humble research provides the first gasoline specially made for cars with very high compression engines and cars that tend to ping or knock on "premium" gasoline.

This gasoline, Golden Esso Extra, has the highest octane rating in town—highest by far.

But octane rating is only one performance quality. In Golden Esso Extra this improvement paces other quality improvements that will assure you:

Quickest starting and warm-up; maximum power; fastest acceleration; increased

protection against vapor-lock; minimum engine deposits; and best gasoline mileage.

Golden Esso Extra is the world's finest automotive gasoline. Its performance rates it "premium over premium." If your car has a very high compression engine, if it tends to knock or ping on "premium" gasoline, use Golden Esso Extra.

You will save the extra cost through performance, operating economy, and added gasoline mileage. Dispensed from the golden pump under the Humble sign.

Pay only for the gasoline quality your car requires

PREMIUM over PREMIUM

Golden Esso Extra is first of three great Humble gasolines. It costs more to make, and those whose cars require its quality will profit by paying more for it. Others will not.

PREMIUM

Famous Esso Extra Gasoline is No. 1 in Texas, first in sales among "premium" gasolines because it's first in quality. Esso Extra gives peak performance to most cars with high compression engines. This famous gasoline will continue to be the quality leader in its field.

Aikin Pledges Continuance F-M Road Program

Continuance of the farm-to-market road program in Texas to keep pace with growing needs is being stressed by State Senator A. M. Aikin, Jr., of Paris in his campaign for Lieutenant Governor.

"It was my privilege several years ago to be a co-author and sponsor of a bill that set aside fifteen million dollars each year to be used exclusively in the con-

struction and maintenance of farm to market roads," recalls the veteran of 19 years in the Texas Senate and four years in the House.

"I sincerely feel that this has been one of the finest programs that has been adopted, and I know you will agree that it has done and is doing a lot of good for our people."

The co-author of the Gilmer-Aikin laws for public schools also feels that "our counties should receive some help financially from the state on purchase of right-of-way. The Commissioners Courts are being called on to furnish right-of-way for many projects, and it has grown to such proportions that some help must be forthcoming from some source. The burden is too heavy for the counties to carry alone. In many places the counties are being asked

to make available three hundred feet of right-of-way across the entire county, and they are just not able to do it. However, I want it strictly understood that the control and the securing of right-of-way shall be left in the hands of the Commissioners Courts."

PERSONALS

Mrs. F. S. Higginbotham returned last Thursday from a visit to Altus, Okla., where she visited her mother, Mrs. J. T. Hutchinson, and other relatives.

ROBERT LEE MAN—
Continued from Page 1
the stand. He testified that he made the arrest after the defendant was charged and the warrant issued.

Samuelson objected to the authority of both Robert Lee city officials and to Coke County officials, saying that neither group was legally in office. Again, the presiding judge ruled that such discussion had no bearing on the charge at hand. Samuelson made the statement at one time that all county officials of Coke County were illegally elected; therefore, were not legally holding their offices. He particularly challenged the authority of Dickey to represent the state in the trial.

Samuelson, who is 44 years of age, is in the house building business at Robert Lee. His trial was moved to Bronte by Justice of the Peace E. C. Davis, who disqualified himself to preside because he is employed by Mayor Ivey, who brought the charges against Samuelson.

The jury for the trial was com-

posed of Cecil Kemp, foreman, Jack D. Ivey, Mrs. Mildred McGuire, Weldon Roberts, Hollis Stevens and A. E. Bell, Jr.

A venire of 12 jurymen was called and questioned by Dickey. When Samuelson was asked if he wanted to ask them any questions, he answered that he liked the looks of all 12 and would like for all of them to serve on the jury. It was pointed out by the county attorney that such procedure was illegal and that only six would be allowed to serve.

Samuelson, during the course of the trial, made the statement that everybody in Coke County was on trial for good government in this county. He said that he could prove by court records that a cleanup in county politics is needed.

He requested that Judge Bruton subpoena some of the county officials and let him question them; also he requested that county records in Robert Lee be brought to Bronte, as he wanted to introduce them as evidence. The request was denied as not having any bearing on the charge.

Dickey, in his final argument, told the jury that, as he saw it, there could be no verdict except guilty. He said the only question the jury should have to decide was how much the defendant should be fined.

Mrs. Verna Allen visited her brother, Ben Palmer, and family at Menard Sunday.

Mr. and Mrs. A. J. McDaniel of San Angelo were weekend visitors in the home of her parents, Mr. and Mrs. G. D. Luckett. Mrs. Luckett accompanied them home for a two days visit.
