No. 30

First Democratic Primary To Be Held Saturday, July 28

Saturday is election day in Bronte and over Texas. The first Democratic Primary will be held tomorrow. Most interest in the election here is directed toward state races. No local races in which residents of Precincts 2 and 4 are eligible to vote are contested.

In the west side of the county, Commissioner J. W. Service of Precinct No. 1 has an opponent in Fern Havins. Commissioner Ed Hickman of Precinct No. 3 has Fred Ashworth as his opponent.

Commissioners Howard Brock of Precinct No. 2 and Claude Ditmore of Precinct No. 4 are not up for re-election, as they are holding four-year terms.

The governor's race is attracting widespread attention and is expected to draw a large crowd to the polls. The lieutenant governor's race is also hotly contested,

as is the post for attorney general. Closer to home, three candidates are seeking the position of representative of the 77th legislative district. They are A. J. Bishop of Winters, the incumbent, Dr. Charles Mason Henner of Santa Anna, and E. J. Grindstaff, Jr. of Ballinger.

Two men are seeking the post of district attorney of the 51st Judicial District. Both from San Angelo, they are the incumbent, Aubrey D. Stokes and the assistant district attorney, Justin A. Keever.

County Clerk J. L. Tinkler said Wednesday that 86 absentee ballots had been cast in the county. He said there are 1,296 paid poll taxes in the county.

D. K. Glenn will be election judge at Bronte. Other voting boxes on the east side of the county include Tennyson, Juniper, Ft. Chadbourne, Olga and Hayrick.

AD-LIB-BEN

(From Houston Chronicle)

Too many citizens are inclined to show distaste when the word "politics" is mentioned. They have the idea that politics is dirty and they, as clean and upright citizens, will have nothing to do with it.

Politics is only as dirty as the people permit it to be.

Webster defines politics as "the science and art of government." In practice, politics is government. The United States is a republic, governed by the elected representatives of the people. Ours is a government "of the people, by the people, for the people."

When citizens fail to participate in politics through the medium of the ballot box, they are leaving the field open to organized minorities acting as a political machine to capture elections.

Apathy and indifference by the voters breed abuses of the representative system. Apathetic citizens must share the blame when government becomes corrupt.

The apathy begins to make itself apparent when the time comes for citizens to qualify themselves as voters. Texas requires payment of a poll tax. Citizens may pay the \$1.75 tax from Oct. 1 through Jan. 31. Usually, only half of those eligible to qualify as voters pay their poll taxes.

The apathy shows itself again at the elections, when only a fraction of the qualified voters turn out to cast their ballots.

Many important elections here have been decided by a comparative handful of voters.

When voters are so apathetic, why should they be shocked by poor government or corrupt government?

You can't achieve integrity through legislation. Integrity in government is achieved by electing honest, capable persons to public office. An honest man will conduct his office honestly. A capable man will give his constituents the kind of government to which they are entitled.

The voter has a twofold responsibility. He should make a diligent effort to inform himself to the best of his ability on the background, qualifications and character of the candidates seeking

Sept. 4 Announced As Opening Date For School Term

Supt. Garland Black announced this week that Bronte Schools will commence Sept. 4. The announcement was made after the board of trustees met Tuesday night.

J. B. Mackey resigned from the school board. He has been serving as secretary of the school's governing body. Luther McCutchen who resides in the Humble Camp west of town, was selected to fill Mr. Mackey's place on the board. T. F. Sims, Jr. was named new secretary of the board. Mr. Mackey resigned because he is a director of First National Bank in Bronte, which is the school depository.

Mrs. Willie Mae Glenn was elected to teach in the Bronte School next year. She will serve as a special teacher and will be high school librarian. Mrs. Glenn is attending the University of Texas this summer, taking some special courses.

The Board reviewed several applications for the position as social science teacher, but withheld action because all applicants were not present.

Supt. Black announced that one of the old school buses has been sold to Houston Transportation Co. for \$450. The school now has only one old bus, a 1946 model.

Black said that school officials estimate that school will be out next spring on May 24. He said the date for registering students will be announced in the near future.

IDUS ENGLAND
Evangelist

Church of Christ Gospel Meeting Starts Tonight

A gospel meeting will begin today, July 27, at the Bronte Church of Christ. Idus England, former minister of the local church, will be the preacher at the meetings which will be concluded Aug. 5.

Owen Cosgrove, minister of the Bronte church, has issued an invitation to everyone in the entire area to attend the meetings. Services will be held each morning at 10 o'clock and each evening at 8 o'clock.

Mr. England who now serves as minister of a church at Muskogee, Okla., is well known to Bronte residents, having been minister of the church here for about a year.

Social Security To Be Explained To Coke Farmers

A meeting of the Coke County Farm Bureau will be held at Bronte at 7:30 p. m. Aug. 7. Purpose of the meeting is to explain social security for farmers to interested persons. All Farm Bureau members as well as others who are interested in the matter are invited to be present.

The meeting will be held at the agriculture building here. A representative of the Social Security Administration will be present to address the gathering and answer any questions which may be asked.

Mrs. C. E. Arrott, secretary of the Coke County Farm Bureau, said the meeting will also be a regular meeting of the board of directors.

Mr. and Mrs. Johnnie Dyer of San Angelo visited in the home of her parents, Mr. and Mrs. Earl Box, the first of the week.

Hollis Stevens Killed; Murder Is Charged

Hollis Stevens, 31, died Wednesday at 7 p. m. in Shannon hospital in San Angelo from a gunshot wound in the head. He was shot with a .25 caliber pistol Wednesday morning about 9:30 o'clock while sitting in a car parked in the alley behind the post office at Bronte.

Vernon Glenn, 26, was charged with murder in connection with the shooting. Aubrey Stokes, district attorney, filed charges after investigating the incident.

Funeral Services For Hollis Stevens Held Thursday

Funeral services for Hollis Edward Stevens, 31, were held at the Bronte Methodist Church Thursday at 4 p. m. He died Wednesday at 7 p. m. as the result of gunshot wounds received Wednesday morning.

Rev. W. E. Chandler of San Angelo, former Baptist pastor at Tennyson, and Rev. R. W. Blackmon, pastor of the Kickapoo Baptist Church, were in charge of the services. Burial followed in Fairview Cemetery at Bronte.

Mr. Stevens was born June 18, 1925, at Sweetwater. He was married April 24, 1944, at Mertzon to Miss Mary Ruth McQueen. He graduated from Bronte High School in 1943. A veteran of two years and two months Army service, he served two years overseas during World War II. Mr. Stevens had been employed by the Texas Highway Department for the past nine years. At the time of his death, he was in charge of the highway maintenance crew for Coke County.

Survivors include his wife; a daughter, Barbara, age 6; his parents, Mr. and Mrs. Ed Stevens of Wingate; a sister, Mrs. Ruth Olsen of Odessa; a brother, Douglas Ray Stevens of Bronte; and his grandmother, Mrs. H. Langford of Sweetwater.

Pallbearers were C. N. Webb, R. S. Walton, George A. Braswell, Paul McGuire, W. H. Maxwell, Jr., A. E. Bell, Jr. and Juney Webb, all of Bronte, and Jim Morrow of Nolan.

Employees of the Highway Department at Bronte, Ballinger, and San Angelo were honorary pallbearers. The Masonic Lodge of Bronte was in charge of graveside rites.

Clift Funeral Home was in charge of funeral arrangements.

Stokes related the following details leading up to the shooting:

Deputy Sheriff Frank Keesee, Glenn and Stevens were sitting in the deputy's car behind the post office discussing some trouble which Stevens and Glenn were having. The two men asked Keesee to leave the car, as they wanted to talk over the matter alone. Keesee stepped out of the car and a short distance away, when he heard a shot fired. He got back to the car just as soon as possible and grabbed the gun, when another shot was fired, which shattered the ring finger of Keesee's right hand. Keesee took Glenn into custody and called a doctor and ambulance for Stevens. Sheriff Paul Good was also called and came to take the accused man to Robert Lee.

Stevens was taken to the Bronte Hospital and his condition was described as critical from the time he arrived until he was transferred to San Angelo about 3 p. m. Dr. Ralph Munslow, neurosurgeon of San Antonio, was called and flew to San Angelo, but attempts to save Stevens' life were unsuccessful.

Glenn was freed Wednesday afternoon after making \$3,000 bond. The amount was raised to \$5,000 when the charge was changed. Stokes said witnesses have been subpoenaed for Aug. 6, when the case will come before a grand jury. Carl Runge of San Angelo has been retained as attorney for Glenn. In a story in Thursday's Standard-Times, he was quoted as saying, "It was an unfortunate affair. He had no choice. He shot in self defense."

Glenn has been employed at the Bronte post office for the past several months, and was in charge of the office at the time of the shooting. Acting postmaster, Mrs. Mary Ruth Stevens, wife of the dead man, was in a San Angelo hospital at the time of the shooting. Her case was diagnosed as a nervous breakdown. She was released from the hospital and returned to Bronte Thursday morning.

The shooting was investigated by Stokes, Good, Keesee and Tom Green County Deputy Sheriff B. J. Dooley.

Mrs. Youngblood Injured While on Trip to Mexico

Mrs. L. T. Youngblood was seriously injured late last week while on vacation in Mexico City. Mr. and Mrs. Youngblood and Mr. and Mrs. H. C. Grafa were nearing the end of their three weeks tour of Mexico when the accident occurred. Mrs. Youngblood fell while in their hotel there.

She was brought by Pullman to Laredo where an ambulance brought her on to Bronte Hospital Sunday night. She was transferred to a San Angelo hospital Tuesday for further treatment of back injuries. Relatives said she would remain in San Angelo for about a week and then will be transferred back to Bronte hospital for several weeks.

Subscription Price Going Up

Subscription prices to The Bronte Enterprise will be advanced fifty cents Aug. 1. Local subscriptions will be \$2.50 and those from readers who live outside of Coke and adjoining counties will be \$3.00.

However, subscribers can save \$1.00 off the advanced rate by paying their subscriptions before Aug. 1. Until Tuesday subscriptions will be taken for \$1.50 in Coke and adjoining counties and for \$2.00 elsewhere.

At the time subscription prices are increased, newsstand prices on single copies of the paper will be

increased to 10 cents.

In order for subscribers to take advantage of the bargain rate during July and get their subscriptions marked up for some time, two year subscriptions will be accepted at the \$1.50 and \$2.00 rates. Subscriptions for more than two years will not be accepted.

If you live in one of the communities in which an Enterprise representative lives, you are invited to contact them and subscribe to the paper. In Blackwell, see Mrs. Charles Ragsdale; in Tennyson, see Mrs. John Gaston or Mrs. W. T. Green; and in the

Brookshire community, see Mrs. Herbert Holland. Others are invited to come by The Enterprise office or mail in their subscriptions.

The bargain rate may be used for new, renewal, or extension subscriptions.

The raise in rates has been made necessary because of the increase in production costs. Labor, paper and other materials have increased a large percentage during the last few years, whereas The Enterprise has not raised subscription prices in more than ten years.

what's what by whatley

It's wonderful to get the home town paper when you have been away just one short week. The Bronte Enterprise was brought to me while I was enjoying myself in a big canasta game early one morning at Possum Kingdom Lake. I turned the cards over to someone else to get to read all the news.

I never dreamed it would be over four pages with me gone, but to my surprise, when I opened it up, there were ten.

Well, thanks to all the candi-

dates and Mrs. Phillips. I must put in a personal note to Erma Ruth and tell her not to make her coffee too good or be too efficient, such as getting the cash book to balance every day, et cetera. Because if you are, Mr. O. might get some bad ideas about me.

Our trip has been super, but we will be in real soon, as time and money are playing out. Even two short weeks when you are away, so many things can happen, such as losing your preacher, also a good family moving from town, and it kinda read like the people pulled a "boo-boo" when they voted down the tax rate increase.

I wanted so badly to send you a recipe on fried fish this week, but I'll have to admit that we fed them everything possible, but they either were asleep, didn't like our food, or were all caught up.

The boat riding was fun and some of our crew even did some water skiing. I was tempted to try but when I thought of some of the water being 80 feet deep, I felt more comfortable in the boat.

Now for the recipe. Just in case I didn't get any fish, I left a recipe typed on a yellow sheet of paper hanging on the hook, and it read like this:

This week I am going to bring you another very outstanding refrigerator pie. Nothing takes the family's eye as does a good cool dessert these hot days.

Refrigerator Peach Pie

1 envelope of unflavored gelatin
¼ cup cold water
1 No. 2½ can sliced peaches
½ cup sugar
¼ tsp. salt
1 tbsp. flour
2 tbsps. lemon juice
½ tsp. lemon rind
1 cup evaporated milk, chilled
Soften the gelatin in cold water. Drain the peaches and add 1¼ cup of the syrup to the mixture of sugar, salt and flour. Cook until mixture thickens, stirring constantly. Remove from heat, add gelatin, lemon juice and rind. Chill until this thickens and beat until fluffy.

Whip the milk until thick. Fold gelatin mixture and then the peaches into the whipped milk. Turn into a crumb crust and chill until firm.

Blackwell Scouts Swimming School To Be Conducted

By Mrs. Charles Ragsdale

Blackwell Scouts, Cubs and Brownies have had a swimming school, concluded last Monday. The Friday evening program was "rained out" and rescheduled for Monday.

The program included a swim-

ming session, an instructor rescue demonstration, safety-first talk and other aquatic events in line with the theme "Regatta." Following was a sandwich supper.

Concluding the Monday evening program was the presentation of awards. Leslie and Wesley Morris, Deveral Clem and Terry Oden received elective awards. John Chew received his Bobcat badge last month.

The August Cub Scout pack meeting will be held August 23. Theme for August is Cub Scout Field Day.

Blackwell now has more than fifty young people participating in the Scouting program. They are sponsored by Blackwell Lions.

Committeemen in charge are Walter King, Earl Cook, and Walter Stapp. Carlos Kinard is the scoutmaster. Douglas Gossett, the Methodist pastor, serves as Cubmaster and Mrs. George Stoepler is Brownie Leader. Den mothers for the cubs are Messrs. Carruthers, J. W. Saunders and Gossett.

Mr. Norris, Western District, Chisholm Trail Council, Scout executive, arranged the swimming school after the Blackwell Scouts decided in favor of it. Gayle Reams, Sweetwater Explorer Scout served as chief swimming instructor. Other Sweetwater Scouts serving as instructors were John Gesin, Mike Thompson, J. O. Norred, Lowell "Rocky" Brooks, Norman Holman and M. A. Norred. The boys camped near the Lakekeepers house during the week.

Preparations for the camp were made Saturday July 14 and a swimming area roped off. 104 scouts, adults and instructors registered. Insurance covered 80 of those registered. Safety methods were observed.

Mr. and Mrs. C. M. Whitaker attended the funeral of his cousin, Bob Whitaker, at Ft. Worth last week.

Johnny Barnes and Gaylon Thorn are ill in the Bronte Hospital.

Mrs. Clint Watts is ill in the Young Clinic in Sweetwater.

Rev. and Mrs. Douglas Gossett have had as their guest their aunt, Mrs. Bonnie McMahon, of Post.

Mr. and Mrs. Jodie Van Zandt have as their guests his sister and brother-in-law, Mr. and Mrs. Jack McDaniels of Chillicothe.

Mr. and Mrs. Tom V. Copeland of Snyder spent the weekend with his parents, Mr. and Mrs. R. V. Copeland.

Rev. and Mrs. Douglas Gossett and children are visiting relatives in Post, Lubbock and other parts of the Plains area.

Mrs. Irene McCoy had the misfortune to fall at her home this week. Her left arm was injured but not broken.

Mrs. Ruth Hargrove of Douglas, Ariz., is visiting relatives in Blackwell and Bronte.

Mr. and Mrs. G. J. Lilly and sons of Spearman have been visiting Mr. and Mrs. O. M. Ratliff.

Mrs. B. N. Walls has been to Milford, Okla., to be with her son, Clovin Walls, who was injured when thrown from a horse.

Word has been received of the death of Lloyd Harris of Green Tree, N. Mex. He was killed when a tree fell on him while working in a lumber camp. Lloyd is a brother of B. O. Harris, formerly of Blackwell.

NOTICE TO CONTRACTORS

Sealed proposals addressed to the Honorable Jeff Dean, County Judge, Coke County, Texas, will be received until 2:00 P. M. August 13, 1956, for furnishing all necessary materials, machinery, equipment, superintendence and labor for the construction of two (2) outdoor swimming pools, bath houses and filter plants complete, including plumbing and electrical work and the necessary piping and equipment for complete water recirculation and purification system according to plans and specifications. Also the following: A concrete block Community Building in Robert Lee, a concrete block Caretakers House in Bronte, complete with all mechanical and electrical work; sidewalks and fences.

Bidders must submit a cashier's or certified check issued by a bank satisfactory to the Owner, or a proposal bond from a reliable surety company payable without recourse to the order of Jeff Dean, County Judge of Coke County, Texas, in the amount of not less than five percent (5%) of the largest bid submitted as a guarantee that the bidder will enter into a contract and execute bond and guarantee in forms provided within ten (10) days after written notice of award of contract to him. Bids without the required check or bond will not be considered.

All lump sum prices must be stated in both script and figures. The owner reserves the right to reject any or all bids and to waive formalities and make the award to the concern they feel most qualified and suited at that time to install their project.

Information for bidders, proposal forms, specifications, and plans are on file at the office of W. W. Greif & Associates, 1713 - 25th Street, Snyder, Texas, and at the County Courthouse in Robert Lee, Texas.

Copies of the Plans and Specifications may be secured from W. W. Greif & Associates in Snyder, Texas upon deposit of \$25.00 as a guarantee of the safe return of the plans and specifications. The full amount of the deposit will be returned to the Contractor on submission of a bona fide bid on the work, with such plans and specifications; or upon returning the plans and specifications immediately after examination of same, and advising the Engineer that bid will not be submitted; otherwise, the deposit will be forfeited.

ON ALL STAR TEAM

Marlon McCutchen, son of Mr. and Mrs. Luther McCutchen, returns this weekend to his duties at the U. S. Naval Air Station, Whidbey Island, Oak Harbor, Washington after a leave here with home folks. While here Marlon received word that he had been selected on an all-star softball team, the "All-Opponent" team, at the big station. The selections were made at the end of the first half of the Intermural softball

League and was announced in the station newspaper "Prop-Wash. He was the only member of his team represented in the all-star group.

Visiting in the home of Mr. and Mrs. John Weldon Johnson and family of Ballinger the past week was Mr. Johnson's cousin, Francis Johnson. While she was there, she also spent a few days with her uncle and aunt, Mr. and Mrs. W. F. (Bill) Johnson.

TWO CHAMPIONS OF THE ROAD...
both Chevrolets!

To the eye, the new Corvette and the new Chevrolet are far different. But these two champions have one superb quality in common—both were born to cling to the road as though they were part of it!

Chevrolet's astonishing roadability is a big reason why it's America's short track stock car racing champion. It can and does out-run and out-handle cars with 100 more horsepower. When you wed rock-solid stability to superb engines such as the 225-h.p. V8 that flashed the Corvette to a new American sports car record—then you get a real championship combination. BROOKSHIRE BROWSINGS

By Mrs. Herbert Holland

Mr. and Mrs. Dean Thomas and son left last week for their home in Sonora after spending their two weeks vacation here with Mr. and Mrs. Franklin Thomas.

Visiting Mr. and Mrs. T. G. Gleghorn last Wednesday night were Mr. and Mrs. Woodie Gleghorn of Ballinger, Mr. and Mrs. Doyle Gleghorn and Ollie of Miles. Gary Gleghorn had been visiting his grandparents and returned home with his parents.

Mr. and Mrs. Herbert Holland visited the James Hollands in Big Spring Friday and Saturday. Tony Holland returned with them and stayed until Sunday night.

Mr. and Mrs. Willie McNutt of

Miles visited Mr. and Mrs. Jim Clark Monday night.

Mr. and Mrs. Johnnie Brown, Mary and Loyd Lynn of Norton, Kans., visited the Charlie Brown family during the weekend. They went to Fort Worth Monday to visit Mr. and Mrs. Arla Van Holden. Mrs. Sudie Brown of Tennyson accompanied them.

Members of the Baptist Church decided Sunday night to buy tile and cover the floor of the church.

Visiting the J. C. Boatrights Thursday and Friday were Jimmy and Timmy Arrott of Tennyson. Other visitors in the Boatright home last weekend were Bill Tounget of Christoval, Mr. and Mrs. Lonnie Hester and Gary of Winters and Mr. and Mrs. C. H. Hester and Luther of Bronte. Sunday afternoon they visited their daughter, Mrs. J. B. Arrott, who is in a San Angelo hospital.

Charles M. Henner Makes Statement In Race for State Representative

I am Dr. CHARLES MASON HENNER of Santa Anna, Coleman County, Texas, born and raised on the farm and ranch, the son of an old two pistol, rifle toting sheriff and a country school teacher. To a little boy, the marshal said, "Son, fear nothing but God." And a kindly school ma'am added, "Life to be most useful must be a constant learning and sharing." Now, at the age of 34, through five universities and colleges, and nearly four degrees later these abiding principles remain steadfast in a changing world.

DR. CHARLES MASON HENNER

Life is a constant challenge, shifting from one problem to another before the last one is fully solved or settled. Each of us sharing in the priceless privilege of a democracy and the heritage of free America must pay a price. It is our duty to bear our fair share of the burden of maintaining and improving this land of ours through civic responsibility and public office though at a certain inescapable cost to us in time, effort and money. Now as a busy physician and surgeon I am willing to lay aside my medical career and its many responsibilities to become for the time being a public servant. This is why I am seeking the two years office of Representative for the 77th District of Texas, representing the four counties of Coke, Coleman, Concho and Runnels, and why I am asking for your vote and influence in this forthcoming election.

I stand for prosperity and progress through planning and leadership. We are entering the greatest era of progress and prosperity America and the world has ever seen. We must prepare ourselves and our communities to take full advantage of all the opportunities it presents. Millions of people in other sections of the state and America have already begun to benefit from the new age. They are receiving higher wages, more leisure time off the job, paid vacations, health benefits, insurance compensation, retirement and pensions. They live in better homes, have better schools, teachers, job training, recreational facilities, more opportunity and more security. I ask the fair question, "How about us?"

The answer to this dynamic question is that to get these blessings many of our people, friends and relatives have had to leave this part of the country, not because our district in this wonderful state of ours is less valuable than the others, but because we have not used the resources at our

disposal to bring industries, scientific advances, progress and prosperity to our people and our land. We have stood by while more aggressive communities and leaders have corralled these forces and harnessed them to work for them. In looking about us to the scores of cities that have added thousands of people, hundreds of industries, and pay rolls since 1950, in each instance with few exceptions, these towns and cities have no more water, no better climate, no greater resources and certainly no finer people than we have. In carefully analyzing these achievements, it is evident that their new prosperity, security, and opportunity is based up on the simple principles of planning and working together under skillful, competent and consecrated leaders to the end that all might share the blessings of a bountiful life in the place where they call Home.

We must all pull together for this common end. Our shoulders must be solidly put to the wheels of our pressing problems which are not single or few but multiple and complicated. Our skills, ingenuities and abilities must be harnessed to the task. As we work wholeheartedly together, the work of our hands, minds and efforts will bring us the much needed, longed for and hoped for prosperity, peace and progress. Instead of the slow mournful strains of hardship, lack of opportunity, and a vanishing people will come the militant tunes of a people of hope, courage, fortitude, faith and progress characteristic of our mighty ancestors who conquered this vast land and hung the colors of this mighty state on the ramparts of the world.

Houston Church Has Large Growth Under Bill Pugh

From a membership of six families to 141 members is the record of the West 34th St. Church of Christ in Houston during the past year. Bill Pugh, former minister here, is minister of the church.

Mr. Pugh, who lived here about a year, is well known to Bronte

residents. Under his leadership the church has made the outstanding growth.

In 1949 the congregation was established in an old auditorium. It has recently been enlarged to seat 300 persons. Also, two new classrooms and a baptistry have been added. The work was done by members of the church. Present Sunday school attendance is about 300 persons.

In addition to Bronte Mr. Pugh has served as minister of Churches of Christ at Fisk, Stafford and Peraland. He attended college at ACC in Abilene.

Dear Sir:

Please renew my subscription for two years to The Bronte Enterprise. Enclosed is a \$4.00 check.

I can hardly wait for Monday of each week, as that's when I get The Enterprise. I always read the Brookshire Browsings first, as I lived there over 20 years.

I enjoy reading Mrs. Whatley's daughter's letters telling about Germany. In fact, I read all the paper. So please keep The Enterprise coming. Thanks a lot.

**John W. Walls,
Former Resident,
Dies in Oklahoma**

A letter to The Enterprise this week told of the death of John W. Walls, 73, who died enroute to a hospital in Oklahoma City on July 9.

Mr. Walls was a former resident of Bronte, having operated a shoe and boot shop here for a number of years. He moved to Oklahoma City in 1944.

Mr. Walls had been in ill health since 23 years ago when he suffered a stroke. He had been bedfast since May 1, 1955. He developed pneumonia a week before his death.

A native of Mississippi, Mr. Walls was born Feb. 24, 1883, and came to Texas in his early life. In December, 1914, he married Miss Annie Exum of Tahoka. The couple had four daughters.

Funeral services were held in Garrison Funeral Chapel in Oklahoma City and burial was in Rose Hill Cemetery there.

Survivors include his wife and three daughters, Mrs. Myrtle Saunders of La Mesa, Calif., Mrs. Esther Taylor of National City, Calif., and Mrs. Mary Qualls of Oklahoma City. One daughter, Geneva Qualls, preceded him in death.

**Softball Tourney
To Be Held Here
This Weekend**

A district men's softball tournament will be held at Bronte this weekend. Play will be at the softball field adjacent to the football field.

Bronte goes up against Smith Drive Inn team at 8:30 Friday night. First game of the tournament will be Texas Grill against Salvato Drug. It will be at 7:30 Friday night.

The losers of these two games will meet at 5:30 Saturday afternoon and the two winners will play at 6:45. There will be four games Saturday afternoon and Saturday night.

Bronte lost a good game to the Abilene "A" Monday night, 5 to 1. Abilene has one of the strongest teams in the state this year, but Bronte was able to hold on to a 1-0 lead for three innings.

The softball season will close out here next week, with the women's team playing the Pony League team and the Little Girls playing the Little Leaguers. These games will be played Thursday night of next week.

If Bronte men's team is able to cop one of the top spots in the tournament here next week, they will be invited to go to Brownwood and play in the state meet during the latter part of August.

public office. He should inform himself on the merits and demerits of the issues to be voted on.

Then the citizen should go to his polling place and cast an intelligent vote. Casting an intelligent vote does not necessarily mean that the citizen votes for any one faction.

It means that he has informed himself well as to each candidate and issue, and votes according to his convictions for honest and capable candidates who hold views nearest his own.

Too many voters are prone to select candidates on the basis of prejudice or propaganda. Emotional votes are highly susceptible to deception by a demagogue. Reason, not emotion, should be the controlling factor in a voters decisions.

It is the civic duty for each citizen to inform himself on candidates and issues, then vote.

**RALPH W.
YARBOROUGH
for
GOVERNOR**

Who would have been elected Governor in 1954 if the insurance company frauds and veterans land scandals had been uncovered a few weeks sooner?

Ralph Yarborough had an inkling that things were starting to smell bad at Austin, but the truth didn't get out until after the election. Yarborough also pointed out in his campaign that it was dangerous to keep the same man in the governor's office for nearly eight years.

Now Judge Yarborough is a candidate again and lots of folks who voted against him two years ago, are backing him now because they found out he was right all along.

Yarborough was a favorite in Coke County in the first primary in 1954 when he polled 542 votes compared with 509 for Shivers. However, in the runoff certain forces got busy. Voters were put under pressure to change their support to Shivers and he defeated Yarborough by 582 votes to 421 in Coke County. Will these same forces now admit they were wrong in 1954 and give Mr. Yarborough the support he earned and deserves? They are doing so all over the state.

Yarborough's Platform

The League of Women Voters, through its Dallas chapter, has released the answers to questionnaires sent to candidates for governor:

They were asked: "What are the three major problems facing Texas today, and what solutions do you recommend?"

Ralph Yarborough replied:

1. "Corruption in office. My platform calls for a lobby registration law with teeth in it, and adequate pay for legislators—to make it possible for representative government to be truly representative of the wishes and needs of our people, not representative of narrow, selfish special interest groups."

2. "Water and soil conservation and drouth relief. I propose the building of dams on Texas streams to be paid for by self-liquidating revenue (as opposed to tax) bonds—after the fashion of the enormously successful Lower Colorado River Authority of which I was an original director."

3. "Texas state humanitarian services. My platform calls for a \$30-a-month increase in old age pensions; expansion of public health and hospitalization programs; restoration of the community services division of the youth development council."

White Favors Protection For Farm Industry

Ne w legislation to provide greater protection for the Texas farm industry is being planned by Agriculture Commissioner John C. White.

Commissioner White is conducting a series of conferences with farmers and agricultural industry-men over the state, mapping out proposals for submission to the Texas Legislature next year.

"My purpose is to let the farmers set up their own future goals and outline their needs," White said. "The Department of Agriculture will inaugurate programs on a self-supporting basis, eliminating the need for additional tax

money from the state."

A major part of Commissioner White's departmental expenses are self-provided by fees for services rendered.

"This is the only practical way to adequately cover the increased demand for new services to agriculture in the state," White said.

Pastures Are Foundation Of Civilization

It has been said, "Pastures feed mankind; they are the bedrock of civilization; and cows are the foster mothers of the human race." This statement has much truth in it for the farmers and ranchers in the Coke County Soil Conservation District. Many dis-

trict cooperators are realizing that a good manager can contribute more to keep grassland productive than any other influence. Sound grazing management may confer as valuable a boon on animal production as do the different breeds of animals. Grazing animals will kill out the best plants unless more of them are available than the livestock can eat. That is why continued caution on the part of the manager is essential. The instinct of grazing animals do not cause them to save part of the summer's forage growth for the winter. They follow a primal urge to stuff themselves during the lush period in order to store fat on their bodies to use during winter feed shortage and other hardships. Animals select the most palatable plants and eat them to the exclusion of others. With such persistent grazing these plants either die or become so depleted

they fail to yield much. Plants that survive heavy grazing are usually the least productive and sometimes the least drought resistant.

Many ranchers in the Coke District are following several economic safeguards to prevent livestock from killing vegetation, the source of their food. One sound safeguard is keeping the numbers of livestock in line with the forage production. Another is shifting animals to other grazing grounds, feed lots or market centers before the plants are more seriously hurt and valuable gains lost. There is now in the district approximately 85,000 acres of rangeland under a deferred grazing plan. Some reductions in livestock have been necessary, also some superior plants have already died, but enough remains on most of this 85,000 acres to restock the range when favorable conditions prevail. Only where drought converged with heavy grazing have all the superior types of vegetation been killed completely.

Former Kansas Senator John J. Ingalls presented the viewpoint of the meat-eaters in his emphatic style when he wrote, "What a man, a community, a nation cannot do, think, suffer, imagine or achieve depends upon what he eats. Bran-eaters and vegetarians are not the kings of men. Rice and potatoes are the diet of slaves. The races that live on beef rule the world; and the better the beef the greater the deeds they have done."

There are many deeds that can be done in the Coke County Soil Conservation District toward better plant, soil and water conservation. Contact your local soil conservation office.

Smith Here In Campaign For State Job

John Lee Smith of Lubbock, candidate for Lieutenant Governor, was a Coke County visitor Friday. He said most of his campaigning this year was devoted to meeting voters and calling on the newspaper folks.

A former Lieutenant Governor, 1943-47, and a one time state senator, Smith is now a practicing attorney at Lubbock. He is expecting strong support in West Texas.

The Lubbock man believes honesty in government is perhaps the main issue in this year's election.

Smith himself is running on a platform of "full payment of old age pensions and support of the farm-to-market program," improvement of mental hospitals, a water conservation program administered by local authorities, strict enforcement of insurance laws, economy in state government and opposition to integration of the races in the public schools.

New Recovery Method Slated In Bronte Area

A new secondary recovery method, expected to out perform any in general use today, is slated for field testing soon, The Oil & Gas Journal reports in its July 16 issue.

The technique which calls for injecting rich casing-head gas to effect a condensing gas drive, will get its first full-scale test in Bronte Field, west of Bronte. The process is an outgrowth of intensive laboratory work by Humble Oil & Refining Co.

According to the Journal report, casing-head gas from four oil zones will be reinjected into Bronte's Goen and Cambrian oil pays. Any gas needed on top of this volume will come from the Bronte Gardner horizon, a gas-producing zone.

Humble research indicates that the condensing gas drive will recover about 50 per cent more oil from the two pays than would a water flood. Added recovery is expected to be about 4,500,000 barrels more than for a water flood, and roughly 13,500,000 barrels more than could be produced under primary methods.

The Texas Railroad Commission is now considering an application by Bronte operators to unitize the Palo Pinto, Capps, Goen, Gardner and Cambrian pay zones in the field. The Journal says the commission is virtually certain to approve the unit, and, along with it, the revolutionary secondary-recovery project proposed by Humble, as unit operator.

It appears that the condensing gas drive method of producing a secondary crop of oil, if it proves out at Bronte, may have a fairly

wide application, though not nearly so wide as water flooding, the Journal says. An undersaturated reservoir is a necessity. Probably the biggest drawback to it use in many otherwise qualified pools would be the lack of a large enough source of rich-enough gas. Humble doesn't rule out the possibility, however, that relatively dry gas could be souped up with light liquids.
