Classes to Start at Bronte School Tuesday Morning

AD-LIB-BEN

We missed a big story here a couple of weeks ago. It was so close to home we couldn't see the forest for the trees; isn't that what one is supposed to say when he can't see what's going on in his own backyard?

Anyway, the little woman down at our house was re-elected secretary-treasurer of the West Texas Press Association at its annual convention in San Angelo recently. She is also editor of the West Texas Publisher, official publication of the association. Incidentally, as long as she has this job, we have the account for printing this magazine, which we like very much.

She is doing a good job in this office or else all those publishers from over West Texas are the biggest bunch of liars in the country—a condition which you, dear reader, no doubt may think entirely possible. Be that as it may, we were real proud of her, particularly in view of the fact that most of the organization's members are from newspapers larger than ours.

It certainly was relaxing to hear the new Methodist preacher Sunday. We didn't meet him until after he had delivered his sermon; so for once we knew the remarks couldn't be directed at us personally.

Sign on the highway near New Braunfels says: "Fishing Worms 1000 Feet." Frankly, that's a little hard for us to swallow.

ANOTHER OPPORTUNITY

(An Editorial)

The same proposition which was voted down by voters of the Bronte Independent School District in July will be voted on again Saturday.

At that time voters will decide whether Bronte School will continue its recent unprecedented progress, or slip down into mediocrity in the quality of instruction offered local children.

The increase to \$1.25 on the school tax rate will provide the school with enough money to retire its bonds in a short period of time and to carry on its program of instruction without doing away with courses which students need.

School officials have told us that if more money is not provided, they have no choice but to whittle their budget. In all probability, that means doing away with a teacher, which in turn means doing away with some subjects.

We think our children deserve the best available in educational facilities, and we believe that you believe this, also. Consequently, we believe that voters should cast their ballots for the increase.

Rev. Douglas Brown, Bill Clark, Vernon Glenn and Marvin Leck attended a district Baptist Brotherhood meeting in Brownwood the first of the week.

Regular classes will get underway at Bronte School Tuesday, Sept. 4, Supt. Garland Black announced this week. High school students will register Friday, Aug. 31 (today). A general meeting of the faculty will also be held Friday at 8:15 a.m.

Buses will not run Friday, but will commence their regular schedule Tuesday. Grade students will register Tuesday, as will high school students who are unable to get in Friday.

The school lunchroom will also open Tuesday. Supt. Black said that lunches will be the same price as last year.

No vacancies exist in the faculty and the roster of other employees is complete, Black said. Only new teachers are W. W. Thedford and Mrs. C. C. Glenn.

Funeral Services

Held Thursday

For Charlie Keeney

Funeral services for Charles E. Keeney, 72, Bronte pioneer, were held at the First Baptist Church in Bronte Thursday at 4 p.m. The Rev. J. E. Eldridge, pastor of the Sonora First Baptist Church and the Rev. Douglas G. Brown, Baptist pastor at Bronte, officiated.

Mr. Keeney died at 6:45 a.m. Wednesday in the Bronte Hospital. He has been under treatment for more than three weeks, following a heart attack.

Burial was in the Fairview Cemetery under direction of Robert Massey Funeral Home of San Angelo.

Mr. Keeney, with his late brother, Frank, had been in business in Bronte for about 51 years. They purchased a grocery store, dry goods store and undertakers establishment from Ed Schauge back in the early days and were in business until Frank died in June. After his death, Charlie carried on the business until his recent illness.

They were fond of telling the story of how they went into the undertaking business. When they bought out Mr. Schauge, they had to take three coffins in order to get the grocery store, so they were all set to go into the business. They operated the funeral home until 1946 when they sold out to Bruce Clift.

Keeney Variety Store has been located in a building erected by their father, Tom Keeney, in 1908. It was one of the town's first buildings.

Charles Keeney was born in Temple in 1884 and moved to Bronte with his family in 1906. He married Olive Lowry here on April 4, 1917.

Survivors include his wife; one son, Gene Keeney of San Angelo; three brothers, John and J. L. Keeney, both of Bronte, and G. C. Keeney of Waco; three sisters, Mrs. Joe Hoherd of Temple, Mrs. W. W. Hoch of San Marcos, and Mrs. Dollie McQueen of Fort Worth; and two grandchildren.

Pallbearers were J. W. Henson and Curtis Smith of San Angelo, and Paul McGuire, Leslie H. Lambers, L. T. Youngblood and J. B. Mackey, all of Bronte.

Tax Rate Election to Be Held Saturday at Bronte City Hall

A tax increase on the \$100 valuation will be voted on Saturday, Sept. 1, by qualified voters of the Bronte Independent School District. The present rate of \$1.00 will be raised to \$1.25 if the election carries. The election will be held at the city hall in Bronte. It was called by the school board after a petition with 75 names was presented, requesting it.

Need for increased revenue was brought sharply to the attention of local patrons recently, when oil

company representatives met with members of an equalization board. They announced that they were cutting their valuations in the school district \$600,000 this year and were contemplating a cut of like amount next year. Their reason for the cut was decreased production in the Rawlings and Fort Chadbourne fields, north of here.

With such a decrease in revenue facing the school, patrons circulated the petition in short order in an effort to make up the deficiency

in money. A similar proposition was voted down in July, before the announcement that taxes would be reduced by the oil companies this year.

Proponents of the increase say it will allow bonds to be issued. It will not only allow maintenance of present levels of instruction, but will allow bonds to be paid off in as little as eight years, instead of 15. Interest savings would be a large item if the time for retiring the bonds is shortened, they say.

Large taxpayers, such as Humble and other oil companies, would be the ones most affected if the raise is voted. It would increase their tax bill tremendously; however their representatives have indicated their willingness to pay the extra money in school taxes.

Supt. Garland Black said this week he believes voters will approve the measure if they know the facts concerning it, and if those who are qualified will get out and vote.

Black has on numerous occasions voiced the necessity for the increase if Bronte is to have the kind of school it now has. If more money is not provided, some of that which is now used for instruction will have to be diverted into the fund for retiring bonds on the new elementary school building, he said.

Black also pointed out that practically all schools of this area in the class with Bronte have even higher tax rates than that which is being voted on Saturday.

Judge Jeff Dean, who is also ex-officio county school superintendent, said Wednesday that any person living in the school district and who has rendered either real or personal property for school taxation purposes, is eligible to vote in the election.

Last Rites Held For Mrs. J. Black, Area Pioneer

Last rites were held Saturday, Aug. 25, at 3 p.m. for Mrs. J. Black. Services were held at the First Methodist Church, where Mrs. Black was a member.

She died Friday morning at 5:10 o'clock in the Ballinger hospital after two weeks illness.

Rev. Lin Loeffler, past of the church, officiated. He was assisted by Rev. Douglas Brown, pastor of the First Baptist Church here.

Mrs. Black was born Nov. 23, 1883, the daughter of the late Mr. and Mrs. John Gregory. The family lived in Georgia until 1900, when they moved to Runnels County. She was married to J. Black at Marie in 1907. He died in 1942.

The couple lived in the Marie community and reared their family there. They ran the post office and general store there for 30 years. Mrs. Black moved to Bronte in 1948.

Survivors include one son, Osmo, of Bronte, and one daughter, Mrs. Frank Flint of Ballinger. Another daughter, Mrs. W. N. Gaddy, preceded her mother in death. Other survivors five sisters, Mrs. J. R. Kevil of San Angelo, Mrs. Mira Wardlow of Fort Worth, Mrs. J. N. Watson of Hale Center, Mrs. W. H. Mackey and Miss Molley Gregory of Bronte; five grandchildren and two great-grandchildren.

Pallbearers were J. B. Barrett and Marlin Mackey and Howard Brock, all of Bronte, Leonard Kevil San Angelo and J. B. Kevil of Odessa.

Burial was in Fairview Cemetery under direction of Clift Funeral Home.

Monday Will Be Holiday in Bronte

Monday is Labor Day and will be a holiday in Bronte. It is one of six holidays designated by business men in a meeting the first of the year.

Some business houses along the highway here will remain open to serve transient and local customers, but for the most part Bronte business firms will be closed.

Only three more holidays remain on the calendar for this year. They are Veterans Day (Nov. 11), Thanksgiving Day (Nov. 22), and Christmas (Dec. 25). Since Nov. 11 comes on Sunday this year, the holiday will be observed Monday, Nov. 12.

Customers are asked to bear in mind that stores and offices will be closed and arrange their business and purchases accordingly.

Car and Truck Collide Near Here; No One Hurt

Mr. and Mrs. Arthur Dillingham Light of Llano sustained minor injuries Tuesday morning when their car collided with a truck east of here on the Ballinger highway.

Mrs. Light was admitted to the Bronte Hospital for examination but was dismissed later in the day. Her husband received only minor cuts and bruises.

Jerry Wayne Holle, 19, of Winters, driver of the truck, was not injured. Light, 73, and his wife, 65, were on their way to Colorado City to visit a daughter when the accident occurred.

TO UNDERGO SURGERY

Barbara Gray, 13 year old daughter of Mrs. Gertrude Gray of Robert Lee and formerly of Bronte, is scheduled to undergo heart surgery Tuesday morning at Houston. Barbara, accompanied by her mother, her grandmother, Mrs. Mary Phillips of Bronte, and her aunt, Mrs. Orb Kiker of Rotan, went to Houston some two weeks ago. The family was advised that surgery was need to correct a heart defect.

28 Out for Longhorn Team

By BILL ALEXANDER

Opening session of football workouts saw some 28 boys reporting for training. Out of these 28 boys reporting, only twelve are returning lettermen. Opening day workouts consisted of calisthenics, wind sprints, and regular routines for linemen and backs.

The Longhorns looked strong on the line, but seemed to be lacking in the backfield, having only one starter back from last year's team. Working in the backfield were Bill Wrinkle at fullback, Gene Walker at quarterback, Jimmy Lee at tailback and Archie Denman at wingback. All four are lettermen, but only Wrinkle is a starter from last year's team. Experience and reserve strength is lacking and only time will tell as to what the outcome will be, with this inexperienced backfield.

The line looked very strong as they have Joe Ramirez and Bobby Hester returning from last year's starting lineup. Both were All-District selection. Tommy Latham will not be able to see action for some time as he underwent surgery only a few weeks ago. More strength is expected to be added to the line when he returns. Others looking good were Robert Moore, Gene Sherrod, James Andrews and Stover Taylor.

The fight for the center position will be the biggest battle, as the Longhorns lost their center from last year's team by graduation. The battle at the present time seems to be a tossup between Ronald Hughes and Kenneth McCutchen, and possibly Don Bagwell, when he gets out of the hospital. At the end position, only one experienced letterman will fill one of the foremost positions, this being Dean Black. Other than Black, the Longhorns will be short of experience at this position.

Boys coming out include the following Freshmen: Lanny Denman, Bobby Wrinkle, Mickey Black, Neal Black, Kenneth McCutchen, and D. Rodriguez. Benny Corley, another Freshman, is in the hospital with a broken nose, but is expected to be ready to go before long.

Sophomores: Tommy Bell, Dean Black, Ronnie Cole, Albert Grace, Janson Pairish, S. J. Rose and Stover Taylor.

Juniors: Aubrey Denman, Robert Feil, Tommy Latham, Don Bagwell, Jerry McShan, Robert Moore, Jerry Parker, Doyle Rogers, Gene Sherrod and James Tidwell.

Seniors: James Andrews, Bob-

The old uncle didn't look par-

year. Under present conditions,
students can get four years of Eng-
lish, four years of mathematics
and four years of science. Black
said if revenue is cut appreciably,
this will be the last year in which
students will have the benefit of
so complete a curriculum. "We'll
have to cut somewhere if this
tax increase isn't voted," he said,
"and the ones to lose from the
cut will be the boys and girls
who go to school at Bronte." A
complete schedule of high school
courses is being run on another
page of this week's Enterprise.
A plan has been worked out

whereby bonds on the new ele-
mentary school building can be
retired in eight years, if the tax
rate increase is voted. Consider-
ing the way oil valuations are de-
creasing, those who favor the in-
crease say they think voters cer-
tainly would be wise to vote the
raise and pay off the bonds as
soon as possible.

The line looked very strong as they have Joe Ramirez and Bobby Hester returning from last year's starting lineup. Both were All-District selection. Tommy Latham will not be able to see action for some time as he underwent surgery only a few weeks ago. More strength is expected to be added to the line when he returns. Others looking good were Robert Moore, Gene Sherrod, James Andrews and Stover Taylor.

lor.

The fight for the center position will be the biggest battle, as the Longhorns lost their center from last year's team by graduation. The battle at the present time seems to be a tossup between Ronald Hughes and Kenneth McCutchen, and possibly Don Bagwell, when he gets out of the hospital. At the end position, only one experienced letterman will fill one of the foremost positions, this being Dean Black. Other than Black, the Longhorns will be short of experience at this position.

Boys coming out include the following Freshmen: Lanny Denman, Bobby Wrinkle, Mickey Black, Neal Black, Kenneth McCutchen, and D. Rodriquez. Benny Corley, another Freshman, is in the hospital with a broken nose, but is expected to be ready to go before long.

Sophomores: Tommy Bell, Dean Black, Ronnie Cole, Albert Grace, Janson Pairish, S. J. Rose and Stover Taylor.

Juniors: Aubrey Denman, Robert Feil, Tommy Latham, Don Bagwell, Jerry McShan, Robert Moore, Jerry Parker, Doyle Rogers, Gene Sherrod and James Tidwell.

Seniors: James Andrews, Bob-

what's what by whatley

After working at the printin' office for two long years, it seemed to me that Mr. O. would have had a big celebration in my honor. I guess that is the reason he is giving me Labor Day as a holiday, so I might rest up. It is amazing that after two years of appearing in the front door for work each morning, they all still speak to me. I know that in the course of the two year period, there have been times when he could have thrown something at me, but he refrained from doing so and has always been very gentle with me through all my mistakes. I hope that I can have many more as pleasant years as have been the past two. With all the nice things that I have said about him, I'll expect a raise soon.

I have had a nice three months vacation from school but I guess that I will have to get back to helping the small son with his 3 R's after this week. Wouldn't it be pleasant thing if we were all born smart. I know that most children wish that. But school is not only a place where they learn from the books. They also learn how to get along with their fellow man. It will be nice to see all the school kids coming down the streets again.

First Husband—My wife has a habit of talking to herself.

Second Husband—So does mine, but she doesn't know. She thinks I'm listening.

I have a very unusual recipe to run this week and I know that you will enjoy having it. It is made from watermelon rind. If you have never eaten any of these, just make up a batch.

Watermelon Rind Pickles

7 lbs. of watermelon rind cut into small chunks

Soak in 1½ qts. water and 1½ tbsp. lime for 4 hours

Drain and rinse in 3 waters

Cover with water and cook until clear

Make syrup of 10 cups sugar
3 cups vinegar

½ tsp. oil cloves

1½ sticks whole cinnamon

Cook until sugar is dissolved

Pour over the rind and let set overnight.

Next morning pour the syrup off and heat to boiling.

Pack rind into sterilized jars and pour hot syrup over them and seal.

If you would like to color them, which makes them very attractive for serving, put red or green cake coloring in the syrup before pouring over the rind for the overnight soaking.

Recent visitors in the home of Mrs. Rockey Thompson were Mr. and Mrs. Tom Marcum, who have moved to Blackwell from Wichita Falls; Mr. and Mrs. Red Brandon and Mr. and Mrs. Don Reed, all of Fort Worth; Mrs. Jean Echols, and Demorris, Vernell Vanzandt and her mother, Mrs. Bill McCurdy of Odessa; Fletch and Ruby Pinkard, Mrs. Addie Thorn and Gaylord, and Mr. and Mrs. Tom Payne and Joe Bailey. Mrs. Thompson served ice cream and cake to her guests.

**Coke County
Include in State
Hay Program**

Walter T. McKay, State Director, Farmers Home Administration, has advised Paul C. Shillingburg, FHA County Supervisor, of the designation of Coke County under the Hay and Roughage Program for Texas.

Applicants to participate in the Hay and Roughage program will be received by the ASC office, located in the courthouse at Robert Lee.

The Hay and Roughage Program was worked out between the governor and secretary of Agriculture to provide emergency assistance to farmers and ranchers in the State's designated disaster counties. Under the program, the local FHA committee will determine each applicant's eligibility and will issue a certificate good for \$7.50 per ton on roughage actually purchased. The applicant will then apply the certificate on the purchase price of roughage from any dealer he chooses. The dealer endorses the certificate and draws a draft on the Emergency Drouth Committee's account.

Applications may be filed through December 3, 1956, for a supply of roughage needed to last through Dec. 31, 1956. Roughage under the program includes hay, either baled or loose, cotton seed hulls, peanut hulls, corn cobs, sorghum bundles or ensilage.

Grain Program Extended
McKay also advised Shillingburg of the extension of the Emergency Feed Grain program in Coke County. FHA county committees may now take applications from farmers and ranchers through Oct. 1, 1956, to provide feed for basic livestock herds through Oct. 31, 1956.

The emergency feed grain program is now authorized in 185 counties in Texas, McKay said.

Here for the weekend were the children of Mr. and Mrs. R. H. Herron, and their families. They were Mr. and Mrs. Bill Herron and baby, Mr. and Mrs. Carroll Leathers and children and Miss Roberta Herron, all of Odessa. They came to attend the Herron family reunion.

Health Tips For School Children

AUSTIN, August 23 — "Children are not really ready to enter school until they have had a complete physical examination," Dr. Henry A. Holle, Commissioner of Health reminds parents. All boys and girls enrolling in the kindergarden or first grade classes of Texas schools should be taken to their physicians, or to a public health clinic, for an immediate physical check-up if they have not had such an examination in recent months.

It is important to act as promptly as possible. This is recommended in order to allow time for medical treatments or corrections that may be necessary before school opens. No youngster should be permitted to begin a school career with less than the best possible physical equipment.

As most parents know, vaccination against smallpox is necessary. Those who received this immunization in infancy should be vaccinated again in order to assure a high degree of immunity, and those who have never received this protection should be vaccinated without delay.

Dr. Holle urges parents whose children have not received Salk poliomyelitis vaccine to have this administered before entering school. The safety and efficiency of this prevention has been proven

and all children should be protected against this crippling disease.

Diphtheria immunization is also an important safeguard for all boys and girls about to enter school. Those who have never been immunized against this disease should receive toxoid shots now. Children who were inoculated against diphtheria when they were babies should now have a "booster dose" in order to maintain their immunity at a sufficiently high level.

Other immunizations that the individual physician may recommend are also desirable as further health protection. Whooping cough, typhoid fever and tetanus are among the diseases against which the doctor may advise safeguards.

COTTON PICKING

The Willard Caudles have begun picking their cotton. It must be pretty good as A. J. Essary pulled 516 pounds Monday. They carried their first bale to the gin Monday.

Mrs. Jerry Landers, Mrs. Carl Florence and Mrs. Susie Garlington visited Mr. and Mrs. Alto Claude Lee in Happy last Thursday and Friday. Mr. Lee underwent surgery in Amarillo last week, so Mrs. Garlington stayed with the family until he gets home and is able to get about.

Herbert and James Holland were in Cisco and Cross Plains Sunday.

Mr. and Mrs. M. D. Stephenson, Mrs. Grace Hedges, Mr. and Mrs. Willie Dean Stephenson and Terry of San Angelo came by the Caudles Sunday afternoon. They were enroute home from Buffalo Gap, where they had attended the Hedges reunion.

Foundations Being Poured At Pool Site

Foundations for buildings in the new Bronte Park were being poured this week by the contractor, Don Williams, of Snyder. A large amount of concrete tile has been unloaded for use in constructing the buildings, also.

Foundations for the bath house, caretakers house and the building to house the filter plant and other machinery were being laid Wednesday.

Site for the swimming pool has been staked off by Velvin Construction Co. of Midland. It was understood that actual excavation will begin the first of next week.

Velvin's bid of \$60,800 on two pools, one at Robert Lee and one at Bronte, was low among those submitted a few weeks ago. Williams was successful bidder on buildings connected with the Coke County projects. His bid was \$44,974.

Importance Of Cover Crops

The time of year is fast approaching when landowners in the Coke County Soil Conservation District should be making necessary plans for fall and winter cover on their cropland. Sand has already begun to move in some areas of the district as was seen during the last week when we had quite a bit of wind.

Small grains or anything that will give cover during the fall and winter months will be of great value in reducing the amount of soil loss due to wind erosion. This same cover will at the same time slow down runoff and allow more of the rain that falls to enter into the soil. Cover on cropland in the district is one of our most critical problems and should rate among the musts in our overall farming operations and plans. Soil loss due to wind is hard to see until heavy damage has already occurred to the field. We first begin to see it along the roadside and fence rows where sand dunes begin to form.

Many cooperators over the district are again planting oats in hopes of getting the necessary moisture to bring them up and furnish cover as well as grazing. Oats will furnish a lot of cover and have proved their value as a means of reducing wind damage. We also have our legumes such as vetch, clover, winter peas which will do a wonderful job of preventing wind damage, help water intake and improving the soil fertility and condition provided we can get enough winter moisture to make a good growth.

Regardless of what it is we do stress to each landowner and operator to "Put Some Kind of Winter Cover Crop on Those Fields This Year."

Mr. and Mrs. Leo Hollan are parents of a son, born Aug. 10 in Wichita Falls. The little boy weighed seven and one-half pounds and has been named David Leo. He has two sisters, Sharon, 4, and Jeanette, 2. Maternal grandparents are Mr. and Mrs. George Wrinkle of Bronte.

Will Reduces Complications In Settling Estate

A properly drawn will can be the means of short-cutting many legal formalities, and save a great deal of time in distributing the estate of a decedent among his rightful heirs. It may also serve to save many dollars in legal fees and court costs.

As an example, whenever a person dies without a will and it is necessary for the probate court to appoint an administrator of his estate, the person so appointed is required to post a bond. This bond is for the purpose of insuring the faithful performance of his duties.

The amount of the bond must be double the estimated value of the personal property of the estate plus a reasonable amount to cover prospective rents and other income from real estate involved. The administrator's bond must be kept in force until the estate is finally closed and he is discharged from his obligation by the court.

The same rule applies to an executor under a will, unless the testator has specified that no bond shall be required. This provision may be inserted or left out of the will at the option of the maker. Needless to say, there are situations in which the bond serves a real purpose. But when not needed, the statutory requirement may prove a distinct annoyance to the executor and a burden upon the estate in the form of annual premium payments.

Another example: A court appointed administrator may not sell any property of an estate without an order of the court authorizing him to do so. He must make application to the court for approval of each sale. The court must be advised of and approve the sales price and the manner in which the same is to be collected. Similar provisions apply to the making of mineral leases and other transactions.

These provisions apply equally to the executor of a will, unless the testator has freed him from such requirements. A single short paragraph inserted in a will designating him as an independent executor in appropriate phraseology may serve this purpose. Then he will have a free hand to dispose of property upon short notice whenever a favorable opportunity arises, with a minimum of legal formality.

Since every application or other paper filed with the probate court and every order obtained from the court involves the expenditure of attorney fees for its preparation and court costs for its handling by the clerk, in proper cases many dollars may be saved for the heirs by adequate provisions of a will.

(This column, based on Texas law, is written to inform — not to advise. No person should ever apply or interpret any law without the aid of an attorney who is fully advised concerning the facts involved, because a slight variance in facts may change the application of the law.)

School Makes Final Payment On New Building

Officials of the Bronte School this week made out a check for \$50,758.50, which is the final amount due on the new elementary school building. The check was drawn on funds derived from sale of bonds voted in 1954 to build the new structure.

The Bronte Enterprise

August 31, 1956

The check was made payable to Houston Fire and Casualty Co. of Fort Worth. The firm was the bonding company for C. L. Sanders Construction Co., contractor who built the new school. The amount did not include some \$1,837.94 withheld as actual damage to the school district because the building was not completed on contract schedule.

Supt. Garland Black said the

\$50,758.50 represents all moneys owed C. L. Sanders Construction Co. by the school district. The bonding company now has to accept all responsibilities and debts owed by the contractor and incurred in constructing the building.

Supt. Black said it is estimated the bondsman will have to pay about \$35,000 above this final check for the satisfaction of creditors of the construction company.

School Children Should Have Vision Checked

Parents and teachers were urged by the Canyon Reef Optometric Society today to watch for symptoms of vision problems among children returning to school in September.

"Inadequate vision is a far more common cause of school failure and emotional disturbance than is generally recognized," said Dr. J. A. Nesbit of Snyder, president.

Among symptoms of vision problems to look for, according to Doctor Nesbit, are:

Avoiding work requiring good vision at reading distance.

Losing place while reading.
Holding work closer than normal.

Excessive head movements while reading.

Poor sitting posture and position while reading.

Any child in the bottom third of his school class and any child not performing up to his capacity should have a thorough vision examination, Doctor Nesbit said.

He said that uncorrected vision problems are contributing causes in 50 per cent of all cases of reading failure, according to a University of Chicago study.
