Bronte Plays Trent Tonight; Loraine Whipped Down, 27-7

By BILLY ALEXANDER

Continuing their fight in district play, the Longhorns will play the Trent Gorillas tonight at the local gridiron. Game time will be at 7:30.

Both teams will be seeking their second win in district play. Trent has yet to lose a conference game, having played only one district contest. Earlier in the season, the Gorillas defeated the Loraine Bulldogs 30-6. Trent appears to have a much stronger team than that of last year and is expected to give the Longhorns a tough go of it, if they do not defeat the Longhorns. Sportswriters from the Abilene Reporter-News and the San Angelo Standard-Times will probably have Trent favored in the game tonight.

In other games last week, the Hermleigh Cardinals took over undisputed first place in district standings by trouncing the Robert Lee Steers by a score of 33-0. Trent is the only other undefeated team of District 6-B as far as district games are concerned. In other games last week, Bronte defeated Loraine 27-7 in the only other game scheduled in this district. Trent was idle in preparation for Bronte tonight.

Only other game this week involving a District 6-B team is the contest between Hermleigh and Rule, which is a non-district tilt. Robert Lee and Loraine are both idle.

AD-LIB-BEN

After last week's good rains, we were blessed Wednesday with a good sandstorm. These Bronte sandstorms still can't hold a candle to what we used to have in Muleshoe, though.

Politics is getting quite thick these days, something which we didn't expect earlier this year. If you remember, Mr. Eisenhower on the night that he made his momentous announcement to run again, said he would not make an active campaign for the presidency, if he received the nomination for a second term. Evidently powers that be in the Republican party decided differently, if he didn't make the decision himself. The opposition must be stronger than they anticipated.

We predict that Ike will be a long way from carrying Texas, as he did four years ago, despite Alan Shivers' campaigning for him.

One of our East Texas editor friends and some of his cohorts are championing Ben Hogan on the Democratic ticket. Say they: "If we're gonna have a golfer, we might as well have a good one."

The local lady who is in charge of the Talent Show at the carnival Saturday night asked us to be sure and mention that "that kid Elvis" will be present and on the show. She said further, "All you

Scoring once in every quarter, the Bronte Longhorns held on to a 14 to 7 half time lead and came out on top of a 27-7 score last Friday night against the Loraine Bulldogs. In winning their fifth game of the season, the offense of the Longhorns appeared to be a little rusty against a weak team such as the Bulldogs.

While winning their first district contest, the Bronte boys showed power on defense in putting up two goalstand fights that brought long drives by the Bulldogs to a standstill. On offense, the Longhorns managed to put small gains together to total up a sum of 242 yards rushing.

Taking the opening kickoff, the Longhorns marched to their first touchdown without meeting too much opposition. Starting from their own 32 yard marker, Bronte went the distance in 10 plays. The big play of the series of downs that put the Longhorns into scoring position was a 27-yard run by Gene Walker, placing the pigskin on the Bulldog 12. Two plays later, Walker loped around end from the 3 to put the Longhorns out front 6-0. Jimmy Lee ran the EP to give the Longhorns a 7-0 lead at the end of the initial period.

Kicking off to the Bulldogs, the Longhorns forced Loraine to punt on fourth down after throwing them back five yards. Taking the punt on their own 45, Bronte again marched to their second tally. Starting in the waning moments of the first, the Longhorns crossed the double stripe on the first play of the second period. Jimmy Lee skirted right end on a keeper from the eight to hit paydirt. Lee also ran the extra point to give the Longhorns a 14-0 lead.

Receiving the kickoff on their own 27, the Bulldogs drove 73 yards to their first touchdown. With Bill Blair paving the way for the Bulldogs, Loraine chalked up the 73 yards in 13 downs. Bill Templeton carried the pigskin over from the 13 for the six-pointer. Bill Blair ran the conversion to trim the Longhorn to 14-7 at intermission.

After kicking off to Loraine, the Longhorns forced the Bulldogs to punt on fourth down. Robert L. Moore broke through the Bulldog line and blocked to punt which set the stage for the next Bronte score. Taking the blocked punt on the Bulldog 42, the Longhorns immediately drove to their third

Methodist Revival To Close Sunday

Good attendance is reported this week at Methodist Revival services which have been underway since last Sunday. The series of sermons is being given by the Rev. Luther Kirk, superintendent of the Plainview district of the Methodist church. The Rev. Lin Loeffler, pastor, is leading the song service.

Due to conflicts with school events, Loeffler has announced the following changes in the evening services. Tonight (Friday) the service will begin at 6:15 p. m. in order that the congregation may attend the Bronte-Trent football game. No services will be held tomorrow (Saturday) night because of the Halloween carnival. Morning services will be at 7 a. m. as usual until Sunday when the regular meeting times will be observed.

TEENAGE TOUR OF TERROR

Don't miss this added attraction to the Halloween Carnival arranged for the teenage group. This trip will be taken on Turney's T-Model Truck as often as it is necessary to give everyone an opportunity to see these sights.

See "HEADLESS HAPPY HOOLIGAN" hanging high and howling, go down "LONELY LOVERS LANE LOOP" to loads of laughter, see the "GIANT GATE GUARD", get up and grow in his greatness, then meet "SHOTGUN SHOOTIN' SHILLOW" who is the Father of five fellows who favor foolishness.

There will be "CAPERS, CUTUPS, CATS, CRYING, and CRAZY Creeps to keep you laughing from start to finish, and no one old enough to have a heart attack will be allowed to go on this trip. THIS is not "FUN". It's FOOLISH.

the country store, cake auctions, a grab bag, fortune telling booth, a hot dog stand and many other attractions.

For those who like to play forty-two and canasta, there will be rooms provided for each of the two games.

Prizes will be awarded children for best costumes in the parade.

Halloween Queens

Climaxing the entertainment for the evening will be the coronation of the Halloween Queens, which, also, will be conducted differently this year. Queens will be crowned both from high school and from grammar school in the new auditorium, which will be opened at 9 p. m. for a short program, followed by the coronation. Admission is 10 cents for this event.

Area citizens are urged to support the carnival, which is the only money-raising source for the local Parent-Teachers organization. All funds go into the local treasury and are used for various projects which benefit the local schools.

ATTEND DEMO RALLY

Mr. and Mrs. Matthew Caperton, Jake Morrow, Charlie Copeland and Tad Richards attended a Democratic fund-raising dinner in San Angelo Tuesday night. U. S. Senator Russell Long of Louisiana was the featured speaker.

My daughter in Germany made a trip to the small country of Luxembourg the other day and she wrote me a very interesting letter in detail about it. The letter is rather lengthy, so I am going to break it down into installments. The first part is about the history of the country. I hope that this will be interesting to you. She says:

Now to tell you about our trip. I was very impressed with Luxembourg. It is one of the smallest countries in the world, being 62 miles long and 37 miles wide. If you're not careful, you'll be out of the whole country before you know you've been there. The population is approximately 300,000 people and it is bordered by Germany, Belgium, and France. I expected the country to be much the same as Germany, but it certainly was not true—they were as different as daylight and dark. Luxembourg seems in many ways much more progressive, or perhaps the word should be prosperous. The bicycles were not near so numerous—you saw many many automobiles, of which a great many were American made.

We checked out some books about the history of the country before we left, and it was quite interesting. It seems surprising that such a small place could retain the high degree of individuality that it has; and yet, naturally, being so small they have suffered a great deal in the hands of aggressors. The history of Luxembourg starts in 963 A. D. and for hundreds of years she was passed from hand to hand of different rulers. All of the conquests were preceded by much bloodshed as

the city and capital, also named Luxembourg, had the most powerful fortress in the world, "the Gibraltar of the North" as it was called. The city is divided by a valley between tremendous cliffs of solid rock. Everyone wanted this fortress, so finally when they were given their freedom and on May 11, 1867, the Treaty of London was signed guaranteeing their neutrality and providing for the dismantling of the great fortress which had brought her nothing but trouble. Only a few of the remains can be seen today.

So, finally in 1860 modern Luxembourg was created, her frontier guaranteed, and her status and freedom assured. However, her hopes of lasting peace and prosperity were rudely shattered. In 1914, despite the most solemn protests from the Luxembourg government, the armies of Kaiser Wilhelm, Emperor of Germany, crossed her borders and thus violated the treaty which, since 1856, had been so solemnly observed and held so sacred. They hoped that Germany would only use their country as a temporary means of getting into France and Belgium during the opening stages of their attack. They were soon disillusioned. The Germans transformed Luxembourg into a vast camp, requisitioned what they chose, and within 3 years had undermined the country's whole economy and brought the people to the verge of ruin. Finally in 1918 she was free again.

But on May 10, 1940, the German hordes began to pour over the borders once more. And again the country's eternal nightmare became a reality. Tanks, planes and guns, columns of marching men, billeting orders, military government, rationing, privation and oppression, all returned again to the smallest, most invaded

country in Europe.

But the reaction of Luxembourg in 1940 was very different to that of 1914. Small as she was, she declared war on her giant invader. By this stand, she turned her back irrevocably on her 73 year old policy of neutrality. Many young Luxemburgers escaped from their oppressed country to serve in the British, American, Canadian, Free French, and Free Belgian armies. However, the greatest contribution towards "putting Luxembourg on the map" (in President Roosevelt's words) was made by the people themselves, suffering as they were the full horrors of a brutal occupation. An underground organization, the "Union," grew up rapidly, and soon proved its courage and efficiency by repeated acts of sabotage, by derailling trains, by absenteeism, and above all, by organizing the escape of thousands of young men, who later joined the armed forces of one or other of the Allies.

Two really courageous acts that brought admiration from all the world, were as follows:

In 1941, every adult Luxembourg was required to sign a declaration admitting that his mother tongue, which had been spoken by the entire nation since the beginning of history, was really German, and that he himself was a German citizen. On almost every paper signed throughout the land, the word "German" had been crossed out and "Luxembourger" substituted. The Nazi had to admit failure, but a "reign of terror" was promptly instituted.

The second "victory" over the Germans was even more impressive. In 1942, Germany, feeling the shortage of manpower beginning to threaten success, introduced compulsory military service in Luxembourg. Instantly, the whole nation came out on strike. The

steel plants were idle, the offices empty, the national colors floated proudly from tall chimneys of the industrial belt. Martial law followed. Whole families were deported. Executions became a daily occurrence.

Life continued to be difficult until the country's liberation by the Americans on September 10, 1944. The rejoicing was short lived, however, because on December 16 the "Battle of the Bulge" began and the people were spared nothing, until liberation finally came at the end of January, 1946.

This is the time of the year when fresh sweet potatoes are coming in, and for this week I am going to give you a very good plate pie made from them. I want you to try this as I think that you will like it very much.

Sweet Potato Pie

1 3/4 cups strained sweet potato
1 tsp. salt
1 1/2 cups milk
2 eggs
1 cup sugar
1 tsp. cinnamon

1 tbsp. melted butter

Beat eggs and sugar together and then add the other ingredients. Pour into unbaked pie shell. Bake at 350 degrees approximately 50 minutes. Just before it is set in the center, remove from stove and mix the following and sprinkle on top:

United States Auto Club CERTIFICATE OF PERFORMANCE The Undersigned, certify in the name of the United States Auto Club Sports Commission that September 9 to 28, 1956, at Bonneville Salt Flats, Utah 1957 FORD Fairlane Club Via Florida broke all existing American Speed Car Records Class "B" Closed-Coupe Division 1 mile to 10000 miles 50000 Miles at 108.16 M.P.H.

An announcement of decisive importance to anyone about to buy a new automobile

The most exhaustive endurance test ever given an automobile has just been completed by two stock '57 Fords—identical in every respect with cars now being offered by Ford Dealers.

Under the supervision of the United States Auto Club and the Federation Internationale de Automobile, each of these two '57 Fords traveled 50,000 miles in less than 20 days. Ford No. 1 averaged 108.16 mph for the entire run... Ford No. 2, over 107 mph. These averages include time for all pit stops.

In all, the '57 Ford smashed 458 national and international records.

This test was run on the Bonneville Salt Flats in Utah... it was the longest left turn in history.

A car, like a man, is known by its deeds, not words.

That is why, we at Ford, despite our confidence in our '57 cars, let their deeds of accomplishment speak for themselves.

Therefore, we engaged an independent engineering organization to test our '57 cars more thoroughly than any other cars have ever been tested before—in this country or abroad.

We provided them with '57 Fords—cars identical with those now offered by Ford Dealers. The rest we left up to them.

Here is what they did:

They took these cars to the Salt Flats at Bonneville, Utah.

Here, twelve of the world's greatest drivers took over.

In relays they drove these cars night and day for a distance greater than twice around the world... a distance equal

to 5 years of normal driving.

Not in all history has a man-built machine traveled so far in so short a time—by land or sea!

But this was not a test of speed—but of endurance of the "Inner Ford." A trial to take the measure of Thunderbird Y-block V-8 power without qualification of any kind. A test of running gear—of brakes, of materials in body and chassis. Of steering and roadability, yes, and comfort, too!

A test, indeed, such as no other cars have ever undergone, let alone successfully concluded.

Surely they have told you, in decisive terms, that they are worth more when you buy... and when you sell!

Your Ford Dealer will gladly place at your disposal the new kind of Ford that means a new kind of value for your car-buying dollar—the greatest the world has ever seen.

Tax Paying Is Having Brisk Start Thus Far

(Robert Lee Observer)

It's tax paying time and a notice in this newspaper advises that persons may receive a 3% discount if they pay their county and state taxes during the month of October. The discount is 2% in November and 1% in December. Taxes for 1956 collected up to Tuesday in Paul Good's office totaled \$116,096, just about 17% of the \$650,000 total. However, none of the largest oil companies were included. They are expected to remit before the end of the month and push collections away up. City and school taxes for 1956 are also due and payable now. However, they do not offer a discount for early payments. All taxes become delinquent if not paid by the end of January.

Doleful Senators Due Shock When Ike Wins, Fears Doc

One of the strongest Eisenhower men in our town is Doc Brown. Doc says he just can't put up with Stevenson's socialized medicine program; there are a lot of other things he doesn't like about Adlai, but that one is enough for him, he says. Doc is a pretty outspoken cuss, but he's a good doctor. At least, he's the best one in town, being the only one, and our people always call him when they get sick whether they like his politics or not.

The other day several of us were standing around in front of the post office, talking politics—some Eisenhower men and some for Stevenson—when Doc walked up looking glum. One of the Stevenson men said: "Hey, Doc, what's the trouble, did Ike just call you in some bad news?"

Doc Brown said no, he hadn't heard from Ike this week, but he was worried.

"Not about Ike, you understand," he told the Stevenson fellow. "Ike has got it made. Even the Stevenson people are beginning to admit that. Poor old Adlai isn't going to get any farther in this race than he could throw Kefauver's coonskin cap with the tail cut off.

"The ones I am worried about are these out-of-state senators who are coming down here to Texas to tell us how to vote. I sure feel sorry for those boys. It must be tough to face life with their attitude.

"To hear them tell it, this country is in a terrible shape. All the farmers are starving, all

the businessmen are going broke, and all the working people are just barely making enough to keep body and soul together. The only reason some little country doesn't step in and whip us tomorrow is that they know they can just wait a few days and the United States will fold up of its own accord. That's what I understand from listening to the visiting senators.

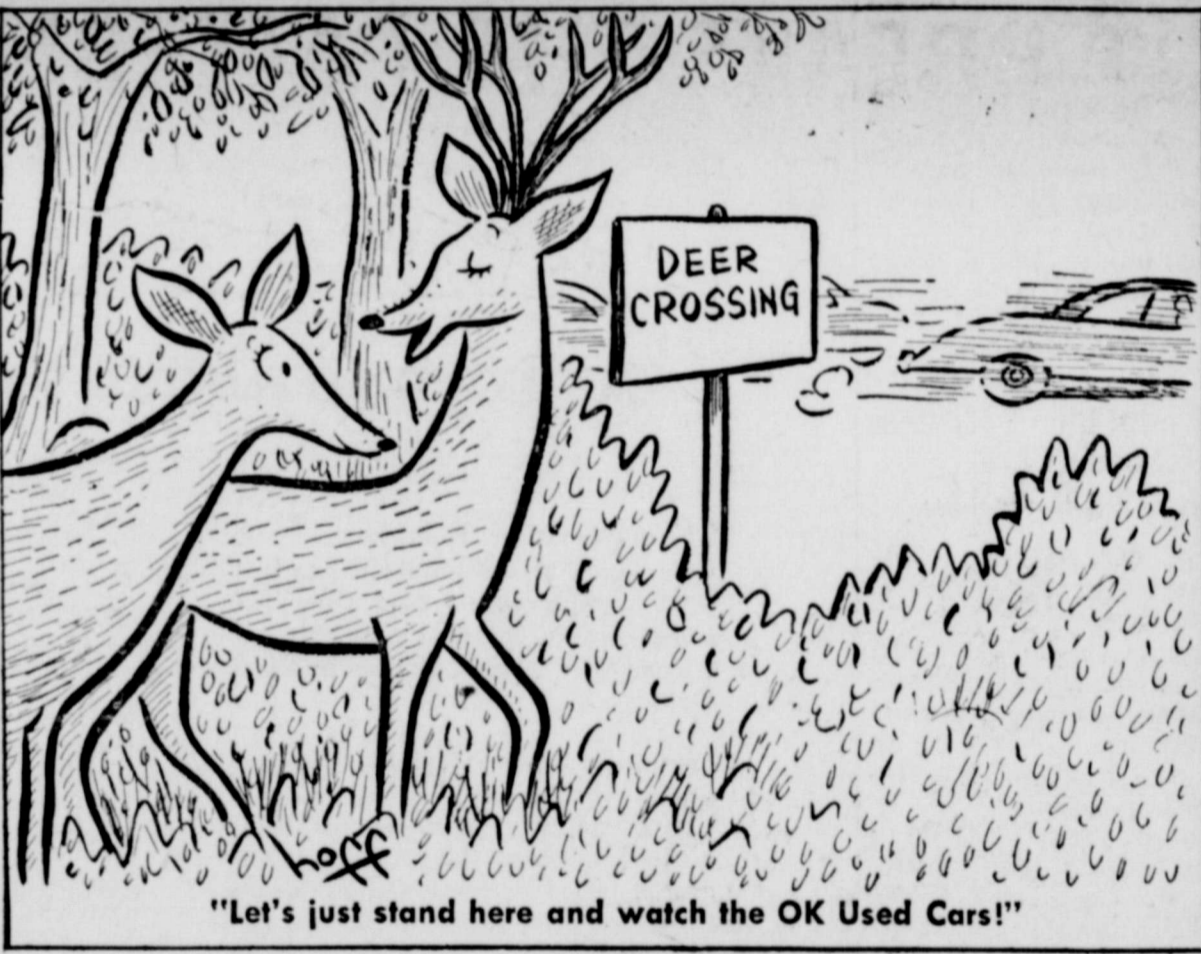

"Of course, they know how to correct the situation overnight. Elect Adlai, and let him abolish the draft and do away with the H-bomb, and let Estes establish the Atlantic Union which he has made speeches about all over the country, and everything will be all right.

"These things are too important, of course, for these senators to waste time telling us Texans why they voted against the Texas tidelands bill.

"As a medical man, I am worried about the great shock these senators are going to get, after the election is over and Ike is re-elected and this country keeps on being peaceful, prosperous and progressive. It's liable to put them all in bed."

And Doc Brown walked on off, shaking his head. Of course, the Stevenson man caught on that Doc was hurraing him, and he didn't like it much, but he'll still have to call him the next time one of the kids gets the croup, because like I said he's the only doctor in town.

MRS. A. J. ROE, JR., H. D. Agent
I leave Sunday morning to attend the Annual Extension Agents Conference to be held next week at College Station. This conference is planned in the form of workshops with office organization, publicity, and leadership being taught. Mr. Waide and Mrs. Coffman will attend also.

The subject of the 4-H Club meeting for this week is "Manners." I hope the girls are enjoying it as much as I enjoyed working up the

program. A good definition for manners and etiquette is: Good common sense and consideration for the rights and feelings of others!

Mrs. A. D. Fields, chairman of the yearbook committee, Mrs. Pat Rives, Mrs. Tom Rives and I completed plans for the 1957 yearbook in a meeting Friday afternoon. It is being typed and should be sent to the printer soon.

Mr. Waide and I enjoyed a day in the Sanco community last week working with the cemetery association in a plan to landscape the cemetery. We enjoyed the delicious picnic lunch as well as the association with the nice people

in attendance.

We have noticed in the mail the past several days that the usual number of "wholesale" Christmas gift catalogues are coming out. We hope none of the residents of Bronte is gullible enough to think he is actually getting merchandise wholesale when he orders from these houses. As we said last year, and the year before, and on back, it's mighty hard to beat your local merchants for quality, price and service. And, if your purchase should turn out to be what you don't expect, they're real handy to go in and gripe at. Think it over before you start sending checks to the out of town places.
