**THE REAL McCoy**—The four Bronte high school boys shown above are working on a model Shakespearean Theatre, as a term project in senior English. Left to right, are Bobby Hester, Gene Walker, Billy Charles Wrinkle and Joe Ramirez. The boys set up their construction project in The Enterprise shop and worked many hours in making each detail of the model perfect. Other members of the class, which is taught by Vetal Flores, wrote term themes or dressed dolls in authentic costumes of the day when the great poet of Stratford lived.

## AD-LIB-BEN

America's and perhaps your and my greatest Thanksgivings have come after severest struggles. The Pilgrim's, in their dire need and danger, were possessed of life's greatest joy, a thankful heart. Have you ever noticed that the most thankful people are those who possess little? The folks in the little cottage — who bithely spend all their slender income on the simple necessities of life — who honestly appreciate the lamp light in the evening, and the friendly warmth of the kitchen fire—these are the kind of folks who usually feel with thankful hearts the goodness and worth of life.

In the complexity and hurry of the present day, many of us are orphaned from the stimulating source of gratitude. Day by day we never feel it at all. Perhaps in the harvest festival of Thanksgiving we may recapture some of its native spirit which we have lost. And perhaps with it we may also recapture a sense of the reality and color and simple joys which are an inborn part of the things of real value in life. If we fail to feel it during this Thanksgiving season, we have failed to reach something which ought to belong to everyone.

### Longhorns Take Coke County Championship; Steers Fall, 13-0

By BILLY ALEXANDER

A tough line and a hard running backfield spelled victory for the Bronte Longhorns, as the local eleven romped past the Robert Lee

Steers 13-0. The win gave the Longhorns the Coke County Championship and a tie for second place with Trent and Robert Lee in district play.

### Swimming Pool, Park Buildings About Completed

The swimming pool and other structures in the new county park here are about completed. Some work remains to be done, but the big part of the job is complete.

The swimming pool, which meets specifications for holding interschool swimming meets, needs only to have the finishing coat of concrete sprayed on it.

The caretaker's house, bath houses and filter plant likewise are structurally complete, lacking only small finishing jobs.

Ample supply of water is assured for next summer, as the old city lake above the park was filled during recent rains. The draw which runs through the park has been concreted and rocked and a small stream of water is now flowing through it into the creek to the west. Two foot bridges have been built across the draw. Plans are to stock it with ornamental fish.

Construction of picnic tables, barbecue pits, etc., remains to be done. They will be scattered at various points throughout the park in order to accommodate the most visitors.

Funds for construction of the park were provided earlier this year when Coke County property owners voted a \$130,000 bond issue to build a park at Robert Lee and one at Bronte. Each town received \$65,000 for construction of facilities.

Bids were considered later for construction of the two swimming pools and various buildings. Velvin Construction Co. of Midland was successful bidder on the pools while Don Williams of Snyder submitted the low bid on buildings.

Led by Joe Ramirez, Robert Moore, Bobby Hester, Gene Walker, and Bill Wrinkle, the Longhorns allowed the Steers only 46 yards rushing and never allowed the Robert Lee lads to get closer than the 46 yard line in Longhorn territory. The Longhorn pass defense allowed but one completion by the Steers.

With the Longhorns hitting hard, the Bronte eleven made their own breaks and then capitalized on the breaks to roll to two touchdowns. On offense, the stout line of the Longhorns opened large holes for Bronte backs to thunder through for long and short gains. With Jimmy Lee playing at his best against the Steers, Lee called a smart game and showed good running. Walker was the leading ground gainer with 73 yards picked up in 13 carries. Wrinkle was second with 40 yards gained in nine tries. Wrinkle picked up his yardage through the center while Walker swept ends.

The Longhorns first tally came late in the first period after Walker pounced on a punt that had taken a bad hop and touched the Steer safety man on the Steer 32. On the next play, Walker went wide around right end and behind beautiful blocking, crossed the doublestripe for the score. Lee ran the extra point and the Longhorns led 7-0 at the end of the initial period.

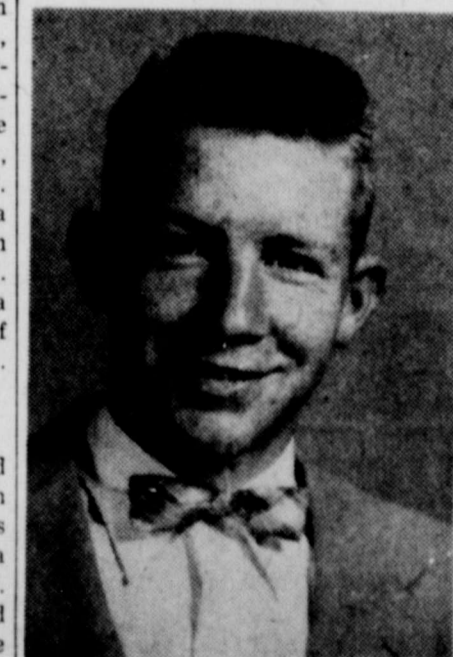

A 58 yard punt by Wrinkle rolled dead on the Steer seven yard line to put the Steers deep in their own end of the field. Godwin carried for five to the 12, but Tommy Bell smothered a Steer fumble on the 12, and the doors were opened for another Longhorn score.

Lee carried for five to the seven and Walker went to the five. Wrinkle met a stonewall at the line of scrimmage on the next play and managed to gain only a yard. Lee again carried for another yard.

## Success in Varied Program Brings Gold Star Award to Benny Corley

By JACK WAIDE  
County Agent

BENNY CORLEY

Benny Corley of Tennyson, winner of the 4-H Gold Star Award, started in 4-H club work in 1952. Since that time he has completed 13 different demonstrations.

Benny has fed pigs, turkeys, lambs and steers. In addition to this he has had breeding hogs and sheep.

A job well done has been the result of each demonstration, but his most outstanding success has been with lambs and turkeys. Benny has fed both the champion and reserve champion hens at the State Fair of Texas. His champion hens also were the Grand Champion entry. Benny has always placed high with lambs and in 1955 he had the Grand Champion of our Coke County Show.

Bronte officially closes up this Thursday for Thanksgiving with business houses, the post office and the bank observing the holiday. Bronte schools dismiss Wednesday afternoon for their annual vacation. Classes will be resumed Monday morning.

No little bit of confusion has resulted from the five Thursdays during the month. November 22 was proclaimed the National holiday while November 29 was proclaimed the Texas holiday. Bronte as well as many other places, had set the holiday early in the year as Nov. 22, before November 29 was set as the state holiday.

As a consequence several local residents will observe two holidays, to visit with relatives or friends in other cities, which are observing the 29th.

Two Bronte cafes will remain open to serve Thanksgiving dinners, and Bronte grocers are running their specials effective Wednesday this week in order that housewives may take advantage of them in preparing their holiday meals. Local churches have planned special programs for Wednesday night.

## Beth Ivey Still Improving After Polio Attack

Beth Ivey.

Beth was stricken with the disease about two weeks ago. Her condition was considered very serious for a few days. She will be transferred to Gonzales Foundation Hospital soon for further therapy and treatment.

## what's what

by whatley

The poor old turkeys certainly are confused these days. They don't know when to take off for the tall timbers. They don't know whether it will be this week or next when they will be used for the Thanksgiving dinner. It seems that people are rather confused these days as to just what date the Pilgrims landed on the Plymouth Rock. What ever date you celebrate, may we think what a wonderful occasion our Thanksgiving Day is.

This year it seems that it is more wonderful than at any time for many years. When we think of the state of our world, so tormented with all kinds of threats of wars and rumors of war, and another Thanksgiving rolls around and we are living in a free nation, where we can worship as we please, we should certainly be thankful. When we read all the distressing and horrible things going on the world today, it should make us so very thankful for the country we live in.

I have a most unusual recipe for this week. It is a cake made of Hershey candy bars. It is a little expensive as it calls for 8 but try to buy them 6 for 25 cents and that way you will have four left over for the kids to eat. It is a very rich cake and goes a long way.

**HERSHEY BAR POUND CAKE**  
Cream together: 1 cup (2 sticks) oleo and 2 cups sugar.

Add one at a time: 4 eggs.  
Then beat in: 8 melted Hershey bars, 2 teaspoons vanilla.

Meantime sift together: 2½ cups flour, 1 teasp. baking powder, ¼ tsp. salt.

Stir together, then add alternately with the above creamed mixture: 1 cup buttermilk.

Pour into greased tube pan with bottom lined with greased waxed paper or use 2 loaf pans. Bake at 300 degrees until cake tests done. Cool 10 minutes, then turn out and cool.

## Sorosis Club Program Given by Patrolman

Joe Perry of San Angelo, highway patrolman, spoke to Sorosis Study club members at the Monday night meeting on "Safety." Perry pointed out disrespect for the law by adults is poor training for youngsters beginning to drive automobiles. He also pointed out the high death rate on Texas highways and discussed the causes and ways for preventing this death toll.

In a business meeting, club members elected Mrs. Lin Loeffler to membership and discussed further the club project of safe-

ty within Bronte's city limits. It was voted that a committee be appointed from the Sorosis club to meet with committees from other organizations to discuss what can be done.

Pear salad, ritz crackers and cheese, nuts, mints and coffee were served to Mr. Perry, Mrs. Loeffler and Mmes. Grady Baker, Garland Black, Douglas Brown, Royce Fancher, Clyde and Royce Lee, Nealy Mackey, W. D. McDonald, J. B. Morrow, Ben Oglesby, Roy Robinson and the hostess.

## Mrs. Herron Hostess To Art Craft Club

Mrs. R. H. Herron was hostess to the Art Craft Club at her home on Wednesday, Nov. 14. The meeting was opened with the club prayer.

As an opening exercise, Mrs. Herron chose "The Spirit of Thanksgiving" by Geo. Matthew Adams. By request of Mrs. Herron, the article was read by Mrs. Minnie B. West. The roll call was answered with "This Year's Greatest Blessing."

At the business session with Mrs. J. L. Keeney presiding, a

report of the financial committee was given by Mrs. Herron. Mrs. Taylor Emerson gave a report from the menu committee for the club's annual Christmas party and dinner. The club decided to have the Christmas party on Dec. 4 at the Lions Club Hall.

The program, "The History of Thanksgiving," was given by Mrs. Mae McQueen. At the recreation hour, Mrs. Keeney conducted two contests. The first was a spelling bee and Mrs. West won this contest, receiving a plastic juicer as prize. In the second contest, Mrs. Sam Gray was winner, receiving a hand painted spoon tray. Mrs. West also drew the floating prize which was a planter presented by Mrs. B. E. Modgling. Gifts were exchanged.

The hostess served refreshments of pumpkin pie, topped with whipped cream, sandwiches, potato chips and tea and coffee. Plate favors were small turkeys.

The following members were present: Mmes. Floyd Modgling, McQueen, J. D. Leonard, Emerson, Fewell Sims, Robert Knierim, Forrest Clark, Emmett Caperton, Ben Reeves, Gray, Keeney, West and the hostess.

## Mmes. Wilson and Rippetoe on Program

Mrs. Wilson discussed new hair styles which were featured at the recent beauticians meeting in San Angelo, showed pictures, and did a "comb out" for the group.

Mrs. Rippetoe discussed cosmetics and showed a film from the

Merle Norman Cosmetic Co.

A dessert plate was served to the two speakers and Mmes. Clifford Clark, Vetal Flores, D. K. Glenn, J. T. Henry, R. C. Lasswell, J. B. Mackey, O. R. McQueen, Ernestine Powell, J. R. Rasco, R. W. Rees, Collins Sayner, T. F. Sims, Jr., H. A. Springer, George Thomas, Joe George Wilkins, Claude Word, Otis Smith and the hostess.

Three Debts Owed By Each of Us

By A. Lin Loeffler, Pastor First Methodist Church

Everything else is "brand-new" this year, even the automobiles, so let's make this Thanksgiving 1956 something new, too, with lots of added horsepower. It is to be understood, of course, that there will be the usual eat-fests, with plenty of turkey and dressing, pumpkin pie, and stomach aches. And that is all very wonderful — except the stomach aches, which are not even so bad any more with the advent of Pepto-Bismol. But we could have all the relatives and friends we know with us, we could have a dozen stuffed turkeys, with all the trimmings, and we would not yet have a complete Thanksgiving. We need truly to GIVE THANKS to make it complete!

Of course, we are all good at giving thanks for what we have—at least we give lip service to it. But you know, there is a great deal of difference between supporting a thing with our voices and supporting it with ourselves. I wonder if God is not somewhat bewildered and exasperated that people in our land talk so much about being thankful, and then do so little about it. Our forefathers, the Pilgrims and those who followed, knew what they had to be thankful for. I am much afraid that we have become so accustomed to taking all our benefits and blessings for granted that we no longer know what to be thankful for. We have right and privilege all mixed up with each other. Let's take stock a few minutes.

We have a great many things we refer to as our "rights". To worship as we please, to speak as we please, to print as we please, and others—these are our rights, we say. But rights do not come free—nor easy. Every right we have has at least one corresponding duty which ensures that right to us. These duties are what I would wish for everyone of us to thing seriously about during this Thanksgiving season, and then as soon as the celebration is over, to get out and do something about them. Here I can only generalize about what is necessary.

First, we must consider the shoulders we are standing on. We did not get here by ourselves. WE OWE A DEBT TO THOSE WHO WENT BEFORE US. Basically, these people did a wonderful job of shaping a country and a society for us to use and enjoy. They handed down to us a society built firmly on a foundation of love of God, love of fellow-man, and plenty of hard work. They had the sensitivity of conscience that insisted they seek the truth and use it. They did not always succeed, for our forebears made many mistakes. They would be the first to say so. So, in paying our debt to the past, we must acquaint ourselves with it, sift it, and profit by both the right and the error in it. This is a firm foundation we have to build on.

WE ALSO OWE A DEBT TO

OURSELVES. God has given us lives to live and a wonderful world to live them in. But we need to treat these gifts with responsibility. We have been too much like the spoiled child who has the unrestricted privilege of a charge account at the candy store—we gorge and gorge, and never get really satisfied. But, boy, do we get one glorious stomach ache! Rather, we should take stock of the situation as it stands: assess the rights and privileges we enjoy, and then determine to use them for our growth rather than our social, moral, mental and physical debauchment.

Finally, WE OWE A TREMENDOUS DEBT TO OUR POSTERITY. If those who came before us had not cared a great deal about us, they would never have laid the solid foundations on which we

build. There was once a man from the hot, dry hills of a little Mediterranean country who advised that the way to gain real values was to forget about getting and concentrate on giving and doing. Just what are you contributing to the future?

Here we have three debts we must pay—to the past, to the present, and to the future. The interest on these debts is a great deal of constructive thinking plus a genuine interest in the world and the people in it. The principal is a lot of "do-something." This can include a myriad of things—our churches, our schools, our young people—you name it, and you have an area for unlimited constructive work.

This, then is THANKSGIVING 1956. You say that you are thankful to God for all you have? Then get busy and show it—remember that the word has two parts — THANKS and Giving.

TWO GIRLS, A CHEVY AND A RECORD!

A meaningful achievement in automobile performance

Most automobile performance records are pretty difficult to relate to the kind of day-in, day-out driving most of us do. Running at safe and legal speeds, a '57 Chevrolet recently chalked up an important new coast-to-coast record on the road. And the way it set this record is even more important than the record itself!

A new '57 Chevrolet recently proved it has the qualities most people look for in a car—and proved it on the roads you travel. It set a new record of less than 57 hours for the run from New York to Los Angeles (certified by NASCAR). It was a strictly stock, V8-powered Chevy. It was driven by two young ladies.

When you consider that all the driving was done by 98-pound Betty Skelton and her friend Caroline Russ, the true significance of this record run becomes apparent. It's a tribute to Chevrolet's great-hearted V8 engine and solid road-worthiness that it could travel day and night for 2,913 miles at safe and legal speeds—and better the existing record for the trip by more than three hours. And when a pair of young ladies step into a car and drive it round the clock to a new transcontinental record, you know that car is easy to drive. Come try a Chevy.

## Thanks Is Owed for All Good Things

By Douglas Brown, Pastor  
First Baptist Church

The roots of religion are so deeply ingrained within the personality that the needs which stem from religion cannot be satisfied by anyone other than the Spirit of God Himself. This was the driving force behind the pilgrims; they had no religious freedom in England; they were in search of a country in which they could express themselves freely to God.

Not too many of those first Americans survived the first winter, but those who did went to work in the spring planting their crops, and laying in store things needed for the following winter. The miraculous happened: the first American crop was bumper, hunting was good, and the Indians were not only friendly but instructed them in the ways of providing for themselves in the new country. This was God's grace.

In the fall of that year—with the crops gathered—the colony planned a three-day feast which would be a time of thanksgiving to God for their care throughout the year. Since that time, our country has never been without a special day of Thanksgiving.

However, within the last decade and a half, the emphasis of Thanksgiving seems to be turning from the Person to whom it is due to the celebration itself; from festival and worship to festival and football. There is nothing wrong with festival, and there is nothing wrong with football; but let us recognize that God is due more on His Day than an "honorable mention" in a before-meal-grace.

We must remember that we are only stewards of God's gracious gifts. He owes us nothing! The God who made the world and everything in it, being the Lord of heaven and earth, is not served by human hands, as though He needed anything, since He Himself gives to all men life and breath and everything. And it is in the light of this fact that we come to Him in Thanksgiving for His abundant blessings.

What are these blessings? First of all the freedom to worship Him according to the dictates of our conscience, for if a man sins against his conscience he sins against God; then we have the privilege of making our desires (or gripes) known through free election in government; we have freedom of speech and press that is not known anywhere else in the world, and as long as we do not interfere with anyone else's freedom, we can do anything our hearts desire. And the list of God's blessings to us is infinite; were every one of them to be written, I suppose that the world itself could not contain the books that would be written.

Therefore, let us give thanks to God; for He is our salvation. He

is our hope. He is our desire. Whatever is true, whatever is honorable, whatever is just, whatever is pure, whatever is lovely, whatever is gracious, if there is any excellence, if there is anything worthy of praise, thank Him for these things.

## Tips on Mailing Christmas Parcels

Postal patrons this coming Christmas season can speed the processing and assure quicker delivery of their Christmas parcels and cards by availing themselves of various postal services and free postal information pamphlets, Postmaster General Arthur E. Summerfield announced today.

The services mentioned by the Postmaster General include:

1. This year, for the first time, sealed parcels may be mailed at the third or fourth class postage rates without labels, notations, endorsements, or heiroglyphics of any kind authorizing the opening of the parcels for postal inspection. Packages sealed with modern materials or even with just plain Christmas seals should carry better in the mail than unsealed ones. Strong cord should also be

used.

2. Combination Mail, which was used for the first time during last Christmas season, and which permits a mailer to enclose a letter or message inside a gift parcel and pay the appropriate postage on it plus the postage for the package itself.

3. Certified Mail, also used for the first time in the 1955 season, which permits mailers to have proof of delivery of Christmas letters, cards or parcels having no intrinsic value for a postal fee of 15 cents plus first-class postage.

The free postal pamphlets — available at all post offices — are entitled "Packaging and Wrapping Parcels for Mailing" and "Domestic Postage Rates and Fees."

Mr. and Mrs. J. L. Keeney will go to Waco to spend Thanksgiving with their son, James Keeney, and his family.

Mr. and Mrs. Matthew Caperton and children will spend the holidays with her mother, Mrs. Jim Brown, and Mr. Brown in White-right.

## Each Day Should Be Thanksgiving

By Owen Cosgrove, Minister

### Bronte Church of Christ

One of America's oldest customs is the annual setting aside of one day for the giving of thanks to God.

This American institution was observed first in 1630, when supply ships from England arrived in Boston. Even as those people were deeply grateful for the Lord's blessings then, so should we be today.

It is wonderful when the people of our great country realize that "every good and every perfect gift... cometh down from the Father of lights..." (James 1:7)

Isn't it strange that those who are blessed most in this life often are most prone to forget the source of their blessings? Even when we have been showered, yea flooded, with blessings, it is possible to forget them while concentrating on trivial day to day problems.

When we view the world of sorrow and unrest around us, our hearts should leap with joy for the blessings we have received. When we find ourselves unable even to count or know all of our physical blessings, we surely cannot fully know how we have been blessed spiritually in Christ Jesus.

May our hearts never be corrupted by the sin of ingratitude. Let us more fully appreciate the myriads of joys and privileges which we have received.

The true spirit of Thanksgiving cannot and must not be bounded by the space of one day. Thanksgiving is not an ornament to be used only on special occasions. It must not be exercised only in harvest time or time of blessing. To the Christian, every day should be one of humble gratitude and thanksgiving.

### CARD OF THANKS

Our thanks to each one of the many friends whose loving expressions of sympathy helped us so much during our recent sorrow. We are especially grateful.

Claude Gentry and Family.

### FIRST BAPTIST CHURCH

A special Thanksgiving service will be held at First Baptist Church Wednesday night, according to the pastor, the Rev. Douglas Brown. Everyone is invited to the services, he said.

### Much for Which To Be Thankful

Rev. R. W. Blackmon

We have approached again the Thanksgiving season, and only by the mercies of God have we come this far in life. As we look back over the year that has just passed and the mile stones that have been passed, I am made to be humbly thankful for many things that space will not permit me to mention, but there are a few things I shall mention which I believe all of us should be very thankful to God for.

First, we have a free land in which to live is very important and should bring from our very hearts grateful praise to our God. There are people who live today that do not enjoy this great blessing. The foreign countries that are under the rigid rule of Russia do not enjoy this great blessing, and if it were not for God and His goodness to America neither would we enjoy it. So, because of this great privilege, let us raise our voices together in thankful praise to God our Father for His providence over us as a Nation.

Then, we have our free public schools, with qualified teachers to teach our children. So many places do not have this blessing. There are some places that have only private schools where it costs the pupil so much money that very few ever reach the higher plane of education. Of course, these places have dominated schools that teach just what they desire to teach, but not one of us would like the set-up they have nor the things they teach. Praise God all ye people for free public schools.

Then, we have our Churches, and freedom to worship God according to His Word. This is no small matter, yet we take this blessing as matter of fact, placing very little importance on it, just attending services when we feel like it and everything is convenient. Let us, not only at Thanksgiving season, meet together to thank

Him for His blessings, but each and every Lord's day meet together and thank Him for His goodness toward us.

Then, we have our homes that we should be thankful for. Our homes are sacred, and we live in a land that recognizes this fact. The police or any peace officer cannot enter our homes without a permit to do so. In many countries the police can enter and cause havoc without any permit or any other legal document. Let us Thank the God of Heaven for all His wonderful works to the children of men.

other yard and a first down. Running from two yards out, Wrinkle went into the end zone for the touchdown. Lee's try for extra point was missed and the Longhorns led at the end of the first half 13-0.

The third period opened with the Steers receiving the kickoff on their own 49 and from there, they drove into Longhorn territory for the first and only time. Godwin carried twice for five yards to move the ball down to the Longhorn 46, but could not produce enough yardage for a first down and was forced to punt. Taking the punt on their own 15, the Longhorns led by Wrinkle and Walker moved the pigskin to the Steer 40, but a penalty and failing to pick up necessary yardage for a first down, the Steers took over on their own 40.

Using Wrinkles toe as an effective weapon, the Longhorns kept the Steers pushed back deep in their own territory. A 35 yard punt by Wrinkle sent the Steers wheeling back to their 16. Four plays took the ball down to the Steer 45, but Wrinkle intercepted a Steer forward pass and returned it to the Steer 30 on a 28 yard jaunt.

Walker carried for one, but a 15 yard penalty put the Longhorns back on the Steer 44. Wrinkle then hit Walker with a pass covering 18 yards, but the Longhorns threat died at this point and the Steers took over on the 28. The Steers managed to pick up a first down, but was forced to punt in the next series of downs. Taking the punt on their own 45, the Longhorns ran the clock out in two plays. The final score showed Bronte out front by a score of 13-0.

The Longhorns had six boys that

ended their high school football career in this game. These boys were James Andrews, Gene Walker, Bobby Hester, Bill Wrinkle, Joe Ramirez and Jimmy Lee. All of the boys made an appearance in the game and played a whale of a ball game for the Longhorns. All of them played for the Longhorns last year, and they have made this an outstanding season for the Longhorns.

The win gave the Longhorns a 6-4 season's record and the Longhorns evened the series with the Steers 7-7 over a period of 17 years. The win was the fourth straight win for the Longhorns over the Steers. It is the longest winning streak held by either team in their annual grudge battles.
