CITIZENS OF TOMORROW—Next group of fine looking Bronte youngsters begins at the top, left, with Paula Jane Landers, 3-year-old daughter of Mr. and Mrs. Marvin Landers. The two children of Mr. and Mrs. Jack Doug Ivey complete the top row. In the center is Rhonda, 1½ years old, and right, is Rock, 3½ years old. On the bottom row, left is David Denman, 5-year-old son of Mr. and Mrs. Aubrey Denman. Steve Williams, son of Mr. and Mrs. E. G. Collins is in the center picture. He is 6 years old. Last picture on the bottom, right, is Miss David Ann Reel, 4-year-old granddaughter of Mrs. Minnie B. West.

AD-LIB-BEN

We went down to see the new home of the Red Chain Feed Store this week. Joe Rose must have had a feed store in mind when he constructed the building. It's ideal for the business, having big doors (plenty large enough for trucks to drive through), lots of room for storing their big stock of merchandise, and nice quarters for the offices.

We have thought for years that Bronte needed a business like this one, to supply the needs of farmers and ranchmen of this area. We were glad to see J. W. Teague open the business and are happy to see the business expanding.

An interesting sidelight we learned was that some of the grass seed they have in stock sells for \$4.00 a pound. Somebody said, "A fellow could walk off with a small fortune in his pockets."

The March of Dimes drive was a big success again this year. In case you're interested, Coke County is second in the 42-county area of West Texas in per capita contributions to the drive. Andrews county beat us out, but they have more oil than we do.

We took a drive around a good portion of this area last Sunday. It looks better than we ever saw it this time of year. There are lots of beautiful fields of winter grain. It's a soothing sight to see fat cattle and sheep contentedly grazing on a field of solid green. It made us think of some of the pastoral scenes we had pictured from reading after some of the masters of fine writing.

Volunteer workers are needed to help with the X-Ray survey which will be in Bronte on March 1. The free X-rays will be given to all over 16 years of age and is a very worthwhile undertaking. Several women, about ten, will be needed to register persons coming in for X-rays, persons will be needed to furnish transportation for older citizens and others who have no way of getting to the X-ray site. We'll even have to have some "strong guys" lined up to unload and load the X-ray equipment. Anyone or any club group who will help with the survey is asked to leave their names at The Enterprise office.

RED CROSS GOAL IN COKE SET AT \$1,138

A total goal of \$1,138 has been set for Coke County for the 1957 Fund campaign which begins Mar. 1.

An erroneous report in the Enterprise listed the goal at \$723. H. A. Springer, chairman of the Coke County Red Cross, said that the recent flood situation in the Southeast and other emergency activities of the Red Cross have necessitated a revised estimate of all local goals.

Of the amount raised in Coke County, 36.47 percent remains in this chapter for local use and 63.53 percent is remitted to the area office. For all collections over the goal, the local chapter retains 50 percent for its own use.

Springer said that Coke County has always raised its quota and it is hoped that the local drive will exceed the quota. Other workers for the fund drive will be named in the near future.

PERCIFULL HEADS GROUP

Noel Percifull, former Bronte resident, was elected president of the Texas Service Station Assn. of Abilene in the group's regular meeting last Tuesday night.

Percifull, who is the son of Mr. and Mrs. J. A. Percifull of Bronte, operates an Humble Service station in Abilene. He and his wife and daughter, Gay, have been living there the past two years.

ART EXHIBIT

The Bob Saxon Art Exhibit opens Sunday, February 17, at the Helen Kendall Gallery, downtown in San Angelo. A spokesman for the Gallery said, "This will be an excellent art exhibit, and we hope a number of people from Bronte will attend."

Hours are from 2 until 6 p. m.

BASKETBALL MONDAY

Grade school basketball teams will play a double header basketball bill here next Monday night with Robert Lee. Both boys and girls will play. Games will begin at 6:30 p. m. No admission will be charged.

Coke County Goes Over Top In March of Dimes Campaign

The Coke County March of Dimes has gone over the top with its annual drive again. I. C. Oden, who was in charge of the drive for the east side of Coke County, announced Wednesday that a total of \$1,046.66 has been turned in here.

The climax to the Dimes Drive, as well as the principal money

raiser, came last Friday night when the annual Tad Richards March of Dimes dance was held here. Matthew Caperton, who was in charge of arrangements, said \$353.40 was cleared after all expenses.

The wholehearted cooperation of the people of this area was the cause for the success of the drive

Oden said. Other events which raised money for the campaign included a party at the school house at Tennyson, a tamale sale sponsored by the Latin-American residents of Bronte, a number of basketball games at the Bronte School gym, and the Mothers March.

Oden released a list showing sources of the total for this area as follows:

Tennyson Party	\$ 35.90
Tamale Sale	52.90
School Cards	75.00
Bronte Business Firms	185.50
Mothers March	135.80
Ball Games	54.50
Coin Containers	33.60
Individuals Outside Bronte	110.06
Dance	353.40
Bronte PTA	10.00
TOTAL	\$1,046.66

Lewis Heuvel, who was in charge of the drive at Robert Lee and the west side of the county, announced last week that he had deposited better than \$1,000 which had been collected there.

Silver still had several money-raising events coming up at last report.

Oden expressed his deep appreciation for the support which has been given the March of Dimes here. He said, "I don't think anybody will ever be sorry he was so generous in helping these folks who are victims of polio." He said he would like to thank everyone who gave to and worked for the drive.

Oden said a few scattered contributions are yet to come in, but for the most part the drive is complete and no other money-raising event are planned.

Basketball Tournament Next Weekend; To Benefit Scouts

The third annual independent basketball tournament will be held in Bronte Feb. 21, 22 and 23. Proceeds from this tournament will go to the Boy Scouts and Cub Scouts of Bronte.

Play will get underway next

Thursday, Feb. 21 at 6:30 p.m. in the Bronte School gymnasium.

Eight teams will be entered in the tournament, as follows: Ballinger, Bronte, Talpa, Garden City, Sweetwater, Snyder and two teams from San Angelo.

There will be four games Thursday and Friday nights, while the finals for the championship and consolation will be played Saturday night.

Four trophies will be awarded at the conclusion of the tourney. Two will go to the first and second place winners, and the other two will be awarded to consolation winners and runner-up.

Advance tickets will be sold by the Scouts. A three-night ticket for adults is \$1.00 and school students may obtain the three-night tickets for fifty cents.

Sponsors of the tournament issued everyone an invitation to attend the games. They promise some first class ball playing and added that the Cubs and Boy Scouts of Bronte will appreciate all the help given them.

BASKETBALL AT BRONTE HI

BOYS GAIN TWO DIST WINS

The Bronte Longhorns, although they had won only one district game up until Friday night, pulled through to win two straight district games.

The Longhorns defeated the Robert Lee Steers last Friday night by a score of 48-40. Richard Rees of Bronte was high point man with 14, while Lee and Wilkins were close behind with 12 and 13 points respectively. Anderson was high for Robert Lee with 11 points.

The second win came from a tilt with Water Valley. Score was 70-56. Again Rees was high pointer with 24, Williams of Water Valley hit the net for 14.

GIRLS IN SECOND PLACE

By winning two more district games, the Bronte Cowgirls have gained full possession of second place. The first game of the past week was played with Robert Lee. This was a hard fought and well played game for both sides but Bronte came out on top with a one point margin, 41-40. Jo Gentry burned the baskets for a total of 28 points while Charlene Robertson had 21 points for Robert Lee.

Bronte girls also defeated Water Valley to win their eighth district game. The score was 54-44. Although Water Valley came within two points of Bronte the local girls came through to win. Munn of Water Valley hipped the net for 31 points, while Aletha Murtishaw and Jo Gentry of Bronte each had 22.

HOME GAMES COMING UP

Bronte fans will have an opportunity to see the basketball teams on the home court Friday night and again Tuesday night. Bronte boys will play another district game with Christoval here Friday night at eight o'clock. Since Christoval does not have a girls team, there will be a boys B team game at seven p.m.

On Tuesday night of next week the local lads and lassies encounter the Norton boys and girls here in district games.

Everyone is invited to attend these games.

Visiting Mrs. Ara Scott Saturday night were Mr. and Mrs. Noel Dean Scott. The Scotts recently moved from San Angelo to Robert Lee.

Murder Trial Set For March 11 At San Angelo

Judge Joe L. Mays has set the date for the trial of Vernon Glenn, Bronte, for March 11. A special venire of 200 prospective jurors has been summoned for that date. Proceedings will get underway at 10 a. m.

Glen, 33, is charged with murder in connection with the death of Hollis Stevens, 31, last July 25. The shooting occurred in the alley behind the post office at Bronte. At the time, Glenn was an employee of the post office and Stevens was State Highway Department section foreman for this area.

The shooting occurred about 10 a. m. and Stevens died the same night in Shannon Hospital in San Angelo, after having been transferred there from the Bronte Hospital.

The case was originally set to be tried in Robert Lee, but change of venue to San Angelo was granted by Judge Mays Aug. 30. The trial has been continued once since it was moved to San Angelo.

Justin Keever, new 51st District Attorney, is expected to prosecute the case, and O'Neal Dendy, San Angelo attorney, has been retained by the Stevens family as a special prosecutor. Keever was assistant district attorney until he took office in January.

Attorneys for the defense are expected to be Carl Runge, Sr., and Earl W. Smith, both of San Angelo.

New Tax Exemptions

Mr. and Mrs. W. Duane Tucker announce the birth of a son Feb. 7. The baby was born in a Gilmer hospital and has been named Richard Clark. He weighed nine pounds, six ounces. He has a brother, Sammy, 7, and a sister, Judy, 2½ years old. Mrs. Tucker is the former Bessie Mae Clark, daughter of the John Clarks of Tennyson. Mr. and Mrs. Tucker formerly lived at Bronte.

Bronte School Census Shows Small Increase

Supt. Garland Black announced this week that the number of scholastics enumerated in the school census just completed gives Bronte four more pupils than last year.

This is the first time in several years that the number of scholastics has shown an increase over the previous year, he said.

A total of 348 prospective pupils were counted in the census this year, while last year 344 were counted, making an increase of four.

This number is divided into 177 boys and 171 girls.

Here from Rocksprings over the weekend were Mr. and Mrs. C. N. Webb, Jr. They visited in the home of Mrs. Ernestine Powell.

SOCIETY

The Bronte Enterprise

February 15, 1957

what's what by whatley

Some wonderful things have happened to me recently. Among them was a telephone call from Mr. and Mrs. "O". It was just super to hear their voices. We missed them when in Bronte the other day. I think he left town when he heard we were coming. And Mrs. "O" didn't hear my horn as her little "measled" daughter had the TV on too loud.

It seems some people aren't very tactful. They were sending me a new typewriter ribbon and he had the nerve to ask me if I would like it red and black so I could see my mistakes in red. I'll have him know they show up plenty big in black.

I'm enjoying my schooling very much. I get more laughs during class than I get the rest of the day. There is one thing I have learned from typing and that is that I'll never do much exclaiming in my writing as I don't think I'm going to like making those exclamation points.

The President of the College called me in his office the other day. In our telephone chat the other night I told Mr. O about it and he asked me why. I told him it was for flirting with the boys. But really that wasn't the reason. It was for a very nice reason.

Besides my going to school, we have been making frequent trips with the real estate man trying to find a house we think we would like to buy. It is hard to find something that fits my taste and also fits my pocketbook. It seems there is a great space in between.

For this week, I am going to bring you a meat dish recipe that was given to me by Mrs. Wallace Dunson, a former Methodist minister's wife of Bronte.

It is called:

Ground Meat and Macaroni Casserole

1 lb. ground meat browned in 2 tablespoons fat with one medium chopped onion.

Add:

½ chopped green pepper
1 can tomato sauce
Salt and pepper to taste
½ cup grated cheese.

Cook ½ box macaroni and add to above mixture. Place in casserole and bake approximately 20 minutes at 350 degrees.

She said other seasoning may be added to this dish if you like and you may also top it with grated cheese.

"Texas Day" Topic For Progressive Club

A "Texas Day" program was given by Progressive Club members at their meeting Thursday, Feb. 7, in the home of Mrs. Chas. Keeney.

Mrs. W. C. Duncan was Counselor and Mrs. Edna Butner spoke on "Legal Status of Women in Texas, including Property and Wills." Mrs. R. E. Cumbie discussed "What Every Woman Should Know About Her Husbands Business." A salad plate and coffee were served.

Present were Mmes. Edna Butner, Joe Carter, R. E. Cumbie, W. C. Duncan, F. S. Higginbotham, J. D. Leonard, A. N. Rawlings, L. E. Smith, Annie Wilkins, L. T. Youngblood and the hostess, Mrs. Charlie Keeney.

JOY Class Meets, Plans Monthly Socials

Joy Class of First Baptist Church met last Thursday, Feb. 7, at 7 p. m. at the church. Mrs. Collins Sayner, president of the class, presided over the business meeting.

The group voted to have a covered dish supper on the first Tuesday of each month. Two members will act as hostesses.

Mrs. E. L. Caperton and Mrs. Taylor Emerson will be hostesses for the class meeting March 5.

Mrs. Claude Word and Mrs. Lester Webb were named to the Courtesy committee.

Cake and coffee were served to thirteen members present.

Mrs. Dee Estes Hostess To Bronte WHD Club

February meeting of the WHD club was held in the home of Mrs. Dee Estes. Opening exercise was a Valentine poem on "Being A Friend."

Mrs. H. A. Springer, president, conducted the business meeting. Mrs. Collins Sayner was nominated as a delegate to the District meeting in Abilene April 3 with Mrs. Taylor Emerson as the alternate.

Mrs. H. A. Springer was nominated for Texas Home Demonstration Association Chairman of Coke County. These nominations will be voted on in council.

The 1957 Coke County Home Demonstration Recommendations were read and approved. The club voted to order a mold for making plastic leaves.

The committee reported 89 were present at the planning meeting in Paint Rock on Feb. 4. Coke County is to be on the Citizenship program at the Abilene meeting.

Mrs. C. E. Arrott gave a sewing demonstration on making corners, new type bound buttonholes, and new ways to sew in a zipper and belt. The hostess served pink frosted cocoanut angel food cake, roasted nuts in heart-shaped foil cups, and coffee to six members.

The March meeting will be with Mrs. Pete Gentry.

FRESHMAN PICNIC

The Freshman class of Bronte High School was entertained with a picnic super and theater party in San Angelo Monday night, Feb. 11. Thirty-five freshmen and their guests attended the affair. Vetal Flores is class sponsor.

ATTEND SHAKESPEREAN PLAY IN ABILENE

Several high school English students under the direction of Vetal Flores attended the Abilene Christian College players production of Shakespeare's play "The Taming of the Shrew", last Friday night, Feb. 8.

Students that attended included Stanley Daulong, Linda Henry, Betty Taylor, Carolyn Kemp, Joy Lyn Wilkins and Ida Nell Shields.

They were accompanied by Rev. and Mrs. Douglas Brown, Mr. and Mrs. J. T. Henry and Mr. and Mrs. Flores.

Visiting Mr. and Mrs. C. E. Bruton Sunday was Lloyd Ash, a student at Abilene Christian College. Ash was here to pick up his car in which he had an accident a few weeks ago when the highways were icy.

MRS. PAYNE IS SPEAKER AT PTA MEETING

Mrs. Elmer Payne, 16th District President of the Parent-Teacher Association, spoke to the Bronte PTA in a meeting Tuesday at 3:40 p.m. in the school auditorium. Mrs. Payne, who resides in Sweetwater, spoke on Accomplishments of Our Founders."

In a business meeting following Mrs. Payne's talk, the PTA voted to give a life membership in the Texas Congress of Parents and Teachers.

Members present also voted to give an additional \$100 to the school library for use in providing drapes for it. The PTA gave the library \$300 earlier this year for use in improving it.

A nominating committee was elected, with Mrs. Bob Wilson as chairman, and Mrs. D. K. Glenn and Mrs. Foy L. Moore as members.

Mrs. George Thomas was appointed as chairman of the Life membership committee, and Mrs. J. B. Mackey and Mrs. Matthew Caperton were named members. A committee to be in charge of the summer roundup is made up of Mrs. Vetal Flores, chairman, and Mrs. Carroll Robbins.

Texas Heart Fund contributions are deductible for income tax.

Dr. McDaniel Chairman For Heart Fund

Dr. J. D. McDaniel of Robert Lee is again serving as chairman of the Heart Fund campaign for this area. He hopes to exceed a \$100 quota here and will appreciate all contributions.

Thousands of volunteer workers throughout Texas are now participating in the current annual Texas Heart Fund campaign for funds with which to continue the fight against the nation's number one killer-disease, according to Dr. E. N. Jones of Lubbock, 1957 Heart Fund chairman for Texas and president of Texas Technological College.

Three-fourths of the total

amount of money contributed by Texans in the 1957 Heart fund will remain in their local communities and the state to be used to further the research, education and community heart programs of the THA and its local community chapters, the 1957 Heart Fund chairman pointed out.

"Of the total funds contributed during this year's campaign, 60 per cent will remain in the local Heart Association chapters and districts, with another 15 per cent being utilized in the state-wide Heart Association program," Dr. Jones explained.

In urging participation of "every resident of Texas" in the 1957 Heart Fund, Dr. Jones pointed out that "in 1955 — the latest year for which figures are available — diseases of the heart and circulation were responsible for more than 810,000 deaths in the nation, or approximately 53 per cent of all deaths at all ages."

The college president also emphasized that one of every 16 persons in the nation "suffers from some form of heart or circulatory disease, including 500,000 children of school age."

Since 1948, the American Heart Association, its affiliates, such as the Texas Heart Association, and local community chapter have channeled almost \$20,000,000 into research looking toward discovery of the basic causes and controls of rheumatic fever, high blood pres-

sure and hardening of the arteries, Dr. Jones said. He pointed out that these three diseases accounted for more than 90 per cent of all heart cases.

The Heart Associations also conduct educational programs seeking to eliminate needless fears and misconceptions about heart diseases, as well as aiding community heart programs.

Band News

The band of Bronte school took a trip to Abilene Thursday, Feb.

7. There they were guests of the McMurry College band, at its winter concert. Members of the local band reported the trip entertaining and educational.

The band is now making a drive to sell magazines. Members of the group are selling subscriptions to most all popular magazines. They have until Feb. 22 to sell subscriptions. They have invited every resident of this community to see them about subscriptions. "You will be helping the band and getting a magazine at the regular price," they said.

IT'S LIKE TWO ENGINES IN ONE!

TRIPLE-ACTION RESERVE POWER!
Simply nudge the accelerator beyond the $\frac{3}{4}$ mark and you "call out the reserves"! The J-2 Rocket then operates on three dual carburetors! J-2 is available now at a modest extra cost. Try it!

It's the most exciting engine development since the first Rocket was launched!

Engineers have dreamed for years of an engine that combined exceptional horsepower and torque potential with outstanding fuel economy in normal operation.

And today, Olds has it in the new J-2 Rocket.* You'll find *it's like two engines under the hood!*

In your day-to-day driving, you enjoy the smooth, alert action of the Rocket—with

the fuel economy of dual-jet carburetion and a 10-to-1 compression ratio. But to meet the exceptional driving situation, just open the accelerator beyond the $\frac{3}{4}$ point and two additional carburetors automatically jet into action. There's an instant boost in torque and power. You'll appreciate the immediate response as another Olds contribution to your pleasure and safety at the wheel!

*277-h.p. Rocket T-400 Engine standard on all models.
J-2 Rocket Engine, with 300 h.p., and special Rocket Engine, with up to 312 h.p., optional at extra cost.

MRS. A. J. ROE, JR., H. D. Agent

Several people have asked questions about setting out Roses and care of roses already in the ground. In case you have rose problems call or come by my office for a leaflet on Roses for Texas. All the information you need is there in a very easy illustrated leaflet.

Women are always interested in kitchens — I am especially interested in a kitchen of the future, I've been reading about. Commercial mouths are already drooling over the possibilities. The wonders are numerous; a few of them are: a range that cooks without getting hot, a glass-dome oven that cooks a 30 pound turkey before you can set the table; a self raising sink, a remote-control serving cart, a power driven pot scrubber; electric recipe file and screen upon which the desired recipe is projected in color and a "no-hands" phone. By the way, I read these "Miracles to Come" in the February issue of Consumers Report. Oh yeah, now that we have dial phones in Robert Lee they may soon be out of date as the picture-phone, a talk-see instrument that will sing a tune instead of ring may not be too far in the future. Well, anyway, this talk-see phone could have its disadvantages, couldn't it?

4-H club members have been wanting a council to help plan 4-H activities for a long time. Finally we are getting around to calling a meeting to organize a 4-H Council on Saturday, February 16, at 9:30 A. M. Representatives for all the boys and girls clubs will meet in my office to elect officers and make plans for the next few months. Adult leaders and parents are urged to attend. Mr. Waide and Mr. Coffman will also be on hand to help get the council off to a good start.

If you see any improvements in my column this week you can give the credit to Miss Irene Grometsky of the Information Office, College Station. I attended a 1½ day training in San Angelo on Information including news writing. Several other agents in the district are writing columns so we "compared notes." We get many new ideas which I hope will help me keep your interest. Would appreciate your letting me know what you like me to include in my column. The Editors are wonderful to me in regard to space, so let me hear from you as I'd like to use this space to give you what you want.

You really missed something if you did not drop in to see the girls and womens exhibits on the Livestock Show date. Over 85 people did visit the exhibits set up by H. D., 4-H and F. H. A. members. We hope we do better next year by having more exhibits and maybe some judging.

TO PROCESS POULTRY

Wouldn't you like to see and know the proper way to kill and process poultry and turkeys? Well you can see a demonstration on the subject Tuesday, Feb. 19, from 9:30 a. m. until 3:30 p. m. in the Extension Service Office in the Courthouse. Mr. Kermit Schlamb, Extension Poultry Specialist of College Station will discuss and show you how to select, kill, scald, pick, eviscerate, cut and package poultry. He will also show how to cut up a turkey and to make turkey steaks.

The public is invited to attend this demonstration. Please call 78 by noon Monday if you plan to attend.

DELICIOUS POTATO SALAD

Potato Salads are easy to make, can be nutritious, interesting, colorful, and delicious," said Mrs. Fay C. Roe, C. H. D. A., Monday to a group of 4-H leaders. Potatoes should be included in each day's menu according to the Tex-

as Food Standard. Other ingredients of the salad, eggs, celery, and lettuce have their places in our diets too. This demonstration was given to leaders who will conduct similar programs in Robert Lee, Bronte, Silver and Tennyson clubs. Some training was given on 4-H records. Suggested book forms were made by each leader. Leaders attending were Mmes. Foy Moore, Truman Parker, Pat Rives, Bert Blaylock and Joe Ash.

Commissioners Work on Road, Park Projects

From Robert Lee Observer

Coke County Commissioners Court was in session Monday and Tuesday when various matters of county business were discussed. Attention was directed to the January financial report submitted by County Auditor Weldon Fikes, and he also announced the completion of the annual report for 1956.

Commissioner Fern Havins reported that H. L. Bloodworth has accepted re-appointment as a Hospital Trustee from Precinct 1. Commissioner Howard Brock of Bronte is expected to recommend a new appointment to succeed John Coalson in Precinct 2. Mr. Coalson is moving from the county. The hospital report for the month of January was the best for some time, and showed a cash balance on hand of \$900.

Wolf Nursery was given a contract for landscaping and planting trees and shrubs in the new County Park at Robert Lee at a price of \$1,180. Similar work has been done in the new County Park at Bronte. The county negotiating for the purchase of an adjoining 9-acre tract to be included in the Robert Lee Park. The property is owned by Mrs. Cartledge and Roy Taylor.

Commissioner Brock has been engaged lately in getting right of way for widening Highway 277, a distance of nine miles. Forty acres have been acquired for the enlarged Y a few miles north of Bronte where the routes to Abilene and Sweetwater intersect.

Mr. Brock says the state plans to widen and straighten the highway on down to Bronte and surveys have been completed.

Commissioner Ed Hickman has not yet been advised to acquire additional right of way for completion of the new 4-mile stretch of road leading to the Perkins-Prothro camp and Texas Natural Gasoline Corp. plant, southwest of Silver.

Road equipment from both Precincts 1 and 3 is at work this week on the Robert Lee Park project.

Mr. and Mrs. Grady Coulter and Bill Casey were weekend guests in the home of Mr. and Mrs. Turney Casey. They all live in Hamlin, although Mr. and Mrs. Coulter are former Bronte residents.

Eats like a hummingbird!

Like *all* the new '57 Fords, that sleek Sunliner up there lives on a mighty lean diet of gasoline. Big reason? Look underneath the new front-hinged hood of this over 17-foot long dreamboat. There you'll find a magnificent V-8 engine . . . an all-new, easier "breathing" power plant that measures

fuel and air more efficiently than ever before to give you fuller combustion, greater economy. There you'll find a completely new brand of Ford TNT that's the *proud result of Ford's many years of V-8 leadership*. Yes, "Six" or "Eight" . . . the going's great in the new kind of Ford!

Goes like a Thunderbird!

For a car that "eats" like a bird . . . just watch this new kind of Ford *devour* the miles! That's its new Thunderbird V-8 power* for you. It's the same kind of mile-melting power that sparks the mighty Thunderbird itself . . . the same *staying* power that hurried a '57 Ford over 50,000 salt-encrusted

miles at Bonneville in less than 20 days . . . at an average speed of more than 108 miles per hour! But Action Test the new kind of Ford. Feel the new solid, silent ride that stems from the all-new Inner Ford. Discover all the *other* reasons why Ford makes "luxury" a low-priced word!

Animals Highly Improved at 1957 Stock Show, Sale

By JACK B. WAIDE

A lot of you failed to make it out to our stock show. I think 17 boys and girls will agree that it was the best one we have had in years. We had the kind of show that will build 4-H club work and F. F. A. work in the county. The success of these two programs depends to a large extent on the sale. We sold 17 animals fed by 17 different boys and girls this year. Prices were not as high as they were in 1956, but they were high enough to encourage participation in the feeding programs.

The big improvement in our show in 1957 was in the hog classes. Lard has been a real drag on the hog market for several years. Breeder have worked hard to breed a hog with more pounds of bacon and more lean meat as well as less waste fat on the back, joys and belly. A lot of progress has been made and this progress was reflected in our hog classes this year. Terry Bryan has been the perennial winner in our hog show and he won again in 1957. He did it this year with hogs that showed much better care in both selectoin and feeding. Competition all down the line was such that we hope to have one of the best hog

shows in the state in another year or two. Several 4-H club members showed gilts in the fat barrow classes. These gilts will be kept for brood sows and we hope to raise some outstanding show pigs from them for next year.

Our calf classes were better down the line than they were in 1956; however, they lacked the quality at the top, that we had in 1956. Four of the steers placed and were sold at the Abilene Show. James Pentecost placed 14th followed by Gayland Pitcock 20th, Kay Wink 23rd and James Pentecost 27th in the light weight milk fed class at Abilene. The calves brought 29 to 30 cents per pound at Abilene. James Pentecost and Kenneth Wink will show their steers at Houston the last of the month.

We are planning a field day on the A. N. Rawlings and Son Ranch in March. It should be of interest to every sheepman in the county. Joe has a fine program. Final date will be set according to how lambing progresses.

Oil Field Notes

Plymouth Oil Co. is drilling on its No. 1 T. E. Tidwell, five miles southeast of Robert Lee. It is an offset to Plymouth's No. 1 Sims, completed last September for a daily pumping potential of 135 barrels of 42.5 gravity oil, plus eight barrels of water.

Humble completed No. 6 Bronte Cambrian Unit, two miles southwest of Bronte. Daily potential was 113 barrels of 53.4 gravity oil, flowing through quarter inch choke, with 330 pounds pressure on casing and 280 pounds on tubing.

The Fort Chadbourne, West (Gardner South) field of Coke county gained its third well with completion of Humble No. 95-2F Sallie Odom, 4 1/2 miles south of Blackwell.

It was completed for a daily flowing potential of 341 barrels of 45.3 gravity oil, plus two-tenths of 1 per cent water, with gas-oil ratio of 902-1.
