BRONTE, TEXAS, MAY 3, 1957

No. 18

IT SURE DID—Yes, it rained plenty in Bronte last Friday just before this picture was made from in front of The Enterprise office. During the 2.75-inch downpour, water almost got up to curb on the north side of Main Street and lacked only a few feet getting over the high point in the center of the street. Friday's rain was the biggest received during the current rainy "spell."

AD-LIB-BEN

We've been informed this week that the Texas Highway Department is planning to do some channel changing in the east Kickapoo Creek when they construct the new highway from the Y north of here on into town.

We were told that the highway department is going to channel the creek in such a way that the water which runs into it from the northwest will have no place to go except through Bronte.

Frankly, we know nothing about these engineering matters, but the situation bears looking into, and if they are planning such a deal now is the time for citizens of Bronte to protest. It will be too late after the highway is completed and 'all the work done.

Problems of Texas must be confusing even to officials in Washington, a place which thrives on confusion. One day we need drouth relief and the next we need flood relief.

We're indebted to Nile Bryant for offering us pictures he made of the tornado funnel Monday. We couldn't use them because the thing just wasn't dark enough to show up in print. However, we did greatly appreciate his bringing them in to see if we could use them. As usual, we were in one place and our camera in another when the opportunity presented itself.

And speaking of pictures, did you ever see the like that we have in The Enterprise this week. We are calling it our "Life" edition.

Our congratulations go to the Home Demonstration Club ladies of the county this week, which is National HD Week. We believe that Home Demonstration Clubs teach women ways to improve life in the areas where they live and it also provides social activities for the ladies.

Are you having trouble remembering telephone numbers these days? We have learned the first three numbers for every phone user in town and that's about all.

Pre-School Round-Up To Be May 7

Annual Pre-School Round-Up for children starting to school next fall will be held next Tuesday, May 7, at the John Harris Clinic from 2 until 4 p.m. Parents of pre-schoolers are urged to have their children present at that time.

The youngsters will be given physical examinations and will be given any inoculations or vaccinations necessary. The event is sponsored by the local parent-teachers. PTA furnishes the vaccines and Dr. John R. Harris donates his time and facilities.

Coke 4-H Boys High in Contests

By Jack B. Waide

Coke County was represented by seven boys in the 4-H elimination contests held in San Angelo last Saturday. Jerry Jameson won the senior division of the Share the Fun contest, with a pantomime on football. Robert Feil and Russell Brown of Tennyson put on an electrical demonstration and Benny Corley, Dee Arrott, Gus Thomas and Russell Brown, all of Tennyson, placed second in the senior land evaluation contest. Dee Arrott was second high point individual.

Recent rains certainly look encouraging to the county agents office. A fair oat crop will probably be harvested around Bronte and rain Monday certainly improved prospects for an oat harvest on some fields around Robert Lee. Another week of cool wet weather might make oats that appeared to be lost even one week ago.

Red ants continue to be a problem and they seem to have made it through the winter in good shape. Chlododane and dieldren have given excellent control. A second treatment is necessary occasionally, but one treatment usually kills the entire bed. A two percent dieldren dust or five percent chlorodane dust spread in a band 5 or 6 inches wide around the outer circle of the cleared area gives good control.

Good Rains Put Area In Shape to Make Crop

Best spring rains in several years fell over this area in a ten-day period ending the middle of this week. A total of 5 to 6 inches for the period was gauged in the immediate Bronte area with all parts of the county receiving good amounts.

In a downpour Friday afternoon of last week, Bronte received 2.75 inches in about one hour's time. Kickapoo creeks were up and the Colorado River was almost bank

full. About .5 inch was received Saturday and another .3 fell Sunday night.

On Monday afternoon, lots of Bronte residents watched a tornado cloud northwest of town. Toward the ground and then pulled clearly visible, the funnel swooped

ed back into the cloud without touching the ground. Highway patrolmen followed the course of the funnel and saw it dissipate just north of Ballinger. Although Bronte received little rain that afternoon, areas north of town got up to an inch of moisture.

Paving Set For Park Areas And Road Into Town

Plans for asphalt paving of parking spaces and roads in the new County Parks at Bronte and Robert Lee were adopted at a special meeting of the Commissioners Court Monday.

A San Angelo contractor will do the paving at both parks, and his price is considered well below the usual contract figures.

Cost of the paving within the park areas will be paid from county funds.

Ratliff Sheep Top Brownwood Sale

Ed Ratliff's Rambouillets topped the Brownwood All Breed Sheep Sale last Saturday, with one of his registered bucks bringing \$215.

Ratliff and J. Lee Ensor carried five head of sheep to the sale, all Ratliff breeding. Two ewes sold for \$105 and \$90, while the other two rams brought \$180 and \$165.

Ratliff recently sold 21 four-month-old ewe lambs to Bert Blaylock of Robert Lee for \$35 each. He said recent rains should improve the sheep business in this area considerably.

CANCER CRUSADE

Up to Thursday morning, \$238.90 had been collected for the Cancer Crusade in the east side of the county. Mrs. J. B. Mackey, chairman of the drive here, said the campaign is practically complete but that she will be happy to accept contributions from anyone who has not given to the drive.

Editor A. J. Kirkpatrick of Robert Lee, county fund chairman, said this week that the total for the entire county is around \$450. He said he felt confident that the \$600 quota will be reached.

Shake-Up Affects 14 Employees At Lone Star Producing Plant

Fourteen employees of Lone Star Gas Co. here were affected by a shake-up in organization this week. Cause for the moves is that Lone Star Company sold its plant at Crane. Employees at Crane, having more seniority than men here, bid in for the jobs. Six of the employees are moving from Bronte and others had their positions changed, some receiving a cut in salary.

Warren Beaver is being transferred to Eastland; Clarence Doggett is being sent to Jacksboro; E. G. Collins and Emmett Coppock go to Athens; L. B. Hester, who now lives at Winters, is be-

Swimming Pool Here to Open To Public Saturday, May 11

The new swimming pools in the County Parks at Bronte and Robert Lee will open Saturday, May 11, it was decided at a joint meeting of the park boards and commissioners court Monday night.

Aubrey Denman, local park caretaker, said that the pool will open from 4 until 8, when weather permits it, until school is out. After then, the opening hours will be increased.

Denman said admission price is 15c for students and 35c for adults. Season tickets will be available at \$5. A formal opening of the new park and pool is being planned for a later date.

Denman said that some barbe-

cue pits and tables are now available for use of the public. He said that others will be constructed as quickly as possible.

Several clubs and organizations have donated material for the picnic equipment and Denman said that other contributions will be appreciated. Material for a table, benches, barbecue pit and concrete slab on which to mount them costs \$28.

City Cafe Moves Across Highway

The City Cafe, owned by Miss Ella Clyde Black and Mrs. W. B. McShan, is in new quarters this week, moving across the highway to the building formerly occupied by the Ideal Cafe.

The building has been completely redecorated and a dining room has been added for the use of clubs and organizations which wish to meet there. The cafe is open from 5 a.m. until 12 midnight.

Glenn, Springer Attend Regional Scout Meeting

D. K. Glenn and H. A. Springer were in Tulsa, Okla., last weekend where they attended the Region 9 Boy Scout Convention. They were accompanied by Milt Wyatt, Concho Valley Scout Executive of San Angelo, and Buddy Wyman, Camp Sol Mayer Ranger of Menard.

The convention was held in the Mayo Hotel in Tulsa. Scout Executives spoke to the group on organization and Boy Scout work. Delegates also attended a banquet in the hotel. Region 9 includes parts of Texas, New Mexico, Arkansas and Oklahoma.

NEW NURSE WORKING

Miss Nina Fay Mackey, registered nurse, has been employed at the Bronte Hospital. Miss Mackey worked here several years ago. She is also a registered laboratory technician.

She is a graduate of Norton high school and attended Texas State College for Women in Denton before entering the Harris School of Nursing in Fort Worth. She graduated there in March, 1947.

TV TALENT SHOW

NO. 2

Communist Conceptions Of Truth

(This is the second in the series of articles on Communism prepared by Owen Cosgrove.)

Truth, contrary to the opinion of many, is a very real and objective thing. It is actual and it is literal; it is as real as life. As in religion, politics, economics, or any other field of human endeavor, for every truth there are myriads of errors.

Like many systems of thought that appeared about the same time, Communism proposed to be purely scientific and true. Marxists today claim that their government is purely realistic in nature, and that everything it does and stands for is the embodiment of truth and virtue.

Communism was born in an age

when reason and science were exalted. Though both of these fields of thought have their purpose and uses, both have also their limitations. Darwinian Evolution made great strides during this century, despite the fact that some of the most unscientific theories ever uttered were a part of Darwin's works. No one can prove Darwin's work or Marx's work to be purely scientific.

The "Rationalism" and "Modernism" that took roots under the same philosophical circumstances have failed as Communism is failing to explain man's being, his purpose, and his destiny.

Communism has never had any conscience concerning truth. Virtually every so-called truth advanced by Marx in his "Manifesto" was contrary to what he practiced in real-life. Most of the things condemned in this document were practiced freely by Marx.

Communism has told every kind of lie to further its own interests. Truth is considered to be that which is good for the Party, and a noted authority says, "Lying for the faith is quite basic in Communist philosophy."

Russians have been told that their scientists were responsible for every notable invention and advance of the last century. Communists are extremely self-righteous and think that the Party can do no wrong.

To the Communists, religion and morals are fantastic and humanistic. They will use any medium from censored presses to "iron curtains" to continue to masquerade their materialistic, "rationalistic" ideals under the name of truth.

Poultry Trend Looking Good

By JACK B. WAIDE
 County Agent

The latest outlook on poultry indicates higher egg prices for this fall. Hatchery production for egg type chicks the first three months of this year is off 25%. This could mean unusually high egg prices in the Fall.

Broiler production the first three months of 1957 has averaged 6% above the same period in 1956; however, broiler growers may be in for some better time in the next year. Production of broilers has dropped steadily as compared with the same months last year until the eggs on set April 1 are about equal to those on set on April 1, 1956. The same trend if followed for several months would result in a very significant reduction in broilers late in 1957.

We certainly hope this happens. Both broiler growers and egg growers have been operating at a loss or on a very slim margin for a long time. The latest report is the first really encouraging report we have had in about a

year. This isn't such good news for consumers, but we are having our day now. Who can ask for a better buy than eggs at 40¢ per dozen. It figures about 27 cents per pound for one of the most nutritious foods you can buy.

Present outlook for small grain is very encouraging over the entire state. Oats should be a real buy in a couple of months. Our crop in Coke County won't amount to much, but we may have an opportunity to buy some at a price that will make us money. It isn't too early to give it some thought. Generally speaking oats at 51 cents per bushel is equal to corn at 1.05 per bushel or milo at 1.75 per 100.

Mr. and Mrs. Lawrence Pittman and Jackie spent Sunday night here with his parents. They are moving from Fort Worth to Riverside, Calif. All of the Pittman children were here for the Easter weekend. Coke HD Members Join 6½ Million Women in Observance of Nat'l Week

This week Coke County Women join more than 6½ million homemakers throughout the nation who are observing National Home Demonstration Week from April 28 to May 4. More than 36,000 Texas homemakers are taking time out to tell of their work and invite other homemakers to join them.

Coke County H. D. women have planned special activities for the week including a pan cake supper at Bronte and Family night programs planned by Silver, Friendship and Green Mountain.

"Today's Home Builds Tomorrow's World" is again serving as the National theme of the week.

Purposes of National Home Demonstration Week are to acquaint more families, especially young families, with this educational program in homemaking to encourage families to improve the communities in which they live, and to recognize volunteer local leaders of home demonstration groups.

Home Demonstration work is that part of the Agricultural Extension program concerned with the home and family. New research information in all phases of homemaking is brought to homemakers through specialists, home demonstration agents and local leaders. Programs and demonstrations in foods and nutrition, housing and home improvement, home management, health and safety, family life, citizenship and public affairs and consumer buying are developed to fit local

needs and interests.

During 1957 Coke County women 53 strong are studying meat cookery and clothing. Some subjects of programs in the future are "Freezing Foods, Freezing Combination Dishes, Meat Salads, Emergency Meals, Packing Lunches for Foods while other programs will include "Rug Making, Grooming and Every day Manners, Construction Trends, Health and Safety, Refitting, Restyling and Remaking Clothing".

For further information about the program in Coke County, attend a club meeting or visit your County Home Demonstration Agent's office.

Betty Sue Self and W. W. Sweet Married In Church Ceremony

By Mrs. Charles Ragsdale

Betty Sue Self, daughter of Mr. and Mrs. H. C. Self of Wingate, became the bride of Walter Wesley Sweet in a double ring ceremony read Saturday, April 20, at 7 p. m. in the Shep Baptist Church. The Rev. Raymond Dyess, Methodist pastor of Hale Center, officiated. The bridegroom is the son of Mr. and Mrs. Lewis W. Sweet of Blackwell.

Given in marriage by her father, the bride wore a waltz length gown of white nylon lace over taffeta with waist length veil. She wore a strand of pearls, gift of the bridegroom, and carried a white orchid and yellow rosebuds atop a pearl covered white Bible.

Mrs. Frances Robb of San Angelo was matron of honor and bridesmaids were Misses Gloria and Glenda Jackson of Abilene, cousins of the bride. The attendants wore yellow waltz length dresses and carried bouquets of white and yellow rosebuds.

Jimmy Dan Hipp, Blackwell, was best man. Ushers were Bobbie Dan Henson, Wingate and Therman Self, brother of the bride.

The church was decorated with baskets of white gladioli and the altar was formed by candelabra holding white tapers. Mrs. W. A. Hickman, pianist, played the traditional wedding marches and accompanied the soloist, Miss Bobbie Brannon of Fort Worth, who sang "The Lord's Prayer" and "You'll Never Walk Alone."

A reception in the home of Mr. and Mrs. E. Henson followed the ceremony. Mrs. Dortha Lawrence of Wingate and Mrs. Bob Brannon of Colorado City, aunts of the bride, served cake and punch.

After a wedding trip to San Antonio the couple went to Kingsville, where Sweet is a student at A&I College. For traveling Mrs. Sweet wore a blue linen sheath dress with white accessories.

The bride is a graduate of Blackwell High School and attended San Angelo College. She has been employed by West Texas Utilities Co. in San Angelo. Sweet is also a graduate of Blackwell and attended Texas Tech in Lubbock before going to A&I.

MRS. W. W. SWEET

Mrs. Martin Lee played background music at the piano during the afternoon.

Hostesses for the affair were Mmes. Kemp, H. O. Hester, E. G. Collins, R. W. Rees, R. W. Sims, Rome Richards, Marvin Landers, Ben Oglesby, Noah Pruitt, Sr. and Miss Wanda Kirkland.

TO WED IN JUNE—Mr. and Mrs. Melvin Childress of Robert Lee announce the engagement and approaching marriage of their daughter, Carolyn, to Eddie Roy Braswell, son of Mr. and Mrs. G. A. Braswell of Bronte. Miss Childress is a student at Robert Lee High School. Mr. Braswell is a graduate of Bronte High School and San Angelo College. He is now employed in the ASC office at the court house in Robert Lee. The couple plan a June wedding.

what's what by whatley

It's been only a short time since you were considered mentally off if you went into a store and asked for a rain coat or over shoes. But it seems the time has come when you are going to be considered a "nut" if you don't have hip boots.

I have seen more water recently than I have seen in several years. But it has all been so appreciated and fell just right in our area. Some places have not been so fortunate.

The young son thinks the old saying "rain, rain, go away and come again some other day" is very appropriate here lately. He can't see why they have to put a picnic off on account of falling moisture.

We Methodists are supposed to be afraid of water but many braved a very hard rain last Sunday about Sunday School time.

I guess everyone in Bronte has sore fingers after having the dial telephones installed last week. I'll bet there has been a lot of time spent talking and everybody calling their neighbors. What has me worried is who are they going to "bawl out" when the party they are trying to call doesn't answer. Heretofore, they could always put the blame on the operator, I guess, for a change, the operators ears will get a rest from the burning they have undergone so long. Seriously the dial system is nice. But you will miss the operators whom you could call and ask the time of day, who died or where is the fire?

This week's recipe is something a little different in the meat line. It

Barbecued Meat Loaf
1 lb. ground beef
½ lb. sausage (optional)
1 egg (beaten)
1 medium onion (chopped fine)
½ cup water
1 tsp. salt
2 slices bread (diced)
¼ cup lemon juice.
Mix together, pack in loaf in greased pan and bake 15 minutes at 350 degrees.

Topping
½ cup catsup
½ cup brown sugar
1 teaspoon dry mustard
¼ teaspoon allspice
Mix together and pour over loaf and continue to cook for 45 minutes longer.

Mrs. Gene Walker Honored with Shower

Mrs. Gene Walker, nee Aletha Murtishaw, was honoree at a gift tea in the home of Mrs. Cecil Kemp Saturday afternoon from 4 until 6 o'clock. Receiving the guests were Mrs. Kemp, Mrs. H. C. Murtishaw, mother of the bride, the honoree and Mrs. Mary Walker, mother of the groom. About 50 guests were registered by Miss Wanda Kirkland.

Miss Linda Smith and Miss Carolyn Kemp presided at the tea table and served cake squares, lime sherbert, punch, nuts and mints. A color scheme of pink and green was carried out. The table was laid with a pale green damask cloth and centered with an arrangement of pink roses, surrounded by the favors of pink net bags containing rice. Frosted pink candles flanked the centerpiece.

Roses, iris and other garden flowers decorated the party rooms.

ANNOUNCE ENGAGEMENT—Mr. and Mrs. L. F. McCutchen of Bronte announce the engagement and approaching marriage of their daughter, Rita Beth, to Larry Abbott of San Angelo. He is the son of Mr. and Mrs. W. B. Abbott of 1822 West Avenue 1. Miss McCutchen is a graduate of Bronte High School and has attended San Angelo College the past two years. Mr. Abbott is in the grocery business with his father in San Angelo. The couple plan their wedding for May 11.

Miss Walton Honored With Gift Shower

Miss Jo Dell Walton, bride-elect of Bob Springer of San Angelo, was complimented at a bridal shower last Thursday night, April 25, in the home of Mrs. J. M. Rippetoe. Receiving guests were Mrs. Rippetoe, Mrs. Ronald Walton, mother of the bride-to-be, and Miss Walton. Mrs. B. J. Luckett registered guest. About 40 were present.

Deanie Allen poured punch and Nona Gayle Rippetoe served the cake. The serving table was laid in a net tablecloth of the honoree's chosen colors, blue and white. An arrangement of white roses centered the table. Favors were blue net umbrellas with white streamers inscribed "Jo and Bob." Gifts were displayed by the hostesses.

Hostesses were Mmes. Rippetoe, H. A. Springer, W. H. Maxwell, Bonnie McAulay, Mary Stevens, C. E. Clark, Don Edmiaston, J. L.

Brunson, A. E. Gentry and W. W. Millikin.

The couple will be married tomorrow morning, May 4, in a ceremony at Goodfellow Air Force Base.

Demonstration Club

MEMBERS

During this National Home Demonstration Club Week, we want to congratulate the HD ladies of this county on their achievements and contributions to the farm and home life of this area. Through their study and efforts, they have made life on our farms and ranches richer and more satisfying. They have brought new and practical ideas for successful homemaking into our community and have made it a better place in which to live.

HD Council Has Advisory Duties

The Home Demonstration Council is a committee with three main responsibilities:

1. It is an advisory committee.
2. A means of communication between clubs and the agent and between various groups who are interested in Extension Service.
3. It is a demonstration in organization.

The Coke County H. D. Council is headed by Mrs. Jahew Jameson, chairman; Mrs. H. A. Springer, vice-chairman; Mrs. Tom Rives, parliamentarian; Mrs. Glenn Waldrop, treasurer, and Mrs. Taylor Emerson, reporter. Mrs. E. C. McArthur served as secretary until recently.

Some recent activities of the council include:

1. Held exhibit at Livestock Show which was attended by 86 persons.
2. Held concession stand at show.
3. Sponsored and assisted with 4-H activities, such as 4-H contests, council.
4. Held recreational training meeting for leaders for clubs.
5. Printed a cook book.
6. Assisted with county program planning.

Council meets on the second Tuesday of each month at 2 p. m. in the agents office. Club presidents, committee chairmen and delegates from the clubs are members.

Committees are yearbook, finance, E. E. E., Civil Defense, 4-H, reporters and recreation.

Coke 4-Hers Win Top Honors In District Contests

Coke County 4-H members came home Saturday from District 7 contests with three blue ribbons. Blue Ribbon awards went to Linda Taylor, Bronte Junior, and Jerry Jameson, Silver Senior, Share the Fun, while June and Jean Moore placed first in the Safety Contest.

Jerry and the Moore twins will represent District 7 in the state contests during 4-H Roundup June 11-13 at College Station.

Mary Francis Wylie placed 3rd in Public Speaking.

Others attending from Coke County were: Peggy and Mary Corley, Peggy Boone, Annice Gartman, Danell Dixon, Lexie Lewis, Louise Miller, Kay Humphrey, and the following leaders and mothers: Mmes. W. J. Humphrey, John Miller, M. J. Dixon, Pat Rives, M. H. Jameson, Marvin Corley and Mrs. Fay C. Roe, home demonstration agent.

Coke County is in District 7 of Texas Home Demonstration Club district. The district agent is Miss Thelma Casey of San Angelo. The district is composed of 22 West Texas counties.

By FAY C. ROE

Home Demonstration Agent

Well, I am a country girl again as we have moved to the Perkins-Prothro Oil Camp near Silver. Moving and working doesn't mix — or so A. J. says. He really felt sorry for himself as this is the second move he's practically made by himself. Anyway we are settled again even if I haven't found space to hide all my keepsakes, and junk I can't throw away.

I was very proud of the 4-Hers in the District Contests Saturday in San Angelo. Those kids really had put forth lots of efforts to perfect the demonstrations they gave. The adult leaders reserve praise as they helped the boys and girls back in their local clubs. Teams from 22 counties participated in the event.

Shop wisely when it comes to trading stamps. Remember, the basic foundation of trading stamps is that of a promotional device. The plans are intended to encourage "repeat buying." Filling a stamp book should not influence where you shop for food or the kind of food you select.

The recent rains should make lots of people want to do some gardening. Some things which might be planted now are: Beans, cantaloupes, corn, cucumbers, okra, pepper and tomato plants, squash, peas, watermelons and others. For varieties suitable for this part of Texas and a good guide for planting, fertilizing and insect control you might want a copy of the new bulletin, B-70 Vegetable Gardening. You may obtain a free copy by contacting my office.

Mrs. Fay C. Roe, Has Busy Life As HD Agent

The County Home Demonstration Agent directs the Home Demonstration Work in the County. She receives latest information in all phases of Home Economics and carries it to the people of the county through demonstrations, newspapers, leaders, and other media.

The Coke County Home Demonstration Agent, Mrs. Fay Croslin Roe, a former outstanding 4-H club member, is a graduate of Texas State College for Women. She has had over 6 years Extension Service Experience, as well as 2 years of other work in the Home Economics Field. She is a full time homemaker, having 2 children and a husband.

The H. D. Clubs in the county are met 6 times a year by Mrs. Roe. She meets with Council 11 times and gives necessary leader training meetings. Other work consists of 4-H club work, work with non club members, Farm and Home development and general office work.

Mrs. Roe is happy to answer questions, to give information to any one who needs Home Economics information. Bulletins and leaflets can be secured from her office on many subjects. These are free and will gladly be mailed or Mrs. Roe and her secretary, Mrs. Joyce Walker, welcomes visitors to the office in the court house at any time.

Mrs. Roe would be glad to hear from any group of 6 to 10 women who would be interested in organizing a Home Demonstration Club.

The work of the Home Demonstration Agent is supervised by Miss Thelma Casey, District Agent. The "plan of work" she carries out with the people of the county is planned by the Program Building Committee H. D. Yearbook and E. E. E. Committee of H. D. Council. Suggestions are sent in each year by club members for programs. As many of these as can be used become a part of the H. D. yearbook.

Mrs. C. E. Arrott Is Coke County THDA Chairman

MRS. C. E. ARROTT
... has held every office

Home Demonstration Club women have an organization of their own called Texas Home Demonstration Association. In each county there is a club member who is called T. H. D. A. chairman. She is the link between the clubs in her county, her council and the T. H. D. A.

Mrs. C. E. Arrott of the Bronte H. D. Club is the local T. H. D. A. chairman. The main activity carried on so far this year by the county under her supervision was the Citizenship work shop held in Abilene in April. Ladies assisting with this work shop and its preparation were: Mmes. Jahew Jameson, Pat Rives, C. E. Arrott, Glenn Waldrop, H. A. Springer and Weldon Fikes.

Mrs. Arrott has held every office in her local club and in the County Council.

Ladies Volunteer for Leadership Jobs In Home Demonstration Club Work

Volunteer local leaders play a very important role in the home demonstration club program. We recognize them especially during this observance of National Home

Demonstration Week.

The local leaders are the officers of the clubs, and the women who attend special training schools to learn and then teach new and better methods of homemaking to club members, neighbors and friends. This year the clothing leaders in our county helped to teach Semi-Tailoring to Club members. Some of these leaders are: Mmes. C. E. Arrott, H. A. Springer, Weldon Fikes, Jahew Jameson, Finnell Smith. Thirty garments have been made under the leadership of these ladies.

Club presidents are: Mrs. R. L. Page, Green Mt., Mrs. H. A. Springer, Bronte, Mrs. George Conner, Silver, and Mrs. J. P. Rives, Friendship.

President Sends Message to Ladies

To the women participating in National Home Demonstration Week I send greetings.

As you learn new homemaking practices, and share your skills with your neighbors, you help build better homes and communities across the land. And by demonstrating the latest findings of Home Economics Research in America, you show the homemakers of other countries the standard of generous living made possible through a democratic way of life.

My best wishes as you continue this promising program in cooperation with the United States Department of Agriculture.

Rains Show Need For Conservation

"Benefits and advantages of conservation farming and ranching were shown on several farms around Bronte last Friday when we received 2 to 3 inches of rain in 30 to 40 minutes," said D. K. Glenn, Secretary of the Board of Supervisors of the Coke County Soil Conservation District. "Farms that had a good, partially closed terrace system and well prepared seedbed on the contour held the water received during the rain. Farms without a good terrace system lost a lot of the rain in runoff. The runoff water carried with it much valuable topsoil. It is the rain that we get into the ground that makes our crops," Glenn said.

Mrs. Annie Wilkins was able to hold all of the 3 inches of rain that fell in her water spreading system on the south edge of Bronte, as well as part of the runoff from the city. The water spreading system was designed and installed to use additional runoff water, as well as to use the water that fell in it. Mrs. Wilkins has placed cans in the top two terraces to drain flood water down into lower terraces.

On the Clifford Clark farm east of Bronte 2.0 inches of rain was received. Clark said that a new terrace system, constructed in 1956, held all of the rain. "I believe that I could have held another 1½ to 2 inches before any of my terraces would have been topped," he said. "It surely made me feel good when I saw water standing in each lister furrow from one end of the field to the other, but my spirits sank to a low ebb when I looked at my west field with washes across it 30 to 50 feet wide, where the old terraces failed to control runoff water," he said.

J. L. Brunson, rancher south of Bronte, said, "Pitting of this 'slicked-off' rangeland and abandoned fields is the best water conservation practice that I have ever used. On the land that I had pitted, it soaked up most of the six inches of rain that I have received during this rainy spell. Pitting is a cheap water conservation practice and it does not cost a rancher much to pit. A good pitting job will hold up a lot of water."
