Rev. Loeffler Returned Here As Pastor of Methodist Church

The Rev. Lin Loeffler, pastor of First Methodist Church here, was reappointed to the Bronte church for his second year after reading of appointments by Bishop A. Frank Smith at the closing of the 99th annual Southwest Texas Conference of the Methodist Church in San Antonio last Friday. The conference began on Monday night and was attended by Rev. and Mrs. Loeffler and Mr. and Mrs. C. O. Richards, lay delegates from the local church.

In a special Ordination Service at 7:30 p.m. Thursday, May 30, Rev. Loeffler was ordained an elder, highest order for Methodist clergy. The ceremony was held at Laurel Heights Methodist Church in San Antonio. Bishops officiating at the service, attended by over 2000 persons, were A. Frank Smith of the Houston-San Antonio area, and Santo Umberto Barbieri,

REV. LIN LOEFFLER

Bishop of the Provisional Conference of Bolivia of the Buenos Aires area.

The ordination sermon was delivered by Bishop Smith to the 15 elder ordinans and 14 deacon ordinans. Mrs. Loeffler and other wives were consecrated in the same service. The service includes the traditional laying on of the hands. Each ordinan selected the assistant to the bishop for his particular ordination. The assistant in the Loeffler ordination was the Rev. Ben H. Bohmfalk of Corpus Christi and former Bronte pastor. Bohmfalk confirmed Loeffler into the Methodist Church after administering the catechism in 1938.

Loeffler graduated from Sonora High school in 1943 and attended the University of Texas and Georgia Tech in 1943 and 1944 where he studied aeronautical engineering. He was appointed to the U. S. Naval Academy at Annapolis, Md., in 1944 and graduated in 1948 with a degree in electrical engineering. He served on active duty with the Navy as a line officer and aviator until 1952 when he resigned his commission to enter Perkins School of Theology at SMU in Dallas. He was graduated there with a B. D. degree in August, 1956, at which time he was appointed to the Bronte church.

During his school years at SMU, he served as pastor of Maple Lawn Methodist in Dallas; as associate pastor of the First Methodist Church at Lawton, Okla., and as pastor of the First Methodist Church at Laverne, Okla.

The 99th annual conference began with the traditional communion service at the Laurel Heights Church. Business sessions, presided over by Bishop Smith, were held this year at the First Baptist Church in San Antonio, due to the fact that the Travis Park Methodist Church, where the meetings traditionally are held, was under repair after a damaging fire. Dr. Paul Hardin, Jr., First Methodist Church in Birmingham, Ala., was

County Audit Being Published In This Issue of The Enterprise

Important to every citizen is the annual Financial Report of Coke County for the year of 1956 published in this newspaper.

The report in detail as to the various funds and offices was compiled by County Auditor Weldon Fikes, who also prepares a monthly statement for guidance of the Commissioners Court. County records are also audited by a certified accountant of Lubbock.

The statement is complete except for a table showing Coke County's warranted and bonded indebtedness, and a recapitulation of funds showing receipts, disbursements and balances. Lack of space prevented these appearing this week, but they will be published next week to wind up the entire report.

Auditor Fikes advises that the Commissioners' operating funds which are used for road and bridge work are separated into the four commissioner precincts.

This results from the agreement reached some time back which

provides that money be divided among the precincts on the following percentage basis:

Precinct 1	32%
Precinct 2	26%
Precinct 3	22%
Precinct 4	20%

Funds included in this agreement are Road and Bridge Regular, Road & Bridge Special, Farm to Market and Flood Control and Lateral Road.

Source of money for these four

funds includes a 15c per \$100 valuation county tax levy for both Road & Bridge Regular and Road & Bridge Special, making a total levy of 30c for the two funds.

Money for the Farm to Market and Flood Control fund is derived from a 30c state levy after the Upper Colorado River Authority receives a set amount each year. The remainder is turned back to the county for use in building Farm to Market Roads and for Flood Control.

Since taxing values of Coke County have increased materially during the past ten years that the UCRA has been functioning, there is also a greater increase in the amount turned back to the county.

Money for the Lateral Road fund is received from the State of Texas, being Coke County's share of surplus funds derived from the state gasoline tax.

Sinking and interest funds will be shown in the recapitulation of various county funds, the schedule of which is to appear next week.

County-wide sinking and interest funds are set up to pay off bonds and interest on the Hospital, Court House and Park bond issues.

These bonds were authorized by a majority vote of the people to be issued against the Permanent Improvement Fund, commonly referred to as the Court House and Jail Fund, and no additional tax levies were required.

Last year 25c was levied for the Permanent Improvement Fund and 18c of this went into the sinking and interest fund created to retire the above bond issues.

Precincts 1, 2, and 3 have road bond levies voted by two-thirds majorities in their respective precincts. Extra taxes levied for this purpose in these precincts last year were as follows:

Precinct 1	13c
Precinct 2	35c
Precinct 3	20c

Little League Meeting Set

A meeting of all parents and businessmen who are interested in helping with the Little League program in Bronte, has been set for tonight, Friday, at 7:30 p.m. at the Methodist Church. Several businessmen have indicated a willingness to help back the program and a number of parents are interested in seeing several teams of boys organized, in order that all boys who practice will see some action. It has been suggested that the teams would compete against each other, as well as with out of town teams.

Little League baseball is open to boys 8-12 years of age and all boys in that age group are urged to participate. More men will be needed to supervise the boys providing the extra teams are organized.

The meeting called for tonight is in order that parents and workers could plan the program for the summer. Little Leaguers have won four of the five games played this season.

Weather Fair At Press Time

Skies cleared the middle of this week and farmers were anxious to get into their fields to plant cotton and feed. Although the long range forecast called for more showers this weekend, the sun was drying the area considerably on Thursday.

Several showers last weekend and continuing through Wednesday morning accounted for more than 2 additional inches of moisture for this area.

CITIZENS OF TOMORROW —

This good looking bunch of kids are about one-half year older than when these pictures were made last fall. Top row left is Jan, 11, daughter of Mr. and Mrs. Joe George Wilkins of Bronte. In the center is Dwight, 9, son of Mr. and Mrs. D. E.

Faulk, and right is Tommy Glenn, 11, son of Mr. and Mrs. T. F. Sims, Jr.

On the bottom row, left, is Charles, 10, son of Mr. and Mrs. I. C. Oden. Center is Gail, 10, daughter of Mr. and Mrs. Nealy Mackey, and on the right is Alfred, 6, son of Mr. and Mrs. J. C. Blair, all of Bronte.

AD-LIB-BEN

Mrs. Bob Knierim called the other day to say she has found two or three earthworms in her house during the rainy season we have been having. She said she reckoned they came out of the ground to keep from drowning.

And speaking of rain, we're a little worried about that 75,000 cubic feet of water per second which is flowing over the dam at Lake Texoma. Why, do you know that is 450,000 cubic feet per minute, 27,000,000 cubic feet per hour, and 648 million cubic feet in a day. And then, when you multiply the cubic feet by 7 1/2 to get gallons, you come up with a whopping figure of nearly 5 billion gallons per day. What we're leading up to is that we're afraid of what this may do to the Gulf of Mexico when it finally gets there via the Mississippi River.

And, speaking further of rain—did you know that the river has been used lately for transporting human beings from Robert Lee to Bronte. Arnold Samuelson — the one of the horse trial fame — has come down the river several times the past week on an inflated tractor inner tube or rubber raft. His trouble seems to be that he can't go back up the river, as he has been seen walking back, carrying his tube over his shoulder.

The tube has several patches on it and he told some boys here he punched holes in it and patched them on the way down the river. One of the boys said, "I don't much believe that."

The City of Bronte has a serious problem on its hands this year. Luxuriant growth of weeds and puddles of water standing around in all sections of the city are causing flies and mosquitoes to breed at an alarming rate. In fact, the whole town is full of the critters. Perhaps when the city council meets tonight something can be worked out to alleviate this situation. We hope so anyway.

We want to invite your attention to the audit which is being published in this issue of The Enterprise. It shows how tax money in Coke County is being spent, and is of utmost importance to every citizen of the county.

Incidentally, if you think it wasn't a job to set the type for that deal, you've never been more wrong.

School Attendance Down Slightly

Supt. Garland Black announced this week that records on attendance at the Bronte Schools were complete for the 1956-57 term. High school attendance was slightly higher than last year, while grade school attendance was down.

Average daily attendance in the high school was 78.13, some four students above the number present during 1955-56. Grade school at-

tendance was down some 12 students each day from last year with an average of 210.31 present each day.

Black said the drop in grade school attendance was not sufficient great to cause the school to lose a teacher next year.

He attributed the drop in grade school attendance to seiges of measles, mumps and chicken pox

which hit the younger students last spring.

The superintendent reminded patrons of the school that state money is received by the school on a basis of average daily attendance. "For that reason, as well as for the student's benefit, as well as for the have their children in school every day possible."

Explorer Scouts Attend Camp At Goodfellow

Three Explorer Scouts from Bronte are attending an Air Encampment at Goodfellow Air Force Base in San Angelo this week. They are among 125 Explorers from the Concho Valley Council participating in the encampment.

Boys from Bronte attending are Ronnie Cole, son of Mr. and Mrs. Virgil Cole; Dean Black, son of Mr. and Mrs. Garland Black; and Mike Teague, son of Mr. and Mrs. J. W. Teague.

The boys will become acquainted with various sections of the base and will be taken on tours of the weather section, altitude chamber, communications shops, link trainer, control tower, parachute department, jet aircraft and conventional aircraft.

While at the base the boys will be permitted to take advantage of recreational facilities. They may swim, bowl, roller skate, try out gymnastics, take in movies or play softball. The encampment will end Saturday with a Citizenship Conference and lunch at San Angelo College.

The boys are guests of the Air Force Base at the invitation of Col. R. C. Crawford, base commander.

Progressive Business and Civic-Minded People of San Angelo and Vicinity

THIS DEPARTMENT HAS BEEN WORKED UP LARGELY AS A REFLECTION OF PUBLIC OPINION. NO PERSON HAS WRITTEN OF THEMSELVES OR THEIR BUSINESS. ALL ARTICLES HAVE BEEN COMPILED BY A REPRESENTATIVE OF THE BRONTE ENTERPRISE AS HE SAW CONDITIONS. THESE PEOPLE ARE ALL LEADERS IN THEIR VARIOUS LINES OF ENDEAVOR AND THE COOPERATION OF THOSE CITIZENS IN SAN ANGELO WHO HELPED MAKE THIS DEPARTMENT POSSIBLE IS SINCERELY APPRECIATED.

C. T. Wagner

C. T. Wagner, the general manager of A & W Tank Company, has won the universal respect and good will of the people of San Angelo and the surrounding country for the progressive manner in which he has kept the firm in the forefront of the business and industrial life of this entire district. Also for the efficient and friendly willingness he has displayed in accepting his share of responsibility in aiding civic projects.

Mr. Wagner is not the kind of man who makes himself conspicuous by the manner in which he conducts himself, either in business or other matters. Yet, his quiet reserve and air of confidence mark him as a man of sound judgment whose opinions and advice are sought after and listened to with respect.

We compliment C. T. Wagner for the successful management of the A & W Tank Company, and also for his constructive advice and help on those civic affairs in which he has found time to interest himself. He is a man whom many are proud to call friend.

Homer Emfinger

In compiling this review of progressive San Angelo business people, we have endeavored to select those citizens who, by the manner in which they have conducted themselves and their businesses, have earned for them positions of leadership in their various fields of activities. Such a man is Homer Emfinger, the manager of the Acme Quality Paint Incorporated, who is well known and has many friends and business associates throughout this entire district.

Mr. Emfinger's main interests have not been solely confined to his own business and private affairs, but have also included his contributions, in one form or another, to those projects of a civic nature which come within the scope of his activities.

Homer Emfinger is a man of wide experience whose exploits in the business and civic life of San Angelo and vicinity merits more than a passing attention and the writer is privileged to pay this brief tribute to a man who well deserves more credit than is accorded him here.

A. M. Hagan

There are many men in their chosen fields who have gained recognition for the progressive manner in which they have conducted their business and accepted their civic responsibilities but who will not permit much to be said of their achievements.

But in reviewing a group of such citizens we should include A. M. Hagan, well known and completely reliable geologist, for he is a man who has always done his work effectively even though it has been accomplished in an unobtrusive manner.

Mr. Hagan, busy as he is, always manages somehow or other to do his bit in any movement calculated to benefit the community as a whole. His modesty, however, will not permit him to say the things about himself which are said by his friends, who do so because of a personal knowledge of his activities.

We do not hesitate to recommend A. M. Hagan to our readers as a citizen who continues at all times to work to the advan-

tage of the people of this entire district.

Jack Davis and Elmer E. Edgington

Two of the more progressive real estate men of San Angelo, and authorities on all oil leasing and royalty problems, whose success can partly be attributed to a deep insight as to the direction in which the city will develop, are Jack Davis and Elmer E. Edgington of the Davis-Edgington Agency. They also have a sound basic knowledge of real estate values and have turned that knowledge to the advantage of the people with whom they do business. And their aggressive methods coupled with their sound and practical ideas have made the services they have rendered to the people more valuable and materially contributed to their well earned success.

Mr. Davis and Mr. Edgington are also civic minded and have always shown a cheerful willingness to contribute their share of time and energy to the promotion of community projects.

It is because of the activities of such progressive business men that year after year, San Angelo continues to show such a healthy growth and expansion, both as a residential and industrial city. We are glad to pay tribute to Elmer Edgington and Jack Davis for the part they are playing in the onward progress of their city.

Ermon Tyner

In bestowing credit upon some of those progressive business men of San Angelo, who in one way or another, have contributed their bit to improve business and civic conditions, we wish to say a few words about Ermon Tyner of Tyner's Magnolia Service.

Mr. Tyner has set a standard for himself and the operation of his business that, under present existing conditions, has been very difficult to maintain. However, that he has done so is proved by the large volume of business which his Mobil station continues to handle, much of which is due to his unceasing attention to detail and his ability to cope with new and unexpected problems.

Ermon Tyner is also civic-minded, and has, when asked, cheerfully cooperated on those civic activities to which he has been able to lend assistance. He more than deserved the respect and good will which he has earned, and we and his friends are confident that he will continue to maintain his usual integrity and high standards.

James and Wallace H. Hohmann

Due to the efforts of a group of wide awake business men, the city of San Angelo has attained a dominant position in the commercial life of this section of the state. And two of the men who have justly earned credit for being progressive members of that group are James and Wallace H. Hohmann of the Angelo Refrigeration & Electric Company. Authorized dealers for ARA Automotive Air Conditioning, and Brunner and Tecumseh commercial air conditioning refrigeration.

It is because of the successful operation of such a business as theirs that the city of San Angelo has earned the reputation of being one of the more progressive cities in West Texas.

The Hohmann Brothers have been conspicuously successful in spite of the fact that they have repeatedly neglected their own private affairs to devote a part of their time and efforts to the successful promotion of civic projects.

It is considered a privilege to include Wallace and James Hohmann in this San Angelo review and to publicly give them credit for their success in business and for their many contributions to the general welfare of the city.

Dorman L. Chapman

Because this is a period of growth and expansion for San Angelo, those progressive business men who had the foresight and ability to lay their plans so as to be able to take advantage of those conditions, are entitled to more than ordinary acclaim. We are therefore, glad to pay tribute to Dorman L. Chapman of the Ace Builders, for he has become a well-known figure in the business and civic life of the city.

Mr. Chapman's persistent optimism and steadfast belief in the continued future prosperity of the people of San Angelo and vicinity are characteristics which are deserving of our highest praise.

Dorman Chapman has always shown a willingness to do his part in civic advancement and contributed his bit, in one form or another, to projects promoted for the welfare of his city. We believe that a business man of this kind is entitled to our sincere praise, both because he has achieved success in his private affairs and because he is willing to contribute to the public good.

Walter F. Tucker And Lowell F. Grush

In making this review of progressive San Angelo business men it is appropriate that we include some of those men who have taken an active part in the promotion and development of the petroleum resources of the state. In doing so, we would be censored if we failed to include Walter F. Tucker and Lowell F. Grush of the Tucker Drilling Company.

Mr. Tucker and Mr. Grush are those solid types of citizens whose fairness and friendliness and sincere desire to be of service are accountable for a large measure of their success. And, as time goes on, their personal interests have become more closely interwoven with the business and civic affairs of the city. As a result they have, quite naturally, become accepted as men who can be called upon and who will cheerfully do their part to further the development of those community activities to which they are best fitted to lend assistance.

Walter Tucker and Lowell Grush have, by the conduct of their business and by their attention to civic affairs, earned the friendship and good will of their fellow citizens. They are to be complimented for their activities and we only express the desire of their many friends and associates in wishing them continued success.

K. T. Gauntt and C. W. Wagner

Recognized as authorities on all plumbing and heating contracting problems, K. T. Gauntt and C. W. Wagner of the Bowen Plumbing Company, have turned their knowledge to the advantage of the peo-

ple of San Angelo and vicinity. More than that, Mr. Gauntt and Mr. Wagner are men who have always been vitally interested in the civic betterment and progress of the city and have backed up their interest by lending assistance, in one form or another, to the successful promotion of many things which have benefited the community as a whole. San Angelo owes much to such men for their part in making the city the business center of this area.

They have always been alert to the many opportunities for service, and more than ready to recognize and accept their share of civic responsibilities.

Because of these things, C. W. Wagner and K. T. Gauntt have become accepted as progressive business men who are assets to both the business and industrial life of the city, and we trust they will continue to serve the people of San Angelo and the surrounding area in their present capacity for many years.

Jack M. Cooper

San Angelo owes much to those progressive citizens who have taken an active part in the growth and progress of the city and who have helped to make it the business center for this part of the state, and who also have contributed in some manner, to the exploration and development of the petroleum resources of this section. In mentioning some of these men it is only fair to include Jack M. Cooper, well known and completely reliable San Angelo oil man.

He deserves a great deal of credit for his success in both business and civic activities.

Mr. Cooper is wholly deserving of our sincere praise and these few words of commendation are but a just recognition for the many activities he has conducted on behalf of the general welfare of the community. The honest and successful conduct of his business affairs is but a reflection of his character. We trust that Jack Cooper will continue to serve the oil industry throughout this area for many years.

James A. Cope

The men in a community who work for the best interests of the community, usually are leaders in whatever they attempt. This is especially true of real estate men because they are generally among the first to be called on to help with all worthy civic projects. Such a man is James A. Cope, who has been dealing in farm and ranch properties in West Texas since 1903, one of the city's better known and more progressive realtors. He stands at all times prepared to assist his city and is always ready, if necessary, to take off his coat and work for its best interests.

It is men like Mr. Cope, who have had the vision to realize the possibilities of San Angelo and the surrounding territory and have given of their time and energy to make that vision come true, who have won the respect and good will of their fellow citizens.

We take pleasure in paying this brief tribute to James Cope for being a far-sighted business man who is firmly established in the forefront of the business and civic life of his city.

Henry and Laverne Houpt

To serve the public honestly, efficiently, and cheerfully is the basic foundation many progressive business men and women of San Angelo have found to be the shortest route to success. In making this statement, the two people we have in mind are Mr. and Mrs. Henry Houpt of Mack's Boat Dock. The popularity and patronage enjoyed by their many services accentuates the ideals of courtesy

and efficiency which they have consistently applied in the management of the business and in the servicing of its patrons.

The conduct of such businesses and the people who operate them have done much to make San Angelo the business center for many miles around, and it is fitting that we give credit where credit is due to such citizens as the Houpt's for their part in the onward progress of the city. In doing so, we are merely putting into words the opinions of those who know them.

Henry and Laverne Houpt have earned their success by the method in which they have served the public and accepted both civic and business responsibilities, and we wish them every success in the future.

James Hohensee And Jimmie Goolsby

In every community there are a number of business men who can be pointed out as having taken a three-fold part in the onward progress of their city. Two well known business men of San Angelo who belong in this category are James Hohensee and Jimmie Goolsby of the Quick Loan Service.

Their leadership in their line of business is recognized throughout this entire district. And their furtherance of civic activities and support of those organizations whose main objectives are directed along lines of civic betterment and community progress is well known to their immediate associates.

Mr. Hohensee and Mr. Goolsby are men who are equally well liked and respected by their intimate friends and their business associates. They are loyal to the community, thankful for their success in business, and have shown their appreciation by the contributions to various civic movements of benefit to the city.

We congratulate Jimmie Goolsby and James Hohensee for being good citizens, progressive business men and boosters of their community.

Clyde Shelby

Recognized as one of the more progressive business men of San Angelo, Clyde Shelby of the Tile Shop, performs a real service for the people of his city and his contributions to civic betterment are too well known to require repetition in these columns. His personal success has been achieved, in a large measure, because he never misses an opportunity to further the service he renders to the public. A policy which has and continues to build up good will for the Tile Shop throughout this entire district.

Mr. Shelby is deserving of praise and this small tribute is but a just recognition for the many services which he has performed in the way of both business and civic activities. Also his reputation for the conduct of his business affairs is no greater than his reputation for the honest practices which characterize his every transaction.

We congratulate Clyde Shelby on his splendid record and trust he shall continue to serve the people of San Angelo and vicinity.

Frank M. Pool And R. W. Gerlich

We take pleasure in this San Angelo review to call the attention of our readers to two of the more progressive oil field service men of this district. These personalities are Frank M. Pool and R. W. Gerlich of the Pool Well Servicing Company, who are rendering a valuable service to the oil producers of the state.

The production of petroleum in this section has been one of the greatest single factors in the growth and progress of San An-

Continued on Next Page

gelo and this district, and Mr. Pool and Mr. Gerlich are men who have taken an important part in many phases of oil field activities.

They are residents of San Angelo and have a large circle of personal friends throughout this entire district. They are also men who have considered their civic responsibilities in a serious manner and are always ready and willing to help in the promotion of any project which promises to benefit their city and this area.

We congratulate R. W. Gerlich and Frank Pool for the part they are playing in the development of the petroleum resources in this part of the state and we wish them many more years of successful operations.

Cleo George

Performing an outstanding service for the people of San Angelo and the surrounding territory, Cleo George of the George Insurance Agency, has achieved an enviable reputation for her progressive policies of business administration. Her constant study of insurance problems in relation to the protection the people both need and can afford, have been important factors in her well-earned success.

Mrs. George is a woman of ideas and she is as practical as she is progressive in putting those ideas to beneficial use in furthering the service she renders to the people. Her sound business judgment and unwavering honesty are characteristics which place her in the front rank of the business leaders of her city. Yet she is unassuming and modest in her personal contact with the people; always ready to listen to their ideas and desires.

We are glad to pay tribute to progressive citizens of this type, for it such women as Cleo George who have caused San Angelo to become recognized as the metropolitan center for this section of the state.

Viola Pyburn

Progressiveness, coupled with ability, always a praise-worthy feature in the passing scene of any community's daily life, is to be duly appreciated. In full realization of this and in recognition of the splendid personality which gives impetus to the personal success in her case, many residents and business people of San Angelo and our own community regard Viola Pyburn of Bob Curling Interiors, as a true asset to her city and this district.

Mrs. Pyburn is keeping the interior decorating studio at the forefront at all times, and her natural ability, gained through long experience, she has maintained a position of leadership in her field of endeavor. Capable and energetic in the management of Bob Curling Interiors, she has come to be recognized as one of the city's more progressive business women.

What Viola Pyburn has accomplished in the past is the best indication of what may be expected of her in the future. She has our admiration and best wishes for continued success.

W. E. Kimrey Sr., & Jr.

When a city like San Angelo has gained recognition for being the trading center for many square miles of the surrounding country, it is because of the foresight of those pioneers of earlier days who had the vision to realize the possibilities of their city and who also had the ability and courage to work for the fulfillment of that vision, and W. E. Kimrey, Sr., is a man who belongs in this category.

San Angelo owes much to those men of early days, but each succeeding generation must produce

its share of business and civic leaders to assure the continued growth and prosperity of the city.

It is also the purpose of this review to call the attention of our readers to some of these present day leaders, and this instance we particularly wish to point out and pay tribute to W. E. Kimrey, Jr., who is associated with his father in the operation and management of the W. E. Kimrey & Sons Construction Company.

Mr. Kimrey and his son are not alone in their efforts to increase the prestige of the city, but they are fine examples of the type of men whose combined efforts are responsible for San Angelo's past and future prosperity.

S. B. Toombs

Generally speaking, civic pride is one of those things that goes hand-in-hand with success, because a man must have been successful to fully appreciate the advantages that were afforded him by the community in which he lives.

S. B. Toombs, of the S. B. Toombs Water & Float Hauling, is one of those progressive business men of San Angelo who has shown his appreciation for his success by his attention to civic matters. His willingness to become a cog in the wheel of community progress, whenever united effort is needed to put over some movement or project advanced for the good of his city has always been taken for granted.

Mr. Toomb's quiet assumption of responsibility, not only in connection with his own business, but in regard to other matters as well, has often lent a feeling of confidence to others interested in the same movements.

In complimenting S. B. Toombs upon his high standing in the community, we do no more than express the admiration and respect of his many friends and business associates.

Curry C. and C. T. Ducote

To become generally accepted as two progressive business men of San Angelo who can always be counted upon to recognize their duty to the home community, and who will readily back up their sense of duty by active participation in, or the support of worthwhile civic movements is an honor that can be proudly borne.

Two such men are Curry C. and C. T. Ducote of the De Coty Coffee Company, who a great many times have neglected their own private affairs to lend a helping hand in order to contribute to meritorious civic projects.

The Ducote Brothers' friends are always more than glad to have their assistance, because of their constant cheerfulness and the enthusiasm and optimism in which they instill in their fellow men.

These same estimable attributes have also been applied by C. T. and Curry Ducote in the management of their business with the outstanding success which is known to us all. It is our pleasure to give them all the credit which is their just due and to include them in this review of progressive San Angelo business men.

Sam J. Underwood

Every progressive and successful business man in San Angelo contributes in some manner to the growth and progress of the city. And a man who is always willing to do his part in both civic and business activities is Sam J. Underwood of the Underwood Chemical Company, who is well known and has many friends and business associates throughout this entire district.

The prominent part that the Underwood Chemical Company is playing in the business and industrial life of San Angelo and vicinity mirrors the progressiveness and ability of such men as

he. Moreover, Mr. Underwood has also at all times been steadfast in his devotion to the city, and the surrounding country, and on many occasions, has lent his support to the successful promotion of progressive civic projects.

San Angelo and this district are fortunate to have such a man as Sam Underwood in a position of responsibility and service, and this newspaper feels that it merely reflects public opinion in paying this brief tribute to one of the city's more progressive business men.

Raymond Bond

The city of San Angelo has assumed its place of importance in this section of the state because of the efforts of farseeing business and professional men who have helped in developing its industry or in some manner, extended the trade advantages of the locality. One of the men who has taken an important part in many progressive movements is Raymond Bond, well known and completely reliable realtor and builder.

Mr. Bond has devoted his share of time and energy to the growth and development of San Angelo and this district and it is fitting at this time that we attempt to express in a small way, our appreciation for his unselfish contributions to the general welfare of the community.

He is a man of wide acquaintance whose many friends admire and respect in him those virtues which inspire confidence and promote good feeling. His upright business methods are but an outward reflection of his inherent appreciation for fair practices. We congratulate Raymond Bond on his splendid record of service and wish him continued success.

Eugene Pavlicek

It is a well known fact that a man's true character must come through in his work; whether in business or professional activities or in public life. So when a man conducts himself in such a manner as to cause the public to recognize in him certain qualities, over and above the average, he is deserving of a few words of praise. Such a personality is Eugene Pavlicek, well known and completely reliable contractor of this area, and a leader in the business and industrial life of San Angelo.

In addition to being one of the city's more progressive business men, Mr. Pavlicek was never a man to shirk his civic duties. More than that he enters cheerfully and with enthusiasm and optimism into those civic affairs in which he has time to take a part. And seldom does he fail to find time to do his share.

Eugene Pavlicek deserves his share of credit for being one of those progressive citizens of San Angelo who has contributed so substantially to the onward progress of the city. It is a pleasure to include him in this group.

Nevel "Red" Haley

Nevel "Red" Haley of the Haley Motor Company, is one of those progressive used cars and truck dealers of San Angelo who has consistently forged ahead in his business. He has also put his shoulder to the wheels of civic progress whenever concerted help was needed in furthering enterprises promoted for the general welfare of the community.

Mr. Haley was never a man given to wishful thinking. Because his methods are those of direct action and whether the problem at hand is one concerning his own business or that of a civic nature, he attacks it with optimism and vigorous enthusiasm. Add to this his acknowledged business ability and his keen sense of values and it is easily understood why he is almost invariably successful in business or other matters.

We feel that it is our duty to call attention of our readers to these worth-while characteristics of

"Red" Haley and to pay him a well-deserved tribute for his straight-forward business methods and for the unselfish interest he has shown in public welfare.

Mildred K. Andrews

Mildred K. Andrews is one of the more successful restaurant operators of San Angelo who, by maintaining a constant standard of service and high quality foods, has made La Louisian Restaurant one of the more popular eating places in the community. We are glad to give her credit for her well-earned success in a field which is so highly competitive.

It is also a pleasure to give her credit for taking part in community affairs and lending her assistance to various activities and public projects. When to take a part in such matters she always does so without ostentation, but in a quiet manner which lends dignity

to her cheerful acceptance of her share of the civic load. It is a pleasure to be associated in the promotion of community activities with women as Mrs. Andrews.

This review of progressive and civic-minded people of San Angelo would not be complete were we to fail to include Mildred Andrews. Hers is the kind of success which deserves recognition and we wish her many more years of the same.

Guests in the home of Mr. and Mrs. R. C. Lasswell over the weekend were Mr. and Mrs. Kenneth Bradbury and Bobby Lasswell. The Bradburys were returning to Lubbock Monday where they will enroll in summer classes at Texas Tech.

Mr. and Mrs. J. T. Henry and Linda visited in Fort Worth last weekend with Mrs. Henry's parents, Mr. and Mrs. S. B. Ellis.

Bronte Ice Co.

Progressive Business and Civic-Minded People of San Angelo and Vicinity

THIS DEPARTMENT HAS BEEN WORKED UP LARGELY AS A REFLECTION OF PUBLIC OPINION. NO PERSON HAS WRITTEN OF THEMSELVES OR THEIR BUSINESS. ALL ARTICLES HAVE BEEN COMPILED BY A REPRESENTATIVE OF THE BRONTE ENTERPRISE AS HE SAW CONDITIONS. THESE PEOPLE ARE ALL LEADERS IN THEIR VARIOUS LINES OF ENDEAVOR AND THE COOPERATION OF THOSE CITIZENS IN SAN ANGELO WHO HELPED MAKE THIS DEPARTMENT POSSIBLE IS SINCERELY APPRECIATED.

C. T. Wagner

C. T. Wagner, the general manager of A & W Tank Company, has won the universal respect and good will of the people of San Angelo and the surrounding country for the progressive manner in which he has kept the firm in the forefront of the business and industrial life of this entire district. Also for the efficient and friendly willingness he has displayed in accepting his share of responsibility in aiding civic projects.

Mr. Wagner is not the kind of man who makes himself conspicuous by the manner in which he conducts himself, either in business or other matters. Yet, his quiet reserve and air of confidence mark him as a man of sound judgment whose opinions and advice are sought after and listened to with respect.

We compliment C. T. Wagner for the successful management of the A & W Tank Company, and also for his constructive advice and help on those civic affairs in which he has found time to interest himself. He is a man whom many are proud to call friend.

Homer Emfinger

In compiling this review of progressive San Angelo business people, we have endeavored to select those citizens who, by the manner in which they have conducted themselves and their businesses, have earned for them positions of leadership in their various fields of activities. Such a man is Homer Emfinger, the manager of the Acme Quality Paint Incorporated, who is well known and has many friends and business associates throughout this entire district.

Mr. Emfinger's main interests have not been solely confined to his own business and private affairs, but have also included his contributions, in one form or another, to those projects of a civic nature which come within the scope of his activities.

Homer Emfinger is a man of wide experience whose exploits in the business and civic life of San Angelo and vicinity merits more than a passing attention and the writer is privileged to pay this brief tribute to a man who well deserves more credit than is accorded him here.

A. M. Hagan

There are many men in their chosen fields who have gained recognition for the progressive manner in which they have conducted their business and accepted their civic responsibilities but who will not permit much to be said of their achievements.

But in reviewing a group of such citizens we should include A. M. Hagan, well known and completely reliable geologist, for he is a man who has always done his work effectively even though it has been accomplished in an unobtrusive manner.

Mr. Hagan, busy as he is, always manages somehow or other to do his bit in any movement calculated to benefit the community as a whole. His modesty, however, will not permit him to say the things about himself which are said by his friends, who do so because of a personal knowledge of his activities.

We do not hesitate to recommend A. M. Hagan to our readers as a citizen who continues at all times to work to the advan-

tage of the people of this entire district.

Jack Davis and Elmer E. Edgington

Two of the more progressive real estate men of San Angelo, and authorities on all oil leasing and royalty problems, whose success can partly be attributed to a deep insight as to the direction in which the city will develop are Jack Davis and Elmer E. Edgington of the Davis-Edgington Agency. They also have a sound basic knowledge of real estate values and have turned that knowledge to the advantage of the people with whom they do business. And their aggressive methods coupled with their sound and practical ideas have made the services they have rendered to the people more valuable and materially contributed to their well earned success.

Mr. Davis and Mr. Edgington are also civic minded and have always shown a cheerful willingness to contribute their share of time and energy to the promotion of community projects.

It is because of the activities of such progressive business men that year after year, San Angelo continues to show such a healthy growth and expansion, both as a residential and industrial city. We are glad to pay tribute to Elmer Edgington and Jack Davis for the part they are playing in the onward progress of their city.

Ermon Tyner

In bestowing credit upon some of those progressive business men of San Angelo, who in one way or another, have contributed their bit to improve business and civic conditions, we wish to say a few words about Ermon Tyner of Tyner's Magnolia Service.

Mr. Tyner has set a standard for himself and the operation of his business that, under present existing conditions, has been very difficult to maintain. However, that he has done so is proved by the large volume of business which his Mobil station continues to handle, much of which is due to his unceasing attention to detail and his ability to cope with new and unexpected problems.

Ermon Tyner is also civic-minded, and has, when asked, cheerfully cooperated on those civic activities to which he has been able to lend assistance. He more than deserved the respect and good will which he has earned, and we and his friends are confident that he will continue to maintain his usual integrity and high standards.

James and Wallace H. Hohmann

Due to the efforts of a group of wide awake business men, the city of San Angelo has attained a dominant position in the commercial life of this section of the state. And two of the men who have justly earned credit for being progressive members of that group are James and Wallace H. Hohmann of the Angelo Refrigeration & Electric Company. Authorized dealers for ARA Automotive Air Conditioning, and Brunner and Tecumseh commercial air conditioning refrigeration.

It is because of the successful operation of such a business as theirs that the city of San Angelo has earned the reputation of being one of the more progressive cities in West Texas.

The Hohmann Brothers have been conspicuously successful in spite of the fact that they have repeatedly neglected their own private affairs to devote a part of their time and efforts to the successful promotion of civic projects.

It is considered a privilege to include Wallace and James Hohmann in this San Angelo review and to publicly give them credit for their success in business and for their many contributions to the general welfare of the city.

Dorman L. Chapman

Because this is a period of growth and expansion for San Angelo, those progressive business men who had the foresight and ability to lay their plans so as to be able to take advantage of those conditions, are entitled to more than ordinary acclaim. We are therefore, glad to pay tribute to Dorman L. Chapman of the Ace Builders, for he has become a well-known figure in the business and civic life of the city.

Mr. Chapman's persistent optimism and steadfast belief in the continued future prosperity of the people of San Angelo and vicinity are characteristics which are deserving of our highest praise.

Dorman Chapman has always shown a willingness to do his part in civic advancement and contributed his bit, in one form or another, to projects promoted for the welfare of his city. We believe that a business man of this kind is entitled to our sincere praise, both because he has achieved success in his private affairs and because he is willing to contribute to the public good.

Walter F. Tucker And Lowell F. Grush

In making this review of progressive San Angelo business men it is appropriate that we include some of those men who have taken an active part in the promotion and development of the petroleum resources of the state. In doing so, we would be censored if we failed to include Walter F. Tucker and Lowell F. Grush of the Tucker Drilling Company.

Mr. Tucker and Mr. Grush are those solid types of citizens whose fairness and friendliness and sincere desire to be of service are accountable for a large measure of their success. And, as time goes on, their personal interests have become more closely interwoven with the business and civic affairs of the city. As a result they have, quite naturally, become accepted as men who can be called upon and who will cheerfully do their part to further the development of those community activities to which they are best fitted to lend assistance.

Walter Tucker and Lowell Grush have, by the conduct of their business and by their attention to civic affairs, earned the friendship and good will of their fellow citizens. They are to be complimented for their activities and we only express the desire of their many friends and associates in wishing them continued success.

K. T. Gauntt and C. W. Wagner

Recognized as authorities on all plumbing and heating contracting problems, K. T. Gauntt and C. W. Wagner of the Bowen Plumbing Company, have turned their knowledge to the advantage of the peo-

ple of San Angelo and vicinity. More than that, Mr. Gauntt and Mr. Wagner are men who have always been vitally interested in the civic betterment and progress of the city and have backed up their interest by lending assistance, in one form or another, to the successful promotion of many things which have benefited the community as a whole. San Angelo owes much to such men for their part in making the city the business center of this area.

They have always been alert to the many opportunities for service, and more than ready to recognize and accept their share of civic responsibilities.

Because of these things, C. W. Wagner and K. T. Gauntt have become accepted as progressive business men who are assets to both the business and industrial life of the city, and we trust they will continue to serve the people of San Angelo and the surrounding area in their present capacity for many years.

Jack M. Cooper

San Angelo owes much to those progressive citizens who have taken an active part in the growth and progress of the city and who have helped to make it the business center for this part of the state, and who also have contributed in some manner, to the exploration and development of the petroleum resources of this section. In mentioning some of these men it is only fair to include Jack M. Cooper, well known and completely reliable San Angelo oil man.

He deserves a great deal of credit for his success in both business and civic activities.

Mr. Cooper is wholly deserving of our sincere praise and these few words of commendation are but a just recognition for the many activities he has conducted on behalf of the general welfare of the community. The honest and successful conduct of his business affairs is but a reflection of his character. We trust that Jack Cooper will continue to serve the oil industry throughout this area for many years.

James A. Cope

The men in a community who work for the best interests of the community, usually are leaders in whatever they attempt. This is especially true of real estate men because they are generally among the first to be called on to help with all-worthy civic projects. Such a man is James A. Cope, who has been dealing in farm and ranch properties in West Texas since 1903, one of the city's better known and more progressive realtors. He stands at all times prepared to assist his city and is always ready, if necessary, to take off his coat and work for its best interests.

It is men like Mr. Cope, who have had the vision to realize the possibilities of San Angelo and the surrounding territory and have given of their time and energy to make that vision come true, who have won the respect and good will of their fellow citizens.

We take pleasure in paying this brief tribute to James Cope for being a far-sighted business man who is firmly established in the forefront of the business and civic life of his city.

Henry and Laverne Houpt

To serve the public honestly, efficiently, and cheerfully is the basic foundation many progressive business men and women of San Angelo have found to be the shortest route to success. In making this statement, the two people we have in mind are Mr. and Mrs. Henry Houpt of Mack's Boat Dock. The popularity and patronage enjoyed by their many services accentuates the ideals of courtesy

and efficiency which they have consistently applied in the management of the business and in the servicing of its patrons.

The conduct of such businesses and the people who operate them have done much to make San Angelo the business center for many miles around, and it is fitting that we give credit where credit is due to such citizens as the Houpt's for their part in the onward progress of the city. In doing so, we are merely putting into words the opinions of those who know them.

Henry and Laverne Houpt have earned their success by the method in which they have served the public and accepted both civic and business responsibilities, and we wish them every success in the future.

James Hohensee And Jimmie Goolsby

In every community there are a number of business men who can be pointed out as having taken a three-fold part in the onward progress of their city. Two well known business men of San Angelo who belong in this category are James Hohensee and Jimmie Goolsby of the Quick Loan Service.

Their leadership in their line of business is recognized throughout this entire district. And their furtherance of civic activities and support of those organizations whose main objectives are directed along lines of civic betterment and community progress is well known to their immediate associates.

Mr. Hohensee and Mr. Goolsby are men who are equally well liked and respected by their intimate friends and their business associates. They are loyal to the community, thankful for their success in business, and have shown their appreciation by the contributions to various civic movements of benefit to the city.

We congratulate Jimmie Goolsby and James Hohensee for being good citizens, progressive business men and boosters of their community.

Clyde Shelby

Recognized as one of the more progressive business men of San Angelo, Clyde Shelby of the Tile Shop, performs a real service for the people of his city and his contributions to civic betterment are too well known to require repetition in these columns. His personal success has been achieved, in a large measure, because he never misses an opportunity to further the service he renders to the public. A policy which has and continues to build up good will for the Tile Shop throughout this entire district.

Mr. Shelby is deserving of praise and this small tribute is but a just recognition for the many services which he has performed in the way of both business and civic activities. Also his reputation for the conduct of his business affairs is no greater than his reputation for the honest practices which characterize his every transaction.

We congratulate Clyde Shelby on his splendid record and trust he shall continue to serve the people of San Angelo and vicinity.

Frank M. Pool And R. W. Gerlich

We take pleasure in this San Angelo review to call the attention of our readers to two of the more progressive oil field service men of this district. These personalities are Frank M. Pool and R. W. Gerlich of the Pool Well Servicing Company, who are rendering a valuable service to the oil producers of the state.

The production of petroleum in this section has been one of the greatest single factors in the growth and progress of San An-

Continued on Next Page

gelo and this district, and Mr. Pool and Mr. Gerlich are men who have taken an important part in many phases of oil field activities.

They are residents of San Angelo and have a large circle of personal friends throughout this entire district. They are also men who have considered their civic responsibilities in a serious manner and are always ready and willing to help in the promotion of any project which promises to benefit their city and this area.

We congratulate R. W. Gerlich and Frank Pool for the part they are playing in the development of the petroleum resources in this part of the state and we wish them many more years of successful operations.

Cleo George

Performing an outstanding service for the people of San Angelo and the surrounding territory, Cleo George of the George Insurance Agency, has achieved an enviable reputation for her progressive policies of business administration. Her constant study of insurance problems in relation to the protection the people both need and can afford, have been important factors in her well-earned success.

Mrs. George is a woman of ideas and she is as practical as she is progressive in putting those ideas to beneficial use in furthering the service she renders to the people. Her sound business judgment and unwavering honesty are characteristics which place her in the front rank of the business leaders of her city. Yet she is unassuming and modest in her personal contact with the people; always ready to listen to their ideas and desires.

We are glad to pay tribute to progressive citizens of this type, for it such women as Cleo George who have caused San Angelo to become recognized as the metropolitan center for this section of the state.

Viola Pyburn

Progressiveness, coupled with ability, always a praise-worthy feature in the passing scene of any community's daily life, is to be duly appreciated. In full realization of this and in recognition of the splendid personality which gives impetus to the personal success in her case, many residents and business people of San Angelo and our own community regard Viola Pyburn of Bob Curling Interiors, as a true asset to her city and this district.

Mrs. Pyburn is keeping the interior decorating studio at the forefront at all times, and her natural ability, gained through long experience, she has maintained a position of leadership in her field of endeavor. Capable and energetic in the management of Bob Curling Interiors, she has come to be recognized as one of the city's more progressive business women.

What Viola Pyburn has accomplished in the past is the best indication of what may be expected of her in the future. She has our admiration and best wishes for continued success.

W. E. Kimrey Sr., & Jr.

When a city like San Angelo has gained recognition for being the trading center for many square miles of the surrounding country, it is because of the foresight of those pioneers of earlier days who had the vision to realize the possibilities of their city and who also had the ability and courage to work for the fulfillment of that vision, and W. E. Kimrey, Sr., is a man who belongs in this category.

San Angelo owes much to those men of early days, but each succeeding generation must produce

its share of business and civic leaders to assure the continued growth and prosperity of the city.

It is also the purpose of this review to call the attention of our readers to some of these present day leaders, and this instance we particularly wish to point out and pay tribute to W. E. Kimrey, Jr., who is associated with his father in the operation and management of the W. E. Kimrey & Sons Construction Company.

Mr. Kimrey and his son are not alone in their efforts to increase the prestige of the city, but they are fine examples of the type of men whose combined efforts are responsible for San Angelo's past and future prosperity.

S. B. Toombs

Generally speaking, civic pride is one of those things that goes hand-in-hand with success, because a man must have been successful to fully appreciate the advantages that were afforded him by the community in which he lives.

S. B. Toombs, of the S. B. Toombs Water & Float Hauling, is one of those progressive business men of San Angelo who has shown his appreciation for his success by his attention to civic matters. His willingness to become a cog in the wheel of community progress, whenever united effort is needed to put over some movement or project advanced for the good of his city has always been taken for granted.

Mr. Toomb's quiet assumption of responsibility, not only in connection with his own business, but in regard to other matters as well, has often lent a feeling of confidence to others interested in the same movements.

In complimenting S. B. Toombs upon his high standing in the community, we do no more than express the admiration and respect of his many friends and business associates.

Curry C. and C. T. Ducote

To become generally accepted as two progressive business men of San Angelo who can always be counted upon to recognize their duty to the home community, and who will readily back up their sense of duty by active participation in, or the support of worthwhile civic movements is an honor that can be proudly borne.

Two such men are Curry C. and C. T. Ducote of the De Coty Coffee Company, who a great many times have neglected their own private affairs to lend a helping hand in order to contribute to meritorious civic projects.

The Ducote Brothers' friends are always more than glad to have their assistance, because of their constant cheerfulness and the enthusiasm and optimism in which they instill in their fellow men.

These same estimable attributes have also been applied by C. T. and Curry Ducote in the management of their business with the outstanding success which is known to us all. It is our pleasure to give them all the credit which is their just due and to include them in this review of progressive San Angelo business men.

Sam J. Underwood

Every progressive and successful business man in San Angelo contributes in some manner to the growth and progress of the city. And a man who is always willing to do his part in both civic and business activities is Sam J. Underwood of the Underwood Chemical Company, who is well known and has many friends and business associates throughout this entire district.

The prominent part that the Underwood Chemical Company is playing in the business and industrial life of San Angelo and vicinity mirrors the progressiveness and ability of such men as

he. Moreover, Mr. Underwood has also at all times been steadfast in his devotion to the city, and the surrounding country, and on many occasions, has lent his support to the successful promotion of progressive civic projects.

San Angelo and this district are fortunate to have such a man as Sam Underwood in a position of responsibility and service, and this newspaper feels that it merely reflects public opinion in paying this brief tribute to one of the city's more progressive business men.

Raymond Bond

The city of San Angelo has assumed its place of importance in this section of the state because of the efforts of farseeing business and professional men who have helped in developing its industry or in some manner, extended the trade advantages of the locality. One of the men who has taken an important part in many progressive movements is Raymond Bond, well known and completely reliable realtor and builder.

Mr. Bond has devoted his share of time and energy to the growth and development of San Angelo and this district and it is fitting at this time that we attempt to express in a small way, our appreciation for his unselfish contributions to the general welfare of the community.

He is a man of wide acquaintance whose many friends admire and respect in him those virtues which inspire confidence and promote good feeling. His upright business methods are but an outward reflection of his inherent appreciation for fair practices. We congratulate Raymond Bond on his splendid record of service and wish him continued success.

Eugene Pavlicek

It is a well known fact that a man's true character must come through in his work; whether in business or professional activities or in public life. So when a man conducts himself in such a manner as to cause the public to recognize in him certain qualities, over and above the average, he is deserving of a few words of praise. Such a personality is Eugene Pavlicek, well known and completely reliable contractor of this area, and a leader in the business and industrial life of San Angelo.

In addition to being one of the city's more progressive business men, Mr. Pavlicek was never a man to shirk his civic duties. More than that he enters cheerfully and with enthusiasm and optimism into those civic affairs in which he has time to take a part. And seldom does he fail to find time to do his share.

Eugene Pavlicek deserves his share of credit for being one of those progressive citizens of San Angelo who has contributed so substantially to the onward progress of the city. It is a pleasure to include him in this group.

Nevel "Red" Haley

Nevel "Red" Haley of the Haley Motor Company, is one of those progressive used cars and truck dealers of San Angelo who has consistently forged ahead in his business. He has also put his shoulder to the wheels of civic progress whenever concerted help was needed in furthering enterprises promoted for the general welfare of the community.

Mr. Haley was never a man given to wishful thinking. Because his methods are those of direct action and whether the problem at hand is one concerning his own business or that of a civic nature, he attacks it with optimism and vigorous enthusiasm. Add to this his acknowledged business ability and his keen sense of values and it is easily understood why he is almost invariably successful in business or other matters.

We feel that it is our duty to call attention of our readers to these worth-while characteristics of

"Red" Haley and to pay him a well-deserved tribute for his straight-forward business methods and for the unselfish interest he has shown in public welfare.

Mildred K. Andrews

Mildred K. Andrews is one of the more successful restaurant operators of San Angelo who, by maintaining a constant standard of service and high quality foods, has made La Louisiann Restaurant one of the more popular eating places in the community. We are glad to give her credit for her well-earned success in a field which is so highly competitive.

It is also a pleasure to give her credit for taking part in community affairs and lending her assistance to various activities and public projects. When to take a part in such matters she always does so without ostentation, but in a quiet manner which lends dignity

to her cheerful acceptance of her share of the civic load. It is a pleasure to be associated in the promotion of community activities with women as Mrs. Andrews.

This review of progressive and civic-minded people of San Angelo would not be complete were we to fail to include Mildred Andrews. Hers is the kind of success which deserves recognition and we wish her many more years of the same.

Guests in the home of Mr. and Mrs. R. C. Lasswell over the weekend were Mr. and Mrs. Kenneth Bradbury and Bobby Lasswell. The Bradburys were returning to Lubbock Monday where they will enroll in summer classes at Texas Tech.

Mr. and Mrs. J. T. Henry and Linda visited in Fort Worth last weekend with Mrs. Henry's parents, Mr. and Mrs. S. B. Ellis.

Fifth Grade A — Charles Lee Coppock, Marilyn Glenn, Rex Harris, Fredda Lou Henson, Judy Lee, Jan Wilkins.

Fifth Grade B — Elaine Glenn, Janice Hester, Glenn Sims, Lynda Taylor, Jimmy Wells.

Sixth Grade A — Malcolm Johnson, Johnny Sims.

Sixth Grade B — Phelan Parker, Frances Brice, Sue Blackmon,

Youth's Stake In Conservation

By FRANCES WYLIE

Below is the essay which won first place in the annual contest sponsored by the Coke County Soil Conservation District.

Youth's stake in conservation means our life in later years, though many of us do not realize this now. Our stake is the most important one we have. Our lives depend upon how we take this "stake" and make it progress. Everything we have and need comes from the soil. If it is not conserved, we would have very slim chances of survival.

Our homes in the future will be made of products which were developed from the soil. The food we will eat and the clothes we will wear will have their origin in the soil. If we do not plan now to conserve it, there will not be any homes, food or clothes in the distant future.

For us to help conserve the soil, we should first gain knowledge of this subject. Everyone, especially those with intentions of becoming farmers, should have an important education of this vital topic. Even those who think they would never have anything to do with the soil, could do something for its conservation. If they have relatives or friends who are farmers, they could relate some of the new ways of farming.

If we are interested in the field, we could study to be soil conservationists, county agents, agriculture teachers or any other job affiliated with saving the soil.

Will the people years from now be sheltered, fed, and clothed as we are? Will they try to save the soil? Those are questions we can help answer now. They can live as we, if we will start now and save the soil the best way we know how. If there is education, and we set an example now, I believe there will be soil saving progress.

Would these people, if they could, thank us for conserving the soil? That, surely, can be answered now. If we work and strive to save and purify it, they will be thankful.

Rudy Phillips, Barbara Libby, Vic Glenn.

Seventh Grade A — Gwen Kirkland.

Seventh Grade B — Phebe Casey, Dana Eubanks, Sharon Knight, Kay Powell, Patsy Woods.

Eighth Grade A — Yvonne McCutchen, Carolyn Glenn, Carol Ann Sherrod.

Eighth Grade B — Mike Luttrell, Deanie Allen.

SEMESTER HONOR ROLL

Fourth Grade A — Tricia Andrews, Peggy Corley, Janelle Gaston, Ann Harris, Margie Oglesby, Ida Lee Parker, Marla Lou Rees, Terry Thetford.

Fourth Grade B — Mary Corley, Penny Garrett, Ronnie Lee, Johnny Jackson, Jim Morrow, Gerald Parker, Ronnie Sims, Kenneth Wilkins.

Fifth Grade A — Charles Lee Coppock, Jan Wilkins, Marilyn Glenn, Rex Harris, Fredda Lou Henson.

Fifth Grade B — Elaine Glenn, Glenn Sims, Lynda Taylor, Jimmy Wells.

Sixth Grade A — Johnny Sims, Vic Glenn, Malcolm Johnson.

Sixth Grade B — Phelan Parker, Rudy Phillips, Barbara Libby.

The semester honor roll for the Seventh and Eight Grades was not available this week.

SCS Personnel To Be Increased In Coke County

J. R. Harralson recently began work in Coke County as a soil conservationist, and will be associated with A. V. Sheppard and others here in soil conservation work.

A graduate of Texas A & M College, Mr. Harralson served as assistant county agent in Runnels County prior to moving here.

He is a native of San Angelo and his wife is the former Mary Jean McKenzie of Fort Stockton. They have two little sons, Tommy and Mark. The family is living in one of Daisy McCutchen's residence properties in the north part of town.

Mr. Sheppard states that increased personnel is due to the Great Plains Conservation Program which will be activated July 1. The program was set up by the government to help cope with problems of wind and water erosion, as well as economics.

Jimmy Smith is also to be added to the staff this summer, having finished at Texas Tech. A student trainee is John McClellan of Ballinger, who attends John Tarleton.

The Bronte Enterprise

June 7, 1957

Bob Wilson, local barber, is making a satisfactory recovery from lung surgery which he underwent last week in San Angelo.

Mr. and Mrs. James Allen were here from Fairnes City the middle of the week visiting friends and attending to business.

Get in the fine-car swim at the low Ford price!

America's favorite convertible is one of 21 Ford models for 1957

There's no need to pay a "fancy price" to enjoy fine-car luxury. Ford is lowest priced* of the low-price three, yet offers values you'd expect only in cars costing far more!

To start with, you can easily pay twice the money, and not find lines that can hold a candle to Ford's for lowness, loveliness, or just plain good taste.

But step inside. That's when you'll find the real evidence of Ford's quality!

And, on the way in, note that Ford offers door checks that hold doors open in either of two positions—for easy entrance or exit. A little thing. But, in a fine car, why not? Then, inside, notice how comfortable those plush, foam-rubber seats are. They'll stay that way. And on long trips. For they're scientifically contoured over non-sag springs. Your rear-seat passengers are treated

extra kindly, too—with spring assists to help them open and close the doors—with the most leg room in Ford's field!

Fine cars are smooth—and that's another place Ford really shows its stuff!

Ford delivers its famous V-8 power smooth as a whisper. That's because only Ford takes the pains to electronically balance each engine while running under its own power. Not even the makers of the most expensive automobiles go this far to bring you super-smooth performance.

Ford rides fine-car smooth and quiet, too. You can thank the new "Inner Ford" for that. Ford, for instance, has

a swept-back front suspension that actually "rolls with the punch" of every road bump.

Ford's rear springs automatically adjust to give the right ride for every road. And Ford keeps things quiet, with the most sound insulation in its field.

Fine cars are built to stay solid. So's Ford!

Ford has the only frame in its field to make use of rugged tubular steel beams. No car at the price offers so many roof-strengthening beams. Expensive cars aren't built of thicker body steel or with sounder engineering skill. Then, of course, in Ford you can have all the power assists and other conveniences found in fine cars. And they cost far less in Ford.* Yes sir! In every feature, every part, Ford is the fine car at half the fine-car price. Come in and see!

Get in on the fun and savings now in the new kind of

A CHILD WHO BLOWS A HORN ISN'T LOOKING FOR MISCHIEF!

BY BILL HARTMAN & LEE B. BLER

Mr. and Mrs. Jack Belcher, Doug and Becky, arrived Wednesday of last week and visited with the E. L. Caperton family until Saturday. Becky remained to visit awhile with her grandparents. On Thurs-

day of last week other guests in the Caperton home included Mr. and Mrs. Matthew Caperton and family of Bronte, Mr. and Mrs. R. T. Caperton and children of Sterling City, Misses Eloise Hester and

Wanda Kirkland.

Guests in the home of Mr. and Mrs. A. E. Gentry last weekend was their son, Bub, of Odessa. On Sunday, Mr. and Mrs. Joe Hill of San Angelo were their guests.

LOCAL NEWS

Mr. and Mrs. Lewis Bridges and children, Barbara and Wayne, arrived in Bronte last weekend to visit his mother, Mrs. Nora Bridges, and other relatives. Lewis received his degree in commencement exercises at Texas A&M College last week. They are moving to Eden where he will take over as vocational agriculture teacher July 1.

Weekend guests in the home of Mr. and Mrs. G. D. Luckett are Mr. and Mrs. Allen Bryan and girls of Fort Stockton. They also visited with Mr. and Mrs. O. F. Bryan at Bradshaw. Their two daughters, Cynthia and Kathy, remained for a few weeks visit with their grandparents.

Billy Childers visited with the Allen Sherrod family from Wednesday of last week until last Wednesday. He is from Seminole.

Mr. and Mrs. Martin Lee and Jimmy Lee left Sunday to go to Arlington where they will make their home. The men have been employed by an air craft company in Grand Prairie.

Mr. and Mrs. George Faulk and children, Linda and Bruce, of Midland have been here for a week's vacation with her parents, Mr. and Mrs. J. I. Adair. Their other children, Mr. and Mrs. Charlie Phillips and children and Mr. and Mrs. Clifford Baker and children, all of San Angelo, and Doyle Adair of Houston were here Sunday. Doyle left for his home Sunday after spending a two weeks vacation period here and other West Texas points.

what's what

by whatley

Whee! we made it! I am referring to the young son and me. School is out and we both made it. He made it from the 6th grade to the 7th, while they did not put me in any special grade. But I was very happy when I received the letter from the College and opened it and a great big "A" stared me in the face. So it just goes to show you that if I could make it, anyone can. I was afraid that they might have to burn the school down to get me out. That might have been the reason they gave me the A, afraid I might be back next fall.

But it seems that I never have a dull moment as I get out of one thing and wake up and find myself involved in something else. I started Wednesday of this week helping with Vacation Bible School. It is something a little different than I have ever experienced before, as I have always dealt with grown ups or maybe just a little younger. But this time, I am working with the juniors. I do find them very interesting to work with and I can say this—that you have to be on the jump to keep ahead of them. Sometimes I think maybe they should be teaching me

instead of my trying to teach them. One thing nice, I have five helpers and if things get too hard for me, which is quite often, then I can always shift things over to them.

Have you read about those new pills they are putting out for all kinds of symptoms? You get them all from the same bottle for any kind of ache you might have. They are called, "Make Believe Pills for Make Believe Ills." There are such types of pills as "Poker Pills, Capital Loss Pills, Bridegroom Pills," et cetera. So before this Vacation School is over, which is going to last 10 days, I may have to have an over dose of these above-mentioned pills. I guess I could say that I had "nervitis" caused from too many kids.

I have a good recipe for a cherry pie to bring you this week. I ate this at a picnic the other day and it was superb. Of course I got around to getting it. But I did not have to work too hard to get the recipe, as my sister had made it. But it was a new one that she had recently gotten.

Cherry Pie with Peaches

1 No. 2 can pitted cherries
1 cup sugar
1 envelope of Knox gelatin
1 cup sliced peaches (drained)
Combine the sugar and cherries.
Take ½ cup of cherry juice and heat and dissolve the gelatin. Then

add this to the cherry mixture. Place into an uncooked crust. Before placing the top crust on, place the drained peaches on the mixture. Then put the desired crust on top. You may like the lattice or the solid type crust.
Bake 50 to 60 minutes in a moderate oven. Cool before serving.

Mary Ann Gray Honored at Shower

Miss Mary Ann Gray, bride-elect of Bill Grubb of Fort Davis, was complimented at a bridal shower last Tuesday night in the home of Mrs. Noah Pruitt, Jr.

Fifty guests were registered. White cake and yellow punch were served from a table laid with lace over green. The centerpiece was fashioned of white and yellow gladioli and white daisies, on a mirror reflector, with green fern around the edges. White streamers with gold letters read "Mary

and Bill." Plate favors were rice bags tied with green ribbon.

Receiving guests were Mrs. Pruitt, Mrs. Claude Beaver, Mrs. Gertrude Gray and the honoree. Mrs. Jimmy Brunson and Miss Wanda Snead presided at the tea table.

Hostesses were Meses. Noah Pruitt, Jr., Noah Pruitt, Sr., G. C. Spencer, Cullen Clark, Royce Dean Clark, Hollis Ensor, Dink Beaver, Francis Seltz, Jimmy Brunson, James Phillips, Merle Andrews, Faye Scott, Will Stephenson, Arthur Wrinkle, Bill Wrinkle and Miss Wanda Snead.

The couple will be wed Saturday night, June 8, at 7:30 p.m. in the Kickapoo Baptist Church here.

Miss Joan Webb Weds Edward Ray Poehls

Miss Joan Pearlleen Webb, daughter of Mr. and Mrs. Lester L. Webb of Bronte, became the bride of Edward Ray Poehls in a ceremony read Saturday, June 1, at the Maverick Baptist Church.

The Rev. N. T. Gault, pastor of the church, read the double ring ceremony at 4 p.m. The bridegroom is the son of Mr. and Mrs. Ed Poehls of Norton.

The bride chose a blue linen sheath dress for her wedding and wore white accessories. She is a senior in Bronte high school and has been active in school activities. She served as cheerleader and also was a leader in F. H. A. work.

The bridegroom is a former student of the Norton high school.

J.O.Y. CLASS HAS SUPPER

The J.O.Y. Class met Monday at 7:30 p.m. at the Fellowship Hall of the First Baptist Church for a covered dish supper. Miss Nannie Marie Pearson and Mrs. Chester Harwell were hostesses.

A short business session was held with the president, Mrs. Collins Sayner, presiding.

Those present were: Mr. and Mrs. Collins Sayner, Mr. and Mrs. H. M. McMeans, Mr. and Mrs. Floyd Crunk, Mr. and Mrs. J. F. Hughes, Mr. and Mrs. Chester Harwell, Mrs. Taylor Emerson, Mrs. Claude Word, Mrs. Charles Knierim, Mrs. Whitfield and Miss Nannie Marie Pearson.

Here from Abilene for the weekend were Mr. and Mrs. Dwain Pruitt and Suzanne. Suzanne remained for a week's visit with her grandparents, Mr. and Mrs. O. L. Pittman and Mr. and Mrs. Noah Pruitt, Sr.

Misses Patsy Brock and Wanda Snead spent the Memorial Day holiday with Flora Mae Brown and Barbara Phillips in San Angelo.

Mrs. Nora Bridges returned last Saturday after a trip to central Texas. She went to College Station to be present at graduation exercises at A&M where her son, Louis, received his degree. She went from there to Austin and Crawford where she visited relatives.

MRS. RONALD HUGHES

Miss Sharp, Mr. Hughes Married in Rites Here

The wedding of Ruby Joan Sharp and Ronald Lee Hughes took place Wednesday, June 5, at 10 a.m. The single ring ceremony was read by the Rev. Douglas Brown in his home. Members of the immediate families and Mrs. J. H. Turner, a close friend, were present for the rites.

The bride is the daughter of Mr. and Mrs. Wilson Sharp of Bronte and completed her junior year at Bronte high school last month. The

bridegroom is the son of Mr. and Mrs. J. F. Hughes of Bronte and is a 1957 graduate of Bronte high school.

The living room of the Brown home was decorated with gladioli, larkspur and other spring flowers.

The bride wore a pale blue dress and white daisy bandeau on her hair. Her flowers were white carnations.

The couple left immediately for Pueblo, Colo., where he will enroll in the Mid-West College of Commerce next Monday. He will train for railroad employment while in school.

Blackwell Couple Wed In Sweetwater Rites

By Mrs. Charles Ragsdale

The home of Mr. and Mrs. Ellis McJunkins in Sweetwater was the scene for the May 25th wedding of Miss Myrna Ann McCoy, daughter of Mr. and Mrs. Paul McCoy of Blackwell, to Robert Kenneth Pickett, son of Mr. and Mrs. Walter Pickett of Sweetwater. Mrs. McJunkins is a sister of the bridegroom.

Reading the double ring ceremony at 7 p.m. was S. L. Williams, retired Church of Christ minister, of Sweetwater.

The bride was dressed in a blue linen sheath dress with matching jacket and white accessories. She carried white gardenias on a white Bible.

Mrs. Charlie Hunt of Sweetwater was matron of honor. She wore a blue dress and her flowers were white gardenias.

Charlie Hunt served as best man. Candle lighters were Paula McCoy, sister of the bride, and Janet Guelker, niece of the bridegroom. They, too, were dressed in blue.

The mantle in the McJunkins home was decorated with tiered candles. Baskets of flowers and greenery were on each side and in the fire place. Miss Jan McJunkins, niece of the bridegroom, furnished the organ music.

A reception followed in the McJunkins home. Miss Mary Jo Olney registered the guests who were: Mr. and Mrs. J. F. Olney, Mary Jo and Kay of Abilene; Mr. and Mrs. Paul McCoy and Paula, Mrs. Irene McCoy, all of Blackwell; Mr. and Mrs. W. R. Pickett, Vicki and Betty, Mr. and Mrs. Morris Guelker, Janet and Mark, Mr. and Mrs. Charlie Hunt, Mr. and Mrs. Walter Pickett, Mr. and Mrs. Ellis McJunkins, Jane, Don and Bill, and Mr. and Mrs. S. L. Williams, all of Sweetwater.

The couple left for a wedding trip to Ruidoso, N. M., and will live at 710 E. Ave. C in Sweetwater.

Mrs. Pickett is a former student of the Blackwell high school and he attended Sweetwater high school. He is employed by Sweetwater Rental Co.

Communism and Private Property

(This is third in a series of articles on Communism written by Owen Cosgrove, local Church of Christ minister. We regret that space limitations make it impossible to run them each week.)

Karl Marx, the forerunner of Russian Communism, lived in a day of severe economic oppression and class struggle. His generation was bogged in a misguided capitalism born of the great Industrial Revolution.

Labor had become a cheap and abused force. Greedy plutocrats exploited the poor, and poverty ridden women and children labored under the worst working conditions for the most meager pay.

Marx, following the philosophy of Hegel that all progress is the synthesis of opposing forces, declared that all history is a series of class struggles. He declared that all of humanity is being split into two distinct, hostile camps—the Bourgeoisie (property owners

corresponding largely to the Middle Class of the United States) and the Proletariat (wage-earners or workers).

Karl Marx blamed the world's troubles and sorrows on class struggle and he blamed class

struggle on the desire for private property. In Emile Burns' book, "A Handbook on Marxism," the author states, "The theory of Communists may be summed up in the single sentence: Abolition of private property."

Marx, an avowed atheist and Darwinian evolutionist, held that man in his original state, had no private property. In fact, he advocated that in the world's return to its primitive communistic state, all property should be held by the state. Even the possession of a mate and of children to fade into general promiscuity with children being wards of the state when Communism reaches its "Golden Age."

Communism is definitely opposed to any private ownership of property. In the U. S. S. R., a farmer is allowed to call nothing his own except a few hand tools and various small household possessions. To the Communist, the Fall of Man came with private property, and

such ownership is the cardinal sin of modern humanity. The Party will not be satisfied until it has

brought all property under its power and left none in the hands of the people.

... Chevrolet with Turboglide!

Chevy's come up with the newest, sweetest, smoothest automatic drive—Turboglide. It's the first and only triple-turbine transmission!

When you see a steep downhill stretch ahead, you set the selector at "GR" (Grade Retarder) and Turboglide helps slow you down. Try Chevy's new, nothing-like-it automatic drive. It's optional at extra cost—and worth it.

Turboglide is something really new and different in automatic drives. In the first place, there's only one forward-speed position on the control panel. There's no "Low" needed.

Turboglide handles everything with the oil-smooth action of triple turbines. You travel from a standstill to top cruising speeds with never a lurch or lag to mar your motion.

NOTICE

Notice is given that the City of Bronte intends to sell about 30 acres of land, being the land upon which the old City Lake on the Ballinger Highway is situated; and that such sale will be made subject to the existing lien against the same.

Any party who desires to make an offer for this property may submit a bid to the City Commission.

The city reserves the right to reject any and all bids.

Ernest Ivey, Mayor
City of Bronte, Texas.

ORDINATION

Continued from page 1 conference preacher.

Reports were heard from the board, commissions, agencies of the church and Bishop Barbieri reported on the special mission work in Bolivian Provisional Conference, which is sponsored by the Southwest Texas Conference.

The conference treasurer reported that total expenditures for the conference, both local and mission work for 267 conference churches, was more than \$6,900,000 for the past fiscal year.

In returning to Bronte, Loeffler said part of his administrative program includes an ambitious building program, which has already been approved by the local church.

Appointments of interest here made at the Southwest Texas Conference last week include Alvin R. Mauldin who was moved to Sabinal and Rev. W. C. Craig, who was returned to Bloomington. Both are former pastors here.

By Mrs. Jack Corley

Benny Corley and Dee Arrott left Wednesday to attend a 4-H leadership camp at Hunt, Texas. They returned home Friday evening.

Mr. and Mrs. James Arrott and Mr. and Mrs. Clarence Arrott attended a party at the home of Mr. and Mrs. Monroe Arrott in Ray on Thursday evening.

Mrs. Robert Brown, Kathy, Russell, Roy Baker and Roy Lee spent Friday in the Jack Corley home.

Mr. and Mrs. Hervey Latham and Suzanne of Noodle spent the weekend with Mr. and Mrs. J. W. Latham. They visited Mrs. D. J. Corley on Sunday.

Mr. and Mrs. Gene Brooks were Friday guests of Mr. and Mrs. Ben Brooks.

Mr. and Mrs. George McAndrews and children of Washington, D. C. visited Mr. and Mrs. J. W. Latham Wednesday. Mrs. O. L. Pittman and Mrs. Bill Thomas and girls of Bronte were also guests in the Latham home.

Mr. and Mrs. J. B. Arrott entertained their cousins with a dinner Saturday evening. Present were Mr. and Mrs. Sonny Arrott of San Angelo, Mr. and Mrs. Mitt Arrott of Miles, Mr. and Mrs. Wayne Arrott of Orient, Mr. and Mrs. Bobby Vaughn and Mr. and Mrs. LeDrew Arrott of Bronte.

Mr. and Mrs. Jack Corley and children attended a birthday dinner in Big Lake Sunday for Mrs. B. R. Davis. The dinner was in the home of Mr. and Mrs. Douglas Buford. Others present were Mr. and Mrs. J. W. Vanzandt and children of Crane. Mrs. Davis and Ricky returned home with the Corleys for a week's visit.

William Jessie Green received his Bachelor of Business Administration degree at Texas Tech College in Lubbock on June 3. His major was accounting. Mr. and Mrs. W. T. Green, Mrs. Sudie Brown and Mrs. Etta Hurst attended the exercises.

Mr. and Mrs. Claude Ditmore and Mr. and Mrs. Douglas Ditmore attended a family reunion at Caddo Lake near Marshall, Texas last Sunday.

Mrs. Jack Corley and Larry, Mrs. B. R. Davis and Ricky visited Mr. and Mrs. J. E. Hammans in Colorado City Monday.

Present for an ice cream supper

in the home of Mr. and Mrs. D. J. Corley Tuesday evening were Mr. and Mrs. James Arrott and Dee, Mr. and Mrs. J. W. Latham and Tommy, Mr. and Mrs. J. B. Arrott and boys, Mr. and Mrs. Marvin Corley and children and William Sharp.

Mr. and Mrs. Marvin Corley spent Saturday night with the Jack Sharps of Big Spring. William returned with them to spend a week.

Jackie Corley is spending this week in Crane with the J. W. Vanzants.

Mr. and Mrs. Robert Brown, Cathy and Russell were Sunday dinner guests of Mr. and Mrs. Jim Manning in San Angelo.

Mrs. Flora Cotten was out from San Angelo Friday to visit Mrs. S. W. Gaston and Sam.

FIRST METHODIST CHURCH

Sermon topics for First Methodist Church this Sunday are "Looking for a Man" at the 11 a.m. service and "The Marks of a Living Church" at the 7:30 p.m. service. Sunday school is at 10 a.m.; MYF at 6:30 p.m.

Mr. and Mrs. K. M. Cook and children were weekend visitors of her parents, Mr. and Mrs. M. G. Gilreath. The Cooks live in Snyder.

Mr. and Mrs. Chris Burrows have returned to their home in Long Beach, Calif. after a two months visit here with the M. G. Gilreaths, Mrs. G. A. Best, and other friends and relatives.

Roy Max Hester, son of Mr. and Mrs. H. O. Hester, left Monday for Houston where he was scheduled to join the U. S. Navy. Afterward he was scheduled to be sent to San Diego, Calif., for boot training.

Boy Scouts Leave Sunday for Outing At Camp Sol Mayer

Several Bronte Scouts will leave Sunday to attend camp at Camp Sol Mayer near Menard.

The group will leave from the Bronte School at 12 noon. They will be accompanied by R. C. Huntley and J. W. Teague.

The local lads will be gone a week, making their return to Bronte on June 16.

All boys planning to go should have proper equipment and must have medical certificates.

BROOKSHIRE BROWSINGS

By Mrs. Herbert Holland

Rev. Johnny Johnson of Howard-Payne College, Brownwood, will fill the pulpit at Brookshire Baptist church Sunday. Everyone is invited to attend.

Mrs. G. L. Cook visited a sister in San Angelo one day last week.

More rain fell in the community during the past week. About 4 inches was received from Tuesday night through the weekend.

Mr. and Mrs. James Holland and family came from Big Spring Tuesday to visit the Herbert Hollands.

Tim and Jim Arrott of Tennyson spent Saturday night with their grandparents, Mr. and Mrs. J. C. Boatright. Their parents, Mr. and Mrs. J. B. Arrott spent Sunday with the Boatrights.

Mr. and Mrs. T. G. Gleghorn attended the Workers meeting of the Rannels Baptist Association last Tuesday night at the 7th St. Baptist Church in Ballinger.

Mr. and Mrs. J. O. Landers and children of San Antonio visited Mr. and Mrs. Jerry Landers' Saturday.

G. L. Cook was ill Wednesday and Thursday.

Mr. and Mrs. Carl Florence of Ballinger visited the Herbert Hollands Sunday afternoon.

Mrs. Georgia Mae Nixon of Arlington was a recent visitor of the Hurlin Lee family.

Homer Clark made a trip to Big Spring Sunday.

Mr. and Mrs. J. C. Boatright, Mr. and Mrs. Herbert Holland visited the Sparks Boatright family in San Angelo Sunday night.

Mrs. Willis Smith and Murrell of Ballinger visited Mr. and Mrs. Willard Caudle.

Franklin Thomas was dismissed from Bronte Hospital Thursday.

Mr. and Mrs. T. G. Gleghorn, Mr. and Mrs. J. C. Boatright and Willard Caudle attended the ballgame between Ballinger and Clovis in Ballinger Tuesday.

LEAVES FOR RED CROSS TRAINING CAMP

Richard Wayne Rees and Joe Don Wilkins left Saturday to attend a ten-days course in swimming and life saving. The camp is being held in Ardmore, Okla., on Lake Murray. The Red Cross pays the expenses of persons taking the course and Red Cross certificates will be given in swimming and life saving upon successful completion of the courses.

PERSONALS

Visiting with the J. W. Teague family recently were Mrs. Teague's sister, Mrs. Maxine Allred and daughter, Jan, of Cortez, Colo. Mrs. Allred spent a week in their home. Mr. and Mrs. W. A. Teague, parents of Mr. Teague, were here for Memorial Day.

Guests in the home of Mr. and Mrs. Rob Herron last weekend were their children, Mr. and Mrs. Carrol Leathers and children, Mr. and Mrs. Bill Herron and Mike and Roberta Herron, all of Odessa.

Mrs. and Mrs. Douglas Snead, Doak and Scooter, attended Baccalaureate services Sunday and commencement exercises Monday at Texas Tech in Lubbock. Their son, Ben D. Snead, received his BBA degree. Following the exercises, Scooter returned to Bronte while Mr. and Mrs. B. D. Snead and Doak and Mr. and Mrs. Ben D. Snead left for Yellowstone National Park on a two weeks vacation.

Column**

By **FAY C. ROE**
Home Demonstration Agent

By the time you read this I will be nearing the end of a short vacation.

Thought I'd go to East Texas to see if they are as wet as we are! The rains are nice, but goodness we are about to mildew! My family and I will spend our "free time" near Paris and Honey Grove with my kin. I'll be back in office on Tuesday June 11 for H. D. Council.

On Friday, June 14 at 1:30 p. m. Mrs. C. N. Cornwell of San Angelo will conduct a training meeting on rug making. Leaders from H. D. Clubbs and others are invited to come to this meeting to be held in the Conference room in the court house. She will show and tell how to make rugs from rags including cutting, dying, and actually making the rugs.

**Here's
Blackwell**

By Mrs. Charles Ragsdale

J. W. Leach had as his guest Sunday Mr. and Mrs. Walter Leach of Dallas, Mr. and Mrs. Bill Leach of Austin, and Mr. and Mrs. Jennings Carter and daughter of Sweetwater.

Mack Slinger is ill in the Sweetwater Hospital.

Mr. and Mrs. Ted Smith of Austin visited her parents, Mr. and Mrs. Earl Cook over the weekend.

Mr. and Mrs. Harley Waggoner of Abilene spent the weekend with her mother, Mrs. Josie Hipp.

Mr. and Mrs. A. S. Hendry and Dewey Nabors attended the funeral of Mrs. Hendry and Mr. Nabor's half-sister in Mason Sunday.

Mr. and Mrs. Charles Ragsdale had as their guest last week her aunt, Mrs. Carl Faith of Decatur.

Mrs. Ben Palmer and her sister, Mrs. Dabner Harris of Sweetwater, went to Plainview Saturday to be with a sister who is ill.

Mr. and Mrs. W. A. Hickman and children have moved to Midland, So. Dakota, for the summer. Betty Sweet went with them for a two weeks visit.

Mrs. Charles Ragsdale and Bob and Mrs. Carl Faith attended the Bell reunion at the home of Mr. and Mrs. Marcus Turner in San Angelo Saturday.

Mrs. D. T. Hunt and her brother, Ben Palmer, and her daughter, Mrs. D. T. McDonald of Austin visited relatives in Albany Sunday.

Mrs. Pauline Waddley and daughter of San Antonio spent the weekend with Mr. and Mrs. W. C. Shamblin. Jan will stay awhile in the Shamblin home.

Rev. and Mrs. Robert Harris and children of Snyder have been visiting her parents, Mr. and Mrs. Roy Sanderson. The Harris are moving to Goree where he will be pastor of the Methodist Church.

Mr. and Mrs. Melvin Bryant and Mrs. Vera Bryant of Blackwell and Mrs. Ester Bryant and Cleverland Shaffer of Sweetwater attended a reunion at Atlanta, Texas over the weekend.

Vacation Bible School

First Baptist Church in Blackwell closed their 8 day Vacation Bible School with Commencement exercises Wednesday night. 87 boys and girls were enrolled and average attendance through Tuesday had been 75.

The school was divided into five departments and workers in each department were:

General Officers: Rev. W. T. Teel character story teller for joint worship service and Bible teacher for Intermediate Department; Mrs. W. T. Teel, principal.

In the Intermediate department, Mrs. Bill McRorey is Superintendent and Mrs. Etta Craft is in charge of handcraft; Junior department — Mrs. Noba Ware, Supt. Mrs. B. B. Johnson, Mission Study; Mrs. Bernice Carruthers, Handwork. J. L. Shaw, Bible Story; Primary Department — Mrs. S. P. Smith, Supt., Mrs. Eula Nabors, Bible, Mrs. Edna Sneed, memory work, Mrs. May Russell and Mrs. Ruth Walls, handwork, Mrs. E. J. Tucker, secretary.

Beginners department — Mrs. Gordon Montgomery, Supt., Mrs. Willie Burwick, music, Mrs. Faye Cate, Bible; Nursery Department — Mrs. J. D. Taylor, Supt., Mrs. J. L. Shaw and Mrs. Douglas Stevens, helpers. Mrs. W. C. Shamblin, pianist and General secretary Mrs. Lela Jackson and Mrs. H. E. Thorne helped serve refreshments.

The Bronte Enterprise
June 7, 1957

RECEIVES CERTIFICATE

James R. Evans of Bronte, son of Mr. and Mrs. W. S. Evans, received a military training certificate in ceremonies at 10 a. m. Monday, June 3, on the Texas Tech campus at Lubbock. Evans will be commissioned upon completion of degree requirements.

In the same Army and Air Force ROTC service, 25 army candidates and 16 Air Force cadets were presented with commissions at second lieutenants. Evans was one of 28 Army ROTC cadets to receive the training certificates.

PERSONALS

Guests in the home of Mr. and Mrs. C. E. Bruton the past two weeks have been his daughter, Mrs. Bon Spoonts, and children, Johnny and Linda of Priddy. Johnny underwent an appendectomy at the Bronte Hospital the first week he was here but is making a rapid recovery.

Miss Ann Adams was here from Midland for a weekend visit in the home of her grandparents, Mr. and Mrs. Henry Rogers. She is employed with an oil company there.

Guests in the home of Mr. and Mrs. James Phillips Saturday were Kirk Reed, Dick and Kenneth Reed of San Antonio. Dick Reed went on to Lubbock to take part in graduating exercises at Texas Tech, where he was a member of the graduating class. On Sunday Barbara Phillips and Flora Mae Brown were guests in the Phillips home.

Betty Taylor, daughter of Mr. and Mrs. Horace Taylor, began school at Draughon's Business College in Abilene. She is a 1957 graduate of Bronte High School.

Visitors in the home of Mr. and Mrs. Jess Percifull Sunday were their son, Noel Percifull, and his family from Abilene.

the little flame that freezes...
secret of today's
most amazing refrigerator

Thirty years ago came the first "electric ice boxes" ... costly, complicated, noisy, liable to break down, wear out and gluttons for current. Two Swedish chemists decided there must be a better way. And, in their Stockholm laboratory, discovered The Little Flame That Freezes. A tiny gas flame replaced all those moving parts ... makes all other refrigerators old-fashioned. No noise! Nothing to wear out! They had discovered the refrigerator that was 30 years ahead of its time! It still is!

BUY *the 30-years-ahead* **SERVEL**
GAS REFRIGERATOR
MAKES ICE WITHOUT TRAYS

Almost like magic ... its sparkling ice-circles replenish themselves. Take one or a handful—there's always plenty. And there are no messy ice trays to fill, spill and forget to refill.

today's only refrigerator
GUARANTEED 10 FULL YEARS

today's only refrigerator
WITH NO MOVING PARTS
