

Bargain Rates In Effect; Save 50 Cents On Your Subscription

Quite a large number of persons have already taken advantage of The Enterprise's annual subscription bargain which went into effect July 1. The 50-cent discount will continue through July.

Price for The Enterprise in Coke and adjoining counties during this month is \$2.00 and elsewhere the price for the paper is \$2.50. Prices are \$2.50 and \$3.00 per year during the other 11 months of each year.

Persons wishing to subscribe in the outlying communities in the Bronte area are invited to contact their Enterprise representatives or renew in the office in Bronte. In Brookshire, residents should see Mrs. Herbert Holland; folks living at Blackwell may subscribe with Mrs. Charles Ragsdale; while Mrs. Tom Green and Mrs. John Gaston are taking subscriptions at Tennyson.

The offer this month is good for new, renewal or extension sub-

AD-LIB-BEN

Needless to say, it's nice to be back on the job. Even though I am not back at full strength as of Thursday, everything seems to be coming along nicely. The doctor didn't come out and say so, but he left the impression with me that this burn on my foot might be healed in a month or so. At any rate, he said they make some mighty pretty artificial feet these days.

I'm watching where I put it when running the Linotype machine, as I certainly don't relish a second dose of that stuff in the same place.

It was a little alarming to see how well things went off at The Enterprise during my seven-days vacation. I thought the whole crew would have to work all night every night, but they only worked a small amount of overtime. It was a good lesson to anyone who follows the stupid philosophy of thinking there is anybody who is indispensable.

My sincere thanks go to Dr. Harris and his staff at the Hospital for their kind attention to my personal needs. And to the little woman and the gang at the shop for their marvelous job of keeping things running and getting everything out on time — I think you all did better than the best. My thanks, too, to everyone who visited me, sent figs, cards etc.

After being out of circulation for a week. I thought people would have, by now, chipped in enough to help the Little Leaguers out but am told that only about \$19 of the needed \$70 had been contributed.

The boys had been "making out" with old equipment until it just finally wore out and the catcher's equipment had become dangerous. They had to have a new mask, protector and mit for the catcher, besides some new bases, bats and balls and maybe some other small items. Anyhow the bill is about \$70 and the big folks are going to have to pay if the little folks can play.

How about leaving a contribution with I. C. Oden, Royce or Clyde Lee, any of the parents of the boys or bring it by the Enterprise office. Any of them will be glad to take it, regardless of how small or large it might be.

scriptions. A limit of two years is asked in subscribing at these reduced prices.

Those who do not find it convenient to come by The Enterprise or see a representative may drop their subscriptions in the mail.

Aid Asked For 'Audrey' Victims

H. A. Springer this week received a Red Cross disaster bulletin containing a plea for emergency funds to aid victims of Hurricane Audrey and other current disasters.

Late last Saturday, the Red Cross had cared for some 40,000 persons in more than 80 shelters established in Texas and Louisiana areas struck by the hurricane and disastrous tidal wave.

The Red Cross also sent nurses and disaster staffs into affected areas to assist Red Cross volunteers and the Red Cross Regional Blood Center was rushing serum albumin, used in cases of shock, to the area.

President Eisenhower made a direct appeal from the White House to all Americans to make generous contributions to their Red Cross chapters for relief of the stricken people.

Springer, chairman for the Coke County Red Cross chapter, said contributions for the emergency fund could be left at The Enterprise office or with him.

Former Local Man In Hurricane Area

Mr. and Mrs. B. E. Modgling received word Monday from their son, Winston, who lives in Jennings, La., that he was in the region hit by hurricane "Audrey" but that he was no in the main part of the storm. The following was written to his parents, Mr. and Mrs. B. E. Modgling.

"We were not in the middle of the hurricane, but it was plenty bad here. The wind got to about 90 miles per hour. The center of it was about 35 miles west. The wind blew for about 9 hours and I spent the whole time in the building where our office is. There were about 20 or 25 people here.

"You can't imagine how everything was torn up here. I think every house in town was damaged and trees as big as any I have ever seen were pulled up by the roots. Two of the fellows on the party have trailer houses and both were turned over by the wind.

"With the wind we had about 8 inches of rain. I am doing all right and was not hurt but was worried about my ear, but nothing hit it.

"Hope to see you about the fourth of July."

NEW OFFICE NURSE

Mrs. A. R. Bagwell of Robert Lee began work Monday as office nurse at the John Harris Clinic in Bronte. A registered nurse, Mrs. Bagwell will assist Dr. John R. Harris with patients who come to his office. Mrs. Bagwell's husband operates a service station in Robert Lee. They plan to move to Bronte in the near future.

Dr. Harris said that he believes having a registered nurse at the clinic will enable his organization to render better service to patients.

FINAL TWO in our series of Future Citizens are Herbert James Holland, Jr., 11 and Vicki Holland, 8, both of Big Spring and former residents of the Brookshire community. They are the children of Mr. and Mrs. James Holland of Big Spring.

New Tax Exemptions

Mr. and Mrs. John Paul Riley are parents of a daughter, Vicki Elaine, born Friday, June 28, at Clinic Hospital in San Angelo. She weighed 6 pounds and 15 ounces.

The Rileys have a son, Stevie, 3. Mr. Riley teaches at Skidmore but they are here for the summer visiting her parents, Mr. and Mrs. George Wrinkle, while he is attending McMurry College in Abilene. Mr. and Mrs. Wrinkle of Bronte and Mr. and Mrs. Ocie Riley of Stamford are grandparents.

Mr. and Mrs. Joe Blake Whalen are parents of a daughter, Linda Kay, born Wednesday, June 26, in the Bronte Hospital. She is their first child. Grandparents are Mr. and Mrs. Walter Whalen of Bronte and Wallace Sikes and Mrs. Doyle Marlo, both of San Angelo.

Pony League Schedule Given

The Pony League schedule was released this week. Games for the boys in this age bracket, 13-15, will be played on the field behind the Bronte Ice Co. Bronte has joined up with the Winters league for Pony competition.

Coaches for the team are Osmo Black and Marvin Corley.

The schedule is as follows: July 8, Wingate vs. Cubs, Winters; July 9, Bronte vs. Vets, Winters; July 12, Wingate vs. Vets, Wingate; July 12, Bronte vs. Cubs, Bronte; July 15, Wingate vs. Br., Wingate; July 15, Vets vs. Cubs, Winters; July 19, Cubs vs. Wingate, Wingate; July 19, Bronte vs. Vets, Bronte

5,000 Mark Reached On Pool Admissions

Admissions to the local swimming pool had exceeded 5000 at closing time Monday night. Aubrey Denman, caretaker, said his books showed a total of 5246 at closing time Wednesday.

High day for the season so far, he said, was last Saturday when 184 persons used the pool. He said some of the swimmers last Saturday were from Houston, California, Oklahoma and Arizona, guests of local persons.

A new feature will be added to

the agenda at the pool on Thursday night, July 11, when married ladies only will be allowed to swim from 8 until 9 p. m. He said that requests had been made for a time when ladies could swim alone and that the period would be reserved for them each Thursday night.

Two swimming classes are progressing this week at the pool in the mornings. They are taught by Joe Don Wilkins and Richard Wayne Rees.

In the beginners class at 10 a. m. are Johnny Murtishaw, Will Lenoir, Roy Lee Baker, Mike McKown, Bob Bell, Margie Oglesby, Janet and Ronnie Lee, David Denman, Dwight Faulk, Mrs. Jacob Bruce Morrow, Mrs. J. I. Murtishaw, Mrs. A. E. Bell, Jr., Mrs. W. D. McDonald and Mrs. Royce Fancher.

Taking the intermediate course at 11 a. m. are Carolyn Kemp, Marilyn and Frances Glenn, Johnnie Sims, Marla Lou Rees, Linda Smith, Nancy Wilson, Jan Wilkins, Kenneth Wilkins, Linda Taylor, Jeanna Kay Denman, Jimmy Ed Mackey and Larry Robinson.

Denman said that classes will continue to be organized each two weeks as long as there are enough people interested to form a class of 7 or 8.

Bobby Hester Wins 4-Year Scholarship

Bobby Hester, son of Mr. and Mrs. Joe Hester of Bronte and salutatorian of the 1957 graduating class, has been named a winner of a four-year Opportunity Award Scholarship at Texas A&M College. Bobby took the examination for the scholarship while the seniors were on their annual trip this spring.

The scholarships were awarded to eighty-five top high school students, according to Dean W. W. Armistead, chairman of the Faculty Committee on Scholarships. An additional 24 students have been listed to receive other scholarships.

Winners of the Opportunity Awards were chosen by the Faculty Committee on Scholarships for the college following statewide competitive examinations given to more than 600 candidates on April 27 and May 4.

Opportunity Awards are valued at \$800 to \$1,200, recipients receiving \$200 to \$300 per year for four years plus part-time employment provided by the College. Winners are chosen after consideration of each candidate's scholastic record, character, evidence of leadership in high school, and financial circumstances.

The plan was started at Texas A & M College 11 years ago and is supported by former students, clubs, business corporations, foundations and individuals.

Since its beginning, in 1946, the plan has helped more than 900 capable high school graduates to enroll in college. Ninety per cent have either graduated or are still going to school on th scholarships.

Robbie Don Godwin of Robert Lee also received one of the scholarships.

Large Per Cent Of '57 Graduates To Attend College

Supt. Garland Black said this week that 11 of the 19 seniors who graduated this spring had asked that their transcripts be sent to colleges or other schools. He also said that likely some of the remaining eight would go to school somewhere but hadn't called for their transcripts.

Betty Taylor is already attending Draughon's Business College in Abilene and Ronald Hughes is attending the Colorado State Teletype school in Pueblo, Colo. Jimmy Brunson has already attended the same school.

Other transcripts which have been mailed include Jo Ann Gentry and Joe Ramirez, Sul Ross College at Alpine; Carolyn Kemp, Trinity University at San Antonio; Bobby Hester, Texas A&M, College Station; Richard Rees, Joe Don Wilkins and Billy Wrinkle, Texas Technological College, Lubbock. Joy Wilkins will also attend a business school and James Vernon Andrews plans to attend Texas Tech.

1950 School Bonds Paid Off In Full

Supt. Garland Black said this week that school officials had paid off the 1950 series of school bonds. The balance was \$9000. The amount in full was not due until June 1, 1965 but school officials felt it wise to pay them off at this time.

The original bond issue of \$20,000 was voted in 1950 to finance improvements to the old building and to build the band hall and dressing rooms now in use. The bonds were held by First National Bank here.

President of the school board in 1950 was G. M. Powell and W. W. Millikin was secretary.

what's what

by whatley

My first comment is to say that we enjoyed every minute that was spent visiting in Bronte last week. But the same old story, they feed us too good. The Oglesby family had asked us to have lunch with them on Sunday and I guess that it was too much for him as he landed in the hospital. I knew we were big eaters but it was nothing for him to worry about as every one had us well fed when his time came. Anyway, Mrs. O. did a very nice job feeding us.

I could go on and on about the good time that we had but I have a very interesting letter from the daughter in Germany. She told of their recent trip and I thought I would share it with you as I have had so many to tell me that they enjoyed her letters. It is quite lengthy and I am going to omit the recipe for this week. She says:

We made our week trip to Holland and Belgium, and what a delightful trip it was! I truly fell in love with Holland and the Dutch people. As usual, I read up on the history of the country and people, and it is always surprising to find out how little I know.

I always thought of Holland as the land of windmills and wooden shoes, and it was, but the windmills were not for what I supposed. Holland arose on unpromising land — an area of swamps — the prey of rivers and the sea's erosion. Two-thirds of the southern Netherlands is manmade. Along the shore, 940,000 acres have been won from the sea, another 345,000 added by pumping lakes dry. The Zuider Zee project which began in 1918 and is still in progress will add 550,000 acres to Holland's territory, and thanks to the continuous pumping by more than 2,000 pumps and windmills, Holland stays above the water. I found this to be fascinating information. The Dutch have a prideful saying "God made the world, but the Dutch made the Netherlands."

Actually, I thought that the wooden shoes were now only for the tourists, but as usual, we did not take the beaten path of the tourist, and we saw so many people really wearing them. Also, we saw so many of the people still wearing the same costumes of 400 years ago. The people themselves were most delightful.

I never met a friendlier group of people. When a person entered a public place he spoke to everyone there; when you went into a store the clerk attended only to you until you were finished and then followed you to the door (probably to the annoyance of the other customers); and many times when we would stop to look at a sign or the map, someone would come and ask to help. So many people spoke English; in fact, in the night clubs, the floor shows were in English as that is the language most people would understand, as so many foreigners come there.

The Dutch economy is quite stable, and there is little extreme wealth or poverty in Holland. The homes are really lovely. Most of them are of brick and so modern looking with large picture windows, even though many of them dated from the 1700's. Everything was so very clean and their yards and flowers were such a joy to behold.

Miss Carolyn Childress And Eddie R. Braswell Wed in Church Rites

Miss Carolyn Childress, youngest daughter of Mr. and Mrs. Melvin Childress of Robert Lee, became the bride of Eddie Roy Braswell at 6:45 p. m. June 26. Mr. Braswell is the son of Mr. and Mrs. George Braswell of Bronte.

Wedding vows were exchanged in the Robert Lee Baptist church. Officiating minister with the double ring ceremony was the Rev. Lin Loeffler, Methodist minister of Bronte.

Ronnie Sims played the wedding music and his brother, Richard, sang "Always." The bride was given in marriage by her father. Ushers were Tom Sawyer and Noel Dean Scott.

Two large baskets of variegated crape myrtle decked each side of the altar, with other arrangements of pink roses, scented with white daisies.

Sandra Baker was maid of honor and Dennie Braswell served his brother as best man. Flower girls were the bride's nieces, Rebecca Sheppard and Gaye Copeland. Their dresses were of pink nylon accented with tiny white rosebuds.

The bride wore a princess styled dress in waltz length of white brocaded satin. She wore short white gloves. Her finger tip veil was attached to a tiny hat of alien lace, framed with small white flowers.

Her corsage was of feathered white carnations and lilies of the valley carried on a white Bible.

Miss Baker's dress was also waltz length princess styled of blue crystalline with blue and white accessories. She carried a bouquet of white carnations.

A reception was given in the church educational building where

First we stayed in a small town called Arnhem and there we saw an open-air museum which depicted the Dutch way of life over hundreds of years from all sections. They had moved typical houses from all sections, and the most interesting type to me was the home that was one large building with no partitions that housed the family and the livestock. The family part had a rock floor and they all still had the furniture. The museum had old carriages, windmills, stores, and a very interesting costume section. Naturally, the day we went through this museum was the only day it rained, and it did a fine job of it that day!

Also, in Arnhem was an art museum that we went through that had the largest collection of Vincent van Gogh paintings and drawings (260 of them) gathered in one place. We enjoyed this very much. We have been reading and studying art since being in Europe as we know we'll never have a better opportunity to see great paintings. This gallery also contained a display of modern pictures arranged to record the development of European art of the 19th and 20th centuries.

the serving table was draped in pale blue linen, featuring a large four-tiered pink and white wedding cake. Offsetting the cake were billows of pink tulle.

Mrs. Jerome Sheppard of Spearman, sister of the bride, registered the guests. Frances Wylie and Mrs. Lowell Roane served cake and Mrs. Noel Dean Scott and Kenny Sawyer presided at the punch bowl. Mrs. W. D. McAdams and Mrs. A. D. Fluids were other assistants.

Moving pictures of the wedding and reception were taken by Mrs. Leslie Copeland, also a sister of the bride, and colored snapshots were made by Garland Davis.

The bride has been a student at Robert Lee high school. The bridegroom is a graduate of Bronte high school and is employed in the Coke County ASC office.

The couple left on a brief honeymoon and are now at home in their new trailer house at the A. B. Sheppard courts in Robert Lee.

Wanda Kirkland Honored at Shower

Wanda Kirkland, bride-elect of Leslie Dean Caperton, was honored Tuesday, July 2, with a bridal shower in the Fellowship Hall of First Methodist Church.

The honoree and her mother, Mrs. H. M. Kirkland and Mrs. E. L. Caperton, onther of the prospective bridegroom, greeted at the door.

About fifty guests were registered in the bride's book by Mrs. Matthew Caperton. Mrs. Gene Walker poured punch and Miss Linda Smith served white cake from a table laid with a white cut-work cloth over pink. Nuts and mints weer also served. Center-piece was a pink bird's cage containing two lovebirds. The cage was surrounded by fern and pink rosebuds.

Favors were a miniature flower, gold wedding band and a slip of paper saying "Wanda Kirkland and Leslie Dean Caperton, July 6, 1957," all tied together with a pink satin ribbon.

Linda Henry, at the organ, accompanied Carolyn Kemp who sang several songs for background music.

Hostesses were Mmes. W. W. Millikin, Bonnie McAulay, Rome Richards, Gene Walker, Walter Phillips, Paul McGuire and Misses Linda Smith and Carolyn Kemp.

Mr. and Mrs. McKown Celebrate Their Golden Wedding Anniversary

Mr. and Mrs. W. H. McKown of Norton celebrated their 50th wedding anniversary Sunday, June 30 at their home. Four of their children were present for the day. One

son, Aubrey McKown, of Yuma, Arizona had been here recently and was unable to return for the observance.

Their other children are Bill McKown and Mrs. Uvon Ford of Farwell, Mrs. Wade Carter, Norton and Mrs. Fender Stubblefield of Happy. They have twelve grandchildren, 7 great-grandchildren, and 3 step-grandchildren.

An open house honored the couple Sunday at the McKown home from 3 to 6 p. m. A three-tiered wedding cake, topped with golden wedding bells, centered a lace-laid table. The gold numerals "50" were featured in an arrangement of golden mums. Granddaughters of the couple served.

They were Mrs. Fred Carter, Amarillo; Mrs. Sam Carraway, Tulia; Mrs. Nealon Carter, Midland and Mrs. L. M. Carter, Norton.

Mr. and Mrs. McKown both came to Runnels County before the turn of the century and were

married on June 27, 1907, in the Oak Creek community. She was the former Viola Drake and both had attended school at Dry Hollow (later Oak Creek) school. They settled in the neighborhood on part of the land his father had bought in the early days. Although he retired from farming in 1947, the McKowns continued living on the farm until a year ago when they moved to Norton.

Mr. McKown was born in Milam County and moved to Runnels County in 1898. His hobbies are gardening and dominoes.

He has two sisters, Mrs. J. H. Clark of Ballinger and Mrs. E. C. Seay of Stephenville and two brothers, John McKown of San Antonio and Jim McKown of Lovington, New Mexico.

Mrs. McKown has two sisters, Mrs. Effie Hanes of Marlin and Mrs. A. C. Newsom of Ballinger and two brothers, Jasper Drake of Winters and Ed Drake of Waco. Both Mr. and Mrs. McKown

were charter members of the Oak Creek Methodist Church.

PERSONALS

Nona Rippetoe entertained several girls with a skating party Thursday night. Gwen Kirkland, Jackie Grace, Dana Eubanks, Judy Bernard, Deanie Allen and Nona went to Robert Lee and skated for awhile, after which they returned to the Rippetoe home where they enjoyed home made ice cream.

Guests in the home of Mr. and Mrs. Douglas Snead this weekend were their son, Ben D. Snead, and his family of Lubbock.

Claude Gentry had as guests in his home over the weekend his two daughters, Jo Ann and Mrs. John Larsh, and Mr. Larsh of Midland.

Spending the weekend in San Angelo were Mr. and Mrs. Claude Word, Mrs. B. J. Luckett and Debbie. They visited relatives there.

DON'T BUY ANY CAR BEFORE YOU DRIVE A CHEVY . . . ITS BEST SHOWROOM IS THE ROAD.

Beauty in motion—Chevrolet Bel Air Sport Sedan with Body by Fisher.

Here's why Chevy's best showroom is the road!

Because Chevrolet's sleek good looks, its advanced features, are only part of the story. The big bonus is its remarkable *roadability*, the crisp precision handling that has posted an entirely new standard for cars in every price class. You can't read about that . . . but you can *feel* it in one minute on the road!

Good drivers know roadability is the single thing that means more

driving satisfaction for more thousands of miles than anything else. More *safety*, too, for it grants greater stability on curves, greater traction on wet roads, better "bite" under hard braking, more accurate steering. There are reasons for all this, of course: Chevrolet's balanced weight distribution that takes excessive loads off the front wheels, the wide stance of outrigger rear springs, Ball-Race steering, spherical-joint front suspension. Sure, you can admire the sculptured lines in the showroom. But Chevy's

a car specifically designed for beautiful motion—you have to *travel* in this one to know just how terrific it is. Try it, this week!

The Big Job is under way

Santa Fe is now loading thousands of cars of grain and grain products on its lines

Santa Fe has been serving agriculture since 1874, when we sponsored the migration of the Mennonite farmers who established the Kansas wheat belt, and brought with them from Europe the ancestors of the better varieties of wheat grown in America today.

During harvest time, Santa Fe has a big job to do.

At the country stations and terminal elevators along the line, as agriculture's "hired man," Santa Fe loads over 121,000 boxcars of grain a year—the total production of over 9,000,000 fertile acres. We also load over 34,000 cars of grain products on our line annually.

An important part of this job is done in advance by our own agriculture department, by collecting data on planted acreage, weather, crop damage and other factors that affect yield.

These statistics provide useful information for farmers, elevator operators and others interested in grain movements, and assist us in spotting grain-tight boxcars at strategic points at harvest time.

Our agriculture department works with the Federal and State agriculture departments, land grant colleges, and county agents in fighting destructive insects and plant diseases.

We are also privileged to award university scholarships annually to many farm youths in our territory.

We of the Santa Fe are proud of the part we have in serving the farmers of the West and Southwest in their essential task of feeding the Nation.

July 12 Set For Horse and Dog Vaccinations

By JAMES L. COFFMAN
Associate County Agent

We have scheduled July 12 as the vaccination day for the veterinarian to be in Coke County. We will begin at Silver at 9 a. m. at the Sun Rec Hall; Robert Lee at 1 p. m. at Key Feed Store and Bronte at 3:30 p. m. at Teague Feed Store.

All dogs and cats should be vaccinated for rabies every year to insure the most protection against rabies. As most of you know, there have been outbreaks of rabid animals here in the county in the last year and it would be a much more secure feeling to know that our pet cats and dogs were protected. The price for this rabies vaccination is \$2.50 per animal.

If anyone desires to have their horses vaccinated for sleeping sickness vaccination of horses is \$3.50 per animal.

Let's try to have a good turnout on July 12 and bring all cats, dogs, and horses you wish to be vaccinated to the place nearest you.

9 a. m. — Silver, Sun Rec Hall
1 p. m. — Robert Lee, Key Feed Store

3:30 p. m. — Bronte, Teague Feed Store.

Remember that it is difficult and expensive to get a veterinarian to come out very often so bring your cats, dogs, and horses to be vaccinated on July 12.

This vaccination day is sponsored by the 4-H Clubs.

Mr. and Mrs. Edward Ray Poehls of Norton spent the weekend with her parents, Mr. and Mrs. Lester Webb.

Progressive Business and Civic-Minded People of San Angelo and Vicinity

THIS DEPARTMENT HAS BEEN WORKED UP LARGELY AS A REFLECTION OF PUBLIC OPINION. NO PERSON HAS WRITTEN OF THEMSELVES OR THEIR BUSINESS. ALL ARTICLES HAVE BEEN COMPILED BY A REPRESENTATIVE OF THE BRONTE ENTERPRISE AS HE SAW CONDITIONS. THESE PEOPLE ARE ALL LEADERS IN THEIR VARIOUS LINES OF ENDEAVOR AND THE COOPERATION OF THOSE CITIZENS IN SAN ANGELO WHO HELPED MAKE THIS DEPARTMENT POSSIBLE IS SINCERELY APPRECIATED.

Henry D. Horn

Performing an outstanding service for the people of San Angelo and the surrounding territory, Henry D. Horn, well known and completely reliable insurance executive whose agency is located at 1512 North, has achieved an enviable reputation for his progressive policies of business administration. His constant study of insurance problems in relation to the protection the people both need and can afford, have been important factors in his well-earned success.

Mr. Horn is a man of ideas and he is as practical as he is progressive in putting those ideas to beneficial use in furthering the service he renders to the people. His sound business judgment and unwavering honesty are characteristics which place him in the front rank of the business leaders of his city. Yet he is unassuming and modest in his personal contact with the people; always ready to listen to their ideas and desires.

We are glad to pay tribute to progressive citizens of this type, for it is such men as Henry D. Horn who have caused San Angelo to become recognized as the metropolitan center for this section of

J. R. Bilderback

J. R. Bilderback of Bilderback's Mattress Factory, has a well earned reputation for progressiveness because he has consistently forged ahead in his business, never letting up in his efforts to make the service he renders to the people more valuable. This invariable policy has made Bilderback's Mattress Factory outstanding in its field, a fact that is well known to the public in the San Angelo area.

But Mr. Bilderback has accomplished much more than just making a success of his business and private affairs, and we take this opportunity to pay tribute to him for devoting what time he could spare to the general welfare, not only to his own city but this entire district as well.

It is such men as he, who are both successful in business and appreciative of their civic obligations that are deserving of recognition. We take pleasure in publicly giving J. R. Bilderback the credit for his accomplishments which his friends and associates have so long accorded him.

C. B. Ostrander

It is a privilege in this San Angelo review of progressive men and firms that have been such a great aid to the growth and development of this section of the state to place such a man as C. B. Ostrander of the Charles Motor Company, authorized Ford Sales & Service, on an equal plane with all others in this rank. In the past, few men have exceeded him in contributing of their time and energy to the onward progress of San Angelo and the surrounding country.

Mr. Ostrander is recognized as one of the more progressive automobile dealers in this district, and he retains that distinction in the admiration and respect of his wide circle of friends. Also his interest in, and the very valuable assistance he has rendered to the many projects of a civic nature, reflects the principles which he has always so successfully applied to his business affairs.

We congratulate C. B. Ostrander

on his record, and sincerely hope that his career will be as useful and completely successful in the years ahead as it has been in the past.

Henry Mathews

Henry Mathews of the Henry Mathews Body Shop, located at 2120 South Chadbourne is one of those progressive business men who has always done his bit to maintain the prestige of the city of San Angelo as the leading metropolis of this section of the state. He has always worked for the development of the city and his many services are worthy of sincere appreciation.

His well earned success as a business man is easily understood, knowing as the people do his widespread reputation for the honesty which characterizes all of his business dealings.

And it is a combination of technical knowledge, professional skill and business ability which has elevated Mr. Mathews to a position of leadership in the automotive body repair and maintenance business.

He is completely aware of his civic responsibilities and is wide awake to the many opportunities, for service, and always ready and willing to lend his support to any project which promises to benefit the community as a whole.

We compliment Henry Mathews on his accomplishment, and wish him continued success.

Jem Davis

Our issue today proposes to call the attention of our readers to some of those progressive and civic-minded people who have contributed their share of time and energy to the building up of San Angelo and the surrounding territory to the position of prominence which it enjoys at the present.

One of these men to whom we wish to call the attention of our readers is Jem Davis of the Glenmore Drug, a San Angelo store where pharmacy is a profession and not merely a sideline. He is a man who has never spared himself in his aggressive march forward and one whose competitors respect as much as do all others with whom he comes in contact.

Mr. Davis is at all times conscious of his civic responsibilities and may be depended upon to meet in every detail the many opportunities which present themselves to be of service to the city.

Jem Davis' record of achievement is one of which he may well be proud. His value to his city and this district is an established fact, and we hasten to give him the credit which is his just due.

"Doc" and Dollie Crawford

"Doc" and Dollie Crawford are two of the more successful restaurant operators of San Angelo who by maintaining a constant standard of service and high quality foods has made The Lamplighter one of the more popular eating places in the community. We are glad to give them credit for their well-earned success in a field which is so highly competitive.

It is also a pleasure to give them credit for taking part in community affairs and lending their assistance to various activities and public projects. When to take part in such matters they

always do so without ostentation but in a quiet manner which lends dignity to their cheerful acceptance of their share of the civic load. It is a pleasure to be associated in the promotion of community activities with such people as the Crawford's.

This review of progressive and civic-minded citizens of San Angelo would not be complete were we to fail to include "Doc" and Dollie Crawford. Theirs is the kind of success which deserves recognition and we wish them many more years of the same.

Walter L. Hendrickson, William & James Lane

Due to the efforts of a group of wide awake business men, the city of San Angelo has attained a dominant position in the commercial life of this section of the state. And three of the men who have justly earned credit for being progressive members of that group are Walter L. Hendrickson, William C. and James F. Lane of Hendrickson Incorporated and the Lane Brothers Trucking Company.

It is because of the successful operation of such a business as theirs that the city of San Angelo has earned the reputation of being one of the more progressive cities in West Texas.

Mr. Hendrickson and the Lane Brothers have been conspicuously successful in spite of the fact that they have repeatedly neglected their own private affairs to devote a part of their time and efforts to the successful promotion of civic projects.

It is considered a privilege to include James and William Lane and Walter Hendrickson in this San Angelo review and to publicly give them credit for their success in business and for their many contributions to the general welfare of the city.

James L. Burns

In compiling this review of progressive San Angelo business people, we have endeavored to select those citizens who, by the manner in which they have conducted themselves and their businesses, have earned for them positions of leadership in their various fields of activities. Such a man is James L. Burns of Penguin Inc., dealers for Artic-Kar automotive refrigeration, who is well known and has many friends and satisfied customers throughout this entire district.

Mr. Burns' main interests have not been solely confined to his own business and private affairs, but have also included his contributions, in one form or another, to those projects of a civic nature which come within the scope of his activities.

James Burns is a man of wide experience whose exploits in the business and civic life of San Angelo and vicinity merits more than a passing attention and the writer is privileged to pay this brief tribute to a man who well deserves more credit than is accorded him here.

E. Frank Tillman

E. Frank Tillman, the manager of the American Conditioning House Inc., of Texas, has won the universal respect and good will of wool men of San Angelo and the surrounding country for the progressive manner in which

he has kept the firm in the forefront of the business and industrial life of this entire district. Also for the efficient and friendly willingness he has displayed in accepting his share of responsibility in aiding civic projects.

Mr. Tillman is not the kind of man who makes himself conspicuous by the manner in which he conducts himself, either in business or other matters. Yet, his quiet reserve and air of confidence mark him as a man of sound judgment whose opinions and advice are sought after and listened to with respect.

We compliment Frank Tillman for the successful management of American Conditioning House Inc., of Texas, and also for his constructive advice and help on those civic affairs in which he has found time to interest himself. He is a man whom many are proud to call friend.

Mr. & Mrs. Nathan W. Coulter

Mr. and Mrs. Nathan W. Coulter of The Coulter Company, wholesale and retail dealers for barber and beauty shop supplies are two of those progressive type of citizens upon whom the community depends a great deal for leadership in business or other matters. They are also civic-minded and have, in the past, and no doubt will continue in the future to give more of their time for others than themselves.

They are the kind of people who make friends, and friendships once formed by them are never broken by an unfriendly act on their part, and they spare no efforts in order that their services to the surrounding area shall be more dependable.

Mr. Coulter is an Elder in the First Presbyterian Church, a charter member of the Optimist Club and enthusiastic booster of Boys Ranch in Tankersly, which indicates positive proof of his untiring efforts to assist in the promotion of community activities in any way he can. We do not hesitate to recommend Mr. and Mrs. Coulter to our readers as good examples of the more progressive type of business people who have aided in the growth and development San Angelo and the surrounding country.

C. F. Wyatt

Because this is a period of growth and expansion for San Angelo, those progressive business men who had the foresight and ability to lay their plans so as to be able to take advantage of those conditions, are entitled to more than ordinary acclaim. We are therefore, glad to pay tribute to C. F. Wyatt of the Wyatt Wholesale Inc., located at 609 West 11th, wholesale manufacturers and jobbers of A-M Fertilizer, which was formerly the Wyatt Seed & Plant Company.

Mr. Wyatt's persistent optimism and steadfast belief in the continued future prosperity of the people of San Angelo and vicinity are characteristics which are deserving of our highest praise.

C. F. Wyatt has always shown a willingness to do his part in civic advancement and contributed his bit, in one form or another, to projects promoted for the welfare of his city. We believe that a business man of this kind is entitled to our sincere praise, both because he has achieved success in his private affairs and because he is willing to contribute to the public good.

Owen and Richard Gray

In every community there are a number of business men who can be pointed out as having taken a three-fold part in the onward progress of their city. Two well known business men of San Angelo

who belong in this category are Owen and Richard L. Gray of the West Texas Trailer Co., located on the Ballinger Highway, who specialize in horse and livestock trailers and repairs.

Their leadership in their line of business is recognized throughout this entire district. And their furtherance of civic activities and support of those organizations whose main objectives are directed along lines of civic betterment and community progress is well known to their immediate associates.

The Gray's are men who are equally well liked and respected by their intimate friends and their business associates. They are loyal to the community, thankful for their success in business, and have shown their appreciation by the contributions to various civic movements of benefit to the city.

We congratulate Richard and Owen Gray for being good citizens, progressive business men and boosters of their community.

Elmer H. McCullough

In paying tribute to some of the more progressive business and professional men of San Angelo, we would be remiss in our duty should we fail to include Elmer H. McCullough whose business ability is no greater than the "know-how" and professional skill which has contributed to his well-earned success in the water well drilling contracting business.

He has also contributed generously to the welfare of his city and the community for miles around. And his civic spirit is evidenced by the many services which he has performed and will continue to perform in the interest of the people as a whole.

Mr. McCullough is a man of wide acquaintance, whose many friends admire and respect in him those virtues which inspire confidence and promote good feeling. And his upright business methods are a credit to his inherent sense of fair play.

We congratulate Elmer McCullough on his splendid record of service and trust he shall continue to assist us for many years to come.

W. Frank Osgood

It is a well known fact that a man's true character must come through in his work; whether in business or professional activities or in public life. So when a man conducts himself in such a manner as to cause the public to recognize in him certain qualities, over and above the average, he is deserving of a few words of praise. Such a personality is W. Frank Osgood of Osgood's Upholstering, who is also Vice President of the San Angelo Optimist Club for 1957.

In addition to being one of the city's more progressive authorities on all upholstery problems, Mr. Osgood was never a man to shirk his civic duties. More than that he enters cheerfully and with enthusiasm and optimism into those civic affairs in which he has time to take a part. And seldom does he fail to find time to do his share.

Frank Osgood deserves his share of credit for being one of those progressive citizens of San Angelo who has contributed so substantially to the onward progress of the city. It is a pleasure to include him in this group.

John R. Daves

John R. Daves has proved his progressiveness by constantly adding to and increasing the service which the Daves Conoco Service Station has extended to the people. The large volume of business handled by his Conoco station proves that "service" to him, is not "just a word," but something to be rendered to the motor-

ing public to the fullest extent of his ability.

In addition to his close attention to his business affairs, Mr. Daves was never a man to dodge his civic responsibilities, and help in those matters has always been cheerfully given.

He fully appreciates the value of good will, and has more than his share of that intangible commodity because of the manner in which he meets both business and civic obligations. He is a credit to the community, and is thoroughly established in the forefront of the business life of the city.

John Daves has many friends in and around the city and it is a pleasure to bring him before our readers in this review of progressive San Angelo business men.

Edgar E. "Cotton" Stark

Recognized as one of the more progressive business men of San Angelo, Edgar E. "Cotton" Stark of the Stark Pump Service, performs a real service for the people of his city and his contributions to civic betterment are too well known to require repetition in these columns. His personal success has been achieved, in a large measure, because he never misses an opportunity to further the service he renders to the public. A policy which has and continues to build up good will for the Stark Pump Service throughout this entire district.

Mr. Stark is deserving of praise and this small tribute is but a just recognition for the many services which he has performed in the way of both business and civic activities. Also his reputation for the successful conduct of his business affairs is no greater than his reputation for the honest practices which characterize his every transaction.

We congratulate "Cotton" Stark on his splendid record and trust he shall continue to serve the people of San Angelo and vicinity.

Mr. and Mrs. J. K. Ray

It is not always the kind of a business which determines its importance to the community. But, more or less, the methods used in its management. The services rendered to the public and the way in which it meet both business and civic obligations.

The cheerfulness of the entire personnel of the Deluxe Dry Cleaners in their contacts with the public. And the ready acceptance of all business and civic obligations by Mr. and Mrs. J. K. Ray, proves conclusively that they are well-versed in the principles of successful business management.

As most people know, this firm is a leader in the dry cleaning business. This is partly so because of their long experience but also because of a never ending policy of keeping abreast of the times in their particular field.

It is a pleasure to compliment Mr. and Mrs. Ray for the successful management of the business and for their many contributions to those civic projects aiding in the growth and progress of San Angelo and the adjacent territory.

Walter Bean

At the head of one of the district's more prominent poultry equipment and supply firms, and as a leader of recognized ability in community life, Walter Bean stands out today as one of the best liked men on the panorama of San Angelo activity. His friends are numbered by the hundreds and all of them are of the lasting fibre which comes of worth-while associations, both in the world of business and

in the realms of neighborhood life.

Bean's Poultry Supply Incorporated, which is now located at 329 North Main, has been a strong factor in the growth and progress of San Angelo; and Mr. Bean's own efforts, in many instances, have been the stimuli behind the accomplishments of the poultry supply firm.

The case is a fine example of a man weaving his own personal prominence into an executive's life, with lasting benefits to both organization and individual.

We take pleasure in expressing these few words of commendation to a man who has done so much to promote the growth and progress of this entire district.

P. V. McMinn

A drive in and restaurant operator of San Angelo, who has based his success upon the belief that the public will appreciate good food, well prepared and appetizingly served, is P. V. McMinn of Jack's Restaurant & Drive Inn, whose many friends and customers by their daily patronage of his popular eating place, attest to the soundness of his policy.

It is not only because of the successful management of his business that Mr. McMinn has come to be recognized as an asset to the community; but it is also because of his policy of "looking ahead," and endeavoring to sponsor or take part in those community activities which will, in some manner, benefit the city of San Angelo and the people as a whole. He is another of those men who has shown his appreciation for his success by a willingness to contribute of his time and energy to the promotion of community projects.

It is men like P. V. McMinn whom we are privileged to include in this review and to publicly give him due credit for his success in business and civic affairs.

L. E. Wells

In all business and professional pursuits there are men who have met with success because they have honestly deserved it, and such a man in his field is L. E. Wells of the Wells Exterminating Company, who well deserves the reputation he has earned for being one of San Angelo's more progressive business men. His thorough knowledge of everything pertaining to the pest and termite control business is exemplified by the manner in which he fulfills each and every demand made upon him in line with his business.

Furthermore, such experience as Mr. Wells has gained in the successful management of his business has been turned to the advantage of his fellow citizens by applying the same principles to the promotion of those civic projects to which he has been called upon to lend his able assistance. Thus his success in business has further enhanced his value to the city.

We appreciate the opportunity of including L. E. Wells in this group of progressive and civic-minded men who are actively taking part in the evolution of the business and civic life of San Angelo.

J. C. Aldredge

One of the more progressive business men of San Angelo and a man who deserves the respect and good will of a great many residents of the city is capable, friendly J. C. Aldredge of J. C.'s Welding Service, whose wide knowledge and long experience in the bit retipping welding business has raised him to a position of prominence in his line.

It is because of this that J. C.'s Welding Service has earned a reputation for reliability—second to none.

Mr. Aldredge is also civic-minded and has always been ready and willing to contribute his time and energy to any plan which promises to benefit this entire district. And

the people of San Angelo may regard with particular satisfaction the many services which he has performed for the community in the interest of progress and civic betterment.

We urge our readers to look to J. C. Aldredge as a progressive business man of whom we may well be proud. His devotion to the city has been constant and his achievements well merited. We wish for him further success.

A. W. "Al" Gee

Every progressive and successful business man in San Angelo contributes in some manner to the growth and progress of the city. And a man who is always willing to do his part in both civic and business activities is A. W. "Al" Gee of the Roller Rink of San Angelo, who, as a member of the Rotary Club, claims a perfect five year attendance record.

The prominent part that the Roller Rink of San Angelo is playing in the business and recreational life of San Angelo and vicinity mirrors the progressiveness and ability of such men as he. Moreover, Mr. Gee has also at all times been steadfast in his devotion to the city, and the surrounding country, and on many occasions, has lent his support to the successful promotion of progressive civic projects.

San Angelo and this district are fortunate to have such a man as "Al" Gee in a position of responsibility and service, and this newspaper feels that it merely reflects public opinion in paying this brief tribute to one of the city's more progressive business men.

W. A. "Bill" Whitsell

It is fitting in this review of progressive San Angelo business men that we acquaint our readers with the man to be credited with having maintained the Angelo Brick & Tile, in the enviable position which it holds in the business and industrial life of this area. That personality is W. A. "Bill" Whitsell, whose genius for organization and for converting new ideas into actual deeds has played a vital part in the distinctive reputation which the firm now enjoys throughout this entire district.

Mr. Whitsell has found time, in addition to his business interests, to give thought and energy to community projects. He is a citizen whose talents have been steadfastly devoted to the best interests of the city. He has been successful in his own business and in the promotion of the general welfare of the community.

We are glad to pay this brief tribute to him and to say that this district owes much to the many benefits which "Bill" Whitsell and the Angelo Brick & Tile, has rendered to the people of this entire area.

D. A. Bowers

Recognized as an authority on all plumbing and heating contracting problems, D. A. Bowers of D. A. Bowers Plumbing & Heating, has turned his knowledge to the advantage of the people of San Angelo and vicinity. More than that, Mr. Bowers is a man who always has been vitally interested in the civic betterment and progress of the city and has backed up his interest in lending assistance, in one form or another to the successful promotion of many things which have benefited the community as a whole. San Angelo owes much to such men for their part in making the city the business center of this area.

He has always been alert to the many opportunities for service, and more than ready to accept his share of civic responsibility.

Because of these things, D. A. Bowers has become accepted as a progressive business man who is an asset to both the business and industrial life of the city, and we trust he will continue to serve

the people of San Angelo and the surrounding area in his present capacity for many years.

Clyde Cockburn

To serve the public honestly, efficiently, and cheerfully is the basic foundation many progressive business men of San Angelo have found to be the shortest route to success. In making this statement, the man we have in mind is Clyde Cockburn of Clyde's Service Station and the Cockburn Cesspools & Septic Tanks Cleaning. The popularity and patronage enjoyed by his services accentuates the ideals of courtesy and efficiency which he has consistently applied in the management of the business.

The conduct of such businesses and the men who operate them have done much to make San Angelo the business center for many miles around, and it is fitting that we give credit where credit is due to such men as Mr. Cockburn for his part in the onward progress of the city. In doing so, we are merely putting into words the opinions of those who know him.

Clyde Cockburn has earned his success by the method in which he has served the public and accepted both civic and business responsibilities, and we wish him every success in the future.

Frank Caraway

We take pleasure in this San Angelo review to call the attention of our readers to one of the more progressive oil well drilling contractors of this district. That personality is Frank Caraway of the Caraway Drilling Company, who is rendering a valuable service to the oil producers of the state.

The production of petroleum in this section has been one of the greatest single factors in the growth and progress of San Angelo and this district, and Mr. Caraway is a man who has taken an important part in many phases of oil field activities.

He is a resident of San Angelo and has a large circle of personal friends throughout this entire district. He is also a man who has considered his civic responsibilities in a serious manner and is always ready and willing to help in the promotion of any project which promises to benefit his city and this district.

We congratulate Frank Caraway for the part he is playing in the development of the petroleum resources in this part of the state and we wish him many more years of successful operations.

Joe E. Zentner and Oscar F. Ummelmann

In mentioning some of those men who are taking a progressive part in the evolution of the business and civic life of San Angelo and vicinity, we would be censured if we failed to include Joe E. Zentner and Oscar F. Ummelmann of the Zentner Steak House.

Mr. Zentner and Mr. Ummelmann are those solid types of citizens whose fairness and friendliness and a sincere desire to serve only the finest foods, properly prepared and served in a manner that leaves nothing to be asked for, which are accountable for a large measure of their success.

And as time goes on their personal interests have been more closely interwoven with the business and civic activities of the city and they have become accepted as men who can always be called upon to further community activities.

Oscar Ummelmann and Joe Zentner have, by the conduct of their business and by their attention to civic affairs earned the friendship and good will of their fellow citizens. They are to be complimented upon their activi-

ties and we know we express the desire of their many friends and associates in wishing them continued success.

Wayne B. Johnson

In bestowing credit upon some of those progressive business men of San Angelo, who in one way or another, have contributed their bit to improve both business and civic conditions, we wish to write a few words about a former resident of Bronte, Wayne B. Johnson of Johnson's Service Station.

Mr. Johnson has set a standard for himself and the operation of his business that, under present existing conditions, has been very difficult to maintain. However, that he has done so is proved by the large volume of business which his Texaco station continues to handle, much of which is due to his unceasing attention to detail and his ability to cope with new and unexpected problems.

Wayne Johnson is also civic-minded, and has when asked, cheerfully cooperated on those civic activities to which he has been able to lend assistance. He more than deserves the respect and good will which he has earned, and we and his friends are confident that he will continue to maintain his usual integrity and high standards.

"Billie" and Donald Gilbert

When a man gains recognition for the progressive and straightforward manner in which he has managed his business affairs and also for his generous contributions to civic projects, he is to be complimented for his achievements.

A man belonging to this category is "Billie" Gilbert of the Billie Gilbert Garage, a pioneer business man of San Angelo, who is regarded with respect and admiration by a great many residents of the city and the surrounding country.

We also think it appropriate in this review to give credit to some of the younger generation who are carrying on so ably in the footsteps of their fathers. And one who certainly deserves such credit is Donald Gilbert who now shoulders the full responsibility in the operation and management of the automobile repair business established by his father. It is because of the efforts of such men that year after year, San Angelo continues to grow and prosper and to become an even better place in which to live.

It is men like Mr. Gilbert and his son Donald who have a distinct value to their city and we take pleasure in paying them this brief, but sincere tribute.
