## Former Bronte Youth Star of District 3AA Basketball Champs

A former Bronte boy has distinguished himself during the past basketball season as a key man on the District 3AAA championship basketball team of Lake View. He is Jimmy Tomlinson, son of Mr. and Mrs. W. B. Tomlinson of San Angelo.

Not only was Tomlinson on the District Championship team, but he also tied for high scorer in district season play. He made a total of 135 points for 16.9 average in district play.

In addition to his record in district play, Tomlinson was given honorable mention on the all-state selections for Class AAA school boy basketball.

Jimmy is a former student in the Bronte schools, having moved to San Angelo with his parents a few years ago. His sister, Mrs. LeDrew Arott, still resides in Bronte.

## Red Cross Has Collected \$273.75; Help Is Needed

Coke countians have contributed \$273.75, a little more than a fourth of the \$1020 quota, to the annual Red Cross drive for funds. H. A. Springer, county chairman said Wednesday morning that the drive is coming along fine and that he hoped workers would make their contacts and get their money in as soon as possible.

Robert Lewis Jay, Robert Lee band director and teacher, is the county fund chairman. He reported \$156.00 turned in at Robert Lee and Springer reported \$117.75 turned in at Bronte to make the \$273.75 total.

Springer has completed his list of workers for the east side of the county and listed them as follows:

East part of Bronte, Mrs. Brown Freeman, Mrs. D. K. Glenn, Mrs. J. D. Luttrell, Jr.; west part of Bronte, Mrs. E. J. Smith, Mrs. Marvin Corley, Mrs. Bob Cavin; Latin-American part of Bronte, Hortensia Puentez, Mrs. Rebecca Fuentes; business district of Bronte, H. A. Springer and Leonard Fletcher.

Fort Chadbourne area, Jacob Bruce Morrow and Conda Richards; Tennyson area, Mr. and Mrs. C. E. Arrott, Mrs. Gene Halamicek; Humble Camp, Mrs. Bill Terry, Mrs. Jake Scott.

Springer said he would like to meet the quota and conclude the drive as soon as possible. He urged that everybody contribute liberally to carry on the disaster relief work of the Red Cross.

## AD-LIB-BEN

The deadlines for filing for school trustee and for city council have passed and a contest developed in each race. We wound up with five persons on the ticket for two trustee jobs and three on the ticket for city council. We are always glad to see these contests develop. Seems as if more interest is taken by the voters in both their city government and school business if they have a choice of persons from which to choose. This holds true in any race for public office, and we feel that it tends to make for a healthier situation in any race.

## Five On Ticket For Trustee of Bronte School

Up to the time of the deadline for filing last Thursday five candidates' names had been placed on the ballot for school trustee. Only two vacancies exist, thus developing a contest for the positions.

In addition to Edward Cumbie and Hurlin Lee, incumbents, the names of Joe George Wilkins, Matthew Caperton and Dr. Dean Adams were filed for places on the ticket.

The school trustee election will be held Saturday, March 4. Absentee voting will be permitted from 20 days until three days before the election.

Holdover school trustees include Allen Sherrod, Luther McCutchen, Jacob Bruce Morrow, Conda Richards and Joe Rawlings.

Members of the board have been putting in many hours of work the past few weeks in their quest for a superintendent to replace Garland Black, who has resigned. Definite selection is expected to be made by the board in a meeting Thursday night.

## Grass Fire Burns Off 100-150 Acres

A raging grass fire burned off an estimated 100 to 150 acres of grassland northeast of Bronte Monday. The blaze started from a trash fire north of the home of Jacob Bruce Morrow and was quickly spread to the north by a south wind.

The fire, after passing across the Morrow property, jumped across to a field belonging to L. T. Youngblood and burned off a large area which had been sowed in sorghum alnum grass.

Bronte's volunteer fire department was called to the scene and with the aid of a large number of helpers finally brought the blaze under control some 1½ hours after it started.

No buildings were caught in the path of the fire. However, fire department officers said some damage was done to fence posts.

## Plans Made to Have Anti-Rabies Campaign

A state of emergency has been declared because of the rabies situation in Coke County and compulsory vaccination of all dogs and cats has been ordered.

Following a public discussion at the court house Monday, the Coke County Commissioners Court entered an order calling for the drastic action to combat the

spread of rabies. Dr. J. D. McDaniel of Robert Lee was named county health officer and recommended the program. On hand to advise local officials and explain the law was Dr. George A. Martin of the Texas Department of Health.

In addition to the vaccination of dogs and cats, a program of poisoning fox, skunks and other varmints will be launched in the near future.

All costs of the program will be paid from county funds. Dogs and cats will be vaccinated free. Dates for vaccinating have been set for various places in the county. Read the details in the official notice published on another page in this newspaper.

Since vaccination of dogs and cats is mandatory, the animals are to be kept in quarantine for a period of 30 days, during which time strays will be picked up and will be disposed of if not claimed within a 5-day waiting period.

At the time of vaccination dogs and cats will be registered and the record kept in the county agent's office. The present state of emergency is for a period of one year, and vaccinations will be given again next year. Dogs having been vaccinated longer than a month ago, should be treated again. It will increase their immunity and will make the vaccination period even throughout the county.

Carl Baker, district representative of the State Predatory Animal Control Service, attended the meeting. His department will supervise preparing poison bait to be made available without cost to farmers and ranchers in a drive to kill off the over population of varmints. The poisoning program will be entirely voluntary, and no poison will be put out in the towns.

Robert Lee city officials have joined with the Commissioners Court in urging all citizens to cooperate in the rabies control program.

Dr. Martin, a veterinarian is well acquainted with the rabies situation over the state and reported on what steps had been taken in other localities.

He discussed the mandatory dog vaccination program and pointed out that it was also necessary to make a drive on fox, skunks and other varmints which are carriers or rabies.

Since the vaccinations will be given FREE of charge, it is requested that persons bringing in animals help hold them while the inoculations are being administered.

FOY L. MOORE

## FOY L. MOORE NEW PTA HEAD

Foy Moore was elected president of the Bronte Parent Teachers Association at their regular meeting Tuesday night in the school auditorium. Moore and other new officers will be installed and will take office at a meeting of the group on May 12. Moore is an Humble employee and is also minister for the Silver Church of Christ. He and his family have been active in school, community and church affairs since moving to Bronte several years ago.

Speaker for the evening was E. C. Grindstaff of Ballinger, Dist. Attorney for the 119th Judicial District of Texas. His subject was "Educating for Citizenship." Prior

## PUBLIC SCHOOL WEEK

Teachers and administrators in the Bronte School said quite a number of persons visited the school last week, during Public School Week. Most of the classrooms had exhibits on display for the visitors. Some of the visiting patrons came and stayed during class recitations during the week.

Leslie Dean Caperton of Lubbock spent the weekend in Bronte. Mrs. Caperton returned home with him after a week's visit here with Mr. and Mrs. H. M. Kirkland and Mr. and Mrs. E. L. Caperton.

## Three in Race for City Council Jobs

Three candidates are seeking the two vacant positions on the Bronte city council. Election of the two new councilmen will be held Tuesday, April 7.

Names submitted for places on the ballot include Joe "Binks" McCutchen, Billy Joe Luckett and Royce Fancher. The two vacancies exist because of the expiring terms of Bob Wilson and Matthew Caperton. Neither of them chose to run for re-election.

Members of the council who have another year to serve are Mayor J. A. Stephenson and Councilmen C. E. Bruton, Bill Thomas and H. A. Springer.

### Ed Ratliff Place Shown in Last Week's Paper

Owner of last week's Mystery Farm is Ed Ratliff and it is located five miles southeast of Bronte. There are 193½ acres in the place on the south bank of the Colorado River. It has 3/4 miles of river front.

Mr. and Mrs. Ratliff have owned the farm 18 years, having bought it from Clark Glenn in 1941. Ratliff lived in Eldorado for 37 years before coming to Bronte.

Mrs. Ratliff is the former Ruth Russell and the couple was married in 1940. They are members

of the Baptist Church, the Texas Sheep and Goat Raisers Association, the National Rambouillet Association and the Farm Bureau.

The house pictured on the farm was the Ratliff home until a few months ago when they moved into Bronte. Mr. Ratliff still drives to the farm twice a day where he still takes care of his livestock farming operation. Eighty-three acres on the place are in cultivation and are all terraced. Ratliff raises registered Rambouillets, which are well-known throughout

this area. He won first place with a buck last month at the Brownwood Fat Stock Show and he will also be showing some Rambouillets this weekend in San Angelo.

### Baseball Schedule Announced Here

Supt. Garland Black, who is district chairman for interscholastic league baseball this year, announced this week that representatives of schools participating in District 11B competition met here last Friday and set up a schedule for the coming season.

School officials from Bronte, Robert Lee, Miles and Norton were present. Officials from Rankin, Eldorado and Mertzon wrote Black that they would not participate in baseball competition this year.

The following schedule was set up:

- April 21 — Robert Lee at Norton; Miles at Bronte.
- April 24 — Bronte at Robert Lee; Norton at Miles.
- April 28 — Bronte at Norton; Robert Lee at Miles.
- May 1 — Bronte at Miles; Norton at Robert Lee.
- May 4 — Robert Lee at Bronte; Miles at Norton.
- May 8 — Norton at Bronte; Miles at Robert Lee.

It was voted to start all the games at 2 p. m. unless changed by agreement of the schools involved.

Norman Porter is coach of the Longhorn baseball team.

### Rabbit Drive Big Success

An estimated 2500 rabbits were killed Tuesday when the annual Maverick Rabbit Drive was held. Approximately 125 hunters participated in the shoot.

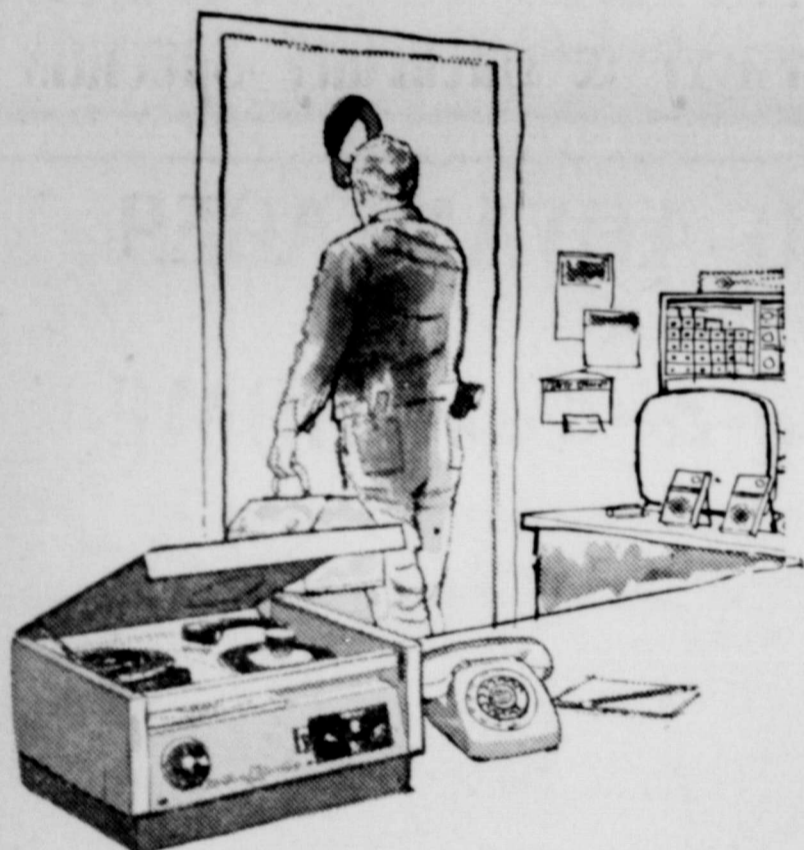

A barbecue dinner was served at the noon hour in the old Maverick school house.

Hunters came from all over Coke and Runnels counties, from Tom Green and from many other parts of West Texas, including some from up on the Plains.

C. E. Bruton, owner of White Auto Store here, furnished shells to the hunters at cost. He said he took about \$600 (cost price) in shells to the hunt and that they ran out before the day was over and had to send for more.

Promoters of the annual affair called it a complete success. Lots of rabbits were killed and everybody had a good time.

Mrs. Louzelle Daulong of Fort Worth spent last week in Bronte visiting her son, Stanley, and other relatives and friends.

### He's "in" when he's out thanks to the Electronic Secretary Automatic Telephone Answering Unit

This television repairman has solved the problem of being in two places at once.

Now he can make his service calls and still answer the phone!

With the help of an *Electronic Secretary*® Automatic Telephone Answering Unit, all incoming calls are recorded while he's out. By playing back the recordings upon his return, he knows immediately where he's needed next.

The *Electronic Secretary* Answering Unit automatically answers the phone and takes messages 24 hours a day. It permits proprietors of one-man businesses to leave their offices and shops, yet "stay in touch." It keeps their establishments "open" when they're away.

The *Electronic Secretary* Answering Unit makes any phone do more. Call your local telephone business office to find out what it can do for you.

# Notice of a Public Emergency

Because of the continuing spread of Rabies, and upon recommendation of the County Health Officer and by authority of the Texas State Law, it is hereby declared that a

## State of Emergency Exists

In and For Coke County, Texas

FROM

**Henry A. Holle,  
M. D.**

State Health Commissioner

We are concerned over the high incidence of rabies that occurs in Texas from year to year, causing anxiety among the citizens of our State, not to mention the deaths that occur and the expense involved in anti-rabies treatments.

The 54th Legislature at its Regular session in 1955 passed a rabies control law (Article 2372m, Texas Civil Statutes.) The law gives the commissioners court the authority to declare the area of their county lying outside the boundaries of incorporated cities and towns to be subject to a rabies epidemic of the dog population thereof. Upon such order being duly entered finding the existence of such epidemic is a menace to the health and safety of the people of such area of the county, the commissioners court is further authorized to promulgate and establish regulations to control all dogs in such area.

We recognize any increase in diagnosed rabies cases in animals over the median of the past five years as representing a rabies epidemic. The local health officer has the responsibility of outlining and directing the anti-rabies program. Recommended programs would include:

1. Stray dog elimination by proper administration through an appointed dog warden who shall pick up and impound stray dogs.
2. Requirement that dogs be vaccinated and registered.
3. Quarantine of dogs in a procedure which would allow adequate time for immunity to develop in vaccinated dogs, reduce exposure risks and facilitate stray dog pickup. A 30 day quarantine should be the minimum for areas of high rabies incidence.
5. Where wildlife rabies exists as a danger, proper procedures in the reduction of the infected species involved should be initiated.

Compulsory anti-rabies vaccination and registration is hereby ordered for all dogs and cats at county expense. In addition a voluntary program to eradicate fox, skunks and other varmints is being set up.

## Free Vaccination Of All Dogs And Cats

Will be provided on the following schedule:

**MONDAY, MARCH 16**

**ROBERT LEE, Stock Show Grounds**  
7:00 A. M. to 12:00 Noon  
**SILVER, Base Ball Park**  
2:00 P. M. to 5:00 P. M.

**NOTE—For those who cannot bring in their dogs and cats on these days, FREE vaccinations will be offered again at the same places one week**

**TUESDAY, MARCH 17**

**BRONTE, Stock Show Barn**  
7:00 A. M. to 12:00 Noon  
**TENNYSON, School House**  
2:00 P. M. to 5:00 P. M.

later, with the hours set from 9 to 11 a.m. and 2 to 4 p.m. Owners will be expected to help hold their animals during inoculation.

### 30 DAY QUARANTINE PERIOD

After an animal has received anti-rabies treatment, it must be kept up and in quarantine for a period of 30 days. Each animal vaccinated will be

registered and get a metal tag. Records will be kept in the County Agent's office.

### STRAY DOGS AND CATS

During the quarantine period stray dogs and cats will be picked up by parties with delegated authority. Af-

ter a period of 5 days these animals without vaccination tags will be disposed of in a humane manner.

### VARMINT POISONING PROGRAM

As a means of stopping the spread of Rabies, a program of poisoning varmints is being arranged. Poisoned bait will be furnished FREE. This program is designed only for use on farms and ranches and will not be permitted in the towns. It will be optional with the land owners or opera-

tors. Poisoned bait will be prepared under supervision of the State Predatory Animal Control Service, and dates when it will be available are to be announced later. Farmers and ranchers must get the bait at a designated time and place and spread it themselves.

This action was taken following a public hearing and a resolution duly passed on Monday, March 9, 1959.

## Tough-built Chevy truck bulls its way deep into the woods for mammoth loads

*This big Series 60 Chevy bulls its way as far as 8 miles into the Louisiana woods, fights over ruts and jagged stumps . . . then grinds back out with towering loads of logs! The Sabine Lumber Company attests to the truck's ability to take it: "Chevrolet makes the best truck for our type of operation."*

Out where a truck is known for the beating it can take, Chevy's making friends fast. Truckers like the

way these toughies hold up; the way they wade right in, take their lumps, yet stay in shape.

Today, it's *grit* that Chevy's showing the trucking industry. Real toughness that pays off in job-after-job dependability . . . in ability to get work done at least expense. You can match Chevy muscle against any tough light-, medium- or heavy-duty job and *know* you've got it beat!

Your Chevrolet dealer's ready right now to meet your special work requirements. Stop by and see him soon.

**No job's too tough for a Chevrolet truck!**

All four of the offices to be filled in early April are important to you, as citizens of this community. May we urge you right now to start considering the candidates, so that when voting time arrives you will be able to cast your ballot for the persons you have decided can and will do the best job for us.

We would like particularly to urge your careful consideration in the school trustee election. It's no secret that our school is not in the best possible condition. In fact, the taxpayers of this district proved their awareness of this fact only recently when they voted almost three to one to increase the tax rate and provide more money on which to operate the school. We hope you will vote for the men you feel will be able to handle this situation best.
