Bronte Scouts Get First Hand Experience in First Aid Work

Members of the Bronte Boy Scout troop got a chance last Saturday night to put their training to practical use. The boys, along with Scoutmaster E. J. Smith, Assistant Scoutmaster Nolan Butler and Robert Hugh Sims, were returning from the Scout-O-Rama in San Angelo when they came upon an automobile wreck at the intersection of Highway 277 and the old Ballinger highway, at the railroad crossing east of San Angelo.

The Scouts stopped and were able to render first aid to three injured persons. One woman had a broken arm and all three suffered cuts and bruises. Smith said the Scouts arrived before an ambulance reached the scene of the accident and he believed the vic-

tims greatly helped by the service rendered by the local Scouts.

The boys had spent the day in San Angelo taking part in the two performances of the big Scout-O-Rama, which had over 5,000 Scouts taking part. Bronte Cub pack also participated in the big show. Both the local troops took part in the grand entry and the Scouts participated in the flag and catastrophe events, while the Cubs took part in the circus program.

Boys who stopped and rendered aid to the wreck victims were Charles Coppock, Rex Harris, Jimmy Wells, Kenny Mayben, Jack Bailey, Jim Morrow, John Shaffer, Ronnie Sims, Kenneth Wilkins, Ronnie Lee, Royce Lee, Marshall Freeman and Ellis Freeman.

Smith was very complimentary in his comments of the Scouts in the emergency. "They did a good job," he said.

AD-LIB-BEN

We think it was wonderful that the Boy Scouts of Bronte were able to render aid to persons who were hurt in a car wreck Saturday night. Perhaps this incident will make us all more aware and appreciative of the Boy Scout program and of the men who give much time and effort to putting it over to these boys.

Perhaps we can be a little more generous with our time and money when we are asked to help the Boy Scout program. This example of the worth of the training these boys get speaks louder than all the speeches we've heard asking folks here to help with the Scouts.

Scoutmaster E. J. Smith told us this week that he is making plans to take the boys to Camp Sol Mayer early in June and he needs volunteers to spend some time with them at camp. You might be thinking about giving a day or so of your time to this worthy cause. Your help will be appreciated and it will be time well spent.

Well, we're faced again this Saturday with problems concerning building dams on the Kickapoo Creeks. A hearing is set for 10 o'clock Saturday morning at the courthouse in Robert Lee.

We don't know anything about any ulterior motives anybody may have in attending this meeting, but we feel that everybody who goes should put aside all selfish interests and go to the hearing with the avowed purpose of accomplishing the mission. We are aware that some land owners are going to benefit from this project more than anybody else. But the structures have to be built on somebody's land, so let's all pull together on this thing and see if we can't get it through—for the benefit of everybody who has been damaged by floods the past five years.

Firemen Having Trouble

Fire Chief Martin Lee said this week that the local volunteer fire department has been having considerable difficulty performing its job because of spectators who follow the fire truck to fires when they hear the alarm sound.

Lee pointed out there is a law in this state forbidding persons to follow fire trucks. He said the local department does not wish to cause anybody trouble, but members would appreciate cooperation by local residents.

Last Rites Held Last Thursday for Mrs. Ed McAulay

Funeral services for Mrs. J. E. McAulay, 76, were held at 4:30 p. m. Thursday, April 23, in the Bronte First Methodist Church. Rev. James Campbell, pastor, conducted the services.

Burial in the Fairview Cemetery here followed. Clift Funeral Home was in charge of arrangements. Pallbearers were J. B. Parrish, Wm. Carter, Lee Alderman, Clyde Lee, Don Edmiston, Howard Brock, Alton Bradberry and Leonard Bowden.

Mrs. McAulay died at 5 p. m. Wednesday, April 22, in the Menard Hospital. She had been ill since February of 1958.

She was born May 1, 1882, in Brown County, Texas, Eva Russell, the daughter of the late Mr. and Mrs. John Russell. She came to Coke County as a child and was married Dec. 20, 1907 to John Edward McAulay. The family farmed and ranched near Bronte until Mr. McAulay retired and they moved into town. They had made their home the past several months in the Menard Retirement Home, operated in connection with the hospital there.

She was a member of the Bronte Methodist Church.

She is survived by her husband; a granddaughter, Mrs. Nealon Carter of Monahans and two great granddaughters, Marcia and Donna Carter, also of Monahans; three brothers, Mike Russell of Clyde, George of Blackwell and J. P. of Sterling City and two sisters, Mrs. Lee Richards of Bronte and Mrs. Wylie McRorey of Blackwell.

BAKE SALE AND CAR WASH

The sophomore class of Bronte high school will sell cakes and pies and wash cars this weekend. A regular bake sale will not be held, but the sophomores will take orders for bakery goods and deliver it Saturday. They will be washing cars at the Texaco and Gulf service stations. Members of the class may be contacted for any of these services.

Hearing on Water District Saturday

A hearing to determine whether or not a water control and improvement district will be formed in the area around Bronte comprising the Kickapoo Creeks watershed will be held Saturday, May 2, at the courthouse in Robert Lee.

The hearing, originally set for April 18, was postponed after some matters of legal procedure were questioned by County Attorney Frank C. Dickey. Members of the steering committee and their attorney, Carl Runge of San Angelo, agreed to the postponement to give them time to look into the questions raised by Dickey.

Purpose of forming the water district is to supervise the construction and maintenance of dams on the Kickapoo watershed.

Miss Campbell Resigns As School Band Director

Miss Mary Helen Campbell has resigned her position as director of the Bronte School Band, according to Hurlin Lee, school board president. She has been band director the past two years.

Miss Campbell came to Bronte from Bells elementary school near Waco. Her home is at Pleasanton. She holds bachelor's and master's degrees in music from Baylor University.

Lee said that all teachers in the local school who were offered new contracts had accepted them. Miss Campbell's resignation leaves seven faculty slots to be filled for next year.

A board meeting to interview applicants seeking positions which are vacant will be held Saturday night, Lee said. A large number of applicants will be interviewed. C. B. Barbee, superintendent-elect will be here from Tomball to meet with the board and assist in the interviews.

Engineers and soil conservation specialists have said that such a project would prevent a recurrence of the disastrous floods which swept through the area and the city of Bronte in 1953 and 1957.

Coke County Commissioners Court has agreed to furnish necessary funds for the planning party, which will determine locations and specifications of the various structures.

The federal government will supply money for the actual construction under a program sponsored by the soil conservation service of the Department of Agriculture.

Anyone Found a Pair of Crutches?

If anybody who reads the Enterprise has found a pair of metal crutches, we've been asked to say that they belong to Beth Ivey, daughter of Mr. and Mrs. W. W. Ivey, and they may be returned either to the Iveys or to The Enterprise office.

The Iveys and Beth had started to San Angelo the other day when they had a flat near the Tom Williams place on the San Angelo highway. While watching the flat being fixed, Beth laid the crutches on the ground beside the car and forgot to pick them up when they continued on. Upon returning, the Iveys found the crutches gone.

Beth, a victim of polio needs the crutches badly. She returns to Gonzales Warm Springs Foundation Hospital after school is out for a check-up and any treatment needed.

Seniors Leave On Annual Trip

Fifteen happy seniors of Bronte High School left early Wednesday morning on the annual senior trip. The group was headed, by school bus, for the Lazy H dude ranch near Kerrville, where they will vacation until late Saturday. They were accompanied by Principal Joe Simpson, Mrs. Iva Underwood, class sponsor, Mrs. C. E. Hageman and Mrs. Horace Taylor.

Seniors making the trip are Albert Grace, Ray Eubanks, Abel Martinez, Ronnie Cole, Dean Black, Stover Taylor, Epsie Hageman, DaNell Dixon, Ruthie Phillips, Ida Nell Shields, Juanita Wrinkle, Linda Smith, Jettie Kirkland, Modene McGuire and Frances Johnson.

The seniors are financing the trip with funds which they have accumulated this year by staging various money raising programs. One of their biggest money makers was the annual play last Thursday night. The class netted about \$140 on the play, advertising and concession stand.

FIREMEN CALLED OUT

Bronte's volunteer firemen were called out late Saturday afternoon to extinguish a grass fire along the railroad right of way north of the W. W. Ivey place. No serious damage was reported caused by the blaze.

B. G. Timmons is spending this week in Odessa with his son and daughter-in-law, Mr. and Mrs. Charles Timmons, and family.

Deanie Allen Wins Third in Region

Bronte students attended the regional Interscholastic League meet last weekend at Stephenville last weekend. Deanie Allen, daughter of Mr. and Mrs. James Allen, was the only Bronte student to place in the meet. She won third in Senior Girls declamation.

Bronte's girls volleyball team drew a bye in the first game of the day and Hico beat the locals in the second game in an overtime period. The team consisted of Epsie Hageman, June Moore, Yvonne McCutchen, Eloise Hester, Modene McGuire, Odell Brice, Oleta Bradshaw, Carolyn Glenn, Bettye Blackmon and Jettie Kirkland.

The relay team made up of Albert Grace, Dean Black, Rudy Olivas and Benny Corley made it to the finals but the boys were disqualified in passing the baton.

Grace also got into the finals in the 440 yard run.

Several records were broken at the regional track meet.

"Mystery Farm of the Week"

Who Lives Here?

MR. AND MRS. EARL BLACK OWN MYSTERY FARM OF LAST WEEK

The mystery farm pictured last week belongs to Mr. and Mrs. Earl Black. The 320 acre place is located six miles east of Bronte in the Marie community.

The Blacks have lived on this place for the past 14 years. They bought 200 acres from Bill Hurt and 120 acres from A. F. Landers. The farm was settled about 50

years ago by Albert Gentry.

In addition to his place, Black leases 400 acres and farms a total of 475 acres. He is strictly in the stock farming business and raises maize and oats. He runs 40 to 45 mother cows.

Mr. and Mrs. Black were married in 1932. She grew up at Melvin and was a school teacher before her marriage. Earl grew up in the Marie community, only about three miles from where they now reside. He is a member of the Baptist church, while she is a member of the Church of Christ.

RABIES SITUATION

Several people have asked when they may turn their dog or cat loose, having reference to the 30 day imposed quarantine period during the rabies control program. The 30 days restricted period has expired and persons desiring to do so may release their pets.

The rabies situation has improved sharply during the last month. Only two rabid acting wild animals have been reported to me during that period. It is too early to say the threat is over since animals may carry the disease several months before it becomes active, but the decrease in suspects certainly is encouraging.

COYOTE TRAPPED

Several ranchers in the Edith area must have breathed a sigh of relief early last week when Mr. Elliott, the government trapper, brought in a coyote taken in that area. The coyote was an old one and is believed to be the one that has caused so much damage in that area the past few years.

Five thousand dollars would be a modest estimate of the losses he has caused during the last five years. Several hundred lambs have been found that were believed to be killed by this particular coyote. In addition, countless pounds and baby lambs must have been lost when he made his forages on the sleeping flocks, scattering and exciting them.

DISTRICT CONTESTS

Several Coke County 4-H club members participated in the District judging contests held in San Angelo recently. Top winning teams were the Jr. and Sr. soil judgments teams. William Ray Hood, Robert Wink, C. L. Sparks and Doyle Robertson of the Robert Lee 4-H Club made up the first place team in the Junior

Contest. William Ray, C. L. and Robert were the three high individuals of the contest, placing in the order listed.

The Senior Soils team also won first place and will attend the State judging contest at College Station on June 10. Team members were Kenneth Wink, Robert Lee; Donald Spiller and Eddie Glenn, Bronte; and Dee Arrott of Tennyson. Eddie, Kenneth and Donald were the top three scorers in the order listed.

Jerry Burson, D. E. Moore, and Mike Krall of Robert Lee participated in the Junior grass judging contest, placing third. Jerry was fifth high Junior grass identifier.

The Senior grass team and the Jr. electric demonstration team made satisfactory scores but failed to place in the top three. Pat Wilkes, David Lindsey, Douglas Wilkes of Silver and Malcolm Johnson of Bronte made up the Sr. grass team. Pat Wilkes was 5th high individual of the contest.

Gary Knapp and James Calder were members of the electric demonstration team. They found heavy competition in their division.

UNCLE HUIE from HOG CREEK says

DEAR MISTER EDITOR:

I see by the papers where this columnist, after making a tour of the country, says taxpayers think they're paying too much taxes. After a life time of study in the tax situation and dodgin all of 'em I could, I can tell this feller all about taxes and save him an other tour of the country.

Taxes always dips a little in a election year, but the dip is a optical illusion, like that thin coat of gravel they throw on a country road the week afore the precinct elections. They dip but still at the same time continue the same steady climb.

Fer instant, in 1960 taxes will be reduced in ever speech from precinct to President, but I ain't never saw a office holder yet that couldn't figger out a crisis three months after the election that changed the whole picture he give the voters in the campaign.

If there ever was anything useless in this world, it's a tour around the country to survey the tax situation amongst the constituents. When I hear some feller talking about reducing taxes, I git as deaf as the old man leading in family prayer while he was kneeling on the cat's tail. How is taxes going to git reduced with three out of ever four in the country either working fer the Government, gitting a Government subsidy, or got at least three different kinds of Government loans?

Well, Mister Editor, the fellers in town Saturday night was giving me a hard time about my spelling. I ain't never mentioned afore now, but the reason my spelling might be a little off is because they didn't print the dictionary right. They ought to have one section with words listed like they is spelled and another like they is pronounced. This last section would be a heap of help to a feller like me. Words like newmonia ought to be listed in the "n" section so's a feller could find 'em. I told the boys at the store I was like the backward mountain

Young Knife Slayer Draws Life Sentence

Willie McDade, 17, of Odessa was sentenced to life imprisonment in Robert Lee Wednesday afternoon of last week after pleading guilty of murdering Louis (Shorty) Canada, a San Angelo milk route salesman, Oct. 24.

His companion, Roosevelt Wiley, 26, also an Odessa Negro, was sentenced to death by a jury in 72nd District Court at Lubbock March 11 in the same killing. A ruling will be handed down within 10 days on his motion for a new trial.

According to testimony, the pair flagged down the milk truck driver on Highway 87 between Water Valley and Broome after their stolen truck ran out of gas. They then stabbed the driver numerous times, took about \$1,000 from his pockets and threw his body in heavy brush.

They were arrested at Big Spring shortly after police found the abandoned milk truck near there. Wiley was tried at Lubbock on a change of venue.

McDade was 16 at the time of the murder and court action was delayed until he was 17 — eligible for prosecution as an adult. Because he was a minor at the time of the murder, however, the law sets maximum penalty at life imprisonment.

McDade was the only defense witness. He told the court in his plea for mercy, that he was one of 14 children and was forced to quit school in the eighth grade. He said no member of his family had visited him in jail since his arrest. The youth also told of three trips to the State Training School at Gatesville for running away from home.

The jury began deliberations about 5 p. m. and returned with their verdict 25 minutes later. McDade waived appeal and requested immediate sentencing. Judge Joe L. Mays presided.

Members of the jury were Miss Inez Gartman, Robert Lee; A. R. Bagwell, Robert Lee; T. B. Childress, Robert Lee; Steve Badley, Bronte; Bob Cavin, Bronte; C. E. McGuire, Bronte; George Wrinkle, Bronte; Artell Roberts, Robert Lee; John Gaston, Tennyson; Johnnie Hollis, Silver; and Fred Lee Roe, Robert Lee.

The young Negro is being held in Coke County jail, and will be taken to the penitentiary next week, according to the statement made yesterday by Sheriff Paul Good.

Wylie's lawyers were turned down in their efforts to get him a new trial. The case will be reviewed by the supreme court before date for his execution will be set.

Mrs. Edna Terry of Abilene was a recent guest here in the home of her mother, Mrs. Jess Coppedge and Joyce. She also visited Miss Nannie Mobley and the Ira Coppedge family. Mrs. Coppedge, Joyce and Miss Mobley spent the weekend in San Angelo with Mr. and Mrs. Allen Coppedge and son.

Jane Austin To Present Piano Recital

Jane Austin, daughter of Mr. and Mrs. I. M. Austin, will present a solo piano recital, May 3, high school auditorium at 2:30 p. m. Jane has prepared a classical program by these authors: Bach, Chopin, McDowell Listz, Haydn, and Rachmaninoff.

The hour program will also feature two vocal solos — one, Mrs. E. R. Kreyer, San Angelo piano teacher and the other, Mack Tubbs, a student of Mrs. Kreyer. Ronnie Sims will accompany these vocal solos.

Jane has taken piano lessons nine years. Three of these nine have been spent studying with Mrs. E. R. Kreyer of San Angelo. Other teachers she studied with are: Mrs. Ray Lee, Mrs. Morris Vanadore; Mrs. A. J. Humphrey, Julia; Mrs. Walter Phillips, Bronte; Mr. Charles Wootten, Brownwood.

Jane has been a member of the National Guild of Student Musicians for three years and will graduate with a regular high school diploma from that fraternity ay 13. Members of the NGSM audition before guild judges each year in order to maintain membership.

A senior student at Robert Lee High, she finds music an ideal all-weather, lifetime hobby and plans to make it a profitable profession.

Admission for the recital is free and the public is invited.

Visiting Sunday with Miss Nannie Marie Pearson and Mrs. Anna L. Whitfield were Mr. and Mrs. Leslie Fields of Brownwood.

COKE SOIL CONSERVATION DISTRICT NEWS

Present Supervisors —

C. N. Webb, Chairman; W. E. Burns, Vice Chairman; D. K. Glenn, Secretary and Treasurer; Bryan Yarbrough and Robert Walker.

A pond is being constructed on the T. P. Carter farm near Blackwell with about 3500 cubic yards in it. Two earth diversions and an enlargement of an old pond were completed on C. N. Webb's place near Tennyson. About one mile of terraces and 1739 feet of diversion was completed on the Simpson brothers place near Robert Lee.

A Great Plains Conservation Plan has just been approved on the R. C. Lasswell place at Hayrick mountain. The plan includes terracing, pond construction, root-planting and seeding, net wire diversions, and cross fencing. The program will cost share 50 to 80 per cent of the average cost of the above practices.

About 132 acres has been root-plowed under the Great Plains Conservation Program on the Manse Millican place near Tennyson. It was seeded to a mixture of K. R. Bluestem, Plains Bristlegrass, Sideoats Grama and Blue Panic.

Otis Smith has just completed pitting and seeding on two of his places under the Great Plains Conservation Program.
