Enterprise Subscription Special To Start Wednesday, July 1

The Enterprise's annual subscription special will begin next Wednesday, July 1. During the period of the special all yearly subscriptions to The Enterprise will be lowered 50 cents. The discount is good for new, renewal or extension subscriptions.

AD-LIB-BEN

We're right proud of the new face our building is getting this week, but it certainly wasn't before it was needed. It's remarkable what a little paint will do.

We'd like to ask folks around here to let us know when they take vacations trips. Most everybody is interested in what their neighbors and friends are doing during their vacation time. If you have a particularly long or interesting vacation, or if you just visited friends and relatives in nearby towns, we invite you to jot it down, or call us at the Enterprise so we can print it.

For instance, we had a card this week from Mrs. George Thomas, Bronte second grade teacher, who is spending her vacation (?) working in the office of Congressman O. C. Fisher in Washington, D. C. She said:

"Had simply wonderful trip up. Everything is as fabulous as I expected. Was pleased to find Congressman Fisher gets The Bronte Enterprise! Drove to Dover, Delaware and down to Ocean City on the Coast."

Don't condemn the judgement of another because it differs from your own. You may both be wrong." — Dandemis

JULY 4TH HOLIDAY

Merchants in Bronte seem to be well in agreement that they will close for a holiday on Saturday, July 4. Local business men were not entirely agreeable recently on the matter of closing up for a Memorial Day holiday. More details on the closing will be published in next week's Enterprise.

JOHN T. HALBERT IS NEW PRECEPTEE

John T. Halbert of Nacogdoches is the new preceptee who has been sent to Bronte for a ten weeks study under Dr. John R. Harris at the Bronte Hospital. He is a senior student at the University of Texas Medical branch at Galveston.

Dr. and Mrs. Halbert and their young son are living in the James Allen rent house during their stay here.

MORE SWIMMING LESSONS

Some additional classes in swimming will begin Monday after the 4th of July. A course for beginners and one for intermediates will be held. Joe Don Wilkins, who is a qualified Red Cross swimming instructor, will teach the classes.

LADIES SOFTBALL

The Ladies softball team practices Monday and Thursday at 6 p.m. All ladies and girls who are interested are invited to participate in these practice sessions.

A game will be played Thursday with the ladies going up against the girls.

This decrease in the regular price means that subscriptions in Coke and adjoining counties will be \$2.00, while subscriptions to any other place will cost \$2.50. Regular prices are \$2.50 and \$3.00 per year.

Subscriptions will be accepted by Enterprise representatives in the outlying communities. Blackwell community residents should see Mrs. Charles Ragsdale; residents of Brookshire may contact Mrs. Herbert Holland; while residents of the Tennyson community may subscribe through Mrs. John Gaston or Mrs. Tom Green.

Subscriptions at the reduced price will also be accepted at The Enterprise office or subscriptions are accepted by mail.

Hundreds of subscriptions are received each year during the bargain days and the publisher of The Enterprise invites everyone to take advantage of the saving.

WHD Council Makes Report

The Coke County Women Home Demonstration Council met in regular session on Tuesday, June 9, in the Conference room of the Robert Lee Court House at 2 p. m.

Mrs. Pat Rives, chairman, called the meeting to order. Roll call was answered by four members and Miss Hooper. Three clubs were represented, two clubs reported two meetings each during the month of May.

4-H Leader reported workshops to be held during the month of June in Bronte and Robert Lee. 4-H camp will be July 21 and 22 in the Recreation Hall at Robert Lee park.

Council will sponsor a bake sale on Saturday, June 27, at 9:00 a. m. The club presidents are requested to fill out work sheets by July 1 to be sent to District THDA chairmen. The yearbook committee will meet July 30 to plan program for 1960 yearbooks.

Mrs. Pat Rives, chairman, read a letter from Loretta Allen, County Home Demonstration Agent of Abilene, inviting Coke County WHD and 4-H Clubs to have an exhibition at the Taylor County Fair in the fall of 1959.

Delegates elected to attend the state meeting to be held in Galveston, Sept. 16, 17, 18 were Mrs. Pat Rives, Mrs. Glenn Waldrop, Mrs. R. L. Page and alternate, Mrs. A. D. Fields.

Miss Hooper reports attending the Electric Clinic, sponsored by the West Texas Utilities Company on June 3 in Junction. Several 4-H club girls from this area attended.

Work shops for Bronte 4-H girls will be on Wednesday, June 10. 4-H Juniors in Robert Lee on June 16, 17, 18; Robert Lee Seniors on June 23, 24, 25. — Council Reporter.

Contract to Be Let For Norton Telephones

Contract for the construction of the outside telephone plant for the Norton exchange of the Taylor Telephone Cooperative will be granted Tuesday, June 30 at 10 a. m. at the headquarters building at Merkel.

Low bidding contractor will have 30 days from that date to begin construction and three months in which to complete the building.

Quarterback Meeting Set for Monday Night

Clark Glenn, president of the newly organized Longhorn Club, (Quarterback Club) has called a meeting for Monday night at 8 p. m. in the school auditorium. At that time membership cards will be ready for sale and will be distributed to the members.

Other projects to be discussed include getting the football field in shape for the fall season. Glenn has appointed a committee composed of D. K. Glenn, Howard Brock and Marvin Corley, to be in charge of that project.

Glenn said it is important that all members attend the Monday night meeting.

Failure To Make Use of Salk Vaccine Referred To As A "National Disgrace"

New York, N. Y. — The negligence of a great segment of the American people in failing to take advantage of the Salk vaccine was termed a "national disgrace" by Basil O'Connor, president of The National Foundation (originally "for Infantile Paralysis"), in a statement issued on the eve of the fourth anniversary of licensing of the vaccine.

Medical scientists announced on April 12, 1955, at Ann Arbor, Michigan, that the great field trial of the previous year had shown clearly that the Salk vaccine was "safe, effective and potent" — that it would prevent paralytic polio.

"Despite the fact that for four years there has been a vaccine that protects against paralysis from polio, there still are 98 million Americans who have not used it," Mr. O'Connor said.

"The existence of this appalling number of unvaccinated Americans, including six million children under five years of age — at a time when there is ample polio vaccine and the surplus is spoiling on the shelves — is a poor commentary on our intelligence as a people," the March of Dimes leader declared.

Mr. O'Connor remarked that indifference to polio vaccination persisted today despite the "horrifying example" last year in the Detroit area, where an epidemic

Bank Deposits Up From June Year Ago

Deposits at the First National Bank in Bronte as compiled in a call dated June 10 showed considerable increase over a year ago and also were slightly above the amount reported at the last call on March 12.

Royce Fancher New W. M. of Bronte Lodge

Royce Fancher was scheduled to be installed at Worshipful Master of the Bronte Masonic Lodge in ceremonies Wednesday night at the Bronte Lodge Hall. The service was a joint installation with the Hayrick Lodge of Robert Lee. Jack Denman was installed as W. M. of the Hayrick Lodge.

Other new officers who were to have been installed included Leonard Fletcher, Senior Warden; J. B. Morrow, Junior Warden; H. O. Whitt, Secretary; J. A. Stephenson, Treasurer; Noah Pruitt, Jr., Senior Deacon; Brady Mills, Junior Deacon.

W. W. Millikin, Senior Steward; Billy Joe Luckett, Junior Steward; and C. E. Clark, Chaplain.

RAIN TUESDAY ABOUT .5 INCH

Between one-half and three-quarters of an inch of rain fell here in light showers during the first part of this week, most of it coming early Wednesday morning.

A half inch was reported at Tennyson; Austin Sandusky, north of town, also had a half-inch and Clifford Clark, who lives east of Bronte, reported one inch.

The report, which is being published in this issue of The Enterprise, shows \$2,432,388.33 on deposit. This amount is \$122,601.15 above the \$2,309,787.15 which was reported at a call dated June 23, 1958. It is \$14,285.81 above the \$2,408,102.52 on deposit March 12, 1959.

Loans were also up at the First National. As of June 10 the local bank had \$730,820.88 out on loan, compared to \$579,379.87 a year ago, and \$694,327.59 in March of this year.

During the past year the capital accounts of the bank have been increased, also. The capital stock remains at \$50,000.00, but the surplus account has been increased from \$100,000.00 to \$150,000.00. These two accounts plus \$53,290.86 in undivided profits make the capital accounts total \$203,290.86.

TRUSTEES MEET OFTEN

Members of the board of trustees of Bronte school have been meeting regularly the past several weeks interviewing teachers to fill the vacancies which exist in the local school.

Hurlin Lee, board president, said this week that members are hopeful they are getting some of the vacancies filled, but no further acceptances of positions have been received by the board since the last announcement in The Enterprise.

OIL PROSPECTS GOOD

A report was received this week that prospects for making oil wells out of two previously abandoned tests look good. Barney Carter of Tyler is operator on both tests. One is located on Sam Gray's place north of Bronte and the other is in the Bronte city limits on property of L. T. Youngblood. Work is now underway on the Gray location, while the Youngblood test has been shut in for about a week.

Mrs. Carrie Williams of Grand Prairie visited friends and relatives in Bronte last week. Mrs. Williams is a long time former resident of Bronte and was post master here for a number of years. She and Mrs. C. Duncan went to Ralls and Lubbock where they visited old friends.

Mr. and Mrs. H. E. Vaughn went to O'Donnell Sunday to visit his father who is ill.

UNCLE HUIE from HOG CREEK says

DEAR MISTER EDITOR:

Well, school has let out for another year and we had a visitor up town Saturday when we was paying our respects to this modern education system. He said in his town, they had real cause for complaint and told us all about it.

This feller says that modern education there has got so high-falutin that the parents can't even understand the report cards their kids fetch home. He says it used to be that a kid in school got A, B, C, D, E, or F on reading or somepun. Now, he says, they give him a mark on "aptitude" or "energy" or mark it down that the kid is "emotional" or maybe ain't washed his teeth today. This feller says the idea in having a kid bring home a report card is to let parents know how he's doing in school. If he gits a C on reading, they'll know he's doing pritty good, and if he gits a F in arithmetic they'll know he takes after his Ma and ain't much on figgers. But now they don't know no more when they git the report than they did afore he brung it home. All

they know is their offspring is good or bad in "aptitude" or somepun.

This feller wants his school folks to just rig up a report and send it home that tells the simple fact of how the kid is doing, without all the extra trimmings about being "emotional" or "industrious." He says that if the parents was smart enough to understand all that junk they wouldn't be sending the kid to school in the first place. They'd be teaching him at home. That's the way this feller give it to me, Mister Editor, and I'm just passing it along to you fer what it's worth.

As a rule, I don't read them Washington columnists, not if I can help it. But last night I got to reading one by mistake and saw where rose bugs had about ruined Mamie's roses this year. I never dreamed, with all the money they're spending in Washington, (and they're not doing bad in Austin, either, these days), that they didn't have a Bureau For The Protection of The White House Rose Garden with a Director, a

Clothing Workshop

The Clothing Workshop at Bronte has been completed and some very good garments were made. A workshop for the junior girls in Robert Lee will be held this week with the senior girls sewing the following week.

The girls will model their garments at the County Dress Revue July 10th — but, we'll have more to say about that later.

Outdoor Cookery

The program for the home demonstration clubs in July is on outdoor cookery. If any non-club members would like to attend the meeting in your community, contact some club member or myself for the meeting time and place.

Ready for Vacation?

The pressure of the busy pre-vacation week can be eased with a "vacation planning" list of things to be done all through the house. This may involve caring for plants and perishable foods, among other things.

Care of House Plants

1. Group plants in a large cardboard box with sides a little higher than the plants. Place box in a well-lighted but not sunny area,

Field Superintendent, Bureau Chemist, Bookkeeper, Receptionist, and Janitor. They could take such a organization and tie it in with the U. S. Department of Agriculture, and then they could set up a Liason Department. It seems a Liason Department is one that links up two departments, giving 'em three instead of two, creating many more jobs. Somebody shore went to sleep at the switch on this one. Them politicians could take this situation and create 200 jobs out of it, maybe 300 if the rose bugs got worse along in July.

Yours truly,
Uncle Huie

near a north window is desirable.

2. Water plants well using a soluble plant food in the water.

3. Cover the open top of the box with transparent saran wrap, using the 18-inch width if box is large. The wrap allows light to reach the plants, keeps dust from leaves and soil stays moist for at least three weeks because of reduced evaporation.

Care of Refrigerated and Baked Food

1. Cheese — Wrap cheese carefully in saran wrap pressing the wrap to the surface to remove air. Refrigerate.

2. Lettuce and cabbage — Remove any withered leaves and signs of decay. Rinse greens lightly, and dry off excess moisture. Wrap carefully in saran. Store in refrigerator crisper. If vacation extends over seven days, plan to use lettuce before leaving.

3. Carrots and celery — Rinse, wrap in saran to prevent loss of moisture. Refrigerate. If the family would enjoy carrot and celery sticks while traveling, prepare these vegetables ahead.

4. Fresh, homogenized milk may be stored in the freezer at 0 degrees F. Store in waxed carton or in jar filled only 3/4 full to allow for expansion during freezing.

5. Ice Cream — To prevent formation of crystals, overwrap partially used cartons with saran before storing in freezer.

6. Meat — Fresh meats should be eaten if they have been held in the refrigerator for a period of

time, or cook meat, wrap in saran and seal with freezer tape. Label with kind of meat and date, then freeze.

7. Baked Goods — Fresh cakes, unfrosted or with butter frostings, fruit pies, cookies and bread may be wrapped in plastic wrap and stored in the freezer.

Do not expect freezing to improve the quality of the food, but, if food is properly wrapped, freezing will help retain the present quality after the vacation trip.

HD CLUB HAS ALL-DAY MEETING IN ARROTT HOME

Mrs. C. E. Arrott was hostess to the Bronte Home Demonstration Club's all-day meeting Wednesday, June 17. Each member carried a covered dish for lunch.

Roll call was answered by the members on what to do when the tornado warning is heard.

A program on Civil Defense was given by Mrs. Arrott and members presented a skit on the same subject. Flower arrangements were also discussed.

The floating prize given by Mrs. Arrott was won by Mrs. J. F. Hughes.

After lunch members worked on various projects and secret pals were revealed and new names were drawn.

Members present were Mmes. Floyd Crunk, Emerson, Hughes and Arrott.

Leroy Scott was in Bronte Monday visiting relatives and attending to business.

You get the BIG comfort dividends in your 59 FORD...

Some cars' door openings aren't shaped to fit people! So you have to squirm and wriggle... make your body conform to the car when getting in and out.

NO SQUIRM

Doors in 59 Fords are wider — up to six inches wider — and door openings are contoured to fit you! You get in and out of a Ford with greater ease and comfort. The girls really like Ford's doors... for more graceful entries and exits.

To gain a low roof line, some cars end up with higher floor "humps" and thinly padded rear seats... a combination that's mighty rough on the middleman.

NO SQUEEZE

Fords have useable seating space for six big people. The driveshaft tunnel is lower and rear seats are deeply cushioned all the way across. This means more comfort for all passengers... especially for the man in the middle.

The squeezed-down, skimpy roofs of some cars aren't comfortable even for bare-headed riders. And they don't keep out excessive sunlight and glare.

NO SQUASH

See how much more head room Ford has. Even big six-footers sit up straight without touching the roof. And Ford's big roof protects all passengers, in both front and rear seats, against the discomforts of excessive glare and heat from the sun.

Greater comfort is only the beginning of the dividends you get in a Ford. You get the World's Most Beautifully Proportioned Car. You get a big dividend in Ford prices... the lowest of the best-selling three. And you get saving dividends that cut costs every mile you drive. See and Action Test a new Ford at your Ford Dealer's. See how you can go finer... with more comfort... for less... in a new Ford!

**93 Present For
 Palmer Family
 Reunion June 14**

(From Robert Lee Observer)

Descendants of the late Rev. and Mrs. D. H. Palmer gathered in Robert Lee for a reunion on Sunday, June 14. The happy event took place in the air conditioned building at the County Park and 93 persons were present to enjoy a picnic dinner.

Rev. Palmer was a well known Baptist preacher and served West Texas churches over a period of fifty years. There were five sons and five daughters in the family and all were present except one son, Harvey, who resides at Riviera.

A special guest of honor was W. S. Norton of Portland, Ore., who is spending the summer in Dallas. He is the oldest brother of the late Mrs. D. H. Palmer and is 88 years of age.

Col. Lewis Cooper, who married one of the Palmer girls, sent a tape recording from Germany where he is stationed as a high ranking army chaplain. He sent greetings to the group and told of his work. His wife remains in San Antonio where she is teaching school.

The Palmer reunion is to be an annual event and is scheduled for Robert Lee next June.

Behold the Ant...

• Science tells us that the strongest thing in the world for its size is the common red ant. This marvel of nature can lift 10 times its own weight.

As strong as the red ant may be, it has been proven that the most powerful thing for its size is the little want ad in your local newspaper.

The want ad, which costs only a few cents a day, does a hundred-fold job. This mighty mite of the printed page finds jobs for folks, sells used lawnmowers, rents houses, sells farms, loans money, finds missing persons, locates lost dogs, rents appliances, thanks folks, locates homes for surplus puppies, and performs a hundred and one useful services for the community.

BROOKSHIRE BROWSINGS

By Mrs. Herbert Holland

Rev. and Mrs. J. W. Caudle visited her parents, Mr. and Mrs. F. D. Moore, in Cisco Tuesday through Thursday.

Recent guests in the Franklin Thomas home were their cousin, and her daughter, Mrs. Nola Caddell and Christine of Ralls. Accompanied by Mrs. Thomas, they went on to Brownwood where they visited an aunt, Mrs. Cora Davis.

Mrs. Ella White of Blackwell visited a few days recently with Mr. and Mrs. Franklin Thomas.

Gary Gleghorn of Miles visited here last week with his grandparents, Mr. and Mrs. T. G. Gleghorn. Mr. and Mrs. Gleghorn left Tuesday morning on a trip to Elfrida, Arizona, where they will visit the B. V. Hedges and Mug Stephenson families. They will also go on to California to visit the Jack Moore family and Buster Gleghorn.

Mr. and Mrs. Willard Caudle, Mr. and Mrs. J. W. Caudle and Lonnie Hedges went to San Angelo Saturday night to visit the Verlin Oates family. Becky, Patricia and

Vickie Hedges of Abilene, who had spent a week in the Oates home, returned home with the Caudles.

Mr. and Mrs. John Bates of Portersville, Calif., and Mrs. Chasie Derrick of San Angelo visited the Herbert Hollands Thursday. Mr. and Mrs. James Holland, Tony and Vicki of Big Spring were their guests Saturday. Junior Holland is also visiting his grandparents. The group visited Mr. and Mrs. Jim Clark Saturday night, where ice cream and cake were served in honor of James Holland's birthday. The groups also enjoyed movies that Mr. and Mrs. James Holland made on a recent trip to Ruidoso, New Mex.

Everybody is invited to the July 4th picnic given annually by Mr. and Mrs. Charlie Brown. The picnic will be on their place on Mule Creek. Everyone is to bring a basket lunch.

Enjoying a fish supper Saturday night at the J. C. Boatrights were Messrs. and Meses. J. B. Arrott and boys, Joe Simpson, C. H. Hester and Luther, all of Bronte; James Arrott and Dee, Tennyson; Doyle Gleghorn and Gary and Jerry Baca of Miles and their nephews, David McLaney of San Angelo and Jimmy Allen of Alamogordo, New Mex.; and T. G. Gleghorn.

Mr. and Mrs. J. C. Boatright visited Mr. and Mrs. C. H. Hester and Mr. and Mrs. J. B. Arrott in Bronte Sunday afternoon. Tim and Jim Arrott spent Wednesday to Saturday in the Boatright home.

Rattle snakes are still crawling in the community. The Hollands killed one with 10 rattles in their pasture Friday and Junior Holland, who was visiting them, killed a big one with 7 rattles Sunday night on the walk at the home of Mr. and Mrs. Jim Clark. He killed

a number of snakes and rabbits during his visit here. His brother, Tony, is visiting now in the Holland home.

Mr. and Mrs. Melvin Brown and baby of Sonora visited here recently while Melvin was recovering from a foot injury received in a drilling rig accident. They visited in the Charlie Brown home. Accompanied by Mrs. Brown, they also spent some time in Canadian where they visited Mr. and Mrs. Charles Ray Brown and family.

The community is needing rain. Light showers, not enough to gauge, fell during the weekend.

Mary Evelyn Oates of San Angelo came Tuesday to visit her grandparents, Mr. and Mrs. Willard Caudle.

Wedding Shower

Rev. and Mrs. J. W. Caudle were honored with a wedding shower at their home last Thursday night. Ladies of the church served cake and lemonade. The couple received many nice gifts.

Those present included Messrs. and Meses. Bud Dunn, Bill Feil, Hurlin Lee and Tommy, Verlin Oates and Mary Evelyn, Franklin Thomas Willard Caudle, Luther Nixon, Charlie Brown, Herbert Holland and Junior, G. L. Cook and Jay, Gene Halamecek, and Meses. Oscar Isbell, Tom Green, T. G. Gleghorn, and J. C. Boatright.

Weekend guests of Mr. and Mrs. George Wrinkle were Mrs. John Riley and children of Abilene and Mr. and Mrs. Leo Hollan and children of Champaign, Ill., and Mr. and Mrs. Marion Mitchell of Pecos. Joining them at the park Saturday night for supper were Mr. and Mrs. Homer Phillips and Lynn and Mrs. Susie Jackson.

County Agents News Column

By STERLING LINDSEY

Grasshoppers are still a menace to the pastures and field crops of the county. Some of them are nearly full grown now and could do extensive damage to field crops. And at the same time, new crops of hoppers have just hatched out in spots in the county. Several operators have obtained excellent kills or controls using dieldrin and/or aldrin sprays and baits. To control flying grasshoppers, sprays are generally preferred over baits, but so far neither have given good results.

The larger hoppers have started to move from their hatching areas to "greener pastures." I have seen as high as 50 of them on a maize stalk in a field adjacent to a weed patch where they hatched out. They are more easily controlled before they spread out. As the hoppers get larger they eat more, move faster and require more chemical to control. I would attempt to wipe them out before they have a chance to establish themselves in the fields or some lush pasture acreage.

On January 1, 1959 there were 96,851,000 head of cattle in the United States. This is a new record and 3½ million more than on January 1, 1958. Most of this increase in the cattle inventory was in young beef animals. That means that calf crops should increase some in 1960 and more so in 1961, as these younger animals make their way into the breeding herds. A large number of slaughter ani-

mals is expected to be on the market in the early 1960's.

Walnut caterpillars have caused extensive damage to some pecan trees in the county. They are thicker this year than I have ever seen them.

They damage a tree by stripping or eating the leaves. One hatching of eggs, if left to feed at will, will strip a tree in a matter of four or five days.

They hatch in a cluster and continue to feed in a cluster, taking one limb of a tree at a time. If you find a cluster of young caterpillars on your pecan tree, breaking off and burning the small branch is the easiest method to control them. If they have gotten on a large branch a 1% DDT will control them effectively. Mix two level teaspoons of 50% wet table DDT powder to one gallon of water or 3 tablespoons to five gallons of water to make a spray that will effectively control them.

Chevy Gives You Smarter Style Today...

Don't take it from us—take it from independent experts and from facts and figures that are now a matter of record. POPULAR SCIENCE sums up Chevy's unmistakably modern style this way: "The fact is, in its price class Chevy establishes a new high in daring styling..." This is one more reason your new Chevrolet will bring a higher allowance at trade-in time, as Chevy has over the years. A look at last year's used car prices* shows Chevrolet averaged up to \$128 more than comparable models of the other leading low-priced two.

*Guide Book figures of the National Automobile Dealers Assn.

PLUS 5 MORE BIG BESTS OVER ANY OTHER CAR IN CHEVROLET'S FIELD!

Best Brakes. Chevy showed the best brakes of the leading low-priced three in repeated highway speed stopping tests conducted by NASCAR.* No wonder. Chevy's brakes, built for up to two-thirds longer lining life, are the biggest in its field.

*National Association for Stock Car Advancement and Research.

Best Engine. Every motor magazine has given Chevy's passenger car and Corvette V8's unstinted praise. As SPORTS CARS ILLUSTRATED puts it: "Indeed, this device is surely the most wonderfully responsive engine available today at any price."

Best Economy. No doubt about this: a pair of Chevrolet sixes came in first and second in their class in this year's Mobilgas Economy Run—getting the best mileage of any full-size car.

Best Room. Dimensions reported to the Automobile Manufacturers Association make it clear. Chevy's front seat hip room is up to 5.9 inches wider than comparable cars.

Best Ride. No doubt about this. MOTOR TREND magazine sums it up this way: "... the smoothest, most quiet, softest riding car in its price class."

NO WONDER MORE PEOPLE ARE BUYING CHEVROLETS IN '59 THAN ANY OTHER CAR!

See your local authorized Chevrolet dealer for the best buy on the best seller!

SALK VACCINE—

burgh as "safe, effective and potent," and declared that the vaccine was 80 to 90 per cent effective.

The momentous announcement that a polio preventive had been developed flashed around the world early on the morning of April 12, 1955. Prayerful thanks were uttered on a worldwide basis and church bells tolled throughout the nation.

The unprecedented problems and magnitude of the field trials had required the enlistment of an army of 300,000 — scientists, physicians, statistician, nurse, social worker, clerks, parents, volunteers of every description, in addition to the 651,000 youngsters who were actually injected in the course of the tests.

A few hours after Dr. Francis made his report, the Secretary of Health, Education and Welfare licensed the vaccine for manufacture and use.

"Since that time four years ago," Mr. O'Connor's statement concluded, "98 million Americans have been so neglectful that they have not had even a single Salk shot. Still more shocking, the parents of more than six million children under five, (the most vulnerable group) have done nothing to protect their helpless young. Vaccination of susceptible children and adults must start immediately if our nation is to ward off polio disasters next summer."
