AD-LIB-BEN

This is National Newspaper Week. Yes, that's right, we have a week, too. We've jumped on the band wagon and give you an opportunity to celebrate just as you do during National Pickle Week, National Red Sour Pitted Cherries Week, National Raisin Bread for Health Week and National Add an Extra Bathroom Week. The only thing we don't like about National Newspaper Week is that we have to share the time with so many other interests. There just aren't enough weeks to go around any more.

But National Newspaper Week does give us an excuse to sound off a little in our own behalf. We were brought up under the theory that Freedom of the Press is a valuable heritage of the American people. Strangely enough, we still have that same belief, and we feel a community's newspaper, whether large or small, is one of its greatest assets. We have seen communities lose their newspaper, particularly during the last few years, because of the migration to big towns and because of no support from local merchants. Seems that it hurts the town and things are never quite

Wildlife Group Annual Meeting At Oak Cr. Lake

As announced last week the annual meeting and barbecue of the Coke Game Management Association will be held Thursday, Oct. 15, at 5 p.m. near the Walter Stapp home on the north side of Oak Creek Lake south of Blackwell.

Mr. Stapp, caretaker at the lake, and a committee from the Blackwell area will serve as hosts and prepare the barbecue supper. The program will be short. A wildlife film is to be shown by a representative of the Texas Game and Fish Commission. Also Dr. Leo Merrill, of the Sonora experiment station, will discuss wildlife and livestock on the range. The new trespass law and mandatory game law will be up for discussion.

Ladies are invited. Membership dues may be paid at the meeting. Officers of the group are D. K. Glenn, president; Finnell Smith, vice president; and Sterling Lindsey, secretary.

Mr. and Mrs. J. B. Glenn and family were in Bronte Wednesday. Mr. Glenn operates a ranch in South Dakota while Mrs. Glenn remains in Abilene where the children are in school.

School Board Adopts \$186,000 Budget for 1959-60 School Year

Members of the Bronte School board of trustees were hopeful after their budget meeting last Thursday night that they would be able to retire approximately \$18,000 of the operating deficit which has built up over the last few years. "There are many 'ifs' which could change the situation," said Supt. C. B. Barbee, "but unless we have some unforeseen ex-

penses, we expect to be able to reduce the deficit considerably." The school board members adopted a \$186,420.50 budget at the meeting. Main point of discussion was whether or not the school would have to purchase a new school bus this year. This item was not included in the budget, and the members were hopeful they will be able to operate ve-

hicles now owned for another year without any exorbitant repair bills.

The \$186,420.50 figure may be a little misleading, Barbee pointed out, since the school anticipates an income of only \$171,024.35. However, all the \$37,850.00 deficit is included in the expenditures of the budget, and board members say they will be extremely fortunate if they are able to retire less than half this amount.

Actually the operational cost of running the school is expected to be up slightly over last year. Expended last year for operation and maintenance was \$118,128.42, compared with \$121,554.17, expected to be needed this year.

Last year \$47,650.36 was used to retire bonded and other indebtedness. This year the board plans to spend \$63,613.33 for this purpose.

The school's expected income for this year amounts to \$171,024.35, compared with \$129,665.19 received last year.

Source of the additional income is the additional taxes which will be received due to the tax rate raise voted by the people of the district. Total tax rate for the school now is \$1.90 per \$100 valuation. Maintenance and operation has \$1.50 of this amount, while debt service has 40 cents.

Board members were of the opinion that they had a workable budget and barring unexpected expense they will be well along the way on retiring the deficit which has built up by operating expenses exceeding income during the last two or three years.

Bronte Meets Loraine Bulldogs Saturday Night in District Tilt

The Longhorns will journey to Loraine this weekend for a game on Saturday, instead of the usual Friday contest. The game will be played on Saturday because of a Home Coming celebration at the

Loraine school. Game time is 7:30 p. m. Usual prices of \$1.00 and 50 cents will be charged.

Loraine is expected to be at its best for a large homecoming crowd and the Longhorns are expecting the Bulldogs to give them some stiff competition. From pregame conversations here, a large crowd of Longhorn boosters plan to make the trip to Loraine.

The Longhorns are still on top of the heap with six victories behind them. Their 44-0 victory over Hermleigh last week gave them undisputed place as favorites to win the district.

In other games of District 6-B teams last weekend, Menard swamped Robert Lee, 41-0; Eldorado ran over Trent, 35-14 in a district game; and Loraine fell to Class A Stanton, 48-6.

Robert Lee and Hermleigh are both idle this week. Only other game involving a District 6-B team is a contest at Trent with Roby.

Boy Scout Drive To Start Tuesday With Breakfast

A breakfast to kickoff the annual Boy Scout fund drive in the Bronte area will be held at the First Methodist Church, with Vernon Glenn, vice chairman of the drive, in charge of arrangements. Several women of the community will prepare the food.

Bill Thomas, chairman of this year's campaign, said the breakfast will be served promptly at 7 in order that local business men and other workers will be able to be at their jobs by 8.

Thomas has named eight captains to assist him in the fund drive. They are Luther McCutchen, Bill Terry, James Wells, Bob Grimes, Aubrey Denman, Hurlin Lee, Ronnie Cole and Jimmy Brunson. Conda Richards is in charge of special gifts.

Each of the captains has selected workers to assist him in his part of the campaign. All workers are urged to be present for the breakfast. A short program will be held and name cards distributed to workers.

Bronte's Scout program has been lagging during the past summer, but plans are now being made for a full year of activities for Bronte Scouts.

Thomas urged everyone to give generously when called on by a worker. "This is a most worthy cause," he said, "and I believe Bronte community residents will respond in their usual generous way."

Blackwell Rites Held Tuesday for Walter Johnson, 82

By Mrs. Charles Ragsdale

Funeral services for Walter Johnson, 82, were held Tuesday afternoon, Oct. 13, at 2 p. m. at First Baptist Church in Blackwell. The Rev. Kenneth Jones, pastor, officiated. Clift Funeral Home of Bronte was in charge of arrangements and burial in the Blackwell cemetery.

Mr. Johnson died at his home in Blackwell at 11:30 p. m. Sunday. He was born March 27, 1877 at Lagarto and lived in Bell and Comanche County until he moved

Longhorns Swamp Hermleigh, 44 to 0

The Bronte Longhorns romped all over the Hermleigh Cardinals in the first district game for the local lads. Final score was 44-0 in favor of Bronte.

Bronte's backs throughout the game were able to pick up nice yardage almost at will by following the expert blocking of their teammates. On the other hand, Bronte's line held the Cardinals to small gains totaling only 93 yards rushing. A full stand of Bronte spectators was on hand to witness the first district game.

Bronte's first two touchdowns came in the first quarter. The initial one was made by Benny Corley on a 10 yard jaunt after he had picked up 22 yards in two plays and Dee Arrott had gained 24 yards on as many tries. Arrott ran the extra points to give the Longhorns an 8-0 lead.

After Corley's kickoff Hermleigh fumbled the ball and the Longhorns recovered it, setting themselves up in good position for another TD. Arrott made 8 and Corley carried the ball over from the 7 yard line. Lanny Denman kicked for the conversion but it was knocked down. Score: Bronte 14, Hermleigh 0.

In the second quarter the Longhorns made one counter. It was a sensational pass from Arrott to Jerry McCutchen, who grabbed the ball away from his Hermleigh defender and went the remaining yards for pay dirt. Ar-

rott ran the extra points, putting the tally up to 22-0 in favor of the boys from Bronte. Prior to the breath-taking Arrott to McCutchen pass, Corley had picked up 2 yards in two carries and Arrott gained 9 in one try to set up the Longhorns for the counter.

THIRD QUARTER

The Longhorns really showed their power in the third quarter, making three touchdowns and winding up the scoring for the evening. The first one came on a 45 yard punt return by Corley. After Bronte kicked off to Hermleigh to start second half activities, the Cardinals were unable to make the necessary yards to keep the ball. It was on their punt that Corley snapped up the ball and ran down the red carpet laid out by the Longhorn blockers. Arrott ran over a couple of extra points, to make the score 30-0.

Bronte kicked off to the Cardinals, but once again held them and forced the visitors to punt. And, once again, a Longhorn took the ball and went all the way for another TD. Hermleigh's Joe Patty punted the ball to the Bronte 30 yard line, where Mickey Black took it and followed his blockers up the north sideline for 70 yards and 6 points. Once again Longhorn blockers were indispensable in paving the way for the sensational 70 yard march. Denman came into the game at this point

UNCLE HUIE from HOG CREEK says

DEAR MISTER EDITOR:

I'm getting a little out of patience with them Japs. They give us the Japanese beetle, then they about ruind our textile business with cheap goods, and now they've got a new one.

By cross-breeding they've been raising roosters that'll crow non-

stop fer 55 seconds. It says here that the first shipment of these alarm clocks fer farmers and ranchers reached the West Coast last week.

The good old American rooster is a reasonable bird that has woke up the farmer in this country fer 200 year without much complaint. He gives the farmer a ordinary three-second cock-a-doodle-do, waits a decent spell and gives him another three second warning. Two or three of these and he quits and lets a feller git up in peace and quietude.

A rooster that'll stretch his cock-a-doodle-do fer 55 second non-stop will give half the farmers and ranchers in this country a nervous breakdown afore the year is gone. Between the Japanese beetle and this new rooster business, it looks like they is now out to kill off American agriculture fer good.

I think our Government should put a very high duty on them new Japanese alarm clocks. I aim to write my Congressman about it today. The farmer in this country has enough troubles without starting the morning all shook up by one of them perpetual-motion roosters. The old fashioned three second cock-a-doodle-do was good enough fer George Washington and it ought to be good enough fer us.

That note you got, Mister Editor, about me and my old lady maybe don't git along so good is a mistake. Me and her git along fine. Like all wimmen, she has her little faults. Fer instant, if you take her to town to git somepun, you'll have to find a all-night joint because that'll be the only place open by the time she gits dressed and ready to go. And she talks a heap, too. In fact, some nights she's so tired she can hardly keep her jaws working. And she never gits beyond eyesight of the television set no more. At first, TV just took the place of radio at our house. Now it has just took the place.

But you tell your readers, Mister Editor, that we git along fine. One reason we git along so good is that I learned right after the ceremony that a feller shows a great command of the English language to say nothing when his old lady has got the floor.

Yours truly,
Uncle Huie

PART II

(Editor's Note: This is the second in a series of articles outlining the numerous boundary conflicts dating back to 1716, pointing up little known facts which shaped the Texas of today.)

The first Texas-New Mexico boundary fight came close to going down in history as a shooting war between Texas and the United States.

"Texans were so mad they threatened secession and war," Attorney General Will Wilson said.

Wilson is right now fighting another battle for Texas boundaries—the tidelands suit before the Supreme Court of the United States.

Background for the Texas-New Mexico fight began with the 1819 treaty which settled the western limits of the United States, establishing the eastern boundary of Texas at the Sabine River.

Many people at the time, including Thomas Jefferson, thought this a bad bargain.

They believed the boundary should be the Rio Grande.

As it turned out the treaty featured built-in headaches brought out later in an Oklahoma-Texas dispute.

In 1821, Mexico revolted from Spain, falling heir to the Spanish lands south and west of the United States. This included Texas up until 1836 when Texans won their independence at San Jacinto.

One of the first acts of the new Republic of Texas was to draw up a declaration of its boundaries, fixing three leagues in the Gulf of Mexico, which is now being fought out in the tidelands case, and claiming the Rio Grande to its source in present day Colorado.

This gave Texas the eastern half of present New Mexico and a large part of southern Colorado.

U. S. Senator Thomas Hart Benton of Missouri voiced Mexico's complaint by saying the Texas boundary was "an act of unparalleled outrage on Mexico."

"It is a seizure of 2,000 miles of her territory without a word of explanation to her," he raged.

Kingpin of Missouri politics, Benton used his rugged strength to fight Texas to the end—his end as it turned out to be.

In the 1844 Congress Benton successfully opposed a treaty that would have admitted Texas to the Union. Six years later he shook Texas and disrupted Congress by introducing a bill to reduce Texas to 150,000 square miles (about the size of Montana) with the right to divide it into two states of 75,000 square miles each.

"This bitter stand on the Texas question eventually defeated Benton after he had served 30 years in the Senate," Wilson points out.

Wilson, who has an extensive library on Texas history, likes to quote a description of Benton.

"—all the Senate knew that Thomas Hart Benton was a rough and tumble fighter off and on the Senate floor—no longer with pistols but with stinging sarcasm. He himself was immune to the wounds of these political clashes from which his adversaries retir-

ed bleeding and broken. For his great ego and vigorous health had him thick skinned mentally as well as physically."

Wilson particularly likes this part.

"The leathery quality of his skin was in part the result of a daily brushing with a horsehair brush—when asked if the brush was truly rough, Benton would roar: 'Why, sir, if I were to touch you with that brush, you would cry murder, sir!'"

The next article will describe how the Federal government bit off a large chunk of the territory and paid Texas fifteen cents an acre for it.

We have new-model cars and new-model highways. Now we need more new-model drivers.

Couple Married In Buggy Have 58th Anniversary

When Mr. and Mrs. Jim Clark were married Oct. 9, 1901, the Rev. Sam Steel, Baptist minister of May, in Brown County, performed the ceremony in a buggy.

When asked why they married in a buggy, Mr. and Mrs. Clark replied that they and two more couples were on their way to the preacher's home when they met him in the road. Rather than go on to his home, they just got married right there, in the buggy.

Mr. and Mrs. Clark observed their 58th anniversary last Thursday, Oct. 9.

The couple was honored by their children and grandchildren with a party on their 50th anniversary in 1951. Over 150 guests were registered at the celebration.

The Clarks moved to the Brookshire community where they are now living, 50 years ago, in Oct. 1909.

Their children are Homer Clark of Big Spring and Mrs. Herbert Holland of Brookshire. They have six grandchildren and twelve great-grandchildren.

PTA SELECTS NEW PROJECTS

The erection of playground equipment, beautification of the playground and assisting in hanging drapes in the school auditorium were voted main projects for the year for Bronte Parent-Teachers Association at their meeting Tuesday night. Over \$600 worth of playground equipment has been given the school by the Humble Oil Co. and the local PTA group will bear the expense of having it set up on the school ground. Vocational agriculture boys, under direction of J. T. Henry, will assist in erecting the equipment.

The local group will also furnish the necessary help to get grapes installed over the large windows in the school auditorium.

The Tuesday evening program opened with a skit, directed by Rev. Lester Vinson, program chairman. Foy Moore, president, presided at the business meeting.

In other business, the PTA voted to have a spring festival instead of a Halloween carnival and to install a PTA bookshelf in the school building.

Some discussion developed concerning the PTA helping to furnish new band uniforms for the Longhorn Band. Due to the high cost of uniforms, action on the matter was deferred until the next meeting, during which time some investigation will be made.

Mrs. Foy Moore and Edward Hopson were elected voting delegates, to accompany the president, to the state PTA convention to be held in Dallas in November. It was voted that the local unit would defray expenses for the delegates.

Minors to Wait Three Days For Marriage Permit

County Clerk J. L. Tinkler has received new requirements for securing of a marriage license. The new rules were included in a bill passed by the recent meeting of the Texas legislature and became effective on October 1.

According to the new bill, minors seek a marriage license with parents or guardians permission, will file an application and wait three days before the license is issued. A minor is a male under 21 years of age and a female under 18 years of age.

The bill also provides that all persons seeking a marriage license must present a birth certificate, drivers license or poll tax receipt showing their correct age.

In the past, minors could secure a license if they were accompanied by their parents or guardian or had their written permission. In all events of minors there will be a three day waiting period from time application is filed until the clerk can issue the license.

New forms of affidavits have been received by the clerk's office for the signature of all who apply for marriage licenses in the future.

Mrs. G. D. Luckett and Mrs. Billy Joe Luckett and Debbie spent the fore part of the week in Iraan visiting Mr. and Mrs. Allen Bryan and girls.

Bill Dennis of Terrell spent last week in Bronte visiting among old friends and acquaintances.

Bell New Carrier On Bronte's Rt. 2

A. E. Bell, Jr. has taken over as mail carrier of Route 2 out of Bronte. He has been Route 1 carrier the past few years. This route was formerly carried by J. A. Stephenson, and later by B. A. Bell, both of whom are now retired. Since Bell's retirement it has been carried by Jess Liles. Liles will carry Route 1 for the time being until a permanent assignment is made.

Bell said that Route 2 is approximately 23 miles longer than Route 1, covering about 63 miles. It covers an area south and east of Bronte, including the Brookshire community.

SILVER INDIANS DOWN SHORTHORNS

Silver's Indians didn't scalp the Bronte Shorthorns in a game here last Thursday night, but they trimmed the local lads pretty close. Final score was 28-6. Silver scored in each of the first three quarters, and Bronte's lone tally came in the 4th, when Ellis Freeman went over from the 3 yard line. The play was set up on a long pass play from Jimmy Wells to Ronnie Lee.

Several Shorthorn players were out because they were scholastically ineligible.

Doing an outstanding job for the Shorthorns in this game were Lee, Wells, J. W. Sharp, Doug Phillips and Rex Harris.

The score by quarters:

National Newspaper Week Oct. 15-21

This newspaper has been called many things — by many people. Sometimes good — sometimes not so good.

We've been called a rag—a sheet—a dad-blasted thing-a-ma-which. At the same time in a kinder vein, we've been called a good paper—a fine paper—occasionally even an outstanding newspaper.

But we have always liked it best when we've heard one of our readers call us: "MY Newspaper."

Now — National Newspaper Week comes along and our theme says that "Your Newspaper—(is) Freedom's Textbook

We've never been called a textbook before but after studying this idea—we like it. A lot of truth in that simple statement.

Mr. Webster's dictionary says a textbook is: "A presentation of the principles of the subject." When you think about it, that's just what a newspaper does—particularly in this tricky but important freedom business.

Freedom is pretty hard to define, so we're not going to try. But we suspect that you and we think of the same things when we think of freedom. We think of the right to express both sides of a question—the right to know what our government does with our money—the right to worship as our hearts dictate—the right to be an individual.

Stories about and for these rights make up a big part of your newspaper. Taken on a broad basis, the principles of freedom are the backbone of the everyday stories about you, your neighbors and your community.

Yes—your newspaper IS Freedom's Textbook.

and kicked the extra point. Score: Bronte 37, Hermleigh 0.

After the second counter of the third period, Kenneth McCutchen kicked off to Wallace Wall who fumbled the ball. Olivias made 14 yards on a carry, then Arrott carried the ball over the double stripe. Denman came in and kicked the extra point to end the scoring for the night. Bronte 44, Hermleigh 0.

Coach Bob Howard put in his reserves during the fourth quarter, giving just about all the Longhorns a chance to play against the Cardinals.

The Longhorns looked good in this game. Bronte's linemen, including Bobby Wrinkle, Mike Luttrell, Kenneth Caulder, Don Hester, Douglas Rogers, Neil Black, and Jerry McCutchen, played outstanding football.

When the game was over jubilant Longhorns hoisted Coach Bob Howard to their shoulders and carried him off the field.

Scouts Getting Ready for New Year of Work

Bronte's Boy Scouts are in the process of getting their troop reorganized. First meeting of the year will be held Monday evening at 7:30 at the First Methodist Church. Scoutmaster E. J. Smith and Emmett Coppock will meet with the Scouts in this first meeting. All boys who are presently enrolled in the Scouts as well as those who are interested in enrolling are urged to be present.

A program enlisting the services of some 10 men in the community to help with the Scout program is being lined up and committee chairman, Jack Bailey, said he hopes the new system will work effectively, so that too much work will not fall on a single Scoutmaster.

CUB MEETING FRIDAY

Rev. R. W. Blackmon, master of the Bronte Cub Scout Troop, has called a meeting of all parents who are interested in Cub activities during the coming year. The meeting will be held at the school at 2:30 p.m. Friday. Everyone who has a boy of Cub Scout age is invited to be present for the meeting. "Both mothers and fathers are invited," Rev. Blackmon said.

Mr. and Mrs. Leslie Fields of Brownwood spent the weekend with Mrs. Anna L. Whitfield and Miss Nannie Marie Pearson.

AD LIB —

Continued from page 1

the same after the newspaper is gone.

Most newspapers, regardless of what you may think sometimes, present the news of their area as fairly and accurately as they can, and most newspapers are concerned with printing both sides of any question, when the facts are available. Your newspaper is your sounding board for getting any question before the people of the area. Whether it's a money raising campaign or a wedding write-up, your newspaper is only too glad to present it to the readers. We think we perform a real service and we only hope that it is good enough that some of you will think so, too.

Some interesting, but useless information about our operation in Bronte: During the past year we have printed into newspapers some six tons of newsprint. A ton of newsprint contains 60 reams, or 30,000 sheets, which gives a total of 180,000 sheets printed. We print eight newspaper pages on one of these sheets, which makes 1,440,000 pages. One of our pages has 80 column inches, which makes 115,200,000 column inches of printed matter. If you will divide this down, you will discover that it amounts to 9,600,000 feet or almost 1820 miles. In other words if you took each page and cut each column of news pictures and ads into strips, it would reach almost from San Angelo to New York.

That's the reason we're always tired.
