CLARK WYNNE AND THE MELODY BOYS

AD-LIB-BEN

At the risk of having this column called some unkind and even downright dirty names, we have decided to devote it this week to the issue of a sewer system for Bronte.

(You may remember in times past when we have dwelled on the subject at some length that one fellow suggested that the heading be changed to the "Sewer Life" and a few of our more rabid critics were not even that nice.)

We're in favor of letting by-gones be by-gones and hold no animosity toward the anti-sewer faction. All we want to do is convert them to the pro-sewer side.

Seriously, we are happy to see the enthusiasm exhibited by Bronte's city council the past few weeks in their investigation of the feasibility for a sewer system for Bronte. These men have made another beginning toward doing something about the matter.

As we have said so many times, there is little hope for Bronte to grow and really make a good town without modern sewage disposal. Having to install sewer facilities at each home or business house certainly doesn't encourage new construction. It adds greatly to the expense of building, as well as making loans hard to get. It's just a simple matter of a town which has a sewer system being a much more desirable place to live and raise a family.

With the coming construction and subsequent operation of the West Texas Utilities plant on Oak Creek Lake, we stand a good chance to attract at least some of the people involved to Bronte. Our chances for making them want to live here would be greatly enhanced if we had a sewer system for them to tie onto when they build homes.

Even if it weren't for the possibilities of encouraging growth, we would still be for it. We think the people who already live here need it. We believe most folks like to be progressive and have things like other people. They have shown this in times past by being for a new school, a park and swimming pool, paved streets and other improvements. It's hard to believe that they wouldn't cast their votes against unsanitary and troublesome cess pools and septic tanks.

We believe that residents of Bronte will give a majority vote for building a sewer system.

Politics Warming Up As More Candidates Announce for Office

Politics is taking a warming trend in Coke County this year, with some races hotly contested. Newest candidates to announce are A. E. (Pete) Gentry and Oscar Renshaw, who are running for constable in Precinct 2. Gentry is the incumbent and Renshaw is presently serving as nightwatchman for the City of Bronte.

A hotly contested race for the new office of tax assessor-collector is also on slate for Coke County voters. Four candidates have announced their campaigns for this job. They are O. B. Jacobs and Mrs. Juanita Trimble of Robert Lee, William J. Green of Tennyson and Aubrey Z. Dneman of Bronte.

Two candidates have announced for the sheriff's office. Both from Robert Lee, Melvin Childress

and Will Percifull are seeking the position. The incumbent, Paul Good, has not announced his intentions on seeking another term.

In the commissioners race in Precinct 1 (Robert Lee) incumbent, Fern Havins, is opposed by Alton Roberts and C. L. (Buckles) Sparks. In Precinct 3 (Edith) Floyd Harmon is the only announced candidate. Ed Hickman, present commissioner, has announced that he will not run.

Precinct 1 also has two candidates out for constable. Ollie Roe, the incumbent, and Loyd Phelan are in the race.

Frank C. Dickey is the sole contender for the office of county attorney.

A deputy sold poll tax receipts at the First National Bank in Bronte Tuesday and Wednesday of this week. The office of Paul Good reported Wednesday morning that 1014 poll tax receipts had been issued and quite a few more are expected to run the total up to 1200 or 1300.

Political deadlines are nearing with Saturday being the last day to pay poll taxes and Feb. 1 the last day candidates may file to have their names placed on the ballot.

Funeral Rites Held For J. T. Harmon, Pioneer Banker

By Mrs. Charles Ragsdale

Funeral services for John T. Harmon were held Sunday afternoon at 2:30 with graveside rites in the Blackwell cemetery. Rev. Jerrell Sharp, Methodist pastor, officiating. Following the service Hylton Masonic Lodge was in charge of rites.

Mr. Harmon died at 4 p. m. Saturday in Scott & White Hospital in Temple after several weeks of illness and surgery.

Chairman of the Board of Directors of the First National Bank after it moved from Blackwell to Bronte, Mr. Harmon had been in ill health for the past several years.

He was born Sept. 2, 1875 in Austin. He married Mary Elizabeth Patterson in 1897 in Ferdonia. She died June 12, 1954.

He was a member of the Hylton Masonic Lodge and of the Royal Arch of Sweetwater.

He had lived in Brownwood and in Arizona and taught school in Coke and Nolan counties about 50 years ago.

He made his home with his daughter, Mrs. L. B. White, in Blackwell.

He is survived by his daughter and two grandchildren of Blackwell.

Tad Richards Dance Saturday Night, 8:30

A large crowd is expected Saturday night for the annual Tad Richards March of Dimes dance, according to Matthew Caperton, chairman of the drive for Coke County. A well known orchestra and an outstanding floor show are expected to draw more than the usual crowd to the dance.

The annual Mothers March is scheduled for Thursday night, Jan. 28. Women of Bronte will join those over the nation in calling on their neighbors for contributions to the March of Dimes, and this year, they will gather information which is needed by the National Foundation to plan its program for the future. A questionnaire is being printed on page 6 of this paper, and local residents are requested to fill out the blanks and

have the slip ready for the ladies when they call.

An old fashioned box supper is on the docket for Friday night, Jan. 29. It will be held at the Bronte School gym and will follow a basketball game between teams from Goodfellow and Dyess AFB.

Admission will be free, but contributions to the March of Dimes will be expected.

Caperton urged all the women of the community to bring a box filled with good things to eat, and asked that men bring plenty of money so they can do some spirited bidding for the boxes. He said that prizes of \$5, \$3 and \$2 will be given for the three prettiest boxes brought to the supper. The judges will decide the prize winners before the auction starts.

Clark Wynne and the Melody Men, well known San Angelo orchestra, will play for the Tad Richards Dance. A floor show depicting a colorful Indian ceremonial dance will be given by Boy Scouts of San Angelo. "These boys really put on a good show," Caperton said, "and I believe a lot of people will come out just to see them."

A canvass of Bronte business firms has just been made and a total of \$153 collected. The tamale sale which was conducted last Saturday by Bronte's Latin-American citizens took in \$46 for the Dimes Drive. Bronte school children turned in \$70.

Caperton said he is well pleased with the results of the campaign so far. "However," he added, "we still have a long way to go and we're going to need the help and cooperation of everyone in the community to put the drive over."

Judge W. W. Thetford, who is in charge of the drive in the west part of the county, also has announced a number of money raising events for that area.

Awards Presented Football Players At Banquet Jan. 16

A large crowd was on hand last January 16 for the football banquet in the school lunchroom. Food for the occasion was prepared by the lunchroom workers and consisted of fried chicken, baked potatoes, green beans, tossed salad, hot rolls, ice cream, cake, coffee and tea.

Conda Richards was master of ceremonies for the program which followed the evening meal. A film of the Bronte-Trent game played last season was shown, and Joe B. Simpson, assistant coach, gave highlights of the ten regular season games played by the Longhorns in 1959. He pointed out that the Longhorns made 316 points to their opponents' 46.

Clark Glenn, president of the Longhorn Club, made a report on the booster club's activities during the past season.

Highlights of the evening came when Coach Bob Howard presented

New Furniture And TV Store To Open Here

Jack S. Robinson of Ranger announced this week that he is opening a furniture, TV and appliance store in Bronte. He has rented the Keeney building between the White Auto Store and Bronte Feed & Supply and has been busy all week re-decorating. Robinson said he hoped to be open for business by Monday, Feb. 1.

The new store will handle new and used furniture, TV sets, appliances and other home accessories. Television repair will also be part of the business.

Robinson has been in the furniture business in Ranger since he was released from the Air Corps after World War II. He said his father would continue to operate the store at Ranger, on a smaller scale.

The Robinsons have rented the Ed McAuley house in the east part of town. Mrs. Robinson and their two children will move here in the next few days. The children are Mickey, who is a sophomore in high school, and Alan, who is a second grader.

Mr. Robinson was born in the Blackwell community, but moved with his parents to the Ranger area when a small child. Both Mr. and Mrs. Robinson are graduates of Morton Valley high school, located between Ranger and Eastland.

Mr. Robinson said he is planning a formal opening of the new store in the near future, and hoped to have an announcement concerning it in next week's Enterprise.

Buses to Use Area In Front of School

Beginning Monday, Feb. 1, the area in front of the school between Mrs. Olive Keeney's and Mrs. Ernestine Powell's homes will be reserved for loading and unloading of school buses. After a new sidewalk is completed from the corner of the lunchroom to the present sidewalk, all loading and unloading vehicles will use the front of the school.

UNCLE HUIE from HOG CREEK says

I never knowed until Saturday night that hound dogs was playing such a important part in the tax situation in this country. But my neighbor explained it plain and simple so's all of us could understand it. Most of us attending the session in town Saturday is a authority on hound dogs, and

my neighbor allows as how them Congressmen is using "hound dog psychology" in spending our money.

A heap of you town folks don't understand why a hound dog will keep on barking all night, but there's a reason. A feller's dog think he hears somepun, so he starts barking. All the dogs in the neighborhood hears him barking and think they got to help him out. Sooner or later the dog that started the barking finds out he don't hear nothing no more and is ready to stop barking, but by now he's got to help his buddies. And round and round it goes fer a couple hours.

Them Congressmen don't call it hound dog psychology. They call it pork barrel legislation. A feller

in one state thinks his voters has got to have a airport or a big dam acrost the river. His buddies over in the next states thinks they got to help him out on account of pritty son they're going to need a airport or somepun theirselves. So they start barking to help out their buddy and afore long all the Congressmen is barking to help out each other. By the time they git through barking the coffers is empty and we got to float another loan and find new taxes to finance it.

Now I ain't comparing our Congressmen with a hound dog, Mister Editor, but in a heap of ways, especially in spending money, they got a lot in common with a barking hound dog.

Incidental, by neighbor was complaining powerful Saturday about his arthritis, says it always hits him worse in the winter. It put me to thinking about how things has changed in a man's life in 50 year. The Bible says that the King of Babylon had a aching back and had to sleep on a board. What the king had was rheumatism and they ain't never found anything that would do it much good. Folks with aching backs still sleep on boards. About the only improvement they've made since the King's was to change the name from rheumatism to arthritis. That helped a lot. Fifty year ago a man wouldn't dare tell nobody he had rheumatism, but now he tells everybody right out in the open about his arthritis.

Yep, science has done a heap to change the thinknig of man. Fer instant, when I was a boy, folks was discussing the origin of man. Since the first atom bomb

I ain't heard nothing much about Darwin or monkeys and how man got here. Now all folks is thinking about is how he's gonna finish.

Yours truly,
Uncle Huie

Chevrolet speaks of the Sixties like no other car—with a broad accent on spaciousness, stirring new concepts in styling and strong emphasis on spirit and thrift.

Step inside this superlative '60 and look at the worlds of room around you: head room, hip room, shoulder-squaring room. Note how Chevrolet's engineers have further flattened and narrowed the transmission tunnel to give the middle man more foot room. Chevrolet's greater roominess is *inside* where you want it—not outside in useless body overhang.

You'll find economy teamed with performance in a new standard V8, engineered to deliver up to 10% more miles for every gallon, or the strapping Hi-Thrift 6.

And riding comfort in the new one is a never-ending treat, thanks to Full Coil spring suspension. There are also thicker, newly designed body mounts that filter noise and vibration to the vanishing point, more rigid frame and many other engineering advances.

Oscar Renshaw Announces He Will Run for Constable in Precinct No. 2

Oscar Renshaw, who is presently serving as nightwatchman for the City of Bronte, announced this week that he will seek the office of Constable of Precinct No. 2 of Coke County in the coming Democratic primary election.

Mr. Renshaw has lived in the Bronte community for the past 13 years, having moved here from Norton in 1947. He moved with his parents to Runnels County in 1906. The Renshaw family moved to town in Dec., 1958, but he continues his farming operations with his brother, Louis.

Mr. Renshaw is married to the former Essie Pearl Eads, who was raised in the Bronte community, and they have one daughter, Jessie Pearl, 14, who is a freshman in Bronte high school.

Mr. Renshaw was named nightwatchman by the Bronte city council in December, 1958. He issued the following statement to the voters of this precinct:

"After much thought and encouragement from my friends, I have decided to make the race for Constable. I feel that the experience I am getting as nightwatchman in Bronte will help qualify me for this job, and I believe the two positions can be combined for better cooperation between local officers with state and county of-

ficials. If you see fit to elect me to this important job, I promise that I will do my best to take care of it as you want it done. Your vote and influence will be sincerely appreciated."

ROY MAX HESTER ON USS CORAL SEA

Bremerton, Wash. (FHTNC) — Roy Max Hester, son of Mr. and Mrs. H. O. Hester of Bronte is serving aboard the attack aircraft carrier USS Coral Sea which was recommissioned Jan. 25, after three years of modernization at the Puget Sound Naval Shipyard, Bremerton, Wash.

The Coral Sea and her crew will undergo rigorous "sea-trials" in the Puget Sound area and eventually make a "shakedown" cruise to California.

Originally commissioned in May 1947, the Coral Sea was active with U. S. and NATO forces in the Atlantic and Mediterranean before she was decommissioned in May 1957.

Current improvements include an angled flight deck, streamlined hurricane bow and a highly modern combat information center.

50c Bounty Paid On 5,842 Snakes During Year 1959

Since last February when Coke County Commissioners Court voted to pay a 50-cent bounty on rattlesnakes, the sum of \$3,921 was paid out for 5,842 of the poisonous reptiles taken for the year 1959.

Bounties are paid when the rattles are delivered to the office of County Clerk J. L. Tinkler. Only 87 sets of rattles were presented the first month, but the number increased during the spring and summer when snakes came out of their holes.

The big increase has come in the last few months when snake hunters began getting the reptiles in their dens. Cliff Calder has been making a business of killing rattlers for the bounty money and he's done right well at it, too. Since along in October he has collected the 50c bounty on a total of 1,473 snakes, making him \$736.50. Recently he has been working with his brother, E. L., of Bronte.

During December Calder collected on 253 snakes one day and at another time turned in 251 sets of rattles. A total of 1,408 snake bounties were paid by the county in December and the Calderes were responsible for more than half of them.

Rattlesnake hunting can be a thrilling avocation, and good paying one, if you have the know how and work at it. Finding a hole under a rock that looks like it might be the winter quarters for snakes, gasoline is pumped into the hole with a spray pump.

If there are any rattlers in the den, they are soon driven out by the gasoline fumes. As a rule they are not too active and want to get away rather than put up a fight. He kills them with a hoe. One time the handle broke and he had to carry on with less than two feet of handle.

Some of the dens harbor a lot of snakes. Calder took 62 rattlers from under one small rock on the John Walker place near Silver. Most dangerous snakes are the ones found lying out in the sun on a warm day. They really fight you, Calder says.

Largest haul by Calder has been made on the Harris Ranch (old Saul place) which is operated by C. C. Drennan. A total of 588 rattlers were taken from that spread, and 181 from the Floyd Modgling place northwest of Edith.

Other snakes killed by Calder included the following: Harris Ranch south of town operated by Aldwell & Rudd, 93; Fred Roe, 70; Mrs. Willis Smith & Sons, 55; Bill Allen, 51; Freddie Lee Roe, 23; Weaver Ranch, 23; Curtis Walker, 25; Russell Ranch, 36; Jim McCutchen, 24; Wojtek, 11; Jack Walker, 49; Fred McCabe, 36; A. F. McKinley, 20; John Walker, 62; Allen Jameson, 21; Allison place, 43; Whitt farm, 49; Spade Ranch, 33; Blanks Estate, 5.

Calder is an old hand at rattlesnake hunting. A few years ago he caught them alive and sold them. But there has been no market for live snakes lately and the 50c bounty has caused him to get back at it.

He says this is a good time to kill off rattlers. He has cut some of them open and found as many as 17 small snakes in one female.

County officials indicate they may continue the snake bounty another year. When claiming a bounty it must be proven that the reptile was killed in Coke County.

Recent visitors of Mr. and Mrs. R. H. Herron were their children, Mrs. Carroll Leathers and children, Bill Herron and Miss Roberta Herron, all of Odessa. Mr. and Mrs. Herron have been ill, but are feeling better.

School Census Very Important

Supt. C. B. Barbee issued a plea this week for all parents of students who will be six years old by Sept. 1, 1960, to be sure they are counted in the annual school census.

Barbee said, "I feel sure there are some boys and girls living in this school district who will be six years old by Sept. 1 and have not been enumerated."

He pointed out that it is particularly important for parents who do not have other children in school to see that their 1960 first graders are counted on the census list.

Persons who have children strating to school next September should call Mrs. Clark Glenn, school secretary, and she will see that the proper blank is provided. School officials are anxious for all children in the district to be counted, since this figure is used to determine how much state money will be allotted the local school next year.

A. E. (Pete) Gentry Announces for Re-Election As Precinct 2 Constable

A. E. (Pete) Gentry, of Bronte, who has served as Precinct 2 constable for the past 1½ years, announced this week that he will seek re-election to the office.

Mr. Gentry is well known in this area, having lived here for the past 19 years. He and his wife live in the northwest part of town. They have a son and daughter, both of whom are grown.

In making his bid for a second term, Mr. Gentry issued the following statement to the voters of Precinct 2 of Coke County:

"During the time I have served as your constable, I have tried at all times to render service when it was needed. If you feel that I have done this job as you wanted it done, I will appreciate your influence and vote for re-election.

"If you see fit to elect me to this important office, I will continue to do the very best I can to fill the position creditably.

"I will appreciate your consideration in the coming election and wish to thank you for all past favors."

Mr. Gentry's candidacy is subject to action in the Democratic Primary on May 7, 1960.

District Office For 1960 Census Opens in Angelo

Establishment of a district office for the 1960 Census of Population and Housing at the Welare Building, San Angelo, was announced today by Director James W. Stroud of the Census Bureau's regional office at Dallas.

William G. Stacy will be supervisor of the district office. He will direct a force of 15 crew leaders and 230 census takers in the entire 21st Congressional District.

Taking the 1960 Census nationally will require the services of 160,000 enumerators, 10,000 crew leaders, and 400 district supervisors, all temporary workers. The district supervisors, working under the general direction of the permanent regional field directors, are responsible for all phases of the census in their districts. Duties of the district supervisor include the recruiting of the crew leaders, obtaining space for crew leader training, recruiting and training a small office staff, reviewing the completed questionnaires, and direct supervision of the field canvass which begins on April 1.

Prior to the start of the census, all households will receive in the mail an Advance Census Report Form, a new census-taking device which is designed to speed up the field canvass and provide more accurate statistics. Distribution of this form, which contains the basic population and housing questions, gives the family a chance to assemble information about each member in advance of the census taker's visit.

Marching Mothers to Collect Facts, Funds

"If you can answer no to the questions inside, be thankful! If you must answer yes, take hope!"

American mothers will carry this message to over 30 million homes this month. The mothers, volunteers in the annual Mothers' March for the New March of Dimes, will be seeking information and support for The National Foundation's fight against birth defects, arthritis and polio. These cripplers, initial targets in The National Foundation's campaign to prevent crippling disease, affect the lives of one of every four American families.

Two Million in March

An estimated two million women will join the nationwide mothers' appeal for facts and funds. In most communities the mothers will march Thursday evening, Jan. 28, bringing to a climax the New March of Dimes January campaign.

The mothers will present each household with a copy of "Door Count," a concise fact-finding folder in which a family may indicate if any of its members has a birth defect, arthritis or polio and how many have had three or more Salk vaccine shots. Each family record will be confidential.

Salk Shot Reminder

The Mothers' March door count will focus family and community attention on the majority of Americans still without Salk shot protection against paralytic polio. It will remind the unvaccinated to start shots in time for summer polio protection and it will help communities plan local programs to further encourage

This questionnaire will go to more than 30 million homes in every part of the country to provide information about three crippling diseases that affect one of every four American families.

the widespread use of Salk vaccine.

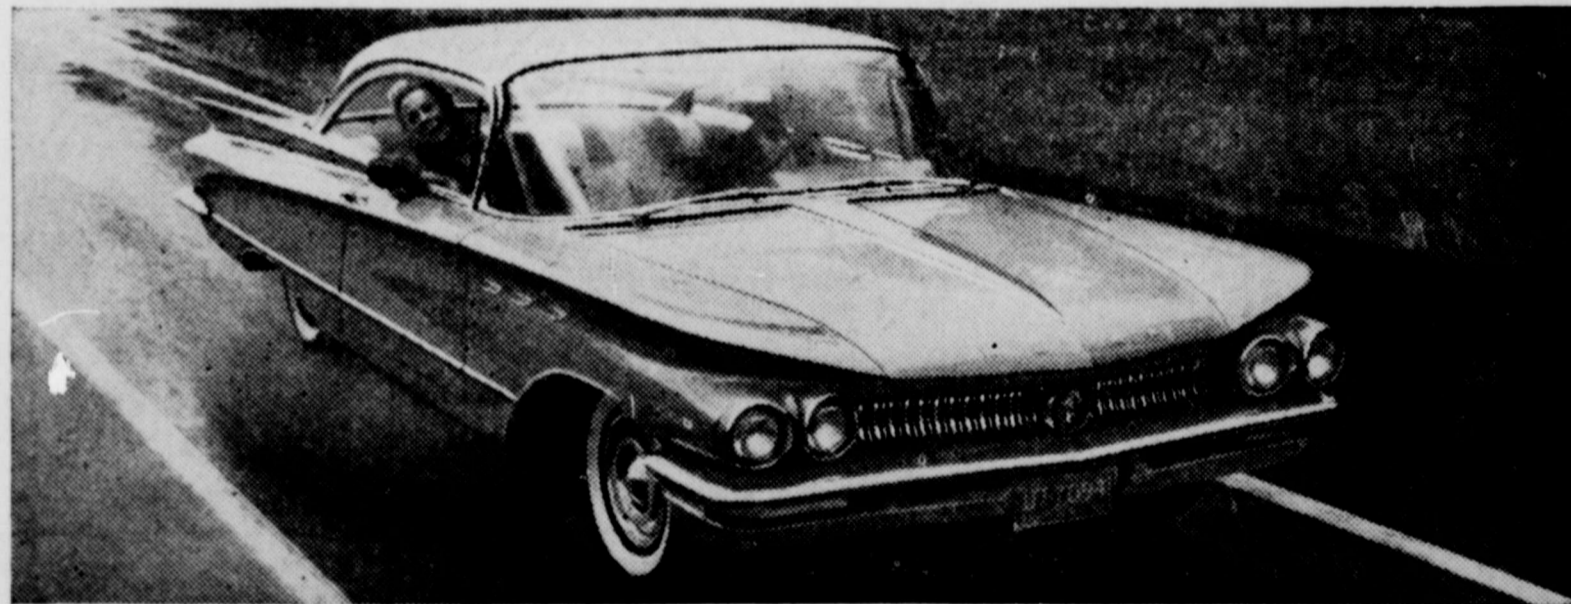

Although the house-to-house poll is in no way planned as a statistically valid survey, the sum of information taken in the door count will provide a working estimate of the number of persons suffering from arthritis; the number born with birth defects and the number who have been victims of paralytic polio. This tabulation will help guide National Foundation county chapters in formulating local programs to aid the disabled.

Mothers making the house-to-house door count will also seek contributions to the New March of Dimes for its attack on birth defects, arthritis and polio. The New March of Dimes is combating these disabling disorders with the same effective weapons used to conquer paralytic polio: medical scientific research to find causes, cures, preventives; patient aid for medical care; and training for medical workers needed to treat the sick and disabled.

Two million mothers like this one will conduct a house-to-house door count this month seeking information and support for the New March of Dimes campaign against birth defects, arthritis and polio.

TAKE A TURN IN THE TURBINE DRIVE BUICK '60...

Turbine Drive* gives you the smoothest flow of power in any car today. No lag, no lurch, no click in a Buick... just a steady flow of power under your control at all times. Other automatic transmissions shift gears "ready or not", but when you put your Buick in "Drive", no gears ever shift. And Turbine Drive saves you money because it stays smooth without adjustment.

Buick's superior brakes stop better and last longer because their unique design prevents dangerous heat build-up. All brake drums are finned and front drums, where up to 80% of the braking is done, are aluminum — get rid of heat much faster than ordinary drums. See your Buick dealer today and learn for yourself how exciting it is to drive this beautifully-built quality car.

Captains Benny Corley and Kenneth McCutchen, who ran the team last season, were recognized, and announcement was made that Jerry McCutchen and Dee Arrott have been elected captains for next season. Manager D. W. Sims and Johnny Scott received recognition for their service to the Longhorn team.

Special awards were presented to the following: Jerry McCutchen, most valuable all-around player; Bob Wrinkle, most valuable defensive lineman; Benny Corley, most valuable offensive back; Kenneth Caulder, most valuable offensive lineman; Reyes Olivas, most valuable defensive back.

Another big moment on the program was reached when Supt. C. B. Barbee presented the District 6-B trophy to Captains Benny Corley and Kenneth McCutchen.

As a token of appreciation from the football fans of Bronte, Richards presented gift certificates to Coaches Howard, Simpson and Mike Anderson. In the presentation, it was brought out that the gift was not presented for winning all the ball games of last season, but for the superior training the Longhorn squad received under the three coaches.

Dr. and Mrs. Dean Adams and Kim were in Bronte Saturday visiting friends. They were enroute to Yuma, Arizona where he will be stationed with the U. S. Navy.
