2 Incumbents, 1 New Member Elected to Bronte School Board

The two incumbents and one new member were named trustees of Bronte Independent School District in last Saturday's voting. Joe Rawlings and Conda Richards were re-elected to their positions and Bob Wilson will take the place of Luther McCutchen, who did not seek re-election. Marvin Landers was the other candi-

date on the ticket for trustee.

A total of 175 votes was cast in the election, 133 in the Bronte box and 42 at Tennyson. Observers considered the turnout quite good, in view of the fact that the weather was not particularly good and no controversial issues were at stake in the election.

The voting tallied out as follows:

	Ten.	Br.	Total
Richards	20	122	142
Rawlings	39	119	158
Landers	25	60	85
Wilson	34	102	136

Henry's Food Mkt. Formal Opening Set for Weekend

Mr. and Mrs. Henry Walker announced Tuesday that they will have a formal opening of their food store Friday and Saturday. They took over the business from I. M. Cumbie last Sunday and have been busy all this week restocking the store and adding some new fixtures. Free coffee will be served both Friday and Saturday.

Walker announced that six baskets of groceries will be given away Saturday. He invited everybody to come by and register for the free prizes. He said that everybody is eligible to win one of the prizes and no purchase is necessary.

In an ad in this issue of the Enterprise, the Walkers are announcing their opening.

The new owner said that Sam Richards will continue in charge of the market and Mrs. Ernestine Powell will also remain as a checker.

Bronte Second in Sul Ross Stock Judging Contest

Bronte High School's livestock judging team came in for second place honors at the stiff Sul Ross College judging contest held last Saturday at Alpine.

Bronte's team was composed of Dee Arrott, Eddie and Donald Spiller and Jack Corley. The local stock judges were nosed out of first place honors by Odessa. Robert Lee placed third and Midland, fourth.

Jack Corley was high point man in beef cattle judging and sixth high point man in the entire contest. One of the Spiller brothers was fifth high point man in the contest, but information was not available as to which one.

J. T. Henry, the team's advisor, explained that they did not obtain results before they left because Dee Arrott had been ill all day Saturday and they wanted to get home as soon as possible. He participated in the judging despite a high fever and sore throat. Henry said he would have the complete results within a few days but they were not available at press time.

The local FFA boys judged three classes of beef cattle, three of swine and four of sheep.

The livestock judging team will make a trip to Texas Tech at Lubbock on April 23. The event at Tech is the qualifying contest which determines who will be eligible to participate in the state judging later in the year at Texas A&M.

Mr. and Mrs. Kenneth Hester of Odessa visited in the home of his parents, Mr. and Mrs. Buster Hester, over the weekend.

3 New Councilmen Elected in City Voting

Three new councilmen for the City of Bronte were named in an election Tuesday at the city hall. Cecil Kemp led the ticket, followed by Matthew Caperton and Joe D. (Binks) McCutchen. Mayor J. A. Stephenson, who was unopposed after the withdrawal of Dr.

John R. Harris, was re-elected to a second term.

The three candidates who were defeated were two incumbents, C. E. Bruton and H. A. Springer, and Charlie Boecking.

There were a total of 99 votes. Mayor Stephenson received 70 votes on his bid for a second term. Council candidates received votes as follows: Kemp, 78; Caperton, 48; McCutchen, 47; Bruton, 45; Springer, 39; Boecking, 33.

A scattering of write in votes in the mayor's race gave Dr. Harris 4; Ben Oglesby 9; and E. L. Caperton, 1.

Bill Thomas was the other incumbent and he did not run for re-election. Holdover councilmen are Royce Fancher and Bill Luckett.

New members will take office at the next regular meeting of the council.

Local Men Buy Tract to Be Sold For Building Sites

Five Bronte men recently completed a deal whereby they became the owners of a block of land consisting of 21 lots. The tract is located in the southeast part of town and was purchased from O. H. Willoughby.

Included in the group are C. E. Bruton, Cecil Kemp, E. F. Glenn, Vernon Glenn and T. F. Sims, Jr.

Much work has been done toward clearing off the lots and plans are to start grading streets and alleys this week. Further improvements will be made before the lots are ready for building.

Four of the building sites have already been sold. Purchasers were Nealy Mackey, A. E. Stroebel, Bill Luckett and Dolan Mackey.

E. F. Glenn and C. E. Bruton said that purchasers will receive a warranty deed, complete abstract, attorney's opinion, tax certificate, lot survey and water, gas and electric connections. They are also hopeful that it will be possible to run lines of Bronte's new sewer system through the area.

Glenn stated that the lots will be sold only to persons who intend to build homes. A minimum of \$7,000 has been set for cost of each new house, and only new construction will be allowed.

Two sizes of lots are available. The inside tracts are 75x140 and corner lots are 91x140.

Glenn said the purpose of the venture was to make building sites available to present and prospective residents of Bronte at a reasonable price. "We got to looking around," he said, "and saw that there were not many desirable building sites available. That's why we're doing this."

Glenn said everybody is invited to drive down and look over the site of the new development.

VISIT MR. AND MRS. SMITH

Haywood Springer, Leonard Fletcher, Royce Fancher and Jesse Parker went to Galveston Sunday for a brief visit with Mr. and Mrs. E. J. Smith. He is a patient at John Sealy Hospital there. The men reported they found him to be improving and that the Smiths expect to return home within the next few weeks.

Work Progressing On Baseball Field

A number of interested persons have been busy the past few weeks in securing land and raising funds to build a lighted baseball field here. The field would be for the use of high school teams, Little and Pony Leaguers and others.

The field will be located in the same place as last year and the land, presently owned by the city, will be deeded to the county and will become part of the county park here.

It is hoped by those working on the project that a lighted field can be in operation by May 1. Arrangements have been made to buy the lights at a big discount, however, backers of the project say, quite a sum of money will be needed before the lighted field can become a reality. They point out that a donation from parents of all prospective baseball players would boost the project enormously and that a lighted field would also be a help to other townspeople. Heretofore, night games have had to be played in Robert Lee, Ballinger and other places.

Contributions to the fund can be given to Mrs. John R. Harris or to Bill Thomas or may be left in The Enterprise office.

School to Dismiss For Easter Holiday

School will be dismissed next Thursday at 2:30 for Easter holidays. Classes will be resumed at the regular time Tuesday, April 19.

An additional holiday was on the school calendar, but will not be taken in order to make up for the day when school was recently dismissed because of icy weather conditions.

Lions Ladies Night Set for Thursday

Ladies night will be held by Bronte Lions Club Thursday night (tonight) at 7 p. m. at the Bronte school. All members of the club and their ladies are invited to attend.

A program will be presented by Bronte's Interscholastic League winners in the school auditorium at 7 o'clock, followed by a dinner in the lunch room at 7:30.

AD-LIB-BEN

We felt like the guy who couldn't see the forest for the trees last week when we saw a front page column in the Fort Worth Star-Telegram about C. R. and Mozelle Smith and their factory right here on Bronte's main street.

It's not that we haven't known for a long time that the Smiths were turning out a huge quantity of high quality blouses skirts and other items, but we just haven't taken the time to write about it in a long time. Actually we felt like George Dolan in his "This is West Texas" column had slipped in and written something we should have done a long time ago. We're saving the column, and will re-run it for our readers some time in the next few weeks.

We would like to offer congratulations to the victors and losers in school and city elections held the past week. Probably the losers are better off than the victors, but somebody has to do the job.

Both of the incumbents who ran were re-elected to the school board. To us this means that patrons of Bronte School are well pleased with the way things are being run this year. This vote of confidence should make them feel good about the time, money and effort they have expended for our children.

The three new councilmen, along with the two holdovers and the mayor, have their job pretty clearly cut out for them. With construction of a sewer system coming up, there will be innumerable problems to be considered and solved. Then, there is the matter of telephone and gas rate raises which we hear are going to have to be considered. This business always requires lots of haggling and consumes much time.

District Track Meet Saturday

District winners will be decided in a Track and Field Meet at San Angelo Saturday. The contests will begin at 9:30 a.m. at Central High School.

Bronte will be well represented at the meet and expects to give some strong competition to the other eight schools entered. Approximately 200 students will participate.

Coach Bob Howard said Forsan is favorite to win the meet, but he expects Bronte and Sterling City to make a good showing.

Gene Walker has resigned his position with the San Angelo Standard Times and moved to Fort Worth where he will be employed by the Tribune Publishing Co. He is the son of Mrs. Mary Walker and has been attending San Angelo College. He plans to enroll at Texas Christian University at the beginning the next semester.

Bangs Disease Control Being Talked in Coke

By Sterling Lindsey
County Agent

In recent months we have heard more, read more and possibly talked more about controlling brucellosis or bang's disease among cattle than ever before. Since the inaction of measures allowing individual groups or counties to take action to control brucellosis, numerous counties in our area have moved forward on the problem. They have seen or possibly have even felt what lack of brucellosis control measures can do to our cattle markets. Tom Green, Irion, Runnels, McCulloch, Taylor, Howard and Glasscock counties are in some stage on the road toward brucellosis control.

Last Tuesday night in a meeting in the conference room in the County Courthouse steps were taken to inaugurate a brucellosis control program in Coke County. The 15 interested persons present were in agreement that a type two brucellosis control program is imperative if we are to have unrestricted out of state and even local cattle markets in the not too distant future.

A steering committee was selected by the group to formulate plans and to help direct the actions of the control program. The four-man committee includes D. K. Glenn of Bronte, president of the Coke County Livestock Show Association; Nolan Pentecost of Sanco, president of the Coke County Farm Bureau; J. O. Rudd of Robert Lee, chairman of the County Beef Cattle sub-committee; and Ben Alfred Boykin, Divide route, chairman of the Farm Bureau livestock committee.

Fifteen petitions asking that Coke County be made a type two brucellosis control area are found at strategic points in the county or are in the hands of cattle operators in various parts of the county. You possibly will be called upon in the near future regarding the move. We sincerely hope that you will give the situation your earnest consideration, then take the action that your best judgment dictates.

Douglas Gartman, Nolan Pentecost, Robert Walker and Bryan Gartman will attempt to contact cattlemen in the northwest portion of the county. Also, a petition was placed at the Sanco store for the convenience of cowmen living in that area.

The Robert Lee State Bank and Key Feed Store have copies of the petition and literature discussing the program. J. O. Rudd, Frank Percifull, Joe Rawlings and C. E. Arrott also will work the south central section of the county. Ben Alfred Boykin and possibly by now others will attempt to contact the cattlemen in the southwest portion of the county. The eastern side of the county contains five petitions at the moment. Walter King, in the Blackwell area, D. K. Glenn, Edward Cumbie at Bronte and James Arrott of Tennyson are activating the program in that area. Also, petitions are located at the Bronte Feed Store and the First National Bank of Bronte.

You probably have many questions regarding the move or will have before too long. In a nutshell the program will allow Coke County cattle owners, by testing a portion of the county's cattle at no cost to the county or cattle owners, to test for modified brucellosis free rating by the Texas Animal Health Commission.

Further articles on the measure will be written. In the meantime, should you desire additional information, contact the County Agent or one of the aforementioned men. Again, we trust that you will

study the measure thoroughly and take the action that appears best for your operation and for Coke County.

Now is a good time to fertilize the lawn, poison white grubs, soak the lawn have a soil test or analysis made, fertilize the fish pond or tank, watch for bloat in livestock, get the planter ready. It is getting late for pruning. Spot or light pruning can still be done but avoid wholesale pruning at this late date.

Vetal Flores Speaks To Sorosis Club Members

Vetal Flores was guest speaker at the Sorosis Club meeting held Friday night, April 1, in the home of Mrs. John Harris. Mr. Flores stressed the importance of reading, not only in school, but in everyday life. He expressed the opinion that reading is the most important, yet, most abused subject in our schools today, elementary through college levels. Club members participated in a discussion of reading problems.

Mrs. Harris served a fresh fruit salad, cantaloupe wedges, fresh strawberries, cake, coffee, and cokes to Mr. and Mrs. Flores and Mmes. Royce Fancher, Roy Robinson, Bob Grimes, W. D. McDonald, Jacob Morrow, Ben Oglesby, Royce Lee, Clyde Lee, Vernon Glenn, Bill Clark, E. F. Glenn, Edward Cumbie and Jean Sheppard.

Mr. and Mrs. D. L. Brunson and Mr. and Mrs. Louis Baker Jr. of Midland visited the J. G. Mills' Tuesday evening. Other recent guests of the Mills' were Mrs. Louis Baker of Eldorado and Mrs. O. B. Graves and Bee Baker of San Angelo.

Present Supervisors —
C. N. Webb, Chairman; W. E. Burns, Vice Chairman; D. K. Glenn, Secretary and Treasurer; Bryan Yarbrough and Robert Walker.

The Coke Soil Conservation District supervisors have approved conservation plans on the following district cooperators: Dawson Coleman, Miles; D. P. Walling, Bronte; C. N. Webb, Jr., Bronte; J. J. S. Smith, Sweetwater; Bernard Petty, Sterling City.

Smith plans pear control by hand grubbing or chemical spraying and mesquite control by root plowing. He plans to seed the root-plowed area to a mixture of such grasses as sideoats grama, buffalo grass and plains bristlegass. He plans to reset his pasture following grass seeding in order to allow the grass roots to become developed. This will make a stronger grass plant and result in more forage for grazing later. His place is located about 8 miles southwest of Bronte.

Coleman plans to construct terraces as part of his conservation plan.

Earl Davidson has completed a 5,488 cu. yd. pit-type stock pond on his place south of Robert Lee. This pond was constructed to help him get more even distribution of grazing, with assistance through the Great Plains Conservation program.

L. T. Youngblood has completed 1.8 miles of level terraces on his place north of Bronte. He also completed about 960 feet of earthen diversions to protect the field from excess run off water.

Weekend visitors in the home of Mrs. J. L. Coppedge were her sons, Ira A. Coppedge and family of Midland and Allen Coppedge and family of Bryson.

UNCLE HUIE from HOG CREEK says

DEAR MISTER EDITOR:

Spring of the year is just about here and sap rises in politics just like trees, especially when it's a election year. The Democrats and Republicans is gitting started to warm up pritty good. Both sides is advocating everthing fer the pore man at wholesale prices while he's here and a free tombstone fer him when he is departed.

When I was a boy the candidates rode around the country inventing lies about their opponents. Now they just set tight at the television staiton and git a deective to dig up the truth on 'em.

Most of the candidates has two main planks in their platform. They talk about lower taxes in a election year but as soon as they git elected they start raising 'em. They handle the tax situation like the feller that bobed off his dog's tail a inch at a time, figgering it would be easier on the dog. When the election is over, Mister Editor, you can git set fer the Congress to bob off another inch or two, regardless of which side wins.

The second plank advocates a spending program calling fer Federal aid to everthing from crosscut saws fer farmers to baby setters fer factory workers. Folks has been gitting this Federal aid in habit-forming doses, until it looks like they is on the stuff fer keeps.

It's too early yet to tell which side is gitting the most bounce to the ounce. The Republicans is calling the Democrats "radical eggheads", and the Democrats is calling the Republicans "Wall Street blockheads". Some of the voters is going to need a dictionary to find out what brand they prefer.

I note both parties is predicting a slide in business if the other side wins. It'll never happen. We solved that problem when we come up with the dollar down plan. All a store has got to do these days is put a live elephant in the window and offer him fer a dollar down and a dollar a week. He'll sell.

Speaking of Spring, there was one piece of real disturbing news in the papers last week. In my day a bad case of Spring fever was always cured by a dose of

sulphur and molasses and a couple of fishing trips. Now this scientist comes out last week and diagnoses Spring fever as "Vernal Hyperprexia." There ain't much cure, I reckon, fer a thing with a name like that. The treatment, I'd guess will be a few of them expensive "shots" and advice from the doctor to work harder and fergit about fishing. The fate of mankind, Mister Editor, gits worse in direct proportion to the increase in scientists — and political candidates.

Yours truly,
Uncle Huie

CHEVY! YOU CAN'T BUY ANY CAR FOR LESS ...UNLESS IT'S A LOT LESS CAR!

Anyone who's looked around knows the majority of Chevrolet models—6's and V8's together—list for less than comparable models of other low-priced cars. But the price tag alone is only one of a whole raft of reasons a Chevy does better by your dollars.

Nothing near Chevy's size and price can match the Full Coil cushioning of its ride, or the fine, finished workmanship of its Body by Fisher. That even applies to some cars that cost a lot more. You're up in the higher price brackets before you find a car that moves as quietly as a Chevrolet or offers the inner space that Chevrolet does.

Or look at the extras Chevy gives you—at no extra cost—that others in its class can't offer at any price. Shock-cushioned steering. Safety Plate Glass in every window. Keyless locking of all doors. Crank-operated vent windows. Chevrolet offers the widest choice of power teams, too. Drive a Chevy just once. You'll have a tough time settling for anything less.

TEXAS INDUSTRIAL WEEK

April 1-7

Texas Industry and Reddy Kilowatt are old friends. The West Texas Utilities Company, itself a growing West Texas industry, is starting the "Soaring Sixties" with construction of new power plants, transmission and distribution lines, and other facilities to provide more and more power to spark the industrial development of West Texas.

Industry in West Texas means more people, more jobs, and more payrolls, which mean more business and a better living for all of us. West Texas Utilities is building ahead to provide the power for a growing industrial West Texas.

CHEAPER BY THE DOZEN...

Your electric service—the more you use it, the bigger the bargain—as you put more and more electricity to work in your home, you actually pay less per kilowatt hour.

While today, you are getting more work saving, time saving conveniences out of your electric service than before,

your bill is likely to be higher than it used to be. But, remember while you are using so much more electric service, the cost per kilowatt hour is actually 18% less than it was in 1950.

Bounty Paid on 961 Rattlers During March

Coke County paid a 50c cash bounty for each of 961 rattlesnakes killed during March. Rattles are brought to the county clerk's office where payments amounted to \$480.50.

January bounties numbered 954 and February 980, making a total of 2,985 for the first three months of the year. Bounty payments for the period amounted to \$1,447.50.

C. E. Calder of Robert Lee continued his snake hunting activities and accounted for 705 rattlers last month. One day he brought in 244 sets of rattles and at another time he presented 245 to claim payment.

Mack Eubanks of Bronte was paid for killing 79 snakes and J. P. Arrott of Tennyson collected a bounty on 37. Bunyan Millican of Silver turned in 38 rattles and Richard Ramsey of Silver 27.

Snake hunting was best during the winter months when routed from their dens by gasoline fumes. With arrival of warm weather the rattlers are out in the open now and there will be no more big catches.
