## HIGHLIGHTS AND SIDELIGHTS FROM YOUR STATE CAPITAL

AUSTIN, Tex. — Most ardent advocates of a tax bill to pour fresh funds into the state's coffers likely will be legislative employees.

They may be hunting new jobs or working for nothing before the year is out.

Only about \$130,000 remains in the legislative expense fund for use between now and the end of the year. A good part of this probably will be needed to pay travel and miscellaneous expenses of the study committees that meet between sessions.

If these expenses run very high, the permanent legislative employees — people who keep records, staff the legislative library, etc., — may run short on salary money.

Their only course, if they want to stay on in their jobs, will be to hang on until the new legislature finds money to pay them.

**JOHNSON DINNER PLANNED** — A \$50-a-plate dinner by the Lyndon Johnson For President dinner committee will be held in Austin's Municipal Auditorium on June 13.

The dinner will honor Senate Majority Leader Lyndon B. Johnson, Speaker Sam Rayburn, and Gov. Price Daniel.

Honorary chairman is Former Vice President John Nance Garner of Uvalde. Co-chairmaning the event will be Austin's Mayor Tom Miller and Congressman Homer Thornberry.

Ticket orders should be mailed to Post Office Box 362 in Austin.

**SHORT SNORTS** — Corporation tax payments have reduced the general revenue fund deficit to \$45,736,868, according to State Treasurer Jesse James. . . Forty per cent of Texas boat owners still have not registered their craft under the new boat licensing law . . . Texas traffic deaths for the first 20 weeks of this year are down to 13 per cent from what they were a year ago, reports the Department of Public Safety.

**SESSION COSTS TOTALED** — Last year's legislative sessions — one regular, three special — cost the state \$2,773,140.

This averages out to \$16,385

a day when the lawmakers are meeting, according to State Auditor C. H. Cavness' report.

Of the \$2,773,140 total, \$724,000 was spent by the 32-member Senate, \$1,242,000 by the 150-member House. Each member received in salary about \$5,000, at the rate of \$25 per day.

Rest of the expense is mostly for the employees to keep a session going—answer letters, keep records, print bills, etc.

**SALES TAX TAKE ESTIMATED** — A real sales tax with groceries, medical and other services exempted would raise an estimated \$133,000,000 a year, a legislative committee was told. Collection costs would run about \$3,000,000 a year, a Texas Research League tax expert told the Commission on State and Local Tax Policy.

If the tax covered not only finished products but raw products used by business in manufacturing, the take would be some \$80,000,000 a year more but would result in the consumer's paying two taxes on one item.

A retail sales tax would not hurt Texas' future industrial development, the Commission was told by a business expert, but a tax on manufacturing raw materials would.

Very few elective officials have come out strongly for any kind of broad-based sales tax. Some are bound to look longingly at this avenue, however, since the amount that will have to be raised next year will, if teachers get any sort of raise, be almost as much as a retail sales tax would net.

**GAS TAX ARGUED** — Court action has begun on what will undoubtedly be a long legal battle over whether the natural gas severance beneficiary tax passed last year is constitutional.

An estimated \$15,000,000 a year in state revenue is at stake.

Tennessee Gas Transmission Co., which filed a separate suit, was the first to begin argument in the Austin district court. A consolidated suit, involving 80 other companies, will be heard by the same court on June 16.

Tennessee Co. spokesmen argued that the pipelines are in the business of transporting only and should not be subject to a tax based on the value of the gas.

Case is not expected to be decided finally for many months when it has gone through all the lower courts and finally to the U. S. Supreme Court.

## Moore Resigns As Nominee For Legislature

From Robert Lee Observer

The Observer learned yesterday that W. C. (Bill) Moore had resigned as the Democratic nominee for State Legislator from the 77th District.

Moore won the nomination over A. J. Bishop Jr. by less than 300 votes in the May 7 primary.

Illness of both himself and his wife were given as the cause of Mr. Moore's decision to quit.

A district convention will be called to select another candidate to go on the ballot in November.

Bob and Oscar Moore and Barbara Moore have been here from Portales, New Mex. visiting Mrs. Walter Moore. They also spent some time with Mr. Moore, who is ill in the Big Spring hospital. UNCLE HUIE from HOG CREEK says

DEAR MISTER EDITOR:

I got a printed bulletin yesterday from my Congressman saying the enclosed pamphlets from the Department of Agriculture was now ready and available. It took all day to read the list. They was 576 of 'em and my Congressman said I could git any number up to ten. In a election year it would be mighty smart to give a feller 20.

I had a heap of trouble figgering out the ten I needed most. You have to order according to the code number listed along side each pamphlet. You might be interested, Mister Editor, in my selection, in fact it might save you a heap of time if you'd just copy down my list and git it in the mail, on account of me ordering a pritty good list.

First off, I ordered G 7 "Growing Vegetables in the City." I'm thinking serious of just putting all my stuff in the soil bank and moving to town.

My second choice was L390 "The House-Fly and How to Control It." Fer 50 year I've been combating this problem by putting up a few screens and buying my old lady a swatter. If they got a system that don't need no screens and will save my old lady a heap of swatting, I want to git it.

Then I ordered L 453 "How to Control Bed Bugs." We been handling this problem by hanging the bed clothes and mattress out to air about four or five times a year. But that's a heap of work and maybe L 453 has got a easier way. And I sorter liked L 129 "Preparation of Horseradish." If there's anything I like prepared good it's horseradish and I can't wait to git this one.

I marked down three fer my old lady. I thought she'd like F 1944 "Cleaning & Adjusting a Sewing Machine," G 31 "Buying Women's Coats and Suits," and G 35 "Ways to Cook a Rabbit."

Fer choice number 8 I took G 45 "Turkey on the Table the Year Round." I ain't too shore

I'd like turkey ever day but it wouldn't hurt to mix in a little turkey with the fatback.

They had one. L 398 "How to Preserve Leather Bookbindings" that I thought might come in mighty good if I ever got any books.

Fer my last choice I took L 307 "How Much Fertilizer Shall I Use?" Up to now I been using all I could afford, but maybe I been using too much.

I was mighty tempted to sneak in No. 11 on 'em, F 1961 "Getting Started in Farming," but I figgered I was gitting too old to start over in this field. Anyhow, when these 10 git here I'll have enough reading to last all summer.

## TO THE PEOPLE OF COKE COUNTY

I have tried to see as many of you as possible, but due to the short time between primaries it has been impossible for me to contact everyone. I hope that you will take this as a personal request for your vote on June 4th.

I think experience is the best teacher you can have in any line of work and I feel that after several years of working as a deputy in the office of Sheriff-Tax Assessor Collector I have the experience to set up and operate this important office in the manner you want and deserve to have it run.

I wish to thank everyone again for the fine vote I received in the first primary and for all the courtesies shown me during the campaign.

I will appreciate your vote next Saturday, June 4th.

Sincerely,

# O. B. JACOBS

## Texas' Official Highway Map Is Available Free

AUSTIN, TEXAS — Texas' official Highway Travel Map, 1960-style, is now available to the general public. Free copies of the big, colorful map may be obtained by writing the Texas Highway Department, Austin 14, or at the highway district offices and travel bureaus. County tax offices have map cards on hand for requesting copies of the map.

The map reflects 1,933 miles of multilane-divided highway now completed, and includes the finished sections of seven National System of Interstate and Defense Highways located in the state. More than 1,500 farm-to-market road miles have been added to this year's map.

Approximately 20,000 miles of the 30,000-mile Farm-to-Market Road System are shown on the map. All of the 26,378 miles of State and U. S. Highways are shown.

Three new lakes have been added to the 1960 Travel Map, bringing the total shown in the major lakes-and-reservoirs category to 64. New water attractions are Buffalo Lake in Lubbock County; Champion Creek Lake in Mitchell County; and Lake Tawakoni in Hunt, Rains, and Van Zandt Counties. Countless rivers, creeks, and streams are also charted on the Travel Map.

The 816 roadside parks pegged on the map are those having full picnic facilities. Their locations are marked by a green dot. State Parks are indicated by a green triangle.

"All of Texas Welcomes You" banners the pictorial side of the map — reflecting, in eleven full-color pictures, some of the outstanding recreational, scenic, and historical attractions in Texas.

A section entitled "Facts About Texas" telescopes information on Texas' terrain, history, and industrial and recreational diversity.

Cities and towns shown on the map total 1,826. City route maps for the state's twelve largest cities are also included — Amarillo, Austin, Beaumont, Corpus Christi, Dallas, El Paso, Fort Worth, Houston, Lubbock, San Antonio, Waco, and Wichita Falls.

More than half a million Official Highway Travel Maps of the 1959 edition have been distributed — in-state, out-of-state, and to dozens of foreign countries.

The map is used by all state and governmental agencies in the highway distances, mileage, zones state for determining official and like information.

## Miss Jackie Grimes Weds Don Gilbert in San Angelo Ceremony

Miss Jackie Dell Grimes, daughter of Lonnie Grimes of San Angelo, became the bride of Donald Gilbert, son of Mr. and Mrs. W. C. Gilbert of San Angelo, in a single ring ceremony at the Pentecostal Church of God at 8 o'clock Saturday evening.

The Rev. Shipman, pastor, officiated at the ceremony. Mrs. Holdman, organist, played her own accompaniment to her solo, "I Love You Truly."

Given in marriage by her father, the bride wore a ballerina length gown of white lace over satin with net insets, trimmed in seed pearls. Her veil was waist length imported French net. She carried a white Bible and white carnations centered with a single full bloom Peace rose.

The altar was flanked with white gladioli and fern.

Miss Mary Grimes, sister of the bride, was maid of honor, and Harvey Gilbert, brother of the bridegroom was best man.

Following the wedding ceremony, a reception was held on the lawn at the home of Mr. Gilberts parents at 825 North Baze.

After a short wedding trip the couple will be at home on East Harris street in San Angelo.

Mrs. Gilbert is a 1958 graduate of Bronte High School.
