BRONTE, TEXAS, JUNE 23, 1960

No. 25

Subscription Special July 1

The Bronte Enterprise's annual subscription special will begin next Friday, July 1. The annual price reduction for the paper will again allow a saving of 50 cents on any year's subscription.

Subscriptions in Coke and adjoining counties will be reduced from the regular price of \$2.50 to \$2.00, while subscriptions any-

where else will be reduced from \$3.00 to \$2.50.

The reduced price will be good for a new, renewal or extension subscription. However, the offer is limited to one and two-year subscriptions. No subscription will be accepted for more than two years at this price.

Persons wishing to subscribe may come by the Enterprise office, or mail their checks. Those living in outlying communities where The Enterprise has a representative may renew through them. Subscriptions in the Blackwell area may be given to Mrs. Charles Ragsdale; at Tennyson to Mrs. Douglas Ditmore or Mrs. Tom Green; and in the Brookshire community subscribers should see Mrs. Herbert Holland.

Each year during the subscription special hundreds of readers take advantage of the 50 cent savings and many inquiries have already been received as to whether or not the special would be offered this year.

Coke County Oil Valuation Takes Big Cut

(From Robert Lee Observer)

Coke County's taxing valuation will lose close to 1 1/4 million dollars this year because of the continued low production of crude oil.

This information was given to the Commissioners Court by Thos. Y. Pickett Co., evaluation engineers, at a recent special meeting.

Assessments for 1960 are based on oil production during the past year. Only the I. A. B. (Menielle Penn) field northwest of Robert Lee showed a gain in production over 1958. This was due to new wells and a greater daily allowable because of 80-acre spacing.

In 1958 this field showed a production of 514,772 barrels of oil, while last year the figure went up to 1,004,687 barrels.

County officials say this year's valuations will still be high enough to insure sufficient tax money to make all bond payments and carry on a normal operation of county business.

Bronte Faces Water Shortage; Voluntary Ration Plan Started

Bronte is faced with a serious water problem, and most all residents were aware of it Monday evening when water pressure went down to practically nothing. According to Water Commissioner Royce Fancher, the problem is not a shortage of water, but is caused

by local customers using more water than the pumps and line to Oak Creek Lake will handle.

A total of 323,000 gallons was pumped into town Monday and every drop of it was used, Fancher said. "We would have been in terrible shape," he added, "if

a fire had broken out because we didn't have any water to put on it."

Voluntary Rationing Plan

The city council has come up with a plan which they hope will alleviate the situation. The plan is for persons living east of the railroad to water gardens and lawns on Mondays, Wednesdays and Fridays, and for those living west of the railroad to water on Tuesdays, Thursdays and Saturdays. It is requested that nobody water on Sundays, in order to refill the water tanks.

The plan is voluntary, Fancher said, but added that if cooperation of local residents cannot be obtained, an ordinance will have to be passed, making the plan mandatory.

Many complaints have been received by the council in the last few weeks about muddy water in the city mains. This problem, too, is caused by the low water pressure, Fancher said. He added that no muddy water has been pumped into the mains from the lake and that the mud is coming from an accumulation in the lines over the years.

The city council was unanimous in its request that all Bronte citizens cooperate in the every-other-day watering plan. The question of building more storage has been discussed, but the council felt the cost would be prohibitive at this time.

The water shortage has been made acute by more than a week of extreme hot weather, with temperatures going above 100 degrees each day. Lawns and gardens are suffering and local residents have been forced to water more than usual.

Third Grade Teacher Hired

Miss Ada Fay Pendleton has been hired to teach the third grade in Bronte school next year. She has been teaching at Winters. Miss Pendleton has had 12 years teaching experience, nine of which were at the elementary education level. Besides Winters, she has taught at Jayton and at Godland, Kans.

The new teacher is a graduate of McMurry College and also attended Emporia State Teachers College at Emporia, Kans. She majored in religious education and minored in English and elementary education.

Supt. C. B. Barbee said that Miss Pendleton is anxious to move to Bronte as soon as possible. She is looking for an unfurnished apartment, he said, and anyone who has one for rent should contact him.

Barbee said the only vacancy left in the school faculty is the place of fifth grade teacher. The vacancy occurred when the board approved Mrs. R. C. Lasswell's request to transfer to the fourth grade. She was fifth grade teacher last year. Miss Nannie Marie Pearson, last year's fourth grade teacher, resigned, as did Mrs. Maxine Brumley, who taught the third grade last year.

Barbee said that much work is being done on the school plant this summer by custodians Clayburn Webb and Marvin Corley. He said a full report on the work which has been done will be made in the next few weeks.

EDWIN SWEET, BLACKWELL MAN, TANGLES WITH CASTRO REGIME

Edwin L. Sweet, native of Blackwell, is back in Washington, D. C., after being ousted by the Castro regime in Cuba. Sweet was one of two attaches at the U. S. Embassy in Havana who were ordered last Thursday to get out of the country in 24 hours. The charge against the two was "conspiring with counterrevolutionists."

The pair were held about 2 1/2 hours and were given a severe reprimand by Fidel Castro's brother, Armed Forces Minister Raul Castro. It was reported that the Cubans used force to search the companion of Sweet, but that the 6-foot-2 Texan refused to be searched and his captors did not try it.

Sweet has been in the diplomatic service only a short time, having transferred from the FBI. He was an FBI employee for a number of years, having entered the service when he graduated from the University of Texas Law School. He is a 1932 graduate of Blackwell High School and attended Texas Tech before entering law school.

Sweet is a brother of L. W. Sweet and Mrs. C. B. Smith, both of Blackwell. They were reported not unduly alarmed for their brother's safety, having confidence that he was capable of taking care of himself. Their confidence in his safety was backed up by a telegram received from him Friday from Florida.

Sweet is married to the former Miss Ione Morison of St. Paul, Minn. They have three children, a daughter, Patricia, was born in Guatemala, and two sons, Michael and Gary Lewis, were born in Mexico City. Patricia graduated from high school in Cuba last Saturday.

Starting next Tuesday, June 28, a three-day workshop will be held in the home-making department at the local school. The three day course will be on curtain and drapery making and beginning sewing. Lessons are free and anyone interested is invited to be present at the home making department Tuesday. Time for the meetings will be set Tuesday for the convenience of those attending. For further information, call Mrs. Royce Rancher, homemaking teacher, at 473-2661.

Mr. and Mrs. James Reaves of Odessa and Mrs. Dan Smith of Stanton visited Mr. and Mrs. Ben Reaves over the weekend.

Rent House Burns Sunday

One of the rent houses belonging to I. M. Cumbie burned Sunday evening about 7 o'clock. The occupant of the house, Ault Henderson, was painfully burned in the fire, but his condition was not considered serious. Henderson, a retired serviceman, is now in the Big Springs Veterans Hospital for treatment of his burns.

Cumbie said the fire presumably started from grease catching on fire. He said that Henderson put some grease on the stove to heat so he could fry some chicken. He decided to lie down a few minutes while the grease was getting hot, and must have dozed off to sleep. When he awakened the house was ablaze and he had to go through the flames to get out. His burns were reported to be mostly about his face and head.

UNCLE HUIE from HOG CREEK says

DEAR MISTER EDITOR:

I'm still figuring about that international rodeo in Paris awhile back when the meeting at the Summit was over before it began. It looked like Khrushchev aimed to make a Russian revival service out of it all along. Them Russians has invented a new kind of warfare. They don't aim to have any shooting war, just aim to worry us to death. In the future maybe we won't need to keep such a sharp eye on their missile pads, just watch out more fer their monkey wrenches. They're gitting more done launching monkey wrenches than they is launching moon rockets.

I was reading in the paper last week where a tramp come by the jail house in some town and told 'em he didn't have the price of a square meal and that he was mighty hungry. They searched him and found a \$5 bill hid in his shoe. After looking at the grocery slip my old lady brung home today I'd have to say the pore

feller was telling the truth.

Speaqing of tramps, you don't see 'em roaming the country like you used to. I can recollect when a week never passed that some tramp didn't knock on the door and ask fer a hand out. I brung up the subject at our session in town the other day and my neighbor allowed as how it was on account of them being afraid of gitting more'n two blocks away from the welfare and relief office.

I see by the papers where some lady in Chicago has writ to the paper asking the editor to start a campaign agin cutting off dogs tails. She says a dog needs his tail to express hisself. She claims her dog wags his tail north and south when things is going smooth, east and west when things is bad, and in a circle when he's hungry.

I'm agin cutting off dogs' tails and this lady has my support 100 percent, but her piece give me another idea. It would be mighty nice fer the taxpayer if some of them bureaucrats in Washington

Electric small appliances that do so many things better... faster... safer... and automatically.

The "center" of a **MEDALLION HOME** is a "flameless"

Electric Kitchen

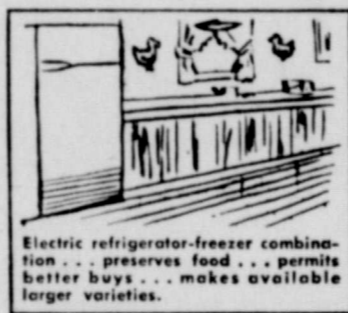

Symbol of Modern Living

The touch-of-a-button magic of an electric kitchen brings the whole world of tomorrow to today's homemaker. The modern electric food preparation center is a decorator-designed dream of beauty, comfort and convenience. Here's why...

Electric cooking, flameless and automatic... the world's most advanced way of preparing food.

CLEAN In your electric kitchen everything stays sparkling clean. Walls, ceilings, curtains, pots and pans testify to the fact that your electric range gives efficient, controlled heat without the dingy by-products of flame-type cooking.

Electric refrigerator-freezer combination... preserves food... permits better buys... makes available larger varieties.

COOL Electric heat is transmitted directly to the pots and pans, and not out into the room. Your kitchen stays cool and comfortable... and so do you!

Electric dishwasher and garbage disposer... modern timing and labor savers that bring extra hours to homemakers.

CONVENIENT .. Push a button or twirl a dial for automatic, carefree cooking, clothes washing and drying, dish cleaning and garbage disposing. It's as simple as that!

Home laundry, with the modern electric washer and dryer means farewell to those washday problems forever.

ECONOMICAL .. Costs less than 3¢ to cook an average meal electrically in this area. And, a penny's worth of electricity does an equally big job in washing and drying your clothes, preserving your food, perking your coffee, toasting your bread, or disposing of your garbage.

SAFE Enjoy odorless, flameless security in your electric kitchen. Breezes can't blow out this heat. And, you can safeguard youngsters by throwing away the matches forever!

SURE In your electric kitchen you know the heat will remain constant; you know it will be the same tomorrow and the next day; you know it is the proper temperature for each dish you prepare; you know all this because you know you can depend on electricity!

MRS. BENNY CARNES

MISS NONA GAYL RIPPETOE, BENNY CARNES SAY WEDDING VOWS IN CHURCH CEREMONY

Miss Nona Gayl Rippetoe and Benny Jay Carnes will make their home on an Oklahoma ranch after wedding rites held June 11 at 7 p.m. in Bangs First Baptist Church.

Miss Rippetoe is the daughter of Mr. and Mrs. J. M. Rippetoe of Bangs, former Bronte residents, and Carnes is the son of Mr. and Mrs. E. J. Carnes of Brownwood. The bride attended Bangs high

school and will continue her schooling in Oklahoma. The bridegroom is a graduate of Brownwood high school and attended Howard Payne College.

The Rev. Douglas G. Brown officiated in front of an altar flanked with baskets of mums, gladioli and palm leaves.

Mrs. Dick Smith accompanied Mrs. S. E. Thomas in singing "Because" and "Whither Thou Go-

est." Both are cousins of the bride.

The bride, given in marriage by her father, wore a floor length bridal gown of imported silk crystal with a curving V neckline and long sleeves tapering to points over the hands.

Applied lace on the fitted bodice were outlined with seed pearls. The full skirt was appliqued with lace and embroidered with pearls and iridescents.

The headdress was a Juliet cap of tulle embroidered with pearls and iridescents from which cascaded a French veil of illusion.

Mrs. Glenda Thomas, cousin of the bride, served as matron of honor. She was attired in a white polished cotton dress with an orchid organza overdress.

The bridesmaids, Miss June Morgan and Miss Kay Griffin, wore orchid polish cotton dresses with orchid organza overskirts. All carried orchid mums.

Clayton Carnes served as his brother's best man. Johnny Carnes, cousin of the bridegroom, and A. D. Carnes, brother of the bridegroom, served as ushers.

Miss Melodee Sue Rippetoe, sister of the bride, and Deb Smith of Arlington were flower girls. Pam Smith of Arlington and Donnie Byrd of Irving were ring bearers and Jim Bernard of Arlington and James Tompkins of Bangs were candlelighters.

A reception was held immediately following the wedding in the church annex. The bride's table was laid with an orchid cloth with a white nylon net of ruffles and white satin ribbon bow trim. It was centered with an arrangement of white gladioli. White wedding cake and orchid punch were served from milk glass appointments.

In the house party were Miss Lily Bohanan and Miss Threed McDonald, both of Bangs; Miss Tommy Phillips of San Angelo; Miss Judy Bernard of Arlington; Mrs. Clayton Carnes of Brown-

wood; Miss Carolyn Glenn of Bronte, and Miss Judy Byrd of Irving.

For a week's visit to the coast, the bride chose a light platinum beige suit with white collar and white and brown accessories.

Guests from Bronte attending the wedding included Mrs. Clark Glenn, Carolyn Glenn, Carroll Ann Sherrod, Wanda Spurlock, Deanie Allen and Bobby Wrinkle.

New Phone Books Show Changes

New directories have been received by subscribers to telephone service in Bronte. The new books show a numbers change which goes into effect next Tuesday, June 21. For all practical purposes the numbers remain the same, as the only difference is substituting the figures "47" as the prefix instead of the formerly used "GR".

Reason for changing to the seven digit phone number from the prefix and five-digit number is to give telephone companies a wider range of numbers. Some letters cannot be used, as no words in the English language start certain combinations.

A hurried count of the number of subscribers in the new book shows that the number of phone users in Bronte has increased slightly since the last phone book was published a year ago.
