Postmaster Noah L. Pruitt Jr., said this week he has been advised by the Office of Postmaster General Arthur E. Summerfield that the Post Office Department is now asking for bids to build and lease to the Department a new building

Seven More Sign Up for Sewer Service

Seven more persons have made their deposits for sewer service since last week's Enterprise reported 120 signers. The 127 persons who have agreed to use the sewer when it is completed is two more than half of the 250 needed before the Federal Housing and Home Administration will purchase the \$85,000 revenue bond issue which the voters of Bronte approved last spring.

City council members in a meeting Tuesday night discussed the problem of getting enough people interested in the sewer to reach the required goal. They are making plans for a concerted drive to bring the campaign to a successful conclusion.

Meanwhile they urged that every local resident who wants to use the sewer service to sign up and make a \$25 deposit, which is the tie-on charge.

First National Bank in Bronte has offered to loan the \$25 to anyone who wishes to borrow the money to put up the deposit. The money is to be repaid at the rate of \$2 per month for 13 months, making a total of \$26. The \$1 is for interest and expense of keeping books on the loans. The payments will be added on to water bills and paid at the city hall.

Funeral Held Sunday For Mrs. McWilliams

Funeral services for Mrs. Geo. McWilliams, 70, were held at 2:30 Sunday in Spill Memorial Chapel in Winters. Burial was in Wingate cemetery. Mrs. McWilliams died Saturday after suffering a stroke at her home in Wingate.

Mrs. McWilliams was the former Cora Virginia Smith, and was born in 1889 in Llano County. She was married to George McWilliams Sept. 29, 1912, at Shep. They had lived in both Shep and Bronte before moving to Wingate in 1938.

She was a member of the Kickapoo Baptist Church here.

Survivors include her husband; two sons, Warren N. McWilliams of Tyler and Ross McWilliams of Pomona, Calif.; three daughters, Mrs. Leroy Scott of Denver City and Mrs. E. C. Walton and Mrs. W. S. Hart, both of Tyler; two sisters, a brother and 15 grandchildren.

BAND OFFICERS ELECTED

Dana Eubanks was elected president of the Longhorn Band at a meeting Tuesday. Other new officers of the group are: Jan Wilkins, vice president; Carolyn Glenn, secretary-treasurer; Mary Beth Ivey, reporter.

Wendell Gideon, director, met with the band members.

Mr. and Mrs. Lee Craft, Debbie and Diane of Brady, visited Sunday with Mr. and Mrs. Joe Simpson. The ladies are sisters.

for the Post Office at Bronte. Advertising will be posted from September 6 to November 7, 1960.

Specifications call for a structure containing approximately 2,639 square feet with an outside loading platform and adequate space for parking and truck maneuvering.

The proposed building will be located on the Northwest corner of the intersection of Oliver Avenue and Washington Streets, where the South Texas Lumber Co. was formerly located.

Pruitt said the Post Office Department will enter into a lease agreement with the successful bidder which will run for ten years, with two consecutive five-year renewal options.

Bids should be submitted, the Postmaster advised, to Real Estate Officer V. E. Bell, P. O. Box 1386, Lubbock. The Real Estate Officer will supply information in regard to bidding forms, building specifications, lease provisions, etc.

Under the Post Office Department's Commercial Leasing Program, the resources and investment funds of private enterprise are utilized to obtain needed postal buildings. More than 4,500 new structures have been erected during the past five years.

City Office Moved While Repairs Are Made to City Hall

Recent damage to the front outside wall of the city hall in Bronte has forced the city office to move to different quarters until the damage can be repaired.

The brick wall at the top of the front of the building has pulled loose from the rest of the structure and is leaning out several inches.

City council members in a meeting Tuesday night decided the building was unsafe and made arrangements to move the city office into the east half of the Cumbie building. The west half of the building is occupied by Bob Wilson Barber Shop.

Mrs. Helen Kirkland, city secretary, said that payment of water bills and any other business to be transacted with the city should be brought to the new location.

Longhorns Open Season Friday Night; Play May

Coach Bob Howard believes his Bronte Longhorns are ready to take on their season opening opponents, the May Tigers, here Friday night. The Longhorns will open the season at 8 p. m. tomorrow night, a week later than most area schools. The Sept. 2 date was the season's open date for the Longhorns and they will play ten games without a week off until the season closes against Robert Lee on Nov. 11.

Coach Howard said Wednesday morning that like most young teams, his 1960 Longhorns are a little erratic in their playing. "However," he said, "we expect to win a bunch of ball games if this team jells as we think it will."

The coach said that his team should be able to handle May all right Friday night unless his team does not play the kind of normal ball they have been playing in scrimmages. Another possibility, he said, is that the Tigers will be playing superior ball to what

BIG TURN OUT FOR BARBECUE

An estimated crowd of 650 turned out Monday afternoon for the annual Labor Day barbecue and water show. Barbecue and beans were augmented by salads and desserts brought by ladies of the community. A complete list of contributors to the barbecue and participants in the water show will be run in next week's Enterprise.

Band Birthday Calendars Being Distributed Here

The calendars sponsored by the Band Boosters have been completed and most of the ones ordered in advance have been delivered.

The calendars list birthdays and wedding anniversaries of several hundred local residents and persons who formerly lived here. It also lists meeting dates for clubs and organizations.

The calendars are printed in the school colors, maroon on white paper. The names are printed in black in the squares.

A few extra calendars are on hand and may be purchased at The Enterprise office.

they did last Friday night against Blanket.

Starters scheduled to be on the field at kickoff time Friday night include Douglas Rogers at center; Don Hester and Rudy Phillips, guards; Jack Corley and Mike Luttrell, tackles; Jerry McCutchen and Kenneth Shaver, ends; Rudy Olivas, wingback; Eddy Spiller, blocking back; Larry Robinson, fullback; and Dee Arrott, tailback.

Howard said that May has some good football players who

Longhorn Club Work Night Set For Thursday

Members of the Longhorn Club worked Tuesday evening getting ready for Friday night's game and the upcoming season. More work remains to be done, however, and President Bob Wilson said another work night will be held Thursday at the football field at 7 p. m.

At a meeting of the club last week it was decided that the local football boosters will meet each Monday night at 7:30 during the football season. Tentative plans were also made to have a Pancake Supper some time in October.

The big clock which the club purchased last summer is expected to arrive today and be ready for use in the game tomorrow night against May. The club will film all the Longhorn games again this year, with Conda Richards and A. E. Bell, Jr., doing the photographer chores.

The club is seeking more members and an all-out drive is planned in the near future. Membership dues are \$4.00 per person or \$5.00 for a man and his wife.

ONE WAY STREET

Supt. C. B. Barbee this week asked The Enterprise to remind readers that Jefferson Street (running in front of the school buildings) is a one-way street and only southbound traffic is permitted to use it from the corner at Highway 158 down to the corner where the W. O. Eubanks home is located.

would have shown up better last week than they did, so they could be tough.

Other teams in District 6-B fared well last Friday. Only Loraine lost its opening tilt, going down 42-14 before the Roscoe eleven. Robert Lee surprised everybody with its 28-6 thumping of Menard. Hermleigh beat Class A Coahoma, 27-8, Trent downed Aspermont 20-6, Roby beat Clyde 14-7.

Other district games Friday night will see Sands playing at Robert Lee, Hermleigh at Aspermont, Jim Ned at Loraine, Knox City at Trent. Roby, new member of the district, has an open date.

Changes at Field

Supt. C. B. Barbee announced this week that quite a few changes have been made at the football field and full cooperation of fans is asked in observing the new rules.

No cars will be allowed to park inside the stadium on the Bronte side of the field. Exceptions to this rule will be vehicles servicing the concession stand, a bus hauling the football boys and an ambulance. Fans who wish to park their cars inside the field will be required to park on the visitors' side. Barbee said the gates will open one hour before game time, so persons who wish to park should come early.

The fence has been removed from around the parking lot on the home side and cars can drive onto the area from either of the streets. The superintendent said that no one will be present to show cars where to park, but he asked everyone to park in an orderly fashion so as to utilize the space to the best advantage and so anyone who needs to leave will be able to get out.

Barbee also announced that game times will be 8 p. m. for the May, Ozona and Roscoe games, and at 7:30 for the Loraine and Trent games. Admission price will be \$1.00 for adults and 50 cents for students.

ENROLLMENT UP

Bronte School's enrollment increased slightly during the past week. Supt. C. B. Barbee said the 306 that enrolled on the opening day of school has increased to 312. First day enrollment in grade school increased from 219 to 221 and high school enrollment climbed from 87 to 91.

Weekend visitors in the Floyd Modgling home were their daughter, Mrs. Charles Oliphant and boys of Houston and Mrs. Oliphant's mother-in-law, Mrs. R. L. Coffman of Silver. Mr. and Mrs. Charles Blake of Houston came by Monday and Mrs. Oliphant returned home with them.

Wayne Rees returned Tuesday from Yellowstone National Park where he has had summer employment. He will be wing advisor in Gordon Hall when he returns to Texas Tech in Lubbock for the fall term.

Billy Spiller, son the T. O. Spillers, will be a junior student at Texas Tech this fall.

UNCLE HUIE from HOG CREEK says

DEAR MISTER EDITOR:
My old lady borrowed one of them modern, revised editions of the Bible that come out a few year ago and I been looking it over. I'm mighty surprised to note it don't start with: "In the beginning was Government benefits." The good Book don't ever claim Moses come

down off Mt. Sinai bring the tax-and-spend system. All of which proves one thing, Mister Editor. This modern translation of the Bible is one of the few projects in the past 10 year that ain't had no federal help. If Washington had voted any funds fer this work, you could be shore they would've started out with a good word fer the tax-and-spend and Government benefits system.

But things may be getting a little better along the Potomac. Senator Williams of Delaware has found where the Pentagon boys has placed a order fer \$4,000 worth of erasers. The good Senator allowed as how it was the first time he has saw a healthy sign from that direction in quite a spell. So fur

as I can recollect, it's the first case on record of anybody in Washington admitting they might make a mistake.

Well, the session in town Saturday was took up mostly on the subject of wimmen. All the fellers was talknig about the new fall fashions they've been reading about and seeing in the ads. My neighbor said he heard that dress-es was shorter this season but he didn't know on which end. According to him, both ends could stand a little lengthening. One year skirts git shorter, the next year they git longer, and that's about all I see to it. I wonder what wimmen would think if men raised the cuff on their pants two inches one year, lowered it two inches the next, and kept this up fer a generation. They'd think we was crazy and I ain't saying what I think about wimmen on account of my old lady might see this piece.

One feller come up with a new angle on the subject. He said he didn't know where they got such stuff but he was reading a piece by some column writer saying the percentage of bowlegged brides this year was much larger than usual. He figgered it must be because the wimmen of this generation now reaching marriage age has learned to work in house trailers. All the fellers agreed they ain't been bowed down with work.

Like I been telling you, Mister Editor, the boys in town cover the situation world-wide.

Yours truly,
Uncle Huie

HIGHLIGHTS AND SIDELIGHTS FROM YOUR STATE CAPITAL

ANSTIN, Tex. — A family trying to get all slicked up to make a good impression on important company can't take time out for a domestic squabble.

On this premise, the Texas Industrial Commission, whose job is to lure new industry to Texas, voted to steer clear of political hassles and concentrate on putting the best foot forward.

Vote on this decision was 5-to-1. Voting no was Al H. Chesser, railroad brotherhood representative, who has urged the Commission to sponsor a legislative program including repeal of the state's "right to work" law.

"Our job is to sell Texas," said E. B. Germany, Commission chairman. He said he felt the Commission would be hampered in doing so if it got involved in controversial legislation.

Reviewing two year's progress, Germany reported that 475 new plants had located in Texas since the TIC was formed in March, 1958. Plans have been announced, he said for 375 others in 99 counties, and 492 plants have expanded in the past two years.

For the future, Walter Dickerson, TIC executive director, said 136 factory managements are considering a move to Texas. A number of these, he said, would make products for which Texans now send \$2,500,000,000 out-of-state.

HANDS OFF HOUSTON — As a long believer of local control for local matters, Gov. Price Daniel said he would not intervene in affairs of the Houston Public School system.

For weeks Houston schools have been in a squeeze between a federal court order to begin gradual integration and a state law which says it will lose state aid if it does.

As a last resort, the Houston School Board asked Gov. Daniel to "interpose in its behalf. Under the theory of interposition, the state has, under the Tenth Amendment to the U. S. Constitution, the right to interpose against any federal act by which it believes the federal government is exceeding its constitutional powers.

Daniel pointed out that this course had been tried without success in other states. Expressing confidence in the Houston board and its attorneys, Daniel said, "The Texas policy of local operation and control of public schools is far better than an attempted control by the governor or state."

TAX BITES UNCLE SAM—It was a sort of man-bites-dog story when the Attorney General's Department ruled the federal government would have to pay a \$400,000 state inheritance tax to Texas.

In her will Mrs. Susan Vaughan Clayton made a bequest to "the United States of America, to be used for retirement of the national debt." Mrs. Clayton was the widow of the late Will Clayton of Anderson, Clayton & Co.

A federal attorney proposed keeping the money in a special account in Texas since bequests to Texas and its citizens are ex-

empt from the inheritance tax.

But the AG ruling said other states would benefit just as much as Texans from national debt retirement. In effect: the federal treasury will have to take the bitter with the sweet.

WHAT'S IN A NAME?—Hottest rivalries between neighboring Texas towns used to center on who would have the courthouse. Nowadays it's usually over who has the best high school football team.

But two Central Texas towns, San Marcos and New Braunfels, are having a lively contest over the naming of a park to be built between the two cities.

State Parks Board, back in July, designated it as "San Marcos State Park." Civic-spirited San Marcians had raised \$2,500 for park equipment with the request that it be named after their town.

New Braunfels folk raised a storm. They claimed it would be nearer their town, that their county would have to maintain a road to it, etc.

Recognizing the touchiness of the situation, the State Parks Board says it will re-consider the whole thing at its October meeting. Both sides are to be given a chance to present their views.

PISTOL-TOTIN' CURB URGED—Legislation to close the loopholes in present state law governing sale and possession of pistols may be offered in the next session.

Atty. Gen. Will Wilson ruled that the law requiring the presentation of a certificate of good character before buying a pistol is not enforceable.

In 1958, the opinion pointed out, the Court of Criminal Appeals ruled that this part of the law was unconstitutional because the caption of the bill passed by the Legislature did not sufficiently explain what was in the bill.

Local peace officers were quick to call for corrective legislation. Lawmen feel there should be curbs on who can buy concealable weapons and records of the purchases so the police can check on who made them.

OLD AGE ROLLS DWINDLE — Though the number of oldsters in the state is increasing, the number receiving state old age assistance checks is declining and is expected to drop still more.

This conclusion was contained in the report of a subcommittee to the state Conference on Aging.

Drop in the state pension rolls was attributed to more Social Security benefits, more company retirement plans, more oldsters working or receiving other support.

AUTO INSPECTIONS BEGIN — Period for having official auto safety inspections made in Texas begins this month.

Deadline for getting a new inspection sticker on your windshield is not until next April 15, but with 4,500,000 vehicles to be checked, lines will be long in the final weeks.

Cost of an inspection is \$1 plus any needed repair for motoring safety. Average cost to each vehicle owner, including the repairs, was \$2 last year.

SHORT SNORTS — Commission on Higher Education has announced that the 19 state-supported colleges and universities have asked for appropriations running 39 per cent above present spending. To make the road map reader's job easier, the State Highway Commission has given a single route number to the most direct highway connection between Huntsville and Paris. Now named State Highway 19, the route formerly had five different numbers. Worst plague of army worms in years is blighting the lawns of Texas home owners from Central Texas down to the Coast. State Department of Agriculture recommends spraying with DDT or toxaphene.

BROOKSHIRE BROWSINGS

By Mrs. Herbert Holland

A former pastor, Rev. Johnny Johnson, and his wife of San Antonio were visitors at Brookshire Baptist Church Sunday. During the day they also visited the Herbert Hollands, J. C. Boatrights, G. L. Cocks, T. G. Gleghorns and Jim Clarks.

Sunday guests in the T. G. Gleghorn home were Mr. and Mrs. Doyle Gleghorn, Ollie Mae and Gary of Miles.

Mr. and Mrs. Herbert Holland motored to Big Spring Sunday to visit the James Holland and Dee Foster families. The Fosters have just moved into their new 3-bedroom home there.

Homer Clark of Big Spring visited last weekend with his parents, Mr. and Mrs. Jim Clark.

Mr. and Mrs. Franklin Thomas visited the Bill Thomas family in Bronte Sunday afternoon.

Mr. and Mrs. C. H. Hester and Luther were Wednesday night supper guests of Mr. and Mrs. J. C. Boatright.

Mrs. Alene Latham of Bronte and Mr. and Mrs. A. Connor of Needles, Calif., visited Mr. and Mrs. Jim Clark Tuesday afternoon. Their other guests were Mr. and Mrs. Samuel Emmert of Comanche.

Mrs. Herbert Holland went to San Angelo Friday to visit Mrs. Wallace Rumsey, who recently underwent surgery in a hospital there. She is doing well.

Monday night guests in the Jerry Landers home were Mr. and Mrs. Alton Bradberry and Miss Sprinkle of Maverick, Mr. and Mrs. Marvin Landers and Paula Jane of Bronte and Mr. and Mrs. Cal Morgan of Maverick. They enjoyed home made ice cream.

Mr. and Mrs. Jimmy Lee and Kyle of San Angelo were Sunday guests in the James Lee home.

Mmes. J. C. Boatright and Doyle Gleghorn visited Mrs. Jerry Baca in a San Angelo hospital Saturday. Mrs. Baca underwent surgery on Friday.

John Petty of Lincoln, Mo. was a guest of the Herbert Hollands Saturday morning. He is moving back to San Angelo.

Mr. and Mrs. Carl Florence and her mother, Mrs. Susie Garlington, went to El Paso for a Labor Day weekend. They were met there by Mrs. Florence's sister, Mrs. Alto Claude Lee, and family, of McNease, Arizona. Mrs. Garlington went home with the Lee family for a few weeks' visit.

Mr. and Mrs. Herbert Holland visited his sister, Mrs. Herman Smith, Tuesday in a San Angelo hospital. She is reported doing well following major surgery.

Guests during the Labor Day weekend in the Bill Keeling home were Mr. and Mrs. Elton Keeling and children and Mr. and Mrs. James Gadsby and children of Hobbs, New Mexico.

Jerry Landers began cotton picking operations last week and harvested 11 bales. They are still picking cotton and are getting out from one to two bales per day.

Sunday school and church officers will be elected Sunday at the Baptist Church. It is a regular preaching Sunday with Sunday School beginning at 10:15, morning services at 11 a. m. and evening services at 8 p. m. Everyone is urged to be present.

first full-scale school of any hospital in the city for its young patients.

It will give school-age patients from all over the state an opportunity to keep up with their school work while they're rehabilitated through surgery and therapy at the hospital in Dallas.

Miss Ann Sewell, a teacher in the special education division of Dallas Independent School District, will conduct the classes in a schoolroom created from a sewing room previously used by volunteers.

"We've been looking forward to this for several years," said Mrs. Helen P. Haese, superintendent.

She said of herself and Dr. Brandon Carrell, chief of staff:

"We feel of all who really need education, these children do most. Many will never be able to make a living doing manual work. They need every opportunity they can get."

Another advantage: The previously heavy summer load at the hospital should slack, for school-age patients will no longer be reluctant to enter during the school term.

An average of 60 to 70 young-

sters occupy the red-brick institution at 2201 Welborn St., and somewhere around 25 of them at a given time are of school age.

In the past only Dallas patients were taught at the school, under Mrs. Helen Cantrell.

"Many others wanted to participate when she came to teach the local students," said Mrs. Haese. We felt we could do a great deal of good if we could teach them all.

Hospital board president John McKee initiated the new program and worked out details of the cooperative system with Dr. W. T. White, superintendent of the participating district.

Miss Sewell will work with small groups of the students on block assignments supplied by the patient's home schools.

She'll inform the home school of progress periodically, but not actually grade the youngsters.

If the patient load gets too heavy, Mrs. Cantrell will be called in to assist.

The school is in gay and colorful surroundings furnished by the hospital's auxiliary, of which Mrs. Frank B. Weber Sr. is president. It took over the classroom as a project.

MRS. KENNETH McCUTCHEN

June Moore Becomes Bride of Mr. McCutchen In Garden Ceremony

June Moore and Kenneth McCutchen exchanged marriage vows in a garden ceremony read at the home of the bride's parents, Mr. and Mrs. Foy L. Moore. The bride's father, minister of the Robert Lee Church of Christ, read the service at 7 p. m. Friday, Sept. 2.

Mr. and Mrs. C. M. McCutchen are parents of the bridegroom. He is a 1960 graduate of Bronte High School and will attend Lubbock Christian College where he will study for the ministry.

The bride is also a 1960 graduate of Bronte High School and is employed at the Vocational Rehabilitation Office in Lubbock.

Given in marriage by an uncle, F. W. Moore of Houston, twin brother of her father, the bride wore a gown of white satin. The long sleeved figurine bodice came to a point at the waistline in the

back. Appliques of handclipped lace outlined the V neckline, accented the skirt and were at the wrists of the tapered sleeves which came to points over the hands. Satin bows accented the back of the skirt.

A pearl-trimmed satin tiarra held her waist length veil of illusion. She carried a bouquet of gladiolus surrounded by tuberoses.

Jean Moore, twin sister of the bride, was maid of honor. Another sister, Joy Kay Moore, was junior bridesmaid.

Best man was Jerry McCutchen, cousin of the bridegroom. Robert L. Moore, brother of the bride, served as usher.

Decorations were orchid and white flowers and a five-tiered wedding cake. Orchid punch was served. The table was laid with a white cutwork cloth over orchid.

Those who served were Miss Yvonne McCutchen and Mrs. Bobby Northcutt, assisted by Mrs. Horace Taylor, Mrs. Mitchell Caswell

and Mrs. Martin Lee.

For traveling attire the bride chose a blue linen suit accented with white. The couple took a wedding trip to Abilene and will reside in Lubbock at 1627 10th street.

Visiting with Mr. and Mrs. Marvin Corley and family Sunday were Mr. and Mrs. J. P. Arrott and Dee, Mr. and Mrs. J. B. Eloise Hester and Buddy Reed Married In Rites Here Sept. 3

Miss Eloise Hester, daughter of Mr. and Mrs. H. O. Hester of Bronte, became the bride of Kenneth Allen (Buddy) Reed last Friday, Sept. 3. The ceremony was read at 7:30 p. m. in the home of Mr. and Mrs. O. R. McQueen by Rev. R. W. Blackmon, pastor of Kickapoo Baptist Church.

The bride wore a pastel blue linen sheath dress. Her maid of honor was Bette Blackmon. Best man was Richard Reed, brother of the bride-groom.

Mrs. Reed is a former student

of the Bronte school and Mr. Reed was formerly employed here with the West Texas Utilities Co. He is the son of Mrs. Permelia K. Reed of San Angelo.

The couple will live at 1110 W. 13th street in Odessa where he is employed with Texas Electric Service Co.

Carolyn Kemp will leave Friday for San Antonio where she will be a senior at Trinity University.

Mr. and Mrs. Billy Charles Wrinkle of Midland visited relatives and friends here over the weekend.

County Agents News Column

By STERLING LINDSEY

News writing is not a talent that I consider myself to be particularly blessed with. Nevertheless I intend to be more faithful in its pursuit in the future.

Watch for an announcement regarding testing for brucellosis among cattle in Coke County in the near future. We have been led to believe, though nothing official is available to support our belief, that the crew presently testing cattle in Tom Green County will be transferred here upon completion of their work in the adjoining county. Testing should be completed in our neighboring county in the next few weeks.

Shortly before work is to begin, a planning committee will be sent here to help plan for the testing. We should receive word from them in the very near future.

Jim Gray, sheep specialist with the Extension Service was in the county Monday and Tuesday helping with sheep selection. We worked approximately 400 ewes for Nolan Pentecost, of Sanco, and around 350 ewes and 50 bucks for A. V. Hughes and S. E. Adams, on the Wylie and Whiteside places in the north end of the County. Jim helped the two operators as he has many others in recent years to classify their breeding animals to insure more rapid improvements in wool production and lamb production. Several other sheep producers plan to install the system of selection in their operations. Call us if you would like

more information on the subject or desire assistance in setting up a selection program.

Cotton harvest is underway by a few operators in the County, while others with later cotton — and moisture — are fighting insects. Melvin Krall, Oscar Kresta and Vladimir Wojtek have been to the gin. I am sure there are others that have been, also.

Frank Percifull, Valley View, and Clarence Arrott, Juniper, have been hunting for airplanes to spray their irrigated cotton. Weevils were plaguing Frankie, while bollworms and fleahoppers were bothering Mr. Arrott. The dry land cotton has stopped making new growth in most cases while their fields can mature a lot more cotton before frost if the insects can be controlled.

Mrs. Glenn Waldrop, Mrs. Lenzy McDorman and Mrs. Ronald Walton, members of the H. D. Council Yearbook committee, met Friday, Sept. 2, to continue work on the 1961 yearbook. The same yearbook is used by all the clubs in the county so the problems involved in composing a book suitable to all club members are numerous.

I met with a number of homemakers in Bronte Tuesday for the purpose of organizing a new home demonstration club. One club already meets in the Bronte area and has been under the leadership of Mrs. Taylor Emerson this past year.

There is a need for another club on the east side of the county. If any of you in the Bronte-Tennyson area are interested and have not been contacted, call either Mrs. LeDrw Arrott or myself.

Mr. Lindsey and I will be in San Angelo September 8 and 9 to attend a District Meeting of County Agricultural and Home Demonstration agents. A portion of the meeting will be conducted by specialists from the state office.

I will be in Abilene September 10 to assist in judging the home demonstration club exhibits at the West Texas Fair. Counties in the trade area around Abilene are invited to set up an exhibit. These exhibits are housed in the Women's Building and will be most interesting and educational. Those of you who visit the fair should plan to see these displays set up by club women.

And now abideth faith, hope, charity, these three; but the greatest of these is charity.—(1 Corinthians 13:13)

It well may be that charity is the greatest because it alone of the three is outside of ourselves—outgoing, out-giving of ourselves to others, flowing out from us to our fellowmen, in love and understanding, in sympathy and tolerance, in kindness and helpfulness, unselfishly.

By Vern Sanford

Keeping up with neighbor Jones is a problem.

But keeping up with the multitude of manufacturers of the various and sundry items for outdoors men is many times more difficult. It's expensive, too!

There must be a million different products designed especially for those who fish, hunt, swim, ski, hike, go boating, or just plain camp out.

And — friend wife contends that we already have most of these items.

But the little woman is wrong there. She doesn't know the half of it — in fact even a fraction of it. There are millions of items we don't have. Trouble with her is that she's looking at the multitude of canceled checks...and comparing them with the small bank balance.

However, she is right in many respects. Looking back I find that I do buy nearly every lure newspaper. Also I've purchased most of the rods and reels that have been "specialized" in the press. My resistance always weakens when a store runs one of those "introductory" or "special-price" offers. I'm a sucker for such deals. If I can save money I'll buy most anything.

In fact the wife remarked just the other day, that if I didn't quit saving money that way we'd soon be broke. "We just can't afford to save any more," she warned.

There's a merchant in our town whose name is Dan. He has three stores. Biggest is a general-merchandise type of store, but it stresses things for the sportsman, everything from tees to tents.

He's a big buyer and sells at a small margin of profit. Every time he runs an ad his store

swarms with customers. Usually I'm one of them.

I keep our fishing and hunting gear, as well as our boating extras, in a small storeroom in our fishing shack at the lake. I'll admit the room is pretty well packed.

My wife has complained lustily and long about my buying too many out doors items. My "excuse" has been that I have to keep up-to-date on the products if I'm going to write about them.

But, she found a way to put a stop to all this "foolishness" as she calls it.

She's a pretty clever gal, that woman. When I came in from a recent visit to Dan's — with two or three of about every type of lure that Dan had "specialized"... there was a big sign greeting me over the storage room door. Embellized in huge letters was "Dan's—No. 4."

That ended it. I took the hint. Now I tell Dan to come out to my place on the lake, anytime he runs out of anything — and replenish his stock.

Anyway, if you haven't been reading in this column lately, anything about the latest in everything outdoorswise that's there ea-

son. But chances are we'll be back again as soon as the storm blows over — just like any avid angler.

Hookey season is with us again. If you don't know what we mean then you've never skipped school to go fishin'.

Maybe we shouldn't be giving the youngsters ideas. They get blamed for enough nowadays. But we'll lay you 2 to 1 they are 10 times better than kids of 20, even 40 years ago. And they're definitely smarter!

Anyway it's not their fault — that, when school doors open, fishing gets better. But it sure does.

However, one doesn't have to cut school to get in some good fishing. There is plenty of time on week-ends. And if there's fishing water close by, many an angler finds it possible, and profitable, to get in a few hours of early morning casting before reporting to work.

BARBER SHOP REMODELED

Bob Wilson redecorated and remodeled his barber shop in Bronte during the Labor Day weekend. The shop was painted throughout, new linoleum was installed and new venetian blinds placed over the windows and doors. The old back bar was discarded and a new one move in. Wilson said he believes the changes will permit him to serve his customers better.

Ben Gunnels and son, W. R., of Roswell, N. M., visited his mother, Mrs. Lizzie Gunnels, who is in the Bronte Hospital. They also visited Mr. and Mrs. Ben Murphy.
