The Bronte Longhorns will be hosts Friday night to the Loraine Bulldogs in a District 6-B Contest. Game time is 7:30 p. m.

According to the dope bucket, the Longhorns should take the

## Scout Drive Starts Here Tuesday

A drive is underway this week in Bronte to raise money for the Boy Scouts of America in Three Rivers District. About 20 men attended a kickoff breakfast Tuesday morning at the First Methodist Church to get the drive underway.

Bill Thomas is in charge of the campaign and Vernon Glenn is vice chairman. D. K. Glenn is in charge of collecting special gifts.

Thomas urged that everyone contribute liberally to the Scout fund, pointing out that money derived from this drive gives much benefit to local Scouts, in the overall program, and particularly in maintaining Camp Sol Mayer and other Scout camps of the area.

## Rain Covers Entire Bronte Territory

The finest rain in months fell over this area during the past week. Up to 6 inches had been received in the Bronte territory through Tuesday.

Cloudy skies Wednesday indicated that the rain may not be over.

A flash flood Saturday night in the Rowena section dropped up to 10½ inches in 55 minutes.

Only objection to the rain would be from cotton farmers, and not too much cotton is being produced in this area this year.

Some rain measurements in this area:

- F. S. Higginbotham, 2½ inches.
- C. E. McGuire, 3 inches.
- Renza Lee, 4 inches.
- D. K. Glenn's place east of town, 3½ inches.
- Hayrick area, 4½ inches.
- J. E. Quisenberry, 3.1 inches.
- Collins Saylor, 6-7 inches.

## Homer Clark Dies Thursday

Homer Clark, 84, a former resident of Coke and Runnels counties, died from the result of a heart attack in Texas City Thursday at the home of a daughter, Mrs. John R. Williams.

Funeral services were held in San Angelo Friday with the Rev. Dr. James Leavell, pastor of the First Baptist Church of San Angelo, officiating. Burial was in Fairmont Cemetery in San Angelo.

Mr. Clark was born September 22, 1876 in Georgia. He lived in Coke and Runnels counties from the time he was a child until he moved to San Angelo about 20 years ago.

He was a member of the Baptist Church.

His wife predeceased him in death last year.

Survivors include another daughter, Mrs. Travis Sheppard of Houston; three brothers, Freeman Clark of Robert Lee, Conda Clark of Bronte and Hershel Clark of Chillicothe; and one sister, Mrs. Bertie Clift of San Angelo.

Bulldogs easily. Loraine has a young, inexperienced team this year, having lost most of their last year's first string by graduation. The Bulldogs will be working "extra hard, however, to win their first game of this season.

Bronte moved down from second place in District 6-B to fourth place after its defeat last Friday by Hermleigh. Robert Lee also lost their game last week to Roby, 18-14. Trent downed Loraine 50-26.

## Democrats Make Plans for Republican Defeat in Coke

"When Eisenhower was elected president we were producing oil 24 days of every month," said Claude Brown of McCamey at a meeting of Kennedy-Johnson campaign workers in Robert Lee Monday night.

"Now at the end of his eight years in office we have only eight producing days, and that's going to be the year's average," Mr. Brown continued.

Mr. Brown, successful independent oil man and a prominent West Texas Democratic leader, laid the blame on the big companies who have not been forced to reduce their imports of crude oil. The President has authority to cut the imports, Mr. Brown said.

The McCamey man is certain that the much discussed 27½ percent depletion allowable tax reduction will be continued if the Democrats remain in power.

### HUGHES TO ARMY

Ronald Hughes, son of Mr. and Mrs. J. F. Hughes, reported to Abilene Monday for induction into the Army. He was sent to Fort Hood to await further instructions.

Hughes is a 1957 graduate of Bronte High School and is married to the former Jan Sharp, daughter of Mr. and Mrs. Wilson Sharp. They had been living in Midland where he was employed with Harkness Exploration Company.

Mrs. Hughes will remain in Bronte until her husband finishes basic training, at which time she plans to join him.

## City Accepts Bid of \$129,527 on New Sewer

Bronte's city council in special session Wednesday morning accepted the bid of Clyde Construction Co. of Odessa to build the city's sewer system. Bids were opened and read at a meeting Tuesday afternoon, but minor revisions required that acceptance of the bid be postponed until Wednesday. Total amount of the accepted bid was \$129,527. The bid

was accepted and contract will be let subject to approval of the State Department of Health.

Four bids on the construction job were received, with more than \$52,000 difference in the low and high bids.

Clyde Construction Company's bid before the revisions were made was \$132,314. Other bids were:

H. D. Gillis, Abilene, \$140,765.70; R. B. Hodgson & Co., Midland, 165,566.55; and Shifflett Bros. Construction Co., Abilene, \$184,242.32.

A representative of Scott Engineering Co. was here for the bid opening and after it was found that the low bid was approximately \$3,000 more than the city has to spend on actual construction, some minor changes in plans were made to lower the cost. The engineer assured councilmen that the changes would not lower the efficiency of the system, nor would quality of materials be sacrificed with the changes.

One item which will lower the cost is for the city to do its own fencing around the treatment plant. Another saving was made when manholes were spaced further apart. The engineer said that he expects to be able to make other savings which will lower the cost even more when the lines are actually laid out.

A representative of the successful bidder said he expects to begin construction in three or four weeks and construction time is expected to take a minimum of 15 weeks and not more than 20 weeks.

The city has a total of \$148,092 to spend on the sewer, \$135,000 in bond money and \$13,092 in the form of a federal grant to use in constructing the treatment plant.

Most of the balance between this figure and the \$129,527 low bid will be spent paying engineering fees, bond fees, etc. Part of the money has also been set aside for fencing, for payment of a resident engineer's salary during construction, and interest on the bonds the first year.

Awarding the contract for sewer construction is a climax of many years work by a great number of Bronte citizens who have been working toward getting a sewer system for many years. The way was paved for building the system last spring when local residents approved \$135,000 in bonds by a vote of 168-78.

## Rites Held Here For Seborn Bell, 77

Funeral services were held Sunday afternoon at 3 p. m. from the Church of Christ for Seborn Bell, 77, brother of G. C. Bell, Joe Wolf, local Church of Christ minister, and Rev. Bledroe, Methodist minister from Coleman, officiated.

Burial followed in Fairview cemetery under the direction of Clift Funeral Home. Pall bearers were Howard Brock, Leslie Lammers, C. B. Webb, Hiram Brock and J. B. Parrish.

Mr. Bell, a bachelor, resided in the home of a sister, Mrs. Gerald Swann, in Coleman and had been ill for several months. He died at noon Saturday, Oct. 16.

He is survived by two brothers, G. C. Bell of Bronte and R. M. Bell of San Angelo; and two sisters, Mrs. Swann of Coleman and Mrs. Lillie Williams of Longbeach, Cal.

## Homecoming Set For November 4

School officials announced this week that plans are underway to have the annual Bronte School Homecoming Friday, Nov. 4, in connection with the Trent football game at the local field.

The student council will be primarily in charge of the affair, with committees to be named at a later date.

The Trent football game is a district tilt and promises to be a good game. It will begin at 7:30 p. m.

More details will be announced in The Enterprise as they become available.

## Longhorns Bow to Tough Hermleigh Cardinals

The Bronte Longhorns met their match and then some last Friday night when they journeyed to Hermleigh to oppose the Cardinals. The Hermleigh team defeated the Longhorns 23 to 0.

The Longhorns from the time of the opening whistle were unable to stop the heavier boys from Hermleigh. Local pigskin authorities say the Cardinals outweighed the Longhorns about 19 pounds per man.

Bronte received the opening kickoff but were unable to make a first down. Hermleigh took the punt on their 39. On the second play from scrimmage, James Vernon, the Cardinals' fleet back, took the ball and racked 70 yards for a touchdown. Vernon also ran the extra points to make the score 8-0. Bronte was allowed to run only four more plays during the first quarter. The Cardinals carried the ball to the 1½ yard line in 13 plays and had the ball there when the first quarter ended.

On the first play of the second

period, Joe Paty went the 1½ needed for the TD. The running conversion ran the score up to 16-0.

After taking the kickoff, the Longhorns got to going pretty well, but a fumble gave the Cardinals the ball on their 42 yard line. During the coming four plays Hermleigh was penalized a couple of times and did not make their first down. Forced to punt, the Cardinals kicked to the Bronte 17 where it was 1st and 10 to go.

A couple of exchanges of the ball took place before the end of the half. Hermleigh was on the Bronte 2 yard line when the whistle ended the first half.

Tommy Boecking kicked off for the Longhorns to start the second half of play. The Cardinals fumbled the ball and Bronte recovered. Two plays were nullified by a 15 yard penalty and a fumble, which gave the Cardinals the ball. The Cardinals marched down the field but were stopped after getting inside the Longhorn 20. Bronte took

over the ball and a fine pass from Arrott to Kenneth Shaver gave the Bronte lads a 1st and 10 on the 50. Unable to gain the necessary yardage in 3 tries, the Longhorns tried a 4th down pass only to have it intercepted. Five plays later the Cardinals had a 1st and 10 on the Bronte 33 yard line and the third quarter ended.

Four plays after the start of the 4th period, the Longhorns recovered a Cardinal fumble. Trying desperately to tally, the Longhorns were attempting to eat up the yards with passes. Their first try was intercepted by Wall, however, who went all the way to the double stripe and a TD. The extra point kick hit the goal post but was good. Score was 23-0.

This play ended scoring for the night. The Longhorns put up a good battle and made some good paying plays, but were never able to seriously threaten. The ball went over three times before the end of the game.

## ABSENTEE VOTING NOW IN EFFECT

Absentee voting for the Nov. 8 General Election started Wednesday of this week, and will continue through Nov. 4.

County Clerk J. L. Tinkler received the Coke County ballots from the printers Monday. Persons who expect to be away or unable to get to the polls on Election Day are privileged to vote absentee.

They may call in person at the court house on or before Nov. 4 or make application for an absentee ballot by sending a written request to Mr. Tinkler.

It's a large ballot this year with six columns under the headings: Democratic, Republican, Constitution, Prohibition, Independent and Write-In.

Four proposed amendments to the state constitution also are to be voted upon and are listed at the bottom of the ballot.

**CITIZENS OF TOMORROW** — Top left are the two daughters of Mr. and Mrs. Wayne Arrott of Orient. They are Diane, 4, and Susan, 6 years old. The next young lady is Ginger Murtishaw, 9 year old daughter of Mr. and

Mrs. J. I. Murtishaw. Bottom left is the Murtishaws' son, Johnny, who is 11 years old. Next are Joe B. Simpson Jr., 4, and Sherri Denise Simpson, 1½. They are the children of Mr. and Mrs. Joe B. Simpson.

Mr. and Mrs. George Braswell spent Sunday in the home of their son, Eddie Braswell, and family in Sterling City.

## BROOKSHIRE BROWSINGS

By Mrs. Herbert Holland

I guess the highlight of the week in this community was the big rain and hail received late Saturday evening. Tops of several houses were badly damaged and some fields of cotton were also heavily damaged by the hail. Some residents said they had 3 inches of rain Saturday and had received 7 to 10 inches since Friday.

Ricky Lynn is the name given the baby boy of Mr. and Mrs. Bobbie Ray Keeling. The youngster was born Monday, Oct. 10, in a San Angelo hospital. He weighed 6 lbs., 9 oz. Grandparents are Mr. and Mrs. Bill Keeling and Mr. and Mrs. Doyle Wheeler of Mozelle. Bobbie is employed at M System in San Angelo.

Visiting recently with Mr. and Mrs. Bill Keeling were Mr. and Mrs. L. E. Patterson of Edgewood and Mr. and Mrs. D. L. Childress of Stamford. They are cousins of the Keelings.

Mr. and Mrs. O. B. Cook and Mary of Fort Worth came Saturday and spent the weekend here with Mr. and Mrs. G. L. Cook and Jay and Mrs. Ruth Cook.

Mrs. Sloan of Christoval spent one day this week with Mrs. Charlie Brown.

Mr. and Mrs. J. C. Boatright were supper guests Wednesday night of Mr. and Mrs. Gene Halamicek.

Visiting Mr. and Mrs. Herbert Holland Wednesday evening were Mr. and Mrs. Bill Keeling and Mr. and Mrs. H. H. Holland of Bronte.

Mrs. Charlie Brown was hostess to the Tennyson Quilting Club last Thursday at her home.

The Herbert Hollands went to Big Spring Saturday and spent the weekend with Mr. and Mrs. James Holland and family.

Friday night the Hollands attended a 42 party at Klattenhoff community center.

Norben Alexander of San Angelo was out at his farm Saturday. Charlie Curtis of near Victoria was with him and they visited friends in the community. Charlie is here visiting the Bill Alexander family and other relatives in San Angelo.

Mrs. Bert Hester spent the weekend in Sherman with her daughter, Mrs. Bill Iske, and family.

Mrs. James Scott and children of Ozona spent the weekend here with her parents, Mr. and Mrs. Rob Springer.

J. C. Boatright, J. B. Arrott, Doyle Gleghorn and O. G. Loudamy went fishing near Coleman Saturday. They had bad luck, running into heavy rains and losing all their fishing tackle. They did manage to save their boat.

Mr. and Mrs. J. C. Boatright visited Mr. and Mrs. C. H. Hester

and Luther in Bronte Monday night.

### 42 Party

The "Jolly 8 Club" met Monday evening at the home of Mr. and Mrs. George Coleman. Progressive 42 was played and Mrs. Herbert Holland got high score. Bert Hester was high for the men. Mrs. Bert Hester and Rob Springer were low. Refreshments were served to the Springers, Hollands, Hesters and the hosts, Mr. and

Mrs. Coleman.

Mrs. James Lee and Judy attended the State Fair in Dallas last weekend.

Mr. and Mrs. J. C. Boatright and Mr. and Mrs. T. G. Gleghorn attend the Bronte-Hermleigh football game Friday night at Hermleigh.

Mr. and Mrs. Willard Caudle visited Mr. and Mrs. Verlin Oates

and Mary Sunday in San Angelo.

Mrs. Ruth Cook, who is visiting her sister, Mrs. G. L. Cook, and family, visited another sister, Mrs. B. D. Arthur, in San Angelo Wednesday, returning here Friday.

Homer Clark of Big Spring spent the weekend here with his parents, Mr. and Mrs. Jim Clark. Mr. and Mrs. Willie McNutt of Miles visited them Sunday night.

**UNCLE HUIE from HOG CREEK says**

DEAR MISTER EDITOR:

I was reading a piece in the papers the other day that done me a heap of good. The National Institute of Drycleaners reports that 55 percent of all the spots and stains they take off ties and shirts is caused by gravy and food. When I was a boy everybody tied his napkin around his neck at the table. This report from the cleaning folks proves that we was putting it at the right place.

In these days, if we see some feller tie his napkin around his neck you'll hear snickers all over the place. The napkin was invented to help a feller keep his tie and shirt clean. He can still wipe his mouth and hands with it tied around his neck, but I claim that a feller can wipe his hands or mouth on the table cloth or his shirttail a heap better'n he can keep those gravy spots off his tie without the napkin around his neck — where it belongs.

We had a right good session in town Saturday. The fellers covered the situation world-wide as usual and my neighbor brung up the subject of used cars. He allows as how them second-hand car dealers gits the best ads in the daily papers. He claim you can't read one of them ads without thinking you're gitting a real bargain. He figgers that sooner or later everybody will come to that type of advertisin, especially farmers and ranchers.

Per instant, he said, a feller will run a ad saying, "Slightly Used Mules fer Sale, New Tractor Makes

it Possible to Offer These Mules Practically as Good as New."

Another feller said he might even put in there "25 Miles To The Bale of Hay. Good Soles All The Way Round." And another guy joined in, said since he'd gone that fur, he might add, "Hydramatic Plow Lines." But all was agreed that no matter how fancy you fix up a ad fer a mule, you'll still have to use "Gee" and "Haw" to git any service out of him.

Somepun come up about running the household and one feller announced that he wore the pants at his house. He probably does— after his old lady tells him which pair to put on. Made me recollect the story about the feller that set out with 100 chickens and two horses, to give a chicken to the wife if she was boss, a horse to

the man if he was the boss. After he'd done give away 90 chickens he come to a house where the man said he was boss. He asked the feller which horse he wanted, the gray one or the black one, and the feller said he'd take the black

## Coke County Commissioners Court

# Progressive Business and Civic-Minded People of San Angelo and Vicinity

This department has been worked up largely as a reflection of public opinion. No person has written about themselves or their business. All articles have been compiled by a representative of The Bronte Enterprise as he saw conditions. These people are all leaders in their various lines of endeavor and the co-operation of those citizens of San Angelo who helped make this department possible is sincerely appreciated.

## CARROLL LAND

Carroll K. Land, the manager of the Concho Valley Electrical Co-Op Incorporated, located at 207 North Main, has won the universal respect and good will of the people of San Angelo and the surrounding country for the progressive manner in which he has kept the electric co-op in the forefront of the business and industrial life of this entire district. Also for the efficient and friendly willingness he has displayed in accepting his share of responsibility in aiding civic projects.

Mr. Land is not the kind of man who makes himself conspicuous by the manner in which he conducts himself, either in business or other matters. Yet, his quiet reserve and air of confidence mark him as a man of sound judgment whose opinions and advice are sought after and listened to with respect.

We compliment Carroll Land for the successful management of the Concho Valley Electric Co-Op, and also for his constructive advice and help on those civic affairs in which he has found time to interest himself. He is a man whom many are proud to call friend.

## GUST F. RAKAGIS

We wish in this edition to pay tribute to Gust F. Rakagis of the Charles Open Kitchen Drive-Inn, located at 1315 North Chadbourne, for his many services to the city of San Angelo, and his splendid record of achievements in the business life of the city.

Mr. Rakagis probably has as wide a circle of friends as any other man we could name, because he is just naturally the kind of man who makes friends with almost everyone, and always conducts himself in such a manner as to deserve the respect and good will of all who know him. San Angelo is fortunate in being able to number, among its more progressive business men, citizens of this type.

He is always ready and willing to lend his support to the promotion of any project which promises to benefit this entire district.

He may be depended upon, and his services to the people are too many in number to be described here. It may be sufficient to say that we consider Gust Rakagis an asset to the community, and a progressive business man of whom his city may be proud.

## MRS. MERLE THOMPSON

A restaurant operator of San Angelo who has based her success upon the belief that the public will appreciate good food, well prepared and appetizingly served, is Mrs. Merle Thompson of the Little Mexico Restaurant, located at 423 South Chadbourne, whose many friends and customers by their daily patronage of this popular eating place, attest to the soundness of her policy.

It is not only because of the successful management of the Little Mexico Restaurant that Mrs. Thompson has come to be recognized as an asset to the community; but it is also because of her policy of "looking ahead," and endeavoring to sponsor or take part in those community activities which will, in some manner, benefit the

city of San Angelo and the people as a whole. She is another of those citizens who has shown her appreciation for her success by a willingness to contribute of her time and efforts to the promotion of community projects.

It is such women as Mrs. Merle Thompson whom we are privileged to include in this review, and to publicly give her due credit for her success in business and civic affairs.

## BYRON HOFFMAN

We take pleasure in this San Angelo review to call the attention of our readers to one of the more progressive oil producers of this district. That personality is Byron Hoffman of Hoffman Brothers, whose office is located in the San Angelo National Bank Building, who is rendering a valuable service to the oil producers of the state.

The production of petroleum in this section has been one of the greatest single factors in the growth and progress of San Angelo and this district, and Mr. Hoffman is a man who has taken an important part in many phases of oil field activities.

He is a resident of San Angelo, and has a large circle of personal friends throughout this entire district. He is also a man who has considered his civic responsibilities in a serious manner, and is always ready and willing to help in the promotion of any project which promises to benefit the city and this district.

We congratulate Byron Hoffman for the part he is playing in the development of the petroleum resources in this part of Texas, and we wish him many more years of successful operations.

## THE PERSONNEL OF LUTHER TRANSFER & WAREHOUSE CO. INC.

In mentioning some of those men and women who are taking a progressive part in the evolution of the business and civic life of West Texas, we would be censored if we failed to include the entire personnel of the Luther Transfer & Warehouse Company, Incorporated, with offices in San Angelo, Midland, Del Rio, Snyder and Odessa.

They are those solid type of citizens whose fairness and friendliness and sincere desire to be of service, are accountable for a large measure of the outstanding success of this reliable firm. And as time goes on, their personal interests have become more closely interwoven with the business and civic affairs of their communities. As a result they have quite naturally, become accepted as citizens who can be called upon, and who will cheerfully do their part to further the development of those activities to which they are best fitted to lend assistance.

The personnel of the Luther Transfer & Warehouse Company have, by the conduct of the business, and by their attention to civic affairs, earned the friendship and good will of their fellow citizens. They are to be complimented for their activities, and we only express the desire of their many friends and associates in wishing them all continued success.

## B. F. HAYES

San Angelo owes much to those progressive citizens who have taken an active part in the growth and progress of the city, and who have helped to make it the business center for this section of West Texas. In mentioning some of these men, it is only fair to include B. F. Hayes, whose office is located at 2307 West Twohig, whose outstanding knowledge of the cement contracting business, backed up by his many years of experience, has brought him to the forefront in his particular field.

Mr. Hayes is wholly deserving of our sincere praise, and these few words of commendation are but a just recognition for the many activities he has conducted on behalf of the general welfare of the community.

The honest and successful conduct of his business affairs is not only a reflection of his character, but has also been a strong factor in maintaining him in a position of leadership in his field of endeavor.

We trust that B. F. Hayes will continue to serve the people of San Angelo and the surrounding area for many years to come.

## JOHN R. DAVES

In bestowing credit upon some of those progressive business men of San Angelo, who in one way or another, have contributed their bit to improve both business and civic conditions, we wish to publish a few words about John R. Daves of the John Daves Chevron Service Station, located at 1931 Sherwood Way.

Mr. Daves has set a standard for himself and the operation of his business that, under present existing conditions, has been very difficult to maintain. However, that he has done so is proved by the large volume of business which his Chevron station continues to handle, much of which is due to his unceasing attention to detail, and his ability to cope with new and unexpected problems.

John Daves is also civic-minded and has, when asked, cheerfully cooperated on those civic activities to which he has been able to lend assistance. He more than deserves the respect and good will which he has earned, and we and his friends are confident that he will continue to maintain his usual integrity and high standards.

## RICHARD M. FIELDER

In compiling this review of progressive San Angelo business men, we have endeavored to select those citizens, who, by the manner in which they have conducted themselves and their businesses, have earned for them positions of leadership in the various fields of activities. Such a man is Richard M. Fielder of the Lindsay Soft Water Company, located at 1914 North Chadbourne, who is well known and has many friends and satisfied customers throughout this entire district.

Mr. Fielder's main interests have not been solely confined to his own business and private affairs, but have also included his contributions, in one form or another, to those projects of a civic nature which come within the scope of his activities.

Richard Fielder is a man of wide experience whose exploits in the business and commercial life of San Angelo and vicinity merits more than a passing attention, and the writer is privileged to pay this brief tribute to a man who well deserves more credit than is accorded him here.

## R. P. LEE

Successful business and professional men as a rule, show their appreciation of their success by their often repeated demonstrations of civic pride. This is a fortunate fact. Otherwise a city would be lacking in that progressive element which advocates and develops various projects of a civic nature that are indicative of a progressive community.

And R. P. Lee, well known and completely reliable livestock dealer, whose office is located at 310 North Adams, is a man who has never failed to lend a hand when it comes his turn to help on some worthy project promoted for the general betterment of the city of San Angelo and the adjacent territory.

Mr. Lee takes a genuine pleasure in this method of showing his appreciation for his success, and in so doing recognizes his civic responsibilities to the community.

It is such men as R. P. Lee who become acknowledged leaders in both business and community activities, and we compliment him on having attained that position in his city.

## FLOYD BUTLER

Floyd Butler of Butler's Boat & Repair Shop, located at Lake Nasworthy, authorized Scott Outboard Motors, sales & service, has a well earned reputation for progressiveness because he has consistently forged ahead in his business, never letting up in his efforts to make the service he renders to the people more valuable. This invariable policy has made Butler's Boat & Repair Shop outstanding in its field, a fact that is well known to the public throughout this entire area.

But Mr. Butler has accomplished much more than just making a success of his business and private affairs, and we take this opportunity to pay tribute to him for devoting what time he could spare to the general welfare, not only to the city but this entire district as well.

It is such men as he, who are both successful in business and appreciative of their civic obligations that are deserving of recognition. We take pleasure in publicly giving Floyd Butler the credit for his accomplishments which his friends and associates have so long accorded him.

## W. E. KIMREY SR. & JR.

Due to the efforts of a group of wide-awake business men, the city of San Angelo has attained a dominant position in the commercial life of this section of Texas. And two men who have justly earned credit for being progressive members of that group are W. E. Kimrey Sr. and Jr., of W. E. Kimrey & Son Construction, located on Sonora Route, and 109 Churchill Blvd.

It is because of the successful operations of such a business as theirs in that the city of San Angelo has earned the reputation of being one of the more progressive cities in this area.

The Kimreys have been conspicuously successful in spite of the fact that they have repeatedly neglected their own private affairs to devote a part of their time and efforts to the successful promotion of civic projects.

It is considered a privilege to include Mr. Kimrey and his son

in this San Angelo review and to publicly give them credit for their success in business, and for their many contributions to the general welfare of the city.

## JAMES W. HALL

In compiling this review of progressive San Angelo business men, it is fitting that we should include some of those men who, by their aggressiveness, have definitely established themselves in the business and civic life of the city.

Such a man is James W. Hall of the Kirby Vacuum Company located at 1524 West Beauregard, who also deserves an additional word of praise for being more than just successful. He is a consistent and enthusiastic booster of the community, and in his way has done much to advertise the city.

Mr. Hall has pursued the progressive policy of stepping up his business ahead of the times, thus setting a pace for which he has earned the reputation of being a go-getter who does not sit back and wait for the business to come to him.

We are glad to pay tribute to James Hall, and to point out to our readers that his sincere desire to be of service, coupled with his aggressive methods are largely responsible for the standing of the Kirby Vacuum Company throughout this entire area.

## REAGAN HENSON

Because this is a period of growth and expansion for San Angelo, those progressive business men who had the foresight and ability to lay their plans so as to be able to take advantage of those conditions, are entitled to more than ordinary acclaim. We are therefore, glad to pay tribute to Reagan Henson of the Aluminum Body Works Incorporated, located at 501 North Main, and 114 East 5th, for he has become a well known figure in the business and industrial life of the city.

Mr. Henson's persistent optimism and steadfast belief in the continued future prosperity of the people of San Angelo and vicinity are characteristics which are deserving of our highest praise.

Reagan Henson has also always shown a willingness to do his part in civic advancement and has contributed his bit, in one form or another, to projects promoted for the welfare of the city. We believe that a business man of this kind is entitled to our sincere praise, both because he has achieved success in his private affairs, and because he is willing to contribute to the public good.

## VICTOR L. GORDON

Every progressive and successful business man in San Angelo contributes in some manner to the growth and progress of the city. And a man who is always willing to do his part in both civic and business activities is Victor L. Gordon of the Gordon Plastics Manufacturing Company, located at 128 East 5th, who is well known and has many friends and business associates throughout this entire district.

The prominent part that the Gordon Plastics Manufacturing Company is playing in the business and commercial life of San Angelo and vicinity mirrors the progressiveness and ability of such men as he. Moreover, Mr. Gordon has also at all times been steadfast in his devotion to the city and the surrounding country, and on many occasions, has lent his support to the successful promotion of meritorious civic projects.

San Angelo and this district are fortunate to have such a man as Victor Gordon in a position of responsibility and service, and this newspaper feels that it merely reflects public opinion in paying tribute to one of the city's more progressive business men.

### H. B. POE

In critical times such as these, it takes business men of more than average ability to carry on their operations successfully. In making this statement, the man we have in mind is one of San Angelo's more dependable farm equipment dealers, H. B. Poe of the Farm Equipment Company, located on the Ballinger Highway, authorized dealer for Allis-Chalmers Farm Equipment, Post Office Box 308, and phone 6040. He has a wide circle of personal friends and business associates scattered throughout this entire district, many of whom reside in our own community.

His contagious optimism and freely expressed belief in the assured future prosperity of the people of San Angelo and its metropolitan trading area are characteristics which are to be appreciated in a progressive business man. He has always taken an interest in community affairs, and has shown a willingness to shoulder his share of the civic load.

It is such men as H. B. Poe who, because of the successful conduct of their business and private affairs, and their willingness to contribute to the public good who are wholly deserving of a few words of commendation. It is a pleasure to include him in this group.

### MR. AND MRS. E. G. ROEGELS

Mr. and Mrs. E. G. Roegels are two of the more successful restaurant operators of San Angelo who, by maintaining a constant standard of service and high quality foods has made the Cattle Trail Cafe, located at 840 Culwell, one of the more popular eating places in the community. We are glad to give them credit for their well-earned success in a field which is so highly competitive.

It is also a pleasure to give them credit for taking part in community affairs, and lending their assistance to various activities and public projects. When to take part in such matters they always do so without ostentation, but in a quiet manner which lends dignity to their cheerful acceptance of their share of the civic load. It is a pleasure to be associated with two such people as the Roegels'.

This review of progressive and civic minded citizens of San Angelo would not be complete were we fail to include Mr. and Mrs. Roegels. Theirs is the kind of success which deserves recognition, and we wish them many more years of the same.

### CLYDE SHELBY

To serve the public honestly, efficiently, and cheerfully is the basic foundation many progressive business men of San Angelo have found to be the shortest route to success. In making this statement, the man we have in mind is Clyde Shelby of the Tile Shop, located at 1308 West Beauregard. The popularity and patronage enjoyed by his many services accentuates the ideals of courtesy and efficiency which he has consistently applied in the management of his business, and in the servicing of its patrons.

The conduct of such a business, and the men who operate them have done much to make San Angelo the business center for many miles around, and it is fitting that we give credit where credit is due to such men as Mr. Shelby for his part in the onward progress of the city. In doing so, we are merely putting into words the opinions of those who know him.

Clyde Shelby has earned his success by the method in which he has served the public, and accepted both civic and business responsibilities, and we wish him every success in the future.

### C. J. CROCHET

Logically a man who has earned the reputation of being one of San Angelo's more dependable bicycle sales and service dealers would in so doing, have earned the friendship and good will of a great many people throughout this entire district. A man who justly deserves that distinction is — modest, efficient, friendly C. J. Crochet of the C. J. Crochet Cycle Shop, located at 1715 West Avenue N, authorized Schwinn Built Bicycles, sales and service, who numbers many of our readers as some of his best customers.

Mr. Crochet is the type of man who would be an asset to any community, not only because the successful conduct of his business plays a definite part in the general civic scheme, but because the ultimate measure of his value to the city and this district lies in the fact that he is untiringly zealous and remarkably successful in the promotion of civic progress.

It would be difficult to estimate the actual dollars-and-cents value of such a man to his community. We congratulate the people of San Angelo for numbering among their more progressive citizens such a man as C. J. Crochet, and we also express the wish that he will enjoy many more years of success.

### JAMES AND AGNES CLEVELAND

James and Agnes Cleveland of the Skating Rink of San Angelo, located at 316 North Baze, who cater especially to church and school groups and parties, are two of those progressive type citizens upon whom the community depends a great deal for leadership in business or other matters. They are also civic-minded and have, in the past, and no doubt will continue in the future to give more of their time and energy for the welfare of others than themselves.

They are the kind of people who make friends, and friendships once formed by them are never broken by an unfriendly act on their part, and they spare no efforts in order that their services to the surrounding area shall be more dependable.

The Cleveland's have never been known to inject themselves into a situation for the mere purpose of gaining publicity. However, they proceed in a calm and unostentatious manner, and accomplish their objectives with a quiet dignity. We do not hesitate to recommend Agnes and James Cleveland to our readers as good examples of the more progressive type of business people who have aided in the growth and development of San Angelo and the surrounding country.

### BURNEY HENSON

In singling out some of the more dependable business men of San Angelo, we would be censured should we fail to include Burney Henson of the Burney Henson Trucking Company, located at 801 North Jackson. He is a man who never spared himself in his participation in both the business and commercial activities of the city.

Mr. Henson has always been conscious of his civic responsibilities, and is ever ready and willing to meet in every detail those opportunities which come to his attention to further civic enterprise. He may well be proud of his achievements along these lines.

Burney Henson deserves a great deal of credit for the honest and successful manner in which he has conducted his business affairs. He is a friendly and likeable personality, whose sincere desire to be of service has gained him a host of friends and acquaintances in and around San Angelo who would, if given the opportunity join us in wishing him many more years of continued success.

### H. W. WATSON JR., AND J. W. BADGETT

In every community there are a number of business men who can be pointed out as having taken a three-fold part in the onward progress of their city. Two well known business men of San Angelo who belong in this category are H. W. Watson Jr., and J. W. Badgett of the Watson & Badgett Machine Shop, located at 33 East Concho.

Their leadership in their line of business is recognized throughout this entire district and their furtherance of civic activities and support of those organizations whose main objectives are directed along lines of civic betterment and community progress is well known to their immediate associates.

Mr. Watson and Mr. Badgett are men who are equally well liked and respected by their intimate friends and their associates. They are loyal to the community, thankful for their success in business, and have shown their appreciation by their contributions to various civic movements of benefit to the city.

We congratulate J. W. Badgett and H. W. Watson Jr., for being good citizens, progressive business men, and boosters of San Angelo.

Mr. and Mrs. Pete Nutter visited last week in Greenville with their son, Bob Franklin. He is sports editor of the Greenville Herald.

Mr. and Mrs. Wendell Gideon spent the weekend in Abilene visiting their parents. Mr. Gideon also attended National Guard meetings.

## KNOW YOUR VOTING RIGHTS!

We feel that all legal voters of Texas should know-

No matter how you have ever voted . . .

Or in which primary you voted . . .

Or if you voted . . .

Or how your poll tax receipt is stamped . . .

You CAN vote for any candidate of any party on the November 8 ballot.

For Democrats who value the ideals and true aims of the Democratic Party, the only choice is Nixon and Lodge.

## Phone with the built-in switchboard

Here's a phone designed to play a big role in business offices. Right in this single instrument are all the conveniences of a telephone switchboard. Six push buttons give you complete control over all incoming and outgoing calls. You can select any of five lines — talk on one while holding calls on others — "buzz" your secretary — or use the phone as an office intercom. Lights in the buttons tell you which lines are busy, which are free.

Our "phone with the built-in switchboard" is another example of how General Telephone works to make the telephone a more convenient and valuable instrument of communications for everyone. Call or visit our Business Office and learn how little it costs to have the "switchboard" service of a push-button phone.

Officers Elected at Farm Bureau Meet

New officers were elected at the annual Coke County Farm Bureau Convention that was held at Robert Lee High School last week.

Bill Hamilton of Blackwell was elected president, Delmir Shepard, vice president and Mrs. Clarence Arrott, secretary-treasurer.

Directors for Coke County Farm Bureau are Finis Harmon, Oscar Kresta, Lum Lasswell, Joe George Wilkins, J. B. Robertson, W. H. Braswell, Austin Sandusky, Walter King and LeDrew Arrott

The convention began with a barbecue in the lunch room of the Robert Lee School. More than 100 members and guests attended the affair.

The business meeting was conducted in the school auditorium. Mrs. Jeff Dean brought an entertaining musical program to the convention. Members of the Robert Lee 5th and 6th grades presented numbers from Rogers and Hammerstein musicals.

The resolution committee presented its recommendations to the convention to be voted on to carry on to the State Farm Bureau Convention, and if the policies are adopted, they are to be presented to the National Convention.

County, state and national policy recommendations stressed economy and efficiency in government. The committee, headed by Ulmer Bird, specifically recommended dispensing farm surpluses for use in all major disasters.

It was also recommended that a fixed percent of the Federal Income Tax collected in each state be left in each state for school funds.

Mrs. I. M. Cumble is in Houston visiting her son, Irving Jr., and helping to care for her grandchildren. She is expected to return home soon.

OIL PAGE IN THIS PAPER

Attention of Enterprise readers is invited to the full page which is being run in this issue giving facts and figures on the oil business in Coke County. This page shows the allowable and production in various fields of the county for 1958 and 1959. A small increase over 1958 production is shown by the 1959 figures.
