Vol. 42

BRONTE, TEXAS, NOVEMBER 24, 1960

No. 47

**MASSIVE CONSTRUCTION** — Forty tons of fabricated steel is hoisted into place at the big West Texas Utilities Co. generating plant at Oak Creek Lake north of Bronte. The section which is being lifted by the crane is one section of a Wor-

thington condenser. The section was set on the basement floor and welded before being placed under the pedestal on the left. Standing on the right is J. N. (Pete) Green, WTU resident Engineer, who is keeping a close watch on operations as the heavy

equipment is being moved. Plans call for the installation of a 75,000 kilowatt reheat generating unit which will make the plant the second largest in the WTU system. Ultimate capacity of the plant will be 225 KW. Photo courtesy WTU

## PTA Annual Carnival Is Big Success; Net Profit Is \$963.12

Three beautiful queens reigned at the PTA-sponsored Fall Festival last Saturday night following an evening of fun for everyone who attended the carnival. The evening proved profitable to the PTA, with a net profit of \$963.12 being made.

Melissa Lee, daughter of Mr. and Mrs. Royce Lee, was queen of the primary division, and her king was David Bell, son of Mr. and Mrs. A. E. Bell, Jr. Queen of Bronte Elementary school was Cathy Miller and king was Douglas McCutchen. They are the children of Mr. and Mrs. Richard Miller and Mr. and Mrs. Calvin McCutchen. High school queen was Linda Taylor, daughter of Mr. and Mrs. Horace Taylor. Her king was Jack Bailey, son of Mr. and Mrs. Jack Bailey.

The coronation of queens was the highlight of the evening. Winners in the queens' races were kept secret until the last minute, when they were pointed out by the Snow Fairy.

Most of the carnival visitors began their evening of fun by enjoying Mexican food which was served in the school lunchroom. Many booths and games were set up for the entertainment of the crowd, and most of them proved popular.

The list of queen and king candidates included the following:

First grade: Ann Ivey and Gene Glenn; second grade: Melissa Lee and David Bell; third grade: Mary Jane Morrow and Larry Butler; fourth grade: Ann Miller and David Guernsey; fifth grade: Catherine Miller and Douglas McCutchen; sixth grade: Diane Sissom and Wayne Carlton; seventh grade: Josephine Flores and Tony

### Arrott Fourth In Area Scoring

Dee Arrott, Bronte's star backfield man, was rated fourth in number of points scored this season by the Abilene Reporter-News in their area season round-up. Actually, Arrott made as many touchdowns as the three leaders of the area, but they outstripped him on extra points. He made 104 points during the season.

Larry Robinson, another sparkplug in the Bronte backfield, was No. 15 in the area with his 80 points.

Joe Paty, the whiz from Hermleigh, was first with 110 points; Don Jones of Trent second with 108; and Kenneth Thetford of Graham, third with 107.

Olivas; eighth grade: Peggy Corley and Jerry Lee Gunn; ninth grade: Linda Taylor and Jack Bailey; tenth grade: Johnnie Sims and Rudy Phillips; eleventh grade: Dana Eubanks and Dee Arrott; twelfth grade, Deannie Allen and Larry Robinson.

Eddie Glenn was master of ceremonies and music was furnished by Carolyn Glenn. The three elves who came on stage before the coronation ceremony were Sally Reyes, John Hudson and Billy Christopher. The fall flowers were Linda Dunklin, Nita Gayle Phillips and Jan Magness, while the autumn leaves were Terry Richards, Richard Smith and Mike Arrott. Bennie Carol Oglesby was the snow fairy.

PTA President Foy L. Moore turned in a financial report on the carnival which showed that the annual affair was an outstanding financial success. The queen's race grossed \$727.75 and expenses amounted to \$33.85. The Spanish Room, booths and other entertainment features grossed \$1081.58. Of this amount \$200 was a loan for use as change and overhead amounted to \$288.46, leaving a net profit of \$593.12.

Each class was given half of the amount it raised in the queen's

## City to Observe Thanksgiving

Bronte business firms for the most part will close for a holiday Thursday, Nov. 24, in observance of Thanksgiving. Cafes and service stations are the only business firms which will remain open.

Most Bronte people will visit friends or relatives or have visitors themselves.

No special observance has been planned by Bronte churches or other organizations during the day. Many organizations have already had Thanksgiving parties.

The annual Turkey Day ball game between Texas University and Texas A & M will be telecast over KPAR-TV at Sweetwater, giving local residents a chance to witness that game. Some other lesser lights in the football world have games scheduled for Thanksgiving. Regional playoff between Hermleigh and Baird will be held Thursday night at Sweetwater.

Bronte Schools will dismiss classes at 2:30 p. m. Wednesday and will resume Monday morning,

Nov. 28, at the regular hour. This will give students a four day holiday. Supt. C. B. Barbee said that report cards, covering the second six weeks of work, will not be issued this Wednesday, as usual, but will be handed out Monday.

Many Bronte young people will be home from various colleges and universities over the state.

Officials of the Department of Public Safety have issued their usual holiday warning to motorists to exercise caution during the holiday weekend. Heavier than usual traffic is expected to increase the weekend death toll to automobile accidents.

### Last Rites Held In Bronte for J. D. Luttrell, Sr.

Funeral services were held Saturday at 3 p. m. at First Methodist Church in Bronte for J. D. Luttrell, Sr., Bronte pioneer and longtime gin operator. Conducting the services were the Rev. Bob Grimes, pastor of the church, and the Rev. R. W. Blackmon, pastor of the Kickapoo Baptist Church. Burial was in Fairview cemetery, under direction of Cliff Funeral Home.

Mr. Luttrell died Friday, Nov. 18, in Bronte Hospital after a long illness. He had been unable to be up and around for about three months.

James David Luttrell was born Jan. 15, 1879, in Dunnville, Kentucky, the son of W. T. and Hannah Luttrell. He moved to Texas with his family while still a youth, settling in Williamson County. The family moved to Bronte in 1898 and Mr. Luttrell had lived here since that time.

Mr. Luttrell was married July 16, 1902, to Miss Jenny Lou Williams. She died March 8, 1931. On Sept. 30, 1933, he and Miss Miranda Mobley were married. She survives him.

Mr. Luttrell was in the cotton ginning business in Bronte from 1912 until 1952, when his health forced his retirement. He and J. L. Keeney were partners in the business for many years. In addition to the Bronte gin, Mr. Luttrell, at various times, owned an interest in cotton gins at Norton, Sanco, Eldorado and Midland.

Mr. Luttrell was the second oldest member of the First Methodist Church in terms of years of membership. He helped organize the church and build the old wooden structure which was torn down when the present building was constructed several years ago.

He was a trustee of Bronte School for nine years and served as Bronte's mayor many years ago.

Survivors include his wife, one son, J. D. Luttrell Jr. of Bronte, one daughter Mrs. B. D. (Elsie) Mackey of Bronte, one brother, A. C. Luttrell of California, two sisters, Mrs. J. L. Keeney of Bronte and Mrs. Pearl LaBaume of Dublin; seven grandchildren and four great-grandchildren. One daughter, Mrs. Mabel Glenn, died six years ago.

Pallbearers were Howard Brock, Ernest Cox, Barney Modgling, Robert Forman, E. F. Glenn and Vernon Lammers.

### JUNIOR HI BASKETBALL

Bronte Jr. High boys and girls basketball teams played in Blackwell last Thursday night, both teams getting the short end of the scoring.

Blackwell Jr. High boys beat the Bronte boys 48-13, while the Bronte girls suffered a 44-13 loss to the Blackwell girls.

### LIONS DINNER

Joe Smetana, Safety director for Texas Farm Bureau, gave a short talk at the regular Lions Club meeting November 17.

### HIGH SCHOOL BASKETBALL

Bronte High School girls will play their first basketball game of the season next Tuesday night at 6:30 p. m. at Blackwell. Both the A and B teams will play.

### Pantomime Artist Here Dec. 3rd

Charles Taylor, high school language teacher of Ozona, and widely known pantomime artist, will present a program Saturday night, Dec. 3, at the Bronte School auditorium. The program is sponsored by the Bronte Band Boosters Club.

Taylor, who has made TV appearances in many places including Chicago, San Antonio and Tyler, presented two numbers at the school carnival last Saturday night. A highly entertaining program is promised by Band Booster officials. Proceeds will go into the fund for new uniforms for the Longhorn Band.

### FRANK KEESEE INJURED

Deputy Sheriff Frank Keesee sustained a broken neck last week. The injury occurred while he was helping with the Brucellosis testing of cattle.

Keesee expects to be released from the Bronte Hospital later this week and will have to wear a neck brace for several weeks.

Visitors in the Keesee home have been a son, Ollie Keesee, and family of Baird, and a daughter, Mrs. Ruby Collins and children, Deborah and Randy, of Concord, Calif.

UNCLE HUIE from HOG CREEK says

DEAR MISTER EDITOR:

I see by the papers where some feller has writ his Congressman asking fer Thanksgiving to be changed from Thursday to Friday. He says this would give the working man three days off in a row, while now he gits off Thursday, and has to come back to work Friday.

From a practical standpoint, the idea ain't bad. I reckon we could change a heap of dates and make it a easier world. Fer instant, we could change Income Tax Day from April 15 to February 29 and save three year of misery. But as a matter of principle, I'm agin monkeying with tradition. I hope the Congress just leaves Thanksgiving where we got it.

Well, Mister Editor, I'm mighty thankful this Thanksgiving fer a heap of things. First off, I'm thankful I ain't as hard to please as my neighbor down the road. He said he didn't vote fer either Nixon or Kennedy, said he didn't like the farm program of either one of them. He allows as how

he's waiting for a candidate to come along that'll offer control of the weather.

Coming right after a national election, I'm special thankful that we not only got free speech in this country but that we ain't got no law making us listen to some of it.

I'm thankful, not only fer all the new wonder drugs we got to prolong human life, but I'm thankful fer the progress we've made in other fields of science. My pore old Grandpa, fer instant, never knowed what hit him when he come down with tired blood. Grandma never knowed the thrill of shaving the fuzz off'n a peach with a electric razor and neither of 'em ever had a chanct to count the A's and B's coming through the stomach valves.

It would be a better world if all of us would be more thankful fer the things we've got and less bitter over the things we ain't got. We need more of the spirit of that ole lady that got up at a church revival meeting and said, 'I ain't

### County Agents News Column

By **STERLING LINDSEY**  
County Agricultural Agent

The initial test in Coke County in our move to receive certification as a modified certified brucella free area should be completed by the first of December. If the present rate of progress continues, there is little doubt that work will be completed by then—about two weeks ahead of what we had anticipated.

This has been possible only because every one concerned has given their complete cooperation—the contact men lining up herds, the bleeders taking samples, the newspapers in publicizing the program and the operators whose cattle are being tested by being prepared when called upon to submit their cattle to the test. Just as in all major undertakings problems have arisen, deviations have had to be made and plans slightly changed, but the unity of action overshadows the problems encountered up to this writing.

Work completed through Thursday, November 17, reveals the following facts and figures on the program: 4276 head of cattle in 203 herds out of a possible 5380 head have been tested — 79.48 percent. Thirteen herds of the 203 tested contained a total of 26 reactors — a herd infection percentage of 6.40 percent and animal infection percentage of .61 percent. Among the 13 herds with reactors, 38 suspects were found and 13 additional suspects were found in 10 non-reactor herds — a total of 51 suspects and 26 reactors in 4276 head of cattle in 203 herds thus far examined in the county. Also 510 heifers have been vaccinated.

As the percentages stand with the above findings, Coke County would fail to be certified on the initial test. Removal of reactors and clean up testing should see the county approved in short order should we fail on the initial test. Nevertheless, we are hoping for

no more reactors and certification with the initial test.

We promised to mention any restrictions that there may be under the program regarding movement of cattle within a county in the process of cleaning up and/or the movement of cattle to another county. Dr. Sousares tells us that there are no restrictions on cattle movements within a test area.

However, if possible, they desire that movements be limited due to the fact that it complicates testing with the area. If you have plans to move cattle to an area outside of our county there are no limitations if you move the cattle to a non-clean area or if you do not stop enroute in an area that is clean. If you wish to move cattle to a county that is already clean, then it will be necessary for you to have your cattle tested that you desire to move. Also, he states, it will facilitate movement if the truck or hauler is given a bill of lading stating the cattle have been tested, were found clean, are being shipped to a certain location and other pertinent information regarding the movement. If you provide the hauler with this information, then no problems should arise.

Dewey Luckett underwent minor surgery on his right arm Monday morning in a San Angelo hospital. Grady Vest and Grady Louis Coulter spent Sunday deer hunting near Brady.

### Coke County Has 606,888 Acres in Farm Land

The 1959 Census of Agriculture, conducted in Coke County last fall, counted 337 farms, according to a preliminary report just issued by the Bureau of the Census, U. S. Department of Commerce. Total land in farms was 606,888 acres. The average size of farms was 1,800.9 acres. The average value of farms (land and buildings) in the county was \$62,331.

Of the county's farm operators, 179 owned their farms, 87 owned part of the land and rented additional acreage, and 70 were tenant farmers.

The average age of farm operators in the county was 54.6 years. There were 79 farm operators 65 or more years of age.

Of the 337 farms in the county, 185 were commercial farms.

Detailed statistics on crops, livestock, equipment, etc., are presented in the preliminary report, with comparable statistics for 1954. Copies of the county report may be obtained for 10 cents each from the Bureau of the Census, Washington 25, D. C.

Weekend visitors in the J. R. Rasco home included her brother-in-law and sister, Mr. and Mrs. C. A. Farmer of Andrews and Mr. Rasco's nephew, Clyde Rasco and family of San Angelo.

### Local Officers Attend PTA Meet

Mr. and Mrs. Foy L. Moore and Miss Diane Dunklin returned Friday from the Nov. 16-18 state convention of the Texas Congress of Parents and Teachers. The convention, which had about 4,000 delegates in attendance, was held at Austin.

Outstanding speakers highlighted the three-day program. Among them was Gov. Price Daniel who brought greetings to the delegates.

Dr. Calvin H. Reed of the University of Nevada was representative of the National Congress. Dr. Evelyn Mills Duvall of Chicago, noted author and lecturer,

spoke on "What's Wrong with Families Today." Col. John A. Powers of Langley Field, Va., addressed the group on "Challenges of the Space Age."

Other parts of the program included panel discussions and workshops dealing with various problems.

Moore toured the state PTA office and University of Texas while in Austin. Mrs. Moore and Miss Dunklin visited the governor's mansion and other points of interest.

Guests in the Monroe Alexander home last weekend were TSgt and Mrs. James Sanker and girls of Big Spring and Mrs. Doris Conley and Linda of San Angelo.

### New Tax Exemptions

Mr. and Mrs. Ben D. Snead of Levelland are parents of a son, Ben Douglas III, born Monday, Nov. 21. He weighed 7½ pounds. The couple also has two daughters, Virginia Ruth and Julie Ann. Grandparents are Mr. and Mrs. B. D. Snead of Bronte and Mr. and Mrs. P. R. Griffith of Lovington, New Mexico. The father is employed by Pan American Oil Company in Levelland.

### ATTEND CHOIR CONCERT

Mr. and Mrs. J. T. Henry and Mrs. John Quinn attended a choir concert at Stanton last Friday night. Two high school and three college choirs participated in the program. Among the college groups was a Sul Ross choir of which Linda Henry, daughter of Mr. and Mrs. Henry, is a member. The local group was accompanied to Stanton by Mrs. Quinn's daughter, Miss LuAnn Presley, and her roommate, Miss Nancy Johnson, who are teachers in the Snyder schools.

The concert was part of the annual convention program of Texas Federation of Music Clubs.

### SAFETY PROGRAM GIVEN

Joe Smetana, safety director of Texas Farm Bureau, presented a safety program and brake-testing demonstration for the seventh through 12th grade students of Bronte School on Nov. 17.

Mr. Smetana proved that it takes more space than most people realize to stop a moving vehicle. Tests were made at different speeds and under different circumstances. He also showed the students a film on safety.

### Local News

SSgt and Mrs. James S. Hageman of San Antonio were here recently for a visit in the home of his parents, Mr. and Mrs. J. O. Hageman, and his brother, C. E. Hageman, and family. Sgt. Hageman has been receiving medical treatment at Lackland AFB hospital for the past three months. Other visitors in the Hageman homes were Mr. and Mrs. Woodrow Brunson, Mr. and Mrs. Larry Saunders, Mr. and Mrs. Bob Smith, Sam Hageman and Jimmy, Mr. and Mrs. James Henderson and family, all of San Angelo; Mr. and Mrs. Rance Brunson of Mertzon; and Mr. and Mrs. J. T. Hanna and Dwain Hageman, Bronte.

Visiting Mrs. M. A. Scott Monday were Mrs. Jo Dell Smith and two daughters of Deming, N. M., Mr. and Mrs. Billy Ray Whaley of California, and Mrs. Maurice Scott Thoming of Portland Ore. The ladies are Mrs. Scott's granddaughters. Mrs. Smith and Mrs. Whaley left Tuesday to go to Kilgore to visit their mother, Mrs. Gertrude Whaley, who has been ill.

ABOUT

## Christmas

Once again this year your friends, the merchants of Bronte, have stocked a wide selection of gift items for your consideration as Christmas gifts. They handle only quality merchandise because they know they will have to meet you most every day next year, and they don't want to be blamed with selling inferior goods. Of course, they offer courteous service and the personal touch you can't get in the big cities. Do all your Christmas shopping at home where your money goes back into our community—our schools, churches, charity drives, etc.

And while we're on the subject of you and your store, Mr. Merchant, may we remind you that The Bronte Enterprise is the best medium available for advertising your gift items to the people of the Bronte trade territory. More people of Bronte community read The Enterprise than any other publication.

# The Bronte Enterprise

# Progressive Business and Civic-Minded People of San Angelo and Vicinity

This department has been worked up largely as a reflection of public opinion. No person has written about themselves or their business. All articles have been compiled by a representative of The Bronte Enterprise as he saw conditions. These people are all leaders in their various lines of endeavor and the co-operation of those citizens of San Angelo who helped make this department possible is sincerely appreciated.

## JESSE M. AND MARTHA JAQUES

Jesse M. and Martha Jaques are two of the more successful restaurant operators of San Angelo who, by maintaining a constant standard of service and high quality foods, have made the Taxco Cafe, located at 817 North Chadbourne and Taxco Cafe No. 2, recently opened, situated five miles on the Big Spring highway, two of the more popular eating places in the community. We are glad to give them credit for their well-earned success in a field which is so highly competitive.

It is also a pleasure to give them credit for taking part in community affairs, and lending their assistance to various activities and public projects. When to take part in such matters they always do so without ostentation, but in a quiet manner which lends dignity to their cheerful acceptance of their share of the civic load.

This review of progressive and civic-minded people of San Angelo would not be complete were we to fail to include Martha and Jesse Jaques. Theirs is the kind of success which deserves recognition, and we wish them both many more years of the same.

## PAT STASEY

It is fitting in this review of progressive San Angelo business men that we acquaint our readers with the man to be credited with having maintained the Financial Industrial Fund Incorporated, located in Room 300 of the Petroleum Building, in the enviable position it holds in the business life of this area. That personality is Pat Stasey, the District Manager, whose genius for organization and for converting new ideas into actual deeds has played a vital part in the distinctive reputation which this reliable firm now enjoys throughout this entire district.

Mr. Stasey has found time, in addition to his business interests to give thought and energy to community projects. He is a citizen whose talents have been steadfastly devoted to the best interests of the city. He has been successful in his own business, and in the promotion of the general welfare of the community.

We are glad to pay this brief tribute to him, and to say that this district owes much to the many benefits which Pat Stasey and the Financial Industrial Fund have rendered to the people.

## J. M. AND D. D. MOOREHEAD

In bestowing credit upon some of those progressive business men of San Angelo, who in one way or another, have contributed their bit to improve both business and civic conditions, we wish to publish a few words about J. M. and D. D. Moorehead of Moorehead & Son Service Stations, located at 1425 North Chadbourne, and 101 East Beauregard.

The Mooreheads have set a standard for themselves and the operations of their business that, under present existing conditions, has been extremely difficult to maintain. However, that they have done so is proven by the large volume of business which

their Mobil stations continue to handle, much of which is due to their unceasing attention to detail, and their ability to cope with new and unexpected problems.

Mr. Moorehead and his son are also civic-minded, and have, when asked, cheerfully cooperated on those civic activities to which they have been able to lend assistance. They more than deserve the respect and good will which they have earned, and we and their friends are confident that they will continue to maintain their usual integrity and high standards.

## O. D. HARRISON SR. & JR., W. L. HARRISON AND KENT ELLIOTT

O. D. Harrison Sr., & Jr., W. L. Harrison, and Kent Elliott of the Harrison Roofing Company, located at 401 North Randolph, are four of those progressive business men who have always done their bit to maintain the prestige of the city of San Angelo as the leading trading center for this section of the state. They have always worked for the development of the city, and their many services are worthy of sincere appreciation.

Their well earned success as business men is easily understood, knowing as the people do their widespread reputation for the honesty which characterizes all of their business dealings. And it is a combination of technical knowledge, professional skill and business ability which have elevated these four capable men to positions of leadership in the roofing contracting business.

They are completely aware of their civic responsibilities, and are wide awake to the many opportunities for service, and are always ready and willing to lend their support to any project which promises to benefit the community as a whole.

We compliment the Harrison's and Mr. Elliott on their accomplishments, and wish them continued success.

## O. T. HADEN

It is appropriate that we include in this review of progressive San Angelo business men, O. T. Haden of the O. T. Haden Agency, located at 52 North Chadbourne, a well known real estate man of the city who is recognized as an authority on all farm and ranch real estate values.

Moreover, he not only has the reputation of being progressive, but also the added one of being a willing supporter of many community affairs.

Aside from his business activities, Mr. Haden has always shown an interest in the civic betterment and progress of the city, and has backed up his interest by his contributions to many projects which have benefited the city and the surrounding area.

His help along these lines has made of O. T. Haden a fine example of the kind of man we all appreciate. We congratulate and extend to him on behalf of all citizens interested in better progress, sincere appreciation for his contributions to the general welfare of San Angelo and vicinity.

## OMER A. DREILING

Every progressive and successful business man in San Angelo contributes in some manner to the growth and progress of the city. And a man who is always willing to do his part in both civic and business activities is Omer A. Dreiling of San Angelo By-Products Company, and the Dreiling Hide Company, located on the Veribest Road, who is well known and has many friends and business associates throughout this entire district.

The prominent part that the San Angelo By-Products Co., and Dreiling Hide Company, are playing in the business and commercial life of San Angelo and vicinity mirrors the progressiveness and ability of such men as he. Moreover, Mr. Dreiling has also at all times been steadfast in his devotion to the city and the surrounding country, and on many occasions, has lent his support to the successful promotion of meritorious civic projects.

San Angelo and this district are fortunate to have such a man as Omer Dreiling in a position of responsibility and service, and this newspaper feels that it merely reflects public opinion in paying tribute to one of the city's more progressive business men.

## ELIZABETH CROWELL

A city grows and prospers by reason of the public-spirited men and women who take an active interest in its development. San Angelo has its share of these progressive and civic-minded people, and one who is deserving of recognition is friendly, likeable Elizabeth Crowell of Elizabeth's Fine Foods, located at 115 South Madison, who provides bridal cloths for wedding receptions, as well as exceptional fine wedding cakes.

Her business ability, coupled with a sense of obligation to the public have been major factors in maintaining Elizabeth's Fine Foods in a position of leadership throughout this entire area. She not only in her business activities but also in her attention to civic duty, assumed an active part in community affairs.

Mrs. Crowell has always been ready and willing to contribute her time and energy to the promotion of any project promising to benefit the community as a whole. She has often sacrificed personal interests to be of assistance to the city, and her efforts are deserving of commendation and support.

We congratulate Elizabeth Crowell on her past achievements, which, in our opinion, indicate a similar successful career in the years ahead.

## JOE R. LEMLEY

Logically a man who has earned the reputation of being one of San Angelo's more dependable livestock dealers, would in so doing, have earned the friendship and good will of a great many people throughout this entire district. A man who justly deserves that distinction is — modest, efficient, friendly Joe R. Lemley, whose office is located in the Cactus Hotel. He has a wide circle of personal friends and business associates throughout this entire area.

Mr. Lemley is the type of man who would be an asset to any community, not only because the successful conduct of his business plays a definite part in the general civic scheme, but because the ultimate measure of his value to the city and this district lies in the fact that he is untiringly zealous and remarkably successful in the promotion of civic progress.

It would be difficult to estimate the actual dollars-and-cents value of such a man to his community. We congratulate the people of San Angelo for numbering among their more progressive citizens such a man as Joe Lemley, and we also express the wish that he will enjoy many more years of success.

## R. V. "BOB" MILLER JR.

We desire in this San Angelo review to call the attention of our readers to the well-earned position which R. V. "Bob" Miller Jr., reached in the business life of this section. During the comparatively short time he has been the manager of the San-Tex Advertising Company, located at 18 North Main, he has made many personal friends as well as having earned the good will of his associates for the straightforward manner in which he has conducted his business affairs.

Mr. Miller has worked hard to deserve the confidence which the people of the community have in him, and he continues to work hard to maintain in every way, that high standard which he has set, not only for himself, but for the operation and management of the San-Tex Advertising Company as well.

He has also shown a willingness to assist in every manner at his disposal in the growth and development of San Angelo, and is always ready to lend his support to civic projects. "Bob" Miller Jr., deserves our heartiest congratulations on his splendid record he has already established, and we sincerely hope for his continued success.

## JACK F. TURNER

Jack F. Turner has proved his progressiveness by constantly adding to and increasing the service which the Jack F. Turner Humble Products Service Station, located at the corner of West Beauregard and Van Buren, has extended to the people. The large volume of business handled by his Humble station proves that "service," to him, is not "just a word" but something to be rendered to the motoring public to the fullest extent of his ability.

In addition to his close attention to his business affairs, Mr. Turner was never a man to dodge his civic responsibilities, and help in those matters has always been cheerfully given.

He fully appreciates the value of good will, and has more than his share of that intangible commodity because of the manner in which he meets both business and civic obligations. He is a credit to the community, and is thoroughly established in the forefront of the business life of the city.

Jack Turner has many friends in and around the city, and it is a pleasure to bring him before our readers in this review of progressive San Angelo business men.

## E. D. BRIDGES

E. D. Bridges, the manager of the Tejas Motor Hotel & Restaurant, located at 5201 North Chadbourne, has won the universal respect and good will of the people of San Angelo and the surrounding country for the progressive manner in which he has kept this reliable hotel and restaurant in the forefront of the business, civic and social life of this entire district. Also for the efficient

and friendly willingness he has displayed in accepting his share of responsibility in aiding civic projects.

Mr. Bridges is not the kind of man who makes himself conspicuous by the manner in which he conducts himself, either in business or other matters. Yet, his quiet reserve and air of confidence mark him as a man of sound judgment whose opinions and advice are sought after and listened to with respect.

We compliment E. D. Bridges for the successful management of the Tejas Motor Hotel & Restaurant, and for his constructive advice and help on those civic affairs in which he has found time to interest himself. He is a man whom many are proud to call friend.

## H D Agent's News Dept.

By CAROLE L. HOOPER

The 4-H Electric Group met Monday, Nov. 21, in the courthouse Conference Room at 7 p. m. This was the second meeting of the year.

We have another new home demonstration club member for this month — Mrs. Frank Absher in the Robert Lee Club.

Are you planning to do a lot of sewing before the holiday season? Taking time to determine size and type best suited for you will save time later by cutting down on alterations needed. Less handling and fewer fitting problems will give a more professional look to your finished garment.

Use your bust measure as the

first key in deciding to size pattern you should buy. If your hips are large in proportion to the bust, it is better to buy a pattern according to the bust measure. Usually the skirt is easier to alter than the bodice. You will also need to measure your waist, hips and back waist length. Write down your measurements and compare with a standard measurement chart.

If you would like more information on buying patterns, check with my office and I will send you a copy of "How to Choose Your Patterns Wisely."

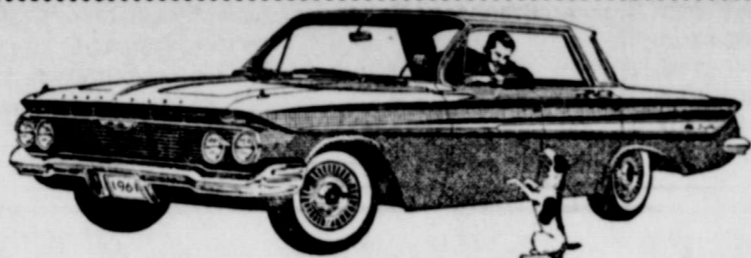

Guests in the Robert Herron home over the weekend included their son, Bill Herron, their grandson, John Robert Leathers, and Jim Eaves, all of Odessa.

race. The PTA netted \$343.00 from the queen's race. This sum plus the \$593.12 made from the carnival gave the PTA a net profit of \$936.12. An additional \$27 of cash donations made the net profit grand total reach \$963.12.

Moore said there may be a few unpaid bills which have not been turned in, but he did not think they would amount to much. He said that a large part of this money will be consigned to the purchase of new uniforms for the Bronte School Band. This is the PTA project for the year.

Moore said that he and other PTA officials are more than pleased with the results of the festival. He said "Our sincere appreciation for all the preparation, work, cooperation and help from all the patrons of the district and school." He asked The Enterprise to express the PTA's appreciation to all the committee and others who had a special part in the carnival. Paying a special tribute to Mrs. Darwin Scott, who was general chairman of the carnival, Moore said, "She was the key to the planning and success of the carnival and did a wonderful job coordinating all the phases of work."

Moore also pointed out that this is the second carnival during 19-60, the one for last school year being held in February. He said

In God is my salvation and my glory; the rock of my strength, and my refuge, is in God.—(Psalm 62:7)

Let us then daily affirm—not once but continually—that the only true and lasting happiness on earth is to be found in God and in serving Him; that in Him alone can we find the strength to bear life's inevitable sorrow and adversity; that in Him alone is the joyous peace we all seek.
