### Dr. Leonard to Be Included in Encyclopedia

Mrs. J. D. Leonard has received a letter from the American Historical Company, Inc., publishers of the Encyclopedia of American Biography, which requested she furnish them with information about her late husband, Dr. J. D. Leonard. The information will be included in a forthcoming book which the company is going to publish.

The letter said in part:

"It is our pleasure to announce that we plan to include in a forthcoming volume of our Encyclopedia a biography of your late husband, Dr. James Daniel Leonard.

"We request your cooperation in preparation of this article which we wish to be accurate and complete. We trust you will feel that it is a fitting tribute to his life of service.

"Our volumes have been an accepted authority on American biography nearly fifty years. They are the most factual and comprehensive records of American achievement. You will find them in use in the principal libraries and reference centers of the nation.

"You assume no obligation in furnishing this data, and we will appreciate your assistance in our effort to properly preserve the records of worthy Americans."

### J. A. PERCIFULL IMPROVED

Percifull and children of La Veta, Colorado, Mr. and Mrs. Noel Percifull of Abilene, Mr. and Mrs. Floyd Gravitt and children of San Angelo, Mr. and Mrs. F. P. Brasher, Jr. and F. P. Brasher, Sr. of Ranger, and Mrs. C. I. Pumroy of Logan, New Mexico

All teams in District 6-B start conference play this week. Bronte will host the defending champions, the Hermleigh Cardinals. The game will begin here at 7:30 instead of 8 p. m.

Coach Bob Howard said this week that his Longhorns have a

### BRONTE RECEIVES .7 INCH OF RAIN

Bronte area received .7 inch of rain Sunday night and Monday. Larger amounts fell in some parts of the county. Robert Lee reported three inches of rain, which gave Mountain Creek Lake a rise of eight feet.

Mr. and Mrs. Allen Bryan and girls of Sheffield visited her parents, Mr. and Mrs. G. D. Luckett over the weekend.

good chance to defeat the Cardinals, in spite of the fact that the squad is badly riddled with injuries. Several starters will be out this Friday, including Dee Arrott and Don Hester.

In pre-district play, the Cardinals have a slightly more impressive record than do the Longhorns. They have a 2-3-0 record compared to Bronte's 1-3-1.

In other games this week, Robert Lee will host Roby and Trent will play at Loraine.

### Last Week's Results

District 6-B teams fared badly last week, with Loraine the only member of the conference that won its game. Eldorado took Robert Lee 12-0; Wylie stomped Hermleigh 42-22; Loraine walked over Aspermont 18-0; Rotan went over Roby 29-6; and Trent was trounced by Ropesville 20-12.

## Roscoe Beats Longhorns, 25-14

The Bronte Longhorns came out on the short end of the score last Friday night against the Roscoe Plowboys, but they played a whale of a ball game and moved the ball at will during the first half. Evidently, a weak spot was found in Bronte's defense and the Roscoe lads were put wise to it at the half, for they showed a surprising change after intermission. Final score was 25-14, but 7 points of this were made in the waning seconds of the game, when the Longhorns evidently thought the ball game was over.

After the kickoff and a couple of short gains, Rudy Olivas made a long run on a reverse handoff which set Bronte up for a touchdown. Buddy Walker made another first down which placed the ball on Roscoe's 26. He then picked up 8 more yards, and on the next play, Charles Lee skirted the right side for the touchdown. Lee also ran the conversion, making the score 8-0.

Tommy Boecking kicked for Bronte, but Roscoe couldn't make the necessary 10 yards, so they punted, starting a see-saw of ball

exchanging which lasted through the remainder of the first half. Several good gains were made by Walker, Lee and Olivas, but not of sufficient yardage to be considered a threat.

### SECOND HALF

Boecking's kick started the second half of the ball game. It was returned to the 35, stopped there by Walker. Wayne Slaton then picked up 15 and a 1st down on the 50. On the next play Slaton got through the whole flock of Longhorn defenders and ran all the way to the end zone. A conversion run was no good. Score 8-6, Bronte.

Carreon booted the ball short on the kickoff, hoping to recover a Bronte fumble. The tactic didn't work, and Bronte took the ball on the Plowboy 47 yard line. Olivas pulled his well known reverse out of the hat on the second play of scrimmage, going all the way to the Roscoe 4. Lee carried the ball over on the next try. A pass conversion failed, leaving the score at 14-6.

Boecking tried the same trick that Roscoe employed on the pre-

## Odessa Man Found Dead Near Bronte

An Odessa man was found dead about 3 p. m. Tuesday in a locked car three miles north of Bronte. Law officers identified the man as James Wesley Phillips, 54, an oil field worker.

Conducting the investigation were Sheriff Melvin Childress and Deputy Jesse Parker. Justice of the Peace J. T. Liles ruled that the man died of suffocation, as the windows of the car were tightly shut and the vehicle was locked

from the inside.

Joe Ed Scott, Bronte butane dealer, found the body.

The car was stuck in the mud, caused by Monday's rain. The car ignition was turned to locked position and the car keys were found in the dead man's pocket. Tracks around the car matched the shoes Phillips had on. Officers said there was no evidence of foul play. Papers in the car indicated that Phillips was born in Comanche County, but was living in Odessa.

The body was brought to Clift Funeral Home in Bronte and after relatives had been located, it was moved to Stevens Funeral Home in Coleman where funeral arrangements are pending.

Survivors include three sisters, Susie Talley of Lampasas, Lela Barrington of Jacksboro and Willie Eldridge of Coleman, and one brother, Fred Phillips of Grand Prairie.

**UNCLE HUIE from HOG CREEK says**

DEAR MISTER EDITOR:

It's gitting so I know more folks in the funeral columns of your paper than I do in the wedding announcements. I ain't concealing the fact that I's gitting right on up there. I ain't like the wimmen this feller was writing about the other day. He said wimmen would go to "greater lengths to conceal their age than anything else." On account of this not being a very concealing generation fer wimmen, I'm pleased to note they got a little modesty in this direction.

But what I started out to say say I been in this troubled world a long time, including two world wars, two panics and several of their first and second cousins knowed today as depressions and recessions. Even a feller like me gits a little wisdom with the years and I figger, if you dig down to the grass roots of the situation in the world today, you got to come up with one answer. People living under Communism ain't got nothing to fight fer and we have. That has got to be the difference between us winning and them losing.

Fer instant, I was reading in the papers where Americans has kept piling up savings in Government bonds even during the unemployment. This report from the Treasury Department last week showed that at the end of June this year the holdings of these bonds was at a new high of \$44 billions. Sales of these bonds fer the first half of 1961 was 5 per cent ahead of last year and cashing in was the lowest in 6 year.

Us Americans has not only got freedom of religion, speech, assembly, the ballot, and all them other freedoms, but we own the Government and the country, got plenty to eat and wear, and has got \$44 billion stored away fer a rainy day. People living under Communism ain't got nothing, and secretly they know it, and when the chips git down people ain't going to hang together and fight very hard fer something under which they ain't got no rights and in which they ain't got no stock. If we git into a nuclear war

SHOP BRONTE FIRST

with Russia a heap of the world is going to be destroyed and you and me, Mister Editor, might not be here, but what's left of the world is going to belong to free Americans and our allies in the cause fer freedom. I'm as positive of that as I am that there'll be crabgrass in my patches next spring — atomic fallout or no atomic fallout.

And speaking of fallout and such things, I was reading in the papers the other day where this science feller from Yale claims a hole has developed in the Milky Way. I'm mighty glad to learn about it. A little ventilation in the world right now, special around Moscow, ain't going to hurt nobody.

Yours truly,

## County Agents News Column

By STERLING LINDSEY

Autumn, or as we usually say, the Fall, traditionally is the season of harvest, the period of transition from summer to winter and the time during which we gather to survey the year's accomplishments and make plans for the new year. Two local organizations of interest to many of you will hold their annual meetings in the near future. Jot the details down on your calendar and in your memory.

### Farm Bureau Meeting

Coke County Farm Bureau convenes at Bronte School lunch room next Monday night, Oct. 16, at 7 p. m. A good meal, meeting and program are in store. Ladies are requested to bring salads and desserts.

### Game Management Assn.

Coke County Game Management Association holds its annual meeting at the Bronte Park on Saturday, Oct. 28, at 5 p. m. Anyone interested in wildlife, its promotion and management will want to attend. Bronte Lions Club has agreed to prepare the meal. Wives are encouraged to participate in the organization.

If you have been contemplating basol spraying some mesquites using 2,4,5,T, the men in the know say hold off until three weeks after frost or until the trees are sure to be fully dormant. The trees are in a transitional period now that could cause your results to be disappointing.

If you basol treat mesquites during the dormant season, they

will perk out next spring, then die in the late spring or early summer. The operator who is pushed for time during the growing season, and who has mesquites to control, will find that basol spraying during the winter works nicely. Normally, when prospective growing conditions for trees looks as good as it does now, basol treatment gives very good controls.

Watch for rats and mice to begin their migration to better food supplies and shelter soon. They may have already started on some farms. As weather conditions become more severe and their food supply dwindles, self preservation puts them on the move. Unfortunately, your grain bin, barn or shed makes ideal winter quarters for them.

Begin now to clean up debris, loose grain where possible and unnecessary stacks of trash or materials. Also, patch up any points of entry that you can find. And then to add insurance, put out poison bait and check it occasionally to make sure you have it available in areas they frequent. Once they establish themselves, they are more difficult to control. They can be costly, destructive, and unsanitary.

Carolyn Glenn spent the weekend in Bronte with her parents, Mr. and Mrs. Clark Glenn. She was accompanied by a classmate at San Angelo College, Miss Kathy Duderstadt of Harper.

Mrs. Edna Scoggins and Mr. and Mrs. C. H. McKown and family, all of Lovington, New Mex., visited Mr. and Mrs. E. C. Seay and Mr. and Mrs. Bill McKown and family last weekend.

**Mr. and Mrs. Jim Clark Honored on Their 60th Wedding Anniversary**

By Mrs. Herbert Holland

Mr. and Mrs. Jim Clark were honored on their 60th wedding anniversary with an open house at the Clark home in the Brookshire Community. The affair was from 2 until 5 p. m. last Sunday and was given by the Clarks' children, grandchildren and great grandchildren. They are Homer Clark of Big Spring; Mrs. Herbert Holland, Brookshire; Herbert James Holland of Big Spring; Mrs. Cecil Lowry and Mrs. Rob Janson of Lubbock.

Others in the house party were Mmes. Carl Florence, Ballinger; Dee Foster, Gene Crenshaw and Ann Gartman, Big Spring; Bert Hester of Miles and Misses Jackaline Lowry, Lubbock and Vicki Holland, Big Spring.

Vicki Holland registered guests. Mrs. H. J. Holland served punch and Mrs. Cecil Lowry served cake squares. The three tiered white anniversary cake was centered with the numerals "60" and decorated with yellow confection roses.

Others assisting in the tea service were Mmes. Rob Janson, Gene Crenshaw, Carl Florence and Dee Foster.

The honoree and women in the houseparty wore white carnation corsages trimmed with gold bows and leaves.

The rooms were decorated with yellow mums. A large arrangement of yellow mums and marigolds on a white and gold base centered the tea table. The numbers "60" were in front of the arrangement and yellow streamers, carrying the inscription "Addie and Jim" went from the floral arrangement to gold candles and holders. A milk glass punch service was also used on the table which was laid with a yellow lace cloth.

More than 50 guests attended with out-of-town guests from San Angelo, Miles, Ballinger, Lubbock, Bronte, Tennyson, Big Spring and Andrews.

Mr. and Mrs. Clark were married Oct. 9, 1901 in Brown County, near Rising Star. They moved to the Brookshire community in January, 1910, and settled on their stockfarm, where they still live.

Besides their two children they have six grandchildren, H. J. Holland, Big Spring; Eugene Clark, Los Angeles, Calif.; Mmes. Ray Tatum, Cecil Lowry and Rob Jensen, all of Lubbock and Mrs. Richard Armstrong, Corpus Christi; and twelve great-grandchildren. The fourth generation were all present Sunday.

Mr. Clark, a retired stock farmer, was born Aug. 25, 1876 in Brown County. Mrs. Clark, the former Addie Toombs, was born Aug. 16, 1879, in Milam County.

couldn't go, and Lee made 4. The Longhorns gambled on a 4th and 1 to go situation and came through in fine shape with Walker making six yards.

On the next series the Longhorns couldn't move the ball, and Roscoe took over on Bronte's 44 yard line. The Bronte lads tightened up and after three tries Roscoe had to punt. It went over the goal line, giving Bronte a 1st down on the 20. Lee carried three times for a first on the 31. Olivas made 9, then two passing attempts fouled up the drive. On the fourth down try Lee couldn't make the needed nine yards so the ball went over.

Roscoe got off three plays before Slaton got loose to run all the way to the double stripe. Conversion kick was also good making the score 25-14.
