Royce Lee to Be Presented Eagle Scout Award

Royce Lee, son of Mr. and Mrs. Royce Lee, will be presented an Eagle Scout award Thursday at the noon meeting of the Bronte Lions Club. A court of honor will be held at the meeting.

Lions Secretary H. O. Whitt said this week that all members of the club are urged to be present for the court of honor and the Eagle award presentation.

Royce will be a freshman in Bronte high school next September. He was high student in his class this year and was honored at the promotional exercises. He was an outstanding player on the Shorthorn football team last season, and is expected to be a strong contender for a slot on the Longhorn team next fall.

Royce will be the second Bronte scout to receive the Eagle award in recent weeks. At a court of honor on May 7 the high scouting award was presented to Eddie Glenn, son of Mr. and Mrs. D. K. Glenn.

HI-JUNIORS LOSE ONE, WIN ONE PAST WEEK

The Bronte Hi-Junior League team lost their game last Thursday night to Wingate by a score of 4-2. The locals lost the game on errors. Manuel Reyes Jr. did an outstanding job of pitching for the team.

The Hi-Juniors played Ballinger here Saturday night. Score on that game was 7-4 in favor of Bronte.

Games coming up include Bronte at Wingate June 7 and Blackwell at Bronte June 9.

Wingate is currently leading the league with no losses. Bronte has one loss.

DALE LUCKETT HOME.

Dale Luckett returned home Tuesday night after spending two years in the army, the last 17 months of which were in Okinawa. He has been discharged from the army but will remain in reserve status for some time. He is the son of Mr. and Mrs. G. D. Luckett of Bronte.

WATER SAMPLES OKAY

Reports on four water samples from the city's public supply have been returned to B. D. Mackey, water superintendent. All of the samples were found to be free of harmful organisms. The samples were taken at Nita's Cafe, Cactus Cafe, Gulf Service Station, and Humble Camp.

Mr. and Mrs. Roy Robinson and family went to Midland last Tuesday to attend eighth grade graduation exercises at the Greenwood School. Their nephew, Rodney Robinson, was valedictorian of the class. Rodney's brother and sister, Don and Debra, returned home with the Robinsons for a week's visit.

funds of Precincts 2 and 4 and placed in the general fund before it can be turned over to the Bronte Fire Department.

Commissioner Howard Brock came by The Enterprise office Tuesday and reported that the action had been taken. He said the court had received a ruling from the attorney general's office which stated that the procedure agreed upon is the only legal way the funds can be transferred to the fire truck fund.

The 1963 budget will be set up and approved next fall and if the proposed contribution to the truck goes through as planned, the money will be made available at that time.

Contributions from individuals and firms with property in the Bronte area had climbed this week to \$1,534.12. Much more money will be needed when time comes to pay for the new truck, and members of the Volunteer Department urged that everyone get contributions in as soon as possible.

Contributions may be left at The Bronte Enterprise office or at the First National Bank.

Swimming Lessons Start Here June 18

Beginners swimming lessons will start at the Bronte swimming pool June 18. Eddie Glenn will be instructor for the courses this summer. He is at Athens this week attending an aquatic school, and studying life saving, swimming and safety. The lessons will cost \$1.50 for the 10 day course. All beginners (those who have had at least one year in school) should register early, since only one instructor will be available and only about eight students can be properly instructed in one class. It may be necessary to have more than one class.

Courses will be scheduled later in the summer for intermediate and advanced swimming classes. A woman's class will be scheduled if there is sufficient demand; also a preschool beginners class.

WOMEN'S SOFTBALL

Bronte Women's softball team won a close game at Winters Monday night 10-9. They will play a Roscoe ladies team tonight (Thursday) at 8 p. m. at the local park and will go to Ballinger tomorrow night for a game with their women's softball team.

Clean-Up Week Set for June 18-23 By City Council

A city-wide Clean-up Week for Bronte has been decided upon by the city council and proclaimed by the mayor for June 18 to 23.

During this period all residents of the city are urged to cooperate by cleaning up around their premises. A member of the council said that all details for picking up trash have not been worked out, but they will be announced in next week's Enterprise.

Fire Chief Bill Luckett said that if anyone wants to burn off vacant lots the fire truck will stand by to protect adjacent structures, etc.

Members of the council said the clean-up is being staged for a two-fold purpose: to improve the appearance of the city and to reduce fire hazards.

The council pointed out that a clean town, with well kept yards and lawns makes a better impression on passers-by, and there will be many of them during this vacation period, the members said.

Clark Funeral Held Monday

Funeral services for Mrs. Jake Clark, the former Luda Roberts, were held at 10 a. m. Monday in Ellis Funeral Chapel in Midland. Graveside services were held at 3 p. m. Monday in the Robert Lee cemetery with Tommy Williams of Stanton officiating. Mrs. Clark was a sister of Mrs. Joe Ed Scott of Bronte and the daughter of the late Eddie Roberts of Robert Lee.

Mrs. Clark died of a heart attack while taking a nap at her home in Midland shortly after noon Friday. She had been in ill health for some time and was to undergo surgery in Midland Tuesday.

She was born Luda E. Roberts May 12, 1922, in Robert Lee and was a graduate of Robert Lee High School. She moved to Midland in 1950 from McAllen. She was active in PTA and girl scout work and a member of the Church of Christ. Her husband is a Midland plumbing contractor.

Survivors include her husband; two daughters, Katie, 8 and Carolyn, 10, both of the home; a son, Edward, 13, also of the home; a brother, Burl S. Roberts of Paris, France; the sister, Mrs. Scott of Bronte; and her mother, Mrs. Viva Roberts of Odessa.

Miss Sherry Lee McCoullough of Midland is a guest this week of her cousin, Bennie Carol Oglesby.

Annual City Audit Published in This Issue

The annual audit of the City of Bronte is being published in this issue of The Enterprise, as is required by law. The audit covers money received and spent during the city's fiscal year, April 1, 1961, to March 31, 1962. Mrs. Helen Kirkland, city secretary, prepared the statement, and it was audited by B. D. Snead and E. F. Glenn, officers of the First National Bank in Bronte.

Compared to last year's statement, this year's audit shows the city in much better shape than it was a year ago. Last year on April 1, the city had more money on deposit than this year, but a big part of it was from sale of bonds to build Bronte's sewer system.

Operating funds this year total-

ed \$17,944.49 at the end of the last fiscal year, while the previous year's total was \$7,786.96. The audit shows the city's bonded indebtedness to be \$2,000 less than a year ago, as a payment in that amount has been made on the 1947 waterworks bond. At the time of the audit no payments had been made on the sewer system.

The audit shows that the city indebtedness to the Upper Colorado River Authority has been decreased by the \$8,400 which has been paid on the water line from Oak Creek Lake. Since the date of the audit, however, the city has borrowed and additional \$53,995.96 from the UCRA to finance the new half million gallon storage tank and some larger water lines.

Corley Wins Only Contested Local Race

Jack Corley was the victor in the only contested race in Coke County in last Saturday's Democratic runoff. Corley defeated Robert I. Brown for commissioner of Precinct 4 by a vote of 51-39. Other victors in the Coke County election were Don Yarborough over John Connally, by a vote of 310 to 305 in the race for governor; Preston Smith won handily over

James Turman for lieutenant governor, 477 to 143; Waggoner Carr over Tom Reavley for attorney general, 447 to 168; Woodrow W. Bean over Joe Pool for congressman-at-large, 359 to 236; Tom Ferguson over John C. Phillips for civil appeals court judge, 317 to 270.

Coke County followed the trend of the state in the races for lieutenant governor and attorney general, but not in the races for governor, congressman-at-large and civil appeals court judge.

The Bronte box didn't vote like the rest of Coke County in that it gave a majority to Connally and Phillips.

Complete returns on each of the races by boxes appear in other stories in next week's Enterprise.

Dog Vaccination Scheduled June 11

The Coke County 4-H Clubs in cooperation with Dr. Percy Turner, of Water Valley, will conduct a dog vaccination program on Monday, June 11. Three stops have been scheduled where pets can be taken to be immunized against rabies.

Dr. Turner will be available to vaccinate at Silver from 8:30 - 10:00 a. m., at the baseball field. The next stop will be at the show barn in Robert Lee during the period from 10:30 - 12:00 noon.

After lunch one and one-half hours will be spent at the park in Bronte. Dr. Turner will be there from 1:30 - 3:00 p. m.

The fee for the vaccination will be about the same as in previous years.

Gleghorn Services Held Tuesday

Mrs. Howard (Catherine) Gleghorn, 44, died Saturday morning in Santa Rosa Hospital in San Antonio. Funeral services were held at 10 a. m. Monday in San Antonio and at 11:30 a. m. Tuesday in Johnson's Funeral Chapel in San Angelo. Burial followed in Fairmount cemetery there.

Mrs. Gleghorn, daughter of L. V. Hall of San Angelo, was born Dec. 22, 1917, in Dallas. They had lived in San Antonio for several years. She was the daughter-in-law of Mr. and Mrs. T. G. Gleghorn of the Brookshire community.

Survivors include her husband in San Antonio; one son, Bill Tom Harlow of Chenuat AFB, Ill.; four sisters, Mrs. A. D. Bledsoe of Mereta, Mrs. Ray Beck of Lubbock, Mrs. Bob Land of Philadelphia, Pa., and Mr. Walter Gaston of San Angelo; and two brothers, Max Hall of San Angelo and L. V. Hall, Jr. of Belaire, Tex.

Bids to Be Taken On Two More Kickapoo Dams

A legal notice is being run in this week's Enterprise for the third and last time inviting contractors to bid on two more dams in the Kickapoo Flood Control Project. Bids will be received until 2 p. m. June 26 and will then be opened and read.

The two dams which will be included in these bids are known as Sites 3 and 6. Site 3 is on land belonging to Edward Rawlins and Site 6 is on property of Mrs. Edna Butner. The lake created by the structure at Site 6 will back water up on to the property of the late Tad Richards and that of Mrs. Irene Morrow. Sites 2 and 5 will come up for bids at a later date.

F. S. Higginbotham, chairman of the Coke County Kickapoo Water Control and Improvement District, the agency under which the dams are being built, said this week that work at Site 4 is about completed. The work on this dam and the one at Site 1 is being done by Lyles and Davis of Childress. Cost of the two structures was \$140,779.30.

The structure at Site No. 4 is on Pete McDonald land in the Fort Chadbourne community, and stores at flood 496 acre feet of water covering 74 surface acres of land; at storage level below the riser, 144 acre feet, covering 25 surface acres.

Site No. 1 is on Barton and Glenn Waldrop land and at flood impounds 1,008 acre feet, covering 168 acres of land surface; storage basin below the riser, 200 acre feet, covering 54 surface acres. Construction is under way on these two dams.

CAR WASH SATURDAY

A group of students will wash cars at the Bill and Charles Gulf Station and Ditmore's Texaco Station Saturday from 8 to 5. Money raised will be used to send the cheer leaders to school this summer. Next year's cheer leaders will be Johnnie Sims, Tricia Andrews, Janice Hester, Peggy Corley and Janet Caperton.

Buddy Walker and Jackie Corley left Wednesday for Dallas and Fort Worth. Jack has summer employment in Dallas and plans to enroll in SMU this fall. Buddy will visit his brother, Gene Walker, and family in Fort Worth and seek summer employment there.

UNCLE HUIE from HOG CREEK says

DEAR MISTER EDITOR:

I see in the papers where the Civil War is about to break out again between our Yankee and Confederate Senators in Washington. One Yankee Senator allowed as how the South, except fer her ancestry, cotton, football and the Miss America contest, didn't have much future. A Confederate Senator replied that if the North didn't quit trying to run the South's business, the Confederates was going to have to take another pot shot at Fort Sumter.

Such goings on in the capital of the nation! It's a great pity we ain't got more United States Senators and less Yankee and Confederate Senators in Washington. I recollect reading about a sign a feller in Florida had out in front of his tourist cafe. It said: "Confederate Cooking Yankee Style." Now there was a real diplomat, a feller that belongs in the U. S. Senate.

Sometimes I think all our Senators talks too much. I recollect onct, when somebody ask Cal Coolidge why he was knowed as "Silent Cal", said he had found out early in life that a feller never had to explain somepun he never said. I reckon that's good

advice fer all of us, especial the wimmen folks. My neighbor was telling the fellers in town Saturday about the time he took his old lady to the doctor and the doctor put a thermometer in her mouth and told her to keep it shut fer five minutes. He said them was the most enjoyable five minutes he ever spent, said he ask the doctor what he'd take fer that d-d-burned thing.

The fellers got around to discussing Liz Taylor last Saturday. On account of the language they was using, I'm mighty glad the good parson didn't drop by fer a spell. About the last we heard of him, he was getting ulcers and if he'd been there Saturday he would have got ulcers deluxe. According to some of the fellers, Liz has announced she ain't planning another marriage right soon. We allowed as how they wasn't much planning to her other four and we couldn't see how number five would need none. And that, Mister Editor, is about all they said about Liz that you could put in a family newspaper.

Well, politics fer the November elections has got started pritty good. If we got to have a drouth, this would be a good year fer it. With about half the crop work eliminated by a drouth, farmers and ranchers would have more time to spend on politics and the Government would have to worry less about the surplus. We got plenty of candidates around the country but not many real issues. It's like the cafe owner that told a customer "We ain't got nothing today but ham and eggs, but we can offer you a fine choice of waitresses."

Yours truly,
Uncle Huie

PARAMOUNT COOLERS

Yes! This famous Paramount 1000 c.f.m. evaporative cooler gives you up to twice as much cooling because of these patented features:

— Many coolers lose as much as 70% of cooling efficiency because dust, dirt and salts clog the filters. Patented No-Clog Sta-Fresh Filters are guaranteed clog-proof, assuring 100% cooling efficiency all summer long.

— Filters saturated with water become heavy and often sag and settle from the top, drawing hot, unfiltered, uncooled air into the cooler which may create as much as a 70% cooling loss. Patented Grip-Lock Filter Holders are guaranteed to prevent sagging and settling of filters assuring 100% cool, clean, filtered air.

— Without correct water trough adjustment, sections of the filters remain dry, resulting in substantial cooling loss and costly service expense. Patented Free-Flo Visible Water Troughs with external adjustment assure 100% saturation, and 100% cooling for the entire life of the cooler.

— Added feature—Patented Window Closing Attachment lets you close and lock your window. Eliminates entry of dust, rain and drafts into your home.
