## Rattler Bites Small Child, He's Doing Fine

Twenty month old Bart Wuemling was reported to be doing fine Tuesday following a rattlesnake bite Monday morning about 10. The son of Mr. and Mrs. Joe Wuemling, he was bitten on the foot by the snake at the home of Mr. and Mrs. W. H. Feil in Tennyson.

Mr. and Mrs. Wuemling are on a week's vacation trip from their home in Grand Prairie and were sitting on the front porch at the Feil home when the little boy started up the steps. He suddenly wanted his tennis shoes taken off and when the shoes were removed, the mark were evident just above his toes. He did not seem to be in pain at the time, witnesses said.

Mr. and Mrs. Wuemling and Robert Feil found the snake coiled just under the step and killed the 28 inch rattler. He had 6 rattles.

Bart was rushed to the Bronte Hospital and given immediate treatment. He expected to be released from the hospital Wednesday.

## AD-LIB-BEN

Mistakes in a newspaper are sometimes pretty funny and they are lots funnier when they happen to somebody else. Here is a series of little jewels we ran across the other day in an exchange, that were copied from a daily.

Monday the ad read like this: FOR SALE: R. D. Smith has one sewing machine for sale. Phone 958. Call after 7 p.m. and ask for Mrs. Kelly who lives with him cheap.

The Tuesday correction: We regret having erred in R. D. Smith's ad yesterday. It should have read: R. D. Smith has one sewing machine for sale. Cheap. Phone 958 and ask for Mrs. Kelly who lives with him after 7 p. m.

Wednesday: R. D. Smith has informed us that he has received several annoying telephone calls because of an error we made in his classified ad yesterday. His ad stands corrected: FOR SALE: R. D. Smith has one sewing machine for sale. Cheap. Phone after 7 p. m. and ask for Mrs. Kelly who loves with him.

Thursday: NOTICE: I, R. D. Smith, have no sewing machine for sale. I smashed it. Don't call 958, the phone has been taken out. I have not been carrying on with Mrs. Kelly. Until yesterday she was my housekeeper.

postal rates and further raises. planned for the future, an increase in the price of subscriptions, particularly those outside the immediate area, is considered likely. Subscribers are urged to take advantage of the special to get their papers extended before an increase becomes necessary.

Orders for subscriptions may be brought by or mailed to The Enterprise office, or they may be left with any Enterprise representative in surrounding communities. These representatives are Mrs. Charles Ragsdale at Blackwell, Mrs. Herbert Holland in the Brookshire community and Mrs. Jack Corley or Mrs. Tom Green in the Tennyson area.

## 4 Cars Damaged In Thursday Wreck

We, as the city's governing body, want to do what you want done on this matter.

We sincerely feel that the arrangement which has been worked out on the city hall bonds will be beneficial to the city as a whole, and all of us hope you will see fit to approve this bond issue.

As most of you know Mayor J. A. (Jap) Stephenson is ill in a San Angelo hospital. In spite of his illness it is Mayor Stephenson's ambition to see that the new city hall is built in Bronte. ## Modene Hail Flies to Germany

Mrs. William H. Hail, the former Modene McGuire, left Friday, July 6 at 9:27 a.m. for Germany. The daughter of Mr. and Mrs. C. E. McGuire arrived in Frankfurt, Germany at 11:10 a.m. on July 7, where she was met by her husband, Pfc. William H. Hail.

The flight was made on the KLM Royal Dutch Airlines. Her stops were Houston, Amsterdam and Frankfurt.

Hail has been in the Army since October 1961 and has been in Germany since last March. The son of Mr. and Mrs. G. G. Hail of Carlsbad, Hail is in the 82 Field artillery, 3rd gunnery division. The couple will make their home at Giessen, which is 35 miles north of Frankfurt.

## BRIVES DOWN MILES

Bronte Braves stayed in the winning column last Sunday when they downed a Miles team 12-9. The game was played at Miles. Matthew Basquez was the winning pitcher.

and a small kitchen. The north wing will contain a foyer for city customers, offices for the city secretary and justice of the peace, and two rest rooms. Large accordion type doors will open from the meeting room into the fire station, making the entire space available for large gatherings.

City officials decided to call the bond vote after their investment counselor, Jack Brown of San Angelo, told them they could raise money for the building with bonds or time warrants. He advised them that the bond route for financing the structure would be cheaper than time warrants, as bonds can be sold at a cheaper rate of interest.

Coke County has agreed to rent office space for a deputy sheriff and justice of the peace, as these are officials of Coke County. Presently the justice of the peace has an office on Main Street and the deputy sheriff has no office here.

Officials say that no tax levy will be necessary to retire the bonds, that the rental from the county, plus money now being paid for rent on the present city office will take care of the payments.

Noah Pruitt will be election judge; Mrs. Olive Keeney, assistant judge; Mrs. Noah Pruitt and Mrs. O. H. Willoughby, clerks. The election will be held at the city hall.

## Immunization and Birth Certificate Needed for School

Four teams are included in the league. Wingate presently holds first place, having lost only three games; Bronte has lost four; Ballinger, 5, and Blackwell, 6.

The two upcoming contests will be played on the local field. Thursday night the locals will play Wingate and on Saturday night they will meet Ballinger.

## Health Hints

By Dr. Charles E. Spears

### For Headache Sufferers . . .

Thousands of people are suffering from headaches. Some of them for many years have fought this annoying and painful hurting. Headache sufferers are continually treating the effect rather than trying to determine the cause of the trouble.

The human body can be healthy only if there is an uninterrupted nerve energy flow to all the tissue cells and organs. However, spinal misalignments may cause pressure on nerves, thereby interfering with the normal nerve flow to the various parts of the body. This nerve interference is the cause of such adverse symptoms as headaches.

If you are one of the vast multitude who suffers from headaches, you will save time and money and misery by using the services offered by your Doctor of Chiropractic. Remember, once the cause of your headache is corrected, normal health, other things being equal, will be yours.

Chiropractic adjustments . . . . . restore and maintain health.

**UNCLE HUIE from HOG CREEK says**

DEAR MISTER EDITOR:

As a general rule, them pamphlets we git from the Department of Agriculture don't call fer no deep meditation or prayer. But ever once in a while we'll git one that will stir up a little thinking.

Fer instant, the one I got last week was telling about a banker in Georgia inventing a gadget that'll reset the shafts on a cultivator to fit the different widths of crop rows. This gadget will do the job in 10 minutes instead of the two hours it takes now.

Just what a banker is doing meddling in the farm business, I don't know. But everybody else, including this feller Billie Sol Estes, seems to be getting into the act, so I reckon it's legal.

But anyhow, the time is coming when all you'll need to operate a big farm is a couple fellers that knows how to push control buttons and operate one of them computers.

The folks in the Agriculture Department has already proved by experiments that the only good you git from cultivating corn is weed control, and that you can now do this with chemicals, so unplowed corn fields will produce as much corn as them that is plowed or cultivated.

The reason I bring this item up, Mister Editor, is to wonder if we ain't fast coming to another major farm problem. What's going to happen in another 10 year to the thousands that is working on farms that won't be needed?

And I was reading the other day where power vehicles on the farm has replaced 29 million horses in the last 35 years, saving 70 million acres of hay that used to be needed to feed these horses.

Things is changing fast in agriculture in this country and sometimes I wonder if them Congressmen that's busy extending the New Frontier has took due note of these changes and made any plans fer the future.

And I see by the papers where a new invention in school houses has been noted. A school in Michigan is boarding up the windows fer next year. They claim this will keep the younguns from gitting distracted by outside things and that it's a very advanced idea in education. I'm agin it, Mister Editor. It won't work. Furthermore, if Johnny can't read and Johnny can't spell, like the newspapers is claiming, it won't be long under this new idea till Johnny can't even see.

Me and the old lady was dis-

cussing this new idea in education and she allows as how, windows or no windows, the real reason Johnny can't read is because Johnny, dad blast him, won't study. But my old lady is old-fashioned in these matters, Mister Editor.

Yours truly,  
Uncle Huie
