Vol. 44

BRONTE, TEXAS, SEPTEMBER 20, 1962

No. 38

**MAYOR TURNS DIRT** — Mayor J. A. (Jap) Stephenson turns a shovelful of dirt to start the ball rolling on building Bronte's new city hall. Long a pet project of the mayor, the

new city hall is now under construction. Left to right are Councilmen C. E. Bruton and Matthew Caperton, Mayor Stephenson, Councilmen Royce Fancher, and S. J. May, contractor on the job.

## Work Starts on New City Hall

Work is well begun this week on Bronte's new city hall. The construction was started last Friday by May's Construction Co. of Sweetwater, under the direction of S. J. May, owner of Oak Creek Village.

The new structure was approved by Bronte voters several weeks ago when they voted an \$18,000 bond issue to finance the city hall. It is being built immediately north of Bronte's new post office.

## Longhorns Improved in Spite of Defeat by Ozona Powerhouse

The Bronte Longhorns looked like a different team Friday night against Ozona from the one that played Rankin the week before. In spite of the fact that they took a 36-0 beating and suffered a number of injuries, they showed marked improvement.

A strong Ozona Lions team was held to two touchdowns in the first half and scoreless during the third quarter. The Longhorns made a touchdown in the second period but it was called back because of over-eagerness on the part of the local lads. The last

quarter was when the Lions ran hog wild and the Longhorns suffered most of their injuries.

Russell Brown threw an elbow out of socket on the opening play of the game and was missed in the Longhorn line for the entire

contest. Later injuries included a broken arm for Charles Coppock and a bruised arm for Royce Lee. Rudy Phillips was unable to go after the halftime because of heat exhaustion. Coach N. M. Curlee said Monday that all the boys with the exception of Coppock are expected to be back in the harness by the latter part of this week. Coppock will be out for the remainder of the season.

### First Quarter

Tommy Glenn Sims got off a nice kickoff to Pete Montgomery to start the contest. Montgomery, Villereal and Vargas all carried the ball for good gains down to the Bronte 12 yard line where Villereal fumbled the ball and Phillips recovered for the Longhorns. Wells got in a good run, up to the 28, but the Longhorns were penalized for clipping. Unable to make the necessary yards after the penalty, Sims punted and Montgomery brought the ball back to the 21. This series of plays took the ball up to the 2 foot line where it was 4th down. Vargas went over right tackle for the TD and a pass from quarterback Leroy Cooper to Vargas added 2 more points to make the count 8-0.

Robert Cox kicked to Malcom Johnson who brought it out to the 21. The Longhorns looked good, making three 1st downs in a row. Wells, riding behind Marshall Freeman and guards Rudy Phillips and Bob Strickland made good yardage on keeper plays and Johnson and Curlee were able to get through some nice holes in the outer fringes of the Ozona line. The Longhorns had carried the ball down to the Lion 21 yard line when the first quarter was over.

### Second Quarter

The Lions tightened up as the Longhorns threatened their goal line and the ball went over on downs at about the 20 yard line.

Moving the ball out to their own 44, the Lions were marching again when Vargas carried and was hit hard by end Jim Morrow. He was unable to hang on to the ball and Curlee recovered it for

## College Games to Show Next Week

A couple of college football films will be shown at the weekly meeting of the Longhorn Club next Tuesday at 7:30 p.m. Since the Longhorns are idle this week and will not have a game film to show, club officers have arranged for the movies.

Included will be pictures of the 1961 games between Texas and TCU and Texas and A&M. Royce Lee, president, also announced that a film showing the Texas-Mississippi game Jan. 1 in the Cotton Bowl will be shown at the club's meeting on Nov. 5.

At the Longhorn Club meeting Monday night, Coach N. M. Curlee reported on progress of his team and said that all the boys who received injuries in last week's game, with the exception of Charles Coppock, should be back in practice by the end of this week and ready to go next week against Rochelle.

Lee emphasized that all football fans in this area are invited to attend all Longhorn Club meetings.

## Health Hints

By Dr. Charles E. Spears

### CORRECTING THE CAUSE...

Because the work of the chiropractor is confined to the spine, many people have the idea that it is of value only in cases of nervous disorders.

However, most people do not realize that practically every disease of the human body is the result of an inability of the nerve trunks to properly carry vital force from the brain to the tissues involved.

Chiropractic is just as effective in cases of fever, stomach disorders, polio, high blood pressure, and various acute diseases to which patients are subjected, as it is in those cases that are specifically abnormalities of the spine.

Constipation is another common condition which readily responds to chiropractic care, and this response is obtained the natural way.

Your chiropractor can give you a reasonable, logical explanation of the cause of disease. Chiropractic deals with the correction of the cause of disease and does not treat symptoms or effects.

Chiropractic adjustments . . . . . restore and maintain health.

## LETTERS TO THE EDITOR

Dear Editor:

We recently had a man and his family move to Bronte who has been badly needed here for several months. We are referring to Elmer Hurley, who has opened up the pharmacy next door to the Bronte Hospital.

Since Mr. Patterson closed the pharmacy, we have had to go to surrounding towns to get our prescriptions filled. We are not complaining about the service we received from our neighboring towns, but it is mighty inconvenient, especially when you need medicine in a hurry, to have to drive out of town to get it.

Mr. Hurley has moved here, is building a new home for his family and has stocked his store with drugs. He wants to be a part of this community and wants to render a service to this community.

We believe that every person in this area would be doing a favor to himself to patronize Mr. Hurley and thereby make it profitable for him to operate his business here, and continue to serve us with his pharmacy.

We urge everyone to get copies of prescriptions or have Mr. Hurley do so and keep this business at home.

**UNCLE HUIE from HOG CREEK says**

DEAR MISTER EDITOR:

The older I git the more I'm certain that politics comes ahead of religion in the soul of a heap of professional poloticians. Fer instant, right now some of the old line Republicans is licking their chops over farm prices falling a little bit here and there. I know a heap of Republicans that would be glad to go broke and chase rabbits fer a living if this condition was brought on by a stomp-down depression during the Kennedy administration.

On the other side of the fence, the happiest Democrat politicians I have ever saw was during the depression in the Hoover administration. They was even trying to poison the rabbits to make things worse.

I know we got to have politics afore we can have free government, and I know we got some mighty good folks in politics, but we need more of that kind to put their shoulder to the wheel. Gitting good men to take a interest in politics is like the feller that sets back and enjoys a good roaring fire in the fireplace. He likes the fire but he ain't willing to help cut the logs.

Outside of politics, the news was a little dull last week. But I did note where them boys in the Pentagon building has done it again. A pay clerk in the Pentagon is now known as a "compensation specialist." It looks to me like everybody, as soon as they git to Washington, swallers the dictionary. I recollect back in 1944, when the OPA reduced the price on cabbage seed, they announced it in a bulletin that took 2,527 words. One of them Washington column writers counted 'em at the time. The Declaration of Independence ain't got but 1,321 words and I'm expecting any day now fer them broom closet boys in the Pentagon to git hold of it and enlarge it to New Testament size.

Another item in the papers that caught my eye last week was where the Fair Trade Commission ordered a girdle manufacturer to stop advertising that his girdles "slims you two inches." Their order allowed as how a "girdle can only change the configuration of the body by moving soft tissues up or down." The Government feller that wrote that line must be a first cousin to the feller that changed the name of broom closets in the Pentagon. What he was trying to say was that all a girdle can

do is squeeze the fat from hither to yonder.

And I was reading where the State Department says we have met with them Communists at one level or another 863 times since 1946, that 1,700 hours has been took up in talk at them meetings, and about 18 million words used. If you ask me, we're back where we started about 863 meetings ago.

But the item that made me throw my papers away and pick up the Bible was a Bank ad I noted in the Sunday paper. It said: "Start Now To Save Your Next Year's Taxes."

Yours truly,  
Uncle Huie

**Tough new '63 Chevrolet Trucks are here!**

**...THE ONES THAT WHIPPED THE BAJA RUN...TOUGHEST UNDER THE SUN... TO SHOW THE WORTH OF NEW ENGINES, FRAMES AND SUSPENSIONS!**

Sometimes the caravan crept along for hours in low gear. It took 17 days to go 1,066 miles! This is the road near Loreto.

Millions of years ago nature fashioned a proving ground for trucks that man can never duplicate. Today it is known as the Baja (bah' hah) California Peninsula, Mexico.

These pictures give you only a bare idea of the place. The road is fine for 140 miles below the U.S. border. Then the beating begins. Rocks and hard-baked ruts bang, jab and jerk the trucks from stem to stern. Loose sand makes them struggle and strain. Dust chokes them. Heat roasts them. Rivers drench them.

The Baja Run took this Chevrolet truck caravan 17 days to go the 1,066 miles.

All the trucks performed magnificently. Not one was forced to drop out because of mechanical difficulty.

Trucks that can take this kind of beating can take on your toughest truck jobs. Come in now and see tough quality-built '63 Chevrolet trucks with all their new improvements.

## Man against the sky

The telephone lineman is another active symbol of service at General Telephone.

He climbs a pole with spur-like "climbers" strapped to feet and legs, and is silhouetted against the sky held firmly by his safety belt.

With the tools hanging from his belt he installs new wires and cables, and repairs lines when storms, wind and ice damage them.

He is one of many folks at General Telephone who suggest the convenience of another telephone in your home, now that the busy Fall season is here. They save steps, are available in many colors, cost pennies a day. Call the Business Office now.

Here's why Martha puts laundry in the freezer

A woman's work, especially the ironing, is never done. Sometimes Martha just has to take time out for shopping or visiting during the day. But sprinkled clothes can't be left to sour or mildew! So Martha pops them into a plastic bag and into the freezer they go. When she gets back, they'll be ready for her to start ironing again. Isn't it amazing how many ways women have learned to use flameless electricity to make living better... and, it costs so little, you can use lots of it.

**FREEZER TIP...** Sprinkle your clothes and place in Freezer for about 10 minutes and they will be ready for ironing.

the Longhorns. The first play from scrimmage was the Longhorns' only touch-down play of the night. It was a pass from Wells to Curlee who outran his pursuers down the south sideline to cross the double stripe. An offside penalty was called and the play was called back for no score. With 15 yards to go, the Longhorns couldn't make it, so Sims got off a short punt which took a good roll down to the 30. Montgomery and Shackelford took turns carrying the ball and got it almost down to the goal line. Shackelford carried it over the double stripe. Cooper was swamped on the conversion pass try, and the score was 14-0. Johnson took the kickoff and ran to his 37 before he was brought down. Wells made 5, then Sims made 8 for a 1st in midfield. Curlee followed good blocking for 5 more yards just before the half ended.

**Third Quarter**  
Tony Olivas took the kickoff to the 37 before he was downed. The Longhorns were penalized 15 for illegal use of hands on offense. Unable to overcome this handicap, Wells punted, getting off a good kick that put the ball on the Ozona 25. This time the Lions were plagued with penalties and were faced with a 4th and 15

D. Dub Sims is continuing his yards to go situation. Cox got off a good punt, but it was called back and the Lions were penalized 5 more yards for offsides. Cox punted again, and Sims got to him untouched to block the kick. This gave the Longhorns the ball on their own 49.

Possession of the ball was short lived, however, as Well's pass was intercepted by Montgomery. Sanchez, Montgomery and Villereal carried the ball past the midfield stripe, then Montgomery got loose and went to the Bronte 8 for a 1st and goal to go. Villereal made 4 before the 3rd quarter ended. Score 14-0.

**Fourth Quarter**  
Six plays and 2 penalties later Montgomery went over the goal line to make the score 20-0. Cooper's pass to Mahon was no good for extra points.

Scrivner's kick was taken by Olivas back out to the 41. Sims carried for good yardage but fumbled the ball. Wells recovered for a gain of 2 yards. The Longhorns had to punt at the end of this series of downs and Ozona took over on their 17. From this point, it was the Lions' ball game all the way. Marching up the field, they made steady gains, and Montgomery went across the double stripe for a TD. Villereal went through center for 2 points and the score stood at 28-0.

The Longhorns were unable to keep the ball after the kickoff and the Lions received their punt about midfield. Once again they made steady gains, picking up good yardage on pass plays. Semmler went over from the 8 for the final touchdown of the evening and Houston carried for the conversion, to make the score 36-0.

The game ended after Ozona kicked off.
