

## Bronte Students Off Today for State Meet

Nine high school students and two teachers will leave Bronte Thursday afternoon for Austin where the students will compete in the state finals of Interscholastic League competition.

### One Literary Entry

Charles Coppock, who took first place honors in slide rule competition at the regional meet in Odessa, is Bronte High School's only entry in a literary event. He will

## Program on Sheep Improvement Set

Four authorities on various phases of sheep production will be on hand Friday at Robert Lee Park for a sheep improvement program. The meeting will begin at 1:30 p.m. and all persons interested in bettering the sheep production of this area are invited to attend.

James A. Gray of San Angelo, animal husbandman with the Extension Service will be the first speaker. He will give a demonstration on sheep selection programs.

At 2:15 p.m., there will be a shearing demonstration of selected animals, a wool preparation demonstration and comments on wool preparation practices. Taking part in this section of the program will be Gray; "Bull" Crawford, Mertzon warehouseman; and Guy Burton of Robert Lee, former wool buyer.

The last part of the day's study will be a talk and demonstration of sheep dog trials and use of the sheep dog by Herman Cassidy of Llano, president of the Texas Sheep Dog Association.

Nolan Pentecost of Sanco will be master of ceremonies for the program. Refreshments will be served "whenever you are thirsty," according to information released by the County agent's office.

A committee in charge of the program is made up of Pentecost, C. E. Arrott, Floyd Harmon, Connie Millican, Walter King, Bernard Petty, Joe Rawlings, D. K. Glenn, and J. P. Arrott.

## Student Council Runoff Today

The six jobs on the Bronte School student council were left without winners in an election Tuesday, and a runoff will be required in each of them. The five cheerleaders were elected in the Tuesday balloting.

Named to serve as cheerleaders during the 1963-64 school year were Peggy Corley, head cheerleader, Kathy Lawson, Tricia Andrews, Janet Caperton and Georgia Owen.

In a runoff today (Thursday) the following candidates will be vying for the offices indicated:

For president: Glenn Sims and Jimmy Wells.

For vice president: Jan Wilkins and Jim Morrow.

For secretary: Jan Wilkins and Jeanna Denman.

For treasurer: Peggy Corley and Margie Oglesby.

For parliamentarian: Ronald Hooper and Jimmy Wells.

For reporter: Margie Oglesby, Jerry Holcombe and Peggy Corley.

The school elections are held with regular ballots, showing the students how elections are carried on the adult world.

be accompanied by his coach, Clint Low.

### Two Athletic Entries

Jim Morrow, who won second place in the regional high jump competition will represent Bronte in that event at the state meet.

Six boys will make the trip as a 440 relay team, with four regular members and two alternates. Regular team members are Roy Stout, Ronnie Lee, Glenn Sims and Royce Lee. Barry Curlee and Edwin McDaniel will go as alternates in case of a mishap to any of the regular team members. Coach N. M. Curlee will be in charge of the athletic entries.

### Win at McMurry

The relay team, composed of the two Lees, Stout and Sims, took first place in the Class B competition at a track meet last Saturday at McMurry College in Abilene. Their time was 45.3.

Morrow jumped an even six feet at the meet for a second place at McMurry.

The Bronte delegation will go to Austin in the school's small bus and will return Sunday.

## Pre-School Day Set for Friday

Children who will start to school for the first time next fall will get an inkling of what it's like Friday, when a "get acquainted day" will be held at Bronte School.

Parents are asked to bring the pre-schoolers to room 2 of the elementary building at 12:30 p.m. The children will be dismissed at 2:30 p.m.

Elementary Principal James Golson stated that activities of the two hours will include a story telling time, a play period and a refreshment period.

Parents are requested to be prepared to spend the last 30 minutes of the time at school so that some points of interest may be discussed with them.

### BRUNSON CHILD DOING FINE AFTER INJURY

Suzanne Brunson, 2 year old daughter of Mr. and Mrs. Jimmy Brunson, is reported to be "doing fine" after she was seriously injured when run over by a car on April 15.

Suzanne is still under a doctor's care, but is able to be up and playing.

Mrs. Charlie Boecking and Mrs. L. T. Youngblood spent the weekend in Lubbock visiting Tommy Boecking, and other relatives.

## Funeral Rites Held In Robert Lee for Delbert Walling

Delbert Walling, 68, who was born on the present Roe Ranch west of Robert Lee, and ranched in Coke County most of his life suffered a heart attack at his ranch between Bronte and Blackwell late Sunday afternoon, and was rushed to the Coke County Memorial Hospital.

Placed under oxygen, he rallied briefly, then passed away shortly after 9:00 o'clock Sunday night.

Funeral services were held at 4 p.m. Tuesday at the Robert Lee Methodist Church. Burial was in Robert Lee cemetery directed by Clift Funeral Home.

He was born in Robert Lee Jan. 11, 1895, and was married to Virginia Griffith Dec. 25, 1937 at Robert Lee. She is a teacher in the Robert Lee schools.

Survivors include his wife; a sister, Mrs. Effie Roe of Robert Lee; and a half brother, Frank Walling of Big Spring.

Services were conducted by Rev. A. S. Neely, pastor of the Bronte Methodist church.

Pallbearers, most of them nephews, were Ray Wells of Quanah; Dan Parrish of Abilene; Freddie Lee Roe of Red River, New Mexico; Byron S. Griffith of Greenville, Alabama; Robert Holland and Ricky Hatch of Robert Lee; Marvin Ratliff of Del Rio; and Henry Carmichael of Sweetwater.

## Savings Bond Sales Reach \$17,578 First Quarter

Savings Bond sales for the first three months of 1963 in Coke County totaled \$17,578. Of this amount \$14,428 were purchased in March according to a report released by G. C. Allen, chairman of the County Savings Bonds Committee.

Sales in Texas for the first quarter of 1963 amounted to \$15,387,951, which represents 26.7% of the state goal of \$150,600,000.

"Right now the Freedom Bond Drive is going on...this is an opportunity for every family to purchase at least one Savings Bond before the Fourth of July. Buy one at your bank or join the Payroll Savings Plan where you work. I urge all patriotic citizens to join in this drive," Chairman Allen stated.

### BAND TAKES SECOND AND THIRD AT ANGELO

Bronte High School's Longhorn Band took a second place in sight reading and a third in concert playing last Saturday in a contest at San Angelo.

## Immunization Program to Start Here Monday

Starting at 12:30 p.m. next Monday, May 6, Bronte Parent Teachers association will sponsor an immunization program for all school students and pre-first graders. And on Friday, May 10, they will sponsor a community wide tuberculosis testing, beginning at 8:30 a.m. Both events will take place at the local school. Both will be free of charge but those who can are asked to donate 25c to help finance the programs.

School children must have parents permission for the immunizations. Permission forms have been sent to parents for the May 6 program and will be sent out soon for the May 10 program. A PTA spokesman said that any pa-

rents, who have not signed a slip and want their children to have the inoculations, should send a signed note of permission to school.

In the program next Monday, small pox vaccinations will be given school children and children who will be starting to school next September, who have not had one in the past five years. Diphtheria-whooping cough-tetanus shots will be given to those 12 years of age and under who need them. For those who have never had these shots, the original shot will be given Monday and the child will be given a slip authorizing the Harris clinic to give the two follow-up shots at the proper times. ## Rain Improves Farm Prospects

Cloudy, drippy skies greeted residents of this area Wednesday morning, giving hope for some more rain to be added to that received last weekend.

A good rain measuring from .8 to 1 inch fell over this part of the country early last Saturday

morning, and most places received another .1 inch Sunday morning, making an average for the two rains of an inch.

Farm and ranch prospects began to look up about three weeks ago when 1½ inches of moisture fell here. Many area stockmen have quit feeding since that rain gave pastures a good boost.

The rain last weekend gave farmers enough additional rain to plant their crops, and they were hoping for additional rain this week.

Early morning temperatures this week have dropped into the 50s, but forecasters predicted warmer weather which could trigger showers in the area.

## Cancer Crusade Raises \$544.55

The east side of Coke County has completed its 1963 drive for funds for the American Cancer Society. A total of \$544.55 was contributed, according to a report Tuesday by Mrs. Conda Richards, chairman for the area.

Mrs. Richards said she thought the amount raised this year was especially generous and she asked The Enterprise to thank everyone who contributed.

Mrs. Richards said she is especially appreciative of time and effort spent by those who made the canvass of the area. She said that Mrs. Ralph Richards deserves special mention, as she canvassed the entire Fort Chadbourne and Tennyson areas by herself, spending the greater part of three days on the job.

Contributions were broken down by sections as follows:

Bronte residential area, \$173.05; Bronte business district, \$106.50; Fort Chadbourne, \$218.00; Tennyson, \$47.00.

Final report from the west side has not been received, but the county total will be published as soon as the drive is completed. Mrs. J. O. Rudd is county chairman and is in charge of the drive in Robert Lee and the west side of the county.

### HOSPITAL BILL PASSES HOUSE, GOES TO SENATE

According to an article in the daily newspapers Wednesday morning, a bill creating the West Coke County Hospital District and giving it authority to levy a tax up to 25 cents per \$100 valuation passed the Texas House of Representatives Tuesday.

The bill was sent to the Senate for approval by the upper chamber. The bill was authored by Rep. Ed Carpenter after it was requested by Coke County Commissioners Court and directors of Coke County Memorial Hospital.

The district would be composed of commissioner precincts 1 and 3.

**UNCLE HUIE from HOG CREEK says**

DEAR MISTER EDITOR:

I see by the papers where a feller in North Carolina sent the State tax office a check fer \$3, said he didn't owe no tax but just "wanted to help out." They had to send the check back on account of they ain't got no legal machinery for the State accepting cash gifts.

The Federal Government long ago pulled the stopper out of that jug and ever onct in a while I see where some feller has left his insurance money to Uncle Sam. Anybody that wants to "help out" in these matters ought to be encouraged, and I think ever State should have some sort of law to accommodate such a generous soul. Maybe they ought to have two laws, one fer accepting his money and another fer having his head examined.

And I see where a pefessor of chemistry in one of them big colleges is claiming that the worm

in the apple is a "better source of vitamins" than the apple. Maybe it's the worm a day in the apple that has been keeping the doctor away all these years. I tell you, Mister Editor, life is gitting complicated. Personal, I may come down to the end of my days a little short on vitamins but I aim to keep on eating the apple and dodging the worm.

Well, I note where the post offices all over the nation has final had to destroy around 580,000,000 of them old 3-cent post cards.

The post office folks knowed a year ago the post cards was going up to 4 cent, and the law was passed back in September, four months afore it went into effect in January. But they still had hundreds of millions of them 3-centers on hand. I reckon this is what you would call our usual careful Government planning.

I brung this item up at the store Saturday and the fellers said fer me not to git alarmed over the matter, that this was due to our standard stockpiling percedure. They allowed as how the Social Security folks, fer instant, has probable got enough printed cards already in storage to take care of our population till 10 year beyond eternity. They figger if they would change the form real sudden, it would take 16 battleships from now till next January hauling 'em out to sea and dumping 'em.

One of the fellers took sides on this matter, claimed we couldn't git no place without good standard stockpiling percedures. Furthermore, he pointed out, big firms like General Motors is careless that way, don't stockpile except fer the next year, but our Government stockpiles fer the next generation. On account of the next generation is going to have to pay the bill, he claims the Government is following a sound phiscal policy in these matters.

Yours truly,  
 Uncle Huie

**County Agents News Column**

By STERLING LINDSEY

Leroy Elliott, government trapper working for Coke County, and the Coke County Trappers Association, caught one over-sized bob cat last week. Two different men estimated the cat to weigh 40 pounds. Mr. Elliott caught the predator on Will Augustine's place.

The screwworm flies are making advances across the state. The officials again remind us of the necessity for: 1. reporting all cases, and 2. practicing a spray program to help control screwworm flies.

The latest report received (for period April 14-20) showed 114 screwworm cases reported in the state. New counties near us reporting cases were Concho, Coleman, Menard and Schleicher.

Two men connected with the screwworm program were by the office last week. They were in the area to place fly traps along the Colorado River. They stated that nearly all cases reported have been taken near streams,

tanks or other watering places. They believe that sterile flies would be dropped in the very near future along the Colorado up to Robert Lee. If a screwworm case is found in the county, then spot treatment in the area will be done to keep an outbreak down.

We have received a supply of blank forms on which farm or ranch operators can make claim for the Federal taxes they have paid on gasoline used directly in their farm or ranch operation. If you have not received one through the mail, give us a ring and we will mail you a copy. Or we can help you if you need help completing the form.

I would continue to be watchful for animals and pets that act strangely. Mr. Bird mentioned a couple of cases recently of rabid animals. A few days ago, Will Percifull called to say he had killed a raccoon that displayed the symptoms of a rabid animal. Some say rain helps control rabies. We hope that is true. I would still be observant even though we have had some rain.

Last month (March 3-30) the

number of heads examined that proved to be from rabid animals jumped to 64. They included 12 from dogs, 14 from fox, 29 from skunks, 2 from bats, 5 from cattle, 1 from a horse and 1 from a bob cat. Tom Green County leads the state in the number submitted. Ten have been submitted from that county so far this year, seven of their cases being in foxes.

The county livestock planning committee has planned for Friday, May 3, a program that we believe will interest the sheep producer. The program includes sheep selection, wool preparation and sheep dog trials. On the program will be James A. Gray, Extension Service animal husbandman of San Angelo; "Bull" Crawford, warehouseman of Mertzon; Guy Burton of Robert Lee, former wool buyer; and Herman Cassidy, president of the Texas Sheep Dog Association, of Llano.

The program will be held at the show barn in the Robert Lee Park. Activities will begin at 1:30 p.m. Anyone interested is welcome to attend. Refreshments will be provided.

Corvair Monza Club Coupe

**Who needs muscles?**

Do you know how easy it is to take a corner with a Corvair or park one? Turn this newspaper sideways and it will give you a pretty good idea. The wheel handles just about that easily.

The Corvair's engine is in the rear, for not only greater traction, but more balanced weight distribution. And that's what makes the steering so completely effortless.

The engine is air cooled, too. No radiator. No water or antifreeze. No boiling over or freezing up to worry about. It takes the weather and the terrain as it comes.

AT YOUR CHEVROLET DEALERS

So think about those trips to the beach this summer, those bright sunny days and balmy moonlit nights.

And besides, looking at it from a very practical point of view, it's Trade 'N' Travel time right now at your Chevrolet dealer's. He's got some beautiful buys.

But you had better hurry before somebody muscles in ahead of you. Spring's here. Summer's coming fast. And with these sporty good-looking Corvairs selling the way they are, he who hesitates will want to kick himself.

**Law Day Being Observed in U. S.**

By FRANK DICKEY

Law is "a system of principles and rules of human conduct, being the aggregate of those principles which are either prescribed or recognized by the governing power in an organized jural society as its will in relation to the conduct of the members in that society, and which it undertakes to maintain and sanction as the criteria of the actions of such members."

To adopt a shorter definition: "Law. A rule laid down and established."

The United States of America was organized by the adoption of a constitution. As it was written, so it stands; with little deletion and as amended from time to time in the manner therein provided for and by which it was adopted. It is written in terms that can be read by the less learned as well as the learned; however, its interpretation as well as its application is difficult for the greatest logicians. It, and the laws made pursuant thereto, is declared by its very terms to be the supreme law of the land.

Interpretation and application of the law is adjudged and decreed by jurists selected for that purpose. It is the law that interpretations and applications must be in writing; hence, they are handed down in opinions subscribed to by the judge so rendering and by those sitting and who concur. Such a final decree becomes the law and is binding in all matters adjudicated as to the parties in the case. When necessary, these decrees are enforced by the Executive branch of the Government.

The quality of a judgment is determined by the application of law involved to the issues submitted. To evaluate an opinion and decree, a full knowledge of all the facts, an understanding of the procedure and the law involved is essential.

Enforcement of the law is the hallmark of a great State. Respect for the law is a badge of good citizenship.

350 ACRES IN PASTURE but has some farm land. Extra good stock tank and water well, sheep fenced. 110 acres minerals included. Located 7 miles north of Robert Lee. A good investment at the asking price of \$55 per acre. Better take a look at it.

626-ACRE RANCH, WELL IMPROVED, close in on paved highway. 83 acres in cultivation. 5-room and bath stucco house, some rooms carpeted, barns and sheds, pecan trees, 2 surface tanks, 2 wells and windmills. A good place to live, a good place to own. Some minerals go with it. \$100 an acre.

160 ACRES NEAR BLACKWELL, mostly in grass. 15 acres diverted in grain program this year for \$165 payment. Excellent well and windmill. Old house with large cistern and well with pressure pump. Let me show you this place. It's listed at \$80.

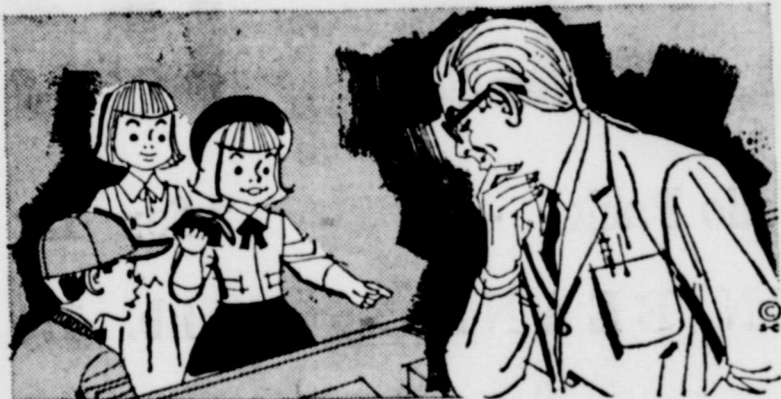

GOOD QUARTER SECTION near Robert Lee, 2 excellent surface tanks, well and windmill. Divided into 2 pastures. It's a good place, sheep fenced, loading pens, easily accessible on good road. Priced at \$80 an acre and worth it.

COKE COUNTY LAND IS A BETTER BUY THAN YOU WILL FIND IN OTHER LOCALITIES OUT THIS WAY.

LAND WANTED—Have buyer for good 320 to 400 acre place, part in cultivation. Average improvements desired, must have water.
