MEDAL WINNERS — Two Bronte students proudly display the medals they won at the State Meet last weekend in Austin. Margi Oglesby, left, placed second in ready writing, while Jim Morrow took runner up honors in high jump. Principal Joe B. Simpson looks on as they display the hardware.

Students Win Honors At State UIL Meet

Bronte High School entrants in the State Interscholastic League meet, held last weekend at Austin, turned in a remarkable job by placing in four events.

Jim Morrow, Bronte High School's champion high jumper, cleared the bar at six feet two inches, to take second place in Texas Class B schools.

Another winner was Margi Oglesby who took second place honors with her entry in the ready writing contest. Her paper was written on the subject: "Should a course comparing Communism and Democracy be taught in high school?"

Both Margi and Jim received silver medals for taking the run-

ner-up honors.

The 440 yard relay team, composed of Glenn Sims, Ronnie Lee, Royce Lee and Edwyn McDaniel, came in fourth in their race. They had a time of 44.3 seconds, compared to their 44.4 seconds in the preliminary races.

Glenn Sims was the only Bronte student to participate in two events at the state level. In addition to his berth on the relay team, he competed in the 100 yard dash, and finished in sixth place with a 10.4 seconds.

Larry Corley competed in the number sense contest, which only named three places, but did not place in the top three. A total of seven students entered the state meet with several other members of the track team making the trip as alternates.

A large number of sponsors, parents and others also attended the state meet. Included were Principal and Mrs. Joe B. Simpson, Coach and Mrs. N. M. Curlee, Coach Cecil Toliver, Mr. and Mrs. T. F. Sims Jr., Mrs. T. F. Sims, Sr., Mrs. Mattie Glenn, Mr. and Mrs. Royce Lee and Melissa, Mr. and Mrs. Clyde Lee and Janet, Craig Curlee, Mr. and Mrs. Ben Oglesby and Bennie Carol. Coming down Saturday for the track finals were the Rev. Murrell Johns, Marvin Corley, Peggy Corley, Ron Johns, Janie and Elaine Collins, J. B. Morrow and Laura and Mr. and Mrs. Glendon Westbrook and daughter of San Angelo.

Supt. C. B. Barbee said he was well pleased with the performance of Bronte students.

Alternate delegates named were Mrs. Goldie Smith and Mrs. Louise Hatch, both of Robert Lee.

Two resolutions were passed: one was a resolution of respect to the late President John F. Kennedy, and the other was a pledge for delegates to support Gov. John Connally and President Lyndon B. Johnson.

Faculty Selects Pair to Attend Citizenship Meet

Bronte High School faculty members this week chose Ronald Hooper and Margi Oglesby to represent the school at a Good Citizenship Seminar to be held in August. Sponsored by the Farm Bureau, the meeting will be held at Sam Houston State College at Huntsville.

The Farm Bureau will bear the expense of the trip and attending the meeting, which will be held Aug. 11-14.

Principal Joe B. Simpson said that selections were made on merits of the students' high standards in morals, leadership and scholarship. A student has to be in the top 30 per cent of his class to be considered for the event.

Margi is the daughter of Mr. and Mrs. Ben Oglesby and Ronald is the son of Mr. and Mrs. Marshall Hooper.

Swimming Pool Opens Saturday

Bronte's county swimming pool will open at 2:30 p.m. Saturday to start another season which will see thousands of local persons and

visitors enjoying the water and nearby park facilities.

The park, pool, baseball field, volleyball and tennis courts, picnic areas and golf course are the center for most of the recreational activities of this area during the summer months.

The Bronte Park has spacious grassy lawns, with scattered beds of beautiful flowers. Numerous picnic tables, some with awnings and outdoor cooking facilities, are placed throughout the main part of the park.

An assortment of playground equipment provides entertainment for smaller youngsters. The park is used for a great number of picnics, family gatherings, etc., during the summer months. In addition to the swimming pool, which is always a popular spot, the park provides concrete tennis and volleyball courts, and basketball backboards for those who want more strenuous sport.

East of the main park area is Lake Knierim which provides limited fishing for anglers. It has a good supply of water now, following recent rains. Starting near the lake is the golf course of Coke

Edward Broussard Hurts Foot Badly

Edward Broussard of Bronte was seriously injured Saturday in a lawn mower accident.

He was mowing the grass at the home of his grandparents, Mr. and Mrs. W. R. Ussery near Gorman when the mower ran over his left foot, almost severing it across the palm part of his foot. He was rushed to Gorman hospital, where he was given first aid and medication, then taken to Hendricks Memorial Hospital, Abilene. Surgeons there amputated the two smallest toes, and are now making an effort to save the other three.

His mother, Mrs. LaRue Broussard, said Wednesday that he is doing well and doctors are optimistic that the rest of his foot will be alright. He is a ninth grade student in the Bronte school, where his mother teaches English and Spanish.

Pair Injured in Auto Wreck

Jesse Ray Ensor and Charles Park of Sweetwater were injured last Monday afternoon when they had an auto wreck near the bridge approach at Oak Creek Lake.

The two men were driving toward Sweetwater, towing another car, when the accident occurred. They said a tire blew out on the vehicle being towed, causing them to lose control of the car in which they were riding. It left the highway, went over the lake embankment and stopped a short distance from water in the lake.

The two were brought to Bronte Hospital where it was determined that they suffered no broken bones. They were painfully injured having sustained a large number of bruises and abrasions.

A report from the hospital Wednesday morning said they were "doing as well as can be expected."

AD-LIB-BEN

This is National Hospital Week and an appropriate time for us to mention that residents of this community are fortunate to have the Bronte Hospital here.

Dr. John R. Harris and his staff of nurses, technicians and other workers provide us with medical care in a friendly, efficient atmosphere which is conducive to recovery from aches and pains of all kinds. Their ability and their friendliness draw patients from a wide area extending many miles on every side of Bronte.

Bronte Hospital is running an ad in this week's paper calling attention to a few matters which we should all know about. As stated in the ad, the local hospital is a privately owned business. It has never received any money through federal, state or any other type grant. It is a local investment, owned by Dr. Harris. This, in itself, is quite an accomplishment in this day of running to Washington and Austin for help with everything that comes along.

Another thing of which Bronte Hospital is proud, and for which we should all be grateful, is the fact that no person has ever been turned away for financial reasons. As a result of this generosity in dispensing medicines, food, and services to everyone alike, regardless of his financial status the Bronte Hospital has over \$500,000 on its books of unpaid accounts.

This may or may not be good

The Coke County 4-H Clubs will sponsor a rabies vaccination program again this year. One of the veterinarians from the Koberg & Joy Clinic in San Angelo will be in the county on Thursday, May 21, to vaccinate pets and other animals you may desire immunized. We will give more on the program next week. Since we have had a number of calls I wanted to mention that the program will be held again this year.

The Coke County Sears Swine program will complete another cycle in a few days. This coming Saturday the five boys in the program this year will return five registered gilts to the program.

The group will meet at the show barn Saturday at 9 a.m. to discuss the program and make the exchange from the old to the new. Receiving gilts this year will be Ernest Ybarra, Jay Service, Audrey Dee Walker, Danny Percifull and Deanna Percifull, all of the Robert Lee Clubs.

Sharon Walker of Robert Lee has been awarded the registered duroc boar.

Club members completing a year in the program and returning gilts are David and Richard Scott, Mike and Larry McKown, of the Bronte Club, and Edwin Lindsey of Robert Lee. Rebecca Walker of Robert Lee owned the male.

The new members will develop th gilts they receive and return one gilt to the program. During the course of the year the gilts are exhibited and the boy or girls project scored. Prizes are awarded in both contests.

A new program began last year among 4-H and FFA members. A commercial or Range Ewe program made possible by a grant from the Ford Foundation.

The program operates similar to the Sears Foundation Swine program, in that the participating member receives four ewe lambs and gives back in a period of four years, four mutton lambs.

Part of the members in the program the first year have sheared their ewe lambs. Their fleece weights are encouraging. The members in the program have a start on what we hope will be a good flock of ewes.

The lambs sheared at the San Angelo Show (about 11 month fleece) sheared 10.25, 13.25 and 12.50 lbs. The fleeces sheared in April (12-13 month fleeces) weighed 14.25, 10.50, 12.25, 11.75, 13.25, 13.50, 13.50 and 13.50 pounds.

A couple of ewes fleece weights were disappointing, but as a whole, we are pleased with the weights.

Members in the program this year were Nicky Arrott, Roy Lee Baker, Jimmy and Ronny Varnadore.

A new program year will start in July. Applications for the program will be checked by the steering committee during July.

TO ATTEND GOLF TOURNEY

Clint Low, C. O. Richards, a-cob B. Morrow and A. E. Bell Jr. will play in the Schoolmasters Golf Tournament at Lampasas Saturday, May 16.

SWIMMING POOL — Continued from Page 1

County Golf Association. Four holes of the course have been in operation for a year, and the five new holes will be ready for use in the near future.

Included in the park area is a baseball field, located across the creek from the park itself. The field is the home field for Bronte's two Little League teams, for the Bronte Braves, adult men's team, and the Pony league team. Some sort of baseball contest is carried on most every night during the summer season. This year the baseball park boasts a new concession stand and rest rooms. A small amount of work remains to be done on the building, but it will be completed soon.

New tile showers have been installed in the swimming pool bath house.

A. Z. Denman is caretaker for the entire park area. He has to have some help during the summer rush season, and usually high school boys are his assistants. Local boys who are qualified also serve as lifeguards and swimming instructors.

Denman has the park area in good condition for the coming summer, and he said this week that he hopes everyone in the area as well as visitors will feel free to use it regularly. "All the work which has been done and all the equipment which has been bought are for the people, and we want them to use the park anytime they wish," he said.

A paved street leads from downtown Bronte to the baseball field, then goes into the park, making a circle. The road makes all parts of the area accessible from a paved street. Street lights have also been installed on the street to the park.

Denman said the pool will open at 2:30 Saturday; it will be open from 2 until 5:30 Sunday. Starting Monday, it will open immediately after school is dismissed. After school is out for the summer, the pool will open daily at 2:30.

Admission prices will be 15 cents for students and 35 cents for adults. Season tickets will be available at \$5.00. They are good any time the pool is open, except for special parties. The pool is now open for special parties, Denman said, adding that regular admission price will be charged, plus \$1.00 per hour to pay a lifeguard.

LETTERS TO THE EDITOR

(The following letter, in part was received from the Bob Wilson family last week. Long time residents of Bronte, who recently moved from Abilene to Lafayette, La. We felt their friends here would be interested in this letter.)

May 4, 1964

107 Elm Drive
Lafayette, La.

Dear Ben, Libby and Girls,

First off we left Breckenridge Sunday morning about 5. It was raining when we left and the further south we came the more it rained. It never did stop and it was fairly rough. Between Jennings and Crowley there had been a tornado. It had cut about five big poles in half and scattered them across the road. That really took time to get by.

We checked into the Plantation Motor Hotel and looked for houses Monday and Tuesday. We found a house Tuesday. The van was supposed to be here Wednesday, so we checked out of the Motel on Wednesday and stayed out there until about five, then Bob checked the van company. They said it wouldn't come til Thursday, so we had to go back and check into the motel again.

We got the kids checked into Judice school Thursday and they like it fine. It reminds all of us of Bronte.

The place that we live is only 6-8 blocks from Lafayette High but we are in the Judice zone and the kids were real glad. The state of Louisiana furnishes school buses for all school age, far and near. That should help our car expense — 34-38c a gallon down here.

We are buying this house. It has a half brick front, double car port, large living room, huge den and kitchen combination, hall three bedrooms, two baths and a laundry room. The yards are beautiful. On the back fence are all colors of running roses. I don't know all of the names of shrubs this O.K. Will have to for a while.

We think we are going to like Will have to for awhile.

Sure have missed the paper Hope it gets here real soon. We didn't get the Friday paper the weekend we moved. Seems like we haven't had one in a month. Tell everyone hello and I'll get around to writing soon.

Poor Nancy is missing out all oved. They had the Junior-senior banquet here on Saturday and we got here Sunday.

Love to all, Dot, Bob, Nancy and Rob

business, but it does speak well for the management of the local institution in fulfilling its obligation and purpose — that of helping people when they are sick and injured.

We think Bronte Hospital is one of the finest assets of the Bronte community when viewed purely from a humanitarian standpoint.

And, if you look at it from a hardheaded business view, it has one of the biggest payrolls in this area, it purchases supplies and food from local merchants, and it pays taxes — to our city, our schools, our county, our state and our federal government.

Congratulations to Dr. Harris and his entire staff on this occasion of National Hospital Week

We understand that Bronte Jaycees are making plans for the big 75th anniversary celebration to be held here Labor Day. They have a number of ideas for making the day a success, and expect to announce some of them in the near future. Other organizations of the town should start making plans to participate in this event.

We are planning to publish a

souvenir historical and progress edition of The Enterprise for release just before the celebration, and will be contacting many of you for information, pictures and advertising to run in the paper. There will be a limit on the number of pictures we will be able to print but anyone who has old pictures showing scenes in the town and area is invited to bring them by The Enterprise office and let us have a look at them. Please do it as soon as possible for we are going to start work on this special in the next few weeks.

We made our first trip last weekend to a State Interscholastic League meet. It's something to see. In addition to the thousands

of students who attend the University of Texas regularly, the place was swarming with thousands of high school students from all over the state.

We particularly enjoyed the track meet and a session of one act plays. The competition was keen and performance was wonderful in both these events.

Our youngsters from Bronte did a fine job and we were proud of every one of them. Maybe we were a little prouder than usual of their performance, since our daughter was one of the contestants.
