## Football Jackets Are Awarded Longhorns

Football jackets were awarded Wednesday morning to members of the 1964 Longhorn team. School officials said the jackets are extremely pretty and are of excellent workmanship.

They are made of gray wool with gray leather sleeves, trimmed in maroon. The letter is white with maroon trim. Coaches Cecil Toliver and James Raughton presented the jackets to the Longhorns.

## Funeral Held for Mrs. Hattie Day

Mrs. Hattie Day, 70, of Robert Lee died about 8:40 p.m. Friday in St. John's hospital in San Angelo.

She was born Sept. 30, 1894 and had lived in Coke County since 1931.

Funeral services were held at 3 p.m. Sunday in the Robert Lee Methodist Church with the Rev. Dempsey Salter, pastor, officiating. Burial was in Robert Lee cemetery, with Williams Funeral Home in charge.

Survivors are two son, Murl of Miles and Richard of Robert Lee; one daughter, Mrs. Lorene Burpo of San Angelo; one brother, C. E. Bruton of Bronte; one sister, Mrs. Carl Miller of Burk Burnett; ten grandchildren and two great grandchildren.

Pallbearers were W. W. Thetford, Billy C. Green, Gerald Allen, Ivan Conner, Ben Clark and E. C. Davis.

## Jr. High Teams Defeat Blackwell

Bronte junior high basketball teams took easy victories last Thursday night from Blackwell in games played in the Bronte gym. The boys won their game, 32-22, while the girls downed the visitors, 31-15.

In the boys contest, Jim Bob Arrott was high pointer with 9. He was followed by Keith McCutchen with 7, and Randy Barbee with 6. Garza was high for Blackwell with 6.

Score by quarters:  
Bronte 11 4 13 4—32  
Blackwell 0 5 7 10—22  
Norma Pruitt was responsible for most of the Bronte girls counters, with 19. Melody Holcombe had 6. Oliver was high for Blackwell with 10.

Score by quarters:  
Bronte 10 7 7 7—31  
Blackwell 0 0 4 11—25  
Headed for Silver

Two boys and two girls teams will head for Silver Thursday to enter a tournament. In addition to the regular junior high players, freshmen will be allowed to enter in the Silver competition. Bronte's first game will start at 1 p.m. Another story in this week's Enterprise tells more details of the Silver tourney.

## LIONS TO MEET

Mrs. Sid Stevenson, San Angelo, will present a program at the noon luncheon meeting of Bronte Lions Club. The meetings are held twice monthly in the Fellowship Hall of First Methodist Church.

Elmer Hurley, speaking for the Lions Club, urged that all Lions be present. "Mrs. Stevenson will present an interesting and informative program," he said.

Receiving jackets were four seniors: Mike McKown, Jerry Don Holcombe, Jim Morrow and Bob Strickland; three juniors: Royce Lee, Larry Corley and Eddie Clark; two sophomores: Gary Stroebel and Wayne Carlton.

Also nine freshmen: Doug McCutchen, Davis Corley, Don Hageman, Victor Brock, David Glenn, Brian Richards, Bob Bell, David Gentry and Ricky Wheat. Jackets were also awarded to Manager Robert Gallaway and to Coaches Toliver and Raughton.

## Hi School Teams Lose to Robt. Lee And Forsan Squads

Bronte's high school teams have been encountering some stiff competition in four games played during the past week. Two boys games and two girls games were dropped, to Robert Lee and Forsan.

Local teams hosted Robert Lee last Friday night and carried their hospitality to the extreme by allowing the visiting girls to win 59-45, and the visiting boys were allowed to squeak by, 52-50.

Jim Morrow was high pointer in the boys games with 18, closely followed by Royce Lee with 17. Dennis Gartman was high for the visitors with 16.

Marla Rees was high for her team with 19, and Peggy Corley made 15. Rhonda Gartman was leading scorer for the game with 27.

## Forsan Games

Forsan boys defeated the Longhorns 65-60. Their high man was Franklin with 25 points. Morrow was high for Bronte with 18, closely followed by Lee with 16.

Score on the girls contest was 56-40, in favor of the visitors. Marla Rees was high pointer for the game with 21. Sharon Walsher was high for Forsan with 20.

## Three Games Left

Three games remain on the schedule for the high school teams. They will travel to Garden City Friday night, Feb. 5, and to Sterling City, Tuesday, Feb. 9. The last game of the season will be a home contest with Water Valley, Friday, Feb. 12.

## Bronte Golfers Winners Of Meet; MOD Gets \$226

Bronte won the county golf trophy last Saturday in the first Annual Coke County Golf Tournament — but Coke County March of Dimes was the big winner in the event, which netted \$226 to fight disease.

The day started off as if the weatherman wasn't going to be too cooperative. A cold wind blew during the morning, but about noon the weather warmed up and the golfers enjoyed a fine afternoon.

Eighty persons paid \$3 entry fees to enter the tournament, and a large part of this number actually participated.

Following the tournament at 6:30 p.m. a barbecue supper was served to 125 persons, with the meat and barbecuing provided as a courtesy of J. O. Rudd, Mr. and Mrs. S. E. Adams and Mr. and Mrs. Howard Varnadore.

Cumbie Ivey, Jr., president of Mountain Creek Golf Association, expressed appreciation to them for their generosity and work in providing the barbecue. He also thanked R. D. Vandiver, who was in charge of tournament arrangements at Robert Lee, and to A. E. Bell Jr., who was in charge at Bronte.

## Coke Veterans Paid \$96,531 in '64

Veterans in Coke County received \$96,531 and Irion County veterans received \$23,871 in benefits in 1964.

Veterans in Tom Green county were paid \$1,860,037 in benefits during last year.

These figures were reported to the commissioners court by Arthur Sitas, veterans county service officer, as part of his annual activities report.

Sitas reported that his office had made 7,615 contacts during the year of which 1,060 were made during December. Sitas reported that around 600 contacts are a good monthly average, with each interview lasting for three minutes to two hours.

## PTA TO MEET TUESDAY

Bronte PTA will meet at the school auditorium Tuesday, Feb. 9 at 7 p.m. Subject of the program will be "Stressing Values of Our American Heritage." Mrs. R. C. Lasswell and the fourth grade will present the program. All school patrons are urged to attend.

Mrs. Henry Varnadore, secretary of the Robert Lee golfers group, said the net receipts, after all expenses, amounted to \$226.00, which will be donated to the March of Dimes.

Elmer Hurley of Bronte, chairman of the Dimes Drive for Coke County, issued the following statement on the tournament.

## Bronte Publishers Buy RL Observer From Ulmer Bird

Announcement was made this week by Ulmer S. Bird, publisher of the Robert Lee Observer, that he has sold the business to Mr. and Mrs. Ben Oglesby of Bronte. The changeover in ownership became effective Feb. 1.

The Observer is Coke County's oldest continuous business institution, having been established in 1889 as the Coke County Rustler. The newspaper has been under the ownership of Bird the past 2½ years. He bought it from John King, who had purchased the paper from A. J. Kirkpatrick.

The Observer has been printed in the plant of The Bronte Enterprise for a number of years, and the new owner said the operation will continue as it has been in the past insofar as possible.

Mrs. Mary Prine, who has been employed by Bird as managing editor, will continue in that position and will be in charge of the Robert Lee office.

In addition to The Enterprise and The Observer, The Monitor, newspaper for personnel of Goodfellow Air Force Base in San Angelo, is printed in the Bronte shop.

## Bronte Hospital Has Not Been Sold

Rumors were making the round in Bronte this week that Dr. John R. Harris had sold Bronte Hospital.

The Enterprise called the doctor Wednesday to inquire into the truth of the statements, and Dr. Harris said he had talked with no one and had not even considered selling the hospital.

"This is a vicious rumor," Dr. Harris said, "for I have not even considered selling, and have no intention of doing so in the foreseeable future."

He asked The Enterprise to print his denial of the rumor, since he said he would like to get it stopped as soon as possible.

man of the Dimes Drive for Coke County, issued the following statement on the tournament.

"As chairman for Coke County March of Dimes I would like to express my appreciation to all the golfers who participated in the tournament in Robert Lee last Saturday. There is no doubt that everyone who played, or who were at the barbecue, enjoyed it very much and got their money's worth. Robert Lee certainly served as a fine host to our golfers and we hope to return their hospitality in the very near future with another golf tournament for another worthy cause."

"So far we, Bronte, have raised \$397.83 for the March of Dimes. We are still about \$100 short of our goal of \$500 but there are many who have not made their contributions yet. To you who haven't, we urge you to help us out by sending or bringing your contribution to the bank."

## Bronte Firemen Will Sell You a Fire Extinguisher

Members of Bronte Fire Department are selling home fire extinguishers of all kinds and sizes and recommend that persons who do not have a fire extinguisher in their home should contact one of the members. "Most major fires could have been put out with one of these extinguishers, if they had been reached in time" said a member of the department.

A popular extinguisher for the home or business is a dry chemical one for \$15.00 and is refillable. This extinguisher is also harmless to put on persons whose clothing may be on fire.

Proceeds from the sale of these extinguishers as well as other projects go to buy badly needed equipment for the fire department. They have recently purchased two smoke masks, which will aid them in entering smoke filled and burning buildings. Helmets, hose and other equipment will also be purchased as money is available.

The shipment of Marion Kay pepper which the firemen have been expecting, is now in and on sale for \$1.00 a box.

## Mrs. Wheat Opens Snak Bar on Hwy.

The drive in formerly operated by Mr. and Mrs. Clifford Hart was opened Wednesday by Mrs. F. G. Wheat. Mrs. Wheat is running an announcement in this week's Enterprise.

She said she will carry a full line of short orders, fountain service and ice cream. Mrs. Wheat also announced that a drawing will be held each day during the remainder of February, and the winner will be given a free hamburger and Dr. Pepper.

In addition to Mrs. Wheat, present employees of the new business are her son, Ricky, Mrs. Lena Langford and Sharon Hurley.

The eating establishment will open each morning at 6 o'clock and will close at 10 p.m. Sunday through Thursday; it will remain open until midnight on Friday and Saturday nights.

## FB Membership Drive to Start

Coke County Farm Bureau will stage a county-wide drive for members Feb. 8-9, according to Wayne Arrott of Bronte, membership chairman.

The drive will be launched with a kick-off breakfast at 7 a.m. Attending the rally will be community membership captains and workers from all over the county.

Bill Wedemeyer of Waco, director of research and education of Texas Farm Bureau, will be the kick-off speaker.

Coke County Farm Bureau now has 225 members and will be out to increase the number to 265.

The drive is part of a statewide effort to enroll 100,000 members in the Texas Farm Bureau in 1965. The State organization ended 1964 with 92,552.

Gov. John Connally has proclaimed Feb. 8-13 at "Farm Bureau Membership Week" in Texas and W. W. Thetford, County Judge, has designated a similar observance for this county during the same period.

Two area-wide kick-off rallies were held in the state earlier this month in San Antonio and Dallas and one is being held today, Feb. 4, in Lubbock. Farm Bureau officers and membership

workers from Coke County are attending the Lubbock rally.

Officers of Coke County Farm Bureau are: Ben A. Boykin, President; Wayne Arrott vice-president and Mrs. C. E. Arrott, Secretary-treasurer.

Membership workers who will be contacting their neighbors during the drive are: James Allen, R. C. Lasswell, Dolan Mackey, Cecil Coalson, Bronte; LeDrew Arrott, H. H. Holland, Juniper and Tennyson; Ben Boykin, Fred McCabe, Jr., Forrest Jones, Finis Millican, Robert Lee; and Bryan Gartman, H. L. Reid, Delbert Clalson, Sanco and Silver.

## R. T. Caperton Named President Of Coleman C-C

R. T. Caperton, formerly of Bronte has been elected president of the Coleman Chamber of Commerce for 1965. Caperton is the son of Mr. and Mrs. E. L. Caperton of Bronte.

At the meeting which elected the new officers the group also passed the following resolution: "The board of directors of the Coleman Chamber of Commerce believes that the time is not far away when all the water which falls in West Texas will be needed for domestic, municipal and industrial use by the residents of West Texas. We are, therefore in favor of all the projects which call for conservation storage of such water within the West Texas area. This specifically means support of the Pecan Bayou and Lake Brownwood projects, the Stacy dam and reservoir, the Robert Lee project and all similar plans."

REMEMBER WHEN?

Netleton Industrial Museum

"I bet there are few people alive today who remember when this 1895 antique was actually used as a source of heat. Besides not giving out just an awful lot of heat to an awful lot of space, it didn't exactly smell like the breath of spring either. Times have certainly changed.

Now-a-days safe, flameless electric heating carries even, steady heat to all parts of a room or home. Hot spots, cold spots and drafts are things of the past. Since electric heating is totally flameless there are no pilot flames to go out or gaseous odors, no soot, film, smoke, or residue to rest on indoor walls and furniture. The house stays clean, comfortable, and fresh smelling.

If you aren't enjoying the comforts of flameless electric heat call a WTU representative or see your electrical heating contractor right away."

The Income Tax meeting held last week was attended by over forty persons. Robert Kensing, extension area specialist, did a fine job of explaining the changes, the various tax forms and details that can help in filing tax claims. I was very pleased to see so many people in the meeting.

Home Demonstration Club clothing leaders attended a training meeting Friday in my office. Material reviewed pertained to the selection, use and care of fabrics made from Wool and Mohair. Each leader received a kit of material that will help her in her work during 1965. The meeting was attended by Mrs. Truman Parker, Bronte Senior Club, Mrs. Tom Schooler, Green Mountain, and Mrs. Tom Rives, Friendship.

Here are current trends in the retail distribution of apparel.

Recent studies indicate an increase by consumers in mail order buying. Apparel buying tops the list of mail order purchases.

Sales of ten percent or more above a year ago have been reported by the "big four" mail order houses.

Appeals are in the terms of price — with a net saving of seven percent over its store price estimated by one mail order house. Other factors are the convenience of home shopping quick delivery, telephone orders, and fashion merchandise — including creations of leading designers.

Catalogs of the mail order firms have been tailored for more sophisticated audiences. The catalogs are larger and more attractive, and there are more color illustrations. The current trend is for an increase in the number of catalog order stores.

Other trends in apparel buying reported by trade representatives are an expansion of door-to-door selling, emphasizing the convenience it offers the suburban home-maker with young children. Expansion in the clothing and textiles field included door-to-door selling of fabrics, rugs and draperies.

Discounters are expanding again with an average of seven new discount stores a week estimated by the trade. Discounters tend to operate their own stores, and they do not seem eager to take over the shoe departments or the millinery departments.

The kind of cleanser you use on your bathroom fixtures can have a decided bearing on how well the finish lasts.

A harsh, gritty cleanser will soon scratch and mar the surface. Try this test to check the abrasiveness of a cleanser.

Put a small amount of cleanser between two pieces of glass. Rub them together. If the glass

is scratched, the cleanser is too harsh to use on the bathroom fixtures.

## WHAT IS A BARGAIN?

When you save a large amount of money on something, this is a bargain. Consider a case of influenza in 1940 against a case in 1965.

	1940	1965
Hospital care (30 days)	400.00	(10) 200.00
Loss of work	250.00	100.00
Medicine	75.00	20.00
	725.00	320.00

Many cases did not recuperate at all, now nearly all do. You be the judge. Medical care is your greatest bargain today. Modern research has made this possible—be thankful and appreciate it.

## Pet Vaccination Set for Saturday

Bronte Jaycees sponsor another pet vaccination day Saturday. Pets may be taken to Mackey Feed & Supply for their shots. Cost will be \$2.00 each.

A like program was held last Saturday, and 21 animals were given shots. However a spokesman for the Jaycees said they feel that a larger number of animals would have been inoculated if the weather had been more favorable. Consequently, they are continuing the program through this Saturday.

Jaycees urged everyone to have pets vaccinated, as several cases of rabies have been reported in this area.

### DANIELS IN GOOD CONDITION AFTER ABDOMINAL SURGERY

The condition of Norris B. Daniels, 35, Norton, was reported as good at Shannon Hospital in San Angelo Wednesday. Daniels was found shot in the lower abdomen on a farm near Norton late Tuesday. He had been shot with a .25 caliber automatic and underwent abdominal surgery late Tuesday.

Daniels, bachelor son of Mr. and Mrs. Homer C. Daniels of Ballinger, was alone when the incident occurred. He called the Rev. Wallace Pierce of Norton and told him he had been shot. Pierce called an ambulance to take him to Ballinger Hospital, where he received emergency treatment and was transferred to San Angelo.

An investigation by the Runnels County sheriff's department was not complete Wednesday.

Mr. and Mrs. R. T. Caperton and family of Coleman spent Sunday with his parents, Mr. and Mrs. E. L. Caperton.

Mr. and Mrs. Nealy Mackey, Sharon and Karon visited the Mackey's daughter and son-in-law, Mr. and Mrs. Larry Haynes in Crane Sunday.

Mrs. Fay Edwards of Fort Worth spent last week here with Mrs. Loyce McConnell. She was accompanied to Bronte Jan. 23 by her daughter and daughter-in-law, Mrs. W. B. Edwards and Mrs. Billy Joe Ford, and children, all of Fort Worth. They returned to Fort Worth the next day.

Mrs. Joe Simpson spent several days last week in an Abilene hospital where she underwent medical treatment for a skin dis-

order. Mrs. B. G. Timmons and Mrs. Homer Vaughn visited in Lamesa last weekend with Mrs. Timmon's sister, Mrs. S. E. Motley, who is ill.

## ONLY 700 POLL TAXES SOLD

Only 700 persons bothered to provide themselves with the privilege of voting on issues that come up in 1965 by paying their poll tax.

Records in the office of O. B. Jacobs, county tax assessor-collector, indicate this number is unusually small, even for an "off" year.

In 1964, a big election year, Coke countians paid 1073 poll taxes, while in 1963, the last "off" year, 770 were paid.

Some confusion may have existed regarding the payment of poll taxes this year. A constitutional amendment was ratified last year abolishing the poll tax as a prerequisite to voting in all national elections. However, payment of a poll tax is still necessary to vote in any election below the national level. This requirement includes school and city elections, and all bond elections.

## Girl Scouts Having Sale of Cookies

Bronte Girl Scouts are continuing the sale of cookies until Saturday, Feb. 6.

Four kinds of cookies are available — butter, chocolate mint, assorted sandwiches and peanut butter. They sell for 50c a box.

Three cents from each box remains with the local troop and the balance of the profit goes to support and maintain Camp Booth Oaks near Sweetwater, area girl scout camp.

Everyone is urged to support the cookie sale. Cookies may be obtained from any member of the girl scouts.

## Now Is Good Time To Tie On Sewer

Mayor Royce Lee said this week that now is a good time to tie on to the city's sewer system, while equipment used in laying the city's new water lines is still in town.

The mayor said that equipment of the water project contractor will be here for approximately another week, and that potential sewer customers will be able to secure very reasonable tie-on rates from R. S. Beall & Son.

Since Bronte's sewer system was first installed, First National Bank has offered liberal loan terms to all property owners who need help in financing the tying-on of their property. E. F. Glenn, vice president of the bank, said Wednesday morning that the offer still stands and he will be glad to work out arrangements with anyone who wishes to tie on to the sewer.

Persons who wish more information should contact the city hall.

### STOCKHOLDERS MEET

Texas Production Credit Association held its annual stockholder's meeting in San Angelo, Feb. 1. A number of Coke County stockmen attended. Phil H. Lane, manager, gave the financial report and reported a good year for the association.

J. Burney Ligon, Fort Stockton, was reelected to a three year term on the Board of Directors. Dr. Charles Jarvis was the speaker for the event.

By STERLING LINDSEY

Rats and mice often become a real problem during the winter months. The advent of colder weather stimulates them to move into buildings, barns, etc., in search of food and shelter. And, if you see one rat or mouse, you can be sure there are others present.

Rats are costly, as they destroy feed, sacks and many other items in addition to the grain or feed they eat and destroy. Also, rats carry more than 35 known diseases of man and animals.

Getting rid of them can be a difficult job sometimes. Removing their shelter, starving them, rat-proofing buildings and poisoning or a combination of the above have given success in given situations. The most practical poisons include products such as fumarin, pival and warfarin. These are usually mixed with grains and can be purchased ready mixed. Be sure ample bait is placed out at all times for a period of 10-14 days.

The screwworm authorities tell us not to spend our time scanning the sky for a glimpse of one of the planes carrying sterile screwworm flies—the drop zone has been pushed into Mexico.

This means we will have to be alert and not a case of worms go unnoticed and unattended. Spot treatment of known cases, if all goes well, is the operational plan for the southwestern United States. We sincerely hope the program can continue on this basis.

Under the new Emergency Broadcasting System (EBS), formed after the abolition of CONELRAD in May 1963, radio stations will stay at normal power on their regular frequencies when an emergency arises.

Under the old CONELRAD system, all authorized radio stations were to broadcast emergency information on 640 and 1240 kilocycles.

Obviously, transmission on these two frequencies would have been coming from transmitters all over the country at the same time. This was done purposely to confuse the guidance systems of enemy aircraft trying to follow radio beams to particular locations.

Missiles and bombers now use fewer, better and more sophisticated guidance systems. Because of these increased capabilities, CONELRAD was discontinued by the Federal Communications Commission.

Under EBS, stations which hold National Defense Emergency Authorizations will stay on the air during emergencies. All others will close down. The EBS stations will identify themselves by area rather than call letters. These stations will cover more of the country than CONELRAD did and broadcasts will not interfere with each other.

EBS stations will have built-in fallout protection and will be able to stay on the air 24 hours a day during an emergency. Most will have emergency generators in case their regular power supply fails.

Mr. and Mrs. Johnny Moody and children and Mrs. Alice Moody of Newcastle visited Wednesday and Thursday with the Bill Moody family.

Mr. and Mrs. Otis Smith visited Sunday in Junction with Mr. and Mrs. E. S. Herring, Donna, Randy and Ricky.

## ASCS Figures on Farm Programs Given For 1964

The January News Letter of the Agricultural Stabilization and Conservation Service here, in summing up the activities of that office for 1964 said that \$48,052.15 was paid to 125 producers in the county for approved conservation.

Considering that the producers must match, and sometimes more than match money spent by the government, at least \$96,104.30 was spent for these practices, which do not include the money spent under the Great Plains Program administered by the Soil Conservation Service.

124 farms in the Conservation Reserve Program (Soil Bank) brought to their owners \$132,573.62 on 16,606.9 acres.

**1964 Cotton Domestic Program**  
Coke County has an effective cotton allotment on 191 farms of 6,253 acres, with a domestic allotment of 4,269 acres. 44 producers on 38 farms participated in the domestic allotment program. Domestic allotment on these 38 farms amounted to 947 acres. Payment was earned on 900 acres, a total of \$5,034.00 or an average of \$5.58 per acre.

**1964 Feed Grain Program**  
Coke County has 332 farms with feed grain bases. 158 farms signed intentions to participate in the volunteer program, with 153 participating. The total acreage diverted was 5,905 acres, with an earned payment of \$77,186.00, an average of \$13.07 per acre. 56 farms earned a price support payment on 1,691 acres making a total of \$5,281.00 or an average of \$3.12 per acre. The total Feed Grain Program payment was \$82,467.00.

**Wool Program**  
Coke County had 196 producers that earned an incentive payment of \$111,071.11 on 848,848 lbs. of shorn wool, and 164 producers that earned an incentive payment of \$14,247.10 on 2,907,557 lbs. of unshorn lambs. The total Incentive Payment for county producers was \$125,318.21. In addition to this amount \$9,942.12 was paid to the National Wool Growers Association for the promotion of wool and lambs.

## License Plates On Sale; Have A "New Look"

Austin, Texas — Monday was the day to start lining up for license plates again. Sales started Monday and end April 1 throughout the state.

Texas Highway Department Officials say that a good many people rush to buy plates the first week of sales, but the biggest flurry falls during the last week of March.

Current registration receipt, certificate of title — and money enough to pay for the plates — are needed to complete the transaction.

Lost receipts or ownership papers may be replaced easily enough by sending 25 cents for each duplicate to the Department's Motor Vehicle Division in Austin (4th and Jackson Sts.) But remember — to issue a duplicate the Department needs your license number, make and vehicle identification number. Receipts may also be obtained from the county in which the vehicle was registered.

Texas license plates have a "new" look this year. Each passenger plate has a three-lettered prefix followed by two or three numerals. (Commercial and miscellaneous vehicles retain their own special registration system.) The new passenger registration system enables the Department to cope with the increasing vehicle registration.

Since World War II, approximately a quarter-million more vehicles have been registered yearly in the state. This trend should continue, but the new system should provide sufficient numbers for at least the next ten years.

Texas tags this year have black letters on white. Convinced that black and white provide the most readable combination under both day and night conditions, the Highway Department alternates the color pattern. In odd years, plates have black lettering on white; in even years, it's just the opposite. It's also more economical to stay with two basic colors, the Department has decided.

The plates provide a revenue source for building and maintaining roads. They also have another primary purpose: identification. Because of the latter, the Department strives for simplicity in plate design. Therefore, plates in Texas contain only the necessary information: license number, state and year.

The simplicity in design is of great value to the Texas police. The Texas Police Association has announced that an automobile is involved in 90 per cent of major crimes committed in the state. It is most important that plates be readable from a reasonable distance.

Texas tags are.

When you buy yours, incidentally, you might want to order your 1965 Official State Highway Map of Texas. The map is now available for free worldwide distribution. To make it easy on the public, the Highway Department has given each Texas county tax assessor-collector's office a free supply of free post-cards for convenient ordering.

Get yours — the sooner, the better.

Nevada became the 36th state in the Union, Oct. 13, 1864. Its constitution had to be telegraphed to Washington to arrive in time for the state to be admitted before the presidential election. President Lincoln carried the state, Nov. 8, with 9,826 votes to General George McClellan's 6,594.

**LT. BLACK COMPLETES  
NINE-WEEK ARMY COURSE**

Second Lieutenant Mickey L. Black, son of Mr. and Mrs. Osmo Black of Bronte, completed a nine-week ordnance officer basic course at the Army Ordnance Center and School, Aberdeen Proving Grounds, Md., Jan. 26.

During the course Lieutenant Black received instruction in the duties and responsibilities of an Army ordnance officer and was trained in supplying and maintaining various combat vehicles.

Lieutenant Black is a 1964 graduate of the Reserve Officer Training Corps from Texas Technological College, Lubbock.

The 22-year-old officer is a 1960 graduate of Bronte High School and attended Tarleton State College, Stephenville.

He is married to the former Yvonne McCutchen, daughter of Mr. and Mrs. Calvin McCutchen of Bronte.

**48 Coke Firms  
Listed in D&B  
Reference Book**

A. J. Hemphill, district manager of the Fort Worth office of Dun & Bradstreet, Inc., today announced statement requests were mailed to 48 businesses in Coke County. He said figures obtained from a physical count of the Dun & Bradstreet Reference Book for January 1965.

Hemphill noted that each January business concerns in all parts of the United States are asked by Dun & Bradstreet for copies of their financial statements. This year requests are being sent to nearly three million business concerns — to the corner grocery store worth a few thousand dollars as well as to businesses worth millions.

The Dun & Bradstreet Reference Book lists those manufacturers, wholesalers, and retailers who seek or grant commercial credit but it does not include some of the service and professional businesses such as beauty and barber shops, security dealers and real estate brokers. Therefore, the figures for total business in the United States would be higher than the three million quoted above.

During the past year, Hemphill added, 28 changes were made in the Dun & Bradstreet Reference Book listings of Coke County businesses, including nine names added, eight names deleted, and 11 changes in the ratings of continuing businesses. The changes occurring in Coke County are about even with the rest of the country where a change of business significance is counted every five seconds.

When the owner or officer of a business enterprise, or his accountant, fills in and mails his financial statement to Dun & Bradstreet, it becomes part of the credit report on his business and a factor in determining the credit rating of his business.

Back of each listing of a business in the Reference Book is a Dun & Bradstreet credit report. The report includes the following: a record of how the business is paying its bills; a history of the business (who owns it, who runs it, and how long it has been operating); a description of what the business does and how it does it; a financial section which usually includes the latest financial statement.

Mrs. H. W. Stout of Clarendon is here visiting her son, Rev. Wayne Stout and family. They will take her home Thursday, going by Lubbock to visit the Stouts' daughter, Mrs. A. L. Sandefur, and family. They will return by Paducah where they will visit friends.

The most energy-saving location for the home washer and dryer is at right angles to each other. Studies have shown that the best location is to have the washer on the left and dryer on the right.

Allow a work space three feet deep and four feet wide in front of the washer. Allow one foot between the appliances. It's easier to do the laundry if there is enough room to work easily.

Other considerations in locating the laundry might be:

1. On the main floor, to save climbing stairs.

2. With a view of the play yard if you want to supervise the chil-

dren while you work.

3. Near the kitchen if you want to do the laundry while you prepare meals or clean up.

4. Near the bedroom and bathroom area if you prefer to do the laundry and mending along with housework in the sleeping area.

5. For economy in installation, it should be located near the kitchen and bath.

6. For satisfactory washes, it must be near the water heater.

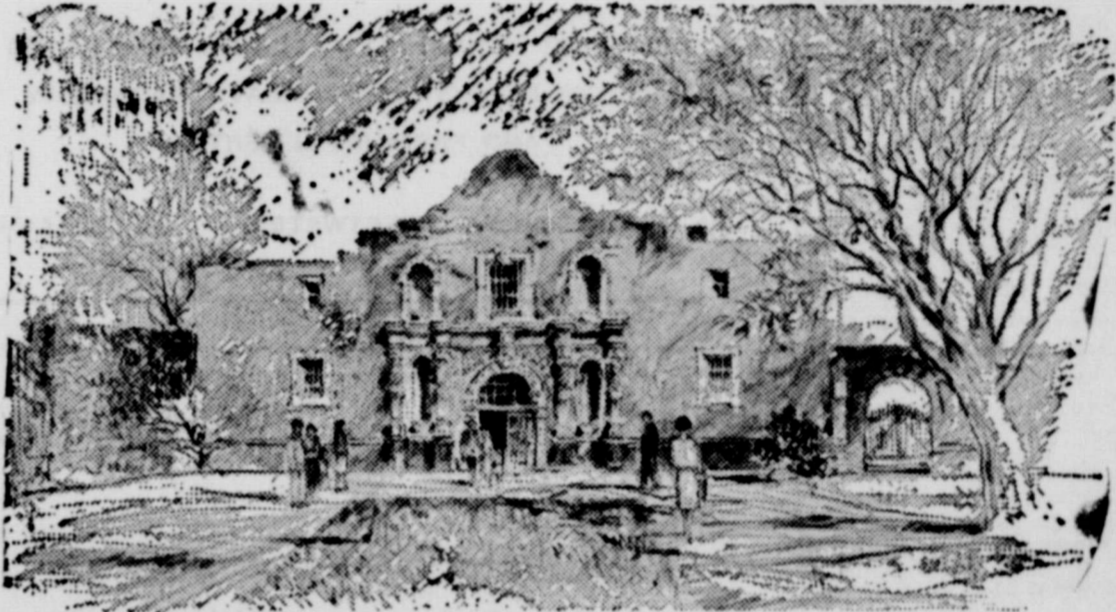

Space and equipment for doing the laundry-related chores are most important. It takes more than a washer and a dryer—no matter how automatic they are. Each of the steps in doing the laundry needs to be considered when planning the laundry area.

## REP. CARPENTER ON FIVE LEGISLATIVE COMMITTEES

State Representative Ed Carpenter of Coahoma has been named to serve on five station committees in the Texas House of Representatives, according to a letter to this newspaper from Speaker Ben Barnes. Carpenter is Coke County's representative in the legislature.

He is a second term member of the house and will serve as vice chairman of the Public Lands and Buildings Committee; he will serve as a member of the committees on Counties, Highways and Roads, Livestock and Stock Raising, and State Hospitals and Special Schools.

## "REMEMBER THE ALAMO"

-- the cry that fanned Texas' defeat to victory!

On March 1, 1836, thirty men from Gonzales broke through the lines of Mexican Army Commander Santa Anna to increase the Alamo's defenses to 187. This little band of heroes held the Alamo against overwhelming odds for five more days in one of the most heroic struggles to be found in the annals of man.

On March 6 Santa Anna with over 4,000 troops stormed the Alamo, and the last of the heroic band of Texans died fighting. Names like William Barret Travis, James Bowie, Davy Crockett and James B. Bonham became immortal.

The massacre at the Alamo inspired General Sam Houston's men at the battle of San Jacinto. Crying "Remember the Alamo!", the Texans sprang upon Santa Anna's soldiers and in a swift bloody fight won Texas its freedom.

## SPEAK OUT FOR FREEDOM

... with U. S. Savings Bonds!

Through the years that have followed, other "Alamos" and "San Jacintos" have inspired Americans to lead and win the fight for Freedom — Pork Chop Hill, Iwo Jima, the Meuse-Argonne Forest.

Today, by purchasing a United States Savings Bond, you can also speak out for Freedom as clearly as the battle cries of old. Every Savings Bond you buy is an investment in Freedom. Buy Bonds at your bank or on the payroll savings plan where you work.

## Lower Phone Rate Goes In Effect February 1, 1965

San Angelo — General Telephone customers will join others throughout the nation in enjoying reduced station to station interstate long distance rates effective February 1, 1965, according to Joe H. Collyns, director of public relations.

The rate reduction, announced late last year by the Federal Communications Commission, extends the hours during which station to station late night rates and night rates are in effect.

For example, the late night rates which apply only to station to station interstate calls (formerly referred to as the "After 9" rates) are now in effect all day Sunday and from 8 p.m. to 4:30 a.m. Monday through Saturday. Station to station interstate night rates, formerly in effect from 6 p.m. to 9 p.m. each day, now will be in effect all day Saturday (from 4:30 a.m. to 8 p.m. and from 6 p.m. to 8 p.m. Monday through Friday.

Emphasis is placed on the fact that only station to station calls of over 431 miles between states are affected by the new rate reductions. Person to person rates and regular day time calling rates remain essentially the same.

E. H. Danner, president of General of the Southwest, has indicated that it is too early to determine precisely what effect the rate reductions will have on the long distance calling habits of General's customers. However, he pointed out that it is entirely possible that the effect will be to provide an additional stimulus to long distance traffic, thereby resulting in little or no change in General's toll revenues. "It is extremely important to bear in mind that long distance traffic has been increasing steadily from year to year and that this upward trend is expected to continue," he said.

Hand grenades came into being between 1600 and 1700. Soldiers throwing them were called grenadiers. With musket improvement, grenades were little used for more than a century until high explosives made them more effective.

## HIGHLIGHTS AND SIDELIGHTS FROM THE STATE CAPITAL

By VERN SANFORD  
Texas Press Associatino

Austin, Tex. — Education still rates top priority in the State capital. But it was viewed in a new light after Gov. John Connally revealed his program to the State Legislature.

Connally took the suggestions of his Committee on Education Beyond the High School that a strong coordinating board be created to administer State colleges and universities. He adopted its plan to put public junior colleges under that board and then told the Legislators the State should assume full financing of instructional costs of junior college academic programs.

THREE-BOARD COLLEGE SYS-

TEM—Real surprise in Connally's approach to higher education came in his proposal that all existing college and university boards of regents be abolished and the higher education institutions be regrouped into three systems.

Even this idea held an added surprise, since Connally recommended establishment of an agricultural and technical university in San Antonio, to serve all of South Texas.

Under the three system approach, there would be a University of Texas system composed of the University of Texas in Austin, Texas Western College, Ar-

lington State College, North Texas State University, Texas Woman's University, University of Houston, Texas Southern University and all medical and dental units.

Texas State University System would consist of A&M University, Texas Technological College, Prairie View A&M College, Tarleton State College, Lamar State College of Technology, Texas A&I College, and the proposed San Antonio university.

A State Senior College System would include Midwestern University, Pan American College, East Texas State College, Sam Houston State Teacher's College, Southwest Texas State College, West Texas State University, Stephen F. Austin State College, Sul Ross State College and Angelo State College.

ADULT ILLITERATE CLASSES — Going from higher education to the most basic sort of education, Connally told the Legislature that 13 per cent of the citizens in Texas over age 25 are functionally illiterate.

He recommended that this situation be met with a program administered by the Texas Education Agency under the Poverty Act. It would offer basic education courses in public schools to at least 10,000 functional illiterates each year.

Governor also asked that vocational and technical education programs in public schools and junior colleges be stepped up to meet coming employment requirements.

TEACHERS' PAY — Connally by-passed a bill by TSTA designed to raise minimum teachers' pay by \$45 a month. Instead, he endorsed a plan already in the form of a bill by Sen. Jack Strong of Longview. It provides for stair-step raises, with sizeable pay increases for experienced teachers, and ups maximum teachers pay some \$650 a year.

His recommendation that teachers be allowed to take summer graduate work at State colleges and universities, free of tuition, received big applause.

WATER PLANNING — Connally adopted the Texas Research League's design for a master State water plan and expanded powers of the Water Development Board. Next day, he requested a \$290,000 emergency appropriation to get the project underway.

He also asked the Legislature to pass bills enabling the Water Development Board to make loans for local development of underground water resources.

Other recommendations — Gov. ernor Connally came out strong for driver education programs in all schools, to be directed by the Department of Public Safety.

He urged passage of an Industry Safety Act; a one-cent cigarette tax increase in 1966; abandonment of the state property tax in seven years; support of the pooling bill to authorize the Railroad Commission to provide for pooling of separately-owned oil and gas interests in a common reservoir; poll tax repeal; and legal rights for women.

Then he asked the Legislature to revise the 1963 Election Code and take out the provision denying the right to vote to those who move their legal residence from one county to another during the six months prior to an election.

Last, but not least, Connally recommended that election laws be changed to provide that the Governor and other state officials run for four-year terms, instead of two-year terms.

HOUSE COMMITTEES — Speaker Ben Barnes re-assigned Rep. Bill Heatley of Paducah as Chairman of the House Committee of Appropriations and Rep. Ben Atwell of Dallas to the House Committee on Revenue and Taxation. One of the most-thankless jobs,

 chairmanship of the Congressional and Legislative Districts committee went to Rep. Gus F. Mutscher of Brenham.

Rep. Dick Cory of Victoria will head the State Affairs Committee. Rep. Maurice Pipkin of Brownsville was named chairman of the Committee on Commerce and Manufacturers. Pipkin is also vice-chairman of the Appropriations Committee.

Rep. Bill Dungan of McKinney was named Chairman of the House Agriculture Committee; Rep. Bill Clayton of Spring Lake, Chairman of the Aeronautics Committee; and Rep. Menton Murray of Harlingen, chairman of the Committee on Conservation and Reclamation.

**LIQUOR BILLS** — Rep. Jake Johnson of San Antonio offered three rivals to the bill backed by Texas Restaurant Association to legalize the sale of two-oz. bottles of alcoholic beverages to diners.

Johnson introduced an "open saloons" bill, a straight across-the-bar drink measure and a small bottles bill for bars serving no food.

Two other legislators, Rep. Paul Haring of Goliad and John Traeger of Seguin, offered bills which would make it illegal to buy liquor for anyone under 21.

**HOUSE REDISTRICTING** — First measure to redistrict the Texas House of Representatives has been unveiled by Rep. V. E. (Red) Berry of San Antonio.

Berry wants to take 20 House seats away from the rural areas and give them to the metropolitan areas. Under his bill, Harris County would get eight more representatives; Dallas County, six; Bexar County, four; and Tarrant County, two.

Bill would match incumbent representatives from five districts in 1966 (if they want to stay in office): Jim Nugent of Kerrville vs. Terry Townsend of Brady; J. E. Ward of Glen Rose vs. Tom Holmes of Granbury; Bill Hollowell of Grand Saline vs. Jim Markgraf of Scurry; Lloyd Gutfey of El Campo vs. Otha Birkner of VanVleck; and Renal Rosseñ of Snyder vs. Roy Arledge of Stamford.

Berry aimed at 63,500 population per district, with a 10 per cent maximum variation.

**AF OPINIONS** — Atty. Gen. Waggoner Carr has issued these opinions:

Jasper County Commissioners court has no authority to call an election to abolish Jasper Hospital District.

County Attorneys can represent themselves on trial of misdemeanor charges in other counties.

Classroom Teachers Association of Dallas is exempt from payment of franchise taxes a non-profit corporation limited to advancement of education.

**SHORT SNORTS** — Rep. Gus Mutscher has introduced a proposed constitutional amendment to revive the Veterans Land Program, which will expire at the end of this year. . . a bill by Sen. Dorsey B. Hardeman of San Angelo, requiring the labeling of all meats imported from foreign countries and "knowingly" offered for sale in Texas, was passed by the Senate with little objection. . . Senate Committee on Agriculture approved a proposal by Sen. Bruce A. Reagan of Corpus Christi to exempt oleomargarine made from milo maize from the 10-cents a pound tax on colored margarine. . . A bill by Rep. Dick Cory proposes that county commissioners courts be given authority to up maximum county officer salaries as much as 30 per cent. . . Agriculture Commissioner John C. White asked the State Finance Committee to give his department \$150,000 for boll weevil eradication in 10 Plains counties. . . Dr. S. B. Walker, executive director for Texas Animal

Health Commission, reports that only three cases of screwworm have been found so far this year, and he believes they were re-entry cases from Mexico. . . Rep. Benton Murray filed a bill to raise the present auto inspection fee to \$2 and tighten inspection requirements. . . Texas Tourist Development Agency reports 24,900,000 people visited Texas tourist attractions last year — a 3,000-

000 increase over 1963. . . House of Representatives in a resolution endorsed a Lyndon B. Johnson State Park across the Pedernales River from the famed LBJ Ranch in Gillespie County.
