

Welcome Snake Hunters

The BRONTE ENTERPRISE

Vol. 47 (Old Vol. 60)

BRONTE, TEXAS, FEBRUARY 25, 1965

No. 8

WHAT A MOUTH! — Jaycees President George Latimer persuaded one of the beauties, which will be on exhibition Saturday and Sunday, to open his mouth for the photographer. If you look closely, you can see the business part of this fellow's anatomy. He is one of about 75 snakes already on hand to be used in the snake handling exhibitions here this weekend.

Snake Hunters, Visitors Due Here This Weekend

Dozens of snake hunters and hundreds of spectators are expected in Bronte next weekend when the local Jaycee Chapter puts on its Second Annual Rattlesnake Roundup. The big hunt and show will be staged Saturday and Sunday.

Prizes totaling \$110 will be presented to winners of various categories of the hunt.

An hourly show and exhibitions in snake handling will be presented both Saturday and Sunday afternoons. Bill Ransburger of Sweetwater will be in charge of the show, and will be assisted by Shelly Downs, nationally famous snake handler. The show will be held in the Rawlings building between The Enterprise and C. R. Smith and Co.

Hunters and land owners who wish to have their property hunted should register at Hurlin Lee's Humble Station or Mackey Feed

& Supply in Bronte, or at Sparks Texaco Station in Robert Lee. A \$2.00 entry fee will be charged each hunter.

A concession stand will be operated each day by members of Zeta Delta HD club of Bronte. Main entree on the menu will be fried rattlesnake steak, but other refreshment items will also be for sale.

Last year's show, which was held at the county livestock show barn in Robert Lee, drew a large crowd and was declared a big success.

The Jaycees have been busy this week getting the Rawlings Building ready for the weekend event. Edward Rawlings is fur-

nishing the building at no expense to the club. The Jaycees have approximately 75 snakes on hand with which to start the show, so plenty of action is promised even before hunters start bringing in their catches.

Otis Smith and Jaycee President George Latimer are in overall charge of the show, with the following committee heads working under them:

Dolan Mackey and Bill Thomas, contacts between Jaycees and land owners; Martin Lee and John Boyles, advertising; George Eubanks, guides for hunters; Eddie Alexander, ticket sales; J. B. Arrott, Boyles and Latimer, killing, skinning and dressing snakes.

The Jaycees have listed five rules which hunters will be required to follow:

1. No guns allowed.
 2. Keep vehicles on existing roads.
 3. Hunt only on approved ranches.
 4. Use extreme caution in fire prevention.
 5. Close all gates at all times.
- Prizes will be awarded to hunters as follows:
\$50 for most pounds of snakes brought in Saturday.

Bronte to Observe School Week With Banquet and Open House

Plans are shaping up for Public Schools Week here, March 1-5. Main item on the program for the special observance will be a banquet Tuesday night for members of Bronte Masonic Lodge and Bronte Lions Club. Teachers will be invited guests.

Talent from the school will present a program following the meal, which will be in the school cafeteria.

Gov. John Connally has proclaimed March 1-5 as Public Schools Week and in his proclamation urges that parents visit their schools during the week.

Leonard Fletcher is in charge of arrangements for the Masonic Lodge.

Supt. C. B. Barbee said that parents and friends of the school are invited to come for a visit any time next week.

Convicts Present Program at School

"Don't despise the simple things of life," said a young convict to students of Bronte Schools and visitors at an assembly program Tuesday afternoon. "They are the most real things in your life," he added, "and you should learn to realize their value."

These statements were made by a young man in his 20s who is an inmate of the Texas Prison System at Huntsville. His summary came after he and two other prisoners told of their lives of crime and circumstances leading up to their difficulties with the law.

All three of the visitors told the young people they hoped their talks would point out some of the pitfalls which can lead to a life of crime and subsequent payment to society for breaking the laws of the land.

A large number of adults and visitors from neighboring schools were on hand for the program.

Last Rites Held For Will Gideon, 85

Funeral services for Will J. Gideon, 85, were held at 2 p.m. Friday, Feb. 19, in the First Methodist Church. The Rev. Austin Masterson officiated. Burial was in Fairview cemetery under direction of Williams Funeral Home.

Mr. Gideon died at 10:45 a.m. in the Golden Years Rest Home at Christoval.

He was born April 22, 1879 in Milam County, Texas, and came to Coke County in 1904 where he farmed until his retirement a few years ago. He was married here to Miss Annie Lockhart Feb. 12, 1911, and they made their home on their farm south of Bronte. Mrs. Gideon died Mar. 22, 1961.

He was a long time member of the Methodist Church.

Survivors include one son, George W. Gideon of Del Rio; two daughters, Mrs. Helen Gillham of Odessa and Mrs. Jean Meyers of Chicago, Ill.; nine grandchildren and two great grandchildren.

Pallbearers were Barney Modgling, J. L. Brunson, Sam Gray, H. O. Whitt, D. K. Glenn and J. A. Percifull.

"NUTS AND BOLTS" TO BE GIVEN MAR. 5 BY SENIORS

The senior class of 1965 will present a play Friday night, March 5. Title of the three act comedy is "Nuts and Bolts."

Class members in the cast have been practicing the production for several days, under direction of Mrs. Royce Fancher, class sponsor.

Everyone is invited to attend the play. Proceeds will be used to defray cost of the senior trip and other class expenses.

2 Trustees to Be Elected April 4th; Cumbie Withdraws

Two trustees for Bronte Independent School District will be elected Saturday, April 4. A check with the office of County Judge W. W. Thetford Wednesday morning indicated that the names of A. E. Bell Jr. and Edward Cumbie have been filed as candidates. They now serve as trustees, and were petitioned to seek reelection.

However, Cumbie came by The Enterprise office Wednesday and said he would not seek reelection. He said he would go to Robert Lee Wednesday afternoon and withdraw his name from the list of candidates.

Any other candidate who wishes to run for one of the trustee jobs should file his name with the county judge, or names may be filed by a petition signed by at least five qualified voters of the school district.

Holdover members of the school board are Horace Taylor, Joe Rawlings, James Wells, Conda Richards and J. B. Morrow.

AD-LIB-BEN

The annual Rattlesnake Roundup has already become a big thing for Bronte, and with the proper backing the Jaycees can make it even more important each year.

Not only should all residents of Bronte attend the show and give the Jaycees their support, they should make a special effort to assist our visitors any way possible.

Hunters from many places will probably be here this weekend. Many other out of towners will be here just to see the snake handling show. The impression we give them of our town and its residents will be carried great distances in all directions. Let's not fail to show true hospitality and genuine friendship.

March 1-5 has been designated as Public Schools Week in Texas. Bronte Masons and Lions will celebrate the event next Tuesday with a banquet, and school officials have announced that all next week will be "open house" at the Bronte Schools.

The need for the public school never changes, but time and conditions may change or require to be changed methods and practices of public education. This is an inherent characteristic of any thing that grows, for growth is the result of change.

Our Texas Public Schools were created 111 years ago. In 1854 the first law was passed establishing the public school.

It is a healthy thing in our democratic way of life to have

Coldest Weather of Winter Chills Area

The coldest weather of the winter blew into this area Tuesday morning and steadily dropped temperatures throughout the remainder of the day and night. The arctic cold front pushed the mercury down below the 20 degree mark early Wednesday morning and gave a solid coat of ice to places where water was standing.

The cold front moved in on the heels of one of the wettest winters Coke County has had in some time. January 1965 brought 1 1/2 inches of moisture to this area and another 2 1/4 inches during February increased the year's total to about 3 3/4 inches.

The slow soaker last week put

a lot of moisture in the ground, as it fell over a period of three days, and very little runoff resulted. The unusually wet winter has made ranching and farming prospects brighter than they have been in several years.

Figures obtained from the Soil Conservation Service office in Robert Lee show the following figures for January and February, beginning with 1960:

	Jan.	Feb.
1960	1.97	.55
1961	2.90	1.50
1962	.00	.00
1963	.00	.66
1964	1.78	1.54
1965	1.48	2.26

Washable Favorites Brightened By Print on Texture

Cottons and cotton blends are the feminine fabrics for spring 1965. Cotton crepes are crinkled for texture and spotted with woven dots. Patterns are either romantic water colors or mad splashes of hot color and bold designs. Knits are bubbled and crimped — or woven with both thick and thin yarn to add interesting texture.

Many of the new fabrics have built in boons for home sewers. Ribbon effect on solids, or tiny patterns and cording on delicate sheers, create an illusion of hand sewn trim. Many knits are backed for added firmness and easy handling.

It is important to remember that washable fabrics make washable fashions only if the bindings, facing, "findings", and trimmings are also safe in soap and detergent suds. Some trims benefit from pre-laundering before sewing in order to avoid subsequent shrinkage.

Mrs. R. L. Page, Coke County THDA chairman, and Mrs. Pat Rives, council vice-chairman, will represent Coke County in a District planning meeting in Menard. The meeting will be held Tuesday, March 2. Bronte's entries last fall in the district contest held at San Angelo won a first place in the Senior Farm Skills contest and a second place in Junior Chapter Conducting. The Senior Farm Skills team also recently won third place in an area contest at Big Spring.

One of the main activities of FFA boys during the spring of each year is entering stock judging contests. This year Bronte judges will try their skill at the San Angelo Stock Show contest, at San Angelo College, Sweetwater (two contests), Sul Ross in Alpine and Texas Tech in Lubbock. First contest on the docket is a Duroc swine judging contest Feb. 27 at Sweetwater.

Shop work is also a big part of instruction in the FFA and vocational agriculture program. In addition to studying crops, livestock, soils, etc., the boys learn how to make such things as trailers, gates, barbecue grills, playground equipment and others. Already this year, they have completed one trailer and are now working on a second.

Social highlight of the year for this year's FFA Chapter will be a Father-Son banquet, which will

Sewing Workshop Set for RL, Bronte

By FAY C. ROE

Several sewing workshops are being planned for the county during March and April. If interest and pre-registration is great enough, workshops will be held in Bronte, Robert Lee, Silver and Tennyson. The workshops will be free to anyone desiring to attend.

Each person who attends will construct a garment during the workshop. The garment may be for a child, for those interested in sewing for their children; or any other garment or material may be selected.

Plans for the workshop sessions will be made following "pre-meetings." The places and time for sewing will be decided in each community after registration.

"Pre-meetings", where fabrics, patterns, findings and equipment will be discussed, and plans made for the workshops are scheduled for Robert Lee on Thursday, March 4, at 2 p.m. in the county courtroom and in Bronte in the school auditorium at 9:30 a.m. Friday, March 5.

Persons who want to attend the workshops should attend the pre-planning meetings. Each workshop will be limited to the number of participants. Registration will be taken on a "first come" basis. Persons who wish to attend and are unable to attend the planning meetings, should call Mrs. Fay C. Roe at her office or send her a post card.

March of Dimes Goes Over the Top

Coke County went over the top in the recently completed March of Dimes drive, according to Elmer Hurley, Bronte pharmacist and chairman of the drive. A total of \$1,052.42 was raised, to exceed the quota some \$250.

Contributions by Robert Lee area residents, through the Mothers March and mailers from the school, raised a total of \$330.31. Bronte raised a total of \$494.11 through the mailers and Mothers March. The golf tournament at Robert Lee brought in another \$228.

Hurley expressed his appreciation to everyone who participated in the drive in any way. "I am grateful to every worker and to every contributor who helped put the March of Dimes over the top," he said.

Hurley added that the county golf tournament was what really made Coke County exceed its quota. He said "The fine job of hosting the tournament which was done by the Robert Lee folks gave us the extra boost we needed and I am grateful to all of them and to every player who participated in the tournament."

County Agents News Column

By STERLING LINDSEY

Coke County will be well represented at the big Houston show next week. The Robert Lee FFA boys and county 4-H club members next Sunday will load 67 lambs, 10 breeding sheep, 7 steers and 2 heifers that will be exhibited at various times during the week. Approximately 30 feeders, their supervisors and some of the parents will be attending the Houston show.

Coke County 4-H club members with entries are as follows: Marcia Varnadore, 3 lambs; James Fields, 2 lambs; Edwin and Sue Lindsey, 4 lambs; Nicky and Mike Arrott, 4 lambs; Jerry Parker, 1 lamb; John, Kathy and Jay Lynn Service, 6 lambs; Linda, Gary, and Jean McDaniel, 2 lambs. Steer exhibitors will be Sharon McCutchen, 3 steers; Jo Alice and Maxie Evans, 3 steers. Darrel Pitecock will exhibit his scramble heifer.

Big day of the Houston show will be Wednesday. Both steers and lambs will be judged that day. Breeding animals will be shown on Thursday and Friday.

In addition to the exhibits, Maxie Evans will enter the Houston Calf Scramble on Saturday afternoon, March 6. He will compete for a certificate valued at \$150 with which he will purchase a registered beef heifer.

The San Angelo Show will be held the week after the Houston show. Coke County 4-H club members have 50 animals (1 heifer, 3 steers, 18 range ewe lambs and 28 mutton lambs) entered in that show.

Have you had your pet immunized against rabies? The Coke County 4-H club members will have a veterinarian at the Robert Lee Show Barn Friday afternoon from 4-6 p.m. If your dog or cat has not been vaccinated within the last year, revaccination is good insurance.

Plants have appetites just as you and farm animals do. But unfortunately, plants can't vary their available foods at will to match their appetites for a balanced diet.

Farmers don't have to wait until their crops show ring-streaked, speckled, spotted signs and blotchy discoloration. They can get help beforehand by having a soil test made to detect nutrient deficiencies even before planting the crops.

A soil test helps to determine how much and what kind of each fertilizer element to add to produce a healthier yield of any crop.

Before a major soil fertility program can be undertaken, two questions should be asked: "Are you sure of the fertility conditions of the soil, and do you know what kind and amount of fertilizer to use on crops for top yields and top profits?"

Instructions on taking soil samples and mailing boxes are available at the county extension office. A soil test costs \$2.00. This could be a wise investment if our moisture situation continues to improve.

Spectators are assured of absolute safety at the show. A snake proof pit will be constructed at the show site and there will be no danger from the snakes, Jaycee officials said.

Ransburger's and Downs' shows are fascinating and informative. They not only handle and display the snakes, but talk about the habits of reptiles and provide information which could be valuable to anyone who lives where rattlesnakes abound. Some exhibitions of milking the poisonous venom from rattlers will be shown. The venom is extremely expensive and is used for medical purposes.

The Jaycees are hoping for a large crowd. They promise a fine show and announced that proceeds from the hunt will be used to defray expenses for community projects.

The initiative and resourcefulness and wisdom and leadership that our schools are inculcating in the youth of today are the answer to the problems of citizenship in the years ahead.

Yes, "bring me men to match my mountains." That is still the need of our times and must come from the public schools — schools that are strong in virtues required for building strong men and women.

You can assure yourselves that our schools are performing their task by visiting them, seeing how they operate and asking questions. You are invited next week to do just that. Take advantage of their hospitality. You will enjoy the experience of going back to school — even for a day.
