PUSH FARM SAFETY — Ben Boykin, right, president of Coke County Farm Bureau, looks on as Judge W. W. Thetford prepares to sign a proclamation designating this week as Farm

Safety Week. In the proclamation, Thetford urged all farmers and ranchmen to use all means available to insure safe operations. (See Proclamation page 4.)

Farm Safety Week Being Observed Here

County Judge W. W. Thetford has officially proclaimed July 25-31, 1965, as FARM SAFETY WEEK in Coke County, according to Ben Boykin, president of the local county Farm Bureau. The local organization is coordinating activities for the special farm campaign.

President Johnson and Governor Connally have previously designated that week on national and state levels as a period to call attention to worthwhile safety practices that can reduce disabling injuries and death.

The county farm leader said that the accidental death rate for farm residents has increased since 1961. "Your efforts are vital if this trend is to be reversed, and needless suffering and losses substantially reduced," Boykin continued. He emphasized that farming remains one of the most hazardous occupations in America today.

In his official proclamation, Judge Thetford said: "All the citizens of Coke County are deeply concerned about the safety and well-being of farm families from whom we receive our abundance of food and other essential agricultural commodities.

"Thousands more suffer disab-

ling injuries, and property damage adds great economic loss to the terrible toll of farm and ranch accidents.

"During this special week, a statewide farm accident prevention education program will be undertaken by the Texas Farm Bureau, the Texas Farm and Ranch Safety Council, the Texas Agricultural Extension Service, 4-H Clubs, the Texas Safety Association, Future Farmers and Future Homemakers of America, Young Farmers and Young Homemakers of Texas and the Coke County Farm Bureau, with the theme "Safe and Alive in '65."

County Farm Bureau President Boykin said that a different phase of safety would be emphasized each day during the week: Sunday—reverence for life; Monday—safety begins at home; Tuesday—agricultural chemicals; Wednesday—prevent falls; Thursday—rural highway safety; Friday—farm machinery; Saturday—recreation safety.

Coke Farm Bureau Queen and Talent Contest August 3

Farm Bureau queens will be crowned Tuesday night of next week, Aug. 3, when the annual contest will be held in the Bronte school auditorium. Jan Wilkins of Bronte, last year's queen, will do the crowning. A talent show will also be held. The program will begin at 7:30 p.m.

Three queens will be crowned, from these divisions — junior, intermediate and senior.

Only the senior queen, however, will go on to the district contest to be held in Seminole later in August. Winners will also be announced in the talent contest.

Mrs. Dolan Mackey of Bronte and Mrs. Jeff Dean of Robert Lee are in charge of the talent show. Mrs. Garland Davis of Robert Lee is general chairman of the queens contest. Her committee includes Mmes. J. B. Harmon, Dale Brown, and Ben Boykin of Robert Lee and Mrs. Dolan Mackey, Bronte. The public is invited to attend.

Rehearsal Called

A rehearsal has been called for 7 p.m. Monday, Aug. 2. All who are entering the contest or talent show are asked to be present at that time.

Only 4 Report for Work Program

Only four Bronte young people were available to work with the Neighborhood Youth Corps after approval of the local program was received late last week. The four went to work Monday morning, three at the school and one at the city hall.

James Golson, who is in charge of the program here, said that most of the students who had expressed interest in working with the program have already found other work or have enrolled in school courses.

He said anyone between the ages of 16 and 21 who is interested in the program should see him at once.

Little Leaguers Area I Champs

The Colorado River Little League All Stars have chalked up three straight victories during the past week. The team won two games played at Bronte last Thursday and Friday nights and then advanced to the Area I championship Saturday night at Colorado City.

The game at Colorado City against Snyder National All Stars was the big game of the week and was taken by the local lads, 8-5.

Winning this contest made the Coke County boys eligible to play in a bi-area game tonight (Thursday) at Rotan, when the championship of Areas I and II will be decided. Game time has been set for 7:30 p.m.

Joe Basquez was the winning pitcher in the game with the Snyder boys. He went the entire six innings on the mound. James Fields, Barry Day and Basquez were the big guns of the evening at bat, all getting two hits with one home run. Other boys who hit safely were Tommy Grace, and Wesley Ash.

Down Ballinger

The Colorado River All Stars in their first game last week, defeated Ballinger All Stars last Thursday night to the tune of 16-3. Basquez was the winning pitcher in this contest, and went all the way on the mound.

Fields got a homer in this game and Day got three safe hits. James Hood and Danny Parker socked two hits each and Buz Wojtek and Basquez hit successfully one time.

Winters Defeated

In the game Friday night Winters All Stars were downed by a score of 17-13. Three pitchers were used, with Ash going 1 1/3 innings, Day 1 1/3 and Wojtek 3 innings.

Everybody was hitting. Fields, Basquez, Day and Parker all slammed home runs. Grace hit safely three times; getting two hits were Fields and Basquez; single hitters included Mark Tillman, Wojtek, Ash, Day and Parker.

J. B. Arrott of Bronte, manager of the All Stars, and Richard Day of Robert Lee, coach, asked that their appreciation be expressed to everyone who helped get the field at Bronte in shape for the two contests, to the umpires and announcer, and to everyone else who helped in any way to make the games a success.

Arrott said Tuesday afternoon that so far as he knows, this year's All Star team has already gone further in competition than any other Colorado River All Star team. He said if the local lads defeat the Rotan team Thursday night they will be eligible to compete against an Abilene team Friday night.

Scoreboard Here, But Funds Short

The new scoreboard for Bronte School's football field has arrived but the fund to be used in paying for the new installation is still some \$360 short of the cost.

Elmer Hurley, PTA president, said the new board costs \$1765.90 and the fund totals \$1405.31, leaving a balance of \$360.59 yet to be raised.

Hurley said this balance should be raised by Aug. 1, as payment has to be sent at that time. He urged everyone who wishes to contribute to get his money in as soon as possible. Contributions may be handed to Hurley or deposited to the Scoreboard Fund at First National Bank.

School officials believe the new board will make it much easier for spectators to follow games played at the local field.

WTU Offering Mercury Lights For City Streets

As an additional service to the communities, towns and cities it serves, West Texas Utilities Company has extended its street lighting services. The new street lighting schedules provide for mercury-vapor street lights in ratings of 8,000 lumen, 21,005 lumen and 43,000 lumen (two lights per pole).

Mercury-vapor lamps, W. D. McAdams, local manager said, are more efficient than incandescent lamps and are considered by authorities as the desirable primary source of illumination for modern street lighting. This new service is designed to help communities improve the quality of their street lighting.

He said, "that the cost of new mercury-vapor street lights on either conventional wood poles or standard steel poles is low and compares favorably with rates of other Texas companies."

McAdams pointed out that this new street lighting service would be extended to all towns and communities the company serves. The company is eager to assist the progressive, "up-and-coming" communities it serves in having and maintaining good street lighting. Good street lighting is an important plus for a community in attracting new industry. A well lighted town is considered to be one of the sure indicators of a progressive, wide-awake community.

In addition to the deserved civic pride of a well-lighted community, McAdams pointed out, modern street lighting contributes substantially to crime reduction. It is a positive deterrent to vandalism and hoodlums.

Another benefit of modern street lighting is improved public safety. Statistics clearly show that well lighted arterial streets and main thoroughfares reduce the number of traffic accidents and fatalities.

HEALTH SERVICES

Why is America the healthiest nation in the world?

There are many reasons, but here are two of the most important:

With only about 6 per cent of the world's population, the United States has approximately 28 per cent of the world's trained physicians!

And, we have about one-fourth of all the world's pharmacies!

This means that health services and products are more available to Americans than in any other country on earth.

In each of this country's 55,000 pharmacies you find:

Personalized service. Your neighborhood pharmacist counts on your patronage just as you count on him for prompt, careful attention to your needs.

Full line of products. Every pharmacist stocks thousands of products to take care of emergencies as well as continuing needs.

But the number of pharmacists is important by itself. It means that nearly every American is no further than a few minutes away from the medication he needs, when he needs it. And, for most Americans, it means that he has a choice of pharmacies to patronize.

We hope you'll give our pharmacy the chance to serve you.

This Week Is FARM SAFETY WEEK

Don't Be Guilty of Carelessness And Unsafe Operations!!

Safety in the operation of all farms and ranches is of primary importance to all members of the Coke County Farm Bureau. We can all see the disastrous effects of careless and slipshod methods and we know better than most anyone the loss that can result from farm and ranch accidents.

We urge not only our members, but every other person engaged in any phase of farming and ranching to check your premises and equipment; make sure that you eliminate accidents before they happen. You can do that, you know.

A safe accident-free year of farming or ranching can be satisfying and profitable, so don't let an accident turn your work and investment into suffering and loss.

S. Lindsey to Receive Award for Service

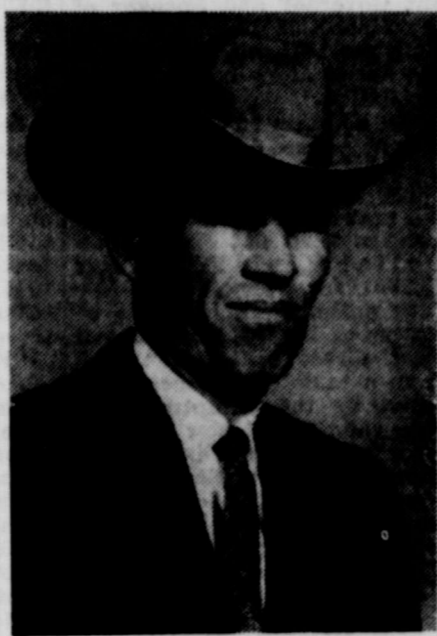

College Station (Spl) — Sterling Lindsey, Coke County agricultural agent since 1957, has been named a recipient of the National County Agricultural Agents Association's highest honor, their Distinguished Service Award for 1965. He was one of six Texans so honored.

The awards are presented annually to a select group of the nation's county agents who have, over a period of 10 years or more, made outstanding contributions to agriculture and rural living. The Texas winners will be recognized at the Association's annual meeting in McAllen, August 8-11, but presentation of their awards will come as a highlight of the national meeting scheduled for Pittsburgh, Pa., Oct. 31-Nov. 4.

Lindsey was nominated by the Texas Association and confirmation from the national group was announced by Todd W. Berry, Van Zandt County agent and chairman of the Texas Awards Committee.

The award winner was cited "for his dedication to agricultural improvement and his ability to organize and work with others in carrying out planned programs for both adults and youth. Resources of the county, both natural and human, have been utilized in programs planned and executed by committees he helped organize."

Before transferring to his pre-

STERLING LINDSEY

sent position, Lindsey served for two years as assistant county agricultural agent in Coleman County, for six months in Runnels County and for two years as county agent of San Saba County.

He has worked closely with community leaders in Coke County, helping them organize various groups to plan and carry out community wide improvement programs. He has had an active part in development of the Coke County Trapper's Association, the Coke County Livestock Protective Association and the Coke County Committee for Progress.

Under the direction of Lindsey, Coke County has developed an outstanding 4-H Club program with strong project demonstrations. A strong believer in leadership training, he has also assisted youth and adult groups in improving their leadership and citizenship programs.

The Frio County resident excelled in FFA and other organizations during his youth. He is a graduate of Texas A&M University with a B.S. degree in agricultural education. In order to keep up to date with the latest developments in agriculture, he has attended a special summer session at Colorado State University and numerous workshops and in-service training sessions dealing with problems relating to his work.

The award winner takes an active part in local church and civic affairs. He is a member of the official board of the Robert Lee Methodist church, secretary of the Coke County Wildlife Association and a Boy Scout counselor.

This is National Farm Safety Week. The President in his proclamation urges everyone to help prevent accidents at work, at home or wherever our paths may take us.

Farm and ranch accidents were responsible for more than 8,000 deaths last year. Another 800,000 were injured. Rural people sustained \$1.5 billion in losses to accidents during the year.

Many accidents could be prevented if proper precautions were taken. This year special emphasis is being given to help prevent accidents involving slow-moving vehicles, chemicals, electricity and recreation.

Non-farm individuals and related groups are encouraged, by the council, to participate in this week promoting accident prevention. Safety practices, at work, in our every day living and in recreation are advised by the council.

Water safety is a practice needed more each year. Over 6,000 persons drown in the United States each year. Highest rate among age groups is among teenagers and the rate for teenage boys is about 15 times the rate

The screwworm fly is still managing to keep its life cycle going in the state. Last week 15 cases were confirmed in the state. Most cases were in the area southwest of San Antonio. Apparently Sterling County arrested their outbreak. No cases were reported last week from Sterling County.

Agriculture is still big business in Texas and can not be determined by the number of people living on farms and ranches. Only eight per cent of the state's population reside in rural areas. But, another 32% derive part or all of their income by supplying production items to agriculture or by processing or distributing agricultural supplies. No citizen is far removed from agriculture nor its business generating effects upon the economy of Texas.

NUMBER ONE ON THE BALLOT**

PROPOSED CONSTITUTIONAL AMENDMENT TO BE VOTED ON AT AN ELECTION TO BE HELD ON NOVEMBER 2, 1965.

SENATE JOINT RESOLUTION NO. 24 proposing an Amendment to the Constitution of the State of Texas by amending Article VII, Section 17, providing a method of payment for the acquiring, constructing and equipping of buildings and other permanent improvements at certain state institutions of higher learning; providing for allocation of funds therefor; authorizing the issuance of bonds or notes and the pledging of allotted funds for the payment of same; providing for an election and the issuance of a proclamation therefor.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Section 17 of Article VII of the Constitution of the State of Texas be amended so as to hereafter read as follows:

"Section 17. In lieu of the state ad valorem tax on property of Seven Cents (7¢) on the One Hundred Dollars (\$100.00) valuation heretofore permitted to be levied by Section 51 of Article III, as amended, there is hereby levied, in addition to all other taxes permitted by the Constitution of Texas, a state ad valorem tax on property of Two Cents (2¢) on the One Hundred Dollars (\$100.00) valuation for the purpose of creating a special fund for the continuing payment of Confederate pensions as provided under Section 51, Article III, and for the establishment and continued maintenance of the State Building Fund as provided in Section 51b, Article III, of the Constitution.

"Also, there is hereby levied, in addition to all other taxes permitted by the Constitution of Texas, a state ad valorem tax on property of Ten Cents (10¢) on the One Hundred Dollars (\$100.00) valuation for the purpose of creating a special fund for the purpose of acquiring, constructing and initially equipping buildings or other permanent improvements at the designated institutions of higher learning provided that none of the proceeds of this tax shall be used for auxiliary enterprises; and the governing board of each such institution of higher learning is fully authorized to pledge all or any part of said funds allotted to such institution as

hereinafter provided, to secure bonds or notes issued for the purpose of acquiring, constructing and initially equipping such buildings or other permanent improvements at said respective institutions. Such bonds or notes shall be issued in such amounts as may be determined by the governing boards of said respective institutions, shall bear interest not to exceed four per cent (4%) per annum and shall mature serially or otherwise in not more than ten (10) years; provided further, that the state tax on property as heretofore permitted to be levied by Section 9 of Article VIII, as amended, exclusive of the tax necessary to pay the public debt, and of the taxes provided for the benefit of the public free schools, shall never exceed Thirty Cents (30¢) on the One Hundred Dollars (\$100.00) valuation. All bonds shall be examined and approved by the Attorney General of the State of Texas, and when so approved shall be incontestable; and all approved bonds shall be registered in the office of the Comptroller of Public Accounts of the State of Texas. Said bonds shall be sold only through competitive bids and shall never be sold for less than their par value and accrued interest.

"(1) Ninety per cent (90%) of the funds allocated on June 1, 1966, shall be allocated to state institutions based on projected enrollment increases published by the Coordinating Board, Texas College and University System for fall 1966 to fall 1978.

"(2) Ten per cent (10%) of the funds allocated on June 1, 1966 shall be allocated to certain of the eligible state institutions based on the number of additional square feet needed in educational and general facilities by such eligible state institution to meet the average square feet per full time equivalent student of all state senior institutions (currently numbering twenty-two).

"Not later than June first of the beginning year of each succeeding ten-year period the Comptroller of Public Accounts of the State of Texas shall reallocate eighty-five per cent (85%) of the funds to be derived from said Ten Cent (10¢) ad valorem tax for said ten-year period and not later than June first of the sixth year of each succeeding ten-year period said Comptroller shall reallocate fifteen per cent (15%) of such funds to the eligible state institutions then in existence based on determinations for the said ten-year period that are similar to the determinations used in allocating funds during the twelve-year period beginning January 1, 1966, except that enrollment projections for succeeding ten-year periods will be from the fall semester of the first year to the fall

semester of the tenth year.

All such designated institutions of higher learning shall not thereafter receive any general revenue funds for the acquiring or constructing of buildings or other permanent improvements for which said Ten Cent (10¢) ad valorem tax is herein provided, except in case of fire, flood, storm, or earthquake occurring at any such institution, in which case an appropriation in an amount sufficient to replace the uninsured loss so incurred may be made by the Legislature out of any General Revenue Funds. The State Comptroller of Public Accounts shall draw all necessary and proper warrants upon the State Treasury in order to carry out the purpose of this Amendment, and the State Treasurer shall pay warrants so issued out of the special fund hereby created for said purpose. This Amendment shall be self-enacting. It shall become operative or effective upon its adoption so as to supersede and repeal the former provisions of this Section; provided further, that nothing herein shall be construed as impairing the obligation incurred by any outstanding notes or bonds heretofore issued by any state institution of higher learning under this Section prior to the adoption of this Amendment but such notes or bonds shall be paid, both as to principal and interest, from the fund as allocated to any such institution.

Sec. 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of this state at the General Election to be held on the first Tuesday after the first Monday in November, A.D. 1965, at which election all ballots shall have printed thereon:
