

THE CASTRO COUNTY NEWS

DIMITT, CASTRO COUNTY, TEXAS, THURSDAY, MARCH 18, 1943

NUMBER 23

Former Dimmitt Boy Awarded Silver Star

The Silver Star for gallantry in action has been awarded to First Lt. George Alva Barber, Army bomber pilot from Lubbock, for his part in the bombing of Japanese positions on Kiska Island in the Aleutians.

He is the son of Mr. and Mrs. Frank Barber of Lubbock and a nephew of Mrs. Joe Hastings.

Alva Barber was born in Dimmitt March 19, 1919. He moved with his family to Hereford where he attended school. He attended Dimmitt High School in 1934 and lived with his aunt.

He entered the Air Corps in September 1941 and was commissioned at Luke Field, Arizona, April 27, 1942. He was assigned almost immediately to Alaska duty. He was decorated Feb. 25 by Maj. Gen. Simon B. Buckner Jr., commanding general of the Alaska Defense Command.

Gift Party Given For Recent Bride

A group of hostesses entertained with a gift party Monday afternoon honoring Mrs. Bob Erdman of Lubbock, the former Miss Maxine Skipworth, at the home of Mrs. Etta Brashear. Hostesses were Mesdames Floyd Thomas, Bill Gafford, Pat Hardy, Velma Cowan and Etta Brashear.

Meat, Cheese, Butter, Oils Rationing Set March 29th

WASHINGTON.—The new meat-cheese-butter-oils rationing will start March 29, the government announced today, and there will be no sales "freeze" before hand as there was on other rationing programs.

Each person, regardless of age, will be allowed 16 points a week for the whole group of new items to be rationed. There will be no exact meat ration, it is estimated that the amount of meat available will average two pounds per week per person for home consumption. Actually the public will be able to buy more or less meat, depending on how many of the same coupons are used for the other rationed foods. The amount of meat also will depend on what kind of meat is purchased.

CAFES COUPONS—FREE—Just what the 16-point allowance will buy cannot be determined until the OPA distributes in about two weeks the chart of point values—similar to the recent chart on canned goods—giving the coupon values for the rationed items.

Restaurants will continue to be coupon-free to the customers although OPA will ration the supplies used by restaurants.

OTHER DETAILS:—Bouillon cubes and beef extracts, not rationed now with canned soup will be rationed with meat.

Not all cheese will be rationed. Hard cheese like Swiss and American will be rationed; soft or perishable cheese like cream cheese, cottage cheese, camembert and brie will not be rationed.

Canned fish will be rationed but fresh, frozen, smoked, salt and pickled fish will not be rationed.

No poultry or game will be rationed, whether fresh or canned.

COUPONS GOOD FOR MONTH—Weekly coupons will be good for a month. If any coupons are left over from the first week, they may be used with the second week's coupons. The same is true of the third and fourth weeks, until on April 30, all the first month's coupons will expire together. Because meat cutting is inexact, point costs of meat will be figured to the nearest full point. Thus, a steak which figured ten and one-fourth points could be had for ten points. But if it figures ten and a half or larger fraction, it will cost 11 points.

Mrs. Alta Gladman Entertains Garden Club March 10th

Mrs. Alta Gladman entertained the Garden Club with a luncheon, at her home Wednesday, March 10, 1943. The club had as their guest speaker Miss Ava Grinstaff. Miss Grinstaff gave a very interesting talk on the subject of landscaping. She explained how we could in these war times, combine fruit trees and vegetables with flowers and thus supplying us with fruits and a victory garden, and at the same time, having a beautiful yard.

Mrs. R. O. Hayes, from Slaton was a guest. Luncheon was served to the following members: Mesdames Ray Cowser, Frank Easter, R. B. Boren, Goodwin Miller, Alta Gladman, Homer Newton, John Aldridge, Mark Cowser, E. B. Wright, Ava Grinstaff, Fay Holland, Marian Brenton, L. G. Manning, R. O. Hayes.

A business meeting was held after lunch and the members discussed landscaping High School and Grammar School. Each member has decided to plant one red honey suckle in her yard this year as a hobby.

We invite anyone who is interested to attend our meetings.

STAMP 12 SUGAR RATION SET

House wives will again buy sugar in the familiar five-pound sacks and boxes on sugar ration stamp No. 12, effective March 16, OPA announced. The ration, however, must last for 11 weeks, until the end of May. Stamp No. 11, good for three pounds is valid until March 15.

J. W. Ervin of Kress was a guest in the home of his grandparents, Mr. and Mrs. J. W. Skipworth, Saturday and Sunday.

4-H CLUB BOYS MARKET BEEF THIS WEEK

Castro County 4-H club boys will market 20,000 pounds of beef this week on the Ft. Worth market according to M. U. May, county agent of the Texas A. and M. College Extension Service. Homer Hill, Jr., Bobby Hill, and Rodney Smith of the Hart 4-H club will make the trip to Fort Worth this week to see their 18 calves marketed on the open market.

This marketing of 4-H club calves will conclude the feeding work of these boys this year and these boys are doing a lot toward furnishing meat for the armed services and the home front. Buddy and Bobby Hill have ten Hereford steers that weigh around 1,200 pounds and Rodney Smith has 8 Hereford steers that weigh around 1,000 pounds.

Castro County 4-H boys are following the dry lot feeding program feeding only home grown feed. They are feeding their cattle just as any farmer in the county would feed and the boys this year have done an excellent job of feeding, states County Agent May. Another part of the 4-H beef program of Castro County is to put the cattle fed by the boys on the open market and for the boys to make the trip to the market and see their cattle marketed through regular channels just as any livestock feeder will do.

Rodney Smith, Buddy and Bobby Hill will make the trip to Ft. Worth with County Agent May and see their cattle sold as well as visit the stock yards and the packing plants of Fort Worth. These boys will learn the marketing end of the cattle business and by the time they are old enough to farm for themselves they will have had this valuable experience.

The Castro county 4-H beef calf feeding program is founded on a sound practical basis and one that the experience the boys have as 4-H boys can be used in later life.

Mr. and Mrs. E. D. Ashcraft received the following telegram Monday, "Your son, J. W. Ashcraft, is reported a prisoner of war of the Japanese Government in the Philippine Island, Letter follows." War Dept.

Mr. and Mrs. Ashcraft had not heard from their son since "Pearl Harbor" He was with the 200th Coast Artillery, Anti Air Craft and had been made Staff Sergeant. He was believed to have been on Bataan when taken prisoner.

Mr. Glenn LeDoyt of General Foods and R. E. Karper of the Texas Experiment Station attended a meeting in Dimmitt with farmers early this month and explained the contract with the farmers and some 2,000 acres will be contracted under irrigation in this county. General Foods is contracting to buy the entire crop for 50 cents per hundred above the local market based on Ft. Worth price.

All acres have been taken up that has been allotted to Castro county, states County Agent May and unless more acres are allotted by General Foods only the farmers that have signed up will be sent contracts by the General Foods company which is encouraging this new kafir program to supplement the kafir they have formerly imported.

This is a new crop and might be called war crop and it is considered fortunate that Castro county was selected as one of the counties to grow it when there is such a limited supply of seed.

Castro County Home Demonstration Council met Saturday, March 13, 1943, in the office of the County Home Demonstration agent. Reports of the club were given by club presidents. Nazareth reported a good attendance at regular club meetings and a very successful social and financial venture. Midway reported a pressure cooker clinic at which five pressure cookers were tested, a regular meeting on planning spring gardens, and a club social to which husbands and other guests were invited. Flagg club reported one regular meeting, a club report sent to the local paper, and plans for a program of foundation patterns to be given on the fourth Wednesday of March. In addition to the regular meetings Northedge reported a pressure cooker clinic. Gardening and baby chicks are being started by most of their club members.

Recommendations of the Expansion and Education committees were read and approved by the council.

An open house demonstration on slip covers and a plant exchange was planned for April 3, 1943; all who are interested are invited to attend the demonstration and participate in the exchange.

Council was invited to elect two members to serve on the County Library Board. Mrs. Andy Thompson, and Miss Hazel Merritt were elected to represent Home Demonstration Council.

The following representatives were present: Mrs. Noel Gallion, chairman, Mrs. Jess Birchfield, secretary-treasurer; Miss Hazel Merritt, reporter; Mrs. Frank Shepard, Mrs. Dave Shepard, Northedge club; Mrs. Eddie Prerup, Miss Emil Huseman, Nazareth club; Mrs. Andy Thompson, Mrs. Clint Coventry, Flagg club; Mrs. Barber Eubanks, Mrs. Ted Cox, Midway club; and Miss Ava Grinstaff, county home demonstration agent. Miss Grinstaff's mother, Mrs. I. S. Grinstaff was a guest of the council.

The Hart Home Demonstration Club had their regular meeting Tuesday March 16, 8 members present. 1 visitor. Miss Grinstaff gave a demonstration on foundation pattern also discussed lines and colors—(Mrs. Ray Jones) Rep.

Blackhull Kaffir Planted, Total 2,000 Acres

Castro county farmers will grow some 2,000 acres of the new starchy blackhull kafir according to General Foods which company is furnishing the seed for the undertaking.

The new kafir according to M. U. May, county agent of the Texas A. and M. College Extension Service provides the kind of starch that can be used in human foods. This new kafir was developed by R. E. Karper of the Texas Experiment Station at Lubbock and has been found to contain the same kind of starch that has been imported from the Netherlands East Indies and is used in making tapioca. As the imports have been cut off General Foods purchased all the available seed of this new kafir and will grow it under contract with the farmers of Castro, Bailey, Hoekley, and Lubbock counties.

All acres have been taken up that has been allotted to Castro county, states County Agent May and unless more acres are allotted by General Foods only the farmers that have signed up will be sent contracts by the General Foods company which is encouraging this new kafir program to supplement the kafir they have formerly imported.

This is a new crop and might be called war crop and it is considered fortunate that Castro county was selected as one of the counties to grow it when there is such a limited supply of seed.

J. W. Ashcraft Prisoner Of Japs

Mr. and Mrs. E. D. Ashcraft received the following telegram Monday, "Your son, J. W. Ashcraft, is reported a prisoner of war of the Japanese Government in the Philippine Island, Letter follows." War Dept.

Mr. and Mrs. Ashcraft had not heard from their son since "Pearl Harbor" He was with the 200th Coast Artillery, Anti Air Craft and had been made Staff Sergeant. He was believed to have been on Bataan when taken prisoner.

Rationed Meat List Released

WASHINGTON, March 12 — Here's the official list of what meats, cheese fatted fish will be rationed beginning March 29:

1. MEATS, including all fresh, frozen, smoked, and cured beef, veal, lamb, and pork.
2. FISH—All fish, shellfish, and fish products in hermetically sealed containers.
3. FATS AND OILS: Butter, margarine, lard, shortening, cooking and salad oils.
4. CHEESE: Cheeses of all kinds except those expressly excluded rationed.

The following foods are not rationed:

1. FISH — Fresh fish, frozen fish, smoked salt, pickled fish. Fish in containers that are not hermetically sealed.
2. POULTRY AND GAME: All poultry and game, whether fresh, frozen, or in cans or glass.
3. FATS AND OILS: Olive oil when not blended with other ingredients; salad dressings and mayonnaise.
4. Soft or perishable cheeses such as cream cheese, cottage cheese and others.

Cheese spreads made with a base of cheese which is not rationed. Cheese spreads and cheese products containing less than 30 per cent by weight of rationed cheese.

Truck Owners Urged To Recap Their Tires

Urging that truck operators maintain a careful check on their tires and have them recapped before they wear beyond the recapping stage, Mr. Henry Stalcup, chairman of the Castro County War Price and Rationing Board, reminded that quotas are not available to meet the demand for truck tire replacements.

Mr. Stalcup deplored the increasing number of applications for replacements rather than recaps and said he had received figures from the Lubbock district OPA office showing that more new tires than recaps were issued in each of the last six months of 1942 in Texas.

"In view of the rubber shortage, it stands to reason that this situation must be corrected and the Castro County board appeals to truckers to cooperate by regulating both loads and speed to the point where their trucks may successfully operate on recaps," said the board chairman.

The local board has been informed by the district OPA office that "we must bring about a vastly increased use of truck recaps in order to insure the continued operation of our essential trucks. We are confidently depending on every board in this district to take immediate steps to alleviate this condition."

Pvt. John Cowan of Seattle, Wash., visited with Mrs. Velma Cowan and Charlotte Saturday and Sunday. He left Sunday afternoon, accompanied by Charlotte, to visit with relatives in Brownfield and New Mexico.

WAAC Recruiting Officers To Be Here Monday

Lt. Robert B. Curry, of the District Recruiting and Induction Station at Lubbock, with Lt. James Markusch, WAAC recruiting officer, and Auxiliary Ruth McLeod, will be at the Courthouse in Dimmitt, Monday, March 22, from 1:30 p. m. to 6:00 p. m. to interview, all women interested in the Women's Army Auxiliary Corps.

All women between the ages of 21 and 44, inclusive, in good health, and of good character, are urged to contact Lt. Curry and the other women of the Army to receive first hand information concerning this organization.

The WAAC affords an unequalled opportunity to qualified women who desire to take an active part in the winning of the war. Each WAAC enrollee releases another soldier for the fighting front.

Castro Farmers Reluctant To Plant War Crops Needed

In the past few weeks Castro county farmers have, for the most part, completed their 1943 farm sign-up. This sign-up indicates the intended crop acreages, makes a machinery survey, a summary of their estimated labor requirements for 1943, computes their individual war unit production.

Indications show that some farmers are reluctant to plant their share of the war crops needed for Castro county. We should like, however, to point out to these men that in the past over-production has necessitated the curtailment of production with regard to most farm commodities and resulted in the laying out of at least 20 per cent of our land. Now in time of war we need every bushel of grain we can produce, with special emphasis on feed grains from row crops, and oil realized from the production of soybeans, peanuts, and cotton. The AAA program now asks for large acreages of specified war crops instead of requiring a percentage reduction of our land.

When plan sheets are received, within the next few days, we should all plan to meet the needed production as reflected from the war crop goals assigned your farm, to the best of our ability even if changes in our 1943 operating plan are necessary.

From a nationwide view of feed and food needs, Castro County has been assigned the following war crops for our share in the Food for Freedom program:

Soybeans—12,000 acres.
Irish Potatoes—1,050 acres.
Grain Sorghums—68,000 acres.

These crops, in addition to our regular acreage of wheat, barley, cotton, etc., makes it impossible to summer fallow any large percentage of our farming land in 1943.

Our main objective then, for our share in the war effort, is production and more production. We are all willing to do our share in winning this war; so let's aid in every way possible in one of the first fundamentals towards winning a war, FOOD AND FEED PROGRAM.

When plan sheets are received, within the next few days, we should all plan to meet the needed production as reflected from the war crop goals assigned your farm, to the best of our ability even if changes in our 1943 operating plan are necessary.

Grain Sorghums—68,000 acres.

These crops, in addition to our regular acreage of wheat, barley, cotton, etc., makes it impossible to summer fallow any large percentage of our farming land in 1943.

Our main objective then, for our share in the war effort, is production and more production. We are all willing to do our share in winning this war; so let's aid in every way possible in one of the first fundamentals towards winning a war, FOOD AND FEED PROGRAM.

When plan sheets are received, within the next few days, we should all plan to meet the needed production as reflected from the war crop goals assigned your farm, to the best of our ability even if changes in our 1943 operating plan are necessary.

From a nationwide view of feed and food needs, Castro County has been assigned the following war crops for our share in the Food for Freedom program:

Soybeans—12,000 acres.
Irish Potatoes—1,050 acres.
Grain Sorghums—68,000 acres.

These crops, in addition to our regular acreage of wheat, barley, cotton, etc., makes it impossible to summer fallow any large percentage of our farming land in 1943.

Our main objective then, for our share in the war effort, is production and more production. We are all willing to do our share in winning this war; so let's aid in every way possible in one of the first fundamentals towards winning a war, FOOD AND FEED PROGRAM.

THE LEGISLATIVE GRAPEVINE

By GRADY HAZLEWOOD
Perhaps the hardest working member of the House of Representatives is the well-known showman, Harley Sadler. Harley lives in Sweetwater and he is getting a great kick out of the Legislature. Incidentally, he is stealing the show in so far as West Texas is concerned by being the author of the House Redistricting bill. This bill would give West Texas seven and Southwest Texas six new representatives for a total of thirteen new members from these areas. These new members would have similar interests and should ordinarily vote together. The original bill would have given Potter county one representative exclusively and would also have placed the county in a florid district with the result that ordinarily Potter county would have had two representatives. Harley is amending his bill which will change this situation as to Potter county, and will place Carson and Armstrong counties in Representative Favor's district along with the counties of Gray and Wheeler. Donley and Collingsworth counties will be cut off from Favor's present district and placed with Hall, Childress and Motley counties for a new district. Representative Craig will lose Dallam and Hartley counties which will be placed in a new district with Deaf Smith, Farmer, Castro, Randall, and Oldham. The constitution commands the legislature to re-district but the trouble is East Texas vs. West Texas. However, at the last session of the Legislature the House bill passed the House and there is a strong possibility that this is the year for the House Re-Districting Bill to become

The Senate sub-committee appointed on the Old Age Pension bill is working laboriously and the grapevine is that the Department of Public Welfare has been taking a real "panning."

Interesting bills pending in the Texas Legislature: A bill to prohibit the trailing of crippled deer with more than one dog—making it unlawful to handle bull frogs in a certain manner—to prohibit the blind from driving automobiles—to remove a penny tax on mattresses, or as Senator Winfield remarked at the hearing—"A bill to remove the cent from mattresses." Yes, Texas is a large and interesting state because such bills have been introduced at the instance of certain groups of people.

Mrs. Goodwin Miller was called to Oklahoma by the illness of her sister.

FOR VICTORY BUY UNITED STATES WAR BONDS AND STAMPS

FLAGG

Mr. and Mrs. Andy Thompson were business visitors in Muleshoe Saturday evening. Mr. and Mrs. Geo. Bradford were Amarillo visitors Wednesday. Myrta Lee Scarborough of Earth spent Sunday with Doris Staton. MiLaella Scarborough, formerly of Dimitt and Flagg, has joined the AAC. Mr. and Mrs. Joe Smyers and Mr. and Mrs. Earnest Jones attended the J stock show in Amarillo last Tuesday. Mr. Ball of Cotton Center visited her parents, Mr. and Mrs. W. O. Hericks, last week.

JUMBO

JEMBO NEWS—Mrs. M. L. Simpson happened to a painful accident Thursday when she slipped on the floor and her arm went through a glass window cutting it in two places. Rev. J. R. Sharp preached here Sunday at the morning services. He was a guest of Mr. and Mrs. Finnis Hunter. Mrs. W. Hunter spent last week in Bangs, Abilene and Sweetwater visiting relatives. Her brother, Marion Sparks, was home on a furlough from Fort Screven, Georgia. Miss Barbara Steele of Canyon college, called in the Simpson home Sunday afternoon. Mrs. Sam Hunter had as her guest Mrs. Bob Gilpin of Pampa Sunday. Mrs. R. B. Boren visited her husband in Clovis over the week end.

NAZARETH

Echecs From The Typing Room The Nazareth high-school typists are getting more practice since the new typing room has been built. During first semester the Junior Class had to type in the office. After spending so many days in such crowded quarters the class really enjoys the added space. The new room was formed by walling off part of the Math room. The wall is made of Cellotex and shiny glass. The Government moved into the new typing room and took two new typewriters. But who cares about a choice typewriter when they are to be used against Hitler and Hirohito?

The Commercial Department is building up a business library. Besides buying several suitable books it is receiving The Gregg Writer, The Business Education World, and The Gregg News Letters. The First Year Typing Class is quite proud of its typing record and is advancing quite rapidly. It has made an average of 43 net words per minute on 5-minute tests. The class meeting of the Sophomore and Freshmen was held on Thursday March 11; roll call was answered with ideas given by the students in regard to the next assembly which is to be sponsored by the Sophomore and Freshmen Classes. Many worth-while ideas were contributed.

The program given at the meeting was centered about Red Cross activities. The following subjects were discussed: The Red Cross at War, by Ethel Kleman and James Acker; Letter from the President of the American Red Cross, President Roosevelt, read by Byrlia Schwallier. Anniversary and Beginning of the Red Cross, James Huseman; The Red Cross on Wheels, by Rita Birkenfeld. Immediately preceding the adjournment of the meeting all the members of the club joined in playing games directed by the game leader, Martina Heck.

Please put this announcement in the Castro County News this week COMING SOON! "WHERE'S GRANDMA?" A three-act comedy will be staged by the Senior Class of the Nazareth High School on the evenings of Thursday, March 25, and Sunday, March 28, 1943. We wish to use this opportunity to extend an invitation to all our friends and acquaintances. We promise that you will have an enjoyable evening. Don't forget the time and date, March 25 and 28, at nine o'clock in the High School Auditorium.

Prepare Now for Home Glassing

SAVE METAL SCREW CAPS and glass jars now for this year's preserving season. Many of them can be used to put up fruits, vegetables, jams and jellies at home with the aid of the metal "thriftylid," an extra closure device which makes commercial jars reusable for home preserving. Thriftylids will be available later in the season, but to make them work, you need some of the original metal screw caps that come with glassed products such as coffee. Metal caps for coffee jars are gradually being replaced with paper lids—so now is the time to start saving them for this year's home glassing.
