MOD Gains \$165 From Golf Play

Bronte golfers downed Robert Lee by four holes in a low ball golf tournament last Saturday on the Bronte course. Coke County golfers braved 15 degree weather to play the match as a benefit for the March of Dimes.

Score differences of the nine teams playing in the match gave Bronte a total of 13 and Robert Lee a total of nine.

The March of Dimes is \$165 richer because of the match, and County Chairman Elmer Hurley of Bronte expressed his appreciation to everyone for braving the elements to help the dimes drive. "I am particularly grateful to the golfers from Robert Lee," Hurley said, "for venturing out on a day like last Saturday."

Two players from Robert Lee and two from Bronte competed by teams in the tournament. Teams were made up as follows with Robert Lee players listed first:

Lawrence Higgins and J. D. Mum-

ford vs. Eddie Alexander and George Latimer.

Chilly Tinkler and Cumbie Ivey Jr. vs. Ronnie Lee and Wayne Owens.

Bill Matlock and Henry Bliznak vs. Jake Morrow and J. W. Caudle.

John Conley and Sam Williams vs. Horace Grigg and Marvin Landers.

Bill Allen and Willis Wayne Smith vs. Conda Richards and A. E. Bell Jr.

Sid Bernie and Gene Hinnard vs. Clint Low and Marvin Bryant.

R. B. Vandiver and Dale Wojtek vs. Roy Stout and Luther McCutchen.

W. W. Thetford and Billy W. Roe vs. J. T. Henry and Eddie Glenn.

Will Percifull and Dale Brown vs. Noah Pruitt and Royce Lee.

Funeral Held in Paris For Mrs. Roe's Father

C. B. (Babe) Croslin, 75 a retired farmer of Paris, Texas, died Thursday, Jan. 27, at Pleasant Grove Nursing home there. He was the father of Mrs. A. J. (Fay) Roe, Jr., Coke County Home Demonstration agent of Robert Lee.

Mr. Croslin was born in Lamar County July 18, 1890, the son of W. B. and Johnnie (Gregory) Croslin. He was a member of the Methodist Church at Roxton.

Funeral services were held Friday at 4 p.m. in Fry & Gibbs Funeral Home in Paris. Burial was in Evergreen Cemetery there.

Mr. Croslin married the former Hester Lenoir on April 26, 1911. She survives, as well as three daughters: Mrs. A. W. Gibson of Dallas, Mrs. Jim West of Roxton and Mrs. Roe.

He is also survived by four grandchildren; a brother, W. B. Croslin, Lubbock; a half-brother, George McHam, Reno, and two step-brothers: Jap McHam, Austin and Clifford McHam, of Faught community.

Oil Field Notes

Karl Hohlitzelle of Dallas will drill the No. 1 Robert Forman, et al, 3½ miles northwest of Maverick. It has a proposed depth of 5,400 feet with rotary.

Drillsite is 1,157 feet from the north and 2,052 feet from the east lines of George S. Adams Survey 806. The lease is composed of 771.5 acres.

1041 POLL TAXES PAID IN COUNTY

A total of 1,041 Coke County residents paid poll taxes before the Jan. 31 deadline, according to information released by Tax Assessor-Collector O. B. Jacobs. This number is slightly below the 1,073 paid in the last general election year, 1964. It is considerably above 1965, an "off" year, when only 700 paid the tax.

A suit attacking the constitutionality of Texas' poll tax law is pending in court, but until a decision is made on it, a poll tax receipt is necessary to be eligible to participate in any election other than those where federal office holders are being elected.

Longhorns Keep Top Dist. Spot

The Bronte Longhorns are still at the top of the heap in district basketball competition, despite their loss Monday night to Garden City. The defeat was their first in district play. During the past week the Longhorns have taken victories from Robert Lee and Forsan.

Last Friday night Robert Lee came to Bronte for three games. They won the girls and B boys contests.

In the A boys game, the Longhorns came out on top of a 72-41 score. Royce Lee was throwing a hot ball and burned the net for 24 points. Tad Richards had 14 and Larry Corley 12. Gary Sam

Williams was high for Robert Lee with 19.

Score by quarters:

Bronte	15	18	19	20-72
Robert Lee	8	9	12	12-41

The local girls lost to the visitors, 35-26. High scorer was Donnah Holcombe with 11, followed by Sharon Mackey with 6. Lois Heuvel led the RL team with 16.

Score by quarters:

Bronte	6	4	3	13-26
Robert Lee	20	1	10	4-35

Robert Lee Bs barely squeaked by the local lads with a 41-40 score. Don Hageman was high for Bronte with 19, while Ronnie Devoll was leading scorer for Robert Lee with 20.

Tough Going at Garden City

Bronte teams ate dust going to Garden City Monday night and they had a long road home after two licks. The Longhorns are unaccustomed to this kind of treatment, since Garden City claimed the first win over the locals in district play. The game ended in a 62-54 score. Richards was high point man in the contest with 27. Other two-digit scorer for Bronte was Royce Lee with 18.

Score by quarters:

Bronte	20	9	12	13-54
Garden City	13	18	14	17-62

The Garden City girls shellacked the local lassies unmercifully, sinking 78 points to 18 for Bronte. Kreta Kiker was high with 8 and Sharon Mackey and Laura Morrow both had 3.

Score by quarters:

Bronte	9	0	6	3-18
Garden City	20	21	20	17-78

Split With Forsan

The Longhorns won an exciting game, 71-61 Tuesday night with Forsan. The Bronte boys led all the way, but their opponents came perilously close to catching up on several occasions. Royce Lee was leading scorer for the game with 22. Doug McCutchen came in second with 15, Tad Richards had 14, and Davis Corley sent 13 points through the hoop.

Score by quarters:

Bronte	20	16	14	21-71
Forsan	12	19	12	18-61

The girls did some good scoring against Forsan's team which is reputed to be one of the best Class B teams in the state. Score was 64-41 in favor of the visitors. Kreta Kiker was high pointer with 12, followed by Donnah Holcombe with 10. Melody Holcombe made 7, Laura Morrow 6, Sharon McCutchen 4, and Lisa Morrow 1.

Election Called To Consolidate Schools At Robert Lee, Silver

An election in which voters will decide whether or not Robert Lee and Silver Schools will be consolidated has been called for Feb. 26. The election order was issued Tuesday by County Judge W. W. Thetford after he was presented with two petitions requesting that the election be called.

A petition, signed by 22 resident qualified voters of Silver district, and another, signed by 32 resident

qualified voters of the Robert Lee district, were presented to the county judge's office, and he was required by law to call the election after ascertaining the petitions were in order. Texas law requires that consolidation petitions be signed by at least 20 legally qualified voters of each district concerned with the matter.

County Attorney Frank Dickey

told this newspaper Tuesday afternoon that a consolidation election called in the manner used for this one, requires a majority vote in both districts to make the consolidation effective. He said in some cases where a county school board calls for a consolidation election, a majority of voters in both districts counted together is sufficient to make it pass.

Still more new cars and diesels, too, for Santa Fe.

Our \$145-million improvement program for 1966 includes 60 high-horsepower diesels and 5,000 freight cars. That brings our investment—in just 4 years—to more than \$360-million for 18,000 modern cars and diesels. All to serve still better our busy Santa Fe Country.

Soon more than 20 per cent of Santa Fe's huge fleet will be less than four years old. But this does not tell the whole story. Many new cars are longer; others have capacities multiplied 2½ times; many haul double the tonnage of cars they replace.

Our fleet of giant 100-ton covered hopper cars for grain, and other bulk commodities is being expanded. Soon 5,600 of them will be in service—with the carrying capacity of 11,000 conventional box cars! Half of Santa Fe's diesel freight

power is in new high-horsepower units—and more keep coming to move our trains on fast, dependable schedules.

How can we help you? Just call your local Santa Fe Agent.

County Agents News Column

By STERLING LINDSEY

Several 4-H club members tried their luck in the Abilene Show last week. The results were not outstanding, but it could have been much worse. Four lambs and three pigs made the select circle.

Tops among the 4-H group in terms of numbers was Walter Tinkler, placing lambs 10th and 14th in the light finewool class. In terms of how near the front of the line they came, Earl Beaty and Terry Wayne Wojtek led our group. Earl exhibited the 4th place lightweight finewool lambs while Terry showed his lightweight Duroc barrow to 4th place. Sheri Pitcock, in the heavy Duroc barrow class, placed 10th while Rebecca Walker was showing her barrow to 12th place in the light weight Duroc class. Also making the selected line-up was Sue Lindsey, placing 13th in the Southdown lamb class.

Other club members braving the cold weather to show were Edwin Lindsey, Dickie Bryan, Sharon Walker, Sharon McCutchen, Joe David Key, John, Kathy and Jay Service,

James Fields, Riley Waldrop, A. J. Roe and Peggy Green.

Our next show will be the Houston Show late in February.

Texas sustained eight cases of screwworms last week all in the lower counties. The cold weather lately should help this program.

Because of the mild weather up to mid-January, fruit trees in Texas need a lot more weather like that of the past ten days to insure enough hours of cold for their rest period or dormancy, says Blueford Hancock, Extension horticulturist at Texas A&M University. Prior to the recent cold, he says, most peach and plum producing areas had logged less than half of the cold needed for dormancy. Unless a tremendous number of cold hours — below 45 degrees, are logged within the next 45-60 days, the rest period of chilling requirements of most of the state's peach and plum trees will not be satisfied.

"How should I fertilize in 1966?" This important question will be asked frequently by Texas farmers during the next few weeks, says Dr. C. D. Welch, Extension soil chemist, Texas A&M University.

Welch says two factors must be considered when answering the question. First, the level of fertility already in the soil, and second, the desired yield.

A soil test is the best way to determine fertility already in the soil he said. Results of a soil test

indicate the level of all major plant nutrients. Results are expressed in one of five levels: very low, low, medium, high and very high.

When evaluating fertility level of a soil it's important to consider nitrogen, phosphorus, and potassium separately. For example, a soil may be deficient in N, while having adequate P and K. Or it may be deficient in P and K and have adequate N.

In arriving at an expected yield figure, production, management and climatic factors should be evaluated. Moisture already in the soil, irrigation possibilities and estimated rainfall will need careful attention.

Past yields and management practices should receive due consideration in arriving at a realistic yield goal.

When deciding how to fertilize in 1966, consider the fact that the cost of fertilizer has increased a-

bout 6 percent during the past 15 years, while the cost of other production items has increased over 50 percent.

If you have not had your soil tested, see your county agricultural agent for information, suggests Welch, and you're on the right track for fertilizing in 1966.
