Hospitals In Coke Okay for Medicare

Congressman Omar Burleson announced July 2 the certification by the Bureau of Health Insurance of the Social Security Administration in Baltimore, of the Bronte Hospital and West Coke County Hospital for participation in the Medicare program which became effective July 1, 1966.

Congressman Burleson said in the announcement that approximately 95% of all hospital beds in the country have been or will be certified for participation in the Medicare program. Certification by Social Security is based upon recommendation by the U. S. Public Health Service and the State Health departments. Burleson pointed out that approximately 19 million Americans 65 years of age or older may now be eligible for Medicare through the facilities of most of the more than 7,000 general hospitals in the country. He added that Bob Tuley, district director for Social Security, estimates the population of age 65 and older in this congressional district is over 46,000. The Texas population in this age group is estimated at 886,000.

Coke County has an estimated 494 persons eligible for Medicare.

Bronte Junior Chamber of Commerce sponsored a meeting last Friday night to discuss the progress and effort being put forth to acquire land for a community center and other future necessities at the local park.

Other civic organizations were also represented. County Judge W. W. Thetford and Precinct 2 commissioner Howard Brock were present to answer questions concerning the project.

The Jaycees endorsed their support of the development and pledged their support of a motion to be brought before the Coke County Commissioners Court to purchase land for this development with a part of the funds set aside by the county for the betterment of Coke County's parks.

The Jaycees expressed their appreciation to Thetford and Brock for their help at the meeting.

Anyone having questions about the project and the progress of it is invited to attend any meeting of the local Jaycee chapter.

There will be a board of directors meeting July 11 at the city hall. Next regular meeting will be July 18, also at the city hall.

SIMPSONS MOVE TO AUSTIN

Mr. and Mrs. Joe Simpson and children have moved to Austin, where they will make their home while he is employed near San Marcos. Simpson, long time high school principal here, has accepted a position at Camp Gary, a special training program facility for young men. He will serve as a counselor at the camp.

Spending the weekend with Mr. and Mrs. Rob Herron were Mr. and Mrs. Bill Herron and Mike and the Carol Leathers family, all of Odessa.

Coke County Commissioners Court voted three to two Tuesday to release \$30,000 in park bond money for use in improving and expanding the county park facilities at Robert Lee and Bronte. It was voted that \$15,000 be made available for use in improving each of the county's two parks.

This money was still on hand because only \$100,000 of the \$130,000 park bond issue of 1966 was sold to outside interests. Coke County retained ownership of this \$30,000 in bonds.

After the decision was made Tuesday to release the money for use as needed by the two parks, a call was made to First National

Bank in Bronte and Robert Lee State Bank, and the county's two financial institutions agreed to take up ownership of the bonds and make the money available when needed.

Coke County has two of the best equipped and most beautiful small parks in Texas as a result of voters of the county approving the \$130,000 bond issue in 1966. However, no money has been allocated to them for permanent improvements since the original construction was completed. Commissioners road crews have done a great deal of work on parks at both Bronte and Robert Lee, however, to make them what they are today.

Public demand for expansion and improvements was evident at the commissioners court meeting Tuesday when delegations of citizens from Bronte, Robert Lee and Tennyson appeared before the court to urge approval of releasing the \$30,000.

County officials have been working for several months in an effort to get the county approved to receive matching funds from the federal government for use on park and recreation facilities. Judge W. W. Thetford reported progress being made to the citizens group and spokesmen for the visitors urged that the program be pushed as rapidly as possible.

It was pointed out that more recreation facilities are needed everywhere, and if Coke County is to meet the need which future growth will demand, improvements must be made.

Meeting Called To Plan Summer Softball Program

A meeting has been called for 7:30 p.m. Friday night at the Bronte ball park for everyone who is interested in playing softball.

Benny Corley and Bill Thomas are promoting the program and said anyone who likes to play softball is invited to attend the session. They said they would like to form several teams and play a regular league schedule.

Little League All Stars Named

The all star team of the Colorado River Little League was announced this week by Dale Wojtek, manager of the team.

Robert Lee Cardinals placed five men on the team, Robert Lee Indians have four, Bronte Yankees have three, Norton Dodgers have two and Bronte Giants have one.

From the Cardinal team are Doyle McCabe, Edwin Lindsey, Delbert Mathers, Harvey Wink and Mart Matlock.

Indians on the squad are James Hood, Danny Percifull, Bobby Mumford and Sid Burns.

Yankee players are Mike Arrott, Joe Reyes and Albert Sanchez.

The two Dodger players are Fisher and Russell.

Jesse Flores is the lone representative from the Giants.

Some difficulty was encountered in making the selections, Wojtek said, and he wanted to give six boys honorable mention for their outstanding playing this season. Included in the honorable mention group are Riley Waldrop, Mike Conley and Randy Flanagan, all of Robert Lee; Davy Crockett, Bobby Reyes and Gene Glenn, all of Bronte.

First game in the Little League playoffs will be at Ballinger on July 21.

Pee Wee All Stars To Play Friday

A Pee Wee All Star team made up of boys from Robert Lee and Bronte will tangle Friday at 7:30 p.m. with a similar team picked from lads from Silver and Sterling City on the field at Robert Lee.

The all stars were selected Tuesday afternoon in tryouts at Robert Lee.

Coaches of the Pee Wees are James Craig and Jim Herford, Robert Lee; Allen Rowaldt and Delbert Coalson, Silver; Jack Asbill, Sterling City; Bob Ragsdale Bronte.

Everyone is invited to be on hand for this battle of the mighty mites.

Enterprise Special Now In Effect

The annual subscription special of the Bronte Enterprise got off to a good start last week and a large number of subscribers have already taken advantage of the 50 cents saving.

The special rate will remain open all through the month of July and is good on new, renewal or extension subscriptions.

The regular price is \$3.00 in Coke and adjoining counties is now \$2.50, while the regular price of \$3.50 anywhere else in the country is now \$3.00.

Readers are invited to send or bring their orders to The Enterprise office in Bronte or to see one of the paper's community representa-

tives. They are Mrs. Jack Corley and Mrs. W. T. Green at Tennyson; Mrs. Rocky Thompson at Blackwell and Mrs. Herbert Holland at Brookshire.

Hundreds of Enterprise readers take advantage of the special price in July. It was started in 1948 and has become somewhat of a tradition for this newspaper.

AD-LIB-BEN

Most everyone we know was delighted with the decision Tuesday of the commissioners court to release \$30,000 for permanent improvements in Coke County's park system.

Bronte and Robert Lee have two of the nicest swimming pools and parks in the state, and these projects are widely used by folks all over the county and out of it.

In spite of the fine facilities we have, there is room for improvement and need for expansion.

Bronte needs a community center or recreation hall, whichever you prefer to call it. Robert Lee already has one, but the folks there learned several years ago that it is not big enough to accommodate the huge crowds which sometimes get together for family reunions and other gatherings.

It was reported at Tuesday's commissioner meeting that the Robert Lee center is booked every weekend until up in the fall, so it's pretty obvious that the need is real and a similar building at Bronte would be well used.

Also brought out at the meeting was the fact that a varied program of activities is needed for the young people of the area. Most kids of 1966 don't plow or swing a hoe from sunup till sundown and then go home and milk five cows. In fact it is a shame that there are not more jobs available for youngsters during the summer.

The fact remains that most teenagers don't have much to do while school is not in session, and recreational facilities are badly needed as a means for them to exert their abundant supply of energy and to build them into strong specimens of manhood and womanhood.

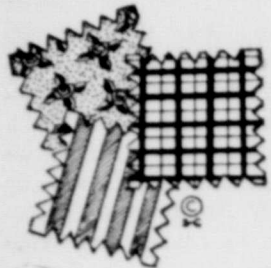

The lack of wholesome recreation is evident everywhere. Just read any daily paper and you'll find stories of youths creating their own excitement and activity, which

Furnishings for Boys Rooms

"Boys will be boys," is an old saying, and mothers should remember it when decorating or furnishing their son's rooms.

Walls decorated with washable paint and floors covered with vinyl or linoleum make a good basis for easy care of a boy's room. If you use a rug, select a washable one.

Curtains, drapes and window shades should also be washable and made of simple and sturdy fabrics.

Strong, durable furniture is a must. Look for a mar-resistant finish when you shop for furniture for a boy's room.

The first essential is a comfortable bed with a good, firm mattress. For two in a room, you can arrange box springs end to

end, or use bunk or trundle beds.

In addition to a clothes chest, boys need lots of space to store toys and all their "collector's items." A sturdy chest is a good idea for storage. Leave as much floor space as possible for play and ease in cleaning.

For the school-age child, another essential is a good desk and chair with plenty of lighting available to prevent eyestrain.

Weight Control is Important

Approximately 13 million Americans are afflicted with arthritis and rheumatism, according to a recent national health survey conducted in the United States.

Arthritics are most susceptible to quackery and faddism, because knowledge and treatment of arthritis is limited. Texas regional staff members of the Food and Drug Administration emphasize.

They estimate that more than \$250 million a year is spent on such useless cures as filtered sea water, alfalfa tablets, "immune" milk, "glorified aspirin" and similar concoctions, all of which are rejected by medical science.

This means that \$50 a year of misplaced hope is spent by the average arthritic sufferer.

While no specific diet in itself will cure arthritis, it is important to follow good basic nutrition.

All foods needed for the arthritic patient can be found in local food markets. The alluring array of modern convenience foods may appear to be a boon to the homemaker whose energy and function are limited. However, the homemaker needs criteria to evaluate the many products available, first in terms of nutritive values and costs and then in terms of palatability, keeping qualities and suitability for use in family menus.

Patients with osteoarthritis, gout and some other rheumatic conditions may be overweight. A physician generally prescribes a calorie-restricted diet for them. Weight control is of special importance for persons with arthritis, since extra pounds put an added burden on the weight-bearing joints, aggravate the pain, make movement more difficult and may even accelerate the progress of the disease.

EDITORIAL

(Editor's Note: The following editorial, written by J. Edgar Hoover, Director of the Federal Bureau of Investigation, reached this newspaper too late for publication before Independence Day. We feel it is just as appropriate for this week or any week.)

Independence Day is a glorious and meaningful holiday. It commemorates the birth of a new Nation, conceived in liberty and dedicated to the belief that all men are created equal. It commemorates the courageous stand of American patriots for the principle that freedom under God is man's destiny. And it reminds us that there is still virtue in recognizing and supporting the ideal of our great heritage.

In the past 190 years, patriotism has been a sustaining power for America in her darkest hours. It has been a dominant force in our Nation's survival and in the preservation of the self-evident truths which were so dear to our Founding Fathers. However, some sophisticates today think an open show of patriotic emotion is old fashioned. Patriotic symbols and teachings are scorned and neglected. In a Nation founded on an unflinching faith in God and made great by a rich reservoir of spiritual inheritance, it is shocking to now hear that "God is dead" and that patriotism is unnecessary. Is this trend the vision seen by our forefathers who, "with a firm reliance on the protection of Divine Providence" mutually pledged their lives, fortunes and sacred honor to the establishment of independence? I think not.

Love of country is a matter of the heart. It is a deep appreciation of the unalienable rights of life, liberty, and the pursuit of happiness. It is a sincere belief in our way of life and a determination to preserve it. Patriotism also is an open declaration of faith and confidence in our constitutional concepts and a heartfelt gratitude for the many blessings God has given to us. If we love our country, why should we be ashamed to say so?

In much of the world today, young people are being indoctrinated with atheistic communism, a false dogma which imprisons the minds and souls of men. Communists and their followers are strong and dedicated. Their goal is to en-

slave the world. If young Americans, our future leaders, are to resist and turn back this international conspiracy, they must know what they stand for. They need to be well versed in and have full knowledge of our traditions of freedom. They should be taught not only by words but also by deeds. Their pride in our individual liberties and human rights, including the right to worship God, must be fierce and unshakable. They must be willing to defend these rights even unto death.

Meantime, our rights and privileges cannot endure unless each of us discharges the duties and obligations that go with living in a free society. We are governed by laws which protect and secure the rights of all citizens. One of our major duties, individually and collectively, is to respect and obey these laws. Those who obey only the laws they choose and violate the ones they dislike are undermining the concepts of democracy. Respect for law and order goes hand in hand with love of country.

The need of America in 1966 is for full-time citizens — patriots all, who have pride in our country and in its historic accomplishments. Let us profess our faith in the "living God." Let us shed the cloak of timidity and stand as proud and true patriots, defenders of the priceless heritage forged by the men of '76.

many times is not the most wholesome in the world.

Commissioner Howard Brock told the Enterprise Tuesday that he will begin immediately making plans for using the \$15,000 allocated to the Bronte Park to the best advantage.

We don't like to complain about people who call in or turn in their news to us, for we want all of it we can get and have room for. However, there is a little matter on which we would like to ask your consideration.

It's a matter of timing. As most of you know, we print The Enterprise and the Robert Lee Observer on Wednesday. It's a very busy day for us rounding up the things which cannot be written until just before press time.

We notice more and more that many of our faithful news sources wait until Wednesday to call in happenings which occurred over the weekend. That's our only complaint.

When you have guests or go somewhere over the weekend, please call us or bring your news by not later than Tuesday, and Monday would be even better.

Thanks in advance for your cooperation, and if you just can't get around to it before Wednesday, please call us anyway. We'll take your news then, if we can't get it earlier.

Coke NYC Having Financial Trouble

A story in Wednesday morning's San Angelo Standard-Times told of the cut in Neighborhood Youth Corps appropriations in this area.

It quoted Coke County Judge W. W. Thetford as saying he is running into problems in administering the program because there are more eligible young people who need the jobs than there is money to pay them.

Den Hale, director of the Corps in this 11 county district, stated that he would cut back Tom Green County's allotment in order to boost some of the smaller counties, including Coke, to a minimum of 10 jobs.

Judge Thetford told the Standard-Times that he was going to meet with Robert Lee and Bronte school superintendents to see if they are interested in developing a program with a 10-slot allotment.
