chen and Manfred Thompson. Mason Glenn is alternate. David Glenn, a second place district winner in pole vault, will also enter in that event.

School Board Reorganizes

Bronte School's board of trustees met last Thursday night and set up the organization of the group for the coming year. Conda O. Richards was reelected president of the board, Horace Taylor was named vice president, and A. E. Bell Jr. was elected secretary.

Three standing committees were named as follows: building and maintenance, Taylor and Bell; budget and finance, Bill Thomas and Harold Moon; personnel, Joe Rawlings and Wayne Arrott.

The board appointed an equalization board to serve during the 1967 tax year. Named members of the board were D. K. Glenn, Sid Evans, J. B. Mackey and Edward Cumbie will serve as alternate.

The board approved:

A bid of \$866.50 by M. N. Lee Construction Co. of Bronte to build shelving in the new building;

A bid of \$255 by Greensteel Corp. of Dallas for a bulletin board;

The allocation of \$2400 for the purchase of library books for grades 1-12.

The board also rehired all auxiliary personnel now employed by the school, as follows:

Secretaries, Mrs. Clark Glenn and Mrs. Tommy Lee; tax assessor-collector, B. D. Snead; janitors, Marvin Corley and Clayburn Webb; lunchroom workers, Mrs. Jason Culpepper, Mrs. R. W. Sims, Mrs. George Braswell and Mrs. Mary Walker; bus drivers, Mrs. Pete Gentry, Clint A. Low Jr., R. W. Sims, Louis Baker and Evert Best.

SCHOOL TO GO ON DAYLIGHT SAVING TIME

Bronte Schools will change over to Daylight Saving Time on April 30, like most everything else in Texas and the nation, it was reported this week by Supt. C. B. Barbee. He asked parents to make a note of the change in school schedule, so their children will not show up an hour late for classes.

AD-LIB-BEN

U. S. Army officials must have breathed a sigh of relief this week when Cassius Clay announced he would rather go to jail rather than be drafted into the army.

If they can just hold him to his word, things may turn out all right.

Actually, we doubt if Abdulah Alakazan (or whatever Clay now calls himself) could completely wreck the entire armed forces setup, but there's one thing for certain: he wouldn't add anything to it.

Personally, we like his decision to go to jail.

It was probably just a coincidence, but what better time than during National Library Week for Bronte School trustees to announce a decision to allocate \$2,400 for the purchase of new library books. We like their decision, too.

A wife writing a letter turned to her husband and said: "Anything you want to say to mother that won't get us into trouble with the postal authorities?"

FHA Girls Going To Convention

Mrs. Royce Fancher will accompany three Future Homemaking members to Dallas this weekend for the state FHA convention. Theme for the meeting Thursday through Saturday is "FHA Design for Living."

Trula Reeves and Linda Carlton will be delegates for the local chapter and Janet Lee will be a member of the 100-voice FHA choir which will sing for the convention.

Mr. and Mrs. Clyde Lee will accompany the group to Dallas.

Longhorn Band Gets Div. II Rating At Meet

The Bronte Longhorn band returned from Sweetwater last Saturday full of pride and a sense of accomplishment after winning a Division II rating in both sight reading and concert.

Band Director Russell L. Fuller explained that a Division II rating means "excellent." The two ratings received Saturday and another Division II rating received last fall in a marching contest gives the Bronte band the excellent rating in all three categories in which they are judged in Interscholastic League competition.

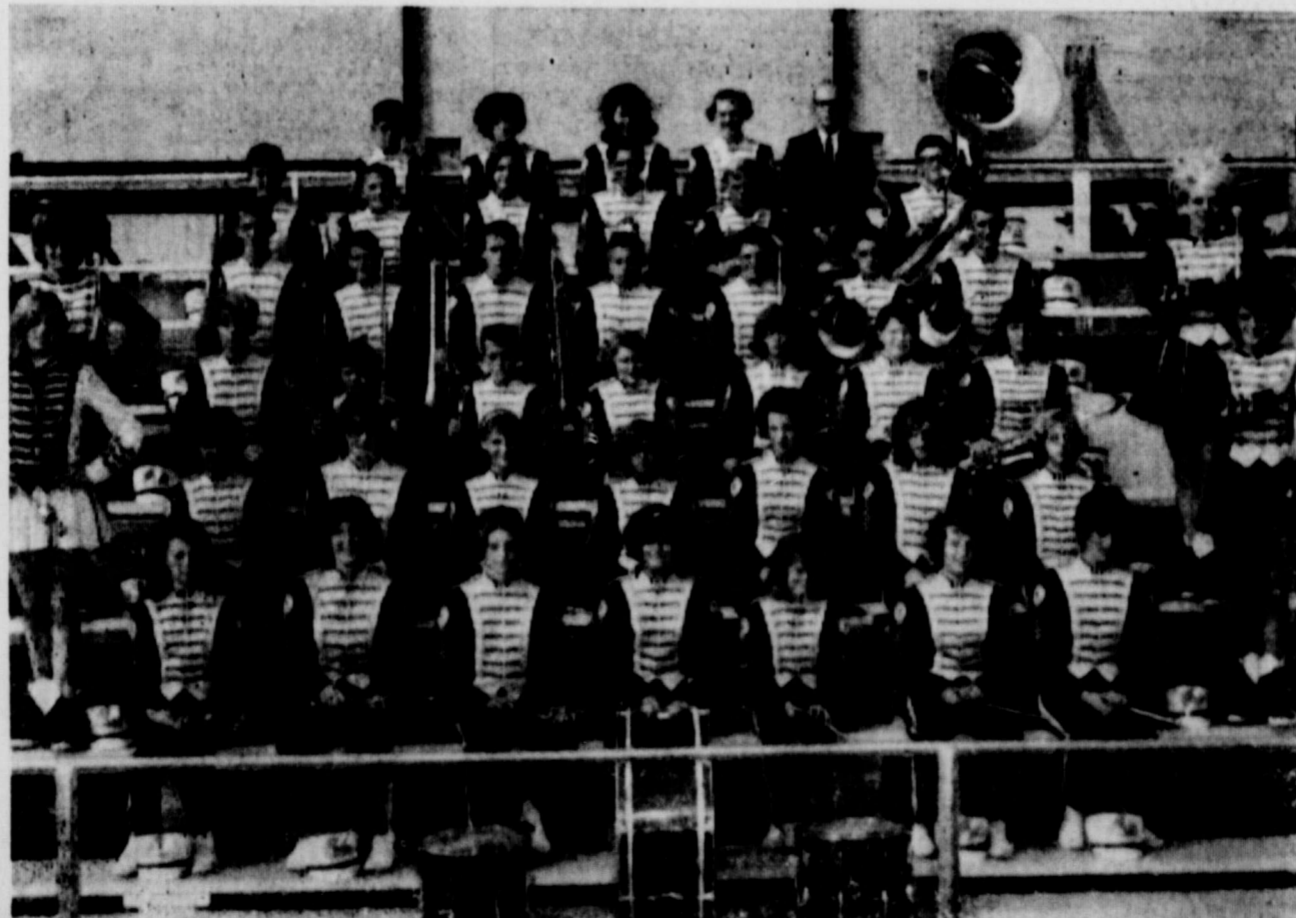

Fuller said that he and all members of the band are extremely proud of their accom-

plishment. "I am even more proud of the band members than ever," he said. "I know how much work and effort went into preparing themselves so they could receive this rating," he added.

Concert May 18

Fuller announced this week that the band's annual Spring Concert, and final appearance of the year, will be held May 18 at 8 p.m. A wide variety of musical selections will be included in the program, and the public is invited to attend, the director said.

Mrs. A. G. Erwin and Andrea of Lubbock were weekend guests of Mrs. Myrtle Keeney.

The Knowledge of the Lord

Habakkuk 2:14. "For the earth shall be filled with the knowledge of the glory of the Lord, as the waters cover the sea."

The Church is chosen of God to spread the good news that God has a plan to redeem men and reconcile them unto Himself through the vicarious sacrifice of Jesus Christ our Lord. The Church will be so successful in spreading this glorious knowledge in the world that God says the earth will be as full of it as the waters that fill the ocean. Attend church and become a part of this great undertaking.

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

Farm Bureau School Program On Safe Driving

Safe driving must be made a personal habit of every motorist if the slaughter on America's highways is to be curbed. Ben Bullard, Assistant Safety Director, Texas Farm Bureau, declared last week as he spoke prior to conducting driving tests at Bronte High School.

"Excessive speed is the greatest single cause of automobile accidents," Bullard said. In the demonstration which followed, he pointed out the conditions under which even 20, 30 or 40 miles per hour can be excessive.

Bullard added, "when drivers know the true facts and base their driving on those facts, highway accidents will drop sharply."

A film on traffic safety was shown to the students, teachers and guests.

Students and teachers took part in the tests which were conducted in a specially equipped car. The test driven was signalled to stop by an electrically controlled detonator. As the shell was fired, the street was marked with yellow paint. A second bullet was fired as brakes were applied and a third after the car came to a complete stop. Distances between the spots were carefully measured to determine in feet and inches how far the car traveled before the driver applied the brakes, or the reaction distance, and how far it traveled after the brakes were applied or the braking distance.

The safety demonstration was given under sponsorship of the Coke County Farm Bureau as part of a long range traffic safety program conducted since 1957 by the Texas Farm Bureau Safety Department.

Taking part in the special traffic safety program were Wayne Carlton, each driving the specially equipped car at 20 mph; Cecil Toliver driving at 30 and 40 mph.

Stopping distance for the participants were: Wayne Carlton, 24' 8"; Frances Glenn, 34' 1"; Cecil Toliver, 36' 4" at 30 mph and 100' 7" at 40 mph.

Also assisting with the program were students Doug McCutchen, David Glenn, Davis Corley and Charles Masterson; Dolan Mackey and Edward Cumbie, Farm Bureau representatives, and Jesse Parker.

Mr. and Mrs. C. H. Wylie, owners of the ranch on which the fort is located have granted permission for the visitors to inspect the remains of the old army post.

Joining Coke County citizens will be Historical Survey Committees from Mitchell and Runnels counties. Mrs. Bryan Yarbrough, president of the Coke committee, said that possibly other county groups will be on hand, also.
